

Dear Students,

As you must be aware that Institute has created a dedicated blood bank portal to provide an easy access to those in need and a channel for those willing to come forward as donors.

The spread of pandemic has created havoc across the globe and as responsible citizens of the Country and as an Institute which has undertaken many social initiatives, the same calls for high level of efforts and commitment on our part.

As we are celebrating Student Month which involves various social awareness activities, it has been decided to involve the students of the Institute in this noble initiative to volunteer to donate blood by registering at the link <https://www.icsi.in/bloodbank> by furnishing their personal details and location.

The blood you donate gives someone
another chance at life.
