

Attention

It may please be noted that in response to the Ministry of Corporate Affairs letter Do. No. MCA-21/172-A/2012/WC dated 3rd April, 2014 , the Institute sent its specified response under letter dated ICSI/DISC/2014 which mentioned names of few members and the same was posted on the ICSI Website as "**Representation 8**" .

However, the same "**Representation 8**" was uploaded again after blacking-out the said names on 8th April, 2014.

It has been reported that some persons are making negative posting on social media about the members whose names were appearing on the said letter (as posted originally) . There is absolutely no finding as of now against these members and hence such postings are totally uncalled for.

Since the matter is under process in the Institute, members are requested to refrain and not to post anything on the social media or otherwise on the subject, which may disturb the Institute's process.
