Governance for Sustainability: Curating Excellence

PRESIDENT'S MESSAGE

Dear Professional Colleague

The profession of Company Secretaries has not only been one filled with dynamism but at the same time it has been an epitome of vibrance, of ever-changing scenarios and of immense adaptability to the rapidly changing environment encasing us.

The Institute and its members are raising the benchmark and taking governance to a global level, holding hands of other international institutions and enlivening our vision **“to be a global leader in promoting good corporate governance”**, The distinction of the members being in employment or pursuing practice in governance portfolio has not only diversified our base but also enhanced the opportunities and

responsibilities manifold.

Company Secretaries Professionals are known for their independence and unbiased advisory role in governance matters. It is the Company Secretaries in Employment who steer the course of action from within the organization and are part of governance functions while members in practice play a crucial role in ensuring effective & diligent compliances through various certification.

Corporates both globally as well as nationally are transitioning in their approach towards sustainability and all-inclusivity. In this journey, it is these professionals who as brand ambassadors of governance are stepping up in their roles to ensure that every decision making by the corporates is aligned with Governance Principles and intends to fulfill the Environmental, Social, and Governance obligations.

Company Secretaries Professionals are guiding and handholding corporates in meeting the heightened expectations of the Regulatory Authorities on non-financial disclosures and reportings. Given the expanding ambit of the professional responsibilities of this Governance brigade, the need to be constantly updated and knowledge equipped stays paramount.

With these thoughts in mind it gives me immense pleasure to announce the **4th edition of the National Conference of Corporate CS** which is scheduled to be held in the heart of beach city Goa on 27th and 28th of July, 2023. And it is for the ever expanding roles of Company Secretaries as well as the enhanced expectations of all the stakeholders including the Regulatory Authorities that the theme for the two days conference has been carefully chosen to be **“Governance for Sustainability: Curating Excellence”** The idea is to embed a thought amongst all of us that Excellence is not a choice but a roadmap for sustainability and the same holds true if the tables are turned otherwise.

Friends, an amazing opportunity to not only foster deeper connections the Conference intends to bring members from all over the nation and reignite the fire of seeking knowledge together.

Looking forward seeing all of you in the land of Sun, Sand and Sea - Goa!!!

Regards,

CS Manish Gupta
President, The ICSI
