"You educate a man; you educate a man. You educate a woman; you educate a generation."

Women are the inherent part of our society. They are created as a companion for men and men have to make her walk with them in the course of life. She plays roles as a mother, a sister, a daughter, a wife. They play their roles with great responsibilities in upbringing of a healthy solid society.

The basic unit of society is a woman. As woman makes a family, family makes a home and homes make a society. So we can never think that a society would come into existence without the contribution of women.

Women’s equality has made positive gains but the world is still unequal. This year Pune Chapter through this Special Program on Women’s Day is focusing the attention on areas requiring further action and to inspire the change in those areas. This is all Women Event and Men are strictly not allowed.

The Theme of the Program is the **INSPIRING CHANGE**, which is also the Theme of the International Women’s day for the year 2014 & The Idea behind celebrating Women’s day is to encourage advocacy for women’s advancement everywhere in every way. It calls for challenging the status quo for women’s equality and vigilance inspiring positive change.

We wish all the Participants a great Inspiring experience!
