Dear Student,

As you are aware that the Institute has rolled out Student Month 2018 celebrations with "Van Mahotsav Day" and "Doctor's Day" on 1st July 2018. We feel immensely delighted to inform that the Students and Members in large numbers have participated in these events of social cause. The vigour and enthusiasm of team ICSI and stakeholders is unparalleled in making these events a grand success.

Van Mahotsav Day

The 'Van Mahotsav' is a unique initiative to save the environment. It was started in 1950 by K.M.Munshi as a campaign with the purpose of saving the mother earth. The main aim of the festival is to create an awareness about the benefits of trees and the harm caused by deforestation in the name of urbanization and globalization, humans with their greedy needs have cut down a large part of the forest cover and created concrete jungles. This act of ours has brought a major change in climate too. So there is a dire need of initiatives such as Van Mahotsav, to restore the forest cover to save our mother earth.

Doctor's Day-Organisation of Blood Donation Camp

The first day of the month of July is observed as the Doctor's Day in India. The day is observed to express gratitude and acknowledge the dedication and commitment of the doctors' towards our society. The celebration of the Doctors' Day is an attempt to emphasise on the value of doctors in our lives and to offer them our respects by commemorating one of their greatest representatives.

To express gratitude towards the Doctors' and to support the needy, Blood Donation camps were organised across India by various constituent Offices of the Institute. It is overwhelming to note that the Students and members of the Institute in large numbers have come forward to donate blood for this noble initiative.
