To be a global leader in
promoting Good Corporate
Governance - Vision Statement

To develop high caliber
professionals facilitating Good

The Insolvency and Bankruptcy Bill, 2015 have gained momentum, as the Government intends to refurbish the existing bankruptcy laws and replace them with one that will facilitate easy and time bound closure of businesses. Once bill sees the light of the day, it will go a long way in improving the ease of doing business in India and will also ensure better debt recovery for creditors.

The proposed bankruptcy code aims to create an all-embracing framework to make it convenient for sick companies to either wind up their business or contrive a turn around, and for investors to espouse the exit trajectory. It will also rescind all extant laws and provisions pertaining to resolving insolvency and bankruptcy for all these legal entities such as the Presidency Towns Insolvency Act, 1909 and the Provincial Insolvency Act, 1920.

In view of the paramount importance the mentioned bill holds for Company Secretaries in Practice and Employment, Academicians, Research Scholars, Doyens from Industry, Lawyers, Professionals who deal with insolvency and bankruptcy matters and students pursuing Company Secretaryship and other professional courses, ICSI invites applications from the mentioned categories of experts.
