CHAIRMAN’S MESSAGE

CS ANSHUL JAIN

Dear professional colleagues,

It is indeed a great honor to be writing for Jaipur chapter’s E- Bulletin as the chairman.

Friends, we feel proud to share with you that this is all because of your support and cooperation that we are getting the excellent result in all activities. We have endeavored significantly to conduct Training programs for the students and various seminars for members on regular basis. Our efforts helped considerably in reducing the huge backlog of SIP, EDP & MSOP programs which benefited a lot. Now we are in position to organize such program on real time basis with ZERO backlogs.

It would be worth mentioning that the encouragement, support, participation and cooperation received from the members as well as the students, enable us to serve the institute in more qualitative and quantities manner. In the end I would like to express my sincere thanks and gratitude to the entire staff at the chapter and other managing committee members for their continued support. We also look forward to our members and future company secretaries that they would take the profession to higher echelons and maintain its standards.

We wish all of you a Bright and prosperous career,

With Best wishes,

Sd/-

CS ANSHUL JAIN
CHAIRMAN
Message

CS SHYAM AGRAWAL
VICE CHAIRMAN- NIRC OF ICSI

Dear Members,

Its great pleasure and opportunity for me to interact with you all through this E-Bulletin, presented before you.

I am confident that this efforts of Jaipur chapter will go in long way in developing brotherhood and fellow feeling amongst the all the stakeholders.

I Convey my best wishes to the members and also for the success of publication.

SD/-

CS SHYAM AGRAWAL
Vice Chairman,
NIRC of ICSI
Arthur Ashe, the legendary Wimbledon player was dying of AIDS which he got due to infected blood he received during a heart surgery in 1983.

From world over, he received letters from his fans, one of which conveyed: "Why does GOD have to select you for such a bad disease"?

To this Arthur Ashe replied:

"The world over -- 50 million children start playing tennis, 5 million learn to play tennis, 500,000 learn professional tennis, 50,000 come to the circuit, 5000 reach the grand slam, 50 reach Wimbledon, 4 to semi final, 2 to the finals, when I was holding a cup I never asked GOD 'Why me?'.

And today in pain I should not be asking GOD 'Why me?' "

"Happiness keeps you Sweet, Trials keep you Strong, Sorrow keeps you Human, Failure keeps you humble and Success keeps you glowing, but only Faith & Attitude keeps you going...

"Always live with people that charge your battery which help you to handle any type of situation (Bad/Good).

“Whatever you are be a Good one”
SIX POINTS TO MAKE LIFE EASY

- DR GIRISH GOYAL
SECRETARY,
JAIPUR CHAPTER

1. LET ME HELP

Good friends see a need and then try to fill it. When they see a hurt they do what they can to heal it. Without being asked, they jump in and help out.

2. I UNDERSTAND YOU

People become closer and enjoy each other more when the other person accepts and understands them. Letting your spouse know - in so many little ways - that you understand them, is one of the most powerful tools for healing your relationship. And this can apply to any relationship.

3. I RESPECT YOU

Respect is another way of showing love. Respect demonstrates that another person is a true equal. If you talk to your children as if they were adults you will strengthen the bonds and become closer friends. This applies to all interpersonal relationships.
4. I MISS YOU

Perhaps more marriages could be saved and strengthened if couples simply and sincerely said to each other “I miss you.” This powerful affirmation tells partners they are wanted, needed, desired and loved. Consider how important you would feel, if you received an unexpected phone call from your spouse in the middle of your workday, just to say “I miss you.”

5. MAY BE YOU’RE RIGHT

This phrase is very effective in diffusing an argument. The implication when you say “maybe you’re right” is the humility of admitting, “maybe I’m wrong.” Let’s face it. When you have an argument with someone, all you normally do is solidify the other person’s point of view. They, or you, will not likely change their position and you run the risk of seriously damaging the relationship between you. Saying “maybe you’re right” can open the door to explore the subject more. You may then have the opportunity to express your view in a way that is understandable to the other person.

6. PLEASE FORGIVE ME

Many broken relationships could be restored and healed if people would admit their mistakes and ask for forgiveness. All of us are vulnerable to faults, foibles and failures. A man should never be ashamed to own up that he has been in the wrong, which is saying, in other words, that he is wiser today than he was yesterday.
Buy-Back of Securities is a corporate financial strategy which involves capital restructuring, with the underlying objective of increasing earnings per share, averting hostile takeover, improving returns to the stakeholders and realigning the capital structure.

**RESOURCES FOR BUY BACK:**

The Companies Amendment Act, 1999 under section 77A prescribes for the sources of buying back of shares or other specified securities by a company, which are as follows:

1. **Free reserves:** A company may buy back out of its free reserves but a sum equal to the nominal value of the shares so purchased must be deposited in the capital redemption reserves account.
2. **Securities premium account.**
3. **The proceeds of any shares or specified securities.**

No buy back of any shares or securities shall be made out of the proceeds of an earlier issue of the same kind of shares or securities.

**CONDITIONS FOR BUY BACK:**

Sub clause (2) of section 77A describes the conditions for a buy back, which are as follows:

1. It should be authorized by the articles of association of the company.
2. A special resolution has been passed at the general meeting of the company authorizing the buy back.
3. If the buy back is for upto or less than 10 percent of the total paid up equity share capital, a resolution at the general meeting is not needed to be passed rather a simple board resolution is enough.
4. Provided that no offer of buy back shall be made within 365 days reckoned from the date of preceding offer of buy back.
5. The maximum buy back is upto or less than 25 percent of the total paid up equity share capital and free reserves.
6. The ratio of debt owned by the company is not more than twice the capital and its free reserves after such buy back.
7. All the shares or other specified securities for buy back are fully paid up.

**PROCEDURE FOR BUY BACK BY A PRIVATE LIMITED COMPANY OR AN UNLISTED PUBLIC LIMITED COMPANY:**

1. Alteration of AOA (If required).
2. Pass a Board Resolution (if buy back is up to 10% paid up and free reserve)
3. Pass a Shareholder Resolution (Special Resolution to be filed with ROC in E-form 23) and Explanatory Statement (if buy back is up to 25% paid up and free reserve).
5. Filing of Declaration of Solvency (Form No. 4A) with ROC in E-form 62 before buy-back of securities.
6. Dispatch of Letter of Offer to shareholders immediately but not later than 21 days from the date of filing with ROC of LOO. The offer should remain open for a period of not less than 15 days and not more than 30 days from the dispatch of letter of offer to the shareholders.
7. Opening of Bank Account immediately after the closure of offer.
8. Verification of Offer within 15 days from the closure of offer.
9. Payment of consideration within 7 days of completion of verification of offer.
10. Filing of Certificate of Extinguishment and destruction of certificates with ROC in E-form 62, Within 7 days from the date of acceptance of securities.
11. Filing of Return of Buy-back with ROC in E-form 4C within 30 days of completion of buy-back.

**Interesting fact:**

According to data available on the ‘MCA21’ portal of the Ministry of Corporate Affairs, an amount of Rs.1,101.35 crore is presently available with 1,406 companies on account of unpaid and unclaimed dividends. (data as on 30.04.2013 reply given by Sachin Pilot. Hon. Mini. Of corporate Affairs)
DNA (Deoxyribonucleic acid) is the hereditary material in human and almost all other organisms. It is self replicating and plays a control role in protein synthesis and is responsible for the transmission of hereditary characteristics from parents to offspring.

In other words, we have within us every possible trait that makes an effective individual, an effective professional or an effective corporate leader. Now a days, when we company secretaries are going to transform our role from compliance officer to KEY MANAGERIAL PERSONNEL, it is the time to rearrange our leadership DNA in such an inspiring way so we manifest into an extraordinary individual, an able corporate leader.

A flower is a flower with our without fragrance, but the fragrance makes all the difference, similarly a professional can be with or without leadership DNA, but his leadership DNA makes all the difference. Likewise when it comes to professional success, there are some basic fundamental factors which decide the effectiveness of a professional. There are some basic leadership qualities which decide the effectiveness of the company secretaries as a KEY MANAGERIAL PERSONNEL. The synthesis of their characteristics in a particular manner is Leadership DNA. The question is that, what is the DNA required for the company secretaries to become a KEY MANAGERIAL PERSONNEL.

It is said, customer is the king today but the customer will become king maker tomorrow. Only knowledgeable, talented, competent professionals will be sought after and those who do not qualify will find no place for them. We professionals will have to be versatile, capable of multitasking including effective leadership qualities. The old saying “Master of None but Jack of All” has replaced by “Master of One is going to be further replaced by “Master of All and Organizations will passionates & fast effective result performers with professional knowledge. These pre-dominant professionals will rule everywhere, those who are capable, will grow. The future in an era of transforming your knowledge into results. Daily updating and upgrading will become mandatory. Speed will be the immense of success. Corporate will prefer only result oriented professionals who produce output from day one, accountability will have to be 100% and no
rationalization or justification will be tolerated. Market will not observe sub-quality production; excellent quality will be an imperative.

The question is the wake-up call has been ringing for professionals but are we waking up? Although there are very big obstacles for professional success but these can be converted into big opportunities for professionals, if we rearrange our leadership DNA. Followings are the DNA of leadership, the basic leadership qualities, traits and attitudes that the professional must possess in coming era.-

- Corporate Personality
- Positive attitude, high self esteem, possibility thinking and to do approach
- Update knowledge & Competence
- Adherence to Ethics, Values and Norms
- Emotional Intelligence
- Risk taking ability
- Team Management
- Time Management
- Excellent Skill Sets – Communication, Influencing Skills

Finally, things that we professionals will have to do:-

- Command, Control, Collaborate, Communicate And Manage More
- Be positive and think possibilities
- Focus on people, develop them and their attitude, knowledge & competence
- Empower people with talent and competence
- Loyalty is not expected, it must be inbuilt in people
- Provide clarity to others; be clear in your objectives, goals and strategies
- Share credit with others, Be creative and innovative
- Be futuristic, think of future demands and expectation, and be proactive.
- Develop self controlled operating procedure to avoid failure. Let system decide the action to be taken rather people deciding on it.
- Focus on value addition
- Encourage multi tasking
- Use technology and IT to its fullest potentials.

The coming era will salute those professionals who possess leadership qualities, those who are role model of positive personality, knowledge and competence. Who are passionate about what they do, who are cool and calm, those who do not give-up in pressure and crises and those who manage themselves in the most critical situation. If you have these qualities in your DNA, nobody can stop you to become a CORPORATE CHAMPION. Let’s dare to act to become a KEY MANAGERIAL PERSONNEL.
The Foreign Contribution (Regulation) Act, 2010 has come into effect from May 1, 2011. The Foreign Contribution Regulation Act has come into force under which no political party can receive foreign funds as donation and which will facilitate regulation of foreign contributions and hospitality by individuals and organizations.

The Act is aimed at consolidating the law to regulate the acceptance and utilization of foreign contribution or foreign hospitality by certain individuals or associations or companies.

The banks also have been brought under the ambit of the act and every bank or Authorized person in foreign exchange shall report to such authority prescribed amount of foreign remittance and the source and manner in which the foreign remittance was received.

Any organizations receiving funds over Rs10 lacs, the bank will immediately inform the government to enable the agencies to "track" the funds.

What is Foreign Contribution?

Foreign contribution means the donation, delivery or transfer, made by any foreign source of any,

a) Article, not given to a person as a gift for personal use, if the market value, in India, of such article exceeds one thousand rupees;

b) Currency, whether Indian or foreign; or,

c) Foreign security

This excludes earnings from foreign client(s) by an NGO/association in lieu of goods sold or services rendered by it as this is a transaction of commercial nature.

Foreign Source: includes the government of any foreign country or territory or its agency; an international agency; a foreign company; and citizen of a foreign country.

Agencies of the United Nations, World Bank and some other International agencies/multilateral organizations are exempted from the definition of ‘foreign source’.
Contributions made by a citizen of India living in another country (i.e. Non-Resident Indian), from his personal savings, through the normal banking channels, is not treated as foreign contribution.

Foreign contribution cannot be accepted by:

(i) a candidate for election;

(ii) Correspondent, columnist, cartoonist, editor, owner, printer or publisher of a registered newspaper;

(iii) Judge, government servant or employee of any Corporation;

(iv) Member of any legislature;

(v) Political party or office bearer thereof; and

(vi) Any organization of a political nature and any association or company engaged in the production and broadcast of audio or audio visual news or current affairs program have been placed in the category prohibited to accept foreign contribution (Included in FCRA,2010).

The FCRA 2010 does not apply in the following cases:

(a) contribution from any foreign source towards scholarships or stipends
(b) receipts in the ordinary course of business, trade or commerce
(c) consideration for goods or services
(d) receipt of any foreign contribution by an individual from relatives
(e) receipt of gifts from any foreign source for personal use provided the market value of such gift does not exceed INR 25,000.

As per the FCR Rules, no approval is required in the event foreign contribution is received from a relative. However, in case the foreign contribution from a relative exceeds INR 1,00,000 in a financial year, the recipient is required to inform the Central Government within 30 days of receipt.

Features of the Act and Rules -

- Any association granted prior permission or registered with the Central Government under Section 6 or under the repealed FCRA, 1976, shall be deemed to have been granted prior permission or registered, as the case may be, under FCRA, 2010 and such registration shall be valid for a period of five years from the date on which the new Act has come into force.

- While the provisions of the repealed FCRA, 1976 have generally been retained, the FCRA, 2010 is an improvement over the repealed Act as more stringent provisions have been
made in order to prevent mis-utilization or illegal use of the contribution received by the associations.

- provisions have been made for suspension as well as cancellation of registration granted for violation of the provisions of the Act. Such provisions did not exist in the repealed Act.

- New provision has also been made for management of foreign contribution and assets created out of such contribution of persons whose certificates have been cancelled.

- No funds other than foreign contribution shall be deposited in the FC account to be separately maintained by the associations etc. Every bank shall report to such authority, as may be prescribed, the amount of foreign remittance received, sources and manner and other particulars.

- A provision has been introduced to the effect that the assets of any person who has become defunct shall be disposed of in such manner as may be, specified by the Central Government.

- A provision has been introduced to the effect that any person, who knowingly gives false intimation and seeks prior permission or registration by means of fraud, false representation or concealment of material fact, shall, on conviction by Court, would be liable to imprisonment for a term which may extend to six months or fine or with both.

- Any person contravening the provisions of the Act shall be punishable with imprisonment for a term which may extend to five years or with fine or with both.

- Every person who receives foreign contribution under the Act shall submit a report, duly certified by a chartered accountant, in the prescribed Form, accompanied by an income and expenditure statement, receipt and payment account, and balance sheet for every financial year beginning on the 1st day of April within nine months of the closure of the financial year,

- Every such return in shall also be accompanied by a copy of a statement of account from the bank where the exclusive foreign contribution account is maintained by the person, duly certified by an officer of such bank. The accounting statements referred to above shall be preserved by the person for a period of six years. A ‘NIL’ report shall be furnished even if no foreign contribution is received during a financial year.

FOR NON-Governmental Organizations (NGOs)

# Annual returns to be filed by NGOs on foreign fund receipts and expense

# apply for renewal every five years

# Cancellation if returns not filed

# NGOs against national interest not eligible for foreign funds
FCRA 2010 provides for stringent compliance requirements to be observed by the recipients of foreign contribution. While the provisions pertaining to transfer of foreign contribution and compounding of offences are welcome changes for the recipients of such contribution, restriction on utilization for administrative purposes shall aid in ensuring that the funds are utilized for the purpose for which they were received.

NEW COMPANIES BILL: A FACT:

Clause 135 of companies bill states that every company having net worth Rs. 500 crore or more, or turnover of Rs. 1000 crore or more or net profit of rupees five crore or more during any financial year, shall constitute a CSR Committee of the Board consisting of three or more Directors, including at least one Independent Director, to recommend its activities for discharging CSR in such a manner that the company would spend at least 2 per cent of its average net profits of the previous three years on specified CSR activities.

A REQUEST:-

“CS Benevolent Fund is a collective effort towards extending the much needed financial support to the community of Company Secretaries in times of distress. Let us lend support and join for noble cause.”
