## INTRODUCTION

ESG stands for Environmental, Social and Governance. It refers to an organization's governance structures, management practices and performance around its social and environmental impacts. Originally used in finance by socially conscious investors, ESG has come to be used more widely in the business world to determine a firm's commitment to making positive social and environmental change.

In order to equip the members of ICSI with requisite knowledge & Skills to deal with matters related to ESG Compliances and other related legal aspects, ICSI launches first batch of Online Crash Course on ESG (Environmental, Social and Governance) Analysis.
