

Dear Professional Colleagues,

Your NIRC-ICSI has been organizing many professional development programs for benefit of its members and students. Programs are generally being organized by NIRC either at its premises at Prasad Nagar or at any other central locations.

We have, over a period of time, observed that members due to their professional commitments are unable to participate in the programs despite of their inclination for participation. Thus, in order to enable the members to get benefit of attending various programs, NIRC had launched a series of programs named- "**Learning at Door Step (LDS)**" i.e. providing an opportunity to the professionals in a particular locality to attend the professional development programs in that locality itself. In other words, providing an opportunity for learning at the door steps of the members. The concept of LDS has been greatly appreciated by the members.

We will have another LDS session on "**XBRL-Latest Developments**" on **Tuesday, 3rd November, 2015 from 3.30 pm to 5.45 pm** at Auditorium, Panacea Biotec Ltd., B-1 Extn/ G-3, Mohan Co-operative Industrial Estate, Mathura Road, Nr. NTPC & Behind Mercedes Showroom, New Delhi – 110044.

CA Ankit Varshney from Webtel Electrosoft Pvt. Ltd. would be taking the session. There is **NO Participation Fee** for attending this LDS Session. **02 program credit hours** would be given to the members attending the program.

Looking forward for your participation and support in this endeavour of NIRC.

Regards,

Yours sincerely,

CS NPS CHAWLA
Chairman, NIRC-ICSI
