

Jointly with

ICSI has identified a felt need among its own student base, for education in the Securities Markets domain. More specifically students who have passed the Executive or Final examinations would be interested in specialised education in the securities markets domain. This would help them in topping up their knowledge of Corporate Laws and Governance with domain knowledge of the securities markets.

For students aspiring a career in securities markets, PGCCM is an extremely unique opportunity to obtain first-hand knowledge, both theoretical and practical. The faculty, consisting of academicians and practitioners, has the capability to deliver a high-quality program to the students looking for knowledge and skill-sets as a solid foundation.

PGCCM thus seeks to prepare students to become Fund Managers, Analysts, Dealers, Institutional Sales Persons, Product Designers, Operations Managers, Compliance Officers, Risk Management Officers, Investment Bankers, and Investment Advisors in the securities markets.

About the Course:

Each subjects will consists of 30 Class hrs including lectures case Studies, Work Shops, Book Reviews, Film Review, Visits and more. The Curriculum will be carefully reviewed on periodic basis by NISM, ICSI and Industry experts and regulators.

Selection will be based on Scrutiny of application form by committee of experts, Interviews and Performance at easy writing. Approx batch size will be between 20-50 students per batch (Max 2 batch at a time).
