LEARNING OBJECTIVES
The major source of revenue to the government is from Indirect Taxes. The Central Board of Excise & Customs (“CBEC”) is the apex regulatory body that supervises the levy and administration of indirect taxes in India.

In the recent years, the Indian government has undertaken significant reforms under indirect taxation system. This includes the implementation of Goods and Service Tax. For proper compliance of the indirect tax laws, Company Secretaries with their in-depth knowledge and wide-range experience can offer their professional services to the industry.

Central Board of Excise and Customs (CBEC) is a part of the Department of Revenue under Ministry of Finance, Government of India. The Board is the administrative authority for its subordinate organisations including Custom Houses, and the Central Revenue Control Laboratory.

INTRODUCTION
Government requires funds for the purpose of carrying out its activities, which are mainly maintenance of law and order, defence, public policy etc. These funds are generated through revenue, which comes from corporate tax, Income Tax, Customs duty, GST, other taxes etc. Major portion of the revenue of the country comes from taxes.

Taxes are classified as Direct Taxes and Indirect Taxes, Direct taxes are paid by taxpayer directly. Whereas indirect taxes are paid by taxpayer indirectly i.e. he pays the same at the time of purchasing goods and commodities, paying for services etc. Important indirect taxes are Customs, Goods and Service Tax “GST”.

CONSTITUTIONAL PROVISIONS IN RELATION TO TAXATION
The Constitution of India is the supreme law. All other laws emanate from the Constitution. Articles 245 to 255 of the constitution provide for the distribution of taxation powers between the Union and the States. It may be recalled at this stage that India is having a quasi-federal Constitution in which the powers of legislation are shared between the Union and the States.

• Union List: Parliament has exclusive power to make laws with respect to any of the matters enumerated in List I in the Seventh Schedule to the Constitution; this List is referred to usually as Union List.
• **State List:** The legislature of every State has exclusive power to make laws for such State or any part thereof with respect to any of the matters enumerated in List 11 in the Seventh Schedule to the Constitution. This list is popularly called as State List.

### INDIRECT TAXES

In this study, the following types of indirect taxes have been discussed:

1. Customs Law
2. Goods and Service Tax

Let’s discuss in brief the history and developments taken place in above mentioned taxes:

#### CUSTOMS LAW

Customs duties date back to 18th century when the British East India Company virtually came to political power in India. The three Presidencies namely Bengal, Mumbai and Chennai had their own customs regulations. Until 1859, there was a uniform tariff, however, the tariff underwent important changes in 1867, 1870, 1894, 1932, 1934 and 1939. After independence a major change was effected in 1975 when Customs Tariff was aligned with the Customs Cooperation Council Nomenclature (CCCN) which is the internationally accepted classification. In 1985, the Customs Cooperation Council developed a new system of nomenclature known as the harmonized commodity description and coding system. India also adopted this system by making an amendment to the Customs Tariff Act, 1975 and substituting a new Customs Tariff Schedule. As in the case of central excise, in the case of custom also, the levy is specified in the Customs Act, 1962 whereas the detailed classification of goods is given in the Customs Tariff Act, 1975.

Customs Act, 1962 and Custom Tariff Act, 1975 are the two major Acts governing the subject of Customs. These are supplemented by various set of Rules, Regulations Notifications , circulars etc.

#### PROVISOINAL COLLECTION OF TAXES ACT, 1931

Any duty imposed or increased in the budget will have immediate effect if the Finance Minister makes any declaration to that effect on the budget day in the parliament. But any decrease or reduction of duty will have effect only after the finance bill is passed, i.e. Finance Bill becomes Finance Act.

Further, the declaration made under this Act expires on 75th day from the date of introduction of bill, if the bill is not passed by parliament. If the increased duties are reduced / rejected by parliament while passing the finance bill, then the excess amount collected will be refunded.

#### GOODS AND SERVICES TAX

Despite the success of VAT, there are still certain shortcomings in the structure of VAT both at the Central and at the State level. The shortcoming in CENVAT of the Government of India lies inter-alia in several taxes which are in the nature of indirect tax on goods and services, such as luxury tax, entertainment tax, etc., and yet not subsumed in the VAT and thus keeping the benefits of comprehensive input tax and service tax set-off out of reach for manufacturers/dealers.

The Goods and Services Tax (GST) is a comprehensive destination based tax levy on manufacture, sale and consumption of goods and services at a national level which subsumed other indirect taxes such as octroi, Central Sales Tax, State-level sales tax, entry tax, stamp duty, telecom licence fees, turnover tax, tax on consumption or sale of electricity, taxes on transportation of goods and services, etc. thus avoiding multiple layers of taxation that
currently exist in India. It has created a single, unified Indian market to make the economy stronger. The essence of GST is that the cascading effects of both CENVAT and service tax is expected to be removed with set-off, and a continuous chain of set-off from the original producer’s point and service provider’s point upto the retailer’s level will be established.

In this regard, the Constitution (One Hundred and Twenty-Second Amendment) Bill, 2014 was introduced in the Lok Sabha on December 19, 2014 by the Minister of Finance, Mr. Arun Jaitley. The Bill proposes to insert a new Article in the Constitution to give the Central and State governments the concurrent power to make laws on the taxation of goods and services.

May, 2015: Constitution Amendment (122nd) Bill was passed by Lok Sabha on May 06, 2015.

May, 2015: In Rajya Sabha, Bill was referred to a 21-member Select Committee of Rajya Sabha.

June, 2016: On June 14, 2016, the Ministry of Finance released draft model law on GST in public domain for views and suggestion.

August, 2016: On August 03, 2016, the Constitution (122nd Amendment) Bill, 2014 was passed by Rajya Sabha with certain amendments.

August, 2016: The changes made by Rajya Sabha were unanimously passed by Lok Sabha, on August 08, 2016.

September, 2016: The Bill was adopted by majority of State Legislatures wherein approval of at least 50% of the State Assemblies was required

September, 2016: Final assent of Hon’ble President of India was given on 8th September, 2016

April, 2017: Parliament passed the following four bills:
- Central Goods and Services Tax (CGST) Bill
- Integrated Goods and Services Tax (IGST) Bill
- Union Territory Goods and Services Tax (UTGST) Bill
- Goods and Services Tax (Compensation to States) Bill

April, 2017: President’s assent was given to four key legislations on Goods and Services Tax.

Customs Law

Introduction and Basic Concepts, Valuation, Assessment of Imported and Export Goods and Procedural Aspects

LESSON OUTLINE

This lesson is divided into the following parts:

I  Introduction and Basic Concepts of Customs Law

II  Valuation, Assessment of Imported and Export Goods and Procedural Aspects

LEARNING OBJECTIVES

The Custom duty derived its value from the word “custom” under which whenever a merchant entered a Kingdom with his merchandise, he had to give some gift to the king. Subsequently, this custom formalized into the levy of custom duty or tax on goods imported into and exported from the country was organized through various laws during the British period. After Independence the Sea Customs Act 1878, the Land Customs Act, 1924 and other allied enactments were repealed by a consolidating and amending legislation entitled the Customs Act, 1962. Similarly the Indian Customs Act, 1934 was repealed by the Customs Tariff Act, 1975(CTA).

At the end of this lesson, the students will

- Have the understanding of the basic and practical aspects of customs law
- Be able to value the imported and export goods for payment of duty
- Understand clearance procedures involved in importation and exportation of goods

As per the Customs Act, 1962 the Central Board of Excise and Customs (the Board) has been given the powers to appoint Customs Ports, Airports and Inland Container Depots (ICD), where the imported goods can be brought in for unloading or loading of export goods. Similarly, powers have been given to the Board to notify places as Land Customs Stations (LCS) for clearance of goods imported or exported by land or by inland water.

CUSTOMS LAW

PART I: INTRODUCTION AND BASIC CONCEPTS OF CUSTOMS LAW

After going through this part you will be able to understand:

- Meaning and objects of customs duty
- Definitions and Concepts
• Scope and coverage of custom law
• Types of custom duties
• Rate of custom duties applicable

INTRODUCTION

Custom Duty is an indirect tax, imposed under the Customs Act formulated in 1962. The power to enact the law is provided under the Constitution of India under the Article 265, which states that “no tax shall be levied or collected except by authority of law”. Entry No. 83 of List I to Schedule VII of the Constitution empowers the Union Government to legislate and collect duties on import and exports. The Customs Act, 1962 is the basic statute which governs entry or exit of different categories of vessels, aircrafts, goods, passengers etc., into or outside the country. The Act extends to the whole of the India.

Customs Act, 1962 just like any other tax law is primarily for the levy and collection of duties but at the same time it has the other and equally important purposes such as:

(i) regulation of imports and exports;
(ii) protection of domestic industry;
(iii) prevention of smuggling;
(iv) conservation and augmentation of foreign exchange and so on.

Section 12 of the Custom Act provides that duties of customs shall be levied at such rates as may be specified under the Customs Tariff Act, 1975 or other applicable Acts on goods imported into or exported from India.

STATUTORY PROVISIONS OF CUSTOMS ACT, 1962

Customs Act, 1962 came into force from 1-2-1963. It extends to whole of India. The whole Act is divided into XVII chapters comprising of 161 sections.

LIMBS OF CUSTOMS LAW

Customs Act, 1962 and Customs Tariff Act, 1975 are the two limbs of Customs Law in India which must be read with rules and regulations. The rule making power is delegated to the Central Government while the regulation making power delegated to the Central Board of Excise and Customs (CBEC).

There are a number of rules and regulation prescribed from time to time to carry the objective of the Act. Some of the rules and regulations are enumerated here as follows:

- Baggage Rules, 2016

- Customs Valuation (Determination of Price of Imported Goods) Rules, 2007
- Customs Valuation (Determination of Value of Export Goods) Rules, 2007
- Customs (Advance Rulings) Rules, 2002
- Customs (Appeals) Rules, 1982
- Specified Goods (Prevention of Illegal Export) Rules, 1969
- Customs (Compounding of Offences) Rules, 2005

- Bill of Entry (Electronic Declaration) Regulations, 2011
- Customs (Provisional Duty Assessment) Regulations, 2011

(g) the amount to be paid for compounding and the manner of compounding under sub-section (3) of section 137.

Whereas regulations may provide for all or any of the following matters, namely:

**LEVY OF CUSTOM DUTY**

There are four stages in any tax structure, viz., levy, assessment, collection and postponement. The basis of levy of tax is specified in Section 12, charging section of the Customs Act. It identifies the person or properties in respect of which tax or duty is to be levied or charged. Under assessment, the liability for payment of duty is quantified and the last stage is the collection of duty which is may be postponed for administrative convenience.

As per Section 12, customs duty is imposed on goods imported into or exported out of India as per the rates specified under the Customs Tariff Act, 1975 or any other law. On analysis of Section 12, we derive the following points:

(i) Customs duty is imposed on goods when such goods are imported into or exported out of India;

(ii) The levy is subject to other provisions of this Act or any other law;

(iii) The rates of Basic Custom Duty are as specified under the Tariff Act, 1975 or any other law;

(iv) Even goods belonging to Government are subject to levy, though they may be exempted by notification(s) under Section 25.

Custom Tariff Act, 1975 has two schedules. Schedule I prescribes tariff rates for imported goods, known as “Import Tariff” and Schedule II contains tariff for export goods known as “Export Tariff”.

**TAXABLE EVENT**

The basic condition for levy of customs duty is import/export of goods i.e. goods become liable to duty when there is import into or export from India.

— Import means bringing into India from a place outside India [Section 2(23)].

— Export means taking out of India to a place outside India [Section 2(18)].

— “India” includes the territorial waters of India [Section 2(27)]. The limit of the territorial waters is the line every point of which is at a distance of twelve nautical miles from the nearest point of the appropriate baseline.

Though the taxable event is import/export yet it is difficult to determine the exact time of levy. The provision of assessment and collection of duty will be discussed in other parts.

Here in this part, we will discuss the types of duties leviable under Custom Tariff Act.

As per section 12, Customs duties are levied on the goods imported into, or exported from, India at the rates specified in the schedules to the Customs Tariff Act, 1975. The first schedule prescribed the rates of duty on imports and Second schedule prescribe the rates of duty on exports.

**TYPES OF DUTIES UNDER CUSTOMS**

**IMPORT DUTY**

There are various types of Customs import duties:
(1) BASIC CUSTOM DUTY

It is levied under Section 12 of Customs Act, 1962, and specified under Section 2 of the Customs Tariff Act, 1975. Normally, it is levied as a percentage of Value as determined under section 14(1). There are different rates for different goods. But the general basic rate is 10%. This basic duty may be exempted by a notification under Section 25. The basic duty may have two rates under the First Schedule to Customs Tariff Act, 1975; viz. standard rates and preferential rates.

Standard and Preferential Rates

Duty at the “Standard rate” is charged where there is no provision for preferential treatment. To be eligible, for the preferential treatment the goods should be the one which are imported from any preferential area covered under the Government of India Agreements for charging preferential rate of duty. The Central Government has the power to increase or reduce or discontinue the preferential rate in respect of any article specified in the First Schedule provided it considers it to be necessary in the public interest. Preferential rate is applied only where the owner of the article (importer) claims at the time of importation, with supporting evidence, that the goods are chargeable with the preferential rate of duty.

(2) ADDITIONAL CUSTOM DUTY/ COUNTERVAILING DUTY [Section 3(1)]

This is levied under Section 3(1) of the Customs Tariff Act, 1975. The amount of this duty is equivalent to the amount of excise duty payable on like goods manufactured or produced in India. In S.K. Patnaik v. State of Orissa, 2000 S.C it was held that countervailing duty is imposed when excisable articles are imported in order to counter balance the excise duty, which is leviable on similar goods if manufactured in India:

— Countervailing Duty is payable at effective rates.
— When excise duty is exempt/nil rate is applicable on goods imported, no Countervailing Duty is levied (Collector v. J. K. Synthetics 2000 (120) E.L.T. 54(SC)
— Countervailing Duty is leviable even if similar goods are not produced in India.
— Exemption of basic customs duty doesn’t automatically mean exemption of Countervailing Duty.
— Countervailing Duty is payable in case of goods leviable under State Excise also.
— When the imported goods are valued under Section 4A [valuation based on retail price], or Tariff Values under section 3(2) the amount of Countervailing Duty is calculated accordingly if the goods are sold in retail in India.

Value for calculation of duty: Additional duty/ IGST is calculated on a value of the imported article determined under section 14 of the Customs Act and basic custom duty under section 12 of the Customs Act and any other law for the time being in force but does not include;

- additional duty referred to in section 3(5) of The Customs Tariff Act, 1975
- The safeguard duty referred to in section 8B of The Customs Tariff Act, 1975.
- The countervailing duty referred to in section 9 of The Customs Tariff Act, 1975
- The anti dumping duty referred to in section 9A of The Customs Tariff Act, 1975

In other words, the additional customs duty is payable on assessable value plus basic customs duty plus NCCD of customs. While calculating additional customs duty, Anti Dumping Duty, education cess of customs and safeguard duty is not required to be considered.
In case of alcoholic liquor for human consumption imported into India, the Central Government may specify rate of additional duty having regard to the excise duty for the time being leviable on a like alcoholic liquor produced or manufactured in different States or, if a like alcoholic liquor is not produced or manufactured in any State, then, having regard to the excise duty which would be leviable for the time being in different States on the class or description of alcoholic liquor to which such imported alcoholic liquor belongs.

Note: Under GST regime, alcoholic liquor is still under state excise which has not been subsumed under GST. So, IGST is not leviable on its import.

Rate of duty: Such portion of the excise duty leviable on such raw materials, components and ingredients as, in either case, may be determined by rules made by the Central Government in this behalf.

Input Tax Credit of CVD/ IGST: If imported goods are used in manufacture of final products or for provision of output service, Input Tax credit of CVD/ IGST paid on imported capital goods is also available.

Important Note: GST has already been brought into effect in India. By virtue of it, IGST (Integrated goods and service tax) is chargeable on goods imported into India. CVD is still payable, wherever applicable on the imported goods for which GST Laws are not applicable.

National Calamity Contingent Duty will be levied only on tobacco products and crude oil. Additional duty of Customs is to be levied on pan masala and tobacco products imported.

Petroleum products such as motor spirit, high speed diesel, aviation turbine fuel, and tobacco products will be outside the scope of GST and additional duties of Customs will be levied on the import of the same.

(3) ADDITIONAL DUTY/SPECIAL ADDITIONAL DUTY (SAD) UNDER SECTION 3(5)

It is levied to offset the effect of sales tax, VAT, local tax or other charges leviable on articles on its sale, purchase or transaction in India. It is leviable on imported goods even if article was not sold in India.

The Central Government may levy additional duty to counter balance the sales tax, value added tax, local tax or any other charges leviable in the like article on its sale, purchase or transportation in India. The rate shall be notified by the Central Government which cannot exceed 4%.

The value of the imported article shall, be the aggregate of the value determined under section 14(1) of the Customs Act, 1962 and any duty of customs chargeable on that article under section 12 of the Customs Act, 1962, and any sum chargeable on that article under any law for the time being in force as an addition to such additional duty of custom under section 3(1) and section 3(3), but does not include—

(a) the duty referred to in sub-section (5);
(b) the safeguard duty referred to in sections 8B
(c) the countervailing duty referred to in section 9; and
(d) the anti-dumping duty referred to in section 9A.

This additional duty is eligible for Cenvat Credit for a manufacturer but not for a provider of taxable service. In respect of capital goods, 100% credit of SAD is available to manufacturers in the first year itself.

Note: Special CVD is subsumed now under IGST, as such this duty is leviable only on the
imported goods for which GST Laws are not applicable. It may be noted that petroleum products are yet to be brought under GST.

**Provisions under IGST Act, 2017 Applicable for imported goods**

Integrated Goods and Services Act came to effect from June 22, 2017. Through ordinance, The President of India extended the Act to the state of Jammu & Kashmir also with effect from 8th July, 2017.

Accordingly, goods imported into India are now subjected to IGST, not CVD and Special CVD. However, petroleum products and tobacco products are outside the scope of GST and hence CVD and special CVD are applicable to them as usual.

**Relevant Provisions under IGST Act:**

As per section 5 of the IGST Act that Subject to the provisions of sub-section (2), there shall be levied a tax called the integrated goods and services tax on all inter-State supplies of goods or services or both, except on the supply of alcoholic liquor for human consumption, on the value determined under section 15 of the Central Goods and Services Tax Act and at such rates, not exceeding forty per cent., as may be notified by the Government on the recommendations of the Council and collected in such manner as may be prescribed and shall be paid by the taxable person.

Provided that the integrated tax on goods imported into India shall be levied and collected in accordance with the provisions of section 3 of the Customs Tariff Act, 1975 on the value as determined under the said Act at the point when duties of customs are levied on the said goods under section 12 of the Customs Act, 1962.

The integrated tax on the supply of petroleum crude, high speed diesel, motor spirit (commonly known as petrol), natural gas and aviation turbine fuel shall be levied with effect from such date as may be notified by the Government on the recommendations of the Council.

**DETERMINATION OF NATURE OF SUPPLY [SECTION 7(2)]**

Supply of goods imported into the territory of India, till they cross the customs frontiers of India, shall be treated to be a supply of goods in the course of inter-State trade or commerce.

Section 8. (1) Proviso:

Provided that the following supply of goods shall not be treated as intra-State supply, namely:

(i) supply of goods to or by a Special Economic Zone developer or a Special Economic Zone unit;

(ii) goods imported into the territory of India till they cross the customs frontiers of India;

Part (ii) above is dealing with high sea purchases for which IGST is payable.

Section 3 of Customs Tariff Act, 1975 has been amended and new subsections added as given below:

Section 3(7) (Substituted): Any article which is imported into India shall, in addition, be liable to integrated tax at such rate, not exceeding forty per cent as is leviable under section 5 of the Integrated Goods and Services Tax Act, 2017 on a like article on its supply in India, on the
value of the imported article as determined under sub-section (8).

Section 3(8) For the purposes of calculating the integrated tax under sub-section (7) on any imported article where such tax is leviable at any percentage of its value, the value of the imported article shall, notwithstanding anything contained in section 14 of the Customs Act, 1962, be the aggregate of:

(a) the value of the imported article determined under sub-section (1) of section 14 of the Customs Act, 1962 or the tariff value of such article fixed under sub-section (2) of that section, as the case may be; and

(b) any duty of customs chargeable on that article under section 12 of the Customs Act, 1962, and any sum chargeable on that article under any law for the time being in force as an addition to, and in the same manner as, a duty of customs, but does not include the tax referred to in sub-section (7) or the cess referred to in sub-section (9).

Section 3(9) Any article which is imported into India shall, in addition, be liable to the goods and services tax compensation cess at such rate, as is leviable under section 8 of the Goods and Services Tax (Compensation to States) Cess Act, 2017 on a like article on its supply in India, on the value of the imported article as determined under sub-section (10).

Section 3(10) For the purposes of calculating the goods and services tax compensation cess under sub-section (9) on any imported article where such cess is leviable at any percentage of its value, the value of the imported article shall, notwithstanding anything contained in section 14 of the Customs Act, 1962, be the aggregate of:

(a) the value of the imported article determined under sub-section (1) of section 14 of the Customs Act, 1962 or the tariff value of such article fixed under sub-section (2) of that section, as the case may be; and

(4) PROTECTIVE DUTY - SECTION 6 & 7 OF THE CUSTOMS TARIFF ACT, 1975

- The protective duties should not be very stiff so as to discourage imports.
- It should be sufficiently attractive to encourage imports to bridge the gap between demand and supply of those articles in the market.
- Section 6 provides that the protective duties are levied by the Central Government upon the recommendation made to it by the Tariff Commission established under the Tariff Commission Act, 1951, and upon it being satisfied that circumstances exist which render it necessary to take immediate action to provide protection to any industry established in India.
- As per section 7(1), the protective duty shall be effective only upto and inclusive of the date if any, specified in the First Schedule.
- Section 7(2) provides that the Central Government may reduce or increase the duty by notification in the Official Gazette. However, such duty shall be altered only if it is satisfied, after such inquiry as it thinks necessary, that such duty has become ineffective or excessive for the purpose of securing the protection intended to be afforded by it to a similar article manufactured in India.
- If there is any increase in the duty as specified above, then the Central Government is required to place such notification in the Parliament for its approval.
- As per section 7(3), every notification in so far as it relates to increase of such duty,
shall be laid before each House of Parliament if it is sitting as soon as may be after the issue of the notification, and if it is not sitting within seven days of its re-assembly, and the Central Government shall seek the approval of Parliament to the notification by a resolution moved within a period of fifteen days beginning with the day on which the notification is so laid before the House of the People. If the Parliament recommends any change in the notification, then the notification shall have effect subject to such changes. However, anything done pursuant to the notification before the recommendation by the Parliament shall be valid.

(5) SAFEGUARD DUTY - SECTION 8B OF CUSTOMS TARIFF ACT, 1975

- The Central Government may impose safeguard duty on specified imported goods, if it is satisfied that the goods are being imported in large quantities and they are causing serious injury to domestic industry.

However, the safeguard duty shall not be imposed in the following cases:

- Articles originating from developing country, so long as the share of imports of that article from that country does not exceed 3% of the total imports of that article into India.
- Articles originating from more than one developing country, so long as the aggregate of imports from developing countries each with less than 3% import share taken together does not exceed 9% of the total imports of that article into India.
- Unless specifically made applicable in the notification, the articles imported by a 100% EOU or units in a Free Trade Zone or Special Economic Zone.

- The safeguard duty is imposed for the purpose of protecting the interests of any domestic industry in India aiming to make it more competitive.

However, the total period of levy of safeguard duty is restricted to 10 years.

- Under section 8B(2), the Central Government is also empowered to impose provisional safeguard duty pending determination of the final duty. This provisional duty may be imposed on the basis of preliminary determination that increased imports have caused or threatened to cause serious injury to a domestic industry.

Further on final determination, if the Central Government is of the opinion that increased imports have not caused or threatened to cause serious injury to a domestic industry, it shall refund the duty so collected. Provided further that the provisional safeguard duty shall not remain in force for more than two hundred days from the date on which it was imposed.

Safeguard duty is leviable on goods imported by EOU to the extent of their clearance in Domestic Tariff Area.

- **Section 8B(2A)**: The provisions shall not apply to articles imported by a hundred percent Export-Oriented Undertaking or a unit in a special economic zone unless,
  
  (i) Specifically made applicable in such notifications or such impositions, as the case may be; or

  (ii) The articles imported is either cleared as such into the domestic tariff area or used in the manufacture of any goods that are cleared into the domestic tariff area and in such cases safeguard duty shall be levied on that portion of the article so cleared or so used as was leviable when it was imported into India.

  **Comment**: if an EOU imports a product which attracts safeguard duty in India EOU is also
required to pay safeguard duty to the extent of its sale in DTA India.

*Example:* Caustic soda attracts safeguard duty in India. The same has been imported by an EOU and used in manufacture of detergent cake. 30% of the detergent cake has been sold in DTA. Then it has to pay safeguard duty on 30% of caustic soda imported.

The provisional duty shall be in force for a maximum period of 200 days from the date of its imposition.

If upon final determination, the Central Government is of the opinion that the increased imports have not caused or threatened to cause serious injury to a domestic industry, the duty collected shall be refunded.

- As per section 8B (4), the duty imposed under this section shall be in force for a period of 4 years from the date of its imposition.
  
  Central Government may extend the period of such imposition from the date of first imposition provided it is of the opinion that Domestic industry has taken measures to adjust to such injury or as the case may be to such threat and it is necessary that the safeguard duty should continue to be imposed.

- Section 8B(4A) provides that the provisions of the Customs Act, 1962 and the rules and regulations made thereunder, including those relating to the date for determination of rate of duty, assessment, non-levy, short levy, refunds, interest, appeals, offences and penalties shall, as far as may be, apply to the duty chargeable under this section as they apply in relation to duties leviable under that Act.

| ✓ Safeguard duty is product specific i.e. the safeguard duty is applicable only for certain articles in respect of which it is imposed. |
| ✓ Every notification issued under this section shall, as soon as may be after it is issued, be laid before each House of Parliament. |
| ✓ Safeguard duty is in addition to any other duty in respect of such goods levied under this Act or any other law for the time being in force. |
| ✓ Education Cess and Secondary and Higher Education Cess are not payable on safeguard duty. |

**(6) COUNTERVAILING DUTY ON SUBSIDIZED ARTICLES - SECTION 9 OF THE CUSTOMS TARIFF ACT**

- Section 9(1) provides that the countervailing duty on subsidized articles is imposed if any country or territory, directly or indirectly, pays or bestows subsidy upon the manufacture or production or exportation of any article. Such subsidy includes subsidy on transportation of such article. Such articles are imported into India. The importation may or may not directly be from the country of manufacture or production. The article, may be in the same condition as when exported from the country of manufacture or production or may be changed in condition by manufacture, production or otherwise.

**Subsidy shall be deemed to exist if**

(a) there is financial contribution by a government, or any public body in the exporting or producing country or territory, that is, where -

  - a government practice involves a direct transfer of funds (including grants, loans and equity infusion), or potential direct transfer of funds or liabilities, or both;
government revenue that is otherwise due is foregone or not collected (including fiscal incentives)

a government provides goods or services other than general infrastructure or purchases goods;

(b) a government makes payments to a funding mechanism, or entrusts or directs a private body to carry out one or more of the type of functions specified in clauses (i) to (iii) above which would normally be vested in the government and the practice in, no real sense, differs from practices normally followed by governments; or

- The amount of countervailing duty shall not exceed the amount of subsidy paid or bestowed as aforesaid.

- Countervailing duty shall not be levied unless it is determined that -

(i) The subsidy relates to export performance;

(ii) The subsidy relates to the use of domestic goods over imported goods in the export article; or

(iii) The subsidy has been conferred on a limited number of persons engaged in manufacturing producing or exporting the article unless such a subsidy is for-

- Research activities conducted by or on behalf of such persons engaging in manufacture, production, export;

- Assistance to disadvantaged regions within the territory of the exporting country; or

- Assistance to promote adaptation of existing facilities to new environmental requirements.

- Unless revoked earlier, the duty imposed under this section shall be in force for a period of 5 years from the date of its imposition.

Central Government may extend the period of such imposition from the date of such extension provided it, in a review, is of the opinion that such cessation is likely to lead to continuation or recurrence of such subsidization and injury.

However, the extension can be for a maximum period of 5 years. If the review is not completed before the expiry of the period of imposition (5 years) then the duty may continue to remain in force pending the outcome of such review for a further period not exceeding 1 year.

- When the determination of the amount of subsidy is pending, the Central Government may impose a provisional countervailing duty not exceeding the amount of such subsidy as provisionally estimated by it.

If the final subsidy determined is less than the subsidy provisionally determined, then the Central Government shall reduce such duty and also refund the excess duty collected.

- As per section 9(4), if the Central Government is of the opinion that

(a) The injury to domestic industry, which is difficult to repair, is caused by massive imports in a relatively short period, of the articles benefiting from subsidies and

(b) to preclude recurrence of such injury, may by notification levy countervailing duty with retrospective effect;

The retrospective date from which the duty is payable shall not be beyond 90 days from the date of notification.

- The provisions of the Customs Act, 1962 and the rules and regulations made
thereunder, including those relating to the date for determination of rate of duty, assessment, non-levy, short levy, refunds, interest, appeals, offences and penalties shall, as far as may be, apply to the duty chargeable under this section as they apply in relation to duties leviable under that Act.

- No education cess or SAH cess is payable on CVD on subsidised goods.

### (7) ANTI-DUMPING DUTY (ADD) ON DUMPED ARTICLES - SECTION 9A OF THE CUSTOMS TARIFF ACT, 1975

Where any article is exported by an exporter or producer from any country or territory to India at less than its normal value, then, upon the importation of such article into India, the Central Government may, by notification in the Official Gazette, impose an anti-dumping duty not exceeding the margin of dumping in relation to such article. The anti-dumping duty is dumping margin or injury margin whichever is lower.

Dumping means exporting goods to India, at prices lower than the ones in the domestic market of the exporting country, subject to certain adjustments.

To prevent dumping, the Central Government may levy ADD up to margin of dumping (MOD). MOD is the difference between the normal value and the price charged for exports to India.

Normal value means comparable price in the ordinary course of trade, in the exporting country, after making adjustments to the extent of conditions of sale, taxation, etc.

Injury margin means difference between fair selling price of domestic industry and landed cost of imported product.

### ANTI DUMPING DUTY CAN BE IMPOSED RETROSPECTIVELY AND PROVISIONALLY

#### (i) Determination of duty provisionally

The Central Government may, pending the determination in accordance with the provisions of this section and the rules made thereunder of the normal value and the margin of dumping in relation to any article, impose on the importation of such article into India an anti-dumping duty on the basis of a provisional estimate of such value and margin and if such anti-dumping duty exceeds the margin as so determined,-

- (a) the Central Government shall, having regard to such determination and as soon as may be after such determination, reduce such anti-dumping duty; and
- (b) refund shall be made of so much of the antidumping duty which has been collected as is in excess of the anti-dumping duty as so reduced.

#### (ii) Determination of duty retrospectively:

If the Central Government, in respect of the dumped article under inquiry, is of the opinion that-

- (i) there is a history of dumping which caused injury or that the importer was, or should have been, aware that the exporter practices dumping and that such dumping would cause injury; and
- (ii) the injury is caused by massive dumping of an article imported in a relatively short time which in the light of the timing and the volume of imported article dumped and other circumstances is likely to seriously undermine the remedial effect of the antidumping duty liable to be levied, the Central Government may, by notification in the Official Gazette, levy anti-dumping duty retrospectively from a date prior to the date of imposition of anti-dumping duty but not beyond ninety days from the date of notification, and notwithstanding anything contained in any other law for the time being in force, such duty shall be payable at such rate and from such date as may be specified in the notification.
**Period of Duty:** The anti-dumping duty imposed under this section shall, unless revoked earlier, cease to have effect on the expiry of five years from the date of such imposition.

However, if the Central Government is of the opinion that the cessation of such duty is likely to lead to continuation or recurrence of dumping and injury, it may, from time to time, extend the period of such imposition for a further period of five years and such further period shall commence from the date of order of such extension.

Where a review initiated before the expiry of the aforesaid period of five years has not come to a conclusion before such expiry, the anti-dumping duty may continue to remain in force pending the outcome of such a review for a further period not exceeding one year.

**Important points**

- Safeguard duty is product specific and anti dumping duty is country specific
- Refund of anti dumping duty is subject to doctrine of unjust enrichment. [Automotive Tyre Manufacturers Association, 2011(SC)]
- Education cess and Secondary and Higher Education cess are not payable on Safeguard duty, countervailing duty on subsidized articles, anti dumping duty and any other protective duty.

**Emergency power of Central Government**

Under section 8, if the Central Government is satisfied that the export duty leviable thereon should be levied, and that circumstances exist which render it necessary to take immediate action the Central Government may, by notification in the Official Gazette, direct an amendment of the Second Schedule to be made so as to provide for an increase in the export duty leviable or, as the case may be, for the levy of an export duty, on that article.

Similarly, Central Government may, by notification in the Official Gazette, direct an amendment in the First Schedule to be made so as to provide for an increase in the import duty leviable on such article to such extent as it thinks necessary:

Government actively encourages export, so there is export duty on every few products. Articles on which export is leviable are given in second schedule to Customs Tariff. Out of these, many have been exempted by way of notification. Export duty will be calculated on FOB price. If duty rate is 15% and FOB price is Rs. 100, the export duty will be Rs. 15.

Section 26 of Customs Act makes the provision for refund of export duty. Export duty is refundable if (a) Goods are imported within one year (b) the goods returned are not ‘re-sale’ and (c) refund claim is lodged within six months from the date of clearance by customs officer for re-importation.

Emergency powers of Central Government to increase or levy export duty.- section 8 of Customs Tariff Act empowers Central Government to amend second schedule to Customs Tariff (which contains articles on which export duty is leviable ) and increase or impose export duty on any product, by issue of a notification. Such notifications should be placed before the Parliament within 15 days after it assembles.

INTRODUCTION

The expression “levy”, “assessment” and “collection” have legal import and significance. The term “levy” is superior legislative function, “assessment” a quasi-judicial function and “collection” is an administrative function. In view of Article 265 of the Constitution of India, which lays down that “no tax shall be levied or collected except by authority of law”, it has been held that the words “levy” and “collection” were used in the said Article in a “comprehensive manner and that they are intended to include and envelop the entire process of taxation, commencing from the taxing statute to the taking away of the monies from the pocket of the citizen” [Rayalaseema Constructions v. Deputy Commercial Tax Officer, MR (1959) Madras 382 p. 386].

The following observations of the Punjab High Court in Hazarimal Kuthalia v. Income-tax Officer, AIR (1957) Punjab 5, will give an insight to the most important expressions used in taxing statutes:

(i) To levy a tax means to impose or assess or collect under the authority of law. It is a unilateral act of superior legislative power to declare the subjects and rates of taxation and to authorise the collection to proceed to collect the tax.

(ii) Assessment is the official determination of liability of a person to pay a particular tax.

(iii) Collection is the power to gather money for taxes, by enforced payment if necessary.

“These three expressions levy, assessment and collection are of the widest significance and embrace in their broad sweep all the proceedings which can possibly be imagined for raising money by the exercise of the power of taxation from the inception to the conclusion of the proceedings”. The assessing authorities are thus under obligation in law to assess correctly and properly and give reasons for their findings in assessment proceedings.

The process of assessment underwent major changes in the Budget 2011, wherein the self assessment scheme was introduced thereby the work of assessment is no more the official determination of liability however, the proper officer can verify and reassess the duty leviable on the goods.

Charging of Customs Duty

The Customs Act, 1962, provides vide its section 12, for levy of duties on goods imported or exported from India.
Customs duty is imposed on goods imported into or exported out of India as per the rates specified under the Customs Tariff Act, 1975.

Levy of custom duty on ad valorem (i.e. as a percentage to the value) basis is the predominant mode of levy.

For this purpose, the value of the imported goods is required to be determined as per provisions of section 14 of the Customs Act, 1962 read with the Customs Valuation (Determination of prices of Imported Goods) Rules, 2007.

Likewise, in respect of export goods the value is determined as per provisions of section 14 of the Customs Act, 1962 read with the Customs Valuation (Determination of value of Export Goods) Rules, 2007.

Valuation of Goods for Levy of Customs Duty

The method of valuation of goods for both import and export for the purposes of levy of customs duty on the basis of transaction value has been set out under Section 14 of the Customs Act, 1962 (effective from 10.10.2007). The transaction value is the price actually paid or payable for the goods when sold for export to India for delivery at the time and place of importation, or for export from India for delivery at the time and place of exportation, where the buyer and seller of the goods are not related and the price is the sole consideration for sale, subject to such other conditions as may be specified in the rules made in this behalf.

Accordingly, the old Customs Valuation (Determination of Imported Goods) Rules, 1988 (relevant for old section 14) have also been replaced by new Customs Valuation (Determination of Value of Imported Goods) Rules, 2007 and Customs Valuation (Determination of Value of Export Goods) Rules, 2007.

Valuation of Imported Goods

Section 14(1) provides that the value of imported goods shall also include various items of costs and services to the extent provided by the rules. Proviso to section 14(1) states that the price shall be calculated as per the rate of exchange as in force on the date of presentation of bill of entry or shipping bill or bill of export under section 46 or section 50, as the case may be. Further, if transaction value is not determinable (in case of no sale or buyer or seller being related or price not being sole consideration), value is determined in accordance with valuation rules. Hence, the value of imported goods shall be computed in accordance with section 14(1) read with the Customs Valuation (Determination of Value of imported Goods) Rules, 2007.

Let’s discuss the valuation rules of import in detail:

Customs Valuation (Determination of Price of Imported Goods) Rules, 2007

As per Notification No. 94/2007-Customs (N.T.), dated 13.9.2007, in exercise of the powers conferred by Section 156 read with Section 14 of the Customs Act, 1962 (62 of 1962), the Central Government hereby makes the following rules, namely:

Customs Valuation (Determination of Value of Imported Goods) Rules, 2007

</tbody>
</table>
As per rule 2(g): "transaction value" means the value referred to in sub-section (1) of section 14 of the Customs Act, 1962.

As already discussed, transaction value as per section 14 of the Customs Act, 1962 is the price actually paid or payable:

- when sold for export to India for delivery at the time and place of importation in case of imports and
- when sold for export from India the price for delivery at the time and place of exportation,

where the buyer and seller are not related and price is the sole consideration for the sale subject to such other conditions as “may be specified in the rules” made in this behalf.

The first proviso to Section 14(1) states that the transaction value shall include in addition to the price paid or payable on imported goods any amount paid or payable for costs and services including:

- commissions and brokerage,
- engineering,
- design work,
- Royalties and license fees,
- costs of transportation to the place of importation,
- Insurance,
- loading, unloading and handling charges.

- The costs and services required to be included in the price actually paid or payable are exhaustive.
- “Loading” and “unloading” charges have also been included along with the “handling charges”.
- The rate of exchange shall be as in force on the date of submission of bill of entry under section 46 or shipping bill or bill of export is presented under section 50 as the case may be. - [Third Proviso to section 14(1)]

As per clause (ii) of second proviso to section 14(1) value of goods shall be determined as per Valuation Rules if the transaction value cannot be determined. It may be in situations where there is no sale at the time and place of importation or exportation, or buyer or seller are related or price is not the sole consideration for sale.

Rule 3(1) of the Valuation Rules provide that the value of imported goods shall be
the transaction value adjusted in accordance with provisions of rule 10 (detailed later).

Further, as per rule 3(2), transaction value of the imported goods, as determined under rule 3(1) shall be acceptable as the value of such goods only if the following conditions are fulfilled [Rule 3(2)]-

(a) **No restriction on buyer for disposal of goods**: there are no restrictions as to the disposition or use of the goods by the buyer other than restrictions which -
   - (i) are imposed or required by law or by the public authorities in India; or
   - (ii) limit the geographical area in which the goods may be resold; or
   - (iii) do not substantially affect the value of the goods;

Among restrictions which would not render a price actually paid or payable unacceptable are restrictions which do not substantially affect the value of the goods.

An example of such restrictions would be the case where a seller requires a buyer of automobiles not to sell or exhibit them prior to a fixed date which represents the beginning of a model year.

(b) **Sale not subject to conditions of which value cannot be determined**: the sale or price is not subject to some condition or consideration for which a value cannot be determined in respect of the goods being valued;

Examples of such conditions: If the sale or price is subject to some condition or consideration for which a value cannot be determined with respect to the goods being valued, the transaction value shall not be acceptable for customs purposes. Some examples of this include-

   - (i) The seller establishes the price of the imported goods on condition that the buyer will also buy other goods in specified quantities;
   - (ii) the price of the imported goods is dependent upon the price or prices at which the buyer of the imported goods sells other goods to the seller of the imported goods;
   - (iii) the price is established on the basis of a form of payment extraneous to the imported goods, such as where the imported goods are semi-finished goods which have been provided by the seller on condition that he will receive a specified quantity of the finished goods.

However, conditions or considerations relating to the production or marketing of the imported goods shall not result in rejection of the transaction value.

*For example*, the fact that the buyer furnishes the seller with engineering and plans undertaken in India shall not result in rejection of the transaction value for the purposes of rule 3. Likewise, if the buyer undertakes on his own account, even though by agreement with the seller, activities relating to the marketing of the imported goods, the value of these activities is not part of the value of imported goods nor shall such activities result in rejection of the transaction value.

(c) **No further consideration to seller of which adjustment cannot be made**: no part of the proceeds of any subsequent resale, disposal or use of the goods by the buyer will accrue directly or indirectly to the seller, unless an appropriate adjustment can be made in accordance with the provisions of rule 10 of these rules; and

(d) **Unrelated buyer and seller except where value is acceptable under rule 3(3)**:
the buyer and seller are not related (definition of related persons as per rule 2(2) given below), or where the buyer and seller are related, that transaction value is acceptable for customs purposes under the provisions of rule 3(3).

**As per rule 3(3), in the following two cases the transaction value shall be acceptable even if goods are sold to related persons:**

i. Where the buyer and seller are related, the transaction value shall be accepted provided that the examination of the circumstances of the sale of the imported goods indicates that the relationship did not influence the price.

*Where the proper officer of customs has no doubts about the acceptability of the price, it should be accepted without requesting further information from the importer.*

For example, the proper officer of customs may have previously examined the relationship, or he may already have detailed information concerning the buyer and the seller, and may already be satisfied from such examination or information that the relationship did not influence the price.

ii. In a sale between related persons, the transaction value shall be accepted, whenever the importer demonstrates that the declared value of the goods being valued closely approximates to one of the following values ascertained at or about the same time.

- the transaction value of identical goods, or of similar goods, in sales to unrelated buyers in India;
- the deductive value for identical goods or similar goods;
- the computed value for identical goods or similar goods:

"Unrelated buyers" means buyers who are not related to the seller in any particular case.

*However, in applying the values used for comparison, due account shall be taken of demonstrated difference in commercial levels, quantity levels, adjustments in accordance with the provisions of rule 10 and cost incurred by the seller in sales in which he and the buyer are not related;*

A number of factors must be taken into consideration in determining whether one value "closely approximates" to another value. These factors include

- the nature of the imported goods,
- the nature of the industry itself,
- the season in which the goods are imported, and
- whether the difference in values is commercially significant.

Since these factors may vary from case to case, it would be impossible to apply a uniform standard such as a fixed percentage, in each case.

*For example, a small difference in value in a case involving one type of goods could be unacceptable while a large difference in a case involving another type of goods might be acceptable in determining whether the transaction value closely approximates to the "test" values.*

iii. Substitute values shall not be established under the provisions of clause (b) of this sub-rule.

**As per rule 2(2), Persons shall be deemed to be "related" only if -**
(i) they are officers or directors of one another's businesses;

(ii) they are legally recognised partners in business;

(iii) they are employer and employee;

(iv) any person directly or indirectly owns, controls or holds five per cent or more of the outstanding voting stock or shares of both of them;

(v) one of them directly or indirectly controls the other *;

(vi) both of them are directly or indirectly controlled by a third person;

(vii) together they directly or indirectly control a third person; or

(viii) they are members of the same family.

*One person shall be deemed to control another when the former is legally or operationally in a position to exercise restraint or direction over the latter.

Explanation I - The term "person" also includes legal persons.

Explanation II - Persons who are associated in the business of one another in that one is the sole agent or sole distributor or sole concessionaire, howsoever described, of the other shall be deemed to be related for the purpose of these rules, if they fall within the criteria of this sub-rule.

As per rule 3(4), if the value cannot be determined under the provisions of rule 3(1), the value shall be determined by proceeding sequentially through rule 4 to 9.

Before moving to other rules, first discuss the adjustments for costs and services, inclusions and exclusions in accordance with rule 10 as mentioned in Rule 3(1).

ADJUSTMENTS IN TRANSACTION VALUE (RULE 10)

I. Adjustments specified in Rule 10(1)

In determining the transaction value, there shall be added to the price actually paid or payable for the imported goods, —

(a) the following to the extent they are incurred by the buyer but are not included in the price actually paid or payable for the imported goods, namely:-

(i) commission and brokerage, except buying commissions;

Buying commission refers to fees paid by an importer to his agent for service of representing him abroad in purchase of goods being valued. Commission paid to canalising agent in India is not buying commission – Hyderabad Industries Ltd. v. UOI (2009) 115 ELT 593 (SC)

(ii) the cost of containers imported along with the goods;

(iii) the cost of packing whether for labour or materials;

(b) The value, apportioned as appropriate, of the following goods and services where supplied directly or indirectly by the buyer free of charge or at reduced cost for use in connection with the production and sale for export of imported goods, to the extent not included in the price actually paid or payable (refer the box ), namely:-

(i) materials, components, parts and similar items incorporated in the imported goods;

(ii) tools, dies, moulds and similar items used in the production of the imported goods;

(iii) materials consumed in the production of the imported goods;

(iv) engineering, development, art work, design work, and plans and sketches
undertaken elsewhere than in India and necessary for the production of the imported goods;

(c) royalties and licence fees related to the imported goods that the buyer is required to pay, directly or indirectly, as a condition of the sale of the goods being valued, to the extent that such royalties and fees are not included in the price actually paid or payable (refer the box);

(d) The value of any part of the proceeds of any subsequent resale, disposal or use of the imported goods that accrues, directly or indirectly, to the seller;

(e) all other payments actually made or to be made as a condition of sale of the imported goods, by the buyer to the seller, or by the buyer to a third party to satisfy an obligation of the seller to the extent that such payments are not included in the price actually paid or payable (refer the box).

Explanation: Where the royalty, licence fee or any other payment for a process, whether patented or otherwise, is includible referred to in clauses (c) and (e), such charges shall be added to the price actually paid or payable for the imported goods, notwithstanding the fact that such goods may be subjected to the said process after importation of such goods.

Points for consideration regarding Price actually paid or payable

─ The price actually paid or payable is the total payment made or to be made by the buyer to or for the benefit of the seller for the imported goods.

─ The payment need not necessarily take the form of a transfer of money. Payment may be made by way of letters of credit or negotiable instruments.

─ Payment may be made directly or indirectly. An example of an indirect payment would be the settlement by the buyer, whether in whole or in part, of a debt owed by the seller.

Activities undertaken by the buyer on his own account, other than those for which an adjustment is provided in rule 10, are not considered to be an indirect payment to the seller, even though they might be regarded as of benefit to the seller. The costs of such activities shall not, therefore, be added to the price actually paid or payable in determining the value of imported goods.

─ The value of imported goods shall not include the following charges or costs, provided that they are distinguished from the price actually paid or payable for the imported goods:

(a) Charges for construction, erection, assembly, maintenance or technical assistance, undertaken after importation on imported goods such as industrial plant, machinery or equipment;

(b) The cost of transport after importation;

(c) Duties and taxes in India.

─ The price actually paid or payable refers to the price for the imported goods. Thus the flow of dividends or other payments from the buyer to the seller that do not relate to the imported goods are not part of the customs value.

II. Adjustments specified in Rule 10(2)
The value of the imported goods shall be the value of such goods, for delivery at the time and place of importation and shall include –

(a) the cost of transport of the imported goods to the place of importation;

(b) loading, unloading and handling charges associated with the delivery of the imported goods at the place of importation; and

(c) the cost of insurance actually incurred

The following points shall also be considered while determining the assessable value:

(i) Where the cost of transport is not ascertainable, such cost shall be 20% of the free on board value of the goods. In the case of goods imported by air, even where the cost of transportation is ascertainable, such cost shall not exceed 20% of free on board value of the goods.

(ii) where the cost of insurance is not ascertainable, such cost shall be 1.125% of free on board (FOB) value of the goods;

(iii) loading, unloading and handling charges shall be 1% of the free on board (FOB) value of the goods + the cost of transport + cost of insurance i.e. CIF Value

**Computation where FOB value and Cost of Insurance & Transport not ascertainable:**

Where the free on board value of the goods is not ascertainable, then

- Costs of transportation shall be 20% of the FOB value of the goods + cost of insurance and

- Cost of insurance shall be 1.125% of the free on board value of the goods + cost of transport.

**Other points for consideration**

In case of goods imported by sea stuffed in a container for clearance at an Inland Container Depot or Container Freight Station, the cost of freight incurred in the movement of container from the port of entry to the Inland Container Depot or Container Freight Station shall not be included in the cost of transport.

The cost of transport of the imported goods includes the ship demurrage charges on charted vessels, lighterage or barge charges.

Additions to the price actually paid or payable shall be made under this rule on the basis of objective and quantifiable data.

No addition shall be made to the price actually paid or payable in determining the value of the imported goods except as provided for in this rule.

In Wipro vs. ACC (2015) 319 ELT 177 (SC), the apex court held that the objective of section 14 of the Act is to accept actual cost paid or payable for customs valuation. Any fictional cost (like landing charges, insurance, freight etc.) can be added only when actual cost is not ascertainable.

As per the scheme of valuation, transaction value shall be applied to the goods imported into or exported from India. Where it is not possible to apply transaction value, alternative methods have to be applied in sequence. That means first of all, apply Rule 4, where Rule 4 cannot be applied, apply Rule 5 and so on.
DETERMINATION OF TRANSACTION VALUE IN CASE OF IDENTICAL GOODS (RULE 4)

Rule 4(1): If the value cannot be determined under the provisions of rule 3(1), the value shall be the transaction value of the identical goods (for definition of identical goods as per rule 2(1)(d) given below), which are sold for export to India and imported at or about the same time as the goods being valued.

However, such transaction value shall not be the value of the goods provisionally assessed under section 18 of the Customs Act, 1962.

The transaction value of identical goods will be used in determining the value of imported goods only when such identical goods fulfill the following conditions:

(i) These goods are in a sale at the same commercial level and

(ii) These goods are substantially of the same quantity as the goods being valued.

Where these two conditions are not satisfied then the transaction value in a sale of identical goods shall be used under any of the following circumstances;

- sale at a same commercial level but in different quantities or
- sale at a different commercial level but in substantially the same quantity
- sale at a different commercial level and in different quantities.

However, such adjustments shall be made on the basis of demonstrated evidence which clearly establishes the reasonableness and accuracy of the adjustments, whether such adjustment leads to an increase or decrease in the value.

In simple words, while applying rule 4, the proper officer of customs shall, wherever possible, use a sale of identical goods at the same commercial level and in substantially the same quantities as the goods being valued. Where no such sale is found, a sale of identical goods that takes place under any one of the following three conditions may be used:

(a) a sale at the same commercial level but in different quantities; or
(b) a sale at a different commercial level but in substantially the same quantities; or
(c) a sale at a different commercial level and in different quantities.

Having found a sale under any one of these three conditions adjustments will then be made, as the case may be, for:

(a) quantity factors only;
(b) commercial level factors only; or
(c) both commercial level and quantity factors.

Adjustment in the transaction value referred in Rule 10(2) [Rule 4(2)]

Where the costs and charges referred to in sub-rule (2) of rule 10 of these rules are included in the transaction value of identical goods, an adjustment shall be made, if there are significant differences in such costs and charges between the goods being valued and the identical goods in question arising from differences in distances and means of transport.

Transaction value where more than one transaction value found

If more than one transaction value of identical goods is found, the lowest such value shall be used to determine the value of imported goods [Rule 4(3)].

Identical goods [Rule 2(1)(d)]
"Identical goods" means imported goods -

(i) which are same in all respects, including physical characteristics, quality and reputation as the goods being valued except for minor differences in appearance that do not affect the value of the goods;

(ii) produced in the country in which the goods being valued were produced; and

(iii) produced by the same person who produced the goods, or where no such goods are available, goods produced by a different person, but shall not include imported goods where engineering, development work, art work, design work, plan or sketch undertaken in India were completed directly or indirectly by the buyer on these imported goods free of charge or at a reduced cost for use in connection with the production and sale for export of these imported goods;

If the price of such goods is not available, price of goods produced by another manufacturer in the same country can be taken.

**TRANSACTION VALUE OF SIMILAR GOODS (RULE 5)**

If the value cannot be determined under the provisions of rule 3(1), the value of imported goods shall be the transaction value of similar goods [definition of similar goods as per rule 2(1)(f) given below] sold for export to India and imported at or about the same time as the goods being valued:

However, such transaction value shall not be the value of the goods provisionally assessed under section 18 of the Customs Act, 1962.

The provisions of rule 4 shall, *mutatis mutandis*, also apply in respect of similar goods.

**Similar Goods**

**Similar Goods [Rule 2(1)(f)]:** "similar goods" means imported goods -

(i) which although not alike in all respects, have like characteristics and like component materials which enable them to perform the same functions and to be commercially interchangeable with the goods being valued having regard to the quality, reputation and the existence of trade mark;

(ii) produced in the country in which the goods being valued were produced; and

(iii) produced by the same person who produced the goods being valued, or where no such goods are available, goods produced by a different person

but shall not include imported goods where engineering, development work, art work, design work, plan or sketch undertaken in India were completed directly or indirectly by the buyer on these imported goods free of charge or at a reduced cost for use in connection with the production and sale for export of these imported goods;

**DETERMINATION OF VALUE WHERE VALUE CAN NOT BE DETERMINED UNDER RULES 3, 4 AND 5 (RULE 6)**

If the value of imported goods cannot be determined under the provisions of rules 3, 4 and 5, the value shall be determined under the provisions of rule 7 or, when the value cannot be determined under that rule, under rule 8.

However, at the request of the importer, and with the approval of the proper officer, the order of application of rules 7 and 8 shall be reversed.

**DEDUCTIVE VALUE (RULE 7)**

Rule 7(1), subject to the provisions of rule 3, if the goods being valued or identical or similar
imported goods are sold in India, in the condition as imported at or about the time at which the declaration for determination of value is presented, the value of imported goods shall be based on the unit price at which the imported goods or identical or similar imported goods are sold in the greatest aggregate quantity to persons who are not related to the sellers in India, subject to the following deductions:

(i) either the commission usually paid or agreed to be paid or the additions usually made for profits and general expenses in connection with sales in India of imported goods of the same class or kind;

(ii) the usual costs of transport and insurance and associated costs incurred within India;

(iii) the customs duties and other taxes payable in India by reason of importation or sale of the goods.

Rule 7(2): If neither the imported goods nor identical nor similar imported goods are sold at or about the same time of importation of the goods being valued, the value of imported goods shall, subject otherwise to the provisions of sub-rule (1), be based on the unit price at which the imported goods or identical or similar imported goods are sold in India, at the earliest date after importation but before the expiry of ninety days after such importation.

Rule 7(3): If neither the imported goods nor identical nor similar imported goods are sold in India in the condition as imported, then, the value shall be based on the unit price at which the imported goods, after further processing, are sold in the greatest aggregate quantity to persons who are not related to the seller in India.

In such determination, due allowance shall be made for the value added by processing and the deductions provided for in items (i) to (iii) of rule 7(1).

The term "unit price at which goods are sold in the greatest aggregate quantity" means the price at which the greatest number of units is sold in sales to persons who are not related to the persons from whom they buy such goods at the first commercial level after importation at which such sales take place.

Example:

Goods are sold from a price list which grants favourable unit prices for purchases made in larger quantities.

<table>
<thead>
<tr>
<th>Sale quantity</th>
<th>Unit price</th>
<th>Number of sales</th>
<th>Total quantity sold at each price</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-10 units</td>
<td>100</td>
<td>10 sales of 5 units, 5 sales of 3 units</td>
<td>65</td>
</tr>
<tr>
<td>11-25 units</td>
<td>95</td>
<td>5 sales of 11 units</td>
<td>55</td>
</tr>
<tr>
<td>Over 25 units</td>
<td>90</td>
<td>1 sale of 30 units, 1 sale of 50 units</td>
<td>80</td>
</tr>
</tbody>
</table>

The greatest number of units sold at a price is 80, therefore, the unit price in the greatest aggregate quantity is 90.

Example:

In the first sale 500 units are sold at a price of 95 currency units each. In the second sale 400 units are sold at a price of 90 currency units each. In this example, the greatest number of
units sold at a particular price is 500, therefore, the unit price in the greatest aggregate quantity is 95.

**Example:**

A third example would be the following situation where various quantities are sold at various prices.

**(a) Sales**

<table>
<thead>
<tr>
<th>Sale quantity</th>
<th>Unit price</th>
</tr>
</thead>
<tbody>
<tr>
<td>40 units</td>
<td>100</td>
</tr>
<tr>
<td>30 units</td>
<td>90</td>
</tr>
<tr>
<td>15 units</td>
<td>100</td>
</tr>
<tr>
<td>50 units</td>
<td>95</td>
</tr>
<tr>
<td>25 units</td>
<td>105</td>
</tr>
<tr>
<td>35 units</td>
<td>90</td>
</tr>
<tr>
<td>5 units</td>
<td>100</td>
</tr>
</tbody>
</table>

**(b) Totals**

<table>

<td></td>
</tr>
<tr>
<td>60</td>
<td>100</td>
<td></td>
</tr>
<tr>
<td>25</td>
<td>105</td>
<td></td>
</tr>
</tbody>
</table>

In this example, the greatest number of units sold at a particular price is 65, therefore, the unit price in the greatest aggregate quantity is 90.

**COMPUTED VALUE (RULE 8)**

Subject to the provisions of rule 3, the value of imported goods shall be based on a computed value, which shall consist of the sum of:-

(a) the cost or value of materials and fabrication or other processing employed in producing the imported goods;

(b) an amount for profit and general expenses equal to that usually reflected in sales of goods of the same class or kind as the goods being valued which are made by producers in the country of exportation for export to India;

(c) the cost or value of all other expenses under rule 10(2).

**RESIDUAL METHOD (RULE 9)**

Subject to the provisions of rule 3, where the value of imported goods cannot be determined under the provisions of any of the preceding rules, the value shall be determined using reasonable means consistent with the principles and general provisions of these rules and on the basis of data available in India;

However, the value so determined shall not exceed the price at which such or like goods are ordinarily sold or offered for sale for delivery at the time and place of importation in the course of international trade, when the seller or buyer has no interest in the business of other and price is the sole consideration for the sale or offer for sale [Rule 9(1)].

As per rule 9(2), no value shall be determined under the provisions of this rule on the basis of:

(i) the selling price in India of the goods produced in India;

(ii) a system which provides for the acceptance for customs purposes of the highest of the
two alternative values;

(iii) the price of the goods on the domestic market of the country of exportation;

(iv) the cost of production other than computed values which have been determined for identical or similar goods in accordance with the provisions of rule 8;

(v) the price of the goods for the export to a country other than India;

(vi) minimum customs values; or

(vii) arbitrary or fictitious values.

Value of imported goods determined under the provisions of rule 9 should to the greatest extent possible, be based on previously determined customs values.

The methods of valuation to be employed under rule 9 may be those laid down in rules 3 to 8, inclusive, but a reasonable flexibility in the application of such methods would be in conformity with the aims and provisions of rule 9.

Some examples of reasonable flexibility are as follows:

(a) **Identical goods** - The requirement that the identical goods should be imported at or about the same time as the goods being valued could be flexibly interpreted; identical imported goods produced in a country other than the country of exportation of the goods being valued could be the basis for customs valuation; customs values of identical imported goods already determined under the provisions of rules 7 and 8 could be used.

(b) **Similar goods** - The requirement that the similar goods should be imported at or about the same time as the goods being valued could be flexibly interpreted; similar imported goods produced in a country other than the country of exportation of the goods being valued could be the basis for customs valuation; customs values of similar imported goods already determined under the provisions of rules 7 and 8 could be used.

(c) **Deductive method** - The requirement that the goods shall have been sold in the “condition as imported” in rule 7(1) could be flexibly interpreted; the ninety days requirement could be administered flexibly.

**DECLARATION TO BE FURNISHED BY THE IMPORTER (RULE 11)**

The importer or his agent shall furnish -

(a) a declaration disclosing full and accurate details relating to the value of imported goods; and

(b) any other statement, information or document including an invoice of the manufacturer or producer of the imported goods where the goods are imported from or through a person other than the manufacturer or producer, as considered necessary by the proper officer for determination of the value of imported goods under these rules.

(2) The proper officer of customs has the power to satisfy himself as to the truth or accuracy of any statement, information, document or declaration presented for valuation purposes.

(3) The provisions of the Customs Act, 1962 (52 of 1962) relating to confiscation, penalty and prosecution shall apply to cases where wrong declaration, information, statement or documents are furnished.

**REJECTION OF DECLARED VALUE BY CUSTOMS OFFICER (RULE 12)**

When the proper officer has reason to doubt the truth or accuracy of the value declared in
relation to any imported goods, he may ask the importer of such goods to furnish further information including documents or other evidence and if, after receiving such further information, or in the absence of a response of such importer, the proper officer still has reasonable doubt about the truth or accuracy of the value so declared, it shall be deemed that the transaction value of such imported goods cannot be determined under the provisions of rule 3(1).

At the request of an importer, the proper officer, shall intimate the importer in writing the grounds for doubting the truth or accuracy of the value declared in relation to goods imported by such importer and provide a reasonable opportunity of being heard, before taking a final decision.

Other points for consideration (Explanation to rule 12)

(i) This rule by itself does not provide a method for determination of value, it provides a mechanism and procedure for rejection of declared value in cases where there is reasonable doubt that the declared value does not represent the transaction value; where the declared value is rejected, the value shall be determined by proceeding sequentially in accordance with rules 4 to 9.

(ii) The declared value shall be accepted where the proper officer is satisfied about the truth and accuracy of the declared value after the said enquiry in consultation with the importers.

(iii) The proper officer shall have the powers to raise doubts on the truth or accuracy of the declared value based on certain reasons which may include -

(a) the significantly higher value at which identical or similar goods imported at or about the same time in comparable quantities in a comparable commercial transaction were assessed;

(b) the sale involves an abnormal discount or abnormal reduction from the ordinary competitive price;

(c) the sale involves special discounts limited to exclusive agents;

(d) the mis-declaration of goods in parameters such as description, quality, quantity, country of origin, year of manufacture or production;

(e) the non declaration of parameters such as brand, grade, specifications that have relevance to value;

(f) the fraudulent or manipulated documents.

The process of assessment involves value and rate of duty. Value is found out under section 14 and rate of duty is ascertained as per Section 15 and 16 of the Customs Act.

RELEVANT DATE FOR DETERMINATION OF THE RATE OF DUTY AND TARIFF VALUATION (SECTION 15)

Under section 15(1), the rate of duty and tariff valuation, if any, applicable to any imported goods, shall be the rate and valuation in force,

(a) In the case of goods entered for home consumption under section 46: The date on which a bill of entry is presented [Section 15(1)(a)]

(b) In the case of goods cleared from a warehouse under section 68: The date on which a bill of entry for home consumption is presented [Section 15(1)(b)].

(c) In the case of any other goods: The date of payment of duty [Section 15(1)(c)].
However, if a bill of entry has been presented before the date of entry inwards of the vessel or the arrival of the aircraft or the vehicle by which the goods are imported, the bill of entry shall be deemed to have been presented on the date of such entry inwards or the arrival, as the case may be [Proviso to section 15(1)].

The provisions of this section shall not apply to baggage and goods imported by post [Section 15(2)].

**VALUATION OF EXPORT GOODS**

Customs value of export goods, whether liable to ad valorem duty or not is to be determined under Section 14(1) of the Customs Act, 1962 read with Section 2(41) thereof. By virtue of Section 2(41), ‘value’ in relation to any goods will mean the value thereof determined under Section 14(1) read with Customs Valuation (Determination of Value of Export Goods) Rules, 2007.

**DETERMINATION OF THE METHOD OF VALUATION (RULE 3)**

The value of export goods shall be its transaction value. However, the transaction value may be rejected as per the provisions of Rule 8.

As per rule 3(2), the transaction value shall be accepted even where the buyer and seller are related, provided that the relationship has not influenced the price.

If the value cannot be determined under the provisions of Rule 3(1) and (2), the value shall be determined by proceeding sequentially through Rules 4 to 6 [Rule 3(3)].

**DETERMINATION OF EXPORT VALUE BY COMPARISON (RULE 4)**

As per Rule 4(1), the value of the export goods shall be based on the transaction value of “goods of like kind and quality” exported at or about the same time to other buyers in the same destination country of importation or in its absence another destination country of importation adjusted in accordance with the provisions of Rule 4(2).

“goods of like kind and quality” means export goods which are identical or similar in physical characteristics, quality and reputation as the goods being valued, and perform the same functions or are commercially interchangeable with the goods being valued, produced by the same person or a different person;

“Transaction value” means the value of export goods within the meaning of sub-section (1) of section 14 of the Customs Act, 1962 (52 of 1962).

*For the purposes of these rules, persons shall be deemed to be "related" only if -

(i) they are officers or directors of one another's businesses;*
(ii) they are legally recognised partners in business;
(iii) they are employer and employee;
(iv) any person directly or indirectly owns, controls or holds five per cent or more of the outstanding voting stock or shares of both of them;
(v) one of them directly or indirectly controls the other;
(vi) both of them are directly or indirectly controlled by a third person;
(vii) together they directly or indirectly control a third person; or
(viii) they are members of the same family.

Explanation I. - The term “person” also includes legal persons.

Explanation II. - Persons who are associated in the business of one another in that one is the sole agent or sole distributor or sole concessionaire, howsoever described, of the other shall be deemed to be related for the purpose of these rules, if they fall within the criteria of this sub-rule.

Adjustments under Rule 4(2):

In determining the value of export goods under sub-rule (1), the proper officer shall make such adjustments as appear to him reasonable, taking into consideration the relevant factors, including-

(i) difference in the dates of exportation,
(ii) difference in commercial levels and quantity levels,
(iii) difference in composition, quality and design between the goods to be assessed and the goods with which they are being compared,
(iv) difference in domestic freight and insurance charges depending on the place of exportation.

**COMPUTED VALUE METHOD (RULE 5)**

If the value cannot be determined under rule 4, it shall be based on a computed value, which shall include the following:-

(a) cost of production, manufacture or processing of export goods;
(b) charges, if any, for the design or brand;
(c) an amount towards profit.

Computed value = Cost of production + Charges if any for design or brand + An amount towards profit.

The board has clarified that while determining the value under this rule, the proper officer shall give due consideration to the cost certificate issued by the Cost Accountant or Chartered Accountant or Government approved valuer, as produced by the exporter.

**RESIDUAL METHOD (RULE 6)**

Subject to the provisions of rule 3, where the value of the export goods cannot be determined under the provisions of rules 4 and 5, the value shall be determined using reasonable means consistent with the principles and general provisions of these rules provided that local market price of the export goods may not be the only basis for determining the value of export goods.

**DECLARATION BY THE EXPORTER (RULE 7)**

The exporter shall furnish a declaration relating to the value of export goods in the manner specified in this behalf.
REJECTION OF DECLARED VALUE (RULE 8)

As per rule 8(1), when the proper officer has reason to doubt the truth or accuracy of the value declared in relation to any export goods, he may ask the exporter of such goods to furnish further information including documents or other evidence and if, after receiving such further information, or in the absence of a response of such exporter, the proper officer still has reasonable doubt about the truth or accuracy of the value so declared, the transaction value shall be deemed to have not been determined in accordance with Rule 3(1).

Under rule 8(2), at the request of an exporter, the proper officer shall intimate the exporter in writing the ground for doubting the truth or accuracy of the value declared in relation to the export goods by such exporter and provide a reasonable opportunity of being heard, before taking a final decision under Rule 8(1).

OTHER IMPORTANT POINTS

(i) This rule by itself does not provide a method for determination of value, it provides a mechanism and procedure for rejection of declared value in cases where there is reasonable doubt that the declared value does not represent the transaction value; where the declared value is rejected, the value shall be determined by proceeding sequentially in accordance with rules 4 to 6.

(ii) The declared value shall be accepted where the proper officer is satisfied about the truth or accuracy of the declared value after the said enquiry in consultation with the exporter.

(iii) The proper officer shall have the powers to raise doubts on the declared value based on certain reasons which may include -

(a) the significant variation in value at which goods of like kind and quality exported at or about the same time in comparable quantities in a comparable commercial transaction were assessed.

(b) the significantly higher value compared to the market value of goods of like kind and quality at the time of export.

(c) the mis-declaration of goods in parameters such as description, quality, quantity, year of manufacture or production.

RELEVANT DATE FOR DETERMINATION OF RATE OF DUTY AND TARIFF VALUATION OF EXPORT GOODS (SECTION 16)

As per section 16(1), the rate of duty and tariff valuation, if any, applicable to any export goods, shall be the rate and valuation in force, -

(a) in the case of goods entered for export under section 50, on the date on which the proper officer makes an order permitting clearance and loading of the goods for exportation under section 51.

(b) in the case of any other goods, on the date of payment of duty.

The provisions of this section shall not apply to baggage and goods exported by post [Section 16(2)].

Illustration: Compute export duty from the following data:

(i) FOB price of goods: US $ 2,00,000.

(ii) Shipping bill presented electronically on 26-02-2016.

(iii) Proper officer passed order permitting clearance and loading of goods for export on 04-03-2016.
(iv) Rate of exchange and rate of export duty are as under:

Ranga Ltd., an Indian company located at Raipur, imported into India certain commodities in August 2017 from a country which attracts anti-dumping duty by a Notification issued under Section 9A of the Customs Tariff Act 1975.

The relevant particulars relating to import are as follows:

1) CIF value of the consignment — US $ 30,000
2) Quantity imported — 500 kgs.
3) Exchange rate applicable — US $ = Rs 66
4) Basic Customs Duty (BCD) — 10%
5) As per the Notification, the anti-dumping duty leviable will be 60% of the difference between the cost of the commodity calculated @ US $ 100 per kg. and the landed value of the commodity as imported.

You are required to calculate the amount of total Customs duty (including anti-dumping duty) payable by Ranga Ltd.

Note: Assume IGST and compensation cess payable under Section 3(7) and 3(9), respectively of the Customs Tariff Act 1975 are exempt but Education Cess and Secondary & Higher Education Cess are payable wherever applicable. Working notes with brief reasons should form part of the answer.
SOLUTION:

Margin of Injury is calculated as given below:

Fair market value = $500 \times 100 = 50,000 \text{ USD}

Landed value is computed as follows:

Assessable value = 101\% \text{ of CIF} = 30,000 \times 1.01 = 30,300 \text{ USD}
Add BCD @ 10\% = 3,030 \text{ USD}
Education CESS @ 3\% on 3,030 = 90.9 \text{ USD}

Landed value = 33,420.90 \text{ USD}

Difference between (1) and (2) above is $50,000 \text{ USD} - 33,420.90 \text{ USD} = 16,579.10 \text{ USD}

Anti-dumping duty = 60\% \text{ of } 16,579.10 \text{ USD} = 9,947.46 \text{ USD}

Anti-dumping duty INR = 66 \times 9,947.46 \text{ USD} = 656,532 \text{ INR}

Total customs duty Rs. = (3120.90 \text{ USD} + 9,947.46 \text{ USD}) \times 66 = 862,512 \text{ INR}

NOTE: Where compensation cess is payable it is added on the total value of (AV+ BCD+Education cess) but not on IGST

**ASSESSMENT OF DUTY**

Section 17 of the Customs Act, prescribes the method for assessment of duty. For example, under Sub-section (1), after an importer has entered any imported goods or an exporter has entered any export goods, the importer and exporter self assess the duty if any leviable on such goods. As per sub-section 2 the self assessed goods may be verified, examined or tested by the proper officer.

Section 17 reads as follows:

(1) An importer entering any imported goods under section 46, or an exporter entering any export goods under section 50, shall, save as otherwise provided in section 85, self-assess the duty, if any, leviable on such goods.

(2) The proper officer may verify the self-assessment of such goods and for this purpose, examine or test any imported goods or export goods or such part thereof as may be necessary.

(3) For verification of self-assessment under sub-section (2), the proper officer may require the importer, exporter or any other person to produce any document or information, whereby the duty leviable on the imported goods or export goods, as the case may be,
can be ascertained and thereupon, the importer, exporter or such other person shall produce such document or furnish such information.

(4) Where it is found on verification, examination or testing of the goods or otherwise that the self-assessment is not done correctly, the proper officer may, without prejudice to any other action which may be taken under this Act, re-assess the duty leviable on such goods.

(5) Where any re-assessment done under sub-section (4) is contrary to the self-assessment done by the importer or exporter regarding valuation of goods, classification, exemption or concessions of duty availed consequent to any notification issued therefore under this Act and in cases other than those where the importer or exporter, as the case may be, confirms his acceptance of the said re-assessment in writing, the proper officer shall pass a speaking order on the re-assessment, within fifteen days from the date of re-assessment of the bill of entry or the shipping bill, as the case may be.

(6) Where re-assessment has not been done or a speaking order has not been passed on re-assessment, the proper officer may audit the assessment of duty of the imported goods or export goods at his office or at the premises of the importer or exporter, as may be expedient, in such manner as may be prescribed.

**PROVISIONAL ASSESSMENT OF DUTY [SECTION 18]**

Notwithstanding anything contained in this Act but without prejudice to the provisions of section 46,

(a) where the importer or exporter is unable to make self-assessment under section 17(1) and makes a request in writing to the proper officer for assessment; or

(b) where the proper officer deems it necessary to subject any imported goods or export goods to any chemical or other test; or

(c) where the importer or exporter has produced all the necessary documents and furnished full information but the proper officer deems it necessary to make further enquiry; or

(d) where necessary documents have not been produced or information has not been furnished and the proper officer deems it necessary to make further enquiry,

the proper officer may direct that the duty leviable on such goods be assessed provisionally if the importer or the exporter, as the case may be, furnishes such security as the proper officer deems fit for the payment of the deficiency, if any, between the duty as may be finally assessed and the duty provisionally assessed [Section 18(1)].

When the duty leviable on such goods is assessed finally or reassessed by the proper officer in accordance with the provisions of this Act, then -

(a) in the case of goods cleared for home consumption or exportation, the amount paid shall be adjusted against the duty finally assessed and if the amount so paid falls short of, or is in excess of the duty finally assessed, the importer or the exporter of the goods shall pay the deficiency or be entitled to a refund, as the case may be;

(b) in the case of warehoused goods, the proper officer may, where the duty finally assessed or re-assessed, as the case may be, is in excess of the duty provisionally assessed, require the importer to execute a bond, binding himself in a sum equal to
twice the amount of the excess duty [Section 18(2)].

The importer or exporter shall be liable to pay interest, on any amount payable to the Central Government, consequent to the final assessment order or re-assessment order, at the rate fixed by the Central Government under section 28AB from the first day of the month in which the duty is provisionally assessed till the date of payment thereof [Section 18(3)].

Subject the section 18(5), if any refundable amount referred to in clause (a) of section 18(2) is not refunded under that sub-section within three months from the date of assessment of duty finally or reassessment of duty, as the case may be, there shall be paid an interest on such un-refunded amount at such rate fixed by the Central Government under section 27A till the date of refund of such amount [Section 18(4)].

As per section 18(5), the amount of duty refundable under section 18(2) and the interest under section 18(4), if any, shall, instead of being credited to the Fund, be paid to the importer or the exporter, as the case may be, if such amount is relatable to:

(a) the duty and interest, if any, paid on such duty paid by the importer, or the exporter, as the case may be, if he had not passed on the incidence of such duty and interest, if any, paid on such duty to any other person;
(b) the duty and interest, if any, paid on such duty on imports made by an individual for his personal use;
(c) the duty and interest, if any, paid on such duty borne by the buyer, if he had not passed on the incidence of such duty and interest, if any, paid on such duty to any other person;
(d) the export duty as specified in section 26;
(e) drawback of duty payable under sections 74 and 75.

**DETERMINATION OF DUTY WHERE GOODS CONSIST OF ARTICLES LIABLE TO DIFFERENT RATES OF DUTY (SECTION 19)**

Except as otherwise provided in any law for the time being in force, where goods consist of a set of articles, duty shall be calculated as follows:

(a) articles liable to duty with reference to quantity shall be chargeable to that duty;
(b) articles liable to duty with reference to value shall, if they are liable to duty at the same rate, be chargeable to duty at that rate, and if they are liable to duty at different rates, be chargeable to duty at the highest of such rates;
(c) articles not liable to duty shall be chargeable to duty at the rate at which articles liable to duty with reference to value are liable under clause (b):

However,

(a) accessories of, and spare parts or maintenance and repairing implements for, any article which satisfy the conditions specified in the rules made in this behalf shall be chargeable at the same rate of duty as that article;
(b) if the importer produces evidence to the satisfaction of the proper officer or the evidence is available regarding the value of any of the articles liable to different rates of duty, such article shall be chargeable to duty separately at the rate applicable to it.

**RE-IMPORTATION OF GOODS (SECTION 20)**

When goods are re-imported into India, after exportation there from, such goods are liable to
duty and are subject to all the conditions and restrictions, if any, to which goods of the like kind and value are liable or subject, on the importation thereof. The provisions relating to these matters are found in Section 20 of the Customs Act, 1962.

Section 20 reads as under:

If goods are imported into India after exportation there from, such goods shall be liable to duty and be subject to all the conditions and restrictions, if any, to which goods of the like kind and value are liable or subject, on the importation thereof.

Notification Nos. 94/96 and 158/95 provide for certain relaxations for reimported goods.

DUTY ON PILFERED GOODS (SECTION 13)

If any imported goods are
- pilfered after the unloading thereof and
- before the proper officer has made an order for clearance for home consumption or deposit in a warehouse,

the importer shall not be liable to pay the duty leviable on such goods except where such goods are restored to the importer after pilferage.

As per section 45(3), if any imported goods are pilfered after unloading thereof in a customs area while in the custody of a person approved by the Commissioner u/s 45(1), that person shall be liable to pay duty on such goods at the rate prevailing on the date of delivery of an import manifest or an import report to the proper officer u/s 30 for the arrival of the conveyance in which the said goods were carried.

GOODS DERELICT, WRECK, ETC. (SECTION 21)

Section 21 lays down that all goods, derelict, jetsam, flotsam and wreck brought or coming into India, shall be dealt with as if they were imported into India, unless it be shown to the satisfaction of the proper officer that they are entitled to be admitted duty free under this Act.

“Derelict” is a term applied to any property, whether vessel or cargo, left or abandoned in open sea by persons in charge of it without any hope of recovering or intention of returning to it.

“Jetsam” is where the goods are thrown into the sea with a view to lighten the ship in order to prevent it from sinking.

“Flotsam” is where the goods having been at sea in a ship, are separated from it by some peril. The property in this case is not renounced by the owner by throwing them overboard and the owner is entitled to recover the possession.

“Wreck” refers to the property cast ashore within the ebb and flow of the tide after shipwreck. The property involved may be a ship, a cargo or portion thereof.

ABATEMENT OF DUTY ON DAMAGED OR DETERIORATED GOODS (SECTION 22)

If any goods are found damaged and are examined by customs authority for that purpose on an application made therefor, the duty can be charged only on the goods which are serviceable or on the reduced value as may be determined by customs authority. Provisions in this regard have been made under Section 22 of the Customs Act, 1962.

Under Section 22, there is allowed abatement of duty on damaged or deteriorated goods under Sub-section (1), where it is shown to the satisfaction of the Assistant/Deputy Commissioner of Customs—
(a) that any imported goods had been damaged or had deteriorated at any time before or during the unloading of the goods in India; or

(b) that any imported goods, other than warehoused goods, had been damaged at any time after the unloading thereof in India but before their examination under Section 17, on account of any accident not due to any wilful act, negligence or default of the importer, his employee or agent; or

(c) that any warehoused goods have been damaged at any time before clearance for home consumption on account of any accident not due to any wilful act, negligence or default of the owner his employee or agent.

Such goods are chargeable to duty in accordance with the provisions of Sub-section (2).

Sub-section (2) lays down that the duty to be charged on the goods referred above shall bear the same proportion to the duty chargeable on the goods before the damage or deterioration which the value of the damaged or deteriorated goods bear to the value of the goods before the damage or deterioration.

Under Sub-section (3), the value of damaged or deteriorated goods may, be ascertained by either of the following methods at the option of the owner, viz.:

(a) the value of such goods may be ascertained by the proper officer, or

(b) such goods may be sold by the proper officer by public auction or by tender, or with the consent of the owner in any other manner and the gross proceeds shall be deemed to be the value of such goods.

REMISSION OF DUTY ON LOST, DESTROYED OR ABANDONED GOODS (SECTION 23)

Where any goods are lost or destroyed, except by way of pilferage, whether totally or partially, even after the “out of charge” is signed but before they are physically removed from customs area, the owner is entitled for remission of duty on such goods.

Further, an owner of goods can surrender the title to the goods to customs before an order for home consumption has been made and no duty need be paid on such goods.

Section 23 relates to remission of duty on lost, destroyed or abandoned goods. It reads as follows:

(1) Without prejudice to the provisions of Section 13, where it is shown to the satisfaction of the Assistant/Deputy Commissioner of Customs that any imported goods have been lost otherwise than as a result of pilferage or destroyed, at any time before clearance for home consumption, the Assistant/Deputy Commissioner of Customs shall remit the duty on such goods.

(2) The owner of any imported goods may, at any time before an order for clearance of goods for home consumption under Section 47 or an order for permitting the deposit of goods in a warehouse under Section 60 has been made, relinquish his title to the goods and thereupon he shall not be liable to pay the duty thereon”.

Provided that the owner of any such imported goods shall not be allowed to relinquish his title to such goods regarding which an offence appears to have been committed under this Act or any other law for the time being in force.

DENATURING OR MUTILATION OF GOODS (SECTION 24)

The Central Government may make rules for permitting at the request of the owner the denaturing or mutilation of imported goods which are ordinarily used for more than one
purpose so as to render them unfit for one or more of such purposes; and where any goods are so denatured or mutilated they shall be chargeable to duty at such rate as would be applicable if the goods had been imported in the denatured or mutilated form.

Denaturing is connected with liquid items and mutilation is associated with solid items. After the process of mutilation or denaturing, the goods are classified as per the latest condition and the lower rate as applicable after mutilation or denaturing will be taken for assessment. This provision is importer friendly and this benefit is given to encourage him to undertake the mutilation/ denaturing process in India.

For example, you may import pure ethyl alcohol attracting 150% of BCD and you may denature it by adding copper sulphate. Then after denaturing it is classified as denatured ethyl alcohol which attracts only 5% BCD.

POWER TO GRANT EXEMPTION FROM DUTY (SECTION 25)

Under the section, exemptions are of two kinds. One type which is in common use, is under Sub-section (1), in public interest, where there is a general exemption in respect of any article or class of articles. Such exemptions may be absolute or subject to certain conditions specified in the relevant notifications. Other is under Sub-section (2), the exemptions granted may be applicable to specific cases and these will be by a special order. These have to be done in respect of any goods of strategic or secret nature or for charitable purpose, which are stated in such order.

Notifications exempting goods under Sub-section (1) have to be laid before Parliament, as soon as may be, after their issue and the Parliament may amend or reject them. This shows that such notifications are in exercise of ‘sovereignty’ i.e. legislative powers. On the other hand, special order under Sub-section (2) is an executive order because it is not required to be published and it grants exemption specifically and not generally.

Every notification issued under sub-section (1) or sub-section (2A) shall, -

(a) unless otherwise provided, come into force on the date of its issue by the Central Government for publication in the Official Gazette;

Now there is no requirement of publishing and offering for sale any notification issued, by the Directorate of Publicity and Public Relations of Sub-sections (4) and (5), puts it beyond doubt that every exemption notification shall, unless otherwise provided, come into force on the date of its issue by the Central Government for publication in the Official Gazette. The Finance Act, 2016 has removed the statutory obligation for publication of notifications by the Directorate of Publicity and Public Relations and for their sale to the public. The notifications shall however, also continue to be published in the Gazette of India, as usual.

This amendment has been made in order to do away with the practical problem caused about effective date of notifications by recent Supreme Court judgement in Collectors v. New Tobacco Co. (1998) 97 E.LT. 388 (S.C.).

However, exemptions granted under Section 25(1) of the Customs Act, can operate only in respect of such duty as is specifically mentioned in the particular notification. Thus, a notification exempting goods from the levy of basic customs duty can not by itself exempt such goods from the levy of countervailing duty or additional duty leviable under the Tariff Act nor can exemption from levy of countervailing duty or additional duty, wholly or partially, result in
exemption of the goods from the levy of basic customs duty, wholly or partially.

In order to obtain a keen insight and to understand the philosophy or rationale underlying the grant of exemptions under Section 25 it is pertinent to note the explanation given by the Ministry of Finance to the Public Accounts Committee of the Lok Sabha, which had made some observations regarding manner and reasons underlying grant of exemptions from customs duty [PAC (5th Lok Sabha) (1974-75), 135th Report p. 55]. The Ministry of Finance had explained that the exemptions from customs duty were granted for one or more of the following reasons:

(i) in accordance with the General Agreement on Trade and Tariff certain concessions agreed to by India have to be implemented through exemption notifications;

(ii) in cases, where indigenously manufactured finished products using imported raw materials are placed at a disadvantageous position vis-a-vis imported finished products on account of high incidence of import duties leviable on imported articles, the industries concerned have to be given tariff assistance by bringing down, through exemption notifications, the import duties applicable in the case of imported raw materials to a level necessary for the removal of the disadvantages;

(iii) in cases where component/raw materials required for the initial setting up, assembly or manufacture of machinery/finished product are assessable to duty at a higher rate than what is leviable on the machinery/finished product, the tariff anomaly has to be set right through exemption notifications, equalising the two rates;

(iv) certain raw materials/semi-finished products are imported for producing finished products which are to be exported later. In such cases, exemptions from import duties have to be given in the interest of export promotion; and

(v) some exemptions have to be given on humanitarian grounds like relief, rehabilitation, and repatriation of Indians, etc.

Accordingly, exemptions of the types enumerated above are given under Section 25(1) of the Customs Act, 1962. Ad hoc exemptions, however, are given under Sub-section (2) of the said section only under the designed conditions after the amendment of this sub-section by the Finance Act, 1999. The amended policy guidelines issued by the Finance Ministry for grant of such exemption are reproduced below:

**POLICY GUIDELINES FOR AD HOC EXEMPTIONS UNDER SECTION 25(2)**

In supersession of the Office Memorandum dated 8th October, 1996, the Finance Minister has approved the following guidelines for consideration of request for exemption from customs duty under Section 25(2) of the Customs Act, 1962 as amended by the Finance Act, 1999:

(a) Imports of secret goods by Government.
(b) Imports for India’s defence needs relating only to military hardware and software or for R&D units under the DRDO may be allowed free of duty.
(c) Imports by Central Policy Organisation for equipping their forces may be allowed free of duty.
(d) State Police Organisations may be allowed to import free of duty equipments required for anti-subversion, anti-terrorism and intelligence work.
(e) Imports by Charitable Institutions which are providing all their services free where the imports are required for use in hospitals, educational institutions, etc., may be allowed free of duty.

The imports by these charitable organisations should fulfill the following conditions:
(i) The imports should be received as donations or gifts and the donor should be known institution, but not an individual, say a society or a foundation. No payment for imports should be involved.

(ii) The recipient should also be an institution/organisation, but not an individual, which is registered as charitable organisation.

(iii) The said organisation/institution should be providing services, such as running hospitals, educational institutions etc., on either ‘free’ or ‘no loss or no profit’ basis.

(iv) The charitable nature of the organisation and the fact of rendering services on ‘free’ or ‘no loss no profit’ basis should be certified by the concerned district authorities.

(v) The organisation/institution should certify that the goods under import are for its use and provide an undertaking to the effect that they would fulfill the conditions.

2. All ad hoc exemptions from duty to non-governmental organisation will be issued subject to the conditions that the imported goods will not be put to any commercial use and will not be sold, gifted or parted by the importer in any manner without the prior permission of the Ministry of Finance. The imported goods will be kept available for inspection by Customs Officers.

3. Import of goods which are not covered in any of the categories mentioned in para 1 will not be considered for grant of ad hoc exemptions under Section 25(2) of the Customs Act, 1962.

Section 25 read as follows:

(1) If the Central Government is satisfied that it is necessary in the public interest so to do, it may, by notification in the Official Gazette, exempt generally either absolutely or subject to such conditions (to be fulfilled before or after clearance) as may be specified in the notification goods of any specified description from the whole or any part of duty of customs leviable thereon.

(2) If the Central Government is satisfied that it is necessary in the public interest so to do, it may, by special order in each case, exempt from the payment of duty, under circumstances of an exceptional nature to be stated in such order, any goods on which duty is leviable.

(2A) The Central Government may, if it considers it necessary or expedient so to do for the purpose of clarifying the scope or applicability of any notification issued under sub-section (1) or order issued under subsection (2), insert an explanation in such notification or order, as the case may be, by notification in the Official Gazette, at any time within one year of issue of the notification under sub-section (1) or order under sub-section (2), and every such explanation shall have effect as if it had always been the part of the first such notification or order, as the case may be.

(3) An exemption under sub-section (1) or sub-section (2) in respect of any goods from any part of the duty of customs leviable thereon (the duty of customs leviable thereon being hereinafter referred to as the statutory duty) may be granted by providing for the levy of a duty on such goods at a rate expressed in a form or method different from the form or method in which the statutory duty is leviable and any exemption granted in relation to any goods in the manner provided in this sub-section shall have effect subject to the condition that the duty of customs chargeable on such goods shall in no case exceed the statutory duty.

Explanation. - “Form or method”, in relation to a rate of duty of customs, means the basis, namely, valuation, weight, number, length, area, volume or other measure with reference to which the duty is leviable.
Every notification issued under sub-section (1) or sub-section (2A) shall, -
(a) unless otherwise provided, come into force on the date of its issue by the Central Government for publication in the Official Gazette;

Notwithstanding anything contained in this Act, no duty shall be collected if the amount of duty leviable is equal to, or less than, one hundred rupees.

Sub section (7) inserted vide Finance Act, 2014 provides that the mineral oils (including petroleum and natural gas) extracted or produced in the continental shelf of India or exclusive economic zone of India as referred to in section 6 and section 7, respectively, of the Territorial Waters, Continental Shelf, Exclusive Economic Zone and Other Maritime Zones Act, 1976, and imported prior to the 7th day of February, 2002 shall be deemed to be and shall always be deemed to have been exempted from the whole of the duties of customs leviable on such mineral oils and accordingly, notwithstanding anything contained in any judgment, decree or order of any court, tribunal or other authority, no suit or other proceedings in respect of such mineral oils and accordingly notwithstanding anything contained in any judgment, decree or order of any court, tribunal or other authority, no suit or other proceedings in respect of such mineral oils shall be maintained or continued in any court, tribunal or other authority.

Notwithstanding the exemption provided under sub-section (7), no refund of duties of customs paid in respect of the mineral oils specified therein shall be made.

REFUND AND RECOVERY PROVISIONS (SECTION 26 TO 28D)

REFUND OF EXPORT DUTY IN CERTAIN CASES (SECTION 26)
Where on the exportation of any goods any duty has been paid, such duty shall be refunded to the person by whom or on whose behalf it was paid, if -
(a) the goods are returned to such person otherwise than by way of re-sale;
(b) the goods are re-imported within one year from the date of exportation; and
(c) an application for refund of such duty is made before the expiry of six months from the date on which the proper officer makes an order for the clearance of the goods.

REFUND OF IMPORT DUTY IN CERTAIN CASES (SECTION 26A)
Section 26A provides for refund of import duty in certain cases.
As per sub section (1) of section 26A, where on the importation of any goods capable of being easily identified as such imported goods, any duty has been paid on clearance of such goods for home consumption, such duty shall be refunded to the person by whom or on whose behalf it was paid, if;
(a) the goods are found to be defective or otherwise not in conformity with the specifications agreed upon between the importer and the supplier of goods:
However, no duty shall be refunded where the goods have been worked, repaired or used after importation except where such use was indispensable to discover the defects or non-conformity with the specifications.
(b) the goods are identified to the satisfaction of the Assistant Commissioner of Customs or Deputy Commissioner of Customs as the goods which were imported;
(c) the importer does not claim drawback under any other provisions of this Act; and
(d) (i) the goods are exported; or
(ii) the importer relinquishes his title to the goods and abandons them to customs; or
(iii) such goods are destroyed or rendered commercially valueless in the presence of
the proper officer, in such manner as may be prescribed and within a period not exceeding thirty days from the date on which the proper officer makes an order for the clearance of imported goods for home consumption under section 47:

The period of thirty days may be extended by the Commissioner of Customs for a period not exceeding three months where sufficient cause being shown (first proviso to section 26A).

However, these provisions shall not apply to the goods regarding which an offence appears to have been committed under this Act or any other law for the time being in force (Second proviso to section 26A).

An application for refund of duty shall be made before the expiry of six months from the relevant date in such form and in such manner as may be prescribed [section 26(2)].

“Relevant date” means,—

(a) in cases where the goods are exported out of India, the date on which the proper officer makes an order permitting clearance and loading of goods for exportation under section 51;

(b) in cases where the title to the goods is relinquished, the date of such relinquishment;

(c) in cases where the goods are destroyed or rendered commercially valueless, the date of such destruction or rendering of goods commercially valueless.

As per section 26(3), no refund shall be allowed in respect of perishable goods and goods which have exceeded their shelf life or their recommended storage-before-use period.

Section 26(4) provides that the Board may, by notification in the Official Gazette, specify any other condition subject to which the refund under sub-section (1) may be allowed.

**CLAIM FOR REFUND OF DUTY (SECTION 27)**

(1) Section 27 of the Customs Act deals with the refund of the duty. As per this section—

(a) Any person who has paid the duty or interest or who has borne the incidence of duty or interest can claim refund of duty by way of application.

(b) The application for refund is to be made to the Assistant Commissioner of customs or Deputy Commissioner of customs.

(c) The application should be made before the expiry of one year from the date of payment of such duty or interest. However the limitation period of one year shall not apply where duty or interest is paid under protest.

(d) The application should be accompanied by such documentary or other evidence to establish that the amount of duty or interest in relation to which such refund is claimed was collected from, or paid by him and incidence of such amount is not transferred to any other person.

The period of one year shall be computed from the following date:

1. Where goods are exempt from payment of duty by a special order under Sub-section (2) of Section 25 — Date of issue of such order.
2. Duty becomes refundable because of judgement, decree, order or direction of appellate authority, appellate tribunal, or court — Date of such judgement decree, order or direction.
Where the amount of refund claimed is less than rupees one hundred the same shall not be refunded.

(2) If, on receipt of any such application, the Assistant/Deputy Commissioner of Customs is satisfied that the whole or any part of the duty and interest, if any, paid on such duty paid by the applicant is refundable, he may make an order accordingly and the amount so determined shall be credited to the Fund:

Provided that the amount of duty and interest, if any, paid on such duty as determined by the Assistant/Deputy Commissioner of Customs under the foregoing provisions of this sub-section shall, instead of being credited to the Fund, be paid to the applicant, if such amount is relatable to:

(a) the duty and interest, if any, paid on such duty paid by the importer or exporter, as the case may be, if he had not passed on the incidence of such duty and interest, if any, paid on such duty to any other person;

(b) the duty and interest, if any, paid on such duty on imports made by an individual for his personal use;

(c) the duty and interest, if any, paid on such duty borne by the buyer, if he had not passed on the incidence of such duty and interest, if any, paid on such duty to any other person;

(d) the export duty as specified in Section 26;

(e) drawback of duty payable under Sections 74 and 75;

(f) the duty and interest if any, paid on such duty borne by any other such class of applicants as the Central Government may, by notification in the Official Gazette, specify.

(g) the duty paid in excess by the importer before an order permitting clearance of goods for home consumption is made where: (i) such excess payment of duty is evident from the bill of entry in the case of self-assessed bill of entry; or (ii) the duty actually payable is reflected in the reassessed bill of entry in the case of reassessment.

The above amendment was to keep outside the ambit of unjust enrichment, the refund of duty paid in excess by the importer before an order permitting clearance of goods for home consumption is made in the above cases

Provided further that no notification under clause (f) of the first proviso shall be issued unless in the opinion of the Central Government the incidence of duty and interest, if any, paid on such duty has not been passed on by the persons concerned to any other person.

(3) Notwithstanding anything to the contrary contained in any judgement, decree, order or direction of the Appellate Tribunal or any Court or in any other provision of this Act or the regulations made thereunder or any other law for the time being in force, no refund shall be made except as provided in Sub-section (2).

(4) Every notification under clause (f) of the first proviso to Sub-section (2) shall be laid before each House of Parliament, if it is sitting, as soon as may be after the issue of the notification, and if it is not sitting, within seven days of its re-assembly, and the Central Government shall seek the approval of Parliament to the notification by a resolution moved within a period of fifteen days beginning with the day on which the notification is so laid before the House of the
People and if Parliament makes any modification in the notification or directs that the notification should cease to have effect, the notification shall thereafter have effect only in such modified form or be of no effect, as the case may be, but without prejudice to the validity of anything previously done thereunder.

(5) For the removal of doubts, it is hereby declared that any notification issued under clause (f) of the first proviso to Sub-section (2), including any such notification approved or modified under Sub-section (4), may be rescinded by the Central Government at any time by notification in the Official Gazette.

INTEREST ON DELAYED REFUNDS (SECTION 27A)

Section 27A incorporated in the Customs Act by the Finance Act, 1995 (w.e.f. 26.5.95) provide for payment of interest on refunds of duty which is not paid to the applicant within three months from the date of receipt of application under Sub-section (1) of Section 27.

It has also been provided that in case where appellate remedies are resorted to either by the Department or by the assesses, the refund finally payable shall bear interest for the period starting from the date immediately after the expiry of three months from the date of receipt of applications under Sub-section (1) of Section 27 till the date of refund of duty. It may be specifically noted that:

(a) interest will be paid only on the amount of duty which is finally held to be refunded.

Example: in case the assessee has claimed a refund of ₹60,000/- the Assistant/Deputy Commissioner allows a refund of ₹10,000/- and on appeal the amount decided to be refunded is ₹30,000/- then the interest would be payable on the amount finally decided to be refunded viz. ₹30,000/- for the period commencing from the expiry of three months from the date of the refund application till its payment. Conversely, if the Assistant/Deputy Commissioner has determined the amount due as refund at ₹30,000/- which on appeal by the Department is reduced to ₹10,000/- interest would be payable for the aforesaid period only on the amount of ₹10,000/-

(b) the interest will be paid at the rate to be fixed by the Central Government by issue of Gazette Notification as simple interest, Interest on interest is not payable;

(c) no interest is to be paid on any refund of fines or penalties; the provision has been made for payment of interest only on delayed refund of duty amounts;

(d) it is to be clearly noted that interest if any would be payable on the amount of duty to be refunded arising only from proceedings initiated under Section 27 i.e. where an application for refund has been filed.

Recovery of duties not levied or not paid or short-levied or short-paid (SECTION 28)

Where any duty has not been levied or not paid or has been short-levied or short-paid or erroneously refunded, or any interest has not been paid or erroneously refunded, for—

(1) any reason other than the reason of collusion or any willful mis-statement or suppression of facts then the proper officer shall within two years from the relevant date serve notice on the person chargeable with duty or interest requiring him to show cause why he should not pay the amount specified in the notice.

However the person chargeable with duty or interest may pay before the service of notice any amount of duty along with interest or interest on the basis of—

(i) his own ascertainment of such duty or
(ii) the duty ascertained by the proper officer

the amount of duty along with the interest payable thereon under section 28AA @ fifteen per cent. per annum w.e.f 1.4.2016 vide notification no. 33/2016 - Customs (N. T.) dated 1st March, 2016) or the amount of interest which has not been so paid or part-paid.

Provided that where notice has been served and the proper officer is of the opinion that the amount of duty along with interest payable thereon under section 28AA @ fifteen per cent. per annum w.e.f 1.4.2016 vide notification no. 33/2016 - Customs (N. T.) dated 1st March, 2016) or the amount of interest, as the case may be, as specified in the notice, has been paid in full within thirty days from the date of receipt of the notice, no penalty shall be levied and the proceedings against such person or other persons to whom the said notice is served shall be deemed to be concluded.

and inform the proper officer of such payment in writing, who, on receipt of such information shall not serve any notice in respect of duty or interest so paid. However proper officer can issue notice for the remaining amount.

The proper officer shall not serve such show cause notice, where the amount involved is less than rupees one hundred.

(2) the reason of—

(i) collusion; or

(ii) any willful mis-statement; or

(iii) suppression of facts,

by the importer or exporter or the agent or employee of the importer or exporter, the proper officer shall within 5 years from the relevant date, serve notice on the person chargeable with duty or interest which has not been so levied or which has been so short-levied or short-paid or to whom the refund has erroneously been made, requiring him to show cause why he should not pay the amount specified in the notice.

However the person may pay the duty in full or in part, as may be accepted by him, and the interest payable thereon under Section 28AA @ fifteen per cent. per annum w.e.f 1.4.2016 vide notification no. 33/2016 - Customs (N. T.) dated 1st March, 2016) and the penalty equal to fifteen percent of the duty specified in the notice or the duty so accepted by that person, within thirty days of the receipt of notice and inform the proper officer about the payment in writing.

The proper officer then determine the amount of duty or interest and on determination, if proper officer is of the opinion—

(i) that the duty with interest and penalty has been paid in full, then, the proceedings in respect of such person or other person to whom the notice is served, under Sub-section (1) or Sub-section (4) shall, without prejudice to the provision of Section 135, 135H and 140 be deemed to be conclusive as to the matters stated therein; or

(ii) that the duty with interest and penalty paid falls short of the amount actually payable, then proper officer shall proceed to issue the notice in respect of the amount which falls short within a period of two years from the date of receipt of information about such payment.

The proper officer shall determine the amount within—

In accordance with Section 30 of the Customs Act, 1962 the person in charge (Master / Agent) of the vessel or an aircraft has to deliver an import manifest electronically (an import report in case of a vehicle), prior to arrival in the case of a vessel and an aircraft or within 12 hours of arrival in case of a vehicle in the prescribed form. The forms of the Import Manifest are prescribed in the Import Manifest (Vessels) Regulations, 1971 and Import Manifest (Air Craft) Regulations, 1976, which have been made under Section 157 of the Customs Act, 1962.

In practice the Steamer Agents, acting on behalf of the Master of the Ship, file the Import Manifest in the Import Department of the Customs House before the actual arrival of the ship.
at the port. This is done to enable the importers to file their documents and complete as much of the Customs formalities as possible, before the arrival of the ship so that, there is no delay in the clearance of the cargo when they are landed. Proviso (a) to Section 30(1) of the Customs Act provides for presentation of Import Manifest even before the arrival of the Steamer.

The Import Manifest is required to be delivered in duplicate in the Import Department with full particulars in respect of the following:

(i) General declaration (giving information mainly about the vessel, its Master, number of crew, passengers);

The documents filed for clearance bear this line number for purposes of co-relating the clearance documents with the entry in the Manifest.

Steamer Agents acting on behalf of the master of the vessel are accountable to the department for all the goods mentioned in the Manifest as for import into India (Section 116 of the Customs Act, 1962). Steamer Agents in this regard file undertaking(s) and also a guarantee to pay any penalty that may be imposed under Section 116, if they do not account for, to the satisfaction of the Assistant Commissioner of Customs, or for their failure to unload any goods or for any deficiency in the unloaded goods.

In regard to Air Consignments, the ‘Import Cargo Manifest’ is presented in Triplicate or Quadruplicate by the persons concerned immediately on landing of the Aircraft and the cargo as detailed in the Manifest as intended for landing are checked by the Customs Officers (Import Freight Officers of the Preventive formation) and then made over for custody to the International Airports Authority of India (IAAI).

The cargo manifest is then sent to the Customs Appraising Formation (Air Cargo Complex) by the Import Freight Officer.

Now, E-filing of import manifest is mandatory.

**Assignment of Import Rotation Number**

On receipt of the Import Manifest in the Import Department of the Customs House and at the Air Cargo Complex as the case may be, it is checked and an import rotation number assigned to the vessel/Aircraft for the particular voyage. 2. “bill of export” means a bill of export referred to in section 50 [Section 2(5)]

Provided that the Principal Commissioner of Customs or Commissioner of Customs may, in cases where it is not feasible to make entry by presenting electronically, allow an entry to be presented in any other manner:

Provided further that if the importer makes and subscribes to a declaration before the proper officer, to the effect that he is unable for want of full information to furnish all the particulars of the goods required under this sub-section, the proper officer may, pending the production of such information, permit him, previous to the entry thereof (a) to examine the goods in the presence of an officer of customs, or (b) to deposit the goods in a public warehouse appointed under section 57 without warehousing the same.

BILL OF ENTRY

The Bill of Entry inter alia, has columns for indicating description of goods, value, quantity, marks and numbers, country of origin etc.

Kinds of Bills of Entry

There are three kinds of Bills of Entry viz., (i) Bill of Entry for Home-consumption (White Colour) (ii) Warehousing (into-Bond) Bill of Entry (Yellow Colour) (iii) Bill of Entry for Clearance ‘Ex-Bond’ (Green Colour).

Forms of the Bill of Entry

The home-consumption Bill of Entry which is printed on white paper is referred to as “white Bill of Entry”, the “into Bond” or “Warehousing Bill of Entry” is printed on yellow paper and “ex-bond” is printed on green paper. Each Bill of Entry has to be filed in quadruplicate. The columns in original are printed in black, in blue in duplicate and in violet in triplicate and in green in quadruplicate.

Circular No. 16/ 2012 Cus dated 13-06-2012 provides for procedure followed for import of Indian vessels and filing of import manifest, Bill of Entry.

Section 29 of the Customs Act, 1962 read with Section 2(22) and 2(25), the term ‘imported goods’, interalia, includes vessels entering India from any place outside the country (India). These vessels may fall into any of the following category (i) Foreign flag vessels i.e., vessels that have been registered outside India and which carry imported/ exported goods or passengers, during its foreign run (voyage from a port outside India to an Indian port, whether touching any intermediate port in India or not); (ii) Vessel entering India for the first time on arrival in the country, for registration as Indian Flag vessel; (iii) Vessels which are intended for conversion from foreign run to coastal run/ trade (voyage between two or more Indian ports); and (iv) Vessels which are brought into India for breaking up.

Foreign flag vessels: These are the vessels that are registered abroad and its entry into the country is for carrying cargo or passengers, as a conveyance. Hence, there is no requirement for filing an IGM, Bill of Entry for foreign flag vessel which is being used as conveyance. However, the requirement for filing an import manifest in the prescribed manner for the goods or passengers which are being carried in the vessel, on its entry into an Indian port in terms of the provisions under Section 30 of the Customs Act needs to be complied with.

Indian Flag Vessel: In terms of the provisions of Part-V of the Merchant Shipping Act, 1958, vessels entering into India for the first time, are required to be registered with specified authority of the Mercantile Marine Department as Indian ship, which can then display the national character of the ship as Indian Flag Vessel for the purpose of Customs and other purposes specified in the said Act. Such Indian ship or vessel may be used for foreign run or exclusively for coastal run/ trade. Further, any ship or vessel may be taken outside India or chartered for coastal trade in India, only after obtaining the requisite licence from the Director General of Shipping, under the provisions of Section 406 or 407, respectively, of the said Merchant Shipping Act. Hence, in all such cases the Customs declarations such as IGM, Bill of Entry is required to be filed with jurisdictional Customs authority.

Vessels for conversion into coastal run: Any vessel could be used for coastal run/ trade after obtaining requisite clearance from Director General of Shipping and on fulfilment of certain specified conditions under Section 407 of the Merchant Shipping Act, 1958. In case of foreign going vessel, exemption from import duties, including CVD, have been extended vide serial No.462 of notification No.12/2012-Cus. dated 17.03.2012, subject to prescribed conditions,
which binds the importer to file fresh Bill of Entry at the time of its conversion for coastal run/trade and payment of applicable duty on such conversion of vessel for costal run/trade. Similarly, excise duty is also payable on vessels which are being used for coastal trade vide serial No.306 of notification No.12/2012-Cus. dated 17.03.2012. Hence, if any Indian Flag vessel which is used for time being as foreign going vessel is converted for use in coastal trade or any vessel which is to be used for coastal trade, there is a need to file a Bill of Entry for payment of applicable duty as CVD.

**Vessels for breaking up:** Vessel and other floating structures intended for breaking up are liable to payment of applicable duty. All vessels for the transport of persons or goods, falling under heading 8901 (excluding those which are imported for breaking up) are fully exempt from payment of import duty under vide serial No.461 of notification No.12/2012-Cus. dated 17.03.2012, subject to the condition that the importer should file fresh Bill of Entry at the time of its breaking up of the vessel after its importation. Hence, in these cases the importer has to file an IGM and Bill of Entry, claiming the exemption as may be applicable, at the time of initial import and later file fresh Bill of Entry at the time of breaking up of the vessel as per the condition attached to the aforesaid exemption.

In view of the above, it is clarified that in respect of foreign flag vessels, for Indian flag vessels, there is no requirement of filing of IGM and Bill of Entry, since its usage is as conveyance. In respect of Indian flag vessels and vessels for breaking up as explained in para 3.3 and 3.5 above, the importer has to file IGM and Bill of Entry, under the provisions of the Customs Act, 1962. As regards the vessel for conversion into costal run/trade as detailed in para 3.4, since the changes in the duty structure for levy of CVD on vessels which are being converted for coastal trade was initially imposed from 1.3.2011, and subsequently retrospective exemption has been provided for the period 1.3.2011 to 16.3.2011 vide clause 129 of the Finance Act, 2012, the requirement for filing IGM and Bill of Entry may be insisted in all such cases w.e.f. 17.03.2012, that is the date from which levy of CVD has come into force.

It is also clarified that all vessels including foreign going vessels for its entry into / exit from the country during its journey as foreign going vessel and the Indian flag vessel / Indian Ship for subsequent use as foreign going vessel would not require filing of IGM and Bill of Entry as conveyance, since the same are not imported goods to be cleared for home consumption.

Accordingly, the field formations may adjudicate the cases involving any violation where the IGM or Bill of Entry in respect of import of vessel were not filed at the time of import, on its first arrival in India or on its conversion into coastal trade and appropriate penal action be taken against the offenders.

The above instructions may be brought to the notice of all the concerned immediately through appropriate Public Notice.

**The following basic documents are to be filed along with the Bill of Entry:**

1. Invoice.
2. Indent and acceptance correspondence pertaining to the Imported goods.
4. Letter of credit or Bill of exchange.
5. Insurance policy or Insurance certificate.
6. Import licence (Customs purpose copy).
7. Small Scale Industries Certificate in respect of Imports sought to be covered under
Open General Licence (OGL) and Imports subjected to Actual Users (AU) conditions.

8. Catalogue, drawing, write up, analysis certificate as the case may be, in respect of the goods sought to be cleared.

9. Any other connected/relevant document.

CLEARANCE OF EXPORT GOODS

While there is very urgent need to promote exports and earn the most needed valuable foreign exchange/it does not necessarily mean that the export goods can be allowed without restriction and/or, without observing any formalities.

Export should be in accordance with rules and regulations to be implemented “at the point of exit” and the authority which can enforce such rules and regulations is the Customs Department. The following are the provisions pertaining to Exports of goods under Customs Act:

ENTRY OF GOODS FOR EXPORTATION (SECTION 50)

The exporter of any goods shall make entry thereof by presenting electronically to the proper officer in the case of goods to be exported in a vessel or aircraft, a shipping bill, and in the case of goods to be exported by land, a bill of export in the prescribed form.
However, the Commissioner of Customs may, in cases where it is not feasible to make entry by presenting electronically, allow an entry to be presented in any other manner.

The exporter of any goods, while presenting a shipping bill or bill of export, shall make and subscribe to a declaration as to the truth of its contents.

(i) The Customs allow imports/exports only through authorised places along the coast/across the land frontier and by air. For this purpose “customs ports”, “customs Airports”, “land customs stations” are notified by the Central Govt. under Section 7(a), (b) and (c) Customs Act, 1962.

(ii) The master of the vessel should not permit loading of the cargo before ‘Entry Outwards’ is granted by the Customs Department and export cargos can be taken on board the vessel or aircraft or a vehicle (for the land route), only under cover of a duly passed Shipping Bill/Bill of export with the permission of the proper (Customs) officer - (vide Sections 39 and 40 of the Customs Act, 1962).

(iii) In terms of Section 50 of the Customs Act, 1962 a shipping Bill or Bill of Export (in respect of exports through land route) is to be filed by the exporter or his authorised agent, in the prescribed form [prescribed under Shipping Bill and Bill of Export (Form) Regulations 1976 made under Section 157 of the Customs Act, 1962]

(iv) The Shipping Bill so filed should be assessed. The term “assessment” as defined under Section 2(2) of the Customs Act includes assessment to ‘nil’ duty also. Under Section 18 of the Customs Act, 1962 provisional assessment to duty of goods meant for export is possible under the circumstances indicated in that section. Thereafter the goods shall be examined physically and permitted shipment by means of passing on the shipping bill a ‘Let Export’ or ‘Let Ship’ order.

(v) The ‘assessable value’ for export as declared in the shipping bill should be in accordance with the provisions of Section 14 of the Customs Act, 1962. (Declared value is subject to verification as to its correctness or otherwise by Customs authorities).

(vi) For assessing the goods for export to duty and granting an order of ‘Let Export’ under Section 51 of the Customs Act, the export goods, should not be “prohibited goods” - prohibited for export under the Customs law or prohibited for export under any other law for the time being in force - The Customs Department in pursuance of Section 11(2)(u) of the Customs Act, 1962 is also empowered to prevent the contravention of any other law noticed in the course of export.

(vii) Power to confiscate the export goods, "attempted to be improperly exported" etc. has been endowed on the Customs Department under Section 113(a) to (l) of the Customs Act, 1962.

(viii) Under Section 114 of the Customs Act, "penalty for attempt to export goods improperly", on persons concerned could be imposed (in addition to confiscation of the goods), not exceeding five times the value of the goods.

(ix) It is also provided in Section 127 of the Customs Act, that award of confiscation and penalty by Customs shall not prevent infliction of any punishment by way of prosecution (in deserving deliberate and grave offences) under Section 132 and 135 read with Section 137 of the Customs Act, 1962.

**CLEARANCE OF GOODS FOR EXPORTATION (SECTION 51)**

Where the proper officer is satisfied that any goods entered for export are not prohibited goods and the exporter has paid the duty, if any, assessed thereon and any charges payable under
this Act in respect of the same, the proper officer may make an order permitting clearance and loading of the goods for exportation.

Provided that the Central Government may, by notification in the Official Gazette, permit certain class of exporters to make deferred payment of said duty or any charges in such manner as may be provided by rules.

Where the exporter fails to pay the export duty, either in full or in part, under the proviso to sub-section (2) by such due date as may be specified by rules, he shall pay interest on said duty not paid or short-paid till the date of its payment at such rate, not below five per cent and not exceeding thirty-six per cent per annum, as may be fixed by the Central Government, by notification in the Official Gazette."

**DOCUMENTATION FOR EXPORT**

For effecting shipments, the exporter or his agents should file a shipping bill electronically (Section 50 of the Customs Act), (the quadruplicate copy is filed for purposes of Export promotion). These shipping bills could be filed in the Custom House or Air Cargo Complex, 14 days before the arrival of the loading vessel/aircraft. However, the commissioner of customs may, in cases where it is not feasible to make entry by presenting electronically, allow an entry to be presented in any other manner. Steamer agents normally file applications in the custom House in advance of ‘grant of Entry outwards’ of the vessel. In the application they furnish, the particulars of the vessel viz. Name, Nationality, Tonnage, the port for which the vessel will load cargo, the nature of cargo, etc. Immediately on presentation of the application, a number called ‘Rotation No.’ (Export Manifest No. or Export General Manifest No.) is assigned. After the compliances of the above requirements the exporters or their agents may present the shipping bills for the export of their goods. Subsequently, after arrival of the vessel and when she is about to start loading export cargo, orders for ‘Entry Outwards’ are given by the Customs Authorities. In terms of Section 39 of the Customs Act, the person in charge of the vessel should not allow loading of cargo before the grant of Entry outwards. The facility afforded to the intending Exporters to file shipping bills immediately after the filing of “Application for Entry outwards” by steamer agents, which is normally done 14 days ahead of the arrival of the vessel, is to enable the exporters to complete all the customs formalities and keep the goods ready for loading.

**EXPORT GOODS AND TARIFF SCHEDULE**

The goods are properly classified for collection of export duty (under Second Schedule to Customs Tariff Act, 1985 – Export Tariff) and Cess (under Cess schedule) as the case may be, by indicating the rates there against. The Export Tariff is a selective Tariff and contains only 49 items. Articles not covered by any of these 49 items are not leviable to Export duty. Even in respect of these 49 items, the effective rate of duty has to be determined with reference to ‘exemption notifications’ issued under Section 25 of the Customs Act. Thus, very few items are actually liable to duty on export. The purpose/intention of the Government in having a “selective tariff” on the Export side is not to burden the Export goods with “duty” which would/may render them, not competitive, to whatever little extent, in foreign markets. Export duty is, therefore, levied and collected mostly on items in respect of which India enjoys a sellers market.

Commodities, as enumerated in the Cess Schedule, which forms part of the Customs Tariff (Working Schedule) attract cesses under various enactments (as detailed thereunder). Most of the commodities mentioned in the cess schedule require levy of cess at 1/2% ad-valorem (in addition to Export duty wherever export duty in respect of the commodity is leviable). In respect of some of the commodities “tariff values” are fixed by the Ministry (as indicated in the cess schedule) with effect from the first July of every year. In such cases/ the cess is calculated on the “tariff value” irrespective of the “invoice value”.

The assessable value of Export goods leviable to ad valorem duties (other than tariff valued items) is always the FAS (Free Alongside) values. In the shipping Bill this is indicated as “Real Value” also. This is derived from the contract value or the price contracted upon for export, between the Indian Exporter and the Foreign buyer. If the contracted price is anything other than FAS, then the value for customs purposes-FAS (the price for delivery at the place of Exportation - Section 14 of the Customs Act, 1962) is arrived at and duty is calculated on the FAS value so arrived at.

**SHIPMENT (EXPORT) UNDER CLAIM FOR DRAWBACK**

The term ‘drawback’ is applied to certain amount of duties of customs, sometimes the whole, sometimes only a part, paid back by Government on the exportation of commodities on which they were levied. To entitle goods to drawback, they must be exported to a foreign port, the object of the relief afforded by the drawback being to enable the goods to be disposed of in the foreign market as if they have never been taxed at all.

For Customs purposes “drawback” means the refund of custom duty, service tax and the Central Excise duty that are chargeable/charged on imported and indigenous materials and
services used in the manufacture of goods exported.

From the point of view of “Export Promotion” it is a relief of duty given to exporters, both manufacturer and merchant exporters.

There are two categories of materials which are used in the manufacture of goods exported, namely imported and indigenous. Consequently, drawback is to be paid in respect of three types of taxes: Import duty, service tax and Excise duty.

The provisions relating to drawback are enumerated in Chapter X, Sections 74 to 76 of the Customs Act, 1962. Of these, Section 75 deals with the payment of “drawback on Imported materials used in the manufacture of goods which are exported”.

Under Section 75(2) of the Customs Act, 1962, the Central Government is empowered to make rules for payment of drawback and such rules provide:

(a) for the payment of drawback equal to the amount of duty paid on the Imported materials used in the manufacture of goods or as is specified in the rules as the average amount of duty paid on the materials of that class or description of goods either by manufacturers generally or by any particular manufacturer.

(b) for the production of such certificates documents and other evidence in support of each claim of drawback, as may be necessary etc.

The rules made in this regard, read with Section 37 of the Central Excise Act, 1944 are called “The Customs and Central Excise Duties Drawback Rules, 1995.

CLAIM FOR DRAWBACK — EXPORTERS DECLARATIONS AND DOCUMENTS

In terms of the above said rules at the time of export of the goods the exporter inter alia shall:

(i) File a Shipping Bill “under claim for Drawback”. (Green Shipping Bill)

(ii) State in the above said Shipping Bill, the description quantity and such other particulars as are necessary for deciding whether the goods are entitled to drawback and if so at what rate or rates.

(iii) File the documents as enumerated already and the Customs formalities to be completed for shipment are the same as detailed above in respect of goods shipped under claim for drawback also under cover of a “Green Shipping Bill”.

On completion of shipments the drawback claimed on exports is scrutinised in the drawback department or the drawback unit of the Custom House or Air Cargo Complex and payments are made by cheques drawn in favour of banks as nominated by Exporters.

PROCEDURE FOR EXPORTS THROUGH INLAND CONTAINER DEPOTS

(i) Introduction

Shipping is the cheapest way to transport goods. The cost per mile of water borne cargo is half the cost of any other form of long distance transport. Cargo comes in all shapes and sizes.

Each item of cargo must be individually arranged, counted, handled and put on board the ship according to a detailed cargo plan. This involves time and man-power and is costly. Therefore, it is quicker and cheaper to have cargo of a standard shape and size which is easy to handle and stack. Such a cargo type is termed a “Unit load” which in transportation usually means a “container”.

(ii) Evolution

In response to “Cost cutting” and “time saving” requirements of modern trade
“containerisation” has come about in the past decade. This system was introduced in “sea transport” in 1949 when John Wollan sent a “box” of sports goods across Irish sea. The “white pass and Yukon route” introduced deep sea container traffic from Canada and the world’s first fully integrated container service came into being in 1955. The world’s largest container shipping service was founded in USA-Malcolm Mc Clean Service.

A modified version of ‘containerisation arose in 1968. It is known as “Lighter” aboard ship”- FLASH. In the flash system, lighters are loaded on the shore and floated out to the ship waiting off-shore. The ship lands the lighters on board with its own crane (Gantry crane) and stacks them there high like containers. At the port of arrival the lighters are unloaded and floated to shore. This saved/saves both port costs and cuts time spent waiting for an empty berth.

(iii) Conventional cargo ships vis-a-vis container ships

Conventional cargo ships are not being swept away from the seas by containerisation. Only on certain busy routes as the North Atlantic run/ has the switch over to containers been near complete. Elsewhere, the conventional cargo, ship has maintained its hold. For a small port handling a few thousand tonnes of cargo, it does not make economic sense to instal a container berths handling equipment and road and rail connections. Conventional cargo ships are helped by the fact that not all cargoes will economically containerise. Such cargoes are usually large (logs for instance) or heavy (steel plates). Another requirement in respect of containers is that for “every box” at sea another three are needed on land; one at the port of departure, one at the port of arrival and one being repaired.

(iv) What is a Container?

A container is simply a box. It is no more complex than a truck body, a railway freight van or a ship’s hold. Containers are made of aluminium, steel, fibre glass or plywood for lightness with steel frames to give strength. Standard sizes for containers are 40, 20, or 10 feet long, 8ft. wide and 8ft. in height. Some have open tops or sides for loading special cargo. Liquids are carried in boiler shaped tanks surrounded by rectangular frame work. Other containers are insulated or refrigerated and are constructed according to International standards and inspected by Insurance companies.

(v) How are they loaded on the ship

Container ships are built in vertical cells. The container slips into position in each cell down guide rails. The containers sit on the top of each other in the ship’s hold. Container ships towards insuring loss over board, are designed with distinctive concave low shapes to keep waves clear of the decks.

(vi) Handling of containerised cargo in India

In India, procedures have been drawn up for handling containerised cargo both on the Import and Export side. The Import and Export Cargo containerisation presupposes formation of Inland Container Depots and should have the necessary arrangement and infrastructure of rail and road connections.

Inland Container Depots can be opened or can come up only in places which are appointed places for unloading of Imported goods and the loading of Export goods or any class of such goods by Central Government, by notification in the official gazette as contemplated under Section 7 of the Customs Act, 1962. In the Southern Region, Bangalore, Coimbatore and Anaparte (near Guntur) have been declared as I.C.Ds.

(vii) Categories of Containerised Cargo
Containerised Cargo is divided into two categories viz. Full Container Load (FCL) and Loose Container Load (LCL). By FCL, it is understood that the entire cargo in a particular container belongs to a single consignee of a particular port, place, while LCL denotes container containing several consignments (Break Bulk) belonging to various consignees of a particular port/place.

(viii) Short Shipment Notice

In the event of the Export goods passed for shipment, not shipped (shut out) or short shipped, Short Export Rules, 1963, framed in exercise of powers conferred on the Central Government, under Section 156 Customs Act, 1962, require information of short shipment non-shipment (shut out) to be given to the customs department before the expiration of 7 days from the date of the departure of the vessel. Failure to comply with this provision entails penalty not exceeding `100/-.

No particular form for intimating short shipment or non-shipment (shut out) of goods has been “prescribed” as “form of Notice” under Short Export Rules. But for the convenience, the trade has been notified to file such notices in Triplicate with the required particulars in Annexures `A` and `B` to this study.

On receipt of Short-shipment/non-shipment (shut out) notices, the Customs Department returns one copy to the Exporters or to their agents duly acknowledging the receipt of the notice; sends one copy to Reserve Bank of India who are policing the repatriation of Export sale proceeds from abroad, as declared on the GR form and the third copy is connected to the relative Shipping Bill in the Export Manifest of the vessel filed by the Steamer agents. One Short shipment/non-shipment notice is required to be filed for each Shipping Bill. Failure to comply with the above requirement, apart from causing inconvenience to the Exporters, in explaining the short realisation of the export sale proceeds to the Reserve Bank of India, at the appropriate time, will render the Exporters and/or their agents liable for penal action under Rule (3) of the Short Export Rules, 1963.

(ix) Amendment application in lieu of Short Shipment Notices

In the event, the goods covered by a Shipping Bill have been “shut out” in full, the Shippers/Exporters are allowed to amend the ship’s/vessel’s name on the shipping bill, when the new ship had “entered outwards” in the port, and ship the goods. This can be done provided the period allowed under the notice of Short Export Rules, 1963 (viz. 7 days) had not lapsed.

PROCEDURE FOR EXPORTS OF CONTAINERISED CARGO FROM INLAND CONTAINER DEPOTS

The exporters file shipping bills at the I.C.D. The Shipping Bills will be filed in five copies, original, duplicate, triplicate and two transference copies which are in distinct colors for easy identification and handling. The documents that are to be filed along with the shipping bills are as detailed earlier. In addition to the usual information given on the shipping bills the exporters should mention the Port of Exit and the serial number of the containers. Each container will have different marks and numbers.

Classification and assessment will also be completed at the I.C.D, following usual prescribed checks and formalities as detailed already. The original shipping bill will be retained and the other copies handed over to the exporters for completion of examination and other formalities.

The exporters will submit alongwith the shipping bills the set of G.R. forms (original/duplicate). The “Full Export Value” will be verified as usual on the G.R. Form; original copy of G.R. will be detached at the I.C.D. and will be sent direct to the Reserve Bank of India. The duplicate copy of the G.R. form will be handed over to the exporter alongwith the shipping bills.
The export goods, will be presented to the ‘Customs Officer in the “I.C.D. along with the Shipping Bills”. The examination will be conducted in accordance with the procedure prescribed for examination of export goods after which the goods will be allowed to be “stuffed” into the containers under Customs supervision. The quantity of goods loaded (number of packages etc. shut out) will be recorded on the shipping bill. Once the goods are loaded into the container, the containers will be sealed with “one time lock” containing identification details as supplied by the Railway and record maintained for the same with the I.C.Ds. Simultaneously, with the stuffing of the goods inside the containers, the exporters will prepare in quadruplicate, the invoices and container-wise packing weight specifications indicating inter alia the number of packages (with marks and numbers, if any), description and total quantity, net weight/packed in each container along with the corresponding shipping bill number. The Customs officers will certify these details on the invoice/packing list. Duplicate copy of the shipping bill will be retained in the I.C.D. and triPLICATE handed over to the exporter.

The two transference copies of the Shipping bills will be placed in a sealed envelope and handed over to the carriers (Railways) who will be responsible for its being carried along with the container and its production to the Customs officer at the port of exit.

At the exit Ports the containers will be allowed to be exported under customs (preventive) supervision on checking of the seals without any further examination (examination will only be done if the seals of the containers are found to have been tampered with or on the basis of any information, doubts etc.) The Preventive officer who will be supervising the loading of the containers will suitably endorse the two transference copies of the shipping bills regarding the fact of shipment.

At the Port of Exit, the Steamer Agents will also file the export manifesto in duplicate regarding the containerised cargo in the ‘container cell’ to the Preventive Department of the respective Custom House. After shipment of the goods, one transference copy of the shipping bill will be returned to the respective I.C.D.

The Export Manifest transference copies of the shipping bill and the weekly statement received from the Custom House (Exit ports) will be correlated for finalisation of drawback claims/Closure of export manifest, etc. at the ICD.

### III. GOODS IN TRANSIT (SECTION 52 TO 56)

A conveyance / vessel may reach a port but may not unload the goods at that port. It may halt at the port for any other purpose such as repairs, replenishment of supplies, refueling etc. Once the purpose is over, it may start sailing to the destination port. In this case two ports are involved. Halting port (known as transit port) intermediate port and destination port (called as port of clearance). Such a phenomenon of temporary stay at a port other than a destination port is called transit goods. In transit goods same vessel reaches the port of clearance.

In transhipment, the vessel reaching an intermediate port, transfers the goods to another vessel and the second vessel into which the goods are transferred (loaded) from the 1st vessel, carries the goods to the destination port.

**Example:** a ship A comes to Mumbai from South Africa and some goods are transhipped (transferred) to some other ship B and the goods are meant to be delivered at Cochin port (destination port) A goes back to South Africa after delivery at Mumbai port and the B reaches Cochin, transshipment took place at Mumbai port.

In transhipment, the vessel reaching an intermediate port, transfers the goods to another vessel and the second vessel into which the goods are transferred (loaded) from the 1st vessel, carries the goods to the destination port. Thus, in transhipment, at least two vessels are involved. And in the case of
both transit and transshipment, the destination port may be Indian Port or Foreign port but the transit/transshipment port is necessarily Indian.

Customs Act, 1962 contains separate provisions for goods in transit in Chapter VIII of the Act. This Chapter consists of Sections 52 to 56. Section 52 of the Act makes it very clear that the provisions of Chapter VIII do not apply to:

(a) baggage;
(b) goods imported by post;
(c) stores.

Sections 53, 54 and 55 also allow for the transit and transhipment of goods in the following circumstances:

(a) where goods have arrived in India at a land customs station and are intended to be transhipped to another land customs station or to a port or airport outside India;
(b) where goods have been carried in a conveyance other than a vessel or aircraft; and
(c) where goods that have arrived at the port or airport on a vessel or aircraft are required to be transhipped to a land customs station.

The details of the provisions of the Chapter are discussed herein below:

**TRANSIT OF CERTAIN GOODS WITHOUT PAYMENT OF DUTY (SECTION 53)**

Section 53 of the Act deals with this. Accordingly, any goods imported in a conveyance and mentioned in the import manifest or the import report, as the case may be, as for transit in the conveyance to any place outside India or any Customs station may be allowed to be so transited without payment of duty, subject to such conditions, as may be prescribed.

The provisions of Section 53 are subject to the provisions of Section 11. It should be noted that Section 53 talks about transit of goods in the same conveyance and not transhipment of goods from one conveyance to another. (Section 54 deals with transhipment of goods imported into India, from one land customs station to another land customs station or to a port or airport outside India).

**TRANSHIPMENT OF CERTAIN GOODS WITHOUT PAYMENT OF DUTY (SECTION 54)**

Section 54 of the Act provides that where any goods imported into a Customs station are intended for transshipment, a bill of transhipment shall be presented to the proper officer in the prescribed form. But where the goods are being transhipped under an international treaty or bilateral agreement between the Government of India and Government of a foreign country, a declaration for transhipment instead of a bill of transhipment shall be presented to the proper officer in the prescribed form.

Section 54(2) provides that where any goods imported into a Customs station are mentioned in the Import Manifest or import report as the case may be, as for transshipment to any place outside India, such goods may be allowed to be so transhipped without payment of duty. The provisions of Sub-section (2) of Section 54 are subject to the provisions of Section 11.

Sub-section (3) of Section 54 provides that where any goods imported into a Customs station are mentioned in the Import Manifest or import report, as the case may be, as for transshipment:

(a) to any major port as defined in the Indian Ports Act, 1908 or the Customs Airport at Mumbai, Calcutta, Delhi or Chennai or any other Customs port or Customs airport
which the Board may, by Notification in the Official Gazette, specify in this behalf, or

(b) to any other Customs station and the proper officer is satisfied that the goods are bona
fide intended for transhipment to such Customs station, the proper officer may allow
the goods to be transhipped without payment of duty subject to such conditions as
may be prescribed for the due arrival of such goods at the Customs station to which
transhipment is allowed.

LIABILITY OF DUTY ON GOODS TRANSITED UNDER SECTION 53 OR TRANSHIPPED
UNDER SECTION 54 (SECTION 55)

Under Section 55 of the Act, where any goods are allowed to be transitted or transhipped
under Sections 53 and 54 respectively, to any Customs station, they shall, on their arrival at
such station, be liable to duty and shall be entered in like manner as goods are entered on the
first importation thereof and the provisions of this Act and any rules shall so far as may be,
apply in relation to such goods.

TRANSPORT OF CERTAIN CLASSES OF GOODS SUBJECT TO PRESCRIBED
CONDITIONS (SECTION 56)

Sometimes imported goods may be transported from one part of the country to another part of
the country through a foreign territory because of geographical and other constraints. Under
the circumstances, Section 56 provides that imported goods may be transported without
payment of duty through any foreign territory subject to the Transportation of Goods (Through
Foreign Territory) Regulations, 1965. These regulations contemplate the following procedure.
Regulations 3 and 10 of these Regulations are extracted herein below:

1. **Consignor to deliver a Bill:**
   (a) Whenever any goods to which these regulations apply are to be transported, the
       consignor of the goods shall make entry to that effect by presenting to the proper
       officer a bill (in duplicate) in the form specified in Appendix C to these Regulations.
   (b) Every such consignor shall, while presenting the bill, make and subscribe to a
       declaration at the foot thereof as to the truth of its contents.

2. **Permission to load goods, etc.**:
   (a) the bill relating to them after approval by, and
   (b)  a written permission to load the goods from,
       proper officer are received by him.

    conveyance, the consignor or the person-in-charge of the vessel shall be required to
    execute a bond in such form and with such surety or sufficient security as the proper
    officer may demand, binding himself in an amount not exceeding the value of the
    goods.

4. **Duties of the person-in-charge of the conveyance**:
   (1) On receipt of the documents referred to in regulation 4, the person-in-charge of the
       conveyance shall prepare as many sets of Manifest (in triplicate) in the Form
       specified in Appendix B to these regulations in respect of such goods as there are
       customs stations to be passed through on the route.

       He shall, immediately, on arrival at an customs station of delivery or re-entry, deliver
       a set of the manifest along with the bill or bills relating to the goods to the proper
       officer at the customs station.
(2) The proper officer shall, after making the necessary checks, make an endorsement on the manifest, retain one copy of the manifest and return the other two copies to the person-in-charge of the conveyance.

(3) The person-in-charge of the conveyance shall retain one of the two copies for carrier’s record and present the other to the proper officer at the loading station.

(4) The person-in-charge of the conveyance carrying such goods shall not leave the customs station until a written permission has been given by the proper officer after checking the manifest presented to him under the regulation.

5. **Delivery of bills at the destination station:** The person-in-charge of the conveyance shall carry with him on the journey all the bills relating to the goods delivered to him and shall immediately on arrival at any customs station, deliver to the proper officer such of the bills as relate to the goods unloaded at that station.

6. **Clearance of goods:** Such goods, after being unloaded at any customs station, shall not be cleared unless the proper officer gives a written permission that all the goods so unloaded are entered in the bill or bills delivered to him under these Regulations.

7. **Terms of the bond:** The condition of the bond to be executed under Regulation 5 shall be that if the person-in-charge of the conveyance or the consignor produces proof within a time stipulated in the bond or such extended time as the proper officer may permit that the goods have been produced before the proper officer at destination the bond shall be void; and if such proof be not furnished the executor of the instrument shall be liable to pay an amount equal to the export duty leviable on the goods and such penalty as may be adjudged or imposed by the proper officer under the Customs Act, 1962, the Imports and Exports (Control) Act, 1947 (18 of 1947) or the Foreign Exchange Management Act, 1999 and shall also be liable to forfeit the whole amount of the bond.

8. **Execution of general bond:** Notwithstanding anything contained in these Regulations, the proper officer may permit the person-in-charge of the conveyance or the consignor of goods to enter into a general bond in such form and with such surety or security as the proper officer may deem fit, in respect of transport of goods as above said to be effected from time to time”.

PART II: WAREHOUSING, DUTY DRAWBACK, BAGGAGE AND MISCELLANEOUS PROVISIONS

After completion of this part students will be familiar with
- Warehousing provisions
- What are the conditions to be satisfied for warehousing of goods
- The duty drawback provisions
- Baggage provisions and rules thereon
- Provisions pertaining to postal goods
- Goods imported or exported by post and store
- Provisions relating to coastal goods and vessels carrying coastal goods

This part is divided into six sub parts:
I. Warehousing (Section 57 to 73)
II. Drawback
III. Baggage (Section 77 to 81)
IV. Goods imported or export by Post (Section 82 to 84)
V. Stores (Section 85 to 90)
VI. Provisions relating to Coastal goods and Vessels carrying coastal goods (Section 91 to 99)

I. WAREHOUSING (SECTION 57 TO 73)

Goods imported from abroad may be cleared straightaway by the Importers by filing the Customs Clearance document, the Bill of Entry for Home Consumption (White Bill of Entry) along with all the documents, such as Invoice, Purchase Contract, Import Licence (Wherever necessary) and all connected and relevant documents. The above requirements for clearance are stipulated in Section 46 of the Customs Act, 1962.

Section 46 of the Customs Act, 1962 provides that importer shall file a Bill of Entry, either for Home consumption or for Warehousing, in the “prescribed form”. Therefore, the importers who do not intend clearing the imported goods for “Home consumption” may choose to “warehouse” the goods (store the goods under Customs control/custody) and clear the same subsequently either wholly or in part, in piecemeal, on payment of Customs duty.

Warehousing is a very useful facility in export import business. Importer can deposit the dutiable goods in a bonded warehouse without payment of duty. This facility is available to traders as well as importers.

Warehousing facility is availed for the following reasons:
(i) The importer may not require the goods immediately.
(ii) He may intend to clear the goods under advance authorisation scheme without payment of import duty if authorization is not on hand at the time of import then he can deposit first and submit the authorization at the time of clearance.
(iii) The importer may not have enough funds to make payment of duty immediately.
(iv) He intends to re-export the imported goods after some process/ repacking, repairing etc.
(v) He wants to avoid heavy demurrage charges imposed by the port.
(vi) Any other reason the importer feels it convenient.

The prescribed form referred to in Section 46 of the Customs Act 1962 also includes the Bill of Entry for warehousing. This form is also referred to and understood by the following names:

(a) “Into Bond” Bill of Entry;
(b) “Yellow” Bill of Entry;
(c) “Warehousing” Bill of Entry; and
(d) “Buff” Bill of Entry.

The term “warehouse” for the purposes of the application of the provisions of the Customs Act, 1962 has been defined under Section 2(43) of the Act, as under:

“warehouse” means a public warehouse licensed under section 57 or a private warehouse licensed under section 58 or a special warehouse licensed under section 58A;

Warehouses either “public” or “private”, could be “licensed” as above said, only at the places declared by the Central Board of Excise and Customs to be “warehousing stations” by means of notifications in the official gazette. Therefore, warehouses cannot be “licensed” in all places. [Section 9 of the Customs Act, 1962].

In earlier years, the port towns adjacent to the major ports and contiguous areas thereto, which were easily accessible and which could be kept under control of the respective Customs “Warehouse” only was declared as “warehousing stations”. For the purpose of convenience, entire cities, talukas, in such cases were generally declared as warehousing stations, generally or for specific purposes.

Consequent upon the increased requirements for adequate warehousing facility, of the trade and industry, now the Government of India’s policy in respect of Public (Bonded) warehousing, is to declare selected places, in the areas other than port areas, namely in Inland/Interior areas, as “warehousing stations” under Section 9 of the Customs Act, 1962. 

The object behind “licencing of Public (Bonded) warehouses Private (Bonded) warehouses or special warehouses” is to afford a facility to the Importers to deposit the imported goods for the specified period, before they are cleared for home consumption or re-export.

Chapter IX (Sections 57 to 73) deals with various provisions relating to warehousing of import goods. These provisions may be broadly divided into the following headings:

1. Appointment of public warehouses (Section 57).
2. Licensing of Private warehouses (Section 58).
3. Warehousing bond (Section 59).
4. Permission for deposit of goods in a warehouse (Section 60).
5. Period for which goods may remain warehoused (Section 61).
6. Control over warehoused goods (Section 62).
7. Payment of rent and warehouse charges (Section 63).
8. Owner’s right to deal with warehoused goods (Section 64).
9. Manufacture and other operations in relation to goods in a warehouse (Section 65).
10. Power to exempt imported materials used in the manufacture of goods in warehouse (Section 66).
11. Removal of goods from one warehouse to another (Section 67).
12. Clearance of warehoused goods for home consumption (Section 68).
13. Clearance of warehoused goods for exportation (Section 69).
14. Allowance in case of volatile goods (Section 70).
15. Procedure for taking out/removal of goods from warehouse (Sections 71 and 72).
16. Cancellation and return of Warehousing bond (Section 73).

The above provisions, as amended, are explained as under:

1. APPOINTMENT OF PUBLIC WAREHOUSES (SECTION 57)

At any warehousing station, the Principal Commissioner of Customs or Commissioner of Customs may, subject to such conditions as may be prescribed licence public warehouses wherein dutiable goods may be deposited (Section 57). Goods meant for re-export can be warehoused in these warehouses without payment of duty. The scope and functions of the scheme of appointment of public warehouses as well as the procedure to be followed are normally explained in detail through the Commissionerate’s trade notices issued from time to time.

The Government of India’s policy in respect of Customs Public Bonded Warehousing is mainly to provide adequate warehousing facilities at selected places in the interior keeping in view the requirement of the trade and industry, the proximity to the ports of import and the availability of Customs expertise. Such public bonded warehouse in inland area are generally managed and controlled by the Central Warehousing Corporation.

2. LICENSING OF PRIVATE WAREHOUSES (SECTION 58)

At any warehousing station, the Principal Commissioner of Customs or Commissioner of Customs may, subject to such conditions as may be prescribed, licence private warehouses wherein dutiable goods imported by or on behalf of the licensee may be deposited. [Section 58].

The object of warehousing is to allow the facility to trade of deferring payment of duty on imported goods upto the period permissible under Section 61.

The Finance Act, 2016 has inserted section 58 A in chapter IX of the Customs Act. The objective is provide for a new class of warehouses which require continued physical control and will be licensed for storing goods, as may be specified.

Section 58 A reads as under:

**SECTION 58A. Licensing of Special Warehouses** - (1) The Principal Commissioner of Customs or Commissioner of Customs may, subject to such conditions as may be prescribed, license a special warehouse wherein dutiable goods may be deposited and such warehouse shall be caused to be locked by the proper officer and no person shall enter the warehouse or remove any goods therefrom without the permission of the proper officer.

(2) The Board may, by notification in the Official Gazette, specify the class of goods which shall be deposited in the special warehouse licensed under sub-section (1).

The Board has issued a notification under sub-section (2) of section 58A (66 / 2016 – Cus (NT)
dated 14th May 2016) notifying the class of goods to which the provisions shall apply. The Board has also notified Special Warehouse Licensing Regulations, 2016 and the Special Warehouse (Custody and Handling of Goods) Regulations, 2016. Goods which shall be deposited in the special warehouses are as follows:

- Gold, silver, other precious metals & semi-precious metals and articles thereof
- Goods warehoused for the purpose of:
  - Supply to duty free shops in a customs area
  - Supply as store to vessels or aircrafts
  - Supply to foreign privileged persons.

**CANCELLATION OF LICENCE (SECTION 58B)**

A New section 58B has been inserted by Finance Act, 2016 so as to regulate the process of cancellation of licences which is a necessary concomitant of licencing. The section provides that where a licensee contravenes any of the provisions of this Act or the rules or regulations made thereunder or breaches any of the conditions of the licence, the Principal Commissioner of Customs or Commissioner of Customs may cancel the licence granted under section 57 or section 58 or section 58A.

The licensee shall, however, be given a reasonable opportunity of being heard before any licence is cancelled.

The Principal Commissioner of Customs or Commissioner of Customs may, without prejudice to any other action that may be taken against the licensee and the goods under this Act or any other law for the time being in force, suspend operation of the warehouse during the pendency of an enquiry under section 58B(1).

Where the operation of a warehouse is suspended in the above case, no goods shall be deposited in such warehouse during the period of suspension. Provided that the provisions of this Chapter shall continue to apply to the goods already deposited in the warehouse.

Where the licence issued under section 57 or section 58 or section 58A is cancelled, the goods warehoused shall, within seven days from the date on which order of such cancellation is served on the licensee or within such extended period as the proper officer may allow, be removed from such warehouse to another warehouse or be cleared for home consumption or export:

Provided that the provisions of this Chapter shall continue to apply to the goods already deposited in the warehouse till they are removed to another warehouse or cleared for home consumption or for export, during such period.

**3. WAREHOUSING BOND (SECTION 59)**

Pursuant to the enactment of the Finance Bill 2016, section 59 of the Customs Act, 1962 stands amended consequent to which, an importer is to execute a triple duty bond at the customs station of import with respect to the goods to be cleared for deposit in a warehouse. The bond will remain valid till the warehoused goods are duly cleared for home consumption or for export from the warehouse and will also cover the movement of goods from the customs station of import to the warehouse or from one warehouse to another as well as for the due accounting of goods while stored in a warehouse.

The amended section 59 reads as under:

The importer of any goods in respect of which a bill of entry for warehousing has been
presented under section 46 and assessed to duty under section 17 or section 18 shall execute a bond in a sum equal to thrice the amount of the duty assessed on such goods, binding himself—

- to comply with all the provisions of the Act and the rules and regulations made thereunder in respect of such goods;
- to pay, on or before the date specified in the notice of demand, all duties and interest payable under sub-section (2) of section 61; and
- to pay all penalties and fines incurred for the contravention of the provisions of this Act or the rules or regulations, in respect of such goods.

The Assistant Commissioner of Customs or Deputy Commissioner of Customs may permit an importer to execute a general bond in such amount as the Assistant Commissioner of Customs or Deputy Commissioner of Customs may approve in respect of the warehousing of goods to be imported by him within a specified period. [Section 59 (2)].

The importer shall, in addition to the execution of a bond under furnish such security as may be prescribed. [Section 59(3)].

Any bond executed under this section by an importer in respect of any goods shall continue to be in force notwithstanding the transfer of the goods to another warehouse. [Section 59(4)].

Where the whole of the goods or any part thereof are transferred to another person, the transferee shall execute a bond in the manner specified. [section 59(5)]

4. PERMISSION FOR DEPOSIT OF GOODS IN A WAREHOUSE (SECTION 60)

When the provisions of section 59 have been complied with in respect of any goods, the proper officer may make an order permitting removal of the goods from a customs station for the purpose of deposit in a warehouse. (Section 60).

Where an order is made the goods shall be deposited in a warehouse in such manner as may be prescribed.

Procedure towards clearance of imported goods for warehousing needs to be explained in brief at this stage.

- Section 46 of the Customs Act, requires an importer (or his agent) (Custom Broker) to file a Bill of Entry either for Home consumption or for Warehousing.
- If an importer intends to deposit his consignment in a private or public (bonded) warehouse he will have to file a Bill of Entry for warehousing (yellow in colour) in quadruplicate in the Import Department of the Custom House/or in Air Cargo Complex.
- The Bill of Entry is “noted” in the import manifest of the respective vessel or aircraft and returned to the importer or his agent for presentation in the concerned Appraising/assessing Group in the Custom House/Air Cargo Complex.
- The Assessing Officer checks the quantity, value, description etc. of the goods imported and as declared in the Bill of Entry.
- He classifies the imported goods in accordance with the Customs Tariff and Central Excise Tariff (for countervailing duty) and indicates the classification and the rates of duties applicable to the goods.
- The Bill of Entry so assessed is subject to counter-check by the Group Assistant Commissioner.
- After counter check the amount of duty is calculated/quantified and indicated suitably on
the Bill of Entry.

- In the above process of assessment, the assessing officer also verifies the coverage of the goods by the Import Licence produced, particularly wherever the goods are to be covered by an Import Licence validity. It is pertinent to note that the goods could be permitted to be warehoused only on their Valid Import. Thus, the Import Licence and other connected formalities are also completed.

- The Bill of Entry is thereafter returned to the importer.

- The importer should execute a bond as required in Section 59 of the Customs Act for thrice the amount of duty leviable/balance on the goods.

- Instead of executing bonds for each consignment imported, an importer may also furnish a general bond for a lumpsum covering thrice the amount of duty leviable on goods to be imported by him during a specified period (6 months, one year, etc.).

- The bond Department after completing all the required formalities including acceptance of the triple duty bond, will return the warehousing Bill of Entry to the Importer/Customs Broker after stamping the Bill of Entry with an endorsement “returned to the importer”. This endorsement on all the copies of the Bill of Entry will also indicate the date on which the Bill of Entry has been returned to the Importer/Customs Broker.

- In cases where the Assessing Officer in the Group desires that the goods should be examined or tested before assessment, examination of the goods and verification of fitness for bonding are done by the Docks Air Cargo Appraising Staff.

Thereafter, the Assessing Officer makes the assessment by indicating the rates of duties applicable to the goods. In such cases the “pass into bond” order is signed by the Preventive Superintendent incharge of the Bonds Department after Assistant Commissioner (Bonds) has accepted the importer’s bond for thrice the amount of duty payable.

**5. PERIOD FOR WHICH GOODS MAY REMAIN WAREHOUSED (SECTION 61)**

Sub section (1) of section 61 provides that any warehoused goods may remain in the warehouse in which they are deposited or in any warehouse to which they may be removed,--

(a) in the case of capital goods intended for use in any hundred per cent export oriented undertaking or electronic hardware technology park unit or software technology park unit or any warehouse wherein manufacture or other operations have been permitted under section 65, till their clearance from the warehouse;

(b) in the case of goods other than capital goods intended for use in any hundred per cent. export oriented undertaking or electronic hardware technology park unit or software technology park unit or any warehouse wherein manufacture or other operations have been permitted under section 65, till their consumption or clearance from the warehouse; and

(c) in the case of any other goods, till the expiry of one year

from the date on which the proper officer has made an order section 60(1)

Provided that in the case of any goods referred to in this clause, the Principal Commissioner of Customs or Commissioner of Customs may, on sufficient cause being shown, extend the period for which the goods may remain in the warehouse, by not more than one year at a time.

Provided further that where such goods are likely to deteriorate, the period referred to in the first proviso may be reduced by the Principal Commissioner of Customs or Commissioner of Customs to such shorter period as he may deem fit.

Where any warehoused goods specified in clause (c) of sub-section (1) remain in a warehouse
beyond a period of ninety days from the date on which the proper officer has made an order under sub-section (1) of section 60, interest shall be payable at such rate as may be fixed by the Central Government under section 47, on the amount of duty payable at the time of clearance of the goods, for the period from the expiry of the said ninety days till the date of payment of duty on the warehoused goods:

Provided that if the Board considers it necessary so to do, in the public interest, it may,—

(a) by order, and under the circumstances of an exceptional nature, to be specified in such order, waive the whole or any part of the interest payable under this section in respect of any warehoused goods;

(b) by notification in the Official Gazette, specify the class of goods in respect of which no interest shall be charged under this section;

(c) by notification in the Official Gazette, specify the class of goods in respect of which the interest shall be chargeable from the date on which the proper officer has made an order under sub-section (1) of section 60.

Explanation.-- For the purposes of this section,—

(i) “electronic hardware technology park unit” means a unit established under the Electronic Hardware Technology Park Scheme notified by the Government of India;

(ii) “hundred per cent. export oriented undertaking” has the same meaning as in clause (ii) of Explanation 2 to sub-section (1) of section 3 of the Central Excise Act, 1944; and

(iii) “software technology park unit” means a unit established under the Software Technology Park Scheme notified by the Government of India.

RELEVANT POINTS TO BE NOTED UNDER SECTION 61

As per Budget 2016, hundred per cent export oriented undertaking or electronic hardware technology park unit or software technology park unit can deposit capital goods or any warehouse wherein manufacture or other operations have been permitted under section 65, till their clearance from the warehouse.

— Interest @ 15% is payable for the goods deposited beyond the permissible period. This is calculated on the amount of duty payable.

— No interest is payable when no duty is finally payable at the time of clearance from the warehouse [Pratibha Processors, 1996. S.C. and National Steel Industries Ltd. (H.C.) 2002].

— When the permission for extension was not granted, the importer has an option to prefer an appeal before CESTAT.

CBEC Circular 15/ 2009 Issue: Whether interest for delayed payment on goods cleared from warehouse after the clearance of B/E is payable as per Section 47(2) of the Act.

Clarification: No, Section 47 is applicable for direct clearance of goods from port area. So, interest provisions under section 47 are not applicable for clearance made from warehouse under Section 68.

Note: Under Section 47(2), interest is payable if the duty is not paid within 2 working days after the clearance of white B/E submitted for clearance for home consumption.
SECTION 61 OF THE CUSTOMS ACT, 1962 AFTER EXPIRY OF THE WAREHOUSING PERIOD

1. Section 61 of the Customs Act, 1962 lays down the period for which the imported goods can be warehoused. The first proviso to this section provides that the period of warehousing prescribed, on sufficient cause being shown, can be extended for a period not exceeding one year at a time by the Principal Commissioner of Customs or Commissioner of Customs.

2. A doubt has arisen whether extension in the warehousing period can be granted when the application for extension is moved after the expiry of the initial or extended warehousing period. Section 61 of the Customs Act, 1962 is silent on this issue.

3. In order to arrive at a uniform practice in granting such extensions, the matter was examined in consultation with Ministry of Law. Consequently, it was been decided that the importers may be advised to file such applications for extensions in the warehousing period to the proper authority well before the expiry of initial/extended period of warehousing.

4. However, in cases of exceptional circumstances, the extensions in the warehousing period can be considered and granted even after the expiry of initial/extended warehousing period. In all such cases, the jurisdictional Chief Commissioner may himself decide the request for extension after taking into consideration the exceptional circumstances, the nature of the commodity, the rate of duties, particularly, whether the same results in loss of revenue to the government, the licensing aspects involved etc. [M.F. (D.R.) Circular No. 12/98-Cus., dated 6.3.1998].

Section 62 relating to physical control over warehoused goods has been omitted by Finance Act, 2016 since the conditions for licensing different categories of warehouses and exercising control over the same have now been provided under sections 57, 58 and 58A. Section 63 relating to payment of rent and warehouse charges has also been omitted in view of the privatization of services, and free market determination of rates, including those by facilities in the public sector.

6. OWNER’S RIGHT TO DEAL WITH WAREHOUSED GOODS (SECTION 64)

The owner of any warehoused goods may, after warehousing the same,—

(a) inspect the goods;

(b) deal with their containers in such manner as may be necessary to prevent loss or deterioration or damage to the goods;

(c) sort the goods; or

(d) show the goods for sale.

(Section 64).

7. MANUFACTURE AND OTHER OPERATIONS IN RELATION TO GOODS IN A WAREHOUSE (SECTION 65)

The owner of any warehoused goods may carry on any manufacturing process or other operations in the warehouse in relation to such goods, with the permission of the Principal Commissioner of Customs or Commissioner of Customs and subject to such conditions and on payment of such fees as may be prescribed [Section 65(1)].

Where in the course of any operations permissible in relation to any warehoused goods under Sub-section (1) there is any waste or refuse, the following provisions will apply:

(a) if the whole or any part of the goods resulting from such operations are exported,
import duty shall be remitted on the quantity of the goods contained in so much of the waste or refuse as has arisen from the operations carried on in relation to the goods exported, provided that such waste or refuse is either destroyed or duty is paid on such waste or refuse as if it had been imported into India in that form;

(b) if the whole or any part of the goods resulting from such operation are cleared from the warehouse for home consumption, import duty shall be charged on the quantity of the warehoused goods contained in so much of waste or refuse as has arisen from the operations carried on in relation to the goods cleared for home consumption [Section 65(2)].

Treatment of Waste and Scrap: Dutiability of scrap is as follows:

<table>
<thead>
<tr>
<th>Final product exported</th>
<th>Scrap destroyed /exported</th>
<th>No duty on either.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Final product exported</td>
<td>Scrap cleared for home consumption</td>
<td>Pay import duty on scrap as if scrap has been imported.</td>
</tr>
<tr>
<td>Final product cleared for home consumption</td>
<td>Pay import duty on the entire quantity of goods imported. There is no special treatment for scrap.</td>
<td></td>
</tr>
</tbody>
</table>

8. POWER TO EXEMPT IMPORTED MATERIALS USED IN THE MANUFACTURE OF GOODS IN WAREHOUSE (SECTION 66)

Under Section 66, if any imported materials are used in accordance with the provisions of Section 65 for the manufacture of any goods and the rate of duty leviable on the imported materials exceeds the rate of duty leviable on such goods, the Central Government, if satisfied that in the interest of the establishment or development of any domestic industry, it is necessary, so to do, may, by notification in the Official Gazette, exempt the imported materials from the whole or part of the excess rate of duty.

9. REMOVAL OF GOODS FROM ONE WAREHOUSE TO ANOTHER (SECTION 67)

The owner of any warehoused goods may with the permission of the proper officer, remove them from one warehouse to another subject to such conditions as may be prescribed for the due arrival of the warehoused goods at the warehouse to which removal is permitted. (Section 67).

Owner of the goods can make a request by filing a prescribed form, where warehoused goods are to be removed from one warehouse to another, or from a warehouse to a customs station for export.

Transportation of the warehoused goods shall be made under one-time lock affixed by the proper officer or licensee or the bond officer, as the case may be. The owner of the goods shall produce to the bond officer or proper officer, within one month (or extended period as the officer may allow), an acknowledgement stating that the goods have arrived the destined warehouse or customs station of export. In case of failure to file such an acknowledgement, the owner shall be liable to pay full amount of duty on the goods with interest, fine and penalties.

These regulations deal with the compliance requirements of storage, transfer and removal of goods from a warehouse. Inter alia they require appointment of a warehouse keeper and state the procedures to be followed in cases of receipt, transfer and removal of goods. The regulations require that goods arriving at the warehouse from a customs station shall be affixed with a one-time-lock (bottle seal) with its serial number endorsed upon the bill of entry for warehousing and the transport document. The warehouse keeper or bond officer, as the case may be, is required to inspect the seal and when it is found intact, permit the goods to be unloaded at the warehouse.

CBEC has Vide Circular No. 17/2016- Customs dated 14 May 2016 instructed its field formations to affix a one-time-lock and endorse the one-time-lock number on the bill of entry when goods are removed from a customs station for deposit into a warehouse. CBEC may exempt any class of goods from any of the provisions of these regulations.

CBEC has 10 Vide Notifications No. 70/2016, 71/2016 & 72/2016-Customs (N.T.) dated 14 May 2016 also issued:

- Public Warehouse Licensing Regulations, 2016,
- Private Warehouse Licensing Regulations, 2016 and
- Special Warehouse Licensing Regulations, 2016.

The regulations deal with requirements and procedures for obtaining warehouse licenses. Inter alia, they state that an applicant shall be a citizen of India or an entity incorporated or registered under any law for the time being in force and shall furnish an undertaking and a solvency certificate from a scheduled bank, for an amount of INR 2 crores in the case of public warehouses and for an amount to be specified by the Principal Commissioner / Commissioner of Customs in the case of private / special warehouses.

The regulations also provide for a number of conditions to be fulfilled by the applicant, which include providing an all risk insurance policy in favour of the President of India and providing undertakings to pay any duties, interest, penalties and indemnify the Principal Commissioner / Commissioner of Customs from liabilities. Furthermore, the regulations deal with validity and surrender of licenses.

With respect to the special warehousing in the cases of duty free shops / ship stores / airline stores / diplomatic stores, to enable smooth transition it has been clarified that: Existing public and private warehouse storing goods for above purpose must apply for special warehouse license if they propose to continue to store such goods beyond the transitional period of three months. Existing warehouses engaged in supply of such goods are allowed to continue operations during the transitional period, under customs lock, for a period of three months. Application must be made within one month from 14 May 2016 Timeline for application and grant of the license has been prescribed. It has also been clarified that the duty free shops in the airport should not be treated as warehouse as it is not possible to be under a customs lock.

Duty Free Shop operators store goods in large warehouses in the city and / or in smaller warehouses in and around the precinct of the airport. These warehouses in the city and / or precinct of the airport qualify to be licensed as bonded warehouses as they are capable of being under the lock of customs.

**10. CLEARANCE OF WAREHOUSE GOODS FOR HOME CONSUMPTION (SECTION 68)**

Under Section 68, any warehoused goods may be cleared from the warehouse, if:
(a) a bill of entry for home consumption in respect of such goods has been presented in the prescribed form;
(b) the import duty, interest, fine and penalties payable in respect of such goods have been paid; and; and
(c) an order for clearance of such goods for home consumption has been made by the proper officer.

However that the owner of any warehoused goods may, at any time before an order for clearance of goods for consumption has been made in respect of such goods, relinquish his title to the goods upon payment of penalties that may be payable in respect of the goods and upon such relinquishment, he shall not be liable to pay duty thereon.

However that the owner of any such warehoused goods shall not be allowed to relinquish his title to such goods regarding which an offence appears to have been committed under this Act or any other law for the time being in force.

In the case of BICCO Lawrie Ltd. 2008 (S.C.) it was held that once assessment of warehoused goods is complete and duty liability is discharged, the goods are no longer warehoused goods even-though they are further retained in the warehouse.

In this case the goods (kerosene) were assessed and duty paid. But the goods were not removed from the warehouse. There was a change in the tariff rate at the time of actual removal and the department demanded the duty as per the increased rate. Held that once assessment was over and duty liability was discharged, no further assessment is necessary and no further liability arises.

11. CLEARANCE OF WAREHOUSED GOODS FOR EXPORT (SECTION 69)

**Clearance of warehoused goods for exportation** - Any warehoused goods may be exported to a place outside India without payment of import duty if:

a. a shipping bill or a bill of export has been presented in respect of such goods in the prescribed form;

b. the export duty, penalties, rent, interest and other charges payable in respect of such goods have been paid; and

c. an order for clearance of such goods for exportation has been made by the proper officer.

Notwithstanding anything contained in sub-section (1), if the Central Government is of opinion that warehoused goods of any specified description are likely to be smuggled back into India, it may, by notification in the Official Gazette, direct that such goods shall not be exported to any place outside India without payment of duty or may be allowed to be so exported subject to such restrictions and conditions as may be specified in the notification.

**Important points**

Under Section 15(1)(b), the rate of duty applicable to warehoused goods (as and when cleared for home consumption) is the rate of duty prevailing on the date of actual removal of the goods from the warehouse. Hence, the warehouse keeper or Bond Officer endorses the date (or dates) on which the goods are physically removed from the warehouse. If any further duty has become due on account of a change in the rates of duty before such removal, the Bond Clerk who receives the duplicate bill of entry from the warehouse keeper initiates necessary action. More than one clearance of a single warehoused consignment can also be effected by filing different bills of entry (Green Bill of Entry) under Section 68. As far as the rate of exchange (applied for conversion of value declared in foreign currency to Indian currency for collection of duty, on the value) is concerned, the same exchange rate that prevailed and applied for
 conversion on the date of filing of the warehousing (info-bond) bill of entry by the importer is applicable to all clearances ex-bond.

WAREHOUSED GOODS CLEARED AFTER THE EXPIRY OF WAREHOUSING PERIOD - RELEVANT DATE FOR DETERMINING CUSTOMS DUTY

The issue has been considered in the light of Hon'ble Supreme Court's judgment (in Civil Appeal No. 4459 of 1989) delivered on August 23rd, 1996 in the case of Kesoram Rayon v. Commissioner of Calcutta, 1996 (86) E.L.T. 464 (S.C.), 1996 (66) ECR 201 (SC) report. In the said judgement the Hon'ble Apex Court has held that goods which are not removed from a warehouse within the permissible or extended period are to be treated as goods. Importer is required to pay the full amount of duty chargeable at the rate applicable on the date of their deemed removal from the warehouse, that is, the date on which the permitted or extended period expired.

In other words, a clear interpretation of the Hon'ble Supreme's Court's judgement is that the date of payment of duty in the case of warehoused goods removed after the expiry of the permissible or extended period would henceforth be the date of expiry of the warehousing period or such other extended period as the case may be and not the date of payment of duty. [CBEC Circular No. 31/97-Cus, dated 14.8.1997].

12. ALLOWANCE IN CASE OF VOLATILE GOODS (SECTION 70)

When any warehoused goods to which this section (Section 70) applies are at the time of delivery from a warehouse found to be deficient in quantity on account of natural loss, the Assistant/Deputy Commissioner of Customs may remit the duty on such deficiency [Section 70(1)].

Sub-section (2) of Section 70 lays down that this section applies to such warehoused goods as the Central Government, having regard to the volatility of the goods and the manner or their storage, may, by notification in the Official Gazette specify.

The Government has issued Notification No. 122/63 Cus. dt. 11.5.1963 (as amended), under Sub-section (2), which details such goods namely:

(1) aviation fuel, motor spirit, mineral turpentine, acetone, menthol, raw naphtha, vaporising oil, kerosene, high speed diesel oil, batching oil, diesel oil, furnace oil and ethylene dichloride kept in tanks and liquid helium gas kept in containers;

(2) wine, spirit and beer, kept in casks,

to which the provisions of this section shall apply when they are deposited in a warehouse.

The above provisions in the Customs Act however does not preclude the application of Sections 22 and 23 to warehoused goods (viz.,) for remission of Customs duty on damaged and deteriorated goods and on lost, destroyed and abandoned goods. When any warehoused goods are damaged at any time before clearance for home consumption on account of an account not due to any wilful act, negligence or default of the owner, proportionate abatement of duty is available to the importer. Similarly when any warehoused goods have been lost or destroyed at any time before clearance for home consumption, remission of duty can be allowed by the Assistant Commissioner.

When all the imported goods warehoused have been cleared for home consumption on payment of duty or exported or otherwise duly accounted for, the bond furnished by the importer under Section 59 is cancelled and returned to the importer.

13. PROCEDURE FOR TAKING OUT REMOVAL OF GOODS FROM WAREHOUSE
SECTION 71

Section 71 provides that no warehoused goods shall be taken out of a warehouse except on clearance for home consumption or export or for removal to another warehouse or as otherwise provided by this Act.

14. GOODS IMPROPERLY REMOVED FROM WAREHOUSE ETC. (SECTION 72)

Section 72 lays down provisions in respect of goods improperly removed from warehouse etc.

In any of the following cases, that is to say —

(a) Where any warehoused goods are removed from a warehouse in contravention of Section 71;
(b) Where any warehoused goods have not been removed from a warehouse at the expiration of the period during which such goods are permitted under Section 61 to remain in a warehouse;
(c) omitted
(d) Where any goods in respect of which a bond has been executed under Section 59 and which have not been cleared for home consumption or export or are not duly accounted for to the satisfaction of the proper officer;

the proper officer may demand and the owner of such goods forthwith pay the full amount of duty chargeable on account of such goods, together with interest, fine and penalties payable in respect of such goods [Section 72(1)];

If any owner fails to pay amount demanded under Sub-section (1), the proper officer may, without prejudice to any other remedy, cause to be detained and sold, after notice to the owner (any transfer of the goods notwithstanding) such sufficient portion of his goods, if any, in the warehouse, as the said officer may deem fit.

15. CANCELLATION AND RETURN OF WAREHOUSING BOND (SECTION 73)

Section 73 lays down that when the whole of goods covered by any bond executed under Section 59 have been cleared for home consumption or exported or or transferred are otherwise duly accounted for and when all amounts due on account of such goods have been paid, the proper officer shall cancel the bond as discharged in full and shall on demand deliver it, so cancelled, to the person who had executed or is entitled to receive it.

16. CUSTODY AND REMOVAL OF WAREHOUSED GOODS (SECTION 73A)

A new section 73A of the Customs Act is inserted by Finance Act, 2016 to provide for the custody of warehoused goods till their removal would be that of the person who has been granted the warehouse licence (licensee). It is now provided that, if the goods are removed in contravention to the provisions of section 71, licensee would be liable to pay duty, interest, fine and penalty.

CASE STUDIES

SBEC SUGAR LTD. 2011 (S.C.) - (Warehousing- delayed clearance)

Facts: The importer was to remove goods from warehouse on 25-12-1996. Department issued demand notice under Section 72 of Customs Act for removal. The importer filed B/E on 21st Jan 1998. The duty was nil by exemption notification at the time of submission of B/E (21st Jan 1998.)

Issue: What is the relevant date for rate of duty.

Contentions: The importer argued that relevant date for rate of duty as per Section 15(1) (b)
is date of submission of Green Bill of Entry. Since rate of duty applicable on that date is nil by exemption, no duty is payable.

**Department:** Section 68 and Section 15 are applicable to cases for proper removal of goods. This is a case of improper removal governed by Section 72. Hence, rate of duty applicable shall be the one prevailing at the official due date of removal i.e. 25-12-1996 and not 21st Jan 1998. Hence, duty is payable.

**Decision:** The contention of the department is correct and the rate applicable on the deemed (due) date of removal shall be taken for assessment.

**DECORATIVE LAMINATES (I) PVT. LTD. 2010 (H.C)–(Remission on warehoused goods)**

**Facts:** The goods were deposited in a warehouse and due to lack of demand, extension was sought and granted. Even the extended period was over by 31st Dec 2001. Still the goods were not removed. In the meantime the goods were destroyed in the warehouse. Then the importer applied for remission under Section 23 of the Act.

**Held:** No remission under Section 23 of the Customs Act for warehoused goods if they are lost or destroyed in the warehouse after the expiry of warehousing period.

Further held that the benefit of remission under Section 23 is available only to proper removals.

Order permitting the deposit of goods in warehouse for 3 months was issued on 2nd December, 2015. Bholaram neither obtained extension of warehousing period nor cleared the goods within the permitted warehousing period of 1st March, 2016. Only after a notice was issued under section 72 of the Customs Act, 1962 demanding duty and other charges, Bholaram removed the goods on 15th April, 2016.

Vipin imported certain goods in December, 2016. An ‘into Bond’ bill of entry was presented on
14th December, 2016 and goods were cleared from the port for warehousing. Assessable value on that date was US $ 50,000. The order permitting the deposit of goods in warehouse for four months was issued on 21 December, 2016. Vipin deposited the goods in warehouse on the same day but did not clear the imported goods even after the warehousing period was over on 20th April, 2017.

A notice was issued under section 72 of the Customs Act, 1962, demanding duty, interest and other charges. Vipin cleared the goods on 14th May, 2017. Compute the amount of duty and interest payable by Vipul while removing the goods on the basis of following information:

No other customs duty is payable except basic customs duty.

Notes:
1. Rate of duty as on the deemed date of removal of goods shall be taken, not the actual date of removal. Section 15 is not applicable here because it is a default case under section 72. Hence applicable rate of duty is 10%.
2. Rate of exchange as on the first submission of bill of entry for depositing the goods in a warehouse shall be taken. Hence applicable rate of exchange is Rs.65.20
3. Interest @15% is payable for the period of storage beyond 90 days of clearance order by the customs officer for deposit in a warehouse.

II. DUTY DRAWBACK (SECTION 74 TO 76)

Indirect taxes are taxes on domestic consumption. They are destination based. Goods exported shall be free from local taxes. It is in tune with the slogan ‘export goods and services, don't export taxes’. To implement the policy, govt of India introduced export promotion schemes making the exports tax free. Duty Drawback scheme is an export promotion scheme under customs. Sections 74 to 76 deal with duty drawback scheme.

Under the scheme, if import duty paid goods are exported with or without any value addition, the import duties and other taxes paid on such goods at input level are refunded in the form of duty drawback. Duty drawback is basically a refund of import duties. There are two variants of duty drawback scheme under Customs.

1. Re-exportation of duty paid imported goods [Section 74]
2. Export of final products/ processed goods using duty paid imported material [Section 75]

In both the cases, there are three common features.
(i) There is import of some goods;
(ii) The imported goods suffered import duty;
(iii) The same goods in the same form or in a different form have been exported.

**STATUTORY PROVISIONS IN THE CUSTOMS ACT, 1962**

The provisions relating to drawback are enumerated in Chapter X, in Sections 74, 75, 75A and 76 of the Customs Act, 1962. Drawback is allowed subject to conditions mentioned in Sections 74 to 76 and notifications issued thereunder, in respect of duty paid on:

(a) imported goods, which are re-exported as such (without use),
(b) imported goods, which are re-exported after use,
(c) imported material used in the manufacture of goods exported.

**DRAWBACK ALLOWABLE ON RE-EXPORT OF DUTY PAID GOODS (SECTION 74)**

The elements necessary to consider a claim for Drawback under Section 74 Customs Act, 1962 are:

(i) The goods on which the drawback is claimed must have been previously imported;
(ii) Import duty must have been paid on these goods when they were imported;
(iii) The goods must be entered for re-export within two years from the date of payment of duty. However, it is provided that in any particular case this period of two years may, on sufficient cause being shown, be extended by the Board by such further period it may deem fit;
(iv) The goods are identified to the satisfaction of the Assistant Commissioner of Customs as the goods that were imported;
(v) The goods must be actually re-exported to any place outside India;
(vi) The goods must be capable of easy identification; and
(vii) The market price of such goods must not be less than the amount of drawback claimed.

The Central Government has been empowered to make rules for the purpose of carrying out the provisions of Section 74 and, in particular, such rules may:

(a) provide for the manner in which the identity of goods imported in different consignments which are ordinarily stored together in bulk, may be established;
(b) specify the goods which shall be deemed to be not capable of being easily identified; and
(c) provide for the manner and the time within which a claim for payment of drawback is to be filed.”

**RE-EXPORT OF IMPORTED GOODS (DRAWBACK OF CUSTOMS DUTIES) RULES, 1995**

In exercise of the powers conferred under the amended Rule 74 [under clause (c) of Sub-section (3) of Section 74, above], the Central Government has framed the Re-export of Imported Goods (Drawback of Customs Duties) Rules, 1995. These rules have been issued specifying the procedure for filing a claim in respect of goods exported under a claim for drawback under Section 74 as it had become necessary to prescribe a procedure for filing of a claim in view of Section 75A of the Customs Act which now requires the Government to pay interest at the specified rates in case drawback is not paid to the exporter within one month from the filing of his claim.

**Rates of Drawback of Import Duty Admissible under Section 74**
Two types of cases are covered in the above category. They are:

(i) Imported goods exported as such, without putting into use — the drawback given is 98% of duty paid on import. (The idea behind withholding 2% is to cover administrative expenses).

(ii) Imported goods exported after use.

If the goods had been used after import and then exported the rate of drawback i.e. the percentage of duty refunded will be according to the period of usage, between the date of clearance for home consumption and the date when the goods are “placed under Customs Control” for exports. The rate of drawback in this case is not fixed and progressively decreases as the period of use increases as enumerated in Customs Notification No. 19 dated 6.2.1965 as amended by Customs Notification No. 45/70 dated 2.5.1970. In satisfying the condition “placed under Customs Control”, it is necessary that the “Shipping Bill” should be filed and the goods “physically brought in to Customs area” for export and placed under the control of Customs.

Customs Notification No. 19 dated 6.2.1965 (as amended) while setting out the rates of drawback, differentiates as between two categories of goods, in the grant of drawback:

(i) Goods imported by a person for his personal and private use and motor cars; and

(ii) Other goods

(i) Goods imported by a person for his personal and private use and motor cars:

The goods imported by a person for his personal and private use, may be exported as “baggage” and he shall make a declaration, (Baggage declaration - the format used for clearance of unaccompanied baggage) which declaration shall be deemed to be an “Entry for Export”.

The drawback rates are calculated, by reducing the import duty paid by 4%, 3%, 2-1/2% and 2% for use, for each quarter or part thereof during the period of First, Second, Third and Fourth year respectively.

Even though the rates are provided as above, in the notification, for grant of drawback for goods imported for personal and private use, and used for more than 2 years, the Principal Commissioner of Customs could grant extension of time limit (beyond two years) but no drawback is admissible beyond 4 years.

On the category of goods covered by (b) above,

(ii) Other goods: In this case, the percentage of import duty payable as drawback depends on the period of usage of such goods as detailed below:

Rate fixed by Government under Section 74(2) by Notification No. 23/2008-Cus., dt. 1.3.2008.

(iv) Unexposed photographic films, paper and plates and X-ray films.

**DRAWBACK ON IMPORTED MATERIALS USED IN THE MANUFACTURE, PROCESSING OR OPERATION OF GOODS WHICH ARE EXPORTED (SECTION 75)**

As distinct from Section 74 of the Customs Act, 1962, Section 75 postulates repayment of a part or whole of the duty paid on materials imported and used in manufacturing of goods which are exported as manufactured items outside India. Section 75 has been amended by the Finance Act, 1995 to permit drawback not only on materials/inputs used in the manufacture but also processed or subjected to any other operation for export of goods from India. The amendment is made to overcome the difficulty caused by the restricted meaning of the word “manufacture” in Section 75(1) of the Customs Act.

Drawback, as the name itself suggests, particularly with reference to Section 75 of the Customs Act, 1962, is a procedure to relieve the export goods of duties borne by goods at various stages of their manufacture, processing or any other operation carrying out on them. Such relief is allowed in respect of duties paid on raw-materials, and components utilised in the manufacture, processing etc. of goods. The wastages involved in the manufacture, processing etc. and the duty incidence(s) on the packing materials used in the Export of the goods are also taken into account. Drawback is allowed not only on duties incurred in the “Direct Imports” of materials or components utilised in the manufacture, processing etc. of Export goods but also on earlier inputs that go into the raw-materials and manufacture, processing etc. of components. Therefore, the rates of drawback are fixed by the Government on “average basis”, on the basis of the relevant data obtained from the leading manufacturers or the persons carrying out any process or any other operation either for a class of goods or for specific goods. The procedure set out in Section 75 of Customs Act, 1962, as reproduced hereunder, the Customs and Central Excise Duties Drawback Rules, 1995 allow of drawback, of Customs duties and Central Excise duties that are chargeable on imported and indigenous materials respectively, used in the manufacture, processing or any other operation carried out on goods exported under claim for Drawback.

**DRAWBACK ON IMPORTED MATERIALS USED IN THE MANUFACTURE OF GOODS WHICH ARE EXPORTED (SECTION 75)**

(1) Where it appears to the Central Government that in respect of goods of any class or description manufactured, processed or on which any operation has been carried out in India, being goods which have been entered for export and in respect of which an order permitting the clearance and loading thereof for exportation has been made under Section 51 by the proper officer, in respect of which an order permitting clearance for exportation has been made by the proper officer, a drawback should be allowed of duties of customs chargeable under this Act on any imported materials of a
class or description used in the manufacture or processing of such goods or carrying out any operation on such goods, the Central Government may, by notification in the Official Gazette, direct that drawback shall be allowed in respect of such goods in accordance with land subject to the rules made under Sub-section (2).

Provided that no drawback shall be allowed under this sub-section in respect of any of the aforesaid goods which the Central Government may, by rules made under Sub-section (2), specify, if the export value of such goods or class of goods is less than the value of the imported materials used in the manufacture or processing of such goods or carrying out any operation on such goods or class of goods, or is not more than such percentage of the value of the imported materials used in the manufacture or processing of such goods or carrying out any operation on such goods or class of goods as the Central Government may, by notification in the Official Gazette, specify in this behalf:

Provided further that where any drawback has been allowed on any goods under this sub-section and the sale proceeds in respect of such goods are not received by or on behalf of the exporter in India within the time allowed under the Foreign Exchange Management Act 1999, such drawback shall except under such circumstances as the central government may, by rules, specify be deemed never to have been allowed and the Central Government may, by rules made under Sub-section (2), specify the procedure for the recovery or adjustment of the amount of such drawback.

(1A) Where it appears to the Central Government that the quantity of a particular material imported into India is more than the total quantity of like material that has been used in the goods manufactured processed, or on which any operation has been carried out in India and exported outside India, then, the Central Government may, by notification in the Official Gazette, declare that so much of the material as is contained in goods exported shall, for the purpose of Sub-section (1), be deemed to be imported material.

(2) The Central Government may make rules for the purpose of carrying out the provisions of Sub-section (1) and, in particular, such rules may provide:

(a) for the payment of drawback equal to the amount of duty actually paid on the imported materials used in the manufacture or processing of the goods or carrying out any operations on the goods or as is specified in the rules as the average amount of duty paid on the materials of that class or description used in the manufacture or processing of export goods or carrying out any operation on export goods of that class or description either by manufacturers generally or by persons processing or carrying on any operation generally or by any particular manufacturer or particular person carrying on any process or other operation and interest if any, payable thereon;

(aa) for specifying the goods in respect of which no drawback shall be allowed;

(ab) for specifying the procedure for recovery or adjustment of the amount of any drawback which had been allowed under Sub-section (1) or interest chargeable thereon.

(b) for the production of such certificates, documents and other evidence in support of each claim of drawback, as may be necessary;

(c) for requiring the manufacturer or the person carrying on any process or any other operation to give access to every part of his manufactory to any officer of customs specially authorised in this behalf by the Assistant Commissioner of Customs to enable such authorised officer to inspect the process of Manufacture, process or any other operations carried out and to verify by actual check or otherwise the statements made in support of the claim for drawback.
(d) for the manner and the time within which claim for payment of drawback may be filed;

(3) The power to make rules conferred by Sub-section (2) shall include the power to give drawback with retrospective effect from a date not earlier than the date of changes in the rates of duty on inputs used in export goods.

**PAYMENT OF INTEREST ON DRAWBACK (SECTION 75A)**

Section 75A of the Customs Act provide for levy of interest on delayed payment of drawback. Interest at such rate as may be fixed by the Board would be allowed in case payment against a claim for drawback is not made within one month of filing the claim in the prescribed manner. Likewise, when a drawback claim has been allowed erroneously, interest at the prescribed rate would be payable if the excess amount is not deposited with the Government within one month of the amount being demanded.

Section 75A reads thus:

75A (1) Where any drawback payable to a claimant under Section 74 or Section 75 is not paid within a period of one month from the date of filing a claim for payment of such drawback, there shall be paid to that claimant in addition to the amount of drawback, interest at the rate fixed under Section 27A from the date after the expiry of the said period of one month till the date of payment of such drawback.

(2) Where any drawback has been paid erroneously or it becomes otherwise recoverable under the Act or the rules made thereunder, the claimant shall, within a period of two months from the date of demand, pay interest. The amount of interest shall be calculated from the date of payment of such drawback to the claimant till the date of recovery of such drawback. [Section 75A(2)].

**PROHIBITION AND REGULATION OF DRAWBACK IN CERTAIN CASES (SECTION 76)**

Independent of other conditions which are laid down in Sections 74 and 75 of Customs Act, 1962 and in the Drawback Rules, no drawback will be granted:

(a) in respect of any goods the market price of which is less than the amount of drawback due thereon; and

(b) where drawback due on any goods is less than `50.

Also, if the Central Government is of opinion that specified goods on which drawback is claimed are likely to be smuggled back into India, it may stipulate that drawback be paid subject to certain conditions. There are three notifications in this regard:

Notification 50/63 dt. 1.2.63 as amended by 153/68 dt. 29.10.68 lays down that goods if exported on vessels less than 1,000 tons are likely to be smuggled back into India than export under claim for drawback may be permitted on the following conditions:

(i) The agent of the vessel executes a bond in a sum equal to the amount of drawback and in such form and manner as the proper officer deems fit. The terms of the bond shall be that if the agent of the vessel produces to the proper officer, within three months or within such extended period as the proper officer may allow, a certificate issued by the Customs authorities at the port of destination that the goods have been landed at the port the bond shall stand discharged; but otherwise a sum equal to the amount of drawback allowed on the goods in respect of which the said certificate is not produced shall stand forfeited. The above bond shall be with such surety or security or both as is required by the Customs.
(ii) The exporter produces to the proper officer a certificate issued by the Customs Authorities at the port of destination that the goods have been landed at the port or a certificate from the authorised dealer.

Under Notification 51/1.2.63 the following goods put on board a vessel less than 200 tons for use as stores are not to be given drawback:

(i) alcoholic liquors;
(ii) cigarettes;
(iii) cigars;
(iv) pipe tobacco.

Notification 208/1.10.77 lays down that drawback is not to be allowed on exports to Bhutan, Nepal or by land to Burma, Tibet or Sikiang except on certain conditions given in the said Notification.

CUSTOMS AND CENTRAL EXCISE DUTIES AND SERVICE TAX DRAWBACK RULES, 1995

The duty drawback scheme is presently administered by the Directorate of Drawback in the Ministry of Finance. Drawback on exports is sanctioned and paid by the concerned Commissioner of Customs or Central Excise incharge of the port/airport/Land Customs Station through which the goods are exported, at the rates determined by the Directorate. These drawback rates are fixed either for a class of products manufactured in the country which are available to all exporters, and known as All-industry Rates or for a product of a particular manufacturer — known as Brand Rate. The rates are reviewed and revised periodically taking due note of variation in consumption pattern of inputs and duties suffered thereon. The Drawback is admissible irrespective of mode of export i.e. whether despatched by Sea, Air, Land Customs Station or Parcel Post.

Pursuant to the amendments made in sections dealing with drawback in the Customs Act and to streamline the existing rules, it was considered necessary to revise the Customs and Excise Duties Drawback Rules, 1971. Accordingly, Customs and Central Excise Duties Drawback Rules, 1995 were issued in supersession of 1971 Rules.

PROCEDURE FOR FIXATION OF ALL-INDUSTRY RATES

Under Rule 3 of the Drawback Rules, the Central Government determines the rate(s) of drawback in respect of certain classes of goods and notifies the same through public notices. Any exporter of these goods can claim Drawback at All Industry Rates. He is, however unless otherwise specifically provided, debarred from availing these rates as per General Notes laid down in the relevant Public Notice issued annually if he has been otherwise permitted certain concessions e.g. facility of manufacture in Bond, duty free imports under Advance Licensing/Import-Export Pass Book Scheme, facility of exports under Central Excise Rules, etc. (In such cases, for any unrebated customs or central excise duties, facility of Brand Rates is generally provided).

All Industry rates are reviewed by the Government annually, taking due note of Budgetary changes and revised wherever necessary, taking into account the changes in the duty incidence consequent to changes in the rate of Customs or Central Excise Duties and or the variations in the prices of various inputs (where the rates of duties are ad valorem). The revised All Industry Rates are generally made effective from 1st June and are normally kept unchanged for 1 year. If changes in duties on basic inputs of a product at any point of time (after the presentation of Budget) are substantial, the corresponding All industry Rates are reviewed and appropriate change is also effected in between the year. From time to time new products are also added to the list of goods having All Industry Rates.
In determining the All Industry Rates, for a particular class of goods, as per Rule 3(2) of Drawback Rules, the Central Government takes into account the following:

(i) the average quantity or value of each class or description of the materials from which a particular class of goods are ordinarily produced or manufactured in India;

(ii) the average quantity or value of the Imported material or excisable materials used for production or manufacture in India;

(iii) the average amount of duties paid on Imported materials or excisable materials used in the manufacture of the semis, components and intermediate products used in the manufacture;

(iv) the average amount of duties paid on materials wasted in the manufacturing process and catalytic agents (If such waste or catalytic agent is re-used in any process of manufacture or sold, the average amount of the duties on the waste or catalytic agent re-used/sold shall be deducted);

(v) the average amount of duties paid on imported materials or excisable materials used for containing or packing the export product; and

(vi) the average amount of tax paid on taxable services which are used as input services for the manufacturing or processing or for containing or packing the export goods.

(vii) any other information considered relevant for determining the drawback rate.

BRAND RATES

Where the Central Government has not determined the All Industry rates of drawback in respect of any export product eligible for such drawback (set out in Schedule to the Drawback Rules), or where the rate is not eligible because the manufacturer of the product has availed of certain duty free facilities (like Advance Authorization) but where sufficient duty paid inputs are also used, any manufacturer or exporter of such goods may apply under Rule 6 of the Drawback rules to the Central Government for the determination of the drawback rate for his product of specified description/characteristics.

SPECIAL BRAND RATES

In case any manufacturer/exporter finds that the All industry rate of drawback for any class of goods is less than four-fifth of the duties paid on the materials or components used in the production/manufacture and packing of same goods being exported by him, he can make an application for fixation of an appropriate amount or rate of drawback (under Rule 7 of the Drawback Rules) for his products of specified description/characteristics. Such rates, wherever determined, are termed as ‘Special Brand Rates’.

PROVISIONAL RATE OF DRAWBACK

Exporters have also the facility to apply for fixation of a provisional drawback rate as per provisions of Rule 6(2)(a) of Drawback Rules, in cases where they have already applied for fixation of brand rates/special brand rates of their products whose finalisation is pending. The payment at provisional rates is, however, subject to execution of a suitable bond (with surety/security) by the Exporter with the concerned Custom House. On finalisation of the rate, the differential amount is appropriately adjusted.

MINIMUM RATE OF DRAWBACK

As per Rule 8 of the Drawback Rules, for any export product where the duties paid on inputs work out to less than 1% of F.O.B. value thereof (except where the amount of drawback per shipment exceeds rupees Five hundred), no Drawback rate (All-industry Rate or Brand Rate) is determined. However, this condition of minimum 1% of F.O.B. value will not be applicable in
case exports are made by post and exports are made in discharge of obligation against
Advance authorization issued under Duty Exemption Scheme. Thus, in case of exports made by
post and exports under Duty Exemption Scheme, drawback shall be payable in all cases
wherever the amount of drawback is more than `50/-, the minimum limit specified statutorily in
Section 76 of the Customs Act.

Further, under sub-rule (2), of Rule 8 it is provided that no amount or rate of drawback shall be
determined in respect of any goods or class of goods under Rule 6 or Rule 7, as the case may
be, if the export value of each of such goods or class of goods in the bill of export or shipping
bill is less than the value of the imported materials used in the manufacture of such goods or
class of goods, or is not more than such percentage of the value of the imported materials
used in the manufacture of such goods or class of goods as Central Government may, by
notification in the Official Gazette, specify in this behalf.

An ‘Explanation’ added to Sub-rule (2) provides that “Export Value” in relation to any export
goods means the value thereof, determined in accordance with the provisions of Sub-section
(1) of Section 14 of the Customs Act, 1962.

Customs, Central Excise Duties, Service Tax Drawback Rules, 1995, students may refer to the
latest Customs Law Manual.

In U.O.I. v. Rajindra Dyeing and Printing Mills, 2005 (180) ELT 433 (SC) it was held that export
is complete when goods cross territorial waters of India. If ship sinks within territorial waters,
export is not complete and DDBK not payable.

Notes:
III. BAGGAGE (SECTION 77 TO 81)

Chapter XI of the Customs Act, 1962 contains special provisions regarding baggage, goods imported or exported by post and stores. This Chapter is divided into three Parts,

• Part I deals with baggage (Sections 77 to 81),
• Part II deals with goods imported or exported by post (Sections 82, 83 and 84), and
• Part III deals with Stores (Sections 85 to 90).

These provisions are discussed herein below:

DECLARATION BY OWNER OF BAGGAGE [SECTION 77]

Section 77 provides that the owner of any baggage shall for the purpose of clearing it make a declaration of its contents to the proper officer.

The word ‘baggage’ is a comprehensive term which means luggage of a passenger accompanied or unaccompanied and comprises of the trunks or bags and the personal belongings of the passenger contained therein. It is in this comprehensive sense that the term “baggage” has been used in Sections 77 and 80 of the Customs Act. Thus, ‘baggage’ has been given a larger and ordinary meaning. (Union of India v. Khalil Kecherim, 1970 Cri. L.J. 417).

Section 2(3) of the Customs Act defines baggage as including unaccompanied baggage but excluding motor vehicle.

DETERMINATION OF RATE OF DUTY AND TARIFF VALUATION IN RESPECT OF BAGGAGE [SECTION 78]

According to Section 78 of the Customs Act, 1962, the rate of duty and tariff-valuation, if any, applicable to baggage shall be the rate and valuation in force on the date on which a declaration is made in respect of such baggage under Section 77.

BONA-FIDE BAGGAGE EXEMPT FROM DUTY [SECTION 79]

Section 79(1) provides that the proper officer may, subject to any rules made under Sub-section (2) pass free of duty —

(a) Any article in the baggage of a passenger or a member of the crew in respect of which the said officer is satisfied that it has been in use for such minimum period as may be specified in the rules.

(b) Any article in the baggage of a passenger in respect of which the said officer is satisfied that it is for the use of the passenger or his family or is a bona-fide gift or souvenir.

Provided that the value of each such article and the total value of all such articles does not exceed such limits as may be specified in the rules [Section 79(1)].
The Central Government may make rules for the purpose of carrying out the provisions of this section and in particular, such rules may specify -

(a) the minimum period for which any article has been used by a passenger or a member of the crew for the purpose of clause (a) of Sub-section (1).

(b) the maximum value of any individual article and the maximum total value of all the articles which may be passed free of duty under clause (b) of Sub-section (1).

(c) the conditions (to be fulfilled before or after clearance), subject to which any baggage may be passed free of duty. [Section 79(2)].

Section 79(3) lays down that different rules may be made under Sub-section (2) for different classes of persons.

In the Act a distinction has been made between ‘baggage’ and ‘bona-fide baggage’ which is exempt from customs duty and in respect of which the proper officer has been empowered to pass free of duty any article which is in the baggage of a passenger and which has souvenir. Therefore, any article in the baggage of a passenger, even though it may be ‘goods’ within the meaning of Section 2(22) of the Act, will be allowed to be imported free of duty, if it is passed under Section 79 of the Act.

The Government of India in the Ministry of Finance, Department of Revenue and Excise has in exercise of powers conferred by Sub- section (2) of Section 79 framed the Baggage Rules, 1998, the Tourist Baggage Rules, 1998 and the Transfer of Residence Rules, 1978. The text of these rules is given in Annexure 1 to this Study.

**TEMPORARY DETENTION OF BAGGAGE [SECTION 80]**

Section 80 of the Customs Act, provides that, where the baggage of a passenger contains any article which is dutiable or the import of which is prohibited and in respect of which a true declaration has been made under Section 77, the proper officer may at the request of the passenger, detain such article for the purpose of being returned to him on his leaving India.

I. Search, Seizure, Confiscation of Goods, Offences and Penalties

As per the Customs Act, 1962 the Central Board of Excise and Customs (the Board) has been given the powers to appoint Customs Ports, Airports and Inland Container Depots (ICD), where the imported goods can be brought in for unloading or loading of export goods. Similarly, powers have been given to the Board to notify places as Land Customs Stations (LCS) for clearance of goods imported or exported by land or by inland water.

CUSTOMS LAW

PART V: SEARCH, SEIZURE, CONFISCATION OF GOODS, OFFENCES AND PENALTIES

This part is divided into

I. Searches, Seizure and Arrest (Section 100 to 110A)
II. Confiscation of goods and conveyances and imposition of penalties (Section 111 to 127)
III. Offences and Prosecutions (Section 132 to 140A)

I. SEARCHES, SEIZURE AND ARREST

The Customs Law seeks to regulate imports and exports. It is, therefore, necessary for the customs Department to be fully equipped to meet situations where there is any illegal export or import of goods. In any fiscal enactment, it is common to find provisions relating to searches, seizure and arrest. These provisions only advance the primary objective of the law namely...
Prevention of illegal imports and exports. At the same time, it should be remembered that the Customs Act does not aim at detection of a crime. The Customs Officers are also not primarily concerned with the detection and punishment of a crime but they are entrusted in ensuring that there is no smuggling of contraband articles. They have to safeguard the recovery of customs duty properly applicable to the goods. Chapter XIII of the Act consisting of Sections 100 to 110A contains detailed provisions in regard to searches, seizure and arrest. These are discussed below:

(A) POWER TO SEARCH SUSPECTED PERSONS ENTERING OR LEAVING INDIA (SECTION 100)

Under Section 100 of the Act where the proper officer of the Customs has reason to believe that the following categories of persons have secreted any goods, liable to confiscation or any documents thereto, he may search such persons.

The categories of persons referred to in the above paragraph are:

(a) any person who has landed from or is about to board, or is on board any vessel within the Indian Customs waters;
(b) any person who has landed from or is about to board, or is on board a foreign-going aircraft;
(c) any person who has got out of, or is about to get into, or is in vehicle, which has arrived from, or is to proceed to any place outside India;
(d) any person not included in clauses (a), (b) or (c) who has entered or is about to leave India;
(e) any person in a customs area.

(B) POWER TO SEARCH SUSPECTED PERSONS IN CERTAIN OTHER CASES (SECTION 101)

Under Section 101 of the Act, an officer of the Customs empowered generally or specially by an order of Principal Commissioner of Customs can search any person if he has reason to believe that any person has secreted about his person, the following goods which are liable to confiscation, or documents relating thereto:

(a) gold;
(b) diamonds;
(c) manufactures of gold or diamond;
(d) watches;
(e) any other class of goods which the Central Government may, by notification in the Official Gazette, specify.

The power under Section 101 is without prejudice to the power conferred under Section 100 of the Act. Again under Section 101 any person can be searched.

(C) PERSONS TO BE SEARCHED MAY REQUIRE TO BE TAKEN BEFORE GAZETTED OFFICER OF CUSTOMS OR MAGISTRATE (SECTION 102)

Section 102 of the Act provides that when any officer of Customs is about to search any person in terms of Sections 100 and 101, he shall, if such person so requires, take him without unnecessary delay to the nearest Gazetted Officer of customs or magistrate. If such requisition is made, the officer of customs may detain the person making it until, he can bring him before the gazetted officer of customs or the magistrate. The Gazetted Officer of customs or the magistrate before whom any "such person is brought shall, if he sees no reasonable ground for search, forthwith discharge the person. In other cases, he shall direct that a search be made.
Before making a search, the officer of Customs shall call upon two or more persons to attend and witness the search and may issue an order in writing to them or any of them so to do. The search would be made in the presence of such persons and a list of all things seized in the course of such search shall be prepared by such officer or other person and signed by such witnesses. Where the person to be searched is a female, the search shall be done only by a female.

**D) POWER TO SCREEN OR X-RAY BODIES OF SUSPECTED PERSONS FOR DETECTING SECRETED GOODS (SECTION 103)**

Section 103 of the Act contains powers, to screen or X-Ray bodies of persons suspected of secreting certain goods liable to confiscation. Under this section, detention of a person and production without unnecessary delay before the nearest Magistrate by the proper officer is envisaged. The Magistrate before whom any person is brought shall, if he sees how reasonable ground for believing that such person has any such goods secreted inside his body, forthwith discharge such person. On the other hand, where the Magistrate has reasonable ground for believing that any such person has any such goods liable for confiscation secreted in his body and the Magistrate is satisfied that an X-Ray is necessary for this purpose, he may make an order to a radiologist possessing qualifications recognised by the Central Government for the purpose of screening or X-raying the body of any person, such person would be taken to a radiologist for the purpose of screening or X-raying the body. The radiologist shall, after the screening or X-Ray, forward his report together with the X-Ray picture taken by him to the Magistrate without unnecessary delay. On receipt of the report of radiologist, if the Magistrate is satisfied that any person has any goods liable to confiscation secreted inside his body, he may direct that suitable action for bringing out such goods be taken on the advice and under the supervision of a registered medical practitioner and such person shall be bound to comply with such direction. In the case of a female, the advice and supervision of a female registered medical practitioner is required. For the purposes of complying with the provisions of this section any person brought before the Magistrate may be detained by him for such period as the Magistrate may direct.

The above provisions will not apply to any such person who admits that goods liable to confiscation are secreted in his body and who voluntarily submits himself for suitable action being taken for bringing out such goods.

**E) POWER TO ARREST (SECTION 104)**

If an officer of customs empowered in this behalf by general or special order of the Principal Commissioner of Customs has reason to believe that any person in India or within the Indian customs waters has committed an offence punishable under section 132 or section 133 or section 135 or section 135A or section 136, he may arrest such person and shall, as soon as may be, inform him of the grounds for such arrest [Section 104(1)].

Every person arrested shall, without unnecessary delay, be taken to a magistrate (Sub-section 2 of Section 104)

Where an officer of customs has arrested any person he shall, for the purpose of releasing such person on bail or otherwise, have the same powers and be subject to the same provisions as the officer-in-charge of a police station has and is subject to under the Code of Criminal Procedure, 1898.

As per sub-section (4), notwithstanding anything contained in the Code of Criminal Procedure, 1973, any offence relating to--

(a) prohibited goods; or

(b) evasion or attempted evasion of duty exceeding Rs. 50 Lakh, shall be cognizable.
All other offences under the Act shall be non-cognizable except the two above.

Where any goods, being goods specified above have been seized by a proper officer under Sub-section (1), he shall prepare an inventory of such goods containing such details relating to their description, quality, quantity, mark, numbers, country of origin and other particulars as the proper officer may consider relevant to the identity of the goods in any proceedings under this Act and shall make an application to a Magistrate for the purpose of —

such enactments is contravened, is thus onerous. It is also to meet that there are several instances of contraventions of these provisions and this has paved the way to procedures being laid down for, not only bringing the contraventions to the notice of those concerned, but also to take those responsible to task for non-compliance with statutory obligations. Of course, there are contraventions of the Customs Act, 1962 also and all these are taken care of by the set procedures for adjudication.

We have already seen that Section 28 of the Customs Act provides for a notice to be issued to the Importer or Exporter of any goods if duties of Customs have not been levied or have been short levied or erroneously refunded. Similarly, if any contravention of any provision of any Act for the time being in force is noticed, it is a statutory obligation placed on the Department that a notice of show cause be issued to the person concerned, so that he is given an opportunity to explain his side of the matter. Section 124 of the Customs Act lays down as follows:

(A) CONFISCATION OF IMPROPERLY IMPORTED GOODS ETC. (SECTION 111)

Under Section 111, the following goods brought from a place outside India shall be liable to confiscation:

(a) any goods imported by sea or air which are unloaded or attempted to be unloaded at any place other than a customs port or customs airport appointed under clause (a) of Section 7 for the unloading of such goods;
(b) any goods imported by land or inland water through any route other than a route specified in a notification issued under clause (c) of Section 7 for the import of such goods;
(c) any dutiable or prohibited goods brought into any bay, gulf, creek or tidal river for the purpose of being landed at a place other than a customs port;

(e) any dutiable or prohibited goods found concealed in any manner in any conveyance;
(f) any dutiable or prohibited goods required to be mentioned under the regulations in an import manifest or import report which are not so mentioned;
(g) any dutiable or prohibited goods which are unloaded from a conveyance in contravention of the provisions of Section 32, other than goods inadvertently unloaded but included in the record kept under Sub-section (2) of Section 45;
(h) any dutiable or prohibited goods unloaded or attempted to be unloaded in contravention of the provisions of Section 33 or Section 34;
(i) any dutiable or prohibited goods found concealed in any manner in any package either before or after the unloading thereof;
(j) any dutiable or prohibited goods removed or attempted to be removed from a customs area or a warehouse without the permission of the proper officer or contrary to the terms of such permission;
(k) any dutiable or prohibited goods imported by land in respect of which the order permitting clearance of the goods required to be produced under Section 109 is not produced or which do not correspond in any material particular with the specification contained therein;
(l) any dutiable or prohibited goods which are not included or are in excess of those included in the entry made under this Act, or in the case of baggage in the declaration made under Section 77;
(m) any goods which do not correspond in respect of value or in any other particular with the entry made under this Act or in the case of baggage with the declaration made under Section 77 in respect thereof, or in the case of goods under transhipment, with the declaration for transhipment referred to in the proviso to Sub-section (1) of Section 54.

(n) any dutiable or prohibited goods transited with or without transhipment or attempted to be so transited in contravention of the provisions of Chapter VIII;

(o) any goods exempted, subject to any condition, from duty or any prohibition in respect of the import thereof under this Act or any other law for the time being in force, in respect of which the condition is not observed, unless the non-observance of the condition was sanctioned by the proper officer;

(p) any notified goods in relation to which any provisions of Chapter IVA or of any rule made under this Act for carrying out the purposes of that Chapter have been contravened.

**PENALTY FOR IMPROPER IMPORTATION OF GOODS, ETC. (SECTION 112)**

Under Section 112, any person:

(a) who, in relation to any goods, does or omits to do any act which act or omission would render such goods liable to confiscation under Section 111, or abets the doing or omission of such an act, or

(b) who acquires possession of or is in any way concerned in carrying, removing, depositing, harbouring, keeping, concealing, selling or purchasing, or in any other manner dealing with any goods which he knows or has reason to believe are liable to confiscation under Section 111;

shall be liable:

(i) in the case of goods in respect of which any prohibition is in force under this Act or any other law for the time being in force, to a penalty not exceeding the value of the goods or five thousand rupees, whichever is the greater;

(ii) in the case of dutiable goods, other than prohibited goods, subject to the provisions of section 114A, to a penalty not exceeding ten per cent of the duty sought to be evaded or five thousand rupees, whichever is higher. Provided that where such duty as determined under sub-section (8) of section 28 and the interest payable thereon under section 28AA is paid within thirty days from the date of communication of the order of the proper officer determining such duty, the amount of penalty liable to be paid by such person under this section shall be twenty-five per cent of the penalty so determined;

(iii) in the case of goods in respect of which the value stated in the entry made under this Act or in the case of baggage, in the declaration made under Section 77 (in either case hereafter in this section referred to as the declared value) is higher than the value thereof, to a penalty not exceeding the difference between the declared value and the value thereof or five thousand rupees, whichever is the greater;

(iv) in the case of goods falling both under clauses (i) and (ii), to a penalty not exceeding the value of the goods or the difference between the declared value and the value thereof or five thousand rupees, whichever is the highest;

(v) in the case of goods falling both under clauses (ii) and (iii), to a penalty not exceeding the duty sought to be evaded on such goods or five times the difference between the declared value and the value thereof or five thousand rupees, whichever is the highest.
Case: GOPAL SAHA v UOI, 2016 (H.C):

Gold bars imported without declaration and clearance were confiscated by the department and a penalty of Rs.10,07,00,000/- was imposed on the ground that the goods are prohibited goods. But the petitioner contended that the gold bars are not prohibited goods for penalty under Section 112 (b) (i) of Customs Act, 1962. The case falls under Section 112 (b) (ii) which imposes penalty not exceeding 10% of duty or Rs. 5000 whichever is greater. Hence the penalty equal to value of smuggled goods is untenable under the law.

The CALCUTTA HIGH COURT held that when a provision provides for punishment it has to be strictly construed - expression "goods in respect of which any prohibition is in force" in the context of Section 112 of the Act would imply goods which are prohibited from being imported and not goods which have been smuggled into the country in contravention of the procedure established by law for the import thereof -

The Court remanded the matter for the imposition of such other quantum of penalty that may be permissible

CONFISCATION OF GOODS ATTEMPTED TO BE IMPROPERLY EXPORTED, ETC. (SECTION 113)

(i) any goods entered for exportation which do not correspond in respect of value or in any material particular with the entry made under this Act or in the case of baggage with the declaration made under Section 77;

(ii) any goods entered for exportation under claim for drawback which do not correspond in any material particular with any information furnished by the exporter or manufacturer under this Act in relation to the fixation of rate of drawback under Section 75.
(i) any goods on which import duty has not been paid and which are entered for exportation under Section 74;

(iii) in the case of any other goods, to a penalty not exceeding the value of the goods, as declared by the exporter or the value as determined under this Act, whichever is greater.

Provided further that the benefit of reduced penalty under the first proviso shall be available
subject to the condition that the amount of penalty so determined has also been paid within
the period of thirty days referred to in that proviso:

Provided also that where the duty or interest determined to be payable is reduced or increased

However, no such adjournment shall be granted more than three times to a party during the proceeding.

**BURDEN OF PROOF IN CERTAIN CASES (SECTION 123)**

Section 123(1), provides that where any goods to which this section applies are seized under this Act in the reasonable belief that they are smuggled goods, the burden of proving that they are not smuggled goods shall be:

(a) in a case where such seizure is made from the possession of any person:
   (i) on the person from whose possession the goods were seized; and
   (ii) if any person, other than the person from whose possession the goods were seized, claims to be the owner thereof, also on such other person;

(b) in any other case, on the person, if any, who claims to be the owner of the goods so seized.

Section 123 shall apply to gold and manufactures of watches and any other class of goods which the Central Government may by notification in the Official Gazette specify.
The Central Government has notified the following other classes of goods, for the purposes of Section 123(2), namely:

1. Cosmetics.
2. Cigarettes.
3. Transistors and Diodes.
4. Synthetic yarn and Metallised yarn.
5. Fabrics made wholly or mainly of synthetic yarn.
6. Cassette Tape Recorders.

ISSUE OF SHOW CAUSE NOTICE BEFORE CONFIISCATION OF GOODS ETC. (SECTION 124)

Section 124, provides that, no order confiscating any goods or imposing any penalty on any person shall be made under this Chapter unless the owner of the goods or such person:

(a) is given a notice in writing informing him of the grounds on which it is proposed to confiscate the goods or impose a penalty;

(b) is given an opportunity of making a representation in writing within such reasonable time as may be specified in the notice against the grounds of confiscation or imposition of penalty mentioned therein; and

(c) is given a reasonable opportunity of being heard in the matter;

Provided that the notice referred to in clause (a) and the representation referred to in clause (b) may, at the request of the person concerned, be oral.

This provision has been made to make it obligatory on the part of adjudicating officers to follow the principles of natural justice. Any order of confiscation or any order imposing a penalty on any person without giving him an opportunity as laid down in Section 124 becomes void and is set aside in a court of law, as can be seen from the following decrees:

“The Commissioner of Central Excise should see that every show cause notice issued under the provisions of the Act strictly complies with, not only the letter of the law, but also the spirit of it (AIR 1962 MAD. 366 at p. 368). The Department is not absolved of the obligation under Section 124 for issuing a show cause notice before passing an order confiscating any goods or imposing any penalty on any person under Chapter XIV of the Customs Act (AIR 1972 GUJ. 115). The object of the show cause notice is not to merely mention the statutory provisions under which the person to whom the notice is issued is liable to be punished by the imposition of penalty; the real object of such a notice is to indicate, besides the nature of the contravention which is sought to be punished under any provision of the Act, the penalty also that is sought to be imposed on the petitioner (AIR 1962 MAD. 366 at p. 368).

OPTION TO PAY FINE IN LIEU OF CONFISCATION (SECTION 125)
Under Section 125 whenever confiscation of goods is authorised by this Act, the officer adjudging it may, in the case of any goods, the importation or exportation whereof is prohibited under this Act or any other law for the time being in force, and shall, in the case of any other goods, give to the owner of the goods, or where such owner is not known, the person from whose possession or custody such goods have been seized, an option to pay in lieu of confiscation such fine as the said officer thinks fit:

Provided that, without prejudice to the provisions of the proviso to Sub-section (2) of Section 115, such fine shall not exceed the market price of the goods confiscated, less in the case of imported goods, the duty chargeable thereon.

Where any fine in lieu of confiscation of goods is imposed the owner of such goods or the other person shall, in addition, be liable to any duty and charges payable in respect of such goods.

ON CONFISCATION PROPERTY TO VEST IN CENTRAL GOVERNMENT (SECTION 126)

(1) When any goods are confiscated under this Act, such goods shall thereupon vest in the Central Government.

(2) The officer adjudicating the confiscation shall take and hold possession of the confiscated goods (Section 126).

AWARD OF CONFISCATION OR PENALTY BY CUSTOMS OFFICERS NOT TO INTERFERE WITH OTHER PUNISHMENTS (SECTION 127)

The award of any confiscation or penalty under this Act by an officer of Customs shall not prevent the infliction of any punishment to which the person affected thereby is liable under the provisions of Chapter XVI or under any other law (Section 127).

Some important case laws relating to adjudication are given herein below to highlight the parameters within which the adjudicating officer has to function:

(a) In revision application of M/s. Bijiee Products (India) Pvt. Ltd., the Government of India observed: “The lower authorities have not gone into the merits of the refund claim nor have they examined whether the claim was within the time limit specified under the Rules. Government of India, accordingly, set aside the order of the Appellate Collector since it is not a speaking order and direct the Appellate Collector to consider the appeal de-novo now and pass an order on merits” - (1982 ELT 591).

(b) “If a personal hearing was not given to the petitioner at the adjudication/appellate stage in spite of a specific request made by him in reply to the show cause notice, the adjudication order is not sustainable in law. ....The revision application disposed of without giving a speaking order is also invalid. .....If the basic order is invalid, the remaining appellate/ revisionary orders will also be ineffective”. - [1982 ELT 350 (P&H)].

(c) “If the Collector has disposed of the case in a summary fashion without giving due consideration to the points urged by the Appellants and passing a speaking order dealing with them, the case is fit for remand for de-novo trial.” - (1982 ELT 436 CBEC).

(d) “The Assistant Collector (Adjudicating Officer) has no power under law to modify his earlier order or to issue a corrigendum, for Section 154 of the Customs Act only provides for the correction of clerical or arithmetical mistakes or any error or errors arising from accidental slip or omission. As such, the corrigendum issued by the Assistant Collector was without authority.” - [1986 (9) ECR 231 - CEGAT].

(e) “The Assistant Collector, who has given his decision on the 1st February, 1962 has not taken any of these factors into consideration nor has he taken into consideration any of the other evidence offered by the petitioners for deciding this point. Under the
circumstances, we find that the decision given by the Assistant Collector, is a result of total non-application of his mind. The same can be said with greater force with regard to the order which the Collector has passed in appeal against the above order. Whatever be the reasons for the Collector to delay his order for months after the appeal was heard, we find that after this long deliberation over the merits of the appeal, the only order which is recorded is: 'I have examined the facts and merits of the case. I have carefully considered the pleas advanced by the appellants in the appeal petition as also the arguments at the time of personal hearing on 26.12.64. I, however, see no reason to interfere with the decision taken by the Assistant Collector ... in his order ... dated 2.2.63. I uphold the said order and consequently, the appeal is rejected.' It is too obvious to mention that this order cannot be considered as a speaking order. It does not reveal what the facts are that the Collector took into consideration before coming to his conclusion. Under the circumstances, the order suffers from the same infirmity as the order passed by the Assistant Collector does". - (1983 ELT 744 GUJ).

(f) "It is well established that it is not a good return to a rule nisi for the issue of a writ certiorari to state that the order is justified on facts not contained in the order. This court cannot take cognizance of any fact which does not appear upon the face of the order. ...... When a statutory functionary makes an order based on certain grounds, its validity must be judged by the reasons so mentioned and cannot be supplemented by fresh reasons in the shape of affidavit or otherwise. Otherwise, an order, bad in the beginning may, by the time it comes to court on account of a challenge, get validated by additional grounds later brought out. .... This ground is not mentioned in the impugned order". - 1984 (15) ELT 379 (MAD).

(g) ".... In this connection, I may state that the Assistant Collector is a quasi-judicial authority and has to discharge his duties and functions in a quasi-judicial manner. I would like to impress upon the Assistant Collector that he is not bound by any administrative instructions. The questions of fact and law which may be raised before him by the parties are required to be determined by him after full application of mind in an objective manner without feeling in any way controlled by any administrative instructions and he will deal with clearly and expressly the reasonings which may be advanced on behalf of the petitioners. It is only when the petitioners' reasoning is dealt with that it would show that there has been application of mind by him. The above observations have been made in view of the fact that administrative instructions have been brought to my notice by the counsel for the petitioners. For these reasons, the order of the Assistant Collector and the consequent demands are liable to be quashed". - [1985 (22) ELT 726 (RAJ)].

ADVANCE RULING

The legal provisions relating to advance rulings were introduced in the Finance Act of 1999. The advance rulings scheme has the following advantages:

**APPELLATE PROCEDURES**

Decisions made or orders passed by Officers of Central Excise at different levels can give rise to grievances which broadly are of two kinds. First, if the decision denies to the assessee the benefit due, or confers a hardship undue, it can create a grievance to him. Secondly, the decisions can confer on the assessee a benefit undue or deny revenues due to the Government, in which case the Government itself becomes the aggrieved party. There are two parties to every dispute, and it happens at times that satisfaction to one could mean dissatisfaction to the other. There should be mechanism to go into grievances of either kind and the appellate mechanism is meant precisely for that.

APPELLATE TRIBUNAL [CUSTOMS LAW]

To ensure safeguards to citizens’ interests in any area of administration, including fiscal administration, it is essential that appellate authorities are totally independent of the administrative authorities. Till a few years back, the appellate mechanism in Central Excise was liable to critical comment in this regard, since the appellate remedies then provided in the statute culminated in the Central Board of Excise and Customs itself acting as an appellate agency. The Board, in this manner, combined the functions of the administrative as well as the appellate authority in the department. Though the Board, manned by very senior officers in the department, maintained the highest standards of objectivity in considering appeals, was still prone to give rise to widespread misgivings in the minds of trade and industry regarding the possibility of a ‘revenue bias’ in its approach as an appellate body. A number of Committees and Commissions set up by the Government from time to time, such as the Central Excise Reorganization Committee, the Tariff Revision Committee, etc. took stock of the position and suggested the setting up of an independent Tribunal on the lines already available in regard to Income Tax, so that such misgivings may be dispelled, and confidence created in the minds of the assesses as a whole.

The department eventually decided to set up the Tribunal and the necessary legislation was made in 1980 [Section 50 of the Finance (No. 2) Act, 1980]. The legislation was implemented from 11.10.1982, the date of implementation being announced through Notification No. 214/82-CE dated 10.9.1982. However, it is not vested with the powers of review.

(1) COMPOSITION OF THE TRIBUNAL

As with the Income Tax Appellate Tribunal, CESTAT comprises technical members and judicial members, the underlying idea being that the former would provide the forum, the benefit of their knowledge and experience in the Department, and the latter will contribute benefits arising from unalloyed judicial approach. At present, the CESTAT functions in Delhi, Kolkata, Chennai, Mumbai and Bangalore.

The CESTAT is presided over by a President, with one or more Vice Presidents. As for members, the technical members are very senior officers of the rank of Commissioners of Central Excise and Customs, whereas the judicial members are senior members of the bench or the bar, selected for appointment.

As indicated in the statement at the very beginning, appellate orders decided by Commissioners (Appeals) can be contested before the CESTAT and in such situations, it functions as a second appellate forum. Original orders passed by Commissioner (including Additional Commissioner) can be contested straightaway before the CESTAT. In such situations, it will function as the first and the only appellate forum within the department. Appeals are normally decided on the basis of majority decision. In case a major decision does not arise, the President can nominate an extra member to the bench, to enable a majority decision arising.

To ensure that the valuable time of a body of this nature is not wasted in examining disputes involving insignificant stakes, it has been provided that the CESTAT may, in its discretion, refuse to admit the appeal in respect of any order if the amount of fine or penalty under contest does not exceed ` 50,000/- (Rupees Fifty Thousand only) [Section 35B(1)]. However, if the issue involved pertains to determination of the rate of duty or valuation, the CESTAT cannot refuse to admit the appeal, whatever be the amount involved. Again, to ensure optimum utilisation of the Tribunal’s valuable time, Section 35D(3) provides that if the case
involves amounts up to `50,00,000/- (Rupees Fifty Lakh only) in duty/fine/penalty, a single Member (instead of a bench) can himself decide the case.

But where the amount involved is more than `10 crore on day to day basis, three member Benches shall be constituted for hearing such cases. All cases involving an amount of `25 crores or more would be listed before the Benches on priority basis and would be heard on day to day basis.

(2) FILING APPEAL BEFORE CESTAT

(1) Any person aggrieved by any of the following orders may appeal to the Appellate Tribunal against such order

(a) A decision or order passed by the [Commissioner] as an adjudicating authority;
(b) An order passed by the [Commissioner] (Appeals)
(c) An order passed by the Central Board of Excise and Customs constituted under the Central Boards of Revenue Act, 1963 (54 of 1963) (hereafter in this Chapter referred to as the Board) or the Appellate [Commissioner]
(d) An order passed by the Board or the [Commissioner], either before or after the appointed day,

Provided further that the Appellate Tribunal may, in its discretion, refuse to admit an appeal in respect of an order referred to in clause (b) or clause (c) or clause (d) where, the amount of fine or penalty determined by such order does not exceed two lakh rupees.

(3) APPEARANCE BY AUTHORISED REPRESENTATIVE

Both the parties to the dispute will be heard together by the bench. The Department will be represented normally by departmental officers functioning as Departmental Representatives. The assessee can appear in person or through counsel. In this regard, Section 35Q prescribes that any party to a dispute may otherwise than when required by the Tribunal to attend personally for examination on oath, can appear through an authorised representative who may be:

(a) his relative or regular employee; or
(b) Custom House Agent; or
(c) any legal practitioner who is entitled to practice in any civil court; or
(d) any person who has acquired such qualifications as the Central Government may prescribe by rules made in this behalf. The Central Government has since prescribed the qualifications under Rule 12 of the Central Excise (Appeals) Rules, 2001.

For the purposes of clause (c) of Sub-section (2) of Section 35Q, an authorised representative shall include a person who has acquired any of the following qualifications being the qualifications specified under clause (c) to Rule 12 of the Central Excise (Appeals) Rules, 2001, namely:

(a) a Chartered Accountant within the meaning of the Chartered Accountants Act, 1949 (38 of 1949); or
(b) a Cost Accountant within the meaning of the Cost and Works Accountants Act, 1959 (23 of 1959); or
(c) a Company Secretary within the meaning of the Company Secretaries Act, 1980 (56 of 1980) who has obtained a certificate of practice under Section 6 of that Act; or
(d) a post-graduate or an Honours degree holder in Commerce or a post-graduate degree or diploma holder in Business Administration from any recognised university; or
(e) a person formerly employed in the Department of Customs and Central Excise or
Narcotics and has retired or resigned from such employment after having rendered service in any capacity in one or more of the said departments for not less than ten years in the aggregate, can act as an authorised representative.

**ADJUDICATION AND APPELLATE PROVISIONS UNDER CUSTOM LAWS**

Orders passed by adjudicating authorities give rise to disputes between the assessee and Customs Department. These generally arise in connection with the classification and valuation of goods or in regard to infraction of legal provisions and/or procedures. In any tax system, disputes are bound to arise howsoever simple a tariff is made to appear. Burkets famous diction that it is difficult to tax and please, is known to all.

An incorrect assessment to a duty might take place on account of various factors. It may arise due to inadvertence, error, collusion, or misconstruction on the part of an officer of revenue, or through mis-statement as to the quantity, description or value in respect of dutiable goods on the part of an assessee. An incorrect assessment is as detrimental to the exchequer as it is to the assessee. There are various factors leading to a mistake which result in an incorrect assessment. The Public Accounts Committee [(5th Lok Sabha) (1972-73) 89th Report at P. 14] identified them as mainly resulting from.

The procedure prescribed for filing appeals and revision applications against orders passed by Customs officers are described in Sections 128, 130 and 131 of the Customs Act.

The relevant provisions regarding Appeal and Revision are discussed below, Section-wise.

**(A) APPEALS TO COMMISSIONER (APPEALS)(SECTION 128)**

(1) Any person aggrieved by any decision or order passed under this Act by an officer of customs lower in rank than a Commissioner of Customs may appeal to the Commissioner (Appeals) within 60 days from the date of communication to him of such decision or order:

Provided that the Commissioner (Appeals) may, if he is satisfied that the appellant was prevented by sufficient cause from presenting the appeal within the aforesaid period of 60 days, allow it to be presented within a further period of thirty days.

(2) Every appeal under this section shall be in such form and shall be verified in such manner as may be specified by rules made in this behalf.

**PROCEDURE IN APPEAL (SECTION 128A)**

(1) The Commissioner (Appeals) shall give an opportunity to the appellant to be heard if he so desires.

(2) The Commissioner (Appeals) may, at the hearing of an appeal, allow the appellant to go into any ground of appeal not specified in the grounds of appeal, if the Commissioner (Appeal), is satisfied that the omission of that ground from the grounds of appeal was not willful or unreasonable.

LEARNING OBJECTIVES

This lesson is divided into two parts i.e. promissory estoppel in fiscal laws and tax planning and management with respect to indirect taxes. 'Promissory Estoppel', as an equitable principle, has been in vogue in judicial systems for long. Intended to counter the evading tendencies and insist upon parties to perform the promises made, the principle of promissory estoppel relieves the parties aggrieved from such breach of promises. Here, we will discuss the applicability of Doctrine of promissory estoppel.

Tax planning in indirect taxes is thrust area in the business world. Indirect taxes constitute major portion of cost and therefore it is necessary that tax is managed properly. Indirect taxes are ruled by complex regulations and are often changing. By successfully managing indirect tax requirements of a business, the business’s profitability can be protected and also cash flow needs could be met in a better manner. Professionals like Company Secretaries can provide their services in managing the tax compliances and thereby assist in reducing the administration cost.

After completion of this lesson, the students will understand:

- What is promissory estoppel
- Applicability of doctrine of promissory estoppel under indirect taxes
- Tax planning under indirect taxes

Indirect taxes include customs duties, excise laws and taxes on consumption, such as Value Added Tax (VAT) and Goods and Services Tax (GST). These taxes apply to every stage of the supply chain. Managing these taxes to reduce costs and avoid errors that lead to penalties and business disruption is crucial to maintain profits.
MEANING OF DOCTRINE OF PROMISSORY ESTOPPEL

Promissory estoppel is a common law doctrine used by courts to enforce promises that have been made and subsequently relied upon. Promissory estoppel usually comes into play when there is no formal contract, but the parties involved have nevertheless acted as if there was one. Courts use the doctrine in these circumstances to impose a contract or the agreement, usually in the interest of fairness.

In common language, "promissory" means "related to a promise," and "estoppel" is a legal term that essentially means an enforced bar or ban. Judges use this doctrine to ban a person from going back on a promise. Seen from a different angle, the doctrine is a tool to enforce promises, effectively requiring both parties to do the things they said they would be doing.

The doctrine of Promissory Estoppel has its genesis in the law of equity and is being closely related to various schemes for allowing tax concessions to certain new industrial units set up within specified time or in specified places, it has become very relevant in fiscal legislations particularly in Sales-tax, Excise and Custom duty disputes. The doctrine is not limited in its application only to defence but also in a cause of action. This concept and its applicability have often been agitated before the court in the context of sales tax exemption. The gist of equity lies in the fact that one party has by his conduct or representation led the other to alter his position. If injustice can be avoided only by enforcement of the promise, it is a case of estoppel.

The doctrine of estoppel has its origin in principles of Equity. It was defined under Section 115 of the Evidence Act, 1872 as follows;

"When one person has, by his declaration, act or omission, intentionally caused or permitted another person to believe a thing to be true and to act upon such belief, neither he nor his representative shall be allowed, in any suit or proceeding between himself and such person or his representative, to deny the truth of that thing."

In Delhi Cloth and General Mills Ltd. v. Union of India, it was held that:

“All that is now required is that the party asserting the estoppel must have acted upon the assurance given to him. Must have relied upon the representation made to him. It means, the party has changed or altered his position by relying on the assurance or representation by the other party. The alteration of position by the party is the only indispensable requirement of the doctrine. It is not necessary to prove further any damage, detriment or prejudice to the party asserting the estoppel.

The estoppel operates as a legal protection to the person who acts in good faith on the basis of express or implied conduct of others and suffers damage.

The Doctrine of Promissory Estoppel is an equitable doctrine evolved to avoid injustice and it neither falls in the sphere of contract nor estoppel. This principle is commonly invoked in common law in case of breach of contract or against a Government. The doctrine is popularly called as Promissory Estoppel, Equitable Estoppel, Quasi Estoppel or New Estoppel. It can be said that if the Government of India makes a promise to any person and the promise is not inconsistent with the law of the land and is not against public interest, then afterwards it cannot refuse to abide by its promise.

An example of promissory estoppel is where ‘A’ promises ‘B’ that he would not enforce his legal rights and B acted and relied on it without giving any consideration, equity would not allow A to renege on his promise to B.
REQUIREMENTS OF PROMISSORY ESTOPPEL

1. There is a pre-existing contractual relationship.
2. One party to that contract makes a clear promise that they will not fully enforce their legal rights (under that contract).
3. The promisor intends that promise be relied upon and promisee does in fact rely upon it.
4. It would be inequitable for promisor to go back on (resile from) their promise.

Promissory estoppel is not limited only to cases where there is some contractual relationship or other pre-existing legal relationship between the parties. The principle can be applied even when the promise is intended to create legal relations or affect a legal relationship which will arise in future.

Promise need not be expressed; it can be implied from circumstances.

DOCTRINE OF PROMISSORY ESTOPPEL AND FISCAL LAWS

The doctrine of promissory estoppel has great significance in taxing statutes. It marches with the hypotheses that a promise given by the state is binding on the government in the following circumstances:

1. Where there is a clear and unequivocal promise knowing and intending that it would be acted upon by the promisee; and
2. By acting upon the promise by the promisee, it would be inequitable to allow the promisor to go back on the promise.

This is raised in tax matters, especially in Sales tax where the Government provides exemption from tax by means of tax holiday for a certain period say 5 years and withdraws the exemption before the expiry of 5 years.

The plea of promissory estoppel is on the ground that certain units have been established expecting the tax benefits and the withdrawal before the expiry has caused damage to them. Here, the units might be hit hard. They can go to the court of law against the Govt. under Doctrine of Estoppel. The doctrine was first introduced in Hughes v. Metropolitan Rly. Co., 1877, Appeal case 439. Lord Cairns stated the doctrine in the following words:

“It is the first principle upon which all Courts of Equity proceed, that if parties who have entered into definite and distinct terms involving certain legal results ....... afterwards by their own act or with their own consent enter upon a course of negotiation which has the effect of leading one of the parties to suppose that the strict rights arising under the contract will not be enforced, or will be kept in suspense, or held in abeyance, the person who otherwise might have enforced those rights will not be allowed to enforce them where it would be inequitable having regard to the dealings which have thus taken place between the parties”.

The doctrine of promissory estoppel is also known as equitable estoppel or quasi estoppel.

Courts on Promissory Estoppel

The courts while recognizing the principle of promissory estoppel as an instrument of equity remedy have consistently held that the ‘promissory estoppel plea’ fails where ‘public interest’ intervenes. That means, though a concession is extended for a fixed period by a notification or otherwise the same can be withdrawn in public interest in Sales Tax Officer & Another v. M/s. Shree Durga Oil Mills (1997) 7 SCALE, 726, the honourable Supreme Court held that a notification granting exemption of taxes can be withdrawn at any point of time. There can not be estoppel against any statute. Where it is in public interest, the court will not interfere
because public interest must override any consideration of private loss or gain.

A leading authority on this subject is of the Supreme Court in Motilal Padampat Sugar Mills Co Ltd. v State of Uttar Pradesh (118 I.T.R. 326).

It was held that the government is susceptible to the operation of the doctrine in whatever area or field the promise is made: Contractual, administrative or statutory.

"The law may, therefore, now be taken to be settled as a result of this decision, that where the government makes a promise knowing or intending that it would be acted on by the promisee and, in fact, the promisee, acting in reliance on it, alters his position, the Government would be held bound by the promise and the promise would be enforceable against the Government at the instance of the promisee, notwithstanding that there is no consideration for the promise and the promise is not recorded in the form of a formal contract as required by Article 299 of the Constitution."

In Sree Sales Corporation & Another v. U.O.I. (1997) 3 SCC 398, it was held that where there was supervening public interest, the Govt. is free to change its stand and withdraw the exemption already granted. Recently, in Sharma Transport v. Govt. of A.P. & Others (2002) S.C., the Supreme Court observed "one such reason for changing its policy decision can be resource crunch and the loss of public revenue. There is preponderance of judicial opinion that to invoke the doctrine of promissory estoppel, clear sound and positive foundation must be laid in the petition itself by the party invoking the doctrine and that bold expressions without any supporting material to the effect that the doctrine is attracted because the party invoking the doctrine has altered his position relying on the assurance of the Govt. would not be sufficient to press into aid the doctrine. ‘Doctrine of promissory estoppel’ has been evolved by Courts on the principles of equity, to avoid injustice.

In the above case, the appellants were operators of tourist buses originating from the State of Karnataka and running their buses in adjacent states including the state of A.P.

The vehicles of the appellants were covered by tourist vehicle permits by virtue of which, their vehicles were authorised to ply in certain contiguous states also.

The Central Government formulated policies in the matter of concessions to be extended to tourist vehicles. Based on the directive of the Central Govt. an order was issued on 1st July, 1995 conferring the benefits of a concessional rate of tax to tourist operators. But on 5th June 2000, the State Govt. issued a notification under A.P. Motor Vehicles Taxation Act, 1963 cancelling the earlier order of 1995. The operators after losing the High Court of A.P. filed an appeal before the Supreme Court. The Contentions before the apex Court were —  that the directives of the Central Govt. were binding on the State Govt. and that the withdrawal of tax concession is illegal. They also contended that under doctrine of promissory estoppel, a concession extended by the Govt. could not be withdrawn.

But the Supreme Court rejects the pleas and dismissed the appeal stating that the state of A.P. is justified in withdrawing the benefits in public interest. Also held that the doctrine of promissory estoppel is not applicable in the case.

Thus we can conclude that the doctrine of promissory estoppel is a valid proposition but it will be disallowed by courts when the withdrawal of tax benefit by the Govt. is to save the larger interests of the public.

As can be seen from the analysis of the cases above, the concept of Promissory Estoppel has assumed considerable significance in sales tax law. Many a time the State Governments with a view to giving a spur to industrial development in the State give sales tax exemptions. Subsequently, State Governments may either withdraw the exemption notification or introduce
certain restrictive covenants. This becomes necessary in view of the loss of the revenue to the State Government, as a result of the sales tax exemption granted earlier. In such a situation, whether the State has to be held bound to the representation made earlier to the trade or not depends upon whether the exemption was for a particular period or whether the industry has altered its position in the light of the notification etc. It is once again reiterated that if a State Government issues a general exemption notification with no reference to any period of time such exemption may be amended or varied at any time. There would be no question of any promissory estoppel in such cases. But where the State Government hold out that exemption from sales tax would accrue for a given period of time of three years or five years than promissory estoppel would be applied.

CASE STUDIES

In the recent past various area-based Notifications had been issued by the Ministry of Finance whereby exemption from the payment of excise duty was granted to the assessees upon fulfillment of the conditions specified therein. Development of identified backward areas and promotion of industrial activity therein being the underlying premise, these Notifications provided exemption for specified periods to the assessees complying with the prescribed conditions. North-East, Uttranchal, Himachal Pradesh, Sikkim, Jammu & Kashmir were some of these areas wherefore the Notifications were issued granting the exemption of excise duty.

Lured by these promises on the part of the Central Government waiving the collection of excise duty, many industrial and production houses established/relocated their manufacturing units in these areas. The establishment or relocation, however, was not without cost. Non-availability of skilled man-power, lack of natural or industrial resources required for manufacturing processes, absence of logistics network, etc. posed considerable obstacles to the establishment of manufacturing facilities from these units, leading to increase in operational costs and delay of break-even points.

However, comforted by the Government’s promise to exempt the excise duties for the specified period, the business houses continued to build their units in these areas expecting returns in the long-term vision of affairs. The losses in the initial years on account of these incorporation costs were reluctantly absorbed expecting to recover them in form of exempted excise duties.

In this scenario, can the Government rightfully have recalled its decision to exempt the areas during the continuation of the holiday period? Can the Government backtrack on its promise as evidenced in the Notifications? Can the Government, before the expiry of the exemption period, amend the Notification to levy excise duties? These are critical questions facing the Central Excise paradigm today for the Central Government has in fact, on more than one occasion, amended these exemption Notifications to levy duties of excise on some or all goods. Notification No. 18/2008-CE has amended the parent Notification No. 33/1999-CE exempting payment of excise duties in various areas of Assam. Similarly Notification No. 21/2007-CE and Notification No. 19/2008-CE have amended parent Notification No. 56/2003-CE and Notification No. 56/2002-CE which provided for exemption for areas in Sikkim and Jammu & Kashmir respectively. These amending Notifications have restricted the availability of the exemptions extended under the parent Notifications and thus varied the originally specified conditions.

The affected manufacturing units would, naturally, find these amendments prejudicial to their operations and grossly offending the original promise. The emotional yet precarious arguments against such withdrawal of exemptions nonetheless, the thrust of the matter is whether the affected units can get their grievances redressed. Only two solutions seem probably in such a scenario; either the industrial units make representations to the Ministry and secure a withdrawal of these amending Notifications or to get their claims enforced in courts of law.
Neither of the scenario inspire confidence for in the former case the attitude of the Ministry to limit the exemptions in evident in light of the amending Notifications and in the case of latter, Section 21 of the General Clauses Act, 1893 unequivocally declares that the 'power to make' includes the 'power to add to, amend, vary or rescind orders, rules or byelaws' and thus the power to amend the parent Notifications vests unshakably in the Central Government.

Does this imply that the assessees who have established their units in these notified areas in pursuance of the promise of the Government are left to suffer to its whims and surmises? Is there any forum where these assessees can get their grievance addressed or is it a shut case against their face? Would the entire infrastructural developmental expenditure incurred by these units to promote the backward areas come to haunt against their profitability with no respite from the government? Considering the categorical intent of the Central Government, as evident from the amending Notifications, and given the magnitude of powers vested therein to issue and rescind Notifications, the issue does seem to favour the revenue and against the assessees. A solemn resolve of a legal practitioner to get these genuine grievances redressed, therefore, would require nothing short of a fire-fight and it is in this backdrop that like a silver lining in a gray cloud, the doctrine of promissory estoppel seems to show the light of the day.

The Hon'ble Supreme Court of India dealt with this "question of considerable importance in the field of public law" in the case of Motilal Padampat Sugar Mills Ltd. (decision dated 12.12.1978). The precise issue before the Court then was "How far and to what extent is the State bound by the doctrine of promissory estoppel". The Court was required to assess the legality of the withdrawal of exemption by the State of Uttar Pradesh in a factual milieu wherein the Sugar Mill was assured of sales tax exemption for three years upon establishment of a 'vanaspati plant' by the Government and thereupon the Sugar Mill had borrowed money from various financial establishments and acted upon the establishment of the said plant. The Hon'ble Apex Court declared categorically that the State Government was bound by the doctrine of Promissory Estoppel and therefore the exemption promised was duly restored back to the aggrieved Sugar Mill.

The decision in Motilal Padampat serves a world of good in these critical times to the units suffering from the withdrawal of exemptions under the amending Notifications, however, not without a disclaimer. Since the decision in Motilal Padampat a lot of water has flown and the courts have not always been too impressed by the argument of the Government not being able to change the ground realities in the light of the changed economic scenarios and the demands for unbridled continuation of tax exemptions. In a number of instances the Hon'ble Supreme Court itself has declared the inapplicability of the doctrine in tax matters. While the Court approved the application of the doctrine in the case of MRF Ltd. (Civil Appeal No. 1610/2006), the decision in the similar circumstances in R. C. Tobacco (Civil Appeal No. 881-896/2004) reflects its apathetic attitude in similar situation therein.

LIMITATION OF THE DOCTRINE

1. Since the doctrine of promissory estoppel is an equitable doctrine, it must yield when the equity so requires. But it is only if the court is satisfied, on proper and adequate material placed by the government, that overriding public interest requires that the government should not be held bound by the promise but should be free to act unfettered by it, that the court would refuse to enforce the promise against the government.

2. No representation can be enforced which is prohibited by law in the sense that the person or the authority making the representation or promise must have the power to carry out the promise.
If the power is there, then subject to the preconditions and limitations noted earlier, it must be exercised.

Thus, if the statute does not contain a provision enabling the Government to grant exemption, it would not be possible to enforce the representation against the Government, because the Government cannot be compelled to act contrary to the statute. But if the statute confers power on the Government to grant the exemption, the Government can legitimately be held bound by its promise to exempt the promisee from payment of any tax.

**TAX PLANNING**

Tax planning exercise needs to be undertaken with great amount of care and discretion. It should neither border on evasion nor should it merely be a device to circumvent the letter of law. In this context the Supreme Court’s Judgements in *Mc Dowel and Company Ltd. v. Commercial Tax Officer* 1985, 5, ECC 259 was also studied in full text. This judgment signaled a departure from the West Minster Principle upon which most of the tax planning used to be founded and which for long had the judicial blessing. But the winds have changed since and in England the West Minster Principle has been given a go by. The Mc Dowel’s judgement is a vindication of judicial attitude currently prevailing in England on the use of certain devices to avoid proper incidence of tax.

A trader or a Business entity need not be complacent in regard to payment of indirect taxes, for the simple reason that these are passed on to the consumers. It would only be a reiteration to say that tax planning is as much relevant and important in indirect taxes as it is in direct taxes.

The approach of tax planning has been to give a very rudimentary idea of tax planning vis-à-vis indirect taxes. No attempt has been made to repeat and elaborate discussions on various case laws concerning Excise, Customs and Sales Tax. The presentation is only skeletal and indicative of the broad contours of tax planning.

**CUSTOMS ACT AND TAX PLANNING**

Customs Act concerns Import and Export of Goods and restrictions and regulations relating thereto. Every importer or exporter and every buyer from such importer for instance, are interested in customs duty planning. For an importer, the tax planning centers round the classification of import goods and valuation of those goods. Improper classification of goods may lead to higher incidence of Customs Duty. On the other hand, even a proper and appropriate classification may not be a ground for feeling relaxed. Because even after correct classification, the valuation of Import of goods may be high pitched with the result the absolute incidence of customs duty would be much more than what it ought to have been. Importers therefore have to pay special attention to problems of classification and valuation of imported goods.

As regards valuation under the Customs law, besides the statutory provisions there are Customs Valuation Rules also. Apart from these, a good amount of case law has developed on what items are to be added to the value of the goods and what items going to reduce the value of goods. A proper tax planning exercise would have to take into consideration these aspects.

(a) **Customs Act and Classification of goods**

Classification of imported goods is very significant because a wrong classification may lead to a very high incidence of Customs Duty. The importer has therefore to be fully convergent with principles of classification of goods.

Since the subject of taxation is “goods”, the concept underlying the levy is required to be understood. It is not the personal opinion of an individual Officer or for that matter of the assessee with regard to the classification of the “goods”, that governs the issue. There are
certain well defined criteria laid down by judicial decisions, which are required to be kept in mind. We saw what happened in the fountain pens case. In the case of V.V. Iyer v. Jasjit Singh (AIR 1973 SC 194), the appellant, who carried on business of importing plantation and agricultural machinery and implements had imported certain parts of agricultural machinery known as express Battery Sprayers which were classified under SL No: 74 (x) of Part V of the Import Tariff Schedule which related to “sprayers (other than power driven) and parts”. The appellant’s contention was that he held an import licence for import of goods falling under serial No. 74(vi) of the said part of the said Schedule which related to “Parts of power driven agricultural machinery”, the goods imported (liquid containers) were parts of sprayers and the said serial no. 74(vi), permitted all kinds of spare parts of power driven agricultural machinery. The sprayers imported, according to the appellant, function normally with the help of power driven pumps and functionally, therefore, what the appellant imported were, correctly falling within serial No. 74(vi). As discussed earlier, the Supreme Court, however, did not interfere with the conclusions arrived at by the customs authorities.

In doing so, the Supreme Court was reiterating its earlier decisions in Collector of Customs, Madras v. K. Ganga Shetty [AIR (1963) SC 1319], and A.V. Venkateswaran v. A.S. Wadhani, (AIR (1961) SC 1506), In Ganga Shetty’s case, the respondent had imported from Australia a quantity of oats which was described in the indent, contract and shipping documents as “standard feed -oats”. The commodity imported consisted of oats in whole grain. The question related to the proper classification of goods. The controversy centered round the point whether the “feed - oats” fell within S.No. 42 or S.No. 32 of the relevant Import Trade Control Schedule. During the relevant period S.No. 42 read:

“Fodder, bran and pollards, for the import of which a Special import licence was necessary” while item 32 read:

“Grain, not elsewhere specified, including broken grain but excluding flour -
  (a) oats;
  (b) others;

for which a licence was required.

The customs department held that the goods fell under S. No. 32 and established a case of importation without a valid licence. The contention of the importer was that the “feed oats” fell under the item relating to “fodder” because he had imported the goods solely for feeding race horse, at Bangalore and in South India, oats was not used as human food but only as a feed for horses and in any case, he was misled regarding the correct classification by an affirmative answer he had received from the Deputy Chief Controller of Imports, Madras to whom he had made a reference as to whether the goods could be imported under O.G.L. In the High Court, the decision was in favour of the respondent on the ground that in the Court’s view, that “oats” fell under item 42 relating to “fodder” and that the decision of lower authorities was always open for judicial review.

In appeal the Supreme Court however, held that the High Court was not right in interfering with the decision of the Customs authorities since their decision to treat it as falling under item 32 “could not be said to be a view on which no reasonable interpretation could be entertained”. In other words, the Supreme Court felt that the ‘conclusion or decision of the customs authorities was rationally supportable’.

In Ramavtar Budriprasad v. Assistant Sales Tax Officer [AIR (1961) SC 1325], the question before the Supreme Court was whether “betal leaves” could fall within the category of “vegetables” for purposes of assessment to sales tax and the court held that the latter could not include within its scope the former, since both were two distinct and separate commodities.
The Court held that since the said expressions were not defined by the statute (C.P. and Berar Sales Tax Act 1947 as amended by the C.P. and Berar Act of 1948), and being a word of “every day” use, it must be construed in its proper sense, meaning “that sense in which people conversant with the subject matter with which the statute is dealing would attribute to it.

In Commissioner of Sales Tax, Madhya Pradesh v. Jaswant Singh, the Supreme Court further explained the basis for classification of goods. The question before the Court was whether “charcoal” was included in “coal” for assessment of sales tax. It was held that the Sales Tax Act being one levying a tax on goods must, in the absence of a technical term or a term of science or art, be presumed “to have used an ordinary term as coal according to the meaning ascribed to it in “common parlance”. Viewed from this point, the Court held that both a merchant dealing in coal and a consumer wanting to purchase it would regard coal not in its geological sense but in the sense as “ordinarily understood” and would therefore include charcoal in the term “coal”.

In Annapurna Carbon Industries v. State of Andhra Pradesh [AIR (1975) SC 1418] the Supreme Court laid down the test of “predominant” or “ordinary purpose” as deciding factors for determination of classification of goods. It was not the exceptional use or extraordinary use to which the goods could be put to but how predominantly it was used. The Supreme Court further laid down that the fact that the article could be put to any other use also would not detract from the position explained and that the test of general or predominant user was the true test in such matters.

From the above discussion it is clear that while classifying goods for duty purposes due regard should be had to the above principles and it is open for the importer to help the correct classification by establishing how the commodity was popularly known in the particular trade or business in connection with which the goods imported would be used.

In Commissioner of Sales Tax Madhya Pradesh v. Bhaket Rai (19 Sales Tax Cases, 285) the Madhya Pradesh High Court, considered the question whether coconuts, groundnut kernel and jira were oil seeds attracting duty under the relevant tariff item (Item 3 of Part II of Schedule I) of the Madhya Pradesh General Sales Tax Act, 1958. The Sales Tax Tribunal had taken the view that these articles were oil seeds in as much as they were seeds and oil could be extracted from them. On reference the High Court took the view that the term oil “seeds” not having been defined by the statute, should be construed in that sense which “people conversant with the subject matter with which the statute was dealing would attribute to it.” Those articles, in the opinion of the Court, were not known as “oil seeds” in common parlance used principally for the extraction of oil and therefore, could not attract the tax.

The Punjab High Court in Kanpur Textile Finishing Mills case [AIR (1956) Punjab 130] laid down that:

When dealing with a particular business or transaction words are presumed to have been used with the particular meaning with which they are used and understood in the particular business.”

In National Hurricane Works v. Union of India [AIR (1967) Delhi 156], the Delhi High Court dealing with the Import Tariff laid down that if a particular term or word has not been defined in the tariff, then one has to go by the ordinary meaning of the term and that if an item falls specifically under one entry, it cannot by the “process of stretching be brought to fall under another entry”.

It is a settled legal position that if words or expressions used in the tariff are not defined in the body of the statute or the tariff then, regard shall be had to technical opinions, dictionaries and treatises on the subject, including ISI standards.
The basic principle underlying adjudication is to act judicially and not arbitrarily.

The Supreme Court has categorically laid down in *G. Nageshwara v. A.P.S.R.T. Corporation* (AIR) (1959) SC 308, that rules of natural justice require that quasi judicial authorities empowered to decide any dispute must decide the cases without any bias on the principle that “justice should not only be done, but also should manifestly and undoubtedly be seen to be done.”

In *Shri Baidyanath Ayurved Bhawan Ltd. v. Asstt. Collector of Central Excise, Allahabad*, the Allahabad High Court was perturbed that even though the collector (appeals) had directed de-novo adjudication of the case, a personal hearing was not granted by the Adjudicating authority (even though a specific request in this behalf had been made by the petitioner) on the ground that the Petitioner had filed some papers on the date of hearing which could not take place on account of pre-occupation of the authorities. The Court held that filing of papers cannot be equated with personal hearing, and on this count alone, the order of the adjudicating authority passed on de-novo consideration of the matter was liable to be quashed.

In *Banwarilal Roy's case* [AIR (1948) Calcutta 776] the Calcutta High Court laid down that: “a judicial or quasi-judicial act on the other hand implies more than mere application of the mind or the formation of the opinion. It is a reference to the mode or manner in which that opinion is formed. It implies a ‘proposal’, an ‘opposition’ and the ‘decision’ on the issue.”

In *Soorajmal v. Assistant Collector of Customs* [AIR (1952) Calcutta 103] the Calcutta High Court laid down that:

“It is the duty of the customs authorities to ‘adjudge’ (i.e. decree judicially) the penalty. In other words, to act judicially or quasi-judicially. The fundamental rules of judicial procedure or the principles of natural justice require that a proper hearing and opportunity be given to the person before the rights of such a person are affected by any decision or adjudication. Where the customs authorities impose extra duty, acting in a high handed and an arbitrary manner, arrive at their decisions on extraneous and irrelevant considerations without giving proper opportunity to the petitioner to put his case before the customs authorities and later on demand the extra duty, there has been a denial of natural justice and violation of the fundamental principles of judicial procedure and a writ of certiorari does lie even though there may be an alternative remedy open to the petitioner by way of an appeal”.

The Calcutta High Court while observing as above relied on the Supreme Court decision in *Province of Bombay v. Khushaldas Advani* [AIR (1950) S.C. 222] and came to the aforesaid conclusion.

Classification of goods is an intricate but well defined exercise. Reading and interpreting a tariff entry cannot be done in any casual or non challant manner. Words and expressions found in a tariff have to be properly understood and harmonized. They cannot be taken out and read in vaccum, so to say, nor can entries be read, out of context.

In *Ex-QUIZ TI v. State of Tamil Nadu* [1986 (25) ELT 6 (MAD)] the Madras High Court observed:“....the Supreme Court held that in determining connotation of words and expressions describing an article or commodity.... which is taxed...... if there is one principle fairly well settled, it is that the words or expressions must be construed in the sense in which they are understood in that trade by the dealer and the consumer and that it is they who are concerned with it, and it is the sense in which they understand it that constitutes the definite index of the legislative intention when the statute was enacted”.

In *Madanwathi's case* [AIR (1960) Mysore 299, 301] the Mysore High Court (as it then was)
pointed out that:

“the first and foremost rule of interpretation is the rule of grammatical interpretation,, the legislature must be deemed to have intended what it has said. It is no part of the duty of the court to presume that the legislature meant something other than what it said. If the words of the section are plain and unambiguous then there is no question of interpretation or construction. The duty of the Court is to implement these provisions”.

In *Indye Chemicals v. Collector of Central Excise Ahmedabad* -1986 (25) ELT 318 (Tribunal), it has been reiterated that Exemption notifications are to be construed strictly and in accordance with the plain meaning of the words used therein and if there is any doubt, the benefit of that doubt should go to the assessee so that the tax burden is reduced.

In *Goolabchand’s case [AIR (1951) MB 11 (FB)]* I it has been laid down that:

“If a plain word carried a plain sense in the English language, however strict the law may interpret it, it will not ignore the ordinary meaning which it carries”.

Crawford an authority on statutory construction has stated that:

“Where a word used by the legislature has fixed technical meaning; it is to be taken in that sense. The technical words and phrases of the law are presumed to have been used in their proper technical signification when used in statutes.......”

Maxwel in his interpretation of statutes has stated that:

“the first and foremost elementary principle is that it is to be assumed that the words and phrases of technical legislation are used in their technical meaning if they have acquired one otherwise in their ordinary meaning”.

In *United States v. Brown [333 US (8)]*, it has been laid down : “no rule of construction necessitates acceptance of an interpretation of a statute resulting in absurd consequences”.

In *Robertson v. Day (5AC 62, 69)* the privy Council has said:

“It is a legitimate rule of construction to construe words......with reference to the words found in immediate connection with them”.

In *Commissioner of Income Tax, Bombay v. Reid (AIR (1931) Bombay 333* it has been laid down that:

“In construing a taxing Act, the Court is not justified in straining the language in order to hold a subject liable to tax”.

The Supreme Court in *Sales Tax Commissioner v. Modi Sugar Mills [AIR (1901) SC 4047]* laid down that:

“In interpreting a taxing statute equitable considerations are entirely out of place. Nor can taxing statutes be interpreted on any presumptions or assumptions. The Court must look squarely at the words of the statute and interpret them. It must interpret a taxing statute in the light of what is clearly expressed, it cannot imply anything which is not expressed; it cannot import provisions in the statute so as to supply any assumed deficiencies.”

The CEGAT, in *Venus Engineering Pvt. Ltd. v. Collector of Central Excise, Baroda [1986 (25) ELT 553 (TRIBUNAL)]* observed that it is hazardous to interpret a word in accordance with its definition in another statute or statutory instrument, more so when these are not dealing with any cognate subject. The subject of the Factories Act is far from being cognate with the subject of the Central Excise Act - one deals with taxes and the other with places where goods are
manufactured. In the circumstances, the word “worker” in the Central Excise Act must be given the same meaning which it receives in ordinary parlance or is understood in the sense in which people conversant with the subject matter understand it and not that attributable to it under the Factoy Act.

In the matter of availment of exemptions, it has been laid down by the Kerala High Court in the case of Rice and Oil Mills [1981 ELT (KER) 59] that denial of an exemption notification would tantamount to violation of fundamental right. It is also a settled legal position that in the matter of exemption notifications, the authorities cannot abridge, alter, amend or nullify the scope of a valid notification. Benefits flowing out of a valid notification cannot also be denied. An importer who does not have sufficient finances to clear the goods or if he does not require all the goods imported for consumption at one time, may file a Bill of Entry for warehousing under the warehousing provisions, so that appropriate duty may be paid at the time of actual clearance of the goods from the warehouse.

When a set of articles are imported as a project or a single unit and the amount is charged for the same as a whole, the articles in the set attracting highest rate will be applied to the whole lot. This is irrespective of the rates the individual articles attract.

For this, if possible, the exporter shall specify the articles severally in the set and specify the price individually in the invoice. As a result a lot of duty can be saved.

If accessories and spares are brought with the main articles which are compulsory and charges separately, the rate applicable to the main article is applied to the accessories also. Example: a car is imported with accessories. BCD on car, say 90% and on accessories it is 10%. If accessories price can be shown separately in the invoice, there would be a saving in terms of duty.

(b) Customs Act and Exemption Notifications

It has already been seen that under the Customs Act (Section 25 of the Act) power has been conferred on the Central Government to exempt certain goods from the levy of customs duty. An importer has to necessarily keep a proper track of exemption notifications. The exemptions notifications may either be without any reference to any given time period or may be with reference to a particular period. In the former case, the exemption notification can be withdrawn at any time by Central Government. It is therefore necessary to envisage this eventually while negotiating contracts for sale of goods after their import into India, because Customs Duty liability will increase the cost of import which should normally be reflected in selling price. Even if the imported goods are not to be sold but are to be captive consumed, the levy of import duty by withdrawing the exemption granted earlier would have the effect of increasing the cost of production. If the imported goods are Plant and Machinery even then its effect would be to increase the cost of project. Even in a case where exemption has been given for a given period of time, the Central Government may withdraw the exemption notification before the expiry of the given period of time. To take an example, an exemption notification issued on 1.10.96 effective up to 1.10.99, may be withdrawn by the Government before 1.10.99, with the result an importer who placed an order for import of goods in the hope that they are exempted from duty may be faced with the shocking problem to pay the duty because the exemption notification has been withdrawn before 1.10.99. Now the question is, whether such a withdrawal of exemption before the expiry of normal period up to which it must have run can be challenged on the ground of promissory estoppel. The Judicial view seems to be that promissory estoppel cannot be pleaded against the Government, because withdrawal of the exemption notification under Section 25 is in public interest and such a withdrawal is a legislative function. These aspects must be borne in mind whenever any goods are imported on the basis of an exemption notification.

(c) Customs Act and Input Tax Credit:
Yet another aspect of interest in customs law is that the countervailing duties payable on the import of certain goods have to be properly accounted for in the documents. Suitable endorsement of the intention to avail CENVAT credit must be made on the Bill of entry. This is because the same Bill of entry may not be used for claiming any duty drawback on exports. This is because CENVAT credit can be availed in respect of countervailing duties also. If the importer is a canalising Agency and the goods are supplied by the canalising Agency to the Manufacturer, such a manufacturer must impress upon the canalising agency for issue of a certificate in respect of countervailing duties paid on the goods. Only on the basis of such a certificate the manufacturer would be able to get CENVAT credit.

Under the GST regime most of the goods are under GST. Where tax on goods and services is integrated and IGST is payable on imports, every supplier of imported goods is entitled to take input tax credit on whole of IGST which he can use for payment of IGST, CGST & SGST.

(d) Customs Act and Duty drawback

As regards exports are concerned a matter of subtle importance is the claims for duty drawback on the export of goods. The interesting question that has been agitated more than once before various judicial forums is, when does export takes place, whether on the export goods passing into the control of Customs Department or when the export goods reach the buyer located beyond the territorial waters of India. Judicial decision on this point are quite encouraging. The view is that once the export goods pass into the control of the Customs Department so as to be out of the control of the exporter any longer, the export is supposed to be complete. This issue is very important because there may be two eventualities.

After the export goods passes into the control of Customs Department and the goods have been boarded on the ship or have been kept for boarding on the ship, there may be a loss or destruction due to fire or action of the sea or due to any other cause. Secondly, though the goods are safely boarded on the ship, but before they cross the territorial waters of India, there may be loss or damage to the goods on board or the whole ship may be lost. In such situations, it is proper to cite judicial rulings wherein some of the High Courts declared that export is complete when the export goods pass to the customs control notwithstanding the fact that thereafter they get lost or destroyed before crossing the territorial waters of India.

(e) Customs Act and Record keeping

Last but not the least is the proper documentation and record keeping. The maintenance of correct and proper records would avoid any penal action being taken by the excise department for non-compliance with any particular rule or notification. In this context, it is necessary to be conversant with various regulations rules and the forms prescribed under the customs laws. These have been adequately explained in the preceding study lessons. A tax planner would therefore labour to keep track of various amendments brought about to various rules forms etc. so that the records and registers are at all times in consonance with the statutory requirements.

(f) Deposit of goods in a warehouse

As per section 61 of the Act, the imported goods can be deposited in a warehouse for a maximum period of one year subject to extension in some cases. Thus, removal of goods should be planned properly and the goods shall be moved within the prescribed period, else there will be necessary penalties resulting in sheer loss of money.

Every effort must be made to see that the goods are cleared from the warehouse in time before the goods get destroyed or damaged beyond repair. No remission is granted on such goods deposited in a warehouse where the importer failed to clear within the stipulated time. For example, In DECORATIVE LAMINATES (I) PVT. LTD. 2010 (H.C)
The goods were deposited in a warehouse and due to lack of demand, extension was sought and granted. Even the extended period was over by 31st Dec 2001. Still the goods were not removed. In the meantime the goods were destroyed in the warehouse. Then the importer applied for remission under Section 23 of the Act. Department rejected on the ground that remission cannot be granted on goods stored in the warehouse beyond the permissible period.

The High Court held that no remission under Section 23 of the Customs Act can be allowed for warehoused goods if they are lost or destroyed in the warehouse after the expiry of warehousing period. Further held that the benefit of remission under Section 23 is available only to proper removals.

**GST LAWS AND TAX PLANNING**

A proper tax planning exercise has to be done so as to ensure due compliance with the statutory provisions and also to reduce the incidence of duty to the minimum. In fact a proper tax planning GST Law demands:

(i) An in-depth knowledge of substantial provisions;
(ii) A thorough knowledge of procedural formalities;
(iii) A continuous follow-up of various Exemptions Notifications;
(iv) Procedural compliances and filing of returns in time
(v) Ability to reason out and argue one’s point of view.

At the outset it is a wiser part of discretion to avoid basing tax planning on very tenuous reasoning and controversial interpretations. At the same time when the rulings of the Courts carry considerable conviction it would not be advisable to ignore them. Wherever the planning is done on premises which may not find a favour with the Courts or the legislature ultimately, it is desirable to make suitable provisions in the accounts to meet the duty liability that may arise in future for past transactions. Alternatively, while entering into contract of sale of goods, a manufacturer may do well to provide in the contract note that, should additional demand of duty be made by the Government on him, the same would be recovered from the purchaser (this is however subject to the advisability of including such term from a purely commercially strategic point of view).

Some broad areas of tax planning with reference to GST Laws are discussed herein below:

**(a) Classification of goods and services**

Indirect taxes are levied on goods and services either at ad valorem rate mostly. Irrespective of the type of tax, the rate and the amount of tax would in almost all cases inter alia depend on classification of the goods/services. As wrong classification would lead to many complications, it is better to get the classification decided by the department.

**(b) Valuation**

Valuation is a very important aspect of a Tax Law. A supplier should be quite conversant with the relevant provisions in this regard under the Acts and the Rules. As on 1.7.2017, the new laws have been enacted and effected, the new provisions seek to tax the goods and services based on “transaction value” as the base for taxation has been supply and the scope of supply shall be studied meticulously for taxability and value of goods and services.

Procedural Aspects: The new set of laws are more of IT based than manual. Maintenance of electronic records filing of returns monthly, annually within the stipulated time has assumed a
lot of importance under the new system of taxation. Even claiming of input tax credit is linked to filing of returns which should be taken care of properly.

Nature of supply, Place of supply and time of supply of goods and services are equally important under new generation laws of GST because if GST is paid by mistake for interstate supply where it happened to be intrastate supply, or vice versa, will not be adjusted for the other. You have to pay GST separately with interest if any and claim refund of GST paid by mistake. Such mistake proves expensive, affecting the cash flow and working capital position of the company.

**LESSON ROUND UP**

- In common language, “Promissory” means “related to a promise”, and “estoppel” is a legal term that essentially means an enforced bar or ban. Judges use the doctrine to ban one person from going back on promise.
- The Doctrine of Promissory Estoppel marches with hypothesis that a promise given by the State is binding on the Government in the prescribed circumstances.
- The Doctrine of Estoppel can be revoked by the government if it is in the public interest and it cannot be enforced when it is prohibited by law.
- Tax can be planned in the Excise and Custom in the certain provisions such as: classification of goods, Exemption Notification by proper utilization of Cenvat Credit, duty-drawback, valuation of goods, export concessions, etc.

**SELF-TEST QUESTIONS**

1. What is the relevance of ‘Doctrine of Promissory Estoppel' in the fiscal laws?
2. What are the relevant areas in which tax planning could be done with regard to levy of duties of Customs?
3. What is the scope of tax planning with regard to levies of the GST?

BACKGROUND OF GST

INTRODUCTION

The introduction of Goods and Services Tax (GST) is a very significant step in the field of indirect tax reforms in India. In the pre GST regime, there was multiplicity of indirect taxes. The central excise duty and service tax was levied by the Central Government, while VAT and Entry Tax was levied by the State Government. Moreover, there was cascading effect of taxes, i.e. tax on tax, at various stages as credit of taxes levied by one government was not available against payment of taxes levied by the other.

GST is a huge reform for indirect taxation in India, the likes of which the country has not seen post Independence. GST will simplify indirect taxation, reduce complexities, and remove the cascading effect. It will have a huge impact on businesses both big and small, and change the way the economy functions.

GST is a comprehensive indirect tax levy subsuming all central and state levies with a single unified value added tax transforming the nation into one single market. Major Central and State taxes are subsumed into GST which will reduce the multiplicity of taxes, and thus bring down the compliance cost. With GST, the burden of CST will be phased out.

As per Statement of Objects and Reasons appended to the Constitutional Amendment bill the object of GST is:

a) to have common national market, and
b) avoid cascading effect of taxes.

From the consumer point of view, the biggest advantage would be in terms of a reduction in the overall tax burden on goods, which is currently estimated to be around 25%-30%. Introduction of GST will make Indian products competitive in the domestic and international markets. Studies show that this would have a boosting impact on economic growth. Last but not the least, this tax, because of its transparent and self-policing character, would be easier to administer.

Unfolding the pages of history, the idea of national GST in India was first mooted by Kelkar Committee in the year 2004. The Committee recommended national GST. The first announcement for the introduction of GST was made in Budget Speech on 28th April, 2006 by the then Finance Minister, P. Chidambaram. The proposed target date to introduce nationwide GST was 1st April, 2010. The Empowered Committee of State Finance Ministers (EC) which had formulated the design of State VAT was requested to come up with a roadmap and structure for the GST. Joint Working Groups of officials having representatives of the States as well as the Centre were set up to examine various aspects of the GST and draw up reports specifically on exemptions and thresholds, taxation of services and taxation of inter-State supplies. Based on discussions within and between it and the Central Government, the EC released its First Discussion Paper (FDP) on GST in November, 2009. This spells out the features of the proposed GST and has formed the basis for discussion between the Centre and the States so far.
The Constitution of India was amended from 16th of September, 2016 to make provision for the introduction of GST. By this amendments in the Constitution both the Centre and the States shall have concurrent power to levy and collect the GST on both goods and services.
RELEVANT ACTS PASSED BY THE PARLIAMENT AND STATES

Roll out date for GST is fixed at 1st July, 2017. Following are Acts under GST which were passed and received the President’s assent on 12th April, 2017-

(1) The Central Goods and Service Tax Act, 2017(CGST),
(2) The Integrated Goods and Service Tax Act, 2017(IGST),
(3) The Union Territory Goods and Service Tax Act, 2017(UTGST),

Twenty eight states excluding Jammu & Kashmir, Union Territories with legislature- Delhi and Puducherry and the remaining five Union Territories have passed their respective State Goods and Service Tax Act (SGST) and UTGST Act by 30th June, 2017. The State of Jammu & Kashmir passed their SGST Act on 5th of July, 2017. All the acts are effective from 1st day of July, 2017.

The CGST and IGST Acts extends to the whole of India except the State of Jammu & Kashmir.

WHAT IS GOODS AND SERVICE TAX?

New Article 366(2A) of the Indian Constitution, defines Goods and Service Tax (GST) to mean a tax on supply of goods or services, or both, except taxes on supply of alcoholic liquor for human consumption.

Note that the word ‘supply’ is used and not ‘sale’. Thus in many cases, free supplies will be subject to GST.

For example, GST will be payable on free supplies made to related persons. No GST will be payable on free gifts and free samples to unrelated person, but input tax credit in respect of such goods will have to be reversed.

Inter-state stock transfers and branch transfers will also be subject to GST—that is, IGST will be payable thereon.

For stock transfers and branch transfers within the State, CGST and SGST will be payable only where the taxable person has more than one GST registration within the State. In case of single registration within the State, Delivery challan will be sufficient and no payment of GST is required.

Further no GST will be payable if goods are sent for job work outside the factory.

New Article 366(26A) defines service to mean anything other than goods.

GST IS A CONSUMPTION BASED TAX BASED ON VAT PRINCIPLE

GST is a consumption based tax, i.e. tax will be payable in the State in which goods and services or both are finally consumed. Exports are not taxable, because the place of consumption is outside India. Imports are taxable, because the place of consumption is in India.

GST is based on VAT system of allowing input tax credit of tax paid on inputs, input services and capital goods, for payment of tax on output supply.
Thus, the States from which goods are supplied will not get any tax as goods are consumed in another State.

**DUAL GST**

India has adopted “Concurrent dual GST” model. The need for Dual GST model is based on the following premise:

- At existing framework, both levels of Government, that is, Centre and State, as per Constitution holds concurrent powers to levy tax on domestic goods and services.
- The Concurrent Dual GST model would be a dual levy imposed concurrently by the Centre and the States, but independently;
- Both Centre and State will operate over a common base, that is, the base for levy and imposition of duty/tax liability would be identical.

Under the Concurrent Dual GST Model taxes shall be levied as per place of supply of goods and services. In case of supplies within the State or Union Territory –

- (a) Central GST (CGST) will be payable to the Central Government
- (b) State GST (SGST) or Union Territory GST (UTGST) will be payable to the State Government or Administrator of Union Territory (as applicable)

CGST and SGST will also apply in Union Territories having legislature, i.e. Delhi and Puducherry.

Area upto 12 nautical miles inside the sea is part of State or Union Territory which is nearest, so SGST or UTGST will be payable.

**IGST FOR INTER STATE TRANSACTIONS**

In case of Inter-State supply of goods and services, there will be integrated GST (IGST) imposed by the Government of India.

Equivalent IGST will be imposed on imports

The IGST rate will be equal to CGST plus SGST rate.

IGST rates will be same all over India and will not vary State to State

Revenue from IGST will be apportioned among Union and States by the Parliament on the basis of recommendation of Goods and Service Tax council.

In area inside the sea between 12 nautical miles to 200 nautical miles, IGST will be payable.

- b) Duties of Excise (Medicinal and Toilet Preparations)
- c) Additional Duties of Excise (Goods of Special Importance)
- d) Additional Duties of Excise (Textiles and Textile Products)
- e) Additional Duties of Customs (commonly known as CVD)
- f) Special Additional Duty of Customs (SAD)
- g) Service Tax
- h) Central Surcharges and Cesses so far as they relate to supply of goods and services

State taxes that would be subsumed under the GST are:

- a) State VAT
- b) Central Sales Tax
- c) Luxury Tax
- d) Entry Tax (all forms)
- e) Entertainment and Amusement Tax (except when levied by the local bodies)
- f) Taxes on advertisements
- g) Purchase Tax

- i) State Surcharges and Cesses so far as they relate to supply of goods and services

The GST Council shall make recommendations to the Union and States on the taxes, cesses and surcharges levied by the Centre, the States and the local bodies which may be subsumed in the GST.

**Common Provisions of CGST, SGST, UTGST and UTGST**

**A. Provisions of CGST and SGST**

Article 265 of the Constitution of India mandates that no tax shall be levied or collected except with the authority of law. Charging Section is a must in any taxing statute for the purpose of levy and collection of tax.

In the pre-GST regime, there was clear demarcation of fiscal powers between the Centre and the State. While Centre was empowered to levy tax on the manufacture of goods (except alcoholic liquor for human consumption, opium, narcotics etc.), the States have the powers to levy tax on sale of goods. In case of inter-State sales, the Centre has the power to levy a tax on sale of goods.
(the Central Sales Tax) but, the tax is collected and retained entirely by the originating States. As for services, it is the Centre alone that is empowered to levy service tax.

Keeping in mind the federal structure of the Indian Constitution, Dual GST which is a political necessity, is introduced in India. Under GST, tax is levied concurrently by both the Centre and the States.

The Centre will levy and collect the Central GST and State will levy and collect the State GST on supply of goods and services within the State. (Section 9 of the CGST/SGST Act).

The Central GST will be governed by CGST(Central Goods and Service) Act which is applicable to the whole of India except the State of Jammu & Kashmir. However vide an ordinance dated 8th July, 2017, the provisions governing Goods and Service tax have been extended to the State of Jammu & Kashmir. Consequently Goods and Service tax is now applicable to the whole of India.

The State GST will be governed by SGST(State Goods and Service Tax) Act which is applicable to whole of a specified State(Section 1(2) of CGST/SGST Act). Therefore, there is one CGST Act and 31 SGST Act for each of the 29 states, Delhi and Puducherry.

Some of the highlights of the Dual GST, i.e., CGST+SGST are as follows:-

- Both CGST and SGST will be levied on same price or value in case of Intra state sale. In case of Inter-state sale, only Integrated Goods and Services Tax (IGST) will be levied which shall be administered and collected by the Central Government. IGST is not a tax but a mechanism by which part of the tax shall travel to the state where goods/services shall be consumed ultimately. In case a supplier utilizes the credit of IGST for the payment of SGST, the amount will be reimbursed to the importing state by the Centre. In case supplier in the exporting State utilizes credit of SGST for payment of IGST, centre will debit that amount to the exporting State.

- Every supplier has to take registration in a State from where he undertakes to supply goods or services. Registration in a State will automatically register the supplier under CGST Act and IGST Act. No separate registration is required.

- Full input tax credits will be available with regard to CGST and SGST. However no cross utilization between CGST and SGST will be allowed. The dealer of importing state will be entitled to avail ITC of entire IGST. Further IGST of one State cannot be set off against the IGST of another state.

- HSN will form the basis for product classification for both the Central GST and State GST.

- The obligation to pay both the taxes will be discharged based on a single tax document.

- The pre-requisite to determine the taxable event which gives rise to CSGT and SGST is common.

- The SGST will operate within the specified boundaries of the respective state. Accordingly, in relation to inter-state supplies of goods and services, it will be important to determine which particular state will charge and collect the applicable IGST.
• There will be uniform procedures for collection of the CGST and SGST.

• There will be one common tax return for both the taxes.

It is worth highlighting here that the provisions of the CGST Act 2017 have been replicated in the various SGST Acts. Resultantly almost all the provisions of the CGST Act, 2017 shall apply to SGST Acts, also with necessary changes.

Accordingly, the officers appointed under CGST Act are authorized to be the proper officers for the purposes of this Act. Whereas officers appointed under SGST Act are authorized to be the proper officers for the purposes of SGST Act(Section 3 of CGST/SGST).

Section 4 of the IGST Act provides that without prejudice to the provisions of this Act, the officers appointed under the State Goods and Services Tax Act or the Union Territory Goods and Services Tax Act are authorised to be the proper officers for the purposes of this Act, subject to such exceptions and conditions as the Government shall, on the recommendations of the Council, by notification, specify.

Section 174 of the CGST Act repeals all the Central levies under the previous law viz, the Central Excise Act, 1944 (except as respects goods included in entry 84 of the Union List of the Seventh Schedule to the Constitution), the Medicinal and Toilet Preparations (Excise Duties) Act, 1955, the Additional Duties of Excise (Goods of Special Importance) Act, 1957, the Additional Duties of Excise (Textiles and Textile Articles) Act, 1978, and the Central Excise Tariff Act, 1985

Section 174 of the SGST Act repeals all the State levies under the previous laws viz, the State VAT Act, the State Entry tax Act, the State Amusement and Betting Tax Act, State Luxury Tax, State Health Infrastructure & Services Development fund Act and any other State levies as may be provided under the section.

Section 173 of the CGST Act omits Chapter V of the Finance Act 1994, while Section 173 of the SGST Act omits / amends various state levies w.r.t octroi, entry tax, amusement and entertainment tax and other State levies that are subsumed under GST.

The Transitional Provisions under Chapter XX shows certain additional requirement under SGST Act compared to CGST Act.

Section 140(1) of CGST Act entitles to take in the electronic credit ledger, credit of the amount of CENVAT credit as carried forward in the return furnished under earlier law, relating to the period ending with the day immediately preceding the appointed day. The CENVAT credit shall be admissible as CGST tax.

Section 140(1) of the SGST Act entitles to take in the electronic credit ledger, credit of the amount of VAT, as carried forward in the return furnished under earlier law, relating to the period ending with the day immediately preceding the appointed day. The VAT credit shall be admissible as SGST tax.

The second provisio to Section 140(1) of the SGST Act so much of the said credit as is attributable to any claim related to section 3, 5(3), 6, 6A and 8(8) of the CST Act, 1956 which is not substantiated in the manner, and within the period prescribed in rule 12 of the CST (Registration and Turnover) Rules, 1957 shall not be eligible to be credited to the electronic credit ledger.
Thus in case of inter-state sale, if CST Forms like, Form C,F,H,E1,E2 are not received by the seller within the prescribed time of 3 months as stipulated in Rule 12 of the CST rules, credit equal to difference between state VAT on that item and CST paid will not be available for carry forward.

The third provisio to Section 140(1) of the SGST Act provides that an amount equivalent to the credit specified in the second provisio shall be refunded under the existing law when the said claims are substantiated in the manner prescribed in rule 12 of the CST (Registration and Turnover) Rules, 1957. Thus when the claim is substantiated, the amount will be refunded to the taxable person.

Sub-section 14 is specifically inserted to Section 142 of the SGST Act, which provides that where any goods or capital goods belonging to the principal are lying at the premises of the agent on the appointed day, the agent shall be entitled to take credit, subject to the following conditions:

(i) The agent is a registered taxable person
(ii) Both the principal and the agent declare the details of stock
(iii) The invoices are not older than twelve months
(iv) The principal has either reversed or not been availed on the input tax credit

Besides the above, all the provisions of CGST Act and SGST Act are similar.

**B. COMMON PROVISIONS OF CGST AND IGST**

(xxiii) job work;
(xxiv) electronic commerce;
(xxv) settlement of funds;
(xxvi) transitional provisions; and
(xxvii) miscellaneous provisions including the provisions relating to the imposition of interest and penalty,

**RATES OF GST**

The rates of GST (CGST+SGST/UTGST) - Nil, 5%, 12%, 18% and 28%. These rates will apply to IGST also. CGST and SGST rate is expected to be same. IGST is expected to be equal to double the CGST rate. Thus if CGST and SGST is same, the IGST rate will be equal to the rate of SGST plus CGST.

For Example:- Rajesh, a dealer in Maharashtra sold goods to Anand in Maharashtra worth ₹ 10,000. The GST rate is 18% comprising of CGST rate of 9% and SGST rate of 9%, in such case the dealer collects ₹ 1800 and ₹ 900 will go to the central government and ₹ 900 will go to the Maharashtra government.

Again if Rajesh sells goods to dealer in Delhi worth ₹ 10,000. This being inter-state, the dealer will charge IGST at the rate of 18% and the amount collected ₹ 1800 will go the central government and will later be apportioned between the union and the states on the recommendation of the GST council.
There is a special rate of 0.25% for rough diamonds and 3% for Gold, silver and jewellery, platinum, imitation jewellery, pearl, diamond, synthetic stone.

In addition, there will be GST Compensation cess on aerated waters, cigarettes, tobacco and tobacco products, coal, peat, lignite and motor vehicles.

DISADVANTAGES OF GST:

- GST is not good news for all sectors, though. In the current system, many products are exempted from taxation. The GST proposes to have minimal exemption list. Currently, higher taxes are levied on fewer items, but with GST, lower taxes will be levied on almost all items.
- GST is not applicable on liquor for human consumption. So alcohol rates will not get any advantage of GST.
• Stamp duty will not fall under the GST regime and will continue to be imposed by states.

The success of an Act depends upon its proper administration. CHAPTER III

LEVY AND COLLECTION OF TAX

Commentary:

Under the old regime, taxable events for various taxes were different. For example for excise, the taxable event was manufacture or production of goods in India, for service, the taxable event was provision of service and under VAT/CST it was sale of goods. To replace such multiplicity, GST has brought a single and unified taxable event which is supply, i.e., tax would be payable on the supply of goods or services.

7. SCOPE OF SUPPLY

(1) For the purposes of this Act, the expression “supply” includes--

(a) all forms of supply of goods or services or both such as sale, transfer, barter, exchange, licence, rental, lease or disposal made or agreed to be made for a consideration by a person in the course or furtherance of business;

(b) import of services for a consideration whether or not in the course or furtherance of business;

(c) the activities specified in Schedule I, made or agreed to be made without a consideration; and

(d) the activities to be treated as supply of goods or supply of services as referred to in Schedule II.

Commentary:

The term, “supply” has been inclusively defined in the Act. The meaning and scope of supply under GST can be understood in terms of following six parameters, which can be adopted to characterize a transaction as supply:
1. Supply of goods or services. Supply of anything other than goods or services does not attract GST
2. Supply should be made for a consideration
3. Supply should be made in the course or furtherance of business
4. Supply should be made by a taxable person
5. Supply should be a taxable supply

The term “goods” and “services” have been defined in section 2(52) and 2(102) of the CGST Act. The term “consideration” is defined in section 2(31) of the CGST Act.

The phrase ‘agreed to be made’ signifies that tax is not only payable on supply, that has already been made, but would also be payable in respect to a supply that has been agreed to be made. Hence, even advances received prior to supply is taxable even if the same is in connection to a supply agreed to be made.

(2) Notwithstanding anything contained in sub-section (1),--
(a) activities or transactions specified in Schedule III; or

(b) such activities or transactions undertaken by the Central Government, a State Government or any local authority in which they are engaged as public authorities, as may be notified by the Government on the recommendations of the Council,

shall be treated neither as a supply of goods nor a supply of services.

(3) Subject to the provisions of sub-sections (1) and (2), the Government may, on the recommendations of the Council, specify, by notification, the transactions that are to be treated as—

(a) a supply of goods and not as a supply of services; or

(b) a supply of services and not as a supply of goods.

8. TAX LIABILITY ON COMPOSITE AND MIXED SUPPLIES

The tax liability on a composite or a mixed supply shall be determined in the following manner, namely:—

(a) a composite supply comprising two or more supplies, one of which is a principal supply, shall be treated as a supply of such principal supply; and

(b) a mixed supply comprising two or more supplies shall be treated as a supply of that particular supply which attracts the highest rate of tax.

**Commentary:**

The term “composite supply” and “mixed supply” have been defined in section 2(30) and 2(74) of the CGST Act.

**Example of composite supply:**

You are booking an airline ticket which includes meal. It is a bundle of supplies. It is a composite supply where the products cannot be sold separately. You cannot buy just the airline meal and not the airline ticket. The transportation of passenger is, therefore, the principal supply.

Rate of tax applicable to the principal supply will be charged to the whole composite bundle. Therefore, rate of GST applicable to transportation of passengers by air will be charged on the airline ticket.

**Example of mixed supply**

Many FMCG Companies offer buckets with detergent purchased. This is a mixed supply as it does not satisfy the 2nd condition, i.e., it can be sold separately. You can buy either just a bucket or just detergent. The highest rate of GST will then apply. Assuming that plastic buckets have the higher rate, this rate will apply on the whole mixed bundle.

9. LEVY AND COLLECTION
(1) Subject to the provisions of sub-section (2), there shall be levied a tax called the central goods and services tax on all intra-State supplies of goods or services or both, except on the supply of alcoholic liquor for human consumption, on the value determined under section 15 and at such rates, not exceeding twenty per cent., as may be notified by the Government on the recommendations of the Council and collected in such manner as may be prescribed and shall be paid by the taxable person.

(2) The central tax on the supply of petroleum crude, high speed diesel, motor spirit (commonly known as petrol), natural gas and aviation turbine fuel shall be levied with effect from such date as may be notified by the Government on the recommendations of the Council.

Commentary:
CGST along with SGST / UTGST is leviable on intra-State supplies. The maximum rate at which Government can levy CGST is 20%. However currently, the highest rate at which it has been levied is 14% (as decided in the 14th GST council meeting).

Alcoholic liquor for human consumption is outside the ambit of GST. Further petroleum crude, high speed diesel, motor spirit (commonly known as petrol), natural gas and aviation turbine fuel is also kept outside GST for the time being, but can be brought under it's regime from such date as may be notified.

(3) The Government may, on the recommendations of the Council, by notification, specify categories of supply of goods or services or both, the tax on which shall be paid on reverse charge basis by the recipient of such goods or services or both and all the provisions of this Act shall apply to such recipient as if he is the person liable for paying the tax in relation to the supply of such goods or services or both.

(4) The central tax in respect of the supply of taxable goods or services or both by a supplier, who is not registered, to a registered person shall be paid by such person on reverse charge basis as the recipient and all the provisions of this Act shall apply to such recipient as if he is the person liable for paying the tax in relation to the supply of such goods or services or both.

(5) The Government may, on the recommendations of the Council, by notification, specify categories of services the tax on intra-State supplies of which shall be paid by the electronic commerce operator if such services are supplied through it, and all the provisions of this Act shall apply to such electronic commerce operator as if he is the supplier liable for paying the tax in relation to the supply of such services:

Provided that where an electronic commerce operator does not have a physical presence in the taxable territory, any person representing such electronic commerce operator for any purpose in the taxable territory shall be liable to pay tax:

Provided further that where an electronic commerce operator does not have a physical presence in the taxable territory and also he does not have a representative in the said territory, such electronic commerce operator shall appoint a person in the taxable territory for the purpose of paying tax and such person shall be liable to pay tax.

Commentary:
GST is normally payable by the supplier of goods or services. However when the same is
payable by the recipient of goods/services, it is called reverse charge. The term “reverse charge” is defined under section 2 (98) of CGST Act.

The supplies in respect of which tax is payable on reverse charge basis are specified in subsection (4) and (5) of section 9 of CGST Act. Further the government can also notify such categories under sub-section (3) of section 9 of CGST Act.

10. COMPOSITION LEVY

Commentary:

The composition levy is an alternative method of levy of tax designed for small taxpayers. The objective of composition scheme is to bring simplicity and to reduce the compliance cost for the small taxpayers. Moreover, it is optional and the eligible person opting to pay tax under this scheme can pay tax at a prescribed percentage of his turnover every quarter, instead of paying tax at normal rate.

However to qualify for this scheme, he has to fulfill the mandatory conditions prescribed under the law, one of which is the limit of annual turnover.

(1) Notwithstanding anything to the contrary contained in this Act but subject to the provisions of sub-sections (3) and (4) of section 9, a registered person, whose aggregate turnover in the preceding financial year did not exceed fifty lakh rupees, may opt to pay, in lieu of the tax payable by him, an amount calculated at such rate as may be prescribed, but not exceeding,—

(a) one per cent. of the turnover in State or turnover in Union territory in case of a manufacturer,

(b) two and a half per cent. of the turnover in State or turnover in Union territory in case of persons engaged in making supplies referred to in clause (b) of paragraph 6 of Schedule II, and

(c) half per cent. of the turnover in State or turnover in Union territory in case of other suppliers, subject to such conditions and restrictions as may be prescribed:

Provided that the Government may, by notification, increase the said limit of fifty lakh rupees to such higher amount, not exceeding one crore rupees, as may be recommended by the Council.

(2) The registered person shall be eligible to opt under sub-section (1), if:—

(a) he is not engaged in the supply of services other than supplies referred to in clause (b) of paragraph 6 of Schedule II;

(b) he is not engaged in making any supply of goods which are not leviable to tax under this Act;

(c) he is not engaged in making any inter-State outward supplies of goods;

(d) he is not engaged in making any supply of goods through an electronic commerce operator who is required to collect tax at source under section 52;and
(e) he is not a manufacturer of such goods as may be notified by the Government on the recommendations of the Council:

Provided that where more than one registered persons are having the same Permanent Account Number (issued under the Income-tax Act, 1961), the registered person shall not be eligible to opt for the scheme under sub-section (1) unless all such registered persons opt to pay tax under that sub-section.

(3) The option availed of by a registered person under sub-section (1) shall lapse with effect from the day on which his aggregate turnover during a financial year exceeds the limit specified under sub-section (1).

(4) A taxable person to whom the provisions of sub-section (1) apply shall not collect any tax from the recipient on supplies made by him nor shall he be entitled to any credit of input tax.

(5) If the proper officer has reasons to believe that a taxable person has paid tax under sub-section (1) despite not being eligible, such person shall, in addition to any tax that may be payable by him under any other provisions of this Act, be liable to a penalty and the provisions of section 73 or section 74 shall, mutatis mutandis, apply for determination of tax and penalty.

**Commentary:**

The Composition scheme is not available to supplier of services except restaurant service.

Taxable person whose all supplies of goods and services are within the state only are eligible.

Taxable person who opts for this scheme will not be allowed to charge GST in their invoice. They will issue a bill of supply instead of Tax invoice. They are also not entitled to take input tax credit.

The scheme lapses on the day his aggregate turnover exceeds the specified aggregate turnover limit.

A registered taxable person having same PAN and multiple registrations in different states have to opt for the composition scheme for all states.

**11. POWER TO GRANT EXEMPTION FROM TAX**

(1) Where the Government is satisfied that it is necessary in the public interest so to do, it may, on the recommendations of the Council, by notification, exempt generally, either absolutely or subject to such conditions as may be specified therein, goods or services or both of any specified description from the whole or any part of the tax leviable thereon with effect from such date as may be specified in such notification.

(2) Where the Government is satisfied that it is necessary in the public interest so to do, it may, on the recommendations of the Council, by special order in each case, under circumstances of an exceptional nature to be stated in such order, exempt from payment of tax any goods or services or both on which tax is leviable.
(3) The Government may, if it considers necessary or expedient so to do for the purpose of clarifying the scope or applicability of any notification issued under sub-section (1) or order issued under sub-section (2), insert an explanation in such notification or order, as the case may be, by notification at any time within one year of issue of the notification under sub-section (1) or order under sub-section (2), and every such explanation shall have effect as if it had always been the part of the first such notification or order, as the case may be.

Explaination.--For the purposes of this section, where an exemption in respect of any goods or services or both from the whole or part of the tax leviable thereon has been granted absolutely, the registered person supplying such goods or services or both shall not collect the tax, in excess of the effective rate, on such supply of goods or services or both.

**Commentary:**

An exemption may be conditional or absolute. When exemption has been granted absolutely, i.e. it is not subjected to any condition or the happening of any event, it is mandatory.

CHAPTER IV

TIME AND VALUE OF SUPPLY

Commentary:

TIME OF SUPPLY: Point of taxation means the point in time when the goods or services are deemed to be supplied. The liability to pay GST arises upon the time of supply.

12. TIME OF SUPPLY OF GOODS.

(1) The liability to pay tax on goods shall arise at the time of supply, as determined in accordance with the provisions of this section.

(2) The time of supply of goods shall be the earlier of the following dates, namely:

(a) the date of issue of invoice by the supplier or the last date on which he is required, under sub-section (1) of section 31, to issue the invoice with respect to the supply; or

(b) the date on which the supplier receives the payment with respect to the supply:

Provided that where the supplier of taxable goods receives an amount up to one thousand rupees in excess of the amount indicated in the tax invoice, the time of supply to the extent of such excess amount shall, at the option of the said supplier, be the date of issue of invoice in respect of such excess amount.

Explanation 1.—For the purposes of clauses (a) and (b), “supply” shall be deemed to have been made to the extent it is covered by the invoice or, as the case may be, the payment.

Explanation 2.—For the purposes of clause (b), “the date on which the supplier receives the payment” shall be the date on which the payment is entered in his books of account or the date on which the payment is credited to his bank account, whichever is earlier.

Commentary:

For example, A supplies goods to B on 5th July and issues the invoice on the same date. B pays by cheque on 20th July and the cheque is credited to A’s account on 22nd July. A records the receipt of payment on 23rd July after receiving confirmation that the cheque has been cleared. The point of supply of the goods shall be 5th July.

However in the same case, if B pays half of the consideration in advance on 2nd July, then in respect to such amount the point of taxation shall be the date of receipt of such payment as recorded in his books of accounts or the date on which it is credited to his bank account, whichever is earlier, in this case to be July 22.

(3) In case of supplies in respect of which tax is paid or liable to be paid on reverse charge basis, the time of supply shall be the earliest of the following dates, namely:

(a) the date of the receipt of goods; or

(b) the date of payment as entered in the books of account of the recipient or the
date on which the payment is debited in his bank account, whichever is earlier; or

c) the date immediately following thirty days from the date of issue of invoice or any other document, by whatever name called, in lieu thereof by the supplier:

Provided that where it is not possible to determine the time of supply under clause (a) or clause (b) or clause (c), the time of supply shall be the date of entry in the books of account of the recipient of supply.

**Commentary:**

GST is normally payable by the supplier of goods or services. But when the same is payable by the recipient of goods/services, instead of the supplier, it is called reverse charge. The term “reverse charge” is defined under section 2 (98) of CGST Act.

The supplies in respect of which tax is payable on reverse charge basis are specified in sub-section (4) and (5) of section 9 of CGST Act. The government can further notify such categories under sub-section (3) of section 9 of CGST Act.

(4) In case of supply of vouchers by a supplier, the time of supply shall be—

  (a) the date of issue of voucher, if the supply is identifiable at that point; or
  
  (b) the date of redemption of voucher, in all other cases.

**Commentary:**

The term “voucher” is defined under section 2 (118) of CGST Act.

(5) Where it is not possible to determine the time of supply under the provisions of sub-section (2) or sub-section (3) or sub-section (4), the time of supply shall—

  (a) in a case where a periodical return has to be filed, be the date on which such return is to be filed; or
  
  (b) in any other case, be the date on which the tax is paid.

(6) The time of supply to the extent it relates to an addition in the value of supply by way of interest, late fee or penalty for delayed payment of any consideration shall be the date on which the supplier receives such addition in value.

**13. TIME OF SUPPLY OF SERVICES.**

(1) The liability to pay tax on services shall arise at the time of supply, as determined in accordance with the provisions of this section.

(2) The time of supply of services shall be the earliest of the following dates, namely:—

  (a) the date of issue of invoice by the supplier, if the invoice is issued within the period prescribed under sub-section (2) of section 31 or the date of receipt of payment, whichever is earlier; or
(b) the date of provision of service, if the invoice is not issued within the period prescribed under sub-section (2) of section 31 or the date of receipt of payment, whichever is earlier; or

(c) the date on which the recipient shows the receipt of services in his books of account, in a case where the provisions of clause (a) or clause (b) do not apply:

Provided that where the supplier of taxable service receives an amount up to one thousand rupees in excess of the amount indicated in the tax invoice, the time of supply to the extent of such excess amount shall, at the option of the said supplier, be the date of issue of invoice relating to such excess amount.

Explanation.--For the purposes of clauses (a) and (b)--

(i) the supply shall be deemed to have been made to the extent it is covered by the invoice or, as the case may be, the payment;

(ii) “the date of receipt of payment” shall be the date on which the payment is entered in the books of account of the supplier or the date on which the payment is credited to his bank account, whichever is earlier.

Commentary:

The provision in respect to services is more or less similar to that in respect to goods. However in case of goods, where the supplier does not issue the invoice, the last date on which he is required to issue the same under the law is to be considered, whereas in case of services, the date of provision of services is to be considered.

Further, the provision in respect to service provides for an additional provision which states that in case it is still not possible to determine the time of supply on the basis of the date of issue of invoice or the date of provision of the service or the date of receipt of the payment, the date of receipt of services as reflected in the book of accounts of the recipient of service shall be considered.

(3) In case of supplies in respect of which tax is paid or liable to be paid on reverse charge basis, the time of supply shall be the earlier of the following dates, namely:--

(a) the date of payment as entered in the books of account of the recipient or the date on which the payment is debited in his bank account, whichever is earlier; or

(b) the date immediately following sixty days from the date of issue of invoice or any other document, by whatever name called, in lieu thereof by the supplier:

Provided that where it is not possible to determine the time of supply under clause (a) or clause (b), the time of supply shall be the date of entry in the books of account of the recipient of supply:

Provided further that in case of supply by associated enterprises, where the supplier of service is located outside India, the time of supply shall be the date of entry in the books of account of the recipient of supply or the date of payment, whichever is earlier.
(4) In case of supply of vouchers by a supplier, the time of supply shall be—

(a) the date of issue of voucher, if the supply is identifiable at that point; or

(b) the date of redemption of voucher, in all other cases.

(5) Where it is not possible to determine the time of supply under the provisions of sub-section (2) or sub-section (3) or sub-section (4), the time of supply shall—

(a) in a case where a periodical return has to be filed, be the date on which such return is to be filed; or

(b) in any other case, be the date on which the tax is paid.

(6) The time of supply to the extent it relates to an addition in the value of supply by way of interest, late fee or penalty for delayed payment of any consideration shall be the date on which the supplier receives such addition in value.

14. CHANGE IN RATE OF TAX IN RESPECT OF SUPPLY OF GOODS OR SERVICES.

Notwithstanding anything contained in section 12 or section 13, the time of supply, where there is a change in the rate of tax in respect of goods or services or both, shall be determined in the following manner, namely:—

(a) in case the goods or services or both have been supplied before the change in rate of tax,--

(i) where the invoice for the same has been issued and the payment is also received after the change in rate of tax, the time of supply shall be the date of receipt of payment or the date of issue of invoice, whichever is earlier; or

(ii) where the invoice has been issued prior to the change in rate of tax but payment is received after the change in rate of tax, the time of supply shall be the date of issue of invoice; or

(iii) where the payment has been received before the change in rate of tax, but the invoice for the same is issued after the change in rate of tax, the time of supply shall be the date of receipt of payment;

(b) in case the goods or services or both have been supplied after the change in rate of tax,--

(i) where the payment is received after the change in rate of tax but the invoice has been issued prior to the change in rate of tax, the time of supply shall be the date of receipt of payment; or

(ii) where the invoice has been issued and payment is received before the change in rate of tax, the time of supply shall be the date of receipt of payment or date of issue of invoice, whichever is earlier; or

(iii) where the invoice has been issued after the change in rate of tax but the payment is received before the change in rate of tax, the time of supply shall be the date of issue of invoice:
Provided that the date of receipt of payment shall be the date of credit in the bank account if such credit in the bank account is after four working days from the date of change in the rate of tax.

Explanation.--For the purposes of this section, “the date of receipt of payment” shall be the date on which the payment is entered in the books of account of the supplier or the date on which the payment is credited to his bank account, whichever is earlier.

**Commentary:**

Where taxable service has been provided BEFORE the change of rate of tax, the point of taxation shall be date of payment or date of invoice, whichever is EARLIER, in case payment is received and invoice issued, both are before change of rate.

Where taxable service has been provided AFTER the change of rate of tax, and

(a) the date of invoice as well as the date of payment, BOTH are PRIOR to the change,

the point of taxation shall be date of payment or date of invoice, whichever is EARLIER.

(b) the date of invoice OR the date of payment, EITHER of the TWO is AFTER the change,

the point of taxation shall be date of payment or date of invoice, whichever is LATER.

---

15. **VALUE OF TAXABLE SUPPLY.**

**Commentary:**

The amount of GST payable is calculated by applying the rate of GST to the value of the supply, which is determined by these provisions.

(1) The value of a supply of goods or services or both shall be the transaction value, which is the price actually paid or payable for the said supply of goods or services or both where the supplier and the recipient of the supply are not related and the price is the sole consideration for the supply.

(2) The value of supply shall include -

(a) any taxes, duties, cesses, fees and charges levied under any law for the time being in force other than this Act, the State Goods and Services Tax Act, the Union Territory Goods and Services Tax Act and the Goods and Services Tax (Compensation to States) Act, if charged separately by the supplier;

(b) any amount that the supplier is liable to pay in relation to such supply but which
has been incurred by the recipient of the supply and not included in the price actually paid or payable for the goods or services or both;

(c) incidental expenses, including commission and packing, charged by the supplier to the recipient of a supply and any amount charged for anything done by the supplier in respect of the supply of goods or services or both at the time of, or before delivery of goods or supply of services;

(d) interest or late fee or penalty for delayed payment of any consideration for any supply; and

(e) subsidies directly linked to the price excluding subsidies provided by the Central Government and State Governments.

Explanation.––For the purposes of this sub-section, the amount of subsidy shall be included in the value of supply of the supplier who receives the subsidy.

**Commentary:**

Section 15(2) provides the following list of adjustments that could be added to Transaction value:-

a) Any amounts paid by the recipient that are obligation of supplier to pay

b) Money value of goods or services provided free or at concession by recipient

c) Royalties and license fees payable by the recipient as a condition of supply

d) Taxes levied under any other laws (other than SGST/CGST or IGST)

e) Expenses incurred by the supplier before supply and charged separately

f) Subsidy realized by supplier on the supply

g) Reimbursements claimed separately by the supplier

h) Discounts allowed after supply has been effected except when known before supply

(Discounts allowed as a normal trade practice and reflected on the face of the invoice shall not be included)

(3) The value of the supply shall not include any discount which is given—

(a) before or at the time of the supply if such discount has been duly recorded in the invoice issued in respect of such supply; and

(b) after the supply has been effected, if—

(i) such discount is established in terms of an agreement entered into at or before the time of such supply and specifically linked to relevant invoices; and

(ii) input tax credit as is attributable to the discount on the basis of document issued by the supplier has been reversed by the recipient of the supply.

**Commentary:**

A purchases an Air conditioner from B for ` 20,000. B gives cash discount of ` 2,000 to A on the sale invoice itself.

Transaction value will be ` 18,000, being price of the goods after reducing the discount offered at the time of sale.

A purchases an Air conditioner from B for ` 20,000 on July 1, 2017. On August 1, 2017, A
gives discount of ` 5,000 to B and B makes a payment of ` 15,000 to A. If discount is not known before or at time of supply, transaction value will be ` 20,000 being net price of the goods plus discount allowed after the supply has been effected. If discount is known before or at the time of supply, transaction value will be ` 15,000 being net price of the goods.

(4) Where the value of the supply of goods or services or both cannot be determined under sub-section (1), the same shall be determined in such manner as may be prescribed.
Commentary:

Where the supplier and the recipient of the supply are RELATED or the price is NOT the sole consideration for the supply, then value would not be determined in terms of sub-section (1) of section 15 of CGST Act. In those cases, the value shall be determined in terms of the rules notified under sub-section (4) of section 15 of CGST Act.

(5) Notwithstanding anything contained in sub-section (1) or sub-section (4), the value of such supplies as may be notified by the Government on the recommendations of the Council shall be determined in such manner as may be prescribed.

Commentary:

Where the Government notifies the value in respect to any supply, such value shall be the applicable value and shall override the value calculated in terms of sub-section (1) or sub-section (4) of section 15 of CGST Act.

Explanation.—For the purposes of this Act,—

(a) persons shall be deemed to be “related persons” if—
   (i) such persons are officers or directors of one another’s businesses;
   (ii) such persons are legally recognised partners in business;
   (iii) such persons are employer and employee;
   (iv) any person directly or indirectly owns, controls or holds twenty-five per cent or more of the outstanding voting stock or shares of both of them;
   (v) one of them directly or indirectly controls the other;
   (vi) both of them are directly or indirectly controlled by a third person;
   (vii) together they directly or indirectly control a third person; or
   (viii) they are members of the same family;

(b) the term “person” also includes legal persons;

(c) persons who are associated in the business of one another in that one is the sole agent or sole distributor or sole concessionaire, howsoever described, of the other, shall be deemed to be related.
CHAPTER V

INPUT TAX CREDIT

Commentary:
Goods and service tax aims at providing seamless flow of credit throughout supply chain. Thus input tax credit is the backbone of Goods and Service Tax. According to section 2 (63) of CGST Act 2017, “input tax credit” means credit of input tax. Further section 2 (62) of CGST Act 2017 defines “input tax”.

16. ELIGIBILITY AND CONDITIONS FOR TAKING INPUT TAX CREDIT.

(1) Every registered person shall, subject to such conditions and restrictions as may be prescribed and in the manner specified in section 49, be entitled to take credit of input tax charged on any supply of goods or services or both to him which are used or intended to be used in the course or furtherance of his business and the said amount shall be credited to the electronic credit ledger of such person.

Commentary:
Input tax credit can be availed only in respect to tax paid on any supply which are or would be used in the course or furtherance of the business of the registered person. The term “business” has been defined in section 2(17) of the CGST Act 2017.

Input tax credit is given at each stage of the tax paid at earlier stage. For example A supplies goods to B and B further supplies goods to C. B will get the input tax credit of tax paid by A, C will get the credit of tax paid by B and so on.

(2) Notwithstanding anything contained in this section, no registered person shall be entitled to the credit of any input tax in respect of any supply of goods or services or both to him unless,—

(a) he is in possession of a tax invoice or debit note issued by a supplier registered under this Act, or such other tax paying documents as may be prescribed;

(b) he has received the goods or services or both.

Explanation.—For the purposes of this clause, it shall be deemed that the registered person has received the goods where the goods are delivered by the supplier to a recipient or any other person on the direction of such registered person, whether acting as an agent or otherwise, before or during movement of goods, either by way of transfer of documents of title to goods or otherwise;

(c) subject to the provisions of section 41, the tax charged in respect of such supply has been actually paid to the Government, either in cash or through utilisation of input tax credit admissible in respect of the said supply; and

(d) he has furnished the return under section 39:
Section 16(2) of CGST Act 2017 specifies the basic conditions for availing of input tax credit. It specifically requires that besides the other conditions, the recipient can take credit only if tax has actually been paid to the Government by the supplier.

Provided that where the goods against an invoice are received in lots or instalments, the registered person shall be entitled to take credit upon receipt of the last lot or instalment:

Provided further that where a recipient fails to pay to the supplier of goods or services or both, other than the supplies on which tax is payable on reverse charge basis, the amount towards the value of supply along with tax payable thereon within a period of one hundred and eighty days from the date of issue of invoice by the supplier, an amount equal to the input tax credit availed by the recipient shall be added to his output tax liability, along with interest thereon, in such manner as may be prescribed:

Provided also that the recipient shall be entitled to avail of the credit of input tax on payment made by him of the amount towards the value of supply of goods or services or both along with tax payable thereon.

Where the recipient fails to make payment to the supplier of goods or services or both (other than the supplies on which tax is payable on reverse charge basis) the amount of value of supply along with tax payable thereon within 180 days from the date of issue of invoice, amount equal to the Input Tax credit availed by the recipient will be added to his output liability along with interest thereon.

If the recipient later makes the payment to the supplier, he can take the credit of the input tax.

Where the registered person has claimed depreciation on the tax component of the cost of capital goods and plant and machinery under the provisions of the Income-tax Act, 1961, the input tax credit on the said tax component shall not be allowed.

Thus, if the net value of capital goods is Rs. 100 lakhs and GST paid is Rs. 18 lakhs, the taxable person should not claim Input Tax Credit on the tax component.

A registered person shall not be entitled to take input tax credit in respect of any invoice or debit note for supply of goods or services or both after the due date of furnishing of the return under section 39 for the month of September following the end of financial year to which such invoice or invoice relating to such debit note pertains or furnishing of the relevant annual return, whichever is earlier.
The purpose of the restriction under sub-section (4) is to define a time limit for availing of input tax credit. Thus in view of Section 16(4), in case of invoices received after October, taxable person gets less than one year to take input tax credit.

17. APPORTIONMENT OF CREDIT AND BLOCKED CREDITS

(1) Where the goods or services or both are used by the registered person partly for the purpose of any business and partly for other purposes, the amount of credit shall be restricted to so much of the input tax as is attributable to the purposes of his business.

Commentary:
Where any goods and services which are not or would not be used in the course or furtherance of the business, input tax credit thereon would not be available as per section 16(1) of the Act. However, where any such goods or services are partly used in the course or furtherance of the business and partly used for other purpose, only proportionate credit to the extent used for the purpose of business shall be available.

(2) Where the goods or services or both are used by the registered person partly for effecting taxable supplies including zero-rated supplies under this Act or under the Integrated Goods and Services Tax Act and partly for effecting exempt supplies under the said Acts, the amount of credit shall be restricted to so much of the input tax as is attributable to the said taxable supplies including zero-rated supplies.

Commentary:
Input credit is allowed on goods and services used or to be used for effecting zero-rated supplies.

According to section 16(1) of the Integrated Goods and Services Tax Act 2017, “zero-rated supply” means any of the following supplies of goods or services or both, namely:--

(a) export of goods or services or both; or

(b) supply of goods or services or both to a Special Economic Zone developer or a Special Economic Zone unit.

(3) The value of exempt supply under sub-section (2) shall be such as may be prescribed, and shall include supplies on which the recipient is liable to pay tax on reverse charge basis, transactions in securities, sale of land and, subject to clause (b) of paragraph 5 of Schedule II, sale of building.

(4) A banking company or a financial institution including a non-banking financial company, engaged in supplying services by way of accepting deposits, extending loans or advances shall have the option to either comply with the provisions of sub-section (2), or avail of, every month, an amount equal to fifty per cent. of the eligible input tax credit on inputs, capital goods and input services in that month and the rest shall lapse:

Provided that the option once exercised shall not be withdrawn during the remaining part of the financial year:
Provided further that the restriction of fifty per cent. shall not apply to the tax paid on supplies made by one registered person to another registered person having the same Permanent Account Number.

(5) Notwithstanding anything contained in sub-section (1) of section 16 and sub-section (1) of section 18, input tax credit shall not be available in respect of the following, namely:—

(a) motor vehicles and other conveyances except when they are used—

(i) for making the following taxable supplies, namely:—

(A) further supply of such vehicles or conveyances; or

(B) transportation of passengers; or

(C) imparting training on driving, flying, navigating such vehicles or conveyances;

(ii) for transportation of goods;

(b) the following supply of goods or services or both—

(i) food and beverages, outdoor catering, beauty treatment, health services, cosmetic and plastic surgery except where an inward supply of goods or services or both of a particular category is used by a registered person for making an outward taxable supply of the same category of goods or services or both or as an element of a taxable composite or mixed supply;

(ii) membership of a club, health and fitness centre;

(iii) rent-a-cab, life insurance and health insurance except where—

(A) the Government notifies the services which are obligatory for an employer to provide to its employees under any law for the time being in force; or

(B) such inward supply of goods or services or both of a particular category is used by a registered person for making an outward taxable supply of the same category of goods or services or both or as part of a taxable composite or mixed supply; and

(iv) travel benefits extended to employees on vacation such as leave or home travel concession;

(c) works contract services when supplied for construction of an immovable property (other than plant and machinery) except where it is an input service for further supply of works contract service;

(d) goods or services or both received by a taxable person for construction of an immovable property (other than plant or machinery) on his own account including when such goods or services or both are used in the course or
furtherance of business.

Explanation.--For the purposes of clauses (c) and (d), the expression “construction” includes re-construction, renovation, additions or alterations or repairs, to the extent of capitalisation, to the said immovable property;

(e) goods or services or both on which tax has been paid under section 10;

(f) goods or services or both received by a non-resident taxable person except on goods imported by him;

(g) goods or services or both used for personal consumption;

(h) goods lost, stolen, destroyed, written off or disposed of by way of gift or free samples; and

(i) any tax paid in accordance with the provisions of sections 74, 129 and 130.

(6) The Government may prescribe the manner in which the credit referred to in sub-sections (1) and (2) may be attributed.

Explanation.--For the purposes of this Chapter and Chapter VI, the expression “plant and machinery” means apparatus, equipment, and machinery fixed to earth by foundation or structural support that are used for making outward supply of goods or services or both and includes such foundation and structural supports but excludes—

(i) land, building or any other civil structures;

(ii) telecommunication towers; and

(iii) pipelines laid outside the factory premises.

18. AVAILABILITY OF CREDIT IN SPECIAL CIRCUMSTANCES

(1) Subject to such conditions and restrictions as may be prescribed-

(a) a person who has applied for registration under this Act within thirty days from the date on which he becomes liable to registration and has been granted such registration shall be entitled to take credit of input tax in respect of inputs held in stock and inputs contained in semi-finished or finished goods held in stock on the day immediately preceding the date from which he becomes liable to pay tax under the provisions of this Act;

Provided that after payment of such amount, the balance of input tax credit, if any, lying in his electronic credit ledger shall lapse.

(5) The amount of credit under sub-section (1) and the amount payable under sub-section (4) shall be calculated in such manner as may be prescribed.

(6) In case of supply of capital goods or plant and machinery, on which input tax credit has been taken, the registered person shall pay an amount equal to the input tax credit taken on the said capital goods or plant and machinery reduced by such percentage points as may be prescribed or the tax on the transaction value of such capital goods or plant and machinery determined under section 15, whichever is higher:

Provided that where refractory bricks, moulds and dies, jigs and fixtures are supplied as scrap, the taxable person may pay tax on the transaction value of such goods determined under section 15.

19. TAKING INPUT TAX CREDIT IN RESPECT OF INPUTS AND CAPITAL GOODS SENT FOR JOB WORK.
Commentary:

Section 2 (68) of the Act defines “job work” as any treatment or process undertaken by a person on goods belonging to another registered person and the expression “job worker” shall be construed accordingly.

(7) Nothing contained in sub-section (3) or sub-section (6) shall apply to moulds and dies, jigs and fixtures, or tools sent out to a job worker for job work.

Explanation.--For the purpose of this section, “principal” means the person referred to in section 143.

20. MANNER OF DISTRIBUTION OF CREDIT BY INPUT SERVICE DISTRIBUTOR.

Commentary:
Section 2 (61) of the Act defines “Input Service Distributor” means an office of the supplier of goods or services or both which receives tax invoices issued under section 31 towards the receipt of input services and issues a prescribed document for the purposes of distributing the credit of central tax, State tax, integrated tax or Union territory tax paid on the said services to a supplier of taxable goods or services or both having the same Permanent Account Number as that of the said office;

CHAPTER VI
REGISTRATION

Commentary:
Registration is the most fundamental requirement for identification of tax payers ensuring tax compliance in the economy. Registration of any business entity under the GST Law implies obtaining a unique number from the concerned tax authorities for the purpose of collecting tax on behalf of the government and to avail Input Tax Credit for the taxes on his inward supplies. Without registration, a person can neither collect tax from his customers nor claim any input Tax Credit of tax paid by him.

22. PERSONS LIABLE FOR REGISTRATION.

(1) Every supplier shall be liable to be registered under this Act in the State or Union territory, other than special category States, from where he makes a taxable supply of goods or services or both, if his aggregate turnover in a financial year exceeds twenty lakh rupees:

Provided that where such person makes taxable supplies of goods or services or both from any of the special category States, he shall be liable to be registered if his aggregate turnover in a financial year exceeds ten lakh rupees.

(2) Every person who, on the day immediately preceding the appointed day, is registered or holds a licence under an existing law, shall be liable to be registered under this Act with effect from the appointed day.

Explanation.––For the purposes of this section,––

(i) the expression “aggregate turnover” shall include all supplies made by the taxable person, whether on his own account or made on behalf of all his principals;

(iii) the expression “special category States” shall mean the States as specified in sub-clause
Commentary:

A Supplier has to register in each of such State or Union territory from where he effects supply, that means, a business entity having its branches in multiple States will have to take separate State wise registration for the branches in different States.

Special category states as specified in Article 279A(4)(g) of the Constitution of India includes the State of Assam, Arunachal Pradesh, J&K, Himachal Pradesh, Uttarakhand, Manipur, Mizoram, Sikkim, Meghalaya, Nagaland and Tripura.

The cancellation of registration under the State Goods and Services Tax Act or the Union Territory Goods and Services Tax Act, as the case may be, shall be deemed to be a cancellation of registration under this Act.

Provided that in case of capital goods or plant and machinery, the taxable person shall

Provided that the application for revocation of cancellation of registration shall not be rejected unless the applicant has been given an opportunity of being heard.

(3) The revocation of cancellation of registration under the State Goods and Services Tax Act or the Union Territory Goods and Services Tax Act, as the case may be, shall be deemed to be a revocation of cancellation of registration under this Act.

CHAPTER IX

RETURNS

Commentary:

Return is very important aspect of GST as all control over tax paid and input tax credit availed is on the basis of return filed by taxable person. The returns are to be filed electronically through the common portal. Three monthly returns and one annual return is required to be filed by a normal tax payer. There are separate returns for a tax payer registered under the composition scheme, tax payer registered as an Input service distributor, a person liable to deduct or collect tax.

Process Flow of Return filing

Once return is filed/uploaded it cannot be revised. The mechanism of filing revised returns for any correction of errors/omissions has been done away with. The rectification of errors/omissions is allowed in the subsequent returns. However, no rectification is allowed after furnishing the return for the month of September following the end of the financial year to which, such details pertain, or furnishing of the relevant annual return, whichever is earlier.

38. FURNISHING DETAILS OF INWARD SUPPLIES.

(1) Every registered person, other than an Input Service Distributor or a non-resident taxable person or a person paying tax under the provisions of section 10 or section 51 or section 52, shall verify, validate, modify or delete, if required, the details relating to
outward supplies and credit or debit notes communicated under sub-section (1) of section 37 to prepare the details of his inward supplies and credit or debit notes and may include therein, the details of inward supplies and credit or debit notes received by him in respect of such supplies that have not been declared by the supplier under sub-section (1) of section 37.

(e) credit or debit notes received in respect of such supplies
during the tax period by 15th of the month succeeding the tax period.

(2) The claim of input tax credit in respect of invoices or debit notes relating to inward supply that match with the details of corresponding outward supply or with the integrated goods and services tax paid under section 3 of the Customs Tariff Act, 1975 in respect of goods imported by him shall be finally accepted and such acceptance shall be communicated, in such manner as may be prescribed, to the recipient.

(3) Where the input tax credit claimed by a recipient in respect of an inward supply is in excess of the tax declared by the supplier for the same supply or the outward supply is not declared by the supplier in his valid returns, the discrepancy shall be communicated to both such persons in such manner as may be prescribed.

Commentary:
There is a specific mechanism for matching input tax credit claimed by the recipient and tax paid by the supplier. The said requirement was never prevalent under Central tax laws,
though certain State VAT legislations incorporated such requirements. But practically, even in such states, this requirement resulted in denial of huge eligible input tax credit for want of proof of tax payment at the supplier's end in the hands of the assessee or owing to errors in the departmental database.

Under GST regime, the details of every inward supply furnished by the taxable person (i.e. the “recipient” of goods and/or services) shall be matched

1. with the corresponding details of outward supply furnished by the corresponding taxable person (i.e. the “supplier” of goods and/or services) in his valid return.
2. with IGST paid in respect of imported goods
3. for duplication of claims on input tax credit.

A return may be considered to be a valid return only when the appropriate GST has been paid in full by the taxable person, as shown in such return for a given tax period.

In case the details match, then the ITC claimed by the recipient in his valid returns shall be considered as finally accepted and such acceptance shall be communicated to the recipient. Failure to file valid return by the supplier may lead to denial of ITC in the hands of the recipient.

In case the ITC claimed by the recipient is in excess of the tax declared by the supplier or where the details of outward supply are not declared by the supplier in his valid returns, the discrepancy shall be communicated to both the supplier and the recipient. Similarly, in case, there is duplication of claim of ITC, the same shall be communicated to the recipient.

The recipient will be asked to rectify the discrepancy of excess claim of ITC and in case the supplier has not rectified the discrepancy communicated in his valid returns for the month in which, the discrepancy is communicated, then such excess ITC as claimed by the recipient shall be added to the output tax liability of the recipient in the succeeding month.

Similarly, duplication of ITC claimed by the recipient shall be added to the output tax liability of the recipient in the month in which, such duplication is communicated.

The recipient shall be liable to pay interest on the excess or duplicate ITC added back to the output tax liability of the recipient from the date of availing of ITC till the corresponding additions are made in their returns.

Re-claim of ITC refers to taking back the ITC reversed in the Electronic Credit Ledger of the recipient by way of reducing the output tax liability. Such re-claim can be made by the recipient only in case the supplier declares the details of the Invoice and/or Debit Notes in his valid return within the prescribed timeframe. In such case, the interest paid by the recipient shall be refunded to him by way of crediting the amount to his Electronic Cash Ledger.

43. MATCHING, REVERSAL AND RECLAIM OF REDUCTION IN OUTPUT TAX LIABILITY.

(1) The details of every credit note relating to outward supply furnished by a registered person (hereafter in this section referred to as the “supplier”) for a tax period shall, in such manner and within such time as may be prescribed, be matched--

(a) with the corresponding reduction in the claim for input tax credit by the
corresponding registered person (hereafter in this section referred to as the “recipient”) in his valid return for the same tax period or any subsequent tax period; and

(b) for duplication of claims for reduction in output tax liability.

(2) The claim for reduction in output tax liability by the supplier that matches with the corresponding reduction in the claim for input tax credit by the recipient shall be finally accepted and communicated, in such manner as may be prescribed, to the supplier.

(3) Where the reduction of output tax liability in respect of outward supplies exceeds the corresponding reduction in the claim for input tax credit or the corresponding credit note is not declared by the recipient in his valid returns, the discrepancy shall be communicated to both such persons in such manner as may be prescribed.

(4) The duplication of claims for reduction in output tax liability shall be communicated to the supplier in such manner as may be prescribed.

(5) The amount in respect of which any discrepancy is communicated under sub-section (3) and which is not rectified by the recipient in his valid return for the month in which discrepancy is communicated shall be added to the output tax liability of the supplier, in such manner as may be prescribed, in his return for the month succeeding the month in which the discrepancy is communicated.

(6) The amount in respect of any reduction in output tax liability that is found to be on account of duplication of claims shall be added to the output tax liability of the supplier in his return for the month in which such duplication is communicated.

(7) The supplier shall be eligible to reduce, from his output tax liability, the amount added under sub-section (5) if the recipient declares the details of the credit note in his valid return within the time specified in sub-section (9) of section 39.

(8) A supplier in whose output tax liability any amount has been added under sub-section (5) or sub-section (6), shall be liable to pay interest at the rate specified under sub-section (1) of section 50 in respect of the amount so added from the date of such claim for reduction in the output tax liability till the corresponding additions are made under the said sub-sections.

(9) Where any reduction in output tax liability is accepted under sub-section (7), the interest paid under sub-section (8) shall be refunded to the supplier by crediting the amount in the corresponding head of his electronic cash ledger in such manner as may be prescribed:

Provided that the amount of interest to be credited in any case shall not exceed the amount of interest paid by the recipient.

(10) The amount reduced from output tax liability in contravention of the provisions of sub-section (7) shall be added to the output tax liability of the supplier in his return for the month in which such contravention takes place and such supplier shall be liable to pay interest on the amount so added at the rate specified in sub-section (3) of section 50.

Commentary:
The claim for reduction in output tax liability by the supplier shall be matched with the corresponding reduction in claim for input tax credit by the recipient.

In case of reduction of output tax liability in respect of outward supplies exceeds the corresponding reduction in claim for input tax credit or the corresponding credit note is not declared by the recipient in his valid returns, discrepancy shall be communicated to both the supplier and recipient.

The duplication of claims for reduction in output tax liability shall be communicated to the supplier and it shall be added to the output tax liability of the supplier in his monthly return in which the duplication is communicated.

If the discrepancies are not rectified by the recipient in the valid return for the month in which discrepancy is communicated, the same along with interest shall be added to the output tax liability of the supplier.

The supplier shall be eligible to reduce such amount from his output tax liability, if the supplier declares the details of the invoice and/or credit note in his valid return on or before September subsequent to financial year. The Interest paid earlier shall be credited to the electronic cash ledger.

Both the supplier and recipient will have to report credit note, otherwise tax liability will not be reduced.

Explanation.—For the purposes of this section, the expression “concerned supplier” shall mean the supplier of goods or services or both making supplies through the operator.

**Commentary:**

This provision is applicable only for E-Commerce Operator under section 52 of CGST/SGST Act. Electronic Commerce Operator has been defined to mean any person who owns, operates or manages digital or electronic facility or platform for electronic commerce.

Every E-Commerce Operator, not being an agent, needs to withhold an amount calculated at the rate not exceeding 1% of the “net value of taxable supplies” made through it where the consideration with respect to such supplies is to be collected by the operator. The e-commerce operator should collect tax during the month in which supply was made.

The “net value of taxable supplies” means the aggregate value of taxable supplies of goods or services or both, other than the services on which entire tax is payable by the e-commerce operator, made during any month by all registered persons through such operator reduced by the aggregate value of taxable supplies returned to the suppliers during the said month.

Such withheld amount is to be deposited by such E-Commerce Operator to the appropriate GST account by the 10th of the next month. The amount deposited as TCS will be reflected in the electronic cash ledger of the registered supplier on whose account such collection was made. The same can be used at the time of discharge of tax liability in respect of the supplies by the registered supplier. Thus the supplier can reduce his tax liability only after the E-commerce operator has filed the return.

Every operator is required to furnish a statement, electronically, containing the details of
outward supplies of goods or services effected through it, including the supplies of goods or
services returned through it, and the amount collected by it as TCS during a month by 10th of
next month. The operator is also required to file an annual statement by 31st day of
December following the end of the financial year in which the tax was collected.

The details of supplies and the amount collected during a calendar month, and furnished by
every operator in his statement will be matched with the corresponding details of outward
supplies furnished by the concerned supplier in his valid return for the same calendar month
or any preceding calendar month.

Where the details of outward supply, on which the tax has been collected, as declared by the
operator in his statement do not match with the corresponding details declared by the
supplier the discrepancy shall be communicated to both persons.

The value of a supply relating to any payment in respect of which any discrepancy is
communicated and which is not rectified by the supplier in his valid return for the month in
which discrepancy is communicated shall be added to the output liability of the said supplier,
for the calendar month succeeding the calendar month in which the discrepancy is
communicated.

The concerned supplier shall, in whose output tax liability any amount has been added shall
be liable to pay the tax payable in respect of such supply along with interest on the amount
so added from the date such tax was due till the date of its payment.

53. TRANSFER OF INPUT TAX CREDIT.

On utilisation of input tax credit availed under this Act for payment of tax dues under the
Integrated Goods and Services Tax Act in accordance with the provisions of sub-section (5) of
section 49, as reflected in the valid return furnished under sub-section (1) of section 39, the
amount collected as central tax shall stand reduced by an amount equal to such credit so
utilised and the Central Government shall transfer an amount equal to the amount so reduced
from the central tax account to the integrated tax account in such manner and within such time
as may be prescribed.

CHAPTER XI

Provided further that no refund of unutilised input tax credit shall be allowed in cases where the goods exported out of India are subjected to export duty:

Provided also that no refund of input tax credit shall be allowed, if the supplier of goods or services or both avails of drawback in respect of central tax or claims refund of the integrated tax paid on such supplies.

Provided that where the amount claimed as refund is less than two lakh rupees, it shall not be necessary for the applicant to furnish any documentary and other evidences but he may file a declaration, based on the documentary or other evidences available with him, certifying that the incidence of such tax and interest had not been passed on to any other person.

(5) If, on receipt of any such application, the proper officer is satisfied that the whole or part of the amount claimed as refund is refundable, he may make an order accordingly and the amount so determined shall be credited to the Fund referred to in section 57.

(6) Notwithstanding anything contained in sub-section (5), the proper officer may, in the case of any claim for refund on account of zero-rated supply of goods or services or both made by registered persons, other than such category of registered persons as may be notified by the Government on the recommendations of the Council, refund on a provisional basis, ninety per cent. of the total amount so claimed, excluding the amount of input tax credit provisionally accepted, in such manner and subject to such conditions, limitations and safeguards as may be prescribed and thereafter make an order under sub-section (5) for final settlement of the refund claim after due verification of documents furnished by the applicant.

(b) deduct from the refund due, any tax, interest, penalty, fee or any other amount which the taxable person is liable to pay but which remains unpaid under this Act or under the existing law.

Explanation.—For the purposes of this sub-section, the expression “specified date” shall mean the last date for filing an appeal under this Act.

(11) Where an order giving rise to a refund is the subject matter of an appeal or further proceedings or where any other proceedings under this Act is pending and the Commissioner is of the opinion that grant of such refund is likely to adversely affect the revenue in the said appeal or other proceedings on account of malfeasance or fraud committed, he may, after giving the taxable person an opportunity of being heard, withhold the refund till such time as he may determine.

(12) Where a refund is withheld under sub-section (11), the taxable person shall, notwithstanding anything contained in section 56, be entitled to interest at such rate not exceeding six per cent. as may be notified on the recommendations of the Council, if as a result of the appeal or further proceedings he becomes entitled to refund.

(13) Notwithstanding anything to the contrary contained in this section, the amount of advance tax deposited by a casual taxable person or a non-resident taxable person under sub-section (2) of section 27, shall not be refunded unless such person has, in respect of the entire period for which the certificate of registration granted to him had remained in force, furnished all the returns required under section 39.

**Commentary:**

“Refund” includes

(a) any balance amount in the electronic cash ledger so claimed in the returns,

(b) any unutilized input tax credit in respect of

(i) zero rated supplies made without payment of tax or,
(ii) where the credit has accumulated on account of rate of tax on inputs being higher than the rate of tax on output supplies (other than nil rated or fully exempt supplies),

(c) tax paid by specialized agency of United Nations or any Multilateral Financial Institution and Organization notified under the United Nations (Privileges and Immunities) Act, 1947, Consulate or Embassy of foreign countries on any inward supply

- Application for refund to be filed before the expiry of two years from the relevant date.
- Refund of any balance in the electronic ledger can be made in the return furnished under section 39.
- A specialised agency of the United Nations Organisation or any Multilateral Financial Institution and Organisation notified under the United Nations (Privileges and Immunities) Act, 1947, Consulate or Embassy of foreign countries or any other person or class of persons, as notified may make an application for such refund, before the expiry of six months from the last day of the quarter in which such supply was received.

Unutilized input tax credit can be allowed as refund in accordance with the provisions of sub-section (3) of section 54 in the following situations:

(i) Zero rated supplies made without payment of tax;

(ii) Where credit has accumulated on account of rate of tax on inputs being higher than the rate of taxes on output supplies (other than nil rated or fully exempt supplies)

However, no refund of unutilized input tax credit shall be allowed in cases where the goods exported out of India are subjected to export duty, and also in the case where the supplier of goods or services or both avails of drawback in respect of central tax or claims refund of the integrated tax paid on such supplies.

The taxable person cannot adjust CGST/SGST or IGST with the wrongly paid IGST or CGST/SGST but he is entitled to refund of the tax so paid wrongly - Sec.77 of the CGST/SGST Act.

Documents to be submitted along with refund application:

Documents relating to assessment, tax invoice etc. evidencing payment of amount of tax and interest or any other amount in relation to which refund is claimed and that the incidence of such tax and interest has not been passed on by him to any person.

Where the claim of refund is less than Rs.2 Lakh, a self-declaration by the applicant based on the documentary or other evidences available with him, certifying that the incidence of tax has not been passed on to any other person would make him eligible to get refund. However, if the claim of refund is more than Rs.2 Lakh, the applicant is required to submit a certificate from a Chartered Accountant or a Cost Accountant to the effect that the incidence of tax has not been passed on to any other person.

Concept of “unjust enrichment” would be examined for each refund application. If it does not qualify, then the refund would be transferred to Consumer Welfare fund.
However, the principle of unjust enrichment would not be applicable in following cases and the refund will be paid to the applicant and not credited to Consumer Welfare Fund:

i) Refund of tax paid on zero-rated supplies of goods or services or both or on inputs or input services used in making such zero-rated supplies.

ii) Unutilized input tax credit in respect of (i) zero-rated supplies made without payment of tax or, (ii) where the credit has accumulated on account of rate of tax on inputs being higher than the rate of tax on output supplies.

iii) Refund of tax paid on a supply which is not provided, either wholly or partially, and for which invoice has not been issued;

iv) Refund of tax in pursuance of Section 77 of CGST Act i.e. tax wrongfully collected and paid to Central Government or State Government.

v) If the incidence of tax or interest paid has not been passed on to any other person;

vi) Such other class of persons who has borne the incidence of tax as the Government may notify.

Refund has to be sanctioned within 60 days from the date of receipt of application complete in all respects. If refund is not sanctioned within the said period of 60 days, interest at the rate of 6% will have to be paid in accordance with section 56 of the CGST Act.

Where the claim of refund arises from an order passed by the adjudicating authority or Appellate authority or Appellate tribunal or Court which has attained finality and the same is not refunded within 60 days from the date of receipt of application filed consequent to such order, then interest at the rate of 9% will have to be paid from the date of expiry of 60 days from the date of receipt of application till the date of refund.

In case of any claim of refund to a registered person on account of zero-rated supplies of goods or services or both (other than registered persons as may be notified), 90% refund may be granted on provisional basis before verification subject to such conditions and restrictions as may be prescribed in accordance with sub-section 6 of section 54 of the CGST Act. The provisional refund has to be given within 7 days from the date of acknowledgement of the claim of refund. The balance 10% may be refunded after due verification of documents furnished by the applicant.

Refund can be withheld in the following circumstances:

i) If the person has failed to furnish any return till he files such return;

ii) If the registered taxable person is required to pay any tax, interest or penalty which has not been stayed by the appellate authority/Tribunal/ court, till he pays such tax interest or penalty. The proper officer can also deduct unpaid taxes, interest, penalty, late fee, if any, from the refundable amount – Section 54(10) (d) of the CGST Act.

iii) The Commissioner can withhold any refund, if, the order of refund is under appeal and he is of the opinion that grant of such refund will adversely affect revenue in the said appeal.

iv) Other proceedings on account of malfeasance or fraud committed - Sec.54 (11) of the CGST Act.

If as a result of appeal or further proceeding the taxable person becomes entitled to refund, then he shall also be entitled to interest at the rate of 6%.

No refund shall be granted if the amount is less than Rs.1000/-.

CHAPTER XII

ASSESSMENT

Commentary:
As per Section 2(11) of CGST Act, 2017 ‘Assessment’ means determining the tax liability under this Act and includes self-assessment, reassessment, provisional assessment, summary assessment and best judgment assessment.

59. SELF-ASSESSMENT

Every registered person shall self-assess the taxes payable under this Act and furnish a return for each tax period as specified under section 39.

60. PROVISIONAL ASSESSMENT

(1) Subject to the provisions of sub-section (2), where the taxable person is unable to determine the value of goods or services or both or determine the rate of tax applicable thereto, he may request the proper officer in writing giving reasons for payment of tax on a provisional basis and the proper officer shall pass an order, within a period not later than ninety days from the date of receipt of such request, allowing payment of tax on provisional basis at such rate or on such value as may be specified by him.

(2) The payment of tax on provisional basis may be allowed, if the taxable person executes a bond in such form as may be prescribed, and with such surety or security as the proper officer may deem fit, binding the taxable person for payment of the difference between the amount of tax as may be finally assessed and the amount of tax provisionally assessed.

(3) The proper officer shall, within a period not exceeding six months from the date of the communication of the order issued under sub-section (1), pass the final assessment order after taking into account such information as may be required for finalizing the assessment:

Provided that the period specified in this sub-section may, on sufficient cause being shown and for reasons to be recorded in writing, be extended by the Joint Commissioner or Additional Commissioner for a further period not exceeding six months and by the Commissioner for such further period not exceeding four years.

(4) The registered person shall be liable to pay interest on any tax payable on the supply of goods or services or both under provisional assessment but not paid on the due date specified under sub-section (7) of section 39 or the rules made thereunder, at the rate specified under sub-section (1) of section 50, from the first day after the due date of payment of tax in respect of the said supply of goods or services or both till the date of actual payment, whether such amount is paid before or after the issuance of order for final assessment.
(5) Where the registered person is entitled to a refund consequent to the order of final assessment under sub-section (3), subject to the provisions of sub-section (8) of section 54, interest shall be paid on such refund as provided in section 56.

**Commentary:**

Provisional Assessment is carried out in cases where a Registered taxable person is unable to determine the value of goods and/or services or determine the rate of tax applicable thereto. Tax liability is discharged on provisional basis subject to finalization of assessment by the department. The bond needs to be executed in prescribed format along with surety or security as prescribed by the specified officer. The proper officer within a period of 6 months or within the extended period of 6 months, will pass the final assessment order.

Once assessment is finalized the taxable person becomes liable to pay the difference along with interest and for excess payment of tax, application for refund to be made. Concept of provisional assessment was also present in the earlier indirect tax regime.

### 61. SCRUTINY OF RETURNS

(1) The proper officer may scrutinize the return and related particulars furnished by the registered person to verify the correctness of the return and inform him of the discrepancies noticed, if any, in such manner as may be prescribed and seek his explanation thereto.

(2) In case the explanation is found acceptable, the registered person shall be informed accordingly and no further action shall be taken in this regard.

(3) In case no satisfactory explanation is furnished within a period of thirty days of being informed by the proper officer or such further period as may be permitted by him or where the registered person, after accepting the discrepancies, fails to take the corrective measure in his return for the month in which the discrepancy is accepted, the proper officer may initiate appropriate action including those under section 65 or section 66 or section 67, or proceed to determine the tax and other dues under section 73 or section 74.

**Commentary:**

The returns will be scrutinized by the proper officer. Proper officer will inform the discrepancies and seek clarification from the taxable person. If explanation found satisfactory/acceptable, no further action shall be take. In case no satisfactory explanation is furnished within a period of 30 days or extended period or taxable person fails to take corrective action, the Proper Officer may take recourse to any of the following provisions:

(a) Proceed to conduct audit under Section 65 of the Act;
(b) Direct the conduct of a special audit under Section 66 which is to be conducted by a Chartered Accountant or a Cost Accountant nominated for this purpose by the Commissioner; or
(c) Undertake procedures of inspection, search and seizure under Section 67 of the Act; or
(d) Initiate proceeding for determination of tax and other dues under Section 73 or 74 of the Act.
62. ASSESSMENT OF NON-FILERS OF RETURNS.

(1) Notwithstanding anything to the contrary contained in section 73 or section 74, where a registered person fails to furnish the return under section 39 or section 45, even after the service of a notice under section 46, the proper officer may proceed to assess the tax liability of the said person to the best of his judgement taking into account all the relevant material which is available or which he has gathered and issue an assessment order within a period of five years from the date specified under section 44 for furnishing of the annual return for the financial year to which the tax not paid relates.

(2) Where the registered person furnishes a valid return within thirty days of the service of the assessment order under sub-section (1), the said assessment order shall be deemed to have been withdrawn but the liability for payment of interest under sub-section (1) of section 50 or for payment of late fee under section 47 shall continue.

Commentary:
This section empowers the Proper officer to make Best Judgment Assessment if the registered person fails to furnish the return under section 39 or Final Return under section 45 after cancellation of his registration certificate even after service of notice under section 46.

If the taxable person fails to file return within the given time, the proper officer shall proceed to assess the tax liability of the return defaulter to the best of his judgment taking into account all the relevant material available with him.

The best judgment order passed by the Proper Officer under section 62 shall automatically stand withdrawn if the taxable person furnishes a valid return for the default period (i.e. files the return and pays the tax as assessed by him), within thirty days of the receipt of the best judgment assessment order. The time limit for passing an assessment order under section 62 is five years from the due date for furnishing the annual return.

63. ASSESSMENT OF UNREGISTERED PERSONS.

Notwithstanding anything to the contrary contained in section 73 or section 74, where a taxable person fails to obtain registration even though liable to do so or whose registration has been cancelled under sub-section (2) of section 29 but who was liable to pay tax, the proper officer may proceed to assess the tax liability of such taxable person to the best of his judgment for the relevant tax periods and issue an assessment order within a period of five years from the date specified under section 44 for furnishing of the annual return for the financial year to which the tax not paid relates:

Provided that no such assessment order shall be passed without giving the person an opportunity of being heard.

Commentary:
Section 63 of CGST Act provides that in case a person who is liable to pay tax but has failed to obtain registration, or whose registration has been cancelled under Section 29(2) of the Act but who was liable to pay tax, the proper officer exercising jurisdiction over such person can assess his tax liability and pass an order to his best judgment for the relevant tax
periods. However, such an order must be passed within a period of five years from the due date for furnishing the annual return for the financial year to which non-payment of tax relates.

64. SUMMARY ASSESSMENT IN CERTAIN SPECIAL CASES.

(1) The proper officer may, on any evidence showing a tax liability of a person coming to his notice, with the previous permission of Additional Commissioner or Joint Commissioner, proceed to assess the tax liability of such person to protect the interest of revenue and issue an assessment order, if he has sufficient grounds to believe that any delay in doing so may adversely affect the interest of revenue:

Provided that where the taxable person to whom the liability pertains is not ascertainable and such liability pertains to supply of goods, the person in charge of such goods shall be deemed to be the taxable person liable to be assessed and liable to pay tax and any other amount due under this section.

(2) On an application made by the taxable person within thirty days from the date of receipt of order passed under sub-section (1) or on his own motion, if the Additional Commissioner or Joint Commissioner considers that such order is erroneous, he may withdraw such order and follow the procedure laid down in section 73 or section 74.

Commentary:

Summary Assessments can be initiated to protect the interest of revenue when:

a) the proper officer has evidence that a taxable person has incurred a liability to pay tax under the Act, and
b) the proper officer believes that delay in passing an assessment order will adversely affect the interest of revenue.

Such order can be passed after seeking permission from the Additional Commissioner / Joint Commissioner.

In certain cases, like when goods are under transportation or are stored in a warehouse, and the taxable person in respect of such goods cannot be ascertained, the person in charge of such goods shall be deemed to be the taxable person and will be assessed to tax.

A taxable person against whom a summary assessment order has been passed can apply for its withdrawal to the jurisdictional Additional/Joint Commissioner within thirty days of the date of receipt of the order. If the said officer finds the order erroneous, he can withdraw it and direct the proper officer to carry out determination of tax liability in terms of section 73 or 74 of CGST Act. The Additional/Joint Commissioner can follow a similar course of action on his own motion if he finds the summary assessment order to be erroneous.
Commentary:

The term Audit as defined in Section 2(13) of the CGST Act, 2017 means the examination of records, returns and other documents maintained or furnished by the registered person under this Act or rules made thereunder or under any other law for the time being in force to verify the correctness of turnover declared, taxes paid, refund claimed and input tax credit availed, and to assess his compliance with the provisions of this Act or rules made thereunder. **Commentary:**

The Commissioner or any other officer authorized by him, at the place of business of the taxable person, may undertake the audit of business transactions after giving proper advance intimation of 15 days.

CHAPTER XV

DEMANDS AND RECOVERY

Commentary:

Occasionally tax administrations comes across situations where the tax dues are not paid correctly by the tax payers, most of the times inadvertently and sometimes deliberately.

The concept of ‘Matching’ details of ‘Outward supplies’ of supplier with the details of ‘Inward supplies’ of recipient has been introduced in the CGST Act to minimise the inadvertent short payment of taxes.

Moreover, the self-assessed tax has to be paid by the due date prescribed under the CGST Act and in case of any failure to pay the same by the due date, the Input Tax Credit will not be available to the recipient of goods or services or both and also the tax payer will not be able to file any return for further period. Effectually these provisions work as a self-policing system and take care of any mis-match in the payment of taxes.

However, despite these provisions, there may arise some instances where the tax was not paid correctly. To deal with such situations, the provisions for recovery are incorporated in any tax law.

73. DETERMINATION OF TAX NOT PAID OR SHORT PAID OR ERRONEOUSLY REFUNDED OR INPUT TAX CREDIT WRONGLY AVAILED OR UTILISED FOR ANY REASON OTHER THAN FRAUD OR ANY WILFUL-MISSTATEMENT OR SUPPRESSION OF FACTS.

(1) Where it appears to the proper officer that any tax has not been paid or short paid or erroneously refunded, or where input tax credit has been wrongly availed or utilised for any reason, other than the reason of fraud or any wilful-misstatement or suppression of facts to evade tax, he shall serve notice on the person chargeable with tax which has not been so paid or which has been so short paid or to whom the refund has erroneously been made, or who has wrongly availed or utilised input tax credit, requiring him to show cause as to why he should not pay the amount specified in the notice along with interest payable thereon under section 50 and a penalty leviable under the provisions of this Act or the rules made thereunder.

(2) The proper officer shall issue the notice under sub-section (1) at least three months prior to the time limit specified in sub-section (10) for issuance of order.

(3) Where a notice has been issued for any period under sub-section (1), the proper officer may serve a statement, containing the details of tax not paid or short paid or erroneously refunded or input tax credit wrongly availed or utilised for such periods other than those covered under sub-section (1), on the person chargeable with tax.

(4) The service of such statement shall be deemed to be service of notice on such person under sub-section (1), subject to the condition that the grounds relied upon for such tax periods other than those covered under sub-section (1) are the same as are
mentioned in the earlier notice.

(5) The person chargeable with tax may, before service of notice under sub-section (1) or, as the case may be, the statement under sub-section (3), pay the amount of tax along with interest payable thereon under section 50 on the basis of his own ascertainment of such tax or the tax as ascertained by the proper officer and inform the proper officer in writing of such payment.

(6) The proper officer, on receipt of such information, shall not serve any notice under sub-section (1) or, as the case may be, the statement under sub-section (3), in respect of the tax so paid or any penalty payable under the provisions of this Act or the rules made thereunder.

(7) Where the proper officer is of the opinion that the amount paid under sub-section (5) falls short of the amount actually payable, he shall proceed to issue the notice as provided for in sub-section (1) in respect of such amount which falls short of the amount actually payable.

(8) Where any person chargeable with tax under sub-section (1) or sub-section (3) pays the said tax along with interest payable under section 50 within thirty days of issue of show cause notice, no penalty shall be payable and all proceedings in respect of the said notice shall be deemed to be concluded.

(9) The proper officer shall, after considering the representation, if any, made by person chargeable with tax, determine the amount of tax, interest and a penalty equivalent to ten per cent of tax or ten thousand rupees, whichever is higher, due from such person and issue an order.

(10) The proper officer shall issue the order under sub-section (9) within three years from the due date for furnishing of annual return for the financial year to which the tax not paid or short paid or input tax credit wrongly availed or utilised relates to or within three years from the date of erroneous refund.

(11) Notwithstanding anything contained in sub-section (6) or sub-section (8), penalty under sub-section (9) shall be payable where any amount of self-assessed tax or any amount collected as tax has not been paid within a period of thirty days from the due date of payment of such tax.

**Commentary:**

Section 73 deals with the cases where there is no invocation of fraud/suppression/mis-statement etc. The Section stipulates that where it appears to the proper officer that due to any reason other than fraud/mis-statement/suppression of facts to evade tax, tax has not been paid or short paid or erroneously refunded, or where input tax credit has been wrongly availed or utilised for, the proper officer shall issue a show cause notice(SCN) as to why the amount of tax should not be paid alongwith interest and penalty leviable thereunder under the provisions of this Act and rules made thereunder.

The SCN has to be adjudicated within a period of three years from the due date of filing of annual return. The SCN is required to be issued at least three months prior to the time limit set for adjudication.

If the person pays the tax along with interest within 30 days of issue of SCN, no penalty
shall be payable and all proceedings in respect of such notice shall be deemed to be concluded.

If a person pays the amount of demand along-with interest before issue of notice, as ascertained either on his own or ascertained by the proper officer, and on such payment, informs the proper officer in writing regarding the same, no notice shall be issued with respect to the amount of tax so paid.

The proper officer after considering the representations made by the person to whom SCN was issued, shall issue an order, determining the amount of tax, interest and penalty leviable on such person. Further the amount of penalty leviable in such order shall be equivalent to 10% of such tax or Rs. 10,000 whichever is higher.

74. DETERMINATION OF TAX NOT PAID OR SHORT PAID OR ERRONEOUSLY REFUNDED OR INPUT TAX CREDIT WRONGLY AVAILED OR UTILISED BY REASON OF FRAUD OR ANY WILFUL-MISSTATEMENT OR SUPPRESSION OF FACTS.

(1) Where it appears to the proper officer that any tax has not been paid or short paid or erroneously refunded or where input tax credit has been wrongly availed or utilised by reason of fraud, or any wilful-misstatement or suppression of facts to evade tax, he shall serve notice on the person chargeable with tax which has not been so paid or which has been so short paid or to whom the refund has erroneously been made, or who has wrongly availed or utilised input tax credit, requiring him to show cause as to why he should not pay the amount specified in the notice along with interest payable thereon under section 50 and a penalty equivalent to the tax specified in the notice.

(2) The proper officer shall issue the notice under sub-section (1) at least six months prior to the time limit specified in sub-section (10) for issuance of order.

(3) Where a notice has been issued for any period under sub-section (1), the proper officer may serve a statement, containing the details of tax not paid or short paid or erroneously refunded or input tax credit wrongly availed or utilised for such periods other than those covered under sub-section (1), on the person chargeable with tax.

(4) The service of statement under sub-section (3) shall be deemed to be service of notice under sub-section (1) of section 73, subject to the condition that the grounds relied upon in the said statement, except the ground of fraud, or any wilful-misstatement or suppression of facts to evade tax, for periods other than those covered under sub-section (1) are the same as are mentioned in the earlier notice.

(5) The person chargeable with tax may, before service of notice under sub-section (1), pay the amount of tax along with interest payable under section 50 and a penalty equivalent to fifteen per cent. of such tax on the basis of his own ascertainment of such tax or the tax as ascertained by the proper officer and inform the proper officer in writing of such payment.

(6) The proper officer, on receipt of such information, shall not serve any notice under sub-section (1), in respect of the tax so paid or any penalty payable under the provisions of this Act or the rules made thereunder.
(7) Where the proper officer is of the opinion that the amount paid under sub-section (5) falls short of the amount actually payable, he shall proceed to issue the notice as provided for in sub-section (1) in respect of such amount which falls short of the amount actually payable.

(8) Where any person chargeable with tax under sub-section (1) pays the said tax along with interest payable under section 50 and a penalty equivalent to twenty-five per cent. of such tax within thirty days of issue of the notice, all proceedings in respect of the said notice shall be deemed to be concluded.

(9) The proper officer shall, after considering the representation, if any, made by the person chargeable with tax, determine the amount of tax, interest and penalty due from such person and issue an order.

(10) The proper officer shall issue the order under sub-section (9) within a period of five years from the due date for furnishing of annual return for the financial year to which the tax not paid or short paid or input tax credit wrongly availed or utilised relates to or within five years from the date of erroneous refund.

(11) Where any person served with an order issued under sub-section (9) pays the tax along with interest payable thereon under section 50 and a penalty equivalent to fifty per cent. of such tax within thirty days of communication of the order, all proceedings in respect of the said notice shall be deemed to be concluded.

Explanation 1.—For the purposes of section 73 and this section,—

(i) the expression “all proceedings in respect of the said notice” shall not include proceedings under section 132;

(ii) where the notice under the same proceedings is issued to the main person liable to pay tax and some other persons, and such proceedings against the main person have been concluded under section 73 or section 74, the proceedings against all the persons liable to pay penalty under sections 122, 125, 129 and 130 are deemed to be concluded.

Explanation 2.—For the purposes of this Act, the expression “suppression” shall mean non-declaration of facts or information which a taxable person is required to declare in the return, statement, report or any other document furnished under this Act or the rules made thereunder, or failure to furnish any information on being asked for, in writing, by the proper officer.

**Commentary:**

Section 74 deals with cases where the provisions related to fraud/suppression/mis-statement etc. are invoked. The Section stipulates that where it appears to the proper officer that by reason of fraud/mis-statement/suppression of facts to evade tax, tax has not been paid or short paid or erroneously refunded, or where input tax credit has been wrongly availed or utilised for, the proper officer shall issue a show cause notice(SCN) as to why the amount of tax should not be paid alongwith interest and penalty leviable thereon under the provisions of this Act and rules made thereunder.

A person chargeable with tax in cases of fraud/suppression of facts/ willful misstatement, pays the amount of demand along-with interest before issue of notice, then he shall have an option to pay the amount of tax along with interest and penalty equal to 15% percent of the tax involved, as ascertained either on his own or ascertained by the proper officer, and on such payment, no notice shall be issued with respect to the tax so paid.

If notice is issued under Section 74 and thereafter the noticee makes payment of tax along with interest and with penalty equal to 25% of such tax within 30 days of issue of notice, all proceedings in respect of such notice shall be deemed to be concluded.

In case a notice is adjudicated under Section 74 and order is issued confirming tax demand and penalty, and if the person pays the tax determined by the order along with interest and a penalty equivalent to 50% of such tax within thirty days of the communication of order, all proceedings in respect of the said tax shall be deemed to be concluded.

### 75. GENERAL PROVISIONS RELATING TO DETERMINATION OF TAX.

1. Where the service of notice or issuance of order is stayed by an order of a court or Appellate Tribunal, the period of such stay shall be excluded in computing the period specified in sub-sections (2) and (10) of section 73 or sub-sections (2) and (10) of section 74, as the case may be.

2. Where any Appellate Authority or Appellate Tribunal or court concludes that the notice issued under sub-section (1) of section 74 is not sustainable for the reason that the charges of fraud or any wilful-misstatement or suppression of facts to evade tax has not been established against the person to whom the notice was issued, the proper officer shall determine the tax payable by such person, deeming as if the notice were issued under sub-section (1) of section 73.

The proper officer shall, after considering the representation, if any, made by the person on whom the notice is served under sub-section (2), determine the amount due from such person and thereupon such person shall pay the amount so determined.
(4) The person referred to in sub-section (1) shall in addition to paying the amount referred to in sub-section (1) or sub-section (3) also be liable to pay interest thereon at the rate specified under section 50 from the date such amount was collected by him to the date such amount is paid by him to the Government.

(11) The person who has borne the incidence of the amount, may apply for the refund of the same in accordance with the provisions of section 54.

**Commentary:**

This sub-section reiterates that the concept of unjust enrichment is applicable to the provisions of GST also. Once a supplier has collected any amount as tax from any person, that amount needs to be deposited with the government failing which he shall be subject to interest and penalty.

Notice can be issued on detection of such cases without any time limit.

bound to comply with such notice, and in particular, where any such notice is issued to a post office, banking company or an insurer, it shall not be necessary to produce any pass book, deposit receipt, policy or any other document for the purpose of any entry, endorsement or the like being made before payment is made, notwithstanding any rule, practice or requirement to the contrary;

(d) the proper officer may, in accordance with the rules to be made in this behalf, distress any movable or immovable property belonging to or under the control of such person, and detain the same until the amount payable is paid; and in case, any part of the said amount payable or of the cost of the distress or keeping of the property, remains unpaid for a period of thirty days next after any such distress, may cause the said property to be sold and with the proceeds of such sale, may satisfy the amount payable and the costs including cost of sale remaining unpaid and shall render the surplus amount, if any, to such person;

(3) Where any amount of tax, interest or penalty is payable by a person to the Government under any of the provisions of this Act or the rules made thereunder and which remains unpaid, the proper officer of State tax or Union territory tax, during the course of recovery of said tax arrears, may recover the amount from the said person as if it were an arrear of State tax or Union territory tax and credit the amount so recovered to the account of the Government.

(4) Where the amount recovered under sub-section (3) is less than the amount due to the Central Government and State Government, the amount to be credited to the account of the respective Governments shall be in proportion to the amount due to each such Government.

80. PAYMENT OF TAX AND OTHER AMOUNT IN INSTALMENTS.

On an application filed by a taxable person, the Commissioner may, for reasons to be recorded in writing, extend the time for payment or allow payment of any amount due under this Act, other than the amount due as per the liability self-assessed in any return, by such person in monthly instalments not exceeding twenty four, subject to payment of interest under section 50 and subject to such conditions and limitations as may be prescribed:

107. APPEALS TO APPELLATE AUTHORITY

Commentary:

Any person aggrieved by the order passed by the adjudicating authority under CSGT/SGST/UTGST may appeal against the order to the prescribed Appellate Authority within 3 months. The department may file such appeal within 6 months. However the appellant filing such appeal should mandatorily pay the pre-deposit, which is 100% of the admitted liability, if any, plus 10% of the disputed liability. On payment of such pre-deposit, recovery of the balance undisputed liability automatically gets stayed.

The appellate authority may after hearing the parties, pass an order confirming, modifying or annulling the decision or order appealed against. However, where it has the effect of increasing the liability, reasonable opportunity must be given to the affected party.

(1) Any person aggrieved by any decision or order passed under this Act or the State Goods and Services Tax Act or the Union Territory Goods and Services Tax Act by an adjudicating authority may appeal to such Appellate Authority as may be prescribed within three months from the date on which the said decision or order is communicated to such person.

(2) The Commissioner may, on his own motion, or upon request from the Commissioner of State tax or the Commissioner of Union territory tax, call for and examine the record of any proceedings in which an adjudicating authority has passed any decision or order under this Act or the State Goods and Services Tax Act or the Union Territory Goods and Services Tax Act, for the purpose of satisfying himself as to the legality or propriety of the said decision or order and may, by order, direct any officer subordinate to him to apply to the Appellate Authority within six months from the date of communication of the said decision or order for the determination of such points arising out of the said decision or order as may be specified by the Commissioner in his order.

(3) Where, in pursuance of an order under sub-section (2), the authorised officer makes an application to the Appellate Authority, such application shall be dealt with by the Appellate Authority as if it were an appeal made against the decision or order of the adjudicating authority and such authorised officer were an appellant and the provisions of this Act relating to appeals shall apply to such application.

(4) The Appellate Authority may, if he is satisfied that the appellant was prevented by sufficient cause from presenting the appeal within the aforesaid period of three months or six months, as the case may be, allow it to be presented within a further period of one month.

(5) Every appeal under this section shall be in such form and shall be verified in such manner as may be prescribed.

(6) No appeal shall be filed under sub-section (1), unless the appellant has paid—
(a) in full, such part of the amount of tax, interest, fine, fee and penalty arising from the impugned order, as is admitted by him; and

(b) a sum equal to ten per cent. of the remaining amount of tax in dispute arising from the said order, in relation to which the appeal has been filed.

(7) Where the appellant has paid the amount under sub-section (6), the recovery proceedings for the balance amount shall be deemed to be stayed.

(8) The Appellate Authority shall give an opportunity to the appellant of being heard.

(9) The Appellate Authority may, if sufficient cause is shown at any stage of hearing of an appeal, grant time to the parties or any of them and adjourn the hearing of the appeal for reasons to be recorded in writing:

Provided that no such adjournment shall be granted more than three times to a party during hearing of the appeal.

(10) The Appellate Authority may, at the time of hearing of an appeal, allow an appellant to add any ground of appeal not specified in the grounds of appeal, if it is satisfied that the omission of that ground from the grounds of appeal was not wilful or unreasonable.

(11) The Appellate Authority shall, after making such further inquiry as may be necessary, pass such order, as it thinks just and proper, confirming, modifying or annulling the decision or order appealed against but shall not refer the case back to the adjudicating authority that passed the said decision or order:

Provided that an order enhancing any fee or penalty or fine in lieu of confiscation or confiscating goods of greater value or reducing the amount of refund or input tax credit shall not be passed unless the appellant has been given a reasonable opportunity of showing cause against the proposed order:

Provided further that where the Appellate Authority is of the opinion that any tax has not been paid or short-paid or erroneously refunded, or where input tax credit has been wrongly availed or utilised, no order requiring the appellant to pay such tax or input tax credit shall be passed unless the appellant is given notice to show cause against the proposed order and the order is passed within the time limit specified under section 73 or section 74.

(12) The order of the Appellate Authority disposing of the appeal shall be in writing and shall state the points for determination, the decision thereon and the reasons for such decision.

(13) The Appellate Authority shall, where it is possible to do so, hear and decide every appeal within a period of one year from the date on which it is filed:

Provided that where the issuance of order is stayed by an order of a court or Tribunal, the period of such stay shall be excluded in computing the period of one year.

(14) On disposal of the appeal, the Appellate Authority shall communicate the order passed by it to the appellant, respondent and to the adjudicating authority.

However such revision should be taken up within a period of 3 years from the date of such order or decision, but not before the appeal period has expired.

The Revisional Authority may, after giving the person concerned an opportunity of being heard and after making such further inquiry as may be necessary, pass an order for enhancing or modifying or annulling the said decision or order.

(1) Subject to the provisions of section 121 and any rules made thereunder, the Revisional Authority may, on his own motion, or upon information received by him or on request from the Commissioner of State tax, or the Commissioner of Union territory tax, call for and examine the record of any proceedings, and if he considers that any decision or order passed under this Act or under the State Goods and Services Tax Act or the Union Territory Goods and Services Tax Act by any officer subordinate to him is erroneous in so far as it is prejudicial to the interest of revenue and is illegal or improper or has not taken into account certain material facts, whether available at the time of issuance of the said order or not or in consequence of an observation by the Comptroller and Auditor General of India, he may, if necessary, stay the operation of such decision or order for such period as he deems fit and after giving the person concerned an opportunity of being heard and after making such further inquiry as may be necessary, pass such order, as he thinks just and proper, including enhancing or modifying or annulling the said decision or order.

(2) The Revisional Authority shall not exercise any power under sub-section (1), if—

(v) such invoices or other prescribed documents were issued not earlier than twelve months immediately preceding the appointed day.

**Commentary:**

This sub-section applies where to registered persons who were either paying tax at a fixed rate or paying a fixed amount in lieu of the tax payable under the existing law and hence, credit was not available. But under the GST regime, credit will be available, subject to certain conditions.

(7) Notwithstanding anything to the contrary contained in this Act, the input tax credit on account of any services received prior to the appointed day by an Input Service Distributor shall be eligible for distribution as credit under this Act even if the invoices relating to such services are received on or after the appointed day.

(8) Where a registered person having centralised registration under the existing law has obtained a registration under this Act, such person shall be allowed to take, in his electronic credit ledger, credit of the amount of CENVAT credit carried forward in a return, furnished under the existing law by him, in respect of the period ending with the day immediately preceding the appointed day in such manner as may be prescribed:

Provided that if the registered person furnishes his return for the period ending with the day immediately preceding the appointed day within three months of the appointed day, such credit shall be allowed subject to the condition that the said return is either an original return or a revised return where the credit has been reduced from that claimed earlier:

Provided further that the registered person shall not be allowed to take credit unless the said amount is admissible as input tax credit under this Act:

Provided also that such credit may be transferred to any of the registered persons having the same Permanent Account Number for which the centralised registration was obtained under the existing law.

(9) Where any CENVAT credit availed for the input services provided under the existing law has been reversed due to non-payment of the consideration within a period of three months, such credit can be reclaimed subject to the condition that the registered person has made the payment of the consideration for that supply of services within a period of three months from the appointed day.

(10) The amount of credit under sub-sections (3), (4) and (6) shall be calculated in such manner as may be prescribed.

**Explanation 1.—**For the purposes of sub-sections (3), (4) and (6), the expression “eligible duties” means--

141. TRANSITIONAL PROVISIONS RELATING TO JOB WORK.

(1) Where any inputs received at a place of business had been removed as such or removed after being partially processed to a job worker for further processing, testing, repair, reconditioning or any other purpose in accordance with the provisions of existing law prior to the appointed day and such inputs are returned to the said place on or after the appointed day, no tax shall be payable if such inputs, after completion of the job
work or otherwise, are returned to the said place within six months from the appointed day:

Provided that the period of six months may, on sufficient cause being shown, be extended by the Commissioner for a further period not exceeding two months:

Provided further that if such inputs are not returned within the period specified in this sub-section, the input tax credit shall be liable to be recovered in accordance with the provisions of clause (a) of sub-section (8) of section 142.

(2) Where any semi-finished goods had been removed from the place of business to any other premises for carrying out certain manufacturing processes in accordance with the provisions of existing law prior to the appointed day and such goods (hereafter in this section referred to as “the said goods”) are returned to the said place on or after the appointed day, no tax shall be payable, if the said goods, after undergoing manufacturing processes or otherwise, are returned to the said place within six months from the appointed day:

Provided that the period of six months may, on sufficient cause being shown, be extended by the Commissioner for a further period not exceeding two months:

Provided further that if the said goods are not returned within the period specified in this sub-section, the input tax credit shall be liable to be recovered in accordance with the provisions of clause (a) of sub-section (8) of section 142:

Provided also that the manufacturer may, in accordance with the provisions of the existing law, transfer the said goods to the premises of any registered person for the purpose of supplying therefrom on payment of tax in India or without payment of tax for exports within the period specified in this sub-section.

(3) Where any excisable goods manufactured at a place of business had been removed without payment of duty for carrying out tests or any other process not amounting to manufacture, to any other premises, whether registered or not, in accordance with the provisions of existing law prior to the appointed day and such goods, are returned to the said place on or after the appointed day, no tax shall be payable if the said goods, after undergoing tests or any other process, are returned to the said place within six months from the appointed day:

Provided that the period of six months may, on sufficient cause being shown, be extended by the Commissioner for a further period not exceeding two months:

Provided further that if the said goods are not returned within the period specified in this sub-section, the input tax credit shall be liable to be recovered in accordance with the provisions of clause (a) of sub-section (8) of section 142:

Provided also that the manufacturer may, in accordance with the provisions of the existing law, transfer the said goods from the said other premises on payment of tax in India or without payment of tax for exports within the period specified in this sub-section.

(4) The tax under sub-sections (1), (2) and (3) shall not be payable, only if the manufacturer and the job worker declare the details of the inputs or goods held in stock by the job worker on behalf of the manufacturer on the appointed day in such form and manner and within such time as may be prescribed.
Commentary:
The Rollout date of GST was fixed at 1st July, 2017. A registered person (Principal) sends inputs, semi-finished goods and finished goods for job-work or testing before 1st July, 2017. Both the registered person and the job worker declare the details of stock held in the prescribed form and within the prescribed time. The Principal can take the credit of the inputs sent to the job worker. If the goods are returned back by the job worker within 31st December, 2017, then no GST will be payable.

But if goods are not returned back to the registered person by 31st December, 2017, input tax credit taken on such inputs will have to be reversed and GST is payable by the registered person. Further the goods can be directly supplied from the job workers premises on payment of tax.

142. MISCELLANEOUS TRANSITIONAL PROVISIONS.

(1) Where any goods on which duty, if any, had been paid under the existing law at the time of removal thereof, not being earlier than six months prior to the appointed day, are returned to any place of business on or after the appointed day, the registered person shall be eligible for refund of the duty paid under the existing law where such goods are returned by a person, other than a registered person, to the said place of business within a period of six months from the appointed day and such goods are identifiable to the satisfaction of the proper officer:

Provided that if the said goods are returned by a registered person, the return of such goods shall be deemed to be a supply.

Commentary:
Where goods are returned by a registered person, tax would be payable on such return as the same would be deemed to be a supply. Thus, credit of such tax paid would be available to the recipient. However in case of return by a non registered person, no such tax would be payable and hence question of credit does not arise. Therefore the sub-section provides for refund of duty paid under the erstwhile laws provided duty paid goods are returned within six months.

(2) (a) where, in pursuance of a contract entered into prior to the appointed day, the price of any goods or services or both is revised upwards on or after the appointed day, the registered person who had removed or provided such goods or services or both shall issue to the recipient a supplementary invoice or debit note, containing such particulars as may be prescribed, within thirty days of such price revision and for the purposes of this Act such supplementary invoice or debit note shall be deemed to have been issued in respect of an outward supply made under this Act;

(b) where, in pursuance of a contract entered into prior to the appointed day, the price of any goods or services or both is revised downwards on or after the appointed day, the registered person who had removed or provided such goods or services or both may issue to the recipient a credit note, containing such particulars as may be prescribed, within thirty days of such price revision and for
the purposes of this Act such credit note shall be deemed to have been issued in respect of an outward supply made under this Act:

Provided that the registered person shall be allowed to reduce his tax liability on account of issue of the credit note only if the recipient of the credit note has reduced his input tax credit corresponding to such reduction of tax liability.

(3) Every claim for refund filed by any person before, on or after the appointed day, for refund of any amount of CENVAT credit, duty, tax, interest or any other amount paid under the existing law, shall be disposed of in accordance with the provisions of existing law and any amount eventually accruing to him shall be paid in cash, notwithstanding anything to the contrary contained under the provisions of existing law other than the provisions of sub-section (2) of section 11B of the Central Excise Act, 1944:

Provided that where any claim for refund of CENVAT credit is fully or partially rejected, the amount so rejected shall lapse:

Provided further that no refund shall be allowed of any amount of CENVAT credit where the balance of the said amount as on the appointed day has been carried forward under this Act.

(4) Every claim for refund filed after the appointed day for refund of any duty or tax paid under existing law in respect of the goods or services exported before or after the appointed day, shall be disposed of in accordance with the provisions of the existing law:

Provided that where any claim for refund of CENVAT credit is fully or partially rejected, the amount so rejected shall lapse:

Provided further that no refund shall be allowed of any amount of CENVAT credit where the balance of the said amount as on the appointed day has been carried forward under this Act.

(5) Every claim filed by a person after the appointed day for refund of tax paid under the existing law in respect of services not provided shall be disposed of in accordance with the provisions of existing law and any amount eventually accruing to him shall be paid in cash, notwithstanding anything to the contrary contained under the provisions of existing law other than the provisions of sub-section (2) of section 11B of the Central Excise Act, 1944.

(6) (a) every proceeding of appeal, review or reference relating to a claim for CENVAT credit initiated whether before, on or after the appointed day under the existing law shall be disposed of in accordance with the provisions of existing law, and any amount of credit found to be admissible to the claimant shall be refunded to him in cash, notwithstanding anything to the contrary contained under the provisions of existing law other than the provisions of sub-section (2) of section 11B of the Central Excise Act, 1944 and the amount rejected, if any, shall not be admissible as input tax credit under this Act:

Provided that no refund shall be allowed of any amount of CENVAT credit where the balance of the said amount as on the appointed day has been carried forward under this Act;
every proceeding of appeal, review or reference relating to recovery of CENVAT credit initiated whether before, on or after the appointed day under the existing law shall be disposed of in accordance with the provisions of existing law and if any amount of credit becomes recoverable as a result of such appeal, review or reference, the same shall, unless recovered under the existing law, be recovered as an arrear of tax under this Act and the amount so recovered shall not be admissible as input tax credit under this Act.

(7) (a) every proceeding of appeal, review or reference relating to any output duty or tax liability initiated whether before, on or after the appointed day under the existing law, shall be disposed of in accordance with the provisions of the existing law, and if any amount becomes recoverable as a result of such appeal, review or reference, the same shall, unless recovered under the existing law, be recovered as an arrear of duty or tax under this Act and the amount so recovered shall not be admissible as input tax credit under this Act.

(b) every proceeding of appeal, review or reference relating to any output duty or tax liability initiated whether before, on or after the appointed day under the existing law, shall be disposed of in accordance with the provisions of the existing law, and any amount found to be admissible to the claimant shall be refunded to him in cash, notwithstanding anything to the contrary contained under the provisions of existing law other than the provisions of sub-section (2) of section 11B of the Central Excise Act, 1944 and the amount rejected, if any, shall not be admissible as input tax credit under this Act.

(8) (a) where in pursuance of an assessment or adjudication proceedings instituted, whether before, on or after the appointed day, under the existing law, any amount of tax, interest, fine or penalty becomes recoverable from the person, the same shall, unless recovered under the existing law, be recovered as an arrear of tax under this Act and the amount so recovered shall not be admissible as input tax credit under this Act;

(b) where in pursuance of an assessment or adjudication proceedings instituted, whether before, on or after the appointed day, under the existing law, any amount of tax, interest, fine or penalty becomes refundable to the taxable person, the same shall be refunded to him in cash under the said law, notwithstanding anything to the contrary contained in the said law other than the provisions of sub-section (2) of section 11B of the Central Excise Act, 1944 and the amount rejected, if any, shall not be admissible as input tax credit under this Act.

(9) (a) where any return, furnished under the existing law, is revised after the appointed day and if, pursuant to such revision, any amount is found to be recoverable or any amount of CENVAT credit is found to be inadmissible, the same shall, unless recovered under the existing law, be recovered as an arrear of tax under this Act and the amount so recovered shall not be admissible as input tax credit under this Act;

(b) where any return, furnished under the existing law, is revised after the appointed day but within the time limit specified for such revision under the existing law and if, pursuant to such revision, any amount is found to be refundable or CENVAT credit is found to be admissible to any taxable person, the same shall be refunded to him in cash under the existing law,
notwithstanding anything to the contrary contained in the said law other than the provisions of sub-section (2) of section 11B of the Central Excise Act, 1944 and the amount rejected, if any, shall not be admissible as input tax credit under this Act.

(10) Save as otherwise provided in this Chapter, the goods or services or both supplied on or after the appointed day in pursuance of a contract entered into prior to the appointed day shall be liable to tax under the provisions of this Act.

(11) (a) notwithstanding anything contained in section 12, no tax shall be payable on goods under this Act to the extent the tax was leviable on the said goods under the Value Added Tax Act of the State;

(12) Where any goods sent on approval basis, not earlier than six months before the appointed day, are rejected or not approved by the buyer and returned to the seller on or after the appointed day, no tax shall be payable thereon if such goods are returned within six months from the appointed day:

Provided that the said period of six months may, on sufficient cause being shown, be extended by the Commissioner for a further period not exceeding two months:

Provided further that the tax shall be payable by the person returning the goods if such goods are liable to tax under this Act, and are returned after a period specified in this sub-section:

Provided also that tax shall be payable by the person who has sent the goods on approval basis if such goods are liable to tax under this Act, and are not returned within a period specified in this sub-section.

Explanation.--For the purposes of this Chapter, the expressions “capital goods”, “Central Value Added Tax (CENVAT) credit”, “first stage dealer”, “second stage dealer”, or “manufacture” shall have the same meaning as respectively assigned to them in the Central Excise Act, 1944 or the rules made thereunder.
143. JOB WORK PROCEDURE

(1) A registered person (hereafter in this section referred to as the “principal”) may under intimation and subject to such conditions as may be prescribed, send any inputs or capital goods, without payment of tax, to a job worker for job work and from there subsequently send to another job worker and likewise, and shall,--

(a) bring back inputs, after completion of job work or otherwise, or capital goods, other than moulds and dies, jigs and fixtures, or tools, within one year and three years, respectively, of their being sent out, to any of his place of business, without payment of tax;

(b) supply such inputs, after completion of job work or otherwise, or capital goods, other than moulds and dies, jigs and fixtures, or tools, within one year and three years, respectively, of their being sent out from the place of business of a job worker on payment of tax within India, or with or without payment of tax for export, as the case may be:

Provided that the principal shall not supply the goods from the place of business of a job worker in accordance with the provisions of this clause unless the said principal declares the place of business of the job worker as his additional place of business except in a case—

(i) where the job worker is registered under section 25; or

(ii) where the principal is engaged in the supply of such goods as may be notified by the Commissioner.

(2) The responsibility for keeping proper accounts for the inputs or capital goods shall lie with the principal.

(3) Where the inputs sent for job work are not received back by the principal after completion of job work or otherwise in accordance with the provisions of clause (a) of sub-section (1) or are not supplied from the place of business of the job worker in accordance with the provisions of clause (b) of sub-section (1) within a period of one year of their being sent out, it shall be deemed that such inputs had been supplied by the principal to the job worker on the day when the said inputs were sent out.

(4) Where the capital goods, other than moulds and dies, jigs and fixtures, or tools, sent for job work are not received back by the principal in accordance with the provisions of clause (a) of sub-section (1) or are not supplied from the place of business of the job worker in accordance with the provisions of clause (b) of sub-section (1) within a period of three years of their being sent out, it shall be deemed that such capital goods had been supplied by the principal to the job worker on the day when the said capital goods were sent out.

(5) Notwithstanding anything contained in sub-sections (1) and (2), any waste and scrap generated during the job work may be supplied by the job worker directly from his
place of business on payment of tax, if such job worker is registered, or by the principal, if the job worker is not registered.

Explanation.--For the purposes of job work, input includes intermediate goods arising from any treatment or process carried out on the inputs by the principal or the job worker.

**Commentary:**

Job work means undertaking any treatment or process by a person on goods belonging to another registered taxable person. The person who is treating or processing the goods belonging to other person is called ‘job worker’ and the person to whom the goods belongs is called ‘principal’.

This definition is much wider than the one given in Notification No. 214/86 – CE dated 23rd March, 1986. In the said notification, job work has been defined in such a manner so as to ensure that the activity of job work must amount to manufacture. Thus the definition of job work itself reflects the change in basic scheme of taxation relating to job work in the proposed GST regime.

The registered taxable person (the principal), may under intimation and subject to such conditions as may be prescribed, send any inputs and/or capital goods, without payment of tax, to a job worker for job work and from there subsequently to another job worker(s) and

- bring back such inputs/capital goods after completion of job work or otherwise within 1 year/3 years of their being sent out; or
- supply such inputs/capital goods after completion of job work or otherwise within 1 year / 3 years of their being sent out, from the place of business of a job worker on payment of tax within India or with or without payment of tax for export

Thus goods sent by a taxable person to a job worker will be treated as supply and will be liable to GST. This is because supply includes all forms of supply such as sale, transfer, etc.

The term inputs, for the purpose of job work, includes intermediate goods arising from any treatment or process carried out on the inputs by the principal or job worker. The condition of bringing back capital goods within three years is not applicable to moulds, dies, jigs and fixtures or tools.

The goods of principal supplied directly from the job worker’s premises will be included in the aggregate turnover of the principal. However, the value of goods or services used by the job worker for carrying out the job work will be included in the value of services supplied by the job worker.

Further, the principal can send inputs and capital goods directly to the premises of job worker without bringing it to his premises. The input tax credit of tax paid on inputs or capital goods can also be availed by the principal in such a scenario. The inputs or capital goods must be received back within one year or three years respectively failing which the original transaction would be treated as supply and the principal would be liable to pay tax accordingly.

Again, the principal may supply the goods directly from the premises of the job worker without bringing it back to his own premises. But the principal should have declared the premises of an unregistered job worker as his additional place of business. If the job worker is a registered person then goods can be supplied directly from the premises of the job
The Commissioner may also notify goods in which case goods sent for job work can be directly supplied from the premises of the job worker.

Where the job worker is a registered taxable person or where the principal is engaged in supply of such goods as may be notified by the Commissioner, the principal can directly supply goods from the premises of job worker without declaring the premises of job worker as his additional place of business.

As job work is a service, the job worker would be required to obtain registration if his aggregate turnover exceeds the prescribed threshold.

Taking of ITC in respect of inputs/capital goods sent to a job worker: - The Principal shall be entitled to take credit of taxes paid on inputs or capital goods sent to a job worker whether sent after receiving them at his place of business or even when such the inputs or capital goods are directly sent to a job worker without their being first brought to his place of business. However, the inputs or capital goods, after completion of job work, are required to be received back or supplied from job worker’s premises, as the case may be, within a period of one year or three years of their being sent out.

If the inputs or capital goods are not received back by the principal or are not supplied from the place of business of job worker within the prescribed time limit, it would be deemed that such inputs or capital goods had been supplied by the principal to the job worker on the day when the said inputs or capital goods were sent out by the principal (or on the date of receipt by the job worker where the inputs or capital goods were sent directly to the place of business of job worker) and the principal would be liable to pay tax accordingly.

The waste and scrap generated during the job work can be supplied by the job worker directly from his place of business, on payment of tax, if he is registered. If he is not registered, the same would be supplied by the principal on payment of tax.

It is completely the responsibility of the principal to maintain proper accounts of job work related inputs and capital goods.

The provisions under Section 143 relating to job work are applicable only when registered taxable person intends to send taxable goods. In other words, these provisions are not applicable to exempted or non-taxable goods or when the sender is a person other than registered taxable person.

However the principal can send the inputs or capital goods after payment of GST without following the special procedure. In such a case, the job-worker would take the input tax credit and supply back the processed goods (after completion of job-work) on payment of GST.

A job-worker and principal can be located either is same State or in same Union Territory or in different States or Union Territories.

149. GOODS AND SERVICE TAX COMPLIANCE RATING

(1) Every registered person may be assigned a goods and services tax compliance rating score by the Government based on his record of compliance with the provisions of this Act.
(2) The goods and services tax compliance rating score may be determined on the basis of such parameters as may be prescribed.

(3) The goods and services tax compliance rating score may be updated at periodic intervals and intimated to the registered person and also placed in the public domain in such manner as may be prescribed.

**Commentary:**

Trade and industry will, irrespective of their nature, size or turnover of the business, be assigned a ‘compliance rating’ based on their credibility with regard to timely deposit of taxes to the exchequer and filing of returns under the goods and services tax structure.

The GST compliance rating will provide the name of the taxpayer as well as the GST Identification Number (GSTIN) and will be displayed on the GST common portal. The rating scores shall be updated at periodic intervals.

It is expected by the Government that the scheme would urge businesses to become more compliant and help prevent tax evasion. A registered person with higher compliance rating may enjoy faster refunds, immediate input tax credit, reduced chances of audit by tax authorities, enhanced reputation, which in turn may help in the growth of his business. Buyers will look for sellers with higher rating which will ensure they can avail input tax credit faster.

(3) The Authority referred to in sub-section (2) shall exercise such powers and discharge such functions as may be prescribed.

**Commentary:**

Keeping in view the interest of the recipients of goods or services or both, the CGST Act has specifically provided that any reduction in rate of tax on any supply of goods or services or the benefit of ITC shall be passed on to the recipient by way of corresponding reduction in prices. An authority may be constituted by the government to examine whether input tax credits availed by any registered person or the reduction in the tax rate have actually resulted in a commensurate reduction in the prices of goods or services or both supplied by him.

172. **REMOVAL OF DIFFICULTIES.**

(1) If any difficulty arises in giving effect to any provisions of this Act, the Government may, on the recommendations of the Council, by a general or a special order published in the Official Gazette, make such provisions not inconsistent with the provisions of this Act or the rules or regulations made thereunder, as may be necessary or expedient for the purpose of removing the said difficulty:

Provided that no such order shall be made after the expiry of a period of three years from the date of commencement of this Act.

(2) Every order made under this section shall be laid, as soon as may be, after it is made, before each House of Parliament.

173. **AMENDMENT OF ACT 32 OF 1994.**

Save as otherwise provided in this Act, Chapter V of the Finance Act, 1994 shall be omitted.

174. **REPEAL AND SAVING.**

(1) Save as otherwise provided in this Act, on and from the date of commencement of this Act, the Central Excise Act, 1944 (except as respects goods included in entry 84 of the Union List of the Seventh Schedule to the Constitution), the Medicinal and Toilet Preparations (Excise Duties) Act, 1955, the Additional Duties of Excise (Goods of Special Importance) Act, 1957, the Additional Duties of Excise (Textiles and Textile Articles) Act, 1978, and the Central Excise Tariff Act, 1985 (hereafter referred to as the repealed Acts) are hereby repealed.
(2) The repeal of the said Acts and the amendment of the Finance Act, 1994 (hereafter referred to as “such amendment” or “amended Act”, as the case may be) to the extent mentioned in the sub-section (1) or section 173 shall not—

(a) revive anything not in force or existing at the time of such amendment or repeal; or

(b) affect the previous operation of the amended Act or repealed Acts and orders or anything duly done or suffered thereunder; or

(c) affect any right, privilege, obligation, or liability acquired, accrued or incurred under the amended Act or repealed Acts or orders under such repealed or amended Acts:

Provided that any tax exemption granted as an incentive against investment through a notification shall not continue as privilege if the said notification is rescinded on or after the appointed day; or

(d) affect any duty, tax, surcharge, fine, penalty, interest as are due or may become due or any forfeiture or punishment incurred or inflicted in respect of any offence or violation committed against the provisions of the amended Act or repealed Acts; or

(e) affect any investigation, inquiry, verification (including scrutiny and audit), assessment proceedings, adjudication and any other legal proceedings or recovery of arrears or remedy in respect of any such duty, tax, surcharge, penalty, fine, interest, right, privilege, obligation, liability, forfeiture or punishment, as aforesaid, and any such investigation, inquiry, verification (including scrutiny and audit), assessment proceedings, adjudication and other legal proceedings or recovery of arrears or remedy may be instituted, continued or enforced, and any such tax, surcharge, penalty, fine, interest, forfeiture or punishment may be levied or imposed as if these Acts had not been so amended or repealed;

(f) affect any proceedings including that relating to an appeal, review or reference, instituted before on, or after the appointed day under the said amended Act or repealed Acts and such proceedings shall be continued under the said amended Act or repealed Acts as if this Act had not come into force and the said Acts had not been amended or repealed.

(3) The mention of the particular matters referred to in sub-sections (1) and (2) shall not be held to prejudice or affect the general application of section 6 of the General Clauses Act, 1897 with regard to the effect of repeal.

***
Commentary:

In the Pre-GST regime, inter-state trade or commerce was regulated by Central Sales Tax (CST). CST was collected @ 2% and retained by the origin state. Input tax credit of CST was not allowed to the buyer which resulted in cascading of tax in the supply chain. Further various accounting forms viz C Form, E1,E2,F,J,I forms etc were required to be filed in CST which added to the compliance cost of the business and impeded the free flow of trade. Another negative feature of CST was huge difference between tax rates under VAT (intra-state sale) and CST (inter-state sale).

Under GST regime, inter-state supply of goods or services or both will be subject to Integrated goods and service tax (IGST). Article 269A(1) of the Constitution states that Goods and Services Tax on supplies in the course of inter-state trade or commerce shall be levied and collected by the Government of India and such tax shall be apportioned between the Union and states in the manner provided by the Parliament on recommendation of the GST Council.

IGST rate will be equal to CGST rate plus SGST rate. The IGST mechanism is designed to ensure seamless flow of input tax credit from one State to another and also ensures that the SGST component on the final product ordinarily accrues to the consuming State.
reference in any such provision to the commencement of this Act shall be construed as a reference to the coming into force of that provision.

2. **DEFINITIONS.**

In this Act, unless the context otherwise requires,—

(2) “central tax” means the tax levied and collected under the Central Goods and Services Tax Act;

(3) “continuous journey” means a journey for which a single or more than one ticket or invoice is issued at the same time, either by a single supplier of service or through an agent acting on behalf of more than one supplier of service, and which involves no stopover between any of the legs of the journey for which one or more separate tickets or invoices are issued.

Explanation.—For the purposes of this clause, the term “stopover” means a place where a passenger can disembark either to transfer to another conveyance or break his journey for a certain period in order to resume it at a later point of time;

(4) “customs frontiers of India” means the limits of a customs area as defined in section 2 of the Customs Act, 1962;

**Commentary:**

The Customs frontiers of India shall include the following:

1. Customs port
2. Customs Airport
3. International Courier Terminal
4. Foreign Post office
5. Land Customs Station
6. Area in which imported goods or goods meant for export are ordinarily kept before clearance by customs Authorities.

(5) “export of goods” with its grammatical variations and cognate expressions, means taking goods out of India to a place outside India;

**Commentary:**

According to section 2(56) of CGST Act, “India” means the territory of India as referred to in article 1 of the Constitution, its territorial waters, seabed and sub-soil underlying such waters, continental shelf, exclusive economic zone or any other maritime zone as referred to in the Territorial Waters, Continental Shelf, Exclusive Economic Zone and other Maritime Zones Act, 1976, and the air space above its territory and territorial waters.

Export of Goods will be treated as inter-State supply and covered under the IGST Act. Further, exports will be treated as zero rated supplies. No tax will be payable on export of goods, however credit of input tax credit will be available and same will be available as refund to the exporters. The Exporter will have an option to either pay tax on the output and claim refund of IGST or export under Bond without payment of IGST and claim refund of Input Tax Credit.
The Input tax credit can be utilized for payment of output tax liability.

Under Export of goods movement of goods out of India alone is relevant and not the location of the importer/exporter.

An exporter has to compulsorily get registered, export being inter-state supply, irrespective of his turnover.

(6) “export of services” means the supply of any service when,—

(i) the supplier of service is located in India;
(ii) the recipient of service is located outside India;
(iii) the place of supply of service is outside India;
(iv) the payment for such service has been received by the supplier of service in convertible foreign exchange; and
(v) the supplier of service and the recipient of service are not merely establishments of a distinct person in accordance with Explanation 1 in section 8;

Commentary:

Under Export of services location of the supplier, place of supply of service and location of recipient of service has great relevance. The supplier of service should be located in India and the place of supply of service and location of recipient of service should be outside India. Further more important is that consideration of the supply should be received in convertible foreign exchange. Further the supplier of service and the recipient of service should not merely be establishments of distinct persons in accordance with Explanation 1 to Section 8.

Explanation 1 in Section 8.— For the purposes of this Act, where a person has,—
• an establishment in India and any other establishment outside India;
• an establishment in a State or Union territory and any other establishment outside that State; or
• an establishment in a State or Union territory and any other establishment being a business vertical registered within that State or Union territory

then such establishments shall be treated as establishments of distinct persons.

Explanation 2 in Section 8 — A person carrying on a business through a branch or an agency or a representational office in any territory shall be treated as having an establishment in that territory.

For example a Company A has its head office In India and a branch in London and the goods are supplied through the branch to the customer. The branch will be considered as an establishment in London and both the Head office in India and the branch office in London will be treated as an establishment of a distinct person.

But for export of services as per the above Sec 2(6)(v) of the IGST Act, “Provision of Services” to overseas branch cannot treated as “ Export of services”. Hence such services will not be “Zero rated”. But they will be treated as inter-state supply considering the fact that location of
supplier is in India and place of supply is would be location outside India. Hence IGST will be charged with no refund.

An exporter has to compulsorily get registered, export being inter-state supply, irrespective of his turnover.

**SUPPLIES OUTSIDE INDIA WHICH DO NOT CONSTITUTE EXPORT**

Supply of service to a person located outside India where place of supply of service is in India. For example – a property rented out in Mumbai to a person residing in Dubai; agent located in India providing service to a New York based exporter for selling goods to China.

- Supply of services where consideration is received in Indian currency or a currency other than convertible currency. For example supply of consultancy service by an Indian consulting firm to an overseas entity, payment for which is made in Indian rupees by Indian branch of overseas entity.
- Services provided to overseas branch would not be eligible as export of services due to specific exclusion for such transactions in the definition of “export of service”.

(7) “fixed establishment” means a place (other than the registered place of business) which is characterised by a sufficient degree of permanence and suitable structure in terms of human and technical resources to supply services or to receive and use services for its own needs;

**Commentary:**

Fixed establishment refers to a place-
(1) Having a sufficient degree of permanence
(2) Having a structure of human and technical resources
(3) Other than the registered place of business.

(8) “Goods and Services Tax (Compensation to States) Act” means the Goods and Services Tax (Compensation to States) Act, 2017;

(9) “Government” means the Central Government;

(10) “import of goods” with its grammatical variations and cognate expressions, means bringing goods into India from a place outside India;

**Commentary:**

Import means physical movement of goods into India from a place outside India by the active efforts on the part of any person (who may be situated in India or outside India). The goods are said to be brought into India, when the goods crosses the customs frontiers of India, i.e., the limits of the customs are as defined in Section 2 of the Customs Act. For example goods imported from France by a company incorporated in Delhi and sold to Germany before being brought into India, this transaction does not amount to inter-state supply. But if the goods are cleared at the Mumbai port, then such transaction will amount to Inter-state supply and IGST.
Imports of Goods will be treated as inter-state supplies and IGST will be levied on import of goods into the country. The place of supply will be the location of the importer. The incidence of tax will follow the destination principle and the tax revenue in case of SGST will accrue to the State where the imported goods are consumed.

Full and complete set-off will be available on the IGST paid on import on goods.

As per GST Law, GST will subsume Countervailing Duty (CVD) and Special Additional Duty (SAD), however, Basic Customs Duty will continue to do its round in the import bills. The Integrated tax would be levied on the value of the goods as determined under Customs law plus custom duties levied on such imports. This in effect makes levy of IGST at par with previous levy of CVD which is on basic value plus customs duty. In addition, GST compensation cess, may also be leivable on certain luxury and demerit goods under the Goods and Services Tax (Compensation to States) Cess Act, 2017.

The time of levy of custom duties and integrated tax is the same.

The importer will be liable to pay integrated tax under Reverse charge basis and the same will have to be discharged by cash only and input tax credit cannot be utilised for discharging such a liability.

An importer has to compulsorily get registered irrespective of his turnover.

(11) “import of services” means the supply of any service, where—

(i) the supplier of service is located outside India;

(ii) the recipient of service is located in India; and

(iii) the place of supply of service is in India;

Commentary:
In order to consider any service as import of service, following conditions are required to be cumulatively satisfied:

(a) The supplier of service is located outside India
(b) The recipient of service is located in India
(c) The place of supply of service is in India.

As per the IGST Act, supply of services in the course of import into the territory of India, shall be deemed as supply of services in the course of inter-State trade or commerce. Accordingly, Integrated Tax would be levied on import of services.

Where the supplier and recipient are mere establishments of a person, then such supplies would qualify as import of service.

Import of services for a consideration whether or not in the course or furtherance of business is deemed to be supply. Thus, in general, imports of services without consideration shall not be considered as supply. For example import of free services from Google and Facebook by all of us, without any consideration, are not considered as supply. Import (Downloading) of a
song for consideration for personal use would be a service, even though the same are not in the course or furtherance of business.

Import of services by a taxable person from a related person or from a distinct person as defined in Section 25 of the CGST Act, 2017, in the course or furtherance of business shall be treated as supply even if it is made without any consideration. Thus import of some services by an Indian branch from their parent company, in the course or furtherance of business, even if without consideration, will be a supply and chargeable to GST.

(12) “integrated tax” means the integrated goods and services tax levied under this Act;

(13) “intermediary” means a broker, an agent or any other person, by whatever name called, who arranges or facilitates the supply of goods or services or both, or securities, between two or more persons, but does not include a person who supplies such goods or services or both or securities on his own account;

Commentary:
An intermediary arranges or facilitates supply of goods or services or both, or securities between two or more persons. Eg: Tea Broker, Travel Agent. The test of agency must be satisfied between the principal and the agent. The consideration for intermediary is in the nature of a fee or commission charged by him.

The place of supply in relation to intermediary services is the location of the service provider.

(14) “location of the recipient of services” means,--

(a) where a supply is received at a place of business for which the registration has been obtained, the location of such place of business;

(b) where a supply is received at a place other than the place of business for which registration has been obtained (a fixed establishment elsewhere), the location of such fixed establishment;

(c) where a supply is received at more than one establishment, whether the place of business or fixed establishment, the location of the establishment most directly concerned with the receipt of the supply; and

(d) in absence of such places, the location of the usual place of residence of the recipient;

Commentary:
Location of the recipient of service is essential to determine the place of supply of service, that is, whether the supply is a inter-state supply or a Intra- state supply.

Where the services received at a place of business for which registration is obtained - location of such registered place of business.

Where the services received at a place other than the registered place of business, being a fixed establishment having sufficient degree of permanence involving human and technical resources - location of such fixed establishment.
Where services are received at more than one establishment – location of the establishment most directly concerned with the receipt of the supply

Services received at a place other than above, i.e., received at a place which is neither the registered place of business nor a fixed establishment – Location of the usual place of residence of the recipient. Usual place of residence means-
(a) In case of individuals, the place where he ordinarily resides.
(b) In other cases, the place where the person is incorporated or otherwise legally constituted.

(15) “location of the supplier of services” means,--
(a) where a supply is made from a place of business for which the registration has been obtained, the location of such place of business;
(b) where a supply is made from a place other than the place of business for which registration has been obtained (a fixed establishment elsewhere), the location of such fixed establishment;
(c) where a supply is made from more than one establishment, whether the place of business or fixed establishment, the location of the establishment most directly concerned with the provision of the supply; and
(d) in absence of such places, the location of the usual place of residence of the supplier;

Commentary:
Location of the supplier of service is essential to determine the place of supply of service, that is, whether the supply is a inter-state supply or a Intra- state supply.

Where the services are made from a place of business for which registration is obtained - location of such registered place of business.

Where the services are made from a place other than the registered place of business, being a fixed establishment having sufficient degree of permanence involving human and technical resources - location of such fixed establishment.

Where services are made from more than one establishment – location of the establishment most directly concerned with the provision of the supply

Services made from a place other than above, i.e., made from a place which is neither the registered place of business nor a fixed establishment – Location of the usual place of residence of the recipient. Usual place of residence means-
(a) In case of individuals, the place where he ordinarily resides.
(b) In other cases, the place where the person is incorporated or otherwise legally constituted.
(16) “non-taxable online recipient” means any Government, local authority, governmental authority, an individual or any other person not registered and receiving online information and database access or retrieval services in relation to any purpose other than commerce, industry or any other business or profession, located in taxable territory.

Explanation.--For the purposes of this clause, the expression “governmental authority” means an authority or a board or any other body,--

(i) set up by an Act of Parliament or a State Legislature; or

(ii) established by any Government,

with ninety per cent. or more participation by way of equity or control, to carry out any function entrusted to a municipality under article 243W of the Constitution;

(17) “online information and database access or retrieval services” means services whose delivery is mediated by information technology over the internet or an electronic network and the nature of which renders their supply essentially automated and involving minimal human intervention and impossible to ensure in the absence of information technology and includes electronic services such as,--

(i) advertising on the internet;

(ii) providing cloud services;

(iii) provision of e-books, movie, music, software and other intangibles through telecommunication networks or internet;

(iv) providing data or information, retrievable or otherwise, to any person in electronic form through a computer network;

(v) online supplies of digital content (movies, television shows, music and the like);

(vi) digital data storage; and

(vii) online gaming;

**Commentary:**
This definition is in line with the provisions of the Service tax laws. An indicative list of services that would not be covered under OIDAR services are:-

1. Supplies of goods, where the order and processing is done electronically
2. Supplies of physical books, newsletters, newspapers or journals
3. Services of lawyers and financial consultants who advise clients through email
4. Booking services or tickets to entertainment events, hotel accommodation or car hire
5. Educational or professional courses, where the content is delivered by a teacher over the internet or an electronic network (in other words, using a remote link)
6. Offline physical repair services of computer equipment
7. Advertising services in newspapers, on posters and on television

In case the supplier of online Information and Database Access or Retrieval (OIDAR) services located in a non-taxable territory provides services to a non-taxable online recipient, the
supplier of service would be liable to obtain registration and pay IGST. This is a case of B2C (Business to Customer) transaction. In case of B2B transaction, OIDAR will be taxable in the hands of the recipient of service under reverse charge mechanism.

(18) “output tax”, in relation to a taxable person, means the integrated tax chargeable under this Act on taxable supply of goods or services or both made by him or by his agent but excludes tax payable by him on reverse charge basis;

**Commentary:**
The amount covered under output tax is the amount of tax ‘chargeable’ and not the amount that has been charged by the supplier. In case a person wrongly charges/charges excess tax, as compared to the applicable tax rate, such excess amount would not qualify for output tax.

Further exclusion of tax payable under reverse charge basis from ‘output tax’ implies that no input tax credit can be utilized for making payment of tax payable under reverse charge mechanism and such liability can be discharged by way of cash payment through the electronic cash ledger.

Tax payable on supplies made by an agent on behalf of the supplier will be treated as output tax in the hands of the supplier.

(19) “Special Economic Zone” shall have the same meaning as assigned to it in clause (za) of section 2 of the Special Economic Zones Act, 2005;

**Commentary:**
“Special Economic Zone” means each Special Economic Zone notified under the proviso to sub-section (4) of section 3 and sub-section (1) of section 4 (including Free Trade and Warehousing Zone) and includes a Special Economic Zone existing as on 10.02.2006, when the SEZ Act and rules were made effective.

(20) “Special Economic Zone developer” shall have the same meaning as assigned to it in clause (g) of section 2 of the Special Economic Zones Act, 2005 and includes an Authority as defined in clause (d) and a Co-Developer as defined in clause (f) of section 2 of the said Act;

**Commentary:**
Supplies to SEZ developer/unit is regarded as Zero-rated supplies.

(21) “supply” shall have the same meaning as assigned to it in section 7 of the Central Goods and Services Tax Act;

(22) “taxable territory” means the territory to which the provisions of this Act apply;

**Commentary:**
Taxable territory is the whole of India including the State of Jammu & Kashmir.

(23) “zero-rated supply” shall have the meaning assigned to it in section 16;
Zero rated supply means any of the following supplies of goods or services or both namely—

(a) Export of goods or services or both or
(b) Supply of goods or services or both to a Special Economic Zone (SEZ) developer or an SEZ unit.

Under zero rated supply, the goods or services exported shall be relieved of GST levied upon them either at the input stage or at the final product stage.

(24) words and expressions used and not defined in this Act but defined in the Central Goods and Services Tax Act, the Union Territory Goods and Services Tax Act and the Goods and Services Tax (Compensation to States) Act shall have the same meaning as assigned to them in those Acts;

(25) any reference in this Act to a law which is not in force in the State of Jammu and Kashmir, shall, in relation to that State be construed as a reference to the corresponding law, if any, in force in that State.

CHAPTER II
ADMINISTRATION

3. APPOINTMENT OF OFFICERS.

The Board may appoint such central tax officers as it thinks fit for exercising the powers under this Act.

Commentary:
Both CGST and IGST is administered by the Central Government, hence officers of central tax (CGST) are appointed as officers of IGST.

4. AUTHORIZATION OF OFFICERS OF STATE TAX OR UNION TERRITORY TAX AS PROPER OFFICER IN CERTAIN CIRCUMSTANCES.

Without prejudice to the provisions of this Act, the officers appointed under the State Goods and Services Tax Act or the Union Territory Goods and Services Tax Act are authorised to be the proper officers for the purposes of this Act, subject to such exceptions and conditions as the Government shall, on the recommendations of the Council, by notification, specify.

Commentary:
In order to maintain uniformity in administration of notified supplies or notified category of taxable persons which are exclusively left under the CGST Act to be administered by the officers of State/UT tax.
CHAPTER III

LEVY AND COLLECTION OF TAX

5. LEVY AND COLLECTION.

Subject to the provisions of sub-section (2), there shall be levied a tax called the integrated goods and services tax on all inter-State supplies of goods or services or both, except on the supply of alcoholic liquor for human consumption, on the value determined under section 15 of the Central Goods and Services Tax Act and at such rates, not exceeding forty per cent., as may be notified by the Government on the recommendations of the Council and collected in such manner as may be prescribed and shall be paid by the taxable person:

Provided that the integrated tax on goods imported into India shall be levied and collected in accordance with the provisions of section 3 of the Customs Tariff Act, 1975 on the value as determined under the said Act at the point when duties of customs are levied on the said goods under section 12 of the Customs Act, 1962.

Commentary:

This is the charging section of IGST Act which mandates the levy and collection of the Integrated tax by the authority of law. It provides that all inter-state supplies would be liable to IGST at the rate notified by the Government on the recommendation of the GST Council. The maximum rate at which Government can levy IGST is 40%. However currently, the highest rate at which it has been levied is 28% (as decided at the 14th GST council meeting).

The levy is on all goods or services or both except alcoholic liquor for human consumption.

Value of imported goods on which IGST shall be levied as under

(a) Value of imported article determined under Section 14(1) of the Customs Act or tariff value of such article under Section 14(2) of the Customs Act;

(b) Duty of customs leviable on that article under section 12 of the Customs Act and any sum chargeable on that article under any law for the time being in force as an addition to, and in the same manner as, a duty of customs, but does not include any tax referred to in section 3(7) or the cess referred to in section 3(9) of the Customs Tariff Act.

Thus, IGST on imports will be levied at value of imported article as determined under the Customs Act plus duty of customs and any other sum chargeable in addition to customs duty (excluding GST and GST Cess).

There is no threshold limit in case of inter-state supplies and hence supplier making inter-state outward supplies needs to compulsorily register himself. Thus no unregistered person can undertake outward inter-state supply. However an unregistered person can undertake inward inter-state supply of goods and/services.

Section 9 of the CGST Act and Section 7 of the UTGST Act are the respective charging sections comparable to Section 5 of the IGST Act.
(2) The integrated tax on the supply of petroleum crude, high speed diesel, motor spirit (commonly known as petrol), natural gas and aviation turbine fuel shall be levied with effect from such date as may be notified by the Government on the recommendations of the Council.

**Commentary:**

Petroleum crude, high speed diesel, motor spirit (commonly known as petrol), natural gas and aviation turbine fuel is also kept outside GST for the time being, but can be brought under it’s regime from such date as may be notified by the Government.

(3) The Government may, on the recommendations of the Council, by notification, specify categories of supply of goods or services or both, the tax on which shall be paid on reverse charge basis by the recipient of such goods or services or both and all the provisions of this Act shall apply to such recipient as if he is the person liable for paying the tax in relation to the supply of such goods or services or both.

(4) The integrated tax in respect of the supply of taxable goods or services or both by a supplier, who is not registered, to a registered person shall be paid by such person on reverse charge basis as the recipient and all the provisions of this Act shall apply to such recipient as if he is the person liable for paying the tax in relation to the supply of such goods or services or both.

**Commentary:**

Normally GST is payable by the supplier of goods or services. However when the same is payable by the recipient of goods/services, it is called reverse charge. The term “reverse charge” is defined under section 2 (98) of CGST Act.

The government on the recommendation of the GST Council may specify the categories of goods and services on which tax shall be payable by the recipient of supply under reverse charge mechanism. Again the registered person shall be liable to discharge tax in respect of supply of taxable goods and /services from an unregistered person. In case of import of services the importer is required to pay tax under reverse charge mechanism and will be governed by the provisions of Section 5(4) of the IGST Act.

(5) The Government may, on the recommendations of the Council, by notification, specify categories of services, the tax on inter-State supplies of which shall be paid by the electronic commerce operator if such services are supplied through it, and all the provisions of this Act shall apply to such electronic commerce operator as if he is the supplier liable for paying the tax in relation to the supply of such services:

Provided that where an electronic commerce operator does not have a physical presence in the taxable territory, any person representing such electronic commerce operator for any purpose in the taxable territory shall be liable to pay tax:

Provided further that where an electronic commerce operator does not have a physical presence in the taxable territory and also does not have a representative in the said territory, such electronic commerce operator shall appoint a person in the taxable territory for the purpose of paying tax and such person shall be liable to pay tax.
Commentary:

Besides, the recipient of service, tax under reverse charge shall also be payable by a person who is neither a supplier of goods or services nor a recipient of goods or services or both. For example in respect of Radio Taxi or Passenger Transport services provided through Electronic Commerce operator, 100 % GST shall be payable by the Electronic Commerce operator who is neither a supplier of service nor a service recipient.

In case the electronic commerce operator does not have any physical presence in India, but has a representative in India, then the representative shall be liable to pay tax and in the absence of the representative in India, he shall mandatorily be required to appoint a person who shall be liable to pay tax.

6. POWER TO GRANT EXEMPTION FROM TAX

(1) Where the Government is satisfied that it is necessary in the public interest so to do, it may, on the recommendations of the Council, by notification, exempt generally, either absolutely or subject to such conditions as may be specified therein, goods or services or both of any specified description from the whole or any part of the tax leviable thereon with effect from such date as may be specified in such notification.

(2) Where the Government is satisfied that it is necessary in the public interest so to do, it may, on the recommendations of the Council, by special order in each case, under circumstances of an exceptional nature to be stated in such order, exempt from payment of tax any goods or services or both on which tax is leviable.

(3) The Government may, if it considers necessary or expedient so to do for the purpose of clarifying the scope or applicability of any notification issued under sub-section (1) or order issued under sub-section (2), insert an Explanation in such notification or order, as the case may be, by notification at any time within one year of issue of the notification under sub-section (1) or order under sub-section (2), and every such Explanation shall have effect as if it had always been the part of the first such notification or order, as the case may be.

Explanation.--For the purposes of this section, where an exemption in respect of any goods or services or both from the whole or part of the tax leviable thereon has been granted absolutely, the registered person supplying such goods or services or both shall not collect the tax, in excess of the effective rate, on such supply of goods or services or both.

Commentary:

An exemption may be conditional or absolute. When exemption has been granted absolutely, i.e. it is not subjected to any condition or the happening of any event, it is mandatory. The Government may subject to the following conditions, grant exemptions from the payment of IGST on inter-state supplies:—

(1) Exemptions should be in public interest
(2) On recommendation of GST council
(3) By way of a notification
(4) Absolute/ conditional exemption
(5) Exemption by way of special order citing circumstances which are of special nature.

Government can issue the circular or insert explanation which will be retrospective. However this has to be issued within one year of issue of original notification.
7. INTER-STATE SUPPLY.

(1) Subject to the provisions of section 10, supply of goods, where the location of the supplier and the place of supply are in—

(a) two different States;
(b) two different Union territories; or
(c) a State and a Union territory,

shall be treated as a supply of goods in the course of inter-State trade or commerce.

(2) Supply of goods imported into the territory of India, till they cross the customs frontiers of India, shall be treated to be a supply of goods in the course of inter-State trade or commerce.

(3) Subject to the provisions of section 12, supply of services, where the location of the supplier and the place of supply are in—

(a) two different States;
(b) two different Union territories; or
(c) a State and a Union territory,

shall be treated as a supply of services in the course of inter-State trade or commerce.

(4) Supply of services imported into the territory of India shall be treated to be a supply of services in the course of inter-State trade or commerce.

(5) Supply of goods or services or both,—

(a) when the supplier is located in India and the place of supply is outside India;
(b) to or by a Special Economic Zone developer or a Special Economic Zone unit; or
(c) in the taxable territory, not being an intra-State supply and not covered elsewhere in this section,

shall be treated to be a supply of goods or services or both in the course of inter-State trade or commerce.

Commentary:

To summarize:

<table>
<thead>
<tr>
<th>Inter-state Supply</th>
<th>Supply of goods from one State or Union Territory to another State or Union Territory</th>
</tr>
</thead>
</table>
- Supply of services from one State or Union Territory to another State or Union Territory
- Import of goods till they cross the customs frontier
- Import of services
- Export of goods or services
- Supply of goods/services to/by SEZ
- Supplies to international tourists
- Any other supply in the taxable territory which is not intra-State supply

Under Inter-state supply two terms hold specific attention:

1. Location of the supplier and
2. The place of supply

Location of supplier: The Act specifically defines location of supplier of service but not location of supplier of goods. The same shall be determined on the facts of each case. Also inference can be drawn from the definition of location of supplier of service.

Place of supply: Place of supply is a targeted area where the goods are deemed to be supplied by the supplier to recipient to complete delivery of such goods. Delivery is when recipient acknowledges satisfactory performance by the supplier. It is the act that discharges the supplier from further responsibility towards the recipient in respect of the goods supplied. Understanding this concept is extremely important as it determines the nature of supply which in turn decides what taxes are to be levied on that supply. Section 10 to 13 guides us to understand the place of supply of goods or services under GST law.

Supply of goods and/services where the location of the supplier and place of supply are in two different states or two different Union territories or a State or Union Territory, such supply of goods and/services shall be treated as inter-state supply. While inter-state supply of goods is subject to Section 10 of the IGST Act, inter-state supply of services is subject to Section 12 of the IGST Act.

Import of goods: The supply of goods brought into India in the course of import till they cross the customs frontiers of India, will be considered as Inter-state supply of goods. Accordingly, as per Section 5 of the IGST Act, IGST will be payable. Thus imports in India will attract IGST along with basic custom duty and other surcharges.

Import of services: As per the provisions contained in Section 7(1)(b) of the CGST Act, 2017, import of services for a consideration whether or not in the course or furtherance of business is deemed to be supply and as per the IGST law, supply of services in the course of import into the territory of India, shall be deemed as supply of services in the course of inter-State trade or commerce. Accordingly, Integrated Tax would be levied on import of services.

Export of goods and/services: Supply of goods and/services where the location of the supplier in India and the place of supply is outside India, shall be treated as supply of goods and/services in the course of inter-state supply. For example a trader of Mumbai supplies/exports goods from Mumbai to USA, the place of supply being outside India, supply of goods shall be treated as in the course of inter-state trade or commerce.

Supply to and by SEZ developer/SEZ unit: For example a Registered person (non SEZ) located in Assam supplying goods to SEZ unit in Assam is an inter-state supply; SEZ unit in Kolkata supplying goods to another SEZ unit is also supply in the course of inter-state supply.
supply; Disposal of scrap by a SEZ unit in Kolkata to a trader in Kolkata is also inter-state supply; export of goods by a SEZ unit in Chennai to a customer in Germany is also inter-state supply.

Further any supply that falls outside the scope of intra-state supply will not escape GST and would be treated as an inter-state supply.

8. **INTRA-STATE SUPPLY.**

(1) Subject to the provisions of section 10, supply of goods where the location of the supplier and the place of supply of goods are in the same State or same Union territory shall be treated as intra-State supply:

Provided that the following supply of goods shall not be treated as intra-State supply, namely:--

(i) supply of goods to or by a Special Economic Zone developer or a Special Economic Zone unit;

(ii) goods imported into the territory of India till they cross the customs frontiers of India; or

(iii) supplies made to a tourist referred to in section 15.

(2) Subject to the provisions of section 12, supply of services where the location of the supplier and the place of supply of services are in the same State or same Union territory shall be treated as intra-State supply:

Provided that the intra-State supply of services shall not include supply of services to or by a Special Economic Zone developer or a Special Economic Zone unit.

Explanation 1.--For the purposes of this Act, where a person has,--

(i) an establishment in India and any other establishment outside India;

(ii) an establishment in a State or Union territory and any other establishment outside that State or Union territory; or

(iii) an establishment in a State or Union territory and any other establishment being a business vertical registered within that State or Union territory,

then such establishments shall be treated as establishments of distinct persons.

Explanation 2.--A person carrying on a business through a branch or an agency or a representational office in any territory shall be treated as having an establishment in that territory.

**Commentary:**

To summarize:-

- Intra-state supply
  - Supply of goods within the State or Union Territory.
  - Supply of services within the State or Union Territory.
Under intra-state supply two factors—location of the supplier and place of supply—are to be considered. Supply of goods and services where the location of the supplier and place of supply are in the same state or same Union territory, such supply of goods and services shall be treated as intra-state supply. While intra-state supply of goods is subject to Section 10 of the IGST Act, intra-state supply of services is subject to Section 12 of the IGST Act.

Location of supplier of goods is the physical point where the goods are situated under the control of the person wherever incorporated or registered, ready to be supplied. Location of supplier of service has been defined in Section 2(15) of the IGST Act.

There are three exceptions carved out in this provision, namely:
(i) supply to or by a Special Economic Zone developer or a Special Economic Zone unit;
(ii) goods imported into the territory of India till they cross the customs frontiers of India; or
(iii) supplies made to outbound tourist as referred to in section 15.

Thus the above three exceptions have to be treated as inter-state supply.

9. SUPPLIES IN TERRITORIAL WATERS.

Notwithstanding anything contained in this Act,—

(a) where the location of the supplier is in the territorial waters, the location of such supplier; or

(b) where the place of supply is in the territorial waters, the place of supply,

shall, for the purposes of this Act, be deemed to be in the coastal State or Union territory where the nearest point of the appropriate baseline is located.

Commentary:

Definition of ‘India’ as per Section 2(56) of the CGST Act is wide and covers all landmass of India plus 200 nautical miles inside sea, sea bed and air space above land and territorial waters. Section 3 of the Territorial waters, Continental Shelf, Exclusive Economic and other Maritime Zone Act, 1976 specifies territorial water extends upto 12 nautical miles from the baseline on the coast of India and include any bay, gulf, harbour, creek or tidal river.

Area upto 12 nautical miles belongs to States/Union Territory as per Section 9 of the IGST Act. Section 9 links location of the supplier and place of supply on the territorial waters to the landmass of India to determine the actual location of the supplier and place of supply. For example, if repair services are provided by a company in Mumbai on a ship moored off the coast of Mumbai for a shipping company from America, the place of supply of the repair services is not waters but Mumbai and the location of supplier and place of supply both being in the same state, it would be a intra-state supply. But if the location of the company providing repair services is in Delhi, then location of supplier and place of supply would be in two different states, and it would be inter-state supply.

If supply is beyond 12 nautical miles but upto 200 nautical miles, it is treated as inter-state
supply and IGST is payable. Beyond 200 nautical miles, the area is ‘High sea sale’ where all countries have equal rights and no Indian jurisdiction can be exercised on High sea.

Transactions taking place before filing of bill of entry are termed as High Sea Sale where the original importer sells the goods to a third person before the goods enter for customs clearance. Thus High sea sale means sale in the course of imports. High sea sale transactions or imports will attract IGST only once at the hands of the last importer on the final price of the item. It shall be levied and collected at the time when the import declarations are filed before the customs authorities for the custom clearance purposes for the first time.

CHAPTER V

PLACE OF SUPPLY OF GOODS OR SERVICES OR BOTH

Commentary:

The provisions governing the place of supply are very important as whether a supply is an inter-state supply or an intra-state supply or in import or an export, are all decided based upon these provisions.

10. PLACE OF SUPPLY OF GOODS OTHER THAN SUPPLY OF GOODS IMPORTED INTO, OR EXPORTED FROM INDIA.

(1) The place of supply of goods, other than supply of goods imported into, or exported from India, shall be as under,--

(a) where the supply involves movement of goods, whether by the supplier or the recipient or by any other person, the place of supply of such goods shall be the location of the goods at the time at which the movement of goods terminates for delivery to the recipient;

Commentary:

- A situated in Kolkata supplies goods to B situated in Delhi. **Place of supply:** Delhi, being place where movement of goods terminates.

- Dolon situated in Delhi sells goods to Karan situated in Kolkata on ex-works basis where point of delivery is Dolon’s factory premises. **Place of supply:** Delhi, being place where movement of goods for delivery terminates, even though goods subsequently move to Kolkata.

- Dolon situated in Delhi sells goods to Karan situated in Kolkata on FOR basis where point of delivery is factory premises of Karan. **Place of supply:** Kolkata, being place where movement of goods for delivery terminates.

(b) where the goods are delivered by the supplier to a recipient or any other person on the direction of a third person, whether acting as an agent or otherwise, before or during movement of goods, either by way of transfer of documents of
title to the goods or otherwise, it shall be deemed that the said third person has received the goods and the place of supply of such goods shall be the principal place of business of such person;

**Commentary:**

This is a case of ‘Bill to Ship’ transaction.

- A of Assam places an order to B of Haryana to supply spare parts and instructs him to deliver the spare parts to C of U.P. directly to save transportation cost. Goods are delivered to C of U.P., the recipient of goods, on the direction of the third person, A of Assam by the supplier of goods, B of Haryana. **Place of supply:** Assam being principal place of business of A who had placed the order. IGST will be payable at Haryana.

- A in Maharashtra receives an order from B in London to deliver 100 cell phones at C in Maharashtra. On application of section 10(1)(b) place of supply will be London. The question arises will this transaction be taxed even if the place of supply is London?

Transaction between A in Maharashtra and B in London is Export of goods but as per the definition of Export of goods, goods must move out of India. But here, goods do not move out of India. Section 7(5)(a) states that supply of goods or services or both when the supplier is located in India and the place of supply is outside India shall be treated to be a supply of goods or services or both in the course of inter-state trade or commerce. In the present case Supplier A is in India and place of supply is outside India, London, so the transaction is inter-state supply and IGST will be payable.

Transaction between B of London and C of Maharashtra is a case of import, but again as per definition of import of goods are not coming into India from outside India. This transaction will be covered under Section 7(5)(c) which states that supply of goods or services or both in the taxable territory, not being an intra-state supply and not covered elsewhere in section 7 shall be treated to be a supply of goods or services or both in the course of inter-state trade or commerce.

In the present case supply is within the taxable territory, Maharashtra but the supplier is located outside India, so the transaction cannot be intra state supply and hence not covered under Section 7, so shall be treated as supply in the course of inter-state trade or commerce. Hence transaction between B and C is inter-state supply and IGST will be payable.

(c) where the supply does not involve movement of goods, whether by the supplier or the recipient, the place of supply shall be the location of such goods at the time of the delivery to the recipient;

**Commentary:**

- Dolon situated in Delhi supplies goods to Karan of Kolkata where goods will be retained in Dolon’s factory for future job works. **Place of supply:** Delhi, being location of goods as supply does not involve any movement of goods.
Bharat Limited registered in Maharashtra sold its pre-installed transmission tower (electric tower) located at Madhya Pradesh to Hindustan Limited registered in Delhi. Place of supply: Madhya Pradesh, being location of goods as supply does not involve any movement of goods.

(d) where the goods are assembled or installed at site, the place of supply shall be the place of such installation or assembly;

Commentary:

Dolon situated in Delhi enters in a contract with Karan of Kolkata for supply and installation of machine in Karan’s factory. Place of supply: Kolkata, being place of installation or assembly of goods.

The principal laid down in this section can be summarized as under:

(e) where the goods are supplied on board a conveyance, including a vessel, an aircraft, a train or a motor vehicle, the place of supply shall be the location at which such goods are taken on board.

Commentary:

Anil of Delhi enters into contract with an airline situated in Maharashtra for sale of gift items in the flight from Delhi to Mumbai. Place of supply: Delhi, being location where goods are taken on board.

(2) Where the place of supply of goods cannot be determined, the place of supply shall be determined in such manner as may be prescribed.

Commentary:

This sub-section provides for situations which are not specifically covered by Section 10(1), the place of supply of goods shall be determined in accordance with the rules made by the Central Government.

11. PLACE OF SUPPLY OF GOODS IMPORTED INTO, OR EXPORTED FROM INDIA.

The place of supply of goods,—

(a) imported into India shall be the location of the importer;
(b) exported from India shall be the location outside India.

**Commentary:**

The place of supply of goods,—

14. SPECIAL PROVISION FOR PAYMENT OF TAX BY A SUPPLIER OF ONLINE INFORMATION AND DATABASE ACCESS OR RETRIEVAL SERVICES.
(1) On supply of online information and database access or retrieval services by any person located in a non-taxable territory and received by a non-taxable online recipient, the supplier of services located in a non-taxable territory shall be the person liable for paying integrated tax on such supply of services:

Provided that in the case of supply of online information and database access or retrieval services by any person located in a non-taxable territory and received by a non-taxable online recipient, an intermediary located in the non-taxable territory, who arranges or facilitates the supply of such services, shall be deemed to be the recipient of such services from the supplier of services in non-taxable territory and supplying such services to the non-taxable online recipient except when such intermediary satisfies the following conditions, namely:--

(a) the invoice or customer's bill or receipt issued or made available by such intermediary taking part in the supply clearly identifies the service in question and its supplier in non-taxable territory;

(b) the intermediary involved in the supply does not authorise the charge to the customer or take part in its charge which is that the intermediary neither collects or processes payment in any manner nor is responsible for the payment between the non-taxable online recipient and the supplier of such services;

(c) the intermediary involved in the supply does not authorise delivery; and

(d) the general terms and conditions of the supply are not set by the intermediary involved in the supply but by the supplier of services.

(2) The supplier of online information and database access or retrieval services referred to in sub-section (1) shall, for payment of integrated tax, take a single registration under the Simplified Registration Scheme to be notified by the Government:

Provided that any person located in the taxable territory representing such supplier for any purpose in the taxable territory shall get registered and pay integrated tax on behalf of the supplier:

Provided further that if such supplier does not have a physical presence or does not have a representative for any purpose in the taxable territory, he may appoint a person in the taxable territory for the purpose of paying integrated tax and such person shall be liable for payment of such tax.

**Commentary:**

Online information and database access or retrieval services is defined under section 2(17) of the IGST Act. Place of supply for online information and database access or retrieval services is location of recipient of services. If the online information and database access or retrieval service provider is located outside India and the services are provided to registered tax payer in India, the tax would be payable as import of service under reverse charge mechanism. In case of services provided to a non-taxable online recipient then the onus has been placed on the service provider to pay Integrated tax on such supply of services and such service provider is obliged under law to take registration in India. The registration can be taken by such service provider or by a person representing such service provider or a person appointed by such service provider.
CHAPTER VI

REFUND OF INTEGRATED TAX TO INTERNATIONAL TOURIST

15. REFUND OF INTEGRATED TAX PAID ON SUPPLY OF GOODS TO TOURIST LEAVING INDIA.

The integrated tax paid by tourist leaving India on any supply of goods taken out of India by him shall be refunded in such manner and subject to such conditions and safeguards as may be prescribed.

Explanation.--For the purposes of this section, the term “tourist” means a person not normally resident in India, who enters India for a stay of not more than six months for legitimate non-immigrant purposes.

Commentary:

All outbound tourist carrying goods on which IGST has been paid are entitled to claim refund at the port-of-exit. Only Integrated tax is eligible for refund. Person seeking such refund must be a tourist who have entered India for genuine non-migrant purposes.

CHAPTER VII

ZERO RATED SUPPLY

16. Zero rated supply.

(1) “zero rated supply” means any of the following supplies of goods or services or both, namely:--

(a) export of goods or services or both; or

(b) supply of goods or services or both to a Special Economic Zone developer or a Special Economic Zone unit.

(2) Subject to the provisions of sub-section (5) of section 17 of the Central Goods and Services Tax Act, credit of input tax may be availed for making zero-rated supplies, notwithstanding that such supply may be an exempt supply.

(3) A registered person making zero rated supply shall be eligible to claim refund under either of the following options, namely:--

(a) he may supply goods or services or both under bond or Letter of Undertaking, subject to such conditions, safeguards and procedure as may be prescribed, without payment of integrated tax and claim refund of unutilised input tax credit; or

in accordance with the provisions of section 54 of the Central Goods and Services Tax Act or the rules made thereunder.

Commentary:

‘zero rated supply’ means the goods or services exported shall be relieved of GST levied upon them either at the input stage or at the final product stage. Section 17(2) of the CGST Act provides that input tax credit will not be available in respect of supplies that have 0% rate of tax but this disqualification does not apply to ‘Zero rated supply’.

Sub section 16(1) of the IGST Act defines ‘Zero rated supply’ as follows:

Zero rated supply means any of the following supplies of goods or services or both namely-

(b) Export of goods or services or both or
(c) Supply of goods or services or both to a Special Economic Zone (SEZ) developer or an SEZ unit.

Thus export of goods or services and supplies to a SEZ unit of its developer shall be treated as zero rated supply thereby entitles the said unit or developer for all benefits i.e. availment of input tax credit or refund of unutilized ITC.

The procedures relating to export have been simplified so as to do away with the paper work and intervention of the department at various stages of export. The salient features of the scheme of export under GST regime are as follows:

• The goods and services can be exported either on payment of IGST which can be claimed as refund after the goods have been exported, or under bond or Letter of Undertaking (LUT) without payment of IGST.

• In case of goods and services exported under bond or LUT, the exporter can claim refund of accumulated ITC on account of export. The exporter needs to file an application for refund on the common portal either directly or through a facilitation centre. An export manifest or report has to be filed under the Customs Act prior to filing an application for refund.

• In case of goods the shipping bill is the only document required to be filed with the Customs for making exports. Requirement of filing the ARE 1/ARE 2 has been done away with.

• The supplies made for export are to be made under self-sealing and self-certification without any intervention of the departmental officer.

• The shipping bill filed with the Customs is treated as an application for refund of IGST and shall be deemed to have been filed after submission of export general manifest and furnishing of a valid return by the applicant.

The procedure in respect of supplies made for export is same for both, merchant exporter and manufacturer exporter.
Under the GST Law, supplies to SEZ units or SEZ developer have been accorded inter-state supplies and any supplier making inter-State supplies has to compulsorily get registered under GST. Thus anyone making a supply to a SEZ unit or SEZ developer has to necessarily obtain GST registration.

Sub section 16(2) of IGST Act provides that a person engaged in export of goods which is an exempt supply is eligible to avail input stage credit for zero rated supplies. Once goods are exported under a bond or letter of undertaking, refund of unutilized credit can be availed under Section 16(3)(a) of IGST Act, 2017 and Section 54 of the CGST Act, 2017 and the rules made thereunder.

Exempt supply means supply of any goods or services or both which attracts nil rate of duty or which may be wholly exempt from tax under section 11 or under section 6 of the Integrated Goods and Services Tax Act, and includes non-taxable supply.

Refund is allowed of tax paid on zero-rated supplies of goods or services or both or on inputs or input services used in making such zero-rated supplies.

Further refund of unutilized input tax credit shall be allowed only in case of zero rated supplies made without payment of tax or in cases where the credit has accumulated on account of rate tax on inputs being higher than the rate of tax on output supplies, other than nil rated or fully exempt supplies – first proviso to section 54(3) of CGST Act.

No refund of unutilized input tax credit shall be allowed in cases where the goods exported out of India are subjected to export duty – second proviso to section 54(3) of CGST Act.

No refund of input tax credit shall be allowed if the supplier of goods or services avails duty drawback of CGST / SGST / UTGST or claims refund of IGST paid on such supplies – third proviso to section 54 (3) of CGST Act.

Drawback – “Drawback” in relation to any goods manufactured in India and exported, means the rebate of duty, tax or cess chargeable on any imported inputs or on any domestic inputs or input services used in the manufacture of such goods – section 2(42) of CGST Act.

In case of refund of tax on inputs used in exports:

- Refund of 90% will be granted provisionally within seven days of acknowledgement of refund application.
- Remaining 10% will be paid within a maximum period of 60 days from the date of receipt of application complete in all respects.
- Interest @ 6% is payable if full refund is not granted within 60 days.

In the case of refund of IGST paid on exports: Upon receipt of information regarding furnishing of valid return by the exporter from the common portal, the Customs shall process the claim for refund and an amount equal to the IGST paid in respect of each shipping bill shall be credited to the bank account of the exporter.

An exporter will be required to pay GST in case of goods procured from unregistered persons (including unregistered job workers under reverse charge mechanism. However the exporter can avail ITC of such GST paid and either utilise the ITC or claim refund of the same.

in proportion to the total supplies made by such taxable person to each of such States or Union territories, as the case may be, in a financial year:

Provided further that where the taxable person making such supplies is not identifiable, the said balance amount shall be apportioned to all States and the Central Government in proportion to the amount collected as State tax or, as the case may be, Union territory tax, by the respective State or, as the case may be, by the Central Government during the immediately preceding financial year.

Commentary:

Explanation.--For the purposes of this Chapter, “appropriate State” in relation to a taxable person, means the State or Union territory where he is registered or is liable to be registered under the provisions of the Central Goods and Services Tax Act.

**Commentary:**

ITC of IGST can be utilized for payment of tax and allocated in the following manner:

<table>
<thead>
<tr>
<th>ITC</th>
<th>To be utilized in the prescribed order</th>
<th>Allocation to</th>
</tr>
</thead>
<tbody>
<tr>
<td>Credit of IGST paid availed</td>
<td>IGST</td>
<td>Union – Integrated tax account</td>
</tr>
<tr>
<td></td>
<td>CGST</td>
<td>Union – Central tax account</td>
</tr>
<tr>
<td></td>
<td>SGST/UTGST</td>
<td>State/Union- respective State tax account/ respective UT tax account</td>
</tr>
</tbody>
</table>

**Example** - A of Maharashtra sells goods to B of Maharashtra, GST rate 18%. So tax charged is CGST - 9% and SGST - 9%. B further sells to R of Rajasthan, GST rate 18%, IGST will be 18%. B can utilize the credit of CGST and SGST for the payment of IGST. The credit of SGST used in the payment of IGST will transferred to the centre by the exporting state.

R of Rajasthan sells goods to S of Rajasthan, GST rate 18%, tax charged is CGST - 9% and SGST - 9%. If R utilizes the credit of IGST for the payment of SGST, then centre will transfer to the importing state the credit of IGST used in the payment of SGST.

**19. TAX WRONGFULLY COLLECTED AND PAID TO CENTRAL GOVERNMENT OR STATE GOVERNMENT**

(1) A registered person who has paid integrated tax on a supply considered by him to be an inter-State supply, but which is subsequently held to be an intra-State supply, shall be granted refund of the amount of integrated tax so paid in such manner and subject to such conditions as may be prescribed.

(2) A registered person who has paid central tax and State tax or Union territory tax, as the case may be, on a transaction considered by him to be an intra-State supply, but which is subsequently held to be an inter-State supply, shall not be required to pay any interest on the amount of integrated tax payable.
Commentary:

A Taxable person who had paid tax in error is entitled to refund only after the discharge of the correct tax due so that the incorrect tax paid due to wrong classification of tax, reflects on the common portal as ‘paid in excess’. No interest is payable on such IGST paid due to payment of CGST, SGST/UTGST on transactions which later was held as inter-state.

THE UNION TERRITORY GOODS AND SERVICES TAX ACT, 2017

Commentary:

A separate Act is implemented for Union Territory states to impose and administer Goods and Service Tax (GST) in India in the name of The Union Territory Goods and Service Tax Act, 2017 (UTGST).

The Constitution (One Hundred and first Amendment) Act, 2016 inserted a new clause, Clause 26B in Article 366 of the Constitution. As per this clause, “State” with reference to Articles 246A, 268, 269, 269A, and 279A includes a Union territory with Legislature.

Even ‘State’ for the purposes of GST, includes a Union territory with Legislature. Delhi and Puducherry are Union Territories with legislature and are considered as “States”.

Technically SGST cannot be levied in a Union Territory without legislature. This applies to following Union Territories of India: Andaman and Nicobar Islands, Lakshadweep, Dadra and Nagar Haveli, Daman and Diu and Chandigarh.

To plug this loophole, GST Council has decided to have Union Territory GST Law (UTGST) – which would be at par with State Goods and Service Tax (SGST). As per Article 246(4) of Constitution, the Parliament has powers to make laws with respect to any matter for any part of the territory of India, which is not included in the State, including the matters enumerated in State List. Therefore, with the approval from the GST Council, the Central Government passed the UTGST Law in the Parliament.

Thus following combination of taxes will be applicable for any transaction:

1. For Supply of goods and/or services within a state (Intra-State): CGST + SGST;
2. For Supply of goods and/or services within Union Territories (Intra-UT): CGST + UTGST;
3. For Supply of goods and/or services across States and/or Union Territories (Inter-State/ Inter-UT): IGST

Order of utilization of Input Tax Credit of UTGST would be the same like SGST. This means, Input Tax Credit of SGST or UTGST would first set-off against SGST or UTGST respectively output tax liabilities and balance, if any, can be set-off against IGST output tax liabilities.

CHAPTER III

LEVY AND COLLECTION OF TAX

LEVY AND COLLECTION

(1) Subject to the provisions of sub-section (2), there shall be levied a tax called the Union territory tax on all intra-State supplies of goods or services or both, except on the supply of alcoholic liquor for human consumption, on the value determined under section 15 of the Central Goods and Services Tax Act and at such rates, not exceeding 20%, as may be notified by the Central Government on the recommendations of the Council and collected in such manner as may be prescribed and shall be paid by the taxable person.

(2) The Union territory tax on the supply of petroleum crude, high speed diesel, motor spirit (commonly known as petrol), natural gas and aviation turbine fuel shall be levied with effect from such date as may be notified by the Central Government on the recommendations of the Council.

Commentary:
Section 7 is the charging section. For all Intra-Union territory transactions- CGST + UTGST will be levied. The maximum rate at which Government can levy UTGST is 20%. However currently, the highest rate at which it has been levied is 14% (as decided in the 14th GST council meeting).

Alcoholic liquor for human consumption is outside the ambit of GST. Commentary:
Section 7(3) and Section 7(4) are similar to the provisions of Section 9(3) and 9(4) of the CGST Act. In respect of certain services and goods, as may be notified by the government, tax has to be paid under reverse charge basis. That is, tax needs to be paid by the recipient of goods/services.
Again the registered person is required to pay tax under reverse charge in respect of inward supply of taxable goods or services or both from an unregistered person.

(2) Where the Central Government is satisfied that it is necessary in the public interest so to do, it may, on the recommendations of the Council, by special order in each case, under circumstances of an exceptional nature to be stated in such order, exempt from payment of tax any goods or services or both on which tax is leviable.

**Commentary:**

The centre may exempt certain goods and services from the purview of UTGST through a notification. This will be based on the recommendations of the GST Council.

(3) The Central Government may, if it considers necessary or expedient so to do for the purpose of clarifying the scope or applicability of any notification issued under sub-section (1) or order issued under sub-section (2), insert an explanation in such notification or order, as the case may be, by notification at any time within one year of issue of the notification under sub-section (1) or order under sub-section (2), and every
such explanation shall have effect as if it had always been the part of the first such notification or order, as the case may be.

(4) Any notification issued by the Central Government under sub-section (1) of section 11 or order issued under sub-section (2) of the said section of the Central Goods and Services Tax Act shall be deemed to be a notification or, as the case may be, an order issued under this Act.

Explanation: For the purposes of this section, where an exemption in respect of any goods or services or both from the whole or part of the tax leviable thereon has been granted absolutely, the registered person supplying such goods or services or both shall not collect the tax, in excess of the effective rate, on such supply of goods or services or both.

**Commentary:**

Section 8 is the charging section for levy of GST Compensation Cess. For the purpose of providing compensation to the States for loss of revenue arising on account of implementation of the GST for a period of 5 years, GST Compensation Cess will be levied and collected by Central Government.

Suppose Assessable value of Motor cycles with engine capacity exceeding 3500cc is INR 1,00,000/- which is sold from the state of Maharashtra to Kolkata. Say GST rate is 28% and compensation cess is 15%  

Calculation of Compensation cess:
- IGST- 28% of Assessable Value= INR 28,000  
- Compensation cess- 15% of INR 1,00,000= INR15,000  
- Total Value of the Motor cycle= 1,00,000+28,000+15,000=INR 1,43,000

The cess on goods imported into India shall be levied and collected in accordance to Section 3 of the Customs Tariff Act, 1975 at the point when duties of customs are levied on a value determined under Customs Tariff Act, 1975.

**Example 2:**

Suppose Assessable value of imported Motor cycles with engine capacity exceeding 3500cc is INR 1,00,000/-. Say customs duty are applicable as basic custom duty is 125% and compensation cess is 15%  

Basic Custom Duty is 125% of 1,00,000=INR 1,25,000  
Value for the purpose of levying Compensation cess= 1,00,000+1,25,000=INR 2,25,000  
Compensation cess= 15% of 2,25,000= INR 33,750
