2nd International Conference of ICSI Overseas Centre

As India enters the year 2023 with the G20 Presidency, its prominence on the global stage is giving the country a significant opportunity of providing sustainable solutions to persistent global issues.

In alignment with the G20 theme of this year of “Vasudhaiva Kutumbakam,” or “One Earth, One Family, One Future,” the Institute of Company Secretaries of India, is organizing its 2nd International Conference of ICSI Overseas Centre in London, United Kingdom, on 11 - 12 May 2023.

The theme of the 2nd Conference, “**Strengthening Global Governance for an equitable, inclusive, and sustainable future**” is aimed at reflecting on India’s vision of uniting the world for an equitable and just society.

While the 1st International Conference of ICSI Overseas Centre laid emphasis on redefining good governance amidst environments of disruption, uncertainty, and change, the 2nd one essentially will provide a platform to envision probity in governance.

Eminent speakers from across economies are set to steer engaging discussions spanning a series of knowledge-sharing sessions. The Conference will also explore the **UK-India Young Professionals Scheme** to facilitate the movement of young Company Secretaries wanting to live and work in Britain.

With Corporate Governance emerging as a global movement, the need for qualified professionals, who can take up the dual responsibility of advocating policy framework and procedures and ensuring its implementation, has widened across jurisdictions.

The Conference will give all such Governance Professionals an opportunity to explore new horizons while establishing the rationale behind the importance of non-financial metrics that are forging investments today.

Besides this, the Conference will further bolster Brand India as the preferred market to invest in and do business in. Special Sessions will bring forth the simpler compliances and good governance structure that has positioned the country well on the ease of doing business index.

As they say, “Learning is not attained by chance; it must be sought for with ardor and attended to with diligence”. **The 2nd International Conference of ICSI Overseas Centre** quintessentially will provide the environment for learning, unlearning, and relearning the nuances of Good Corporate Governance.
