Conference on
Merger and Acquisition
Growth Mechanism & The Regulatory Framework
23rd August 2017 at PHD House, New Delhi

Merger and Acquisition (M&A) has become a part and parcel of the global corporate domain. It is crucial, essential and relevant for developing Indian Economy. The Companies Act 2013 provides simpler and quicker process for M&A by increasing transparency & governance, reducing litigation of shareholders and making corporate restructuring more efficient. With the FDI policies becoming more liberalized, M&A are heating up in India and are growing with an ever increasing cadence. The Reserve Bank of India (RBI) proposed a fresh set of regulations regarding M&A which seek reporting of such actions to be more stringent and time-bound.
