Dear Members,

Greetings!

The Union Budget 2022-23 is being presented for the second time in a row during the COVID-19 pandemic. Over the last many quarters, the Government has announced various reform measures to address the supply constraints, rejuvenate the consumption demand, provide handholding to MSMEs, among others, which have strengthened the macroeconomic resilience of the country.

The recent GDP growth estimate of 9.2% for FY 2021-22 released by NSO along with the performance of key economic and business indicators reflects that the growth trajectory has been rejuvenated from the severe contraction of FY 2020-21 caused by pandemic COVID-19 impact. To carry-on with this momentum, the industry, trade and economy need continuous facilitation.

At this juncture, the Union Budget for 2022-23 will be pivotal in defining the way forward for the Indian economy and fulfilling the aspirations of more than 138 crore people of India.

At this backdrop, **PHD Chamber of Commerce and Industry (PHDCCI) is organizing its Flagship Event “India Inc. Speaks: Union Budget 2022-23” on Tuesday, 1st February 2022 from 10:30 AM to 2:00 PM in Hybrid Mode.**

Objective of the Session

The objective of the programme would be to discuss, assess, evaluate and brainstorm upon the deliberations of the Union Budget 2022-23 and institute the roadmap for the Indian economy in the months ahead.
