Dear Esteemed Members,

In today's complex world, conflicts can escalate quickly, becoming increasingly time-consuming and complicated. Arbitration and Mediation offer a simpler, faster, and more peaceful alternative for resolving disputes, especially where commercial disputes are concerned, timely resolution not only provides effective resolution but would enable various projects to be economically viable.

Arbitration fosters dialogue, understanding, and cooperation, making it an effective means of settling disputes. To promote amicable dispute resolutions, particularly in commercial contracts, the Institute of Company Secretaries of India (ICSI) launched the ICSI International ADR Centre in Noida, Uttar Pradesh, last year. This center facilitates Arbitration and Mediation at both national and international levels.

Plans are underway to establish similar centers across various cities in India.
