Inspiring SIP Participants: Address by CS Vinit Sikka, Chairman Faridabad Chapter

Management Committee Meeting Held On 7th February, 2012

From The Desk of Chairman

CS Vinit Sikka
Mobile No. 9871664440
E-mail: sikkavinit@yahoo.co.in

Dear Members & Students,

It is a matter of great honor and pride of being elected to this august office for which I most sincerely thank all my fellow colleagues and the members in the Managing Committee of the Chapter.

The task before me is very challenging, particularly when my predecessor in office Sh. Ajay Garg had done a tremendous job and also to accelerate the pace of organizing professional, social and other activities in the interest of profession, our members, their families and the students. For this purpose, as in the past, I solicit your valuable suggestions for organizing such seminars and other programmes from time to time, so that priority can be given to those suggested issues. Friends, with a dedicated and energetic team of office bearers and members in the managing committee of the Chapter, guidance and support from NIRC and Central council of the Institute and active support, involvement and blessings from all of you, I am sure I shall be able to perform to the expectations.

Let me first share with you the activities which in my opinion are of the utmost importance and are immediate requirement of the Chapter, its Members and its Students.

Disclaimer:

Views and other contents expressed or provided herein need to be construed as views of the individual. The readers are advised to take all the precautions while initiating any activity on the basis of thoughts expressed herein. Faridabad Chapter do not owe any responsibility.

1. **CHAPTER'S OWN BUILDING:** Last year there was tremendous progress in our own Building Project. Towards this I will do every endeavor to have our own Building at the earliest with the help of the Institute and all of you.

2. **CPE CREDIT HOURS AND SEMINARS:** There has been change in CPE norms and the requirement of CPE hours has been increased. The Members not in practice will also be required to obtain CPE hours credits. In this effort of the Institute to maximize knowledge and skills of the members to enable them to maintain competence demanded by their professional role and users of their services, I pledge to provide best learning experience in our CPE programmes and increased number of programs to cover all the aspects of profession. I solicit the feedback and suggestions from the members, specially from members who are not in practice on topics / subjects of seminar / workshops, so that the relevant and current topics can be taken up.

3. **INFORMATION TECHNOLOGY INITIATIVES AT THE CHAPTER:** As members are aware that our profession and the role of the professionals in economic and social life had gone vast change over last couple of years, focus of the profession is on learning and implementing the services through use of Information Technology. The Institute had also recognized its need. I pledge to improve the Information Technology capacity and facilities. I urge the members to make best use of the training facilities and be ready to face competition effectively.

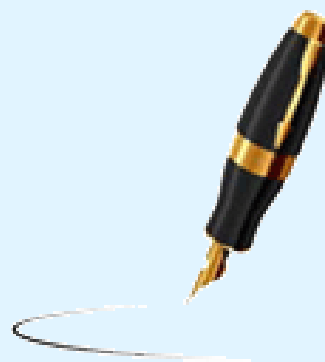

4. **LIBRARY/ READING ROOM FACILITIES:** We shall do our best to have full fledged library for the benefits of our students and members. Till our own Building is completed, we will endeavor to have tie up with the leading Collages/Institutions in and around Faridabad to allow our members and students to make use of their library facilities

Before I conclude, I must, on my own behalf and on behalf of the Faridabad Chapter congratulates CS Nesar Ahmed, CS S.N. Ananthasubramaniam and CS Rajiv Bajaj on their elevation /election to the post of President , Vice-President of the ICSI and Chairman of NIRC of ICSI respectively.

In the last, thanking all of you once again.

Yours Sincerely,

Vinit Sikka
Chairman

Dear Professional Colleagues

अविधया मृत्युताँत्वाँ विधया अमृतमश्नुते - उपनिषद्

“Cross over the ignorance with the help of knowledge, you will get the nectar.”

With the beginning of my new role as a Secretary of the Chapter and also as the Editor of Newsletter of the Chapter from February 19th, 2011, it is my Endeavour that we make a new beginning with renewed vigor to scale new heights of excellence and rectitude in diverse ways.

I take this opportunity to thank you our outgoing Chairman CS Ajay Garg for his valuable contributions to our Chapter and would like to welcome CS Vinit Sikka as the new chairman and CS Rajni Aggarwal as new Vice-chairperson of Faridabad Chapter of NIRC of ICSI.

Thank you, for the honor that brings me to this column today. I am extremely grateful to all the members and my colleagues in the Management Committee for reposing faith and confidence in me. Last year I served the Chapter in the capacity of Treasurer and in this year my current role, as Secretary of the Chapter is full of opportunities and challenges.

On my assuming the office, first and foremost task I have considered is to enable the members, particularly the senior members, to regularly up-

date themselves by keeping pace with fast changing fiscal laws and economic scenario. For this purpose, regular seminars on different current topic are being organized. These seminars also help the members in staining the mandatory number of C.P.E. hours prescribed by our Institute. It is seen that our members from service sector take less interest in attending the same. Through this communication of mine, I request my colleagues in industry/service sector to kindly attend such seminars not merely to attain the recommended C.P.E. hours but helping themselves in keeping their knowledge updated regularly.

Union Budget 2012 has been planned to be presented before the Parliament on March 16, 2012. All of us remain always interested in knowing various provisions and amendments and their likely effect on our economy and tax structure. Keeping in view the same, a seminar on Union Budget 2012 is being planned immediately after Budget announcement.

Friends, our students are the backbone of our profession. Their support, involvement and the feedback are important for our successful implementing of any of the professional or academic activities of the Chapter. Therefore, it shall be our endeavor that our students are well equipped to face the ever increasing challenges.

The Syllabus Review Committee has already formulated the syllabus for Foundation Programme, Executive programme and Professional programme. The council has approved and implemented the new syllabus for Foundation pro-

gramme w.e.f. February 1, 2012. The first examination for Foundation programme under the new syllabus would be held from December, 2012 session under the Optical Mark Recognition (OMR) system. The details of revised Foundation programme are given elsewhere in this Newsletter.

We are planning to make Faridabad 'E-Newsletter' more informative and useful for our members and students. I invite all of you to join hands with the Chapter in this initiative and contribute articles on the issues of common interest and professional and academic development of members and students. I earnestly seek your suggestion and feedback for improvement of the contents and quality of Newsletter and other activities of the Chapter. We shall be very happy to include your profes-

sional development, elevation and acknowledgment by the public at large. We invite you to send the details of same to get featured in the Newsletter.

I shall be failing in my duties if I on behalf of Faridabad Chapter and on my own behalf don't congratulate Mr. Nesar Ahmed, Mr. S N Ananthasubramanian and Mr. Rajiv Bajaj on their elevation/election to the offices of President, Vice President of the Institute and Chairman of N.I.R.C. of ICSI respectively. I on behalf of Faridabad Chapter assure them all cooperation and also wish them good luck and success.

With best wishes and warm regards,

Naresh Kumar Goel
Secretary and Chief Editor

Mentoring Mantra

Appraisal.....

Self Appraisal

A little boy went into a store and reached for the public telephone. Standing on an empty carton, he was too short to reach the button-and proceeded to dial the numbers. The store-owner got curious and listened to the conversation:

Boy: Good morning Ma'am I'm a boy looking for a part time job...
Can I cut your lawn?

Woman: (at the other end): No, I already have someone to cut my lawn.

Boy: O, is that? Lady, I can do the job for half the price you are paying now.

Woman: No, my boy. I'm very satisfied with the person who is presently doing it.

Boy: (with more perseverance) Ma'am, I'll even sweep your curb and you're your sidewalk, so on Sunday you will have the prettiest lawn in all of Palm Beach.

Woman: No, thank you.

With a smile on his face, the little boy replaced the receiver. The store -owner, who was listening to all this, walked over to the boy. Store Owner: Hmm... Too bad the lady refused! But I like your positive spirit! Good, I can offer you a job. Boy: No Sir, thanks. I don't need a job. I'm already engaged. Store Owner: But you were really pleading for one! Boy: Sir, I was just checking my performance at the job I already have. I am the one who is working for that lady I was talking to!

WELL, THIS IS WHAT YOU CALL SELF APPRAISAL.

Women leadership

In Corporate.....

CS Rajni Aggarwal
Mobile No. :- 9811986550
E-mail Id :-
rajniaggarwal2001@yahoo.co.in

Women Leadership In Corporate World

As commercial enterprise become more global, more complex and more demanding, the need for new and a different type of leader has become imperative. Gone are the days when it was felt by the business community that it is only male bosses who can guide and shape the destiny of a business enterprise. In today's world the need for identifying leaders who can deliver the desired results have taken the business community to look beyond the off beaten path that it is only men who can become useful leaders in today's world. Of late there has been an increasing feeling that woman leaders can chip in more efficiently in an otherwise only men's world of professional bosses.

Gone are the days when women were forced to be at home & look after their family. Many believed that handling complexities of today's business is not a woman's cup of tea. But with changing mindsets & new found freedom available to today's women, the working scenario has taken a paradigm shift.

In today's business world, women at the top are no longer an exception. In the USA, women hold over 50 percent of management and professional positions. Beyond their numbers, women leaders offer a competitive advantage to their organizations. A recent survey of 350 of the Fortune 500 companies found that compa-

nies with the most women in top leadership positions had a return on equity that was 35 percent higher than those with the least number of senior women. Another study further supports the link between women leaders and performance. The impact of women in leadership positions on the bottom line is seen as so important that Norway has imposed a 40 percent quota for women on company boards. In India too now, there is a talk of giving women a mandatory representation in every field of public importance.

Top reasons why we should hire more women:

- **Stability:** Women do not change jobs frequently and tend to grow with the organization.
- **Quick learners:** Women are eager to learn and are quick on-the-job learners
- **Adaptability:** Women adapt to change very well and make the most of a given environment.
- **Attitude:** Women generally have a positive attitude most of the time and usually hold the attention of people better than men.
- **Articulate:** Women, more often than not, are very articulate and expressive

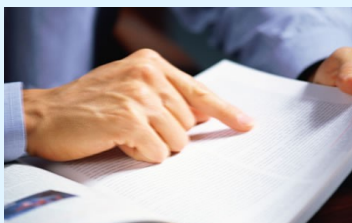

While the current workforce demographics indicate that nearly 50 per cent of the working population will comprise of women, very few jobs in the market would be gender specific in the near future. There is great scope for women to come forward & enter corporate world.

Thus Women should actively participate in getting professional knowledge so that they can use those skills to manage the business as well as their homes. They can fulfill the multiple roles & can be a role model in every sphere of life.

New Foundation Course

level to Profession

CS FOUNDATION NEW COURSE

As expected the ICSI has announced a new syllabus and OMR based exam pattern for its CS course. As per a web release ICSI has stated that

“The Foundation Programme being the entry level to the Company Secretaryship Course and gateway to the profession of Company Secretaries, the Syllabus Review Committee based on the feedback received from various stakeholders has completed the formulation of detailed contents of the Foundation Programme. Chapter is pleased to inform you that the Council of the Institute has approved the new syllabus for the Foundation Programme.”

Salient Features and Requirements

The salient features of the new syllabus and the changed pattern of conducting the examinations for the same is summarized below :-

1. Effective date for New Syllabus

1. The new syllabus of Foundation Programme will be effective from 1st February, 2012.
2. There are four subjects under the new syllabus viz.
 - Business Environment and Entrepreneurship;
 - Business Management, Ethics and Communication;
 - Business Economics;
 - Fundamentals of Accounting and Auditing.

2. New Pattern of Examination

Keeping in view the tech-savvy new generation and with a view to leverage the information technology, the Council of the Institute has decided to conduct Optical Mark Recognition (OMR) based Examination (Objective Type Multiple Choice Questions) for the Foundation Programme under the new syllabus.

3. First Examination

First examination under this new syllabus will be held from December 2012 session of CS examinations.

4. Option to students under existing syllabus

- Students who have registered prior to 1st February, 2012 (subject to the validity of their registration) will have option to continue with the existing syllabus till June, 2013 Session.
- From December, 2013 session, all students will be automatically switched over to the new syllabus.
- In other words, from December, 2012 to June, 2013 session of examination both syllabi (existing syllabus as well as new syllabus) will run parallel.

5. Switchover to new syllabus

- (i) Students under the existing syllabus may switch over to the new syllabus. They may exercise their option to switch over to the new syllabus while filling up the examination form for December, 2012 session and no other formal request is required to be sent to the Institute for the purpose.
- (ii) Students switching over to new syllabus will not have to pay any charges other than the cost of Study Materials under new syllabus, if any, to be purchased by them.

- (iii) Students of existing syllabus are NOT eligible for any paper-wise exemptions on switching over to the new syllabus and they will have to appear in all the papers under the new syllabus irrespective of their performance in previous sessions of examinations or any other qualifications.

All the information about the same is available on the institute's site.

We hope that the new Foundation course shall bring more strength to the entry level professional students. Further details are available at the Website.

Article: Carbon Credit - A new dimension--

Khem Chand

E-mail Id: - cskhem@gmail.com

CARBON CREDIT: A NEW DIMENSION OF ACCOUNTING AND TAXATION METHOD

INTRODUCTION

The term 'Carbon Credit' has been coined in response to the concern of global warming and climate change. One of the major reasons for global warming is the failure of ozone layer to protect the earth's atmosphere from ultra-violet rays. This failure is because of industrial pollution and some substances being emitted in the atmosphere by virtue of human activities. This global warming cause many changes in the climatic conditions that will make our earth unfit for living. Such disturbances are causing unusual changes like frequent storms, floods, earthquakes, droughts, crop failures, scanty rainfalls, rising sea levels disappearing of islands and coastal areas and many other irreparable damages.

In 1997 world summit in relation to global warming held in Kyoto, Japan evolved the concept of Carbon Credit to mitigate emission of greenhouse gases which causes negative climatic changes. Carbon credit is a tool being used for reducing emission of pollution in the atmosphere by giving it a monetary value.

WHAT ARE CARBON CREDITS?

Each carbon credit represents one tone of Carbon Dioxide either removed from the atmosphere or saved from being emitted. Carbon credits are issued as Certified Emission Reduction (CERs) by the UNFCCC. The CERs are certificates in fungible form which can be traded in any of the following emission markets:

- European Union Emission Trading System (EUETS) – Multi Country Trading Scheme.
- Chicago Climate Exchange (CCX) – North America.
- European Climate Exchange (ECX) – Europe.
- Nord Pool – Norway, Denmark, Sweden and Finland.
- Powernext, a Paris based company operating a European energy exchange, owned by NYSE Euronext.
- Multi Commodity Exchange (MCX) - India.

A FEW ACTIVITIES ELIGIBLE FOR CARBON CREDITS

- Some of the activities that are eligible for availing of carbon credits include-
- Afforestation and reforestation projects.
- Agri-biomass based energy projects.
- Energy generation by controlled combustion.
- Household level biogas plants treating organic farm-yard kitchen and bio-wastes.
- Solar Energy.

ACCOUNTING FOR AND TAXATION OF CARBON CREDITS A NEW DIMENSION ADDED

Generation of revenue by taking up structural Clean Development Mechanism (CDM) projects would give a new dimension to Accounting and Taxation. As the concept of carbon trading is new, even at international level, various aspects and jurisprudence are yet to evolve. The Council Institute of Chartered Accountants of India has approved of the accounting guidance note on carbon credit effective from July 1, 2009. As per the guidance note, the self-generated carbon credits are "intangible assets" and they need to be treated as "inventory" in the balance sheet till they are sold. As

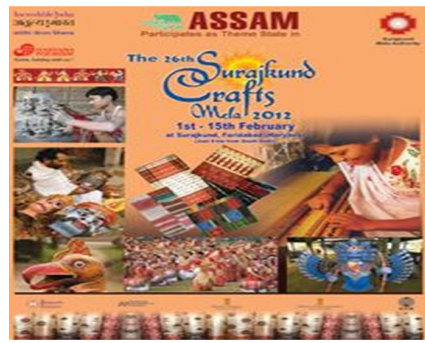

per AS-2, Carbon Emission Rights (CERs) should be measured at cost or net realizable value, whichever is lower.

Regarding tax treatment of CERs, no directive has been issued by the Income-tax department. Since most of the Clean Development Mechanism (CDM) projects are covered in infrastructure sectors like power plants, renewable energy projects, etc., such projects enjoy tax

holidays benefits under section 80-IA of the Income – tax Act. Similarly, Indirect Tax Legislations do not provide for any specific guidelines on the treatment of CERs for tax purpose. CERs may be considered as good for VAT purposes and be treated similar to electricity – which is either excludes from purview of VAT or included in the “Schedule” of goods exempted from VAT in order to promote CDM projects in India.

KYC

The Surajkund Crafts Mela is organized annually by the

Haryana Tourism Department in the month of February. Traditional craftsman (artists, painters, weavers and sculptors) from all parts of the country participate in this annual

celebration named as the “Surajkund Crafts Mela” or “Surajkund designer’s Village”. This delightful handloom and handicrafts fair is planned every year to promote the traditional Indian Handicrafts in rural ambience at Surajkund, Faridabad. The fair was first time organized in 1987 and since then the fair continues to be a strong platform for Indian artists and craftsmen to display their skilled crafts and art work. At this annual week long fair skilled artists from all over the country display the rich crafts tradition of India in the typical rural setting and bring alive the age-old living crafts tradition. Surajkund crafts mela offers to its visitors the exquisite and skilful paintings, textiles, wood stock, ivory work, pottery, terracotta, stonework, lac work and cane and grass work. Visitors can shop here for some of the world's most treasured wares.

Every year, the Surajkund Crafts Mela is planned by selecting a particular Indian state as a theme and en-

Suraj Kund Mela

tire ambience for the fair is designed accordingly. Many states have showcased its finest handlooms, handicrafts and mouth-watering cuisines in past fairs. Over 700 artists from India and countries like Thailand, Congo, Tajikistan, Uzbekistan and Kyrgyzstan, besides all the SAARC nations participate in the fair.

With Assam as the theme state this year, visitors will get to see 300 Assamese dancers from various tribes like Boro, Mising and Karbi performing traditional dance forms Satriya, Jhumur and and Sikhla in colourful regalia. In 2012, the Surajkund Crafts Mela is from 1st to 15th Feb, 2012. It is a great place to see the rural art and handicraft of India as Crafts persons from all over India, SAARC and other neighboring countries would be selling the best of Handlooms and Handicrafts items. Surajkund Mela offers Amusement Zone

with playful rides and swings. Folk Dances are organized by Schools/ Colleges at Chaupal daily from 11 a.m onwards. Food Court is available with variety of Indian & SAARC coun-

tries Food. Visitors can also have option to have helicopter ride over the mela. For this, a special helipad has been set near the venue.

Surajkund Handicrafts mela is the pride of Faridabad which showcases the finest handlooms, handicrafts, authentic fragrances & flavours of rich India.

SIP - 8

A report

REPORT OF 8th STUDENT INDUCTION PROGRAM (SIP)

FARIDABAD CHAPTER OF NIRC OF THE ICSI organized 8th Student Induction Program (SIP) from 30th Jan, 2012 to 05th Feb, 2012 for students. During the 7 days' program students attended sessions on various topics related with Know your Institute & Introduction to SIP, Managerial Excellence, Computer Literacy in Cor-

porate Scenario, Speaking before Dummies, Motivation, Leadership, Personality Development, Importance of Soft Skills For Professionals, Usefulness of Newspaper, Team Building, Communication Skills, etc. The feedback from the students was excellent towards the lecturers during the program. The valedictory session was held on 05th Feb, 2012 and certificates to the successful participants were distributed and followed by lunch.

(Group photo of Students along with CS Vinit Sikka and CS Juhi Kohli)

Report of Study Circle Meeting

FARIDABAD CHAPTER OF NIRC OF THE ICSI organized the Study Circle Meeting on 19th February, 2012 at Chapter Office – Shop No. 106, Vardhman Mall, sector – 19, Faridabad on topic **“Revised Schedule VI”**. The speaker for the day was Mr. Nitish Kumar Chugh. He is a Chartered Accountant.
