Lesson 1 – Overview on Goods and Services Tax ‘GST’

1. Clarifications regarding applicability of GST on certain services

(Circular No. 201/13/2023 - GST No. 201/13/2023- August 01, 2023)

GST Council in the 50th meeting held on July 11, 2023 clarified the following issues:

a) Whether services supplied by director of a company in his personal capacity such as renting of immovable property to the company or body corporate are subject to Reverse Charge Mechanism (RCM): It is hereby clarified that services supplied by a director of a company or body corporate to the company or body corporate in his private or personal capacity such as services supplied by way of renting of immovable property to the company or body corporate are not taxable under RCM. Only those services supplied by director of company or body corporate, which are supplied by him as or in the capacity of director of that company or body corporate shall be taxable under RCM in the hands of the company or body corporate under notification No. 13/2017-CTR (Sl. No. 6) dated 28.06.2017.

b) Whether supply of food or beverages in cinema hall is taxable as restaurant service: It is hereby clarified that supply of food or beverages in a cinema hall is taxable as ‘restaurant service’ as long as:

- a) The food or beverages are supplied by way of or as part of a service, and
- b) Supplied independent of the cinema exhibition service.

It is further clarified that where the sale of cinema ticket and supply of food and beverages are clubbed together, and such bundled supply satisfies the test of composite supply, the entire supply will attract GST at the rate applicable to service of exhibition of cinema, the principal supply.

Brief Analysis

In this circular clarification regarding services supplied by director of a company in his personal capacity such as renting of immovable property to the company or body corporate are subject to Reverse Charge Mechanism (RCM) and supply of food or beverages in cinema hall is taxable as restaurant service has been issued.

2. CBIC amends to exclude specified actionable claims [Notification No. 50/2023 – Central Tax Dated: 29th September, 2023]

Notification No. 50/2023-Central Tax introduces a significant change to the existing tax framework. It specifies that with effect from the 1st October, 2023, a specific exclusion shall be made within Notification No. 66/2017-Central Tax. The exclusion pertains to registered persons who are engaged in the supply of specified actionable claims, as defined in clause (102A) of section 2 of the CGST Act, 2017.

This exclusion signifies that registered person dealing with specified actionable claims, which have been distinctly defined, will not be eligible for the composition levy under section 10 of the CGST Act. This amendment narrows the scope of individuals and businesses that can benefit from the composition levy, excluding those involved in the specified actionable claims category.

3. Amendments in the list of notified services on which tax is payable under reverse charge by the recipient [Notification No. 14/2023 CT(R) dated 19.10.2023 and Notification No. 17/2023 IT(R) dated 19.10.2023]

Notification No. 13/2017 CT (R) dated 28.06.2017 as amended has notified specified categories of intra-State supply of services wherein whole of the tax shall be paid on reverse charge basis by the recipient of services. With effect from 20.10.2023, the said list of services, tax on which is payable under reverse charge has been amended as follows:

S. No.	Category of supply of service	Supplier of service	Recipient of Service
5	Services supplied by the Central Government, State Government, Union territory or local authority to a business entity excluding, - (1) renting of immovable property, and (2) services specified below- (i) services by the Department of Posts and the Ministry of Railways (Indian Railways) (ii) services in relation to an aircraft or a vessel, inside or outside the precincts of a port or an airport; (iii) transport of goods or passengers	Central Government, State Government, Union territory or local authority	Any business entity located in the taxable territory
5A	Services supplied by the Central Government excluding the Ministry of Railways (Indian Railways), State Government, Union territory or local authority by way of renting of immovable property to a person registered under the CGST Act.	Central Government, State Government, Union territory or local authority	Any person registered under the CGST Act.

4. Tax on passenger transportation services by omnibus except where the person supplying such services through ECO is a company, payable by ECO [Notification No. 16/2023 CT(R) dated 19.10.2023 and Notification No. 19/2023 IT(R) dated 19.10.2023]

The Government, on the recommendations of the GST Council, notify specific categories of services the tax [CGST/SGST/IGST] on supplies of which shall be paid by the electronic commerce operator (ECO) if such services are supplied through it.

Such services shall be notified on the recommendations of the GST Council [Section 9(5) of the CGST Act/Section 5(5) of the IGST Act].

Notification No. 17/2017 CT (R) dated 28.06.2017/ Notification No. 14/2017 IT (R) dated 28.06.2017 as amended has notified the specific categories of services the tax on supplies of which shall be paid by the electronic commerce operator (ECO) if such services are supplied through ECO. One of such notified categories of services is services by way of transportation of passengers by a radio-taxi, motorcab, maxicab, motor cycle, omnibus or any other motor vehicle;

With effect from 20.10.2023, services by way of transportation of passengers by an omnibus has been excluded from the above entry and a separate category of services has been introduced for transportation of passengers by an omnibus. This has been undertaken as follows: Above category of services has been amended as under:-

Services by way of transportation of passengers by a radio-taxi, motor cab, maxi cab, motorcycle, or any other motor vehicle except omnibus.

Further, following new category of services has been introduced “Services by way of transportation of passengers by an omnibus except where the person supplying such service through ECO is a company”

Thus, with effect from 20.10.2023, the tax on services by way of transportation of passengers by an omnibus provided by a company through ECO is not payable by ECO. It will be payable by the company itself.

Lesson 2 – Supply

1. Clarification on taxability of shares held in a subsidiary company by holding company [Circular No. 196/08/2023 GST dated 17.07.2023]

The issue which arose for consideration is whether the holding of shares in a subsidiary company by the holding company will be treated as 'supply of service' and whether the same will attract GST or not.

It is clarified that securities are considered neither as goods nor as services in terms of definition of goods under section 2(52) and the definition of services under section 2(102). Further, securities include 'shares' as per definition of securities.

This implies that the securities held by the holding company in the subsidiary company are neither goods nor services. Further, purchase or sale of shares or securities, in itself is neither a supply of goods nor a supply of services. For a transaction/activity to be treated as supply of services, there must be a supply as defined under section 7. It cannot be said that a service is being provided by the holding company to the subsidiary company, solely on the basis that there is a specific SAC2 entry '997171' in the scheme of classification of services mentioning; "the services provided by holding companies, i.e. holding securities of (or other equity interests in) companies and enterprises for the purpose of owning a controlling interest.", unless there is a supply of services by the holding company to the subsidiary company in accordance with section 7.

Therefore, the activity of holding of shares of subsidiary company by the holding company per se cannot be treated as a supply of services by a holding company to the said subsidiary company and cannot be taxed under GST.

2. Clarification regarding GST rates and classification of certain goods based on the recommendations of the GST Council in its 50th meeting held on 11th July, 2023 (Circular No. 200/12/2023-GST-August 01, 2023)

Based on the recommendations of the GST Council in its 50th meeting held on July 11, 2023, clarifications with reference to GST levy related to the following items are being issued:

- A. Un-fried or un-cooked snack pellets, by whatever name called, manufactured through process of extrusion; falling under CTH 1905 will attract GST rate of 5%.
- B. Fish Soluble Paste; attracted 18% under the residual entry S No. 453 of Schedule III of notification no. 1/2017-Central Tax (Rate), dated the 28th June, 2017.
- C. Desiccated coconut; falling under CTH 0801, the issue for past period from 01.07.2017 up to and inclusive of 27.07.2017 is hereby regularized on "as is" basis.
- D. Biomass briquettes; falling under any chapter, the issue for past period from 01.07.2017 up to and inclusive of 12.10.2017 is hereby regularized on "as is" basis.
- E. Imitation zari thread or yarn known by any name in trade parlance; that imitation zari thread or yarn known as "Kasab" or by any other name in trade parlance, would attract a uniform GST rate of 12% under tariff heading 5605.
- F. Supply of raw cotton by agriculturist to cooperatives; attracts 5% GST on reverse charge basis; clarification is hereby regularized on "as is basis".
- G. Plates, cups made from areca leaves; regularized on "as is basis" for the period prior to 01.10.2019.

Goods falling under HSN heading 9021; would attract a GST rate of 5% and in view of prevailing genuine doubts, the issue for the past periods is hereby regularized on “as is basis”. However, it is clarified that no refunds will be granted in cases where GST has already been paid at higher rate of 12%.

Brief Analysis

In this circular clarification regarding GST rates and classification of goods like Un-fried or un-cooked snack pellets, Fish Soluble Paste, Desiccated coconut, Biomass briquettes, Imitation zari thread, raw cotton and Plates, cups made from areca leaves has been issued by the Central Government.

3. Casinos, horse racing and online gaming excluded from the purview of Schedule III to clarify their taxability [Entry 6 of Schedule III amended]

Earlier, as per Entry 6 of Schedule III, actionable claims were outside the purview of GST. However, the betting, gambling and lottery were an exception. Thus, only lottery, betting and gambling were treated as supply. All other actionable claims were outside the ambit of definition of supply. In 50th GST Council meeting, the taxability of three other actionable claims namely, online money gaming, casinos, and horse racing and rate and value applicable thereon, were discussed. Thereafter, it was recommended that Entry 6 of Schedule III needs to be amended to clarify the taxability of these actionable claims. Further, the rate applicable on them is 28% and valuation would be prescribed under Valuation Rules.

With effect from 01.10.2023, Entry 6 has been amended by the CGST Amendment Act, 2023.

Earlier Entry 6 provided as follows: “Actionable claims, other than betting, gambling and lottery.”

Amended Entry 6 provides as follows: “Actionable claims, other than specified actionable claims.”

Thus, specified actionable claims qualify as supply. All other actionable claims are outside the ambit of definition of supply.

In order to define the term specified actionable claim, new clause (102A) has been inserted to section 2, which defines this term as follows:

Specified actionable claim means the actionable claim involved in or by way of—

- (i) betting;
- (ii) casinos;
- (iii) gambling;
- (iv) horse racing;
- (v) lottery; or
- (vi) online money gaming;

The terms online money gaming has been defined by the newly inserted clause (80B) to section 2, as follows:

Online money gaming means online gaming in which players pay or deposit money or money's worth, including virtual digital assets, in the expectation of winning money or money's worth, including virtual digital assets, in any event including game, scheme, competition or any other activity or process, whether or not its outcome or performance is based on skill, chance or both and whether the same is permissible or otherwise under any other law for the time being in force.

The terms online gaming and virtual digital asset used in the above definition have been defined by the newly inserted clauses (80A) and (117A) to section 2, as follows:

Online gaming means offering of a game on the internet or an electronic network and includes online money gaming [Section 2(80A)].

Virtual digital asset shall have the same meaning as assigned to it in section 2(47A) of the Income-tax Act, 1961 [Section 2(117A)]

The definition of supplier has been amended to incorporate a proviso which provides that a person who organises or arranges, directly or indirectly, supply of specified actionable claims, including a person who owns, operates or manages digital/electronic platform for such supply, shall be deemed to be a supplier of such actionable claims, whether such actionable claims are supplied by him or through him and whether consideration in money or money's worth, including virtual digital assets, for supply of such actionable claims is paid or conveyed to him or through him or placed at his disposal in any manner, and all the provisions of CGST Act shall apply to such supplier of specified actionable claims, as if he is the supplier liable to pay the tax in relation to the supply of such actionable claims.

The value of horse racing, casinos and online money gaming has been prescribed in the Valuation Rules.

4. Place of supply of goods purchased Over the Counter in one State and transported to another State by the buyer [Section 10 of the IGST Act amended]

There are cases where an unregistered person purchases goods over the counter (OTC) in one State and thereafter, transports the goods to another State (generally, the State where he resides). For instance, migrant workers, tourists, etc. who come to a State for work, tourism, etc. and purchase goods in that State to take it to their respective State. Similarly, in automobile sector, the residents of a State may travel to another State to purchase vehicle from that State to take advantage of lower registration charges and road tax, which vary from State to State and thereafter, take the vehicle to their State.

For bringing in clarity in respect of the determination of place of supply (POS) in such cases, with effect from 01.10.2023, IGST Amendment Act, 2023 has amended section 10 of the IGST Act to insert new clause (ca) in said section which provides as follows:

Where the supply of goods is made to a person other than a registered person, the place of supply shall, notwithstanding anything contrary contained in clause (a) or clause (c) of section 10, be the location as per the address of the said person recorded in the invoice issued in respect of the said supply and the location of the supplier where the address of the said person is not recorded in the invoice.

For the purposes of this clause, recording of the name of the State of the said person in the invoice shall be deemed to be the recording of the address of the said person.

5. Clarification regarding place of supply in case of supply of services in respect of advertising sector

Advertising companies are often involved in procuring space on hoardings/ bill-boards erected and mounted on buildings/land, in different States, from various suppliers ("vendors") for providing advertisement services to its corporate clients. There may be variety of arrangements between the advertising company and its vendors as below:

Issue: There may be a case wherein there is supply (sale) of space or supply (sale) of rights to use the space on the hoarding/ structure (immovable property) belonging to vendor to the client/advertising company for display of their advertisement on the said hoarding/ structure. What will be the place of supply of services provided by the vendor to the advertising company in such case?

Clarification: The hoarding/structure erected on the land should be considered as immovable structure or fixture as it has been embedded in earth. Further, place of supply of any service provided by way of supply (sale) of space on an immovable property or grant of rights to use an immovable property shall be governed by the provisions of section 12(3)(a) of the IGST Act.

As per section 12(3)(a) of the IGST Act, the place of supply of services directly in relation to an immovable property, including services provided by architects, interior decorators, surveyors, engineers and other related experts or estate agents, any service provided by way of grant of rights to use immovable property or for carrying out or coordination of construction work shall be the location at which the immovable property is located.

Therefore, the place of supply of service provided by way of supply of sale of space on hoarding/ structure for advertising or for grant of rights to use the hoarding/ structure for advertising in this case would be the location where such hoarding/ structure is located.

Issue: There may be another case where the advertising company wants to display its advertisement on hoardings/ billboards at a specific location availing the services of a vendor. The responsibility of arranging the hoardings/ billboards lies with the vendor who may himself own such structure or may be taking it on rent or rights to use basis from another person. The vendor is responsible for display of the advertisement of the advertising company at the said location.

During this entire time of display of the advertisement, the vendor is in possession of the hoarding/structure at the said location on which advertisement is displayed and the advertising company is not occupying the space or the structure. In this case, what will be the place of supply of such services provided by the vendor to the advertising company?

Clarification: In this case, as the service is being provided by the vendor to the advertising company and there is no supply (sale) of space/ supply (sale) of rights to use the space on hoarding/structure (immovable property) by the vendor to the advertising company for display of their advertisement on the said display board/structure, the said service does not amount to sale of advertising space or supply by way of grant of rights to use immovable property.

Accordingly, the place of supply of the same shall not be covered under section 12(3)(a) of IGST Act. Vendor is in fact providing advertisement services by providing visibility to an advertising company's advertisement for a specific period of time on his structure possessed/taken on rent by him at the specified location.

Therefore, such services provided by the vendor to advertising company are purely in the nature of advertisement services in respect of which place of supply shall be determined in terms of section 12(2) of IGST Act.

6. Clarification on issues pertaining to taxability of personal guarantee and corporate guarantee in GST Circular No.204 Dated October 27, 2023]

Issue: Whether the activity of providing personal guarantee by the Director of a company to the bank/ financial institutions for sanctioning of credit facilities to the said company without any consideration will be treated as a supply of service or not and whether the same will attract GST or not.

Clarification: As per mandate provided by RBI in terms of Para 2.2.9 (C) of RBI's Circular No. RBI/2021-22/121 dated 9th November, 2021, no consideration by way of commission, brokerage fees or any other form, can be paid to the director by the company, directly or indirectly, in lieu of providing personal guarantee to the bank for borrowing credit limits. As such, when no consideration can be paid for the said transaction by the company to the director in any form, directly or indirectly, as per RBI mandate, there is no question of such supply/ transaction having any open market value. Accordingly, the open market value of the said transaction/ supply may be treated as zero and therefore, taxable value of such supply may be treated as zero. In such a scenario, no tax is payable on such supply of service by the director to the company.

Issue: Whether the activity of providing corporate guarantee by a person on behalf of another related person, or by the holding company for sanction of credit facilities to its subsidiary company, to the bank/ financial institutions, even when made without any consideration will be treated as a taxable supply of service or not, and if taxable, what would be the valuation of such supply of services.

Clarification: Where the corporate guarantee is provided by a company to the bank/financial institutions for providing credit facilities to the other company, where both the companies are related, the activity is to be treated as a supply of service between related parties as per provisions of Schedule I of CGST Act, even when made without any consideration.

Similarly, where the corporate guarantee is provided by a holding company, for its subsidiary company, those two entities also fall under the category of 'related persons'. Hence the activity of providing corporate guarantee by a holding company to the bank/financial institutions for securing credit facilities for its subsidiary company, even when made without any consideration, is also to be treated as a supply of service by holding company to the subsidiary company, being a related person, as per provisions of Schedule I of CGST Act.

In respect of such supply of services by a person to another related person or by a holding company to a subsidiary company, in form of providing corporate guarantee on their behalf to a bank/ financial institution, the taxable value will be determined as per rule 28 of CGST Rules.

7. Clarifications regarding applicability of GST on certain services

[Circular No. 206 Dated October 31, 2023]

Sr. No.	Issue	Clarification
1.	Whether 'same line of business' in case of passenger transport service and renting of motor vehicles includes leasing of motor vehicles without operators.	Input services in the same line of business include transport of passengers or renting of motor vehicle with operator and not leasing of motor vehicles without operator which attracts GST and / or compensation cess at the same rate as supply of motor vehicles by way of sale.
2.	Whether GST is applicable on reimbursement of electricity charges received by real estate companies, malls, airport operators etc. from their lessees/occupants.	<p>whenever electricity is being supplied bundled with renting of immovable property and/ or maintenance of premises, as the case may be, it forms a part of composite supply and shall be taxed accordingly. The principal supply is renting of immovable property and/or maintenance of premise, as the case may be, and the supply of electricity is an ancillary supply as the case may be. Even if electricity is billed separately, the supplies will constitute a composite supply and therefore, the rate of the principal supply i.e. GST rate on renting of immovable property and/or maintenance of premise, as the case may be, would be applicable.</p> <p>However, where the electricity is supplied by the Real Estate Owners, Resident Welfare Associations (RWAs), Real Estate Developers etc. as a pure agent, it will not form part of value of their supply. Further, where they charge for electricity on actual basis that is, they charge the same amount for electricity from their lessees or occupants as charged by the State Electricity Boards or DISCOMs from them, they will be deemed to be acting as pure agent for this supply.</p>
3.	Whether job work for processing of "Barley" into "Malted Barley" attracts GST@5% as applicable to "job work in relation to food and food products" or 18% as applicable on "job work in relation to manufacture of alcoholic liquor for human consumption"	Job work services in relation to manufacture of malt are covered by the entry at Sl. No. 26 (i) (f) which covers "job work in relation to all food and food products falling under chapters 1 to 22 of the customs tariff" irrespective of the end use of that malt and attracts 5% GST.
4.	Whether District Mineral Foundations Trusts (DMFTs) set up by the State Governments are Governmental Authorities and thus eligible for the same exemptions from GST as available to any other Governmental Authority.	DMFT set up by the State Governments are Governmental Authorities and thus eligible for the same exemptions from GST as available to any other Governmental Authority.

Lesson 4 – Value of Supply

1. Valuation in Online Gaming & Casinos [Notification No. 45 Dated Sept 6, 2023]

The Central Board of Indirect Taxes and Customs (CBIC) has introduced significant amendments through Notification No. 45/2023-Central Taxes dated September 6, 2023, pertaining to the Central Goods and Services Tax (CGST) rules. These changes are set to bring clarity to the valuation of supplies in the realm of online gaming and casinos.

Rule 31B – Valuation of Supply in Online Gaming: Under this rule, the CBIC outlines the valuation of supply concerning online gaming, which includes online money gaming. The key provisions are as follows: The value of supply for online gaming, including actionable claims associated with online money gaming, is determined as the total amount paid or payable to or deposited with the supplier. This payment can be made in the form of money, money's worth, or virtual digital assets on behalf of the player. It's crucial to note that any amount returned or refunded to the player or any unused amount by the player cannot be deducted from the value of supply.

Rule 31C – Valuation of Supply of Actionable Claims in Casinos: This rule pertains to the valuation of actionable claims in the context of casinos. It sets forth the following valuation criteria: The value of supply of actionable claims in a casino is determined as the total amount paid or payable by or on behalf of the player. This payment can occur when purchasing tokens, chips, coins, or tickets for use in the casino or when participating in casino events, games, competitions, or activities where tokens, chips, coins, or tickets are not required. Similar to Rule 31B, any amount refunded by the casino to the player upon returning tokens, chips, coins, or tickets, or through other means, cannot be subtracted from the value of supply of actionable claims in the casino.

Explanation: An important clarification provided in the notification is that any amount won by a player in an event, game, scheme, competition, or other activities, and subsequently used for further gaming or betting without withdrawal, will not be considered as an amount paid or deposited with the supplier. This exclusion is critical in determining the value of supply under Rule 31B and Rule 31C.

Lesson 5 – Input Tax Credit and Computation of GST Liability

1. Clarification on charging of interest under section 50(3) of the CGST Act, 2017, in cases of wrong availment of IGST credit and reversal thereof [Circular No. 192 Dated July 17, 2023]

Issue	Clarification
<p>In the cases of wrong availment of IGST credit by a registered person and reversal thereof, for the calculation of interest under rule 88B of CGST Rules, whether the balance of input tax credit available in electronic credit ledger under the head of IGST only needs to be considered or total input tax credit available in electronic credit ledger, under the heads of IGST, CGST and SGST taken together, has to be considered.</p>	<p>Since the amount of input tax credit available in electronic credit ledger, under any of the heads of IGST, CGST or SGST, can be utilized for payment of liability of IGST, it is the total input tax credit available in electronic credit ledger, under the heads of IGST, CGST and SGST taken together, that has to be considered for calculation of interest under rule 88B of CGST Rules and for determining as to whether the balance in the electronic credit ledger has fallen below the amount of wrongly availed input tax credit of IGST, and to what extent the balance in electronic credit ledger has fallen below the said amount of wrongly availed credit.</p> <p>Thus, in the cases where IGST credit has been wrongly availed and subsequently reversed on a certain date, there will not be any interest liability under sub-section (3) of section 50 of CGST Act if, during the time period starting from such availment and up to such reversal, the balance of input tax credit (ITC) in the electronic credit ledger, under the heads of IGST, CGST and SGST taken together, has never fallen below the amount of such wrongly availed ITC, even if available balance of IGST credit in electronic credit ledger individually falls below the amount of such wrongly availed IGST credit. However, when the balance of ITC, under the heads of IGST, CGST and SGST of electronic credit ledger taken together, falls below such wrongly availed amount of IGST credit, then it will amount to the utilization of such wrongly availed IGST credit and the extent of utilization will be the extent to which the total balance in electronic credit ledger under heads of IGST, CGST and SGST taken together falls below such amount of wrongly availed IGST credit, and will attract interest as per sub-section (3) of section 50 of CGST Act, read with section 20 of Integrated Goods and Services Tax Act, 2017 and sub-rule (3) of rule 88B of CGST Rules.</p>
<p>Whether the credit of compensation cess available in electronic credit ledger shall be taken into account while considering the balance of electronic credit ledger for the purpose of calculation of interest under sub-rule (3) of rule 88B of CGST Rules in respect of wrongly availed and utilized IGST, CGST or SGST credit.</p>	<p>As per proviso to section 11 of Goods and Services Tax (Compensation to States) Act, 2017, input tax credit in respect of compensation cess on supply of goods and services leviable under section 8 of the said Act can be utilised only towards payment of compensation cess leviable on supply of goods and services. Thus, credit of compensation cess cannot be utilized for payment of any tax under CGST or SGST or IGST heads and/ or reversals of credit under the said heads.</p> <p>Accordingly, credit of compensation cess available in electronic credit ledger cannot be taken into account while considering the balance of electronic credit ledger for the purpose of calculation of interest under sub-rule (3) of rule 88B of CGST Rules in respect of wrongly availed and utilized IGST, CGST or SGST credit.</p>

2. Clarification on availability of ITC in respect of warranty replacement of parts and repair services during warranty period. [Circular No. 195 Dated July 17, 2023]

Issue	Clarification
<p>There are cases where the original equipment manufacturer offers warranty for the goods supplied by him to the customer and provides replacement of parts and/ or repair services to the customer during the warranty period, without separately charging any consideration at the time of such replacement/ repair services. Whether GST would be payable on such replacement of parts or supply of repair services, without any consideration from the customer, as part of warranty?</p>	<p>The value of original supply of goods (provided along with warranty) by the manufacturer to the customer includes the likely cost of replacement of parts and / or repair services to be incurred during the warranty period, on which tax would have already been paid at the time of original supply of goods.</p> <p>As such, where the manufacturer provides replacement of parts and/ or repair services to the customer during the warranty period, without separately charging any consideration at the time of such replacement/ repair services, no further GST is chargeable on such replacement of parts and/ or repair service during warranty period. However, if any additional consideration is charged by the manufacturer from the customer, either for replacement of any part or for any service, then GST will be payable on such supply with respect to such additional consideration.</p>
<p>Whether in such cases, the manufacturer is required to reverse the input tax credit in respect of such replacement of parts or supply of repair services as part of warranty, in respect of which no additional consideration is charged from the customer?</p>	<p>In such cases, the value of original supply of goods (provided along with warranty) by the manufacturer to the customer includes the likely cost of replacement of parts and/ or repair services to be incurred during the warranty period. Therefore, these supplies cannot be considered as exempt supply and accordingly, the manufacturer, who provides replacement of parts and/ or repair services to the customer during the warranty period, is not required to reverse the input tax credit in respect of the said replacement parts or on the repair services provided</p>
<p>Whether GST would be payable on replacement of parts and/ or repair services provided by a distributor without any consideration from the customer, as part of warranty on behalf of the manufacturer?</p>	<p>There may be instances where a distributor of a company provides replacement of parts and/ or repair services to the customer as part of warranty on behalf of the manufacturer and no separate consideration is charged by such distributor in respect of the said replacement and/ or repair services from the customer. In such cases, as no consideration is being charged by the distributor from the customer, no GST would be payable by the distributor on the said activity of providing replacement of parts and/ or repair services to the customer. However, if any additional consideration is charged by the distributor from the customer, either for replacement of any part or for any service, then GST will be payable on such supply with respect to such additional consideration.</p>

3. Clarification regarding taxability of services provided by an office of an organisation in one State to the office of that organisation in another State, both being distinct persons [Circular No. 199 Dated July 17, 2023]

Issue	Clarification
<p>Whether HO can avail the input tax credit (hereinafter referred to as 'ITC') in respect of common input services procured from a third party but attributable to both HO and BOs or exclusively to one or more BOs, issue tax invoices under section 31 to the said BOs for the said input services and the BOs can then avail the ITC for the same or whether is it mandatory for the HO to follow the Input Service Distributor (hereinafter referred to as 'ISD') mechanism for distribution of ITC in respect of common input services procured by them from a third party but attributable to both HO and BOs or exclusively to one or more BOs?</p>	<p>It is clarified that in respect of common input services procured by the HO from a third party but attributable to both HO and BOs or exclusively to one or more BOs, HO has an option to distribute ITC in respect of such common input services by following ISD mechanism laid down in Section 20 of CGST Act read with rule 39 of the Central Goods and Services Tax Rules, 2017 (hereinafter referred to as 'the CGST Rules'). However, as per the present provisions of the CGST Act and CGST Rules, it is not mandatory for the HO to distribute such input tax credit by ISD mechanism. HO can also issue tax invoices under section 31 of CGST Act to the concerned BOs in respect of common input services procured from a third party by HO but attributable to the said BOs and the BOs can then avail ITC on the same subject to the provisions of section 16 and 17 of CGST Act.</p> <p>In case, the HO distributes or wishes to distribute ITC to BOs in respect of such common input services through the ISD mechanism as per the provisions of section 20 of CGST Act read with rule 39 of the CGST Rules, HO is required to get itself registered mandatorily as an ISD in accordance with Section 24(viii) of the CGST Act.</p> <p>Further, such distribution of the ITC in respect a common input services procured from a third party can be made by the HO to a BO through ISD mechanism only if the said input services are attributable to the said BO or have actually been provided to the said BO. Similarly, the HO can issue tax invoices under section 31 of CGST Act to the concerned BOs, in respect of any input services, procured by HO from a third party for on or behalf of a BO, only if the said services have actually been provided to the concerned BOs.</p>
<p>In respect of internally generated services, there may be cases where HO is providing certain services to the BOs for which full input tax credit is available to the concerned BOs. However, HO may not be issuing tax invoice to the concerned BOs with respect to such services, or the HO may not be including the cost of a particular component such as salary cost of employees involved in providing said services while issuing tax invoice to BOs for the services provided by HO to BOs. Whether the HO is mandatorily</p>	<p>The value of supply of services made by a registered person to a distinct person needs to be determined as per rule 28 of CGST Rules, read with sub-section (4) of section 15 of CGST Act. As per clause (a) of rule 28, the value of supply of goods or services or both between distinct persons shall be the open market value of such supply. The second proviso to rule 28of CGST Rules provides that where the recipient is eligible for full input tax credit, the value declared in the invoice shall be deemed to be the open market value of the goods or services. Accordingly, in respect of supply of services by HO to BOs, the value of the said supply of services declared in the invoice by HO shall be deemed to be open market value of such services, if the recipient BO is eligible for full input tax credit.</p> <p>Accordingly, in cases where full input tax credit is available to a BO,</p>

<p>required to issue invoice to BOs under section 31 of CGST Act for such internally generated services, and/ or whether the cost of all components including salary cost of HO employees involved in providing the said services has to be included in the computation of value of services provided by HO to BOs when full input tax credit is available to the concerned BOs.</p>	<p>the value declared on the invoice by HO to the said BO in respect of a supply of services shall be deemed to be the open market value of such services, irrespective of the fact whether cost of any particular component of such services, like employee cost etc., has been included or not in the value of the services in the invoice.</p> <p>Further, in such cases where full input tax credit is available to the recipient, if HO has not issued a tax invoice to the BO in respect of any particular services being rendered by HO to the said BO, the value of such services may be deemed to be declared as Nil by HO to BO, and may be deemed as open market value in terms of second proviso to rule 28 of CGST Rules.</p>
<p>In respect of internally generated services provided by the HO to BOs, in cases where full input tax credit is not available to the concerned BOs, whether the cost of salary of employees of the HO involved in providing said services to the BOs, is mandatorily required to be included while computing the taxable value of the said supply of services provided by HO to BOs.</p>	<p>In respect of internally generated services provided by the HO to BOs, the cost of salary of employees of the HO, involved in providing the said services to the BOs, is not mandatorily required to be included while computing the taxable value of the supply of such services, even in cases where full input tax credit is not available to the concerned BO.</p>

Lesson 6 – Procedural Compliances under GST

1. Clarification on TCS liability under Section 52 of the CGST Act, 2017 in case of multiple E-commerce Operators in one transaction. [Circular No. 194 Dated July 17, 2023]

Issue 1: In a situation where multiple ECOs are involved in a single transaction of supply of goods or services or both through ECO platform and where the supplier-side ECO himself is not the supplier in the said supply, who is liable for compliances under section 52 including collection of TCS?

Buyer – Buyer Side ECO – Supplier side ECO - Supplier

Clarification: In such a situation where multiple ECOs are involved in a single transaction of supply of goods or services or both through ECO platform and where the supplier-side ECO himself is not the supplier of the said goods or services, the compliances under section 52 of CGST Act, including collection of TCS, is to be done by the supplier-side ECO who finally releases the payment to the supplier for a particular supply made by the said supplier through him.

e.g.: Buyer-side ECO collects payment from the buyer, deducts its fees/commissions and remits the balance to Seller-side ECO. Here, the Seller-side ECO will release the payment to the supplier after deduction of his fees/commissions and therefore will also be required to collect TCS, as applicable and pay the same to the Government in accordance with section 52 of CGST Act and also make other compliances under section 52 of CGST Act.

In this case, the Buyer-side ECO will neither be required to collect TCS nor will be required to make other compliances in accordance with section 52 of CGST Act with respect to this particular supply.

Issue 2: In a situation where multiple ECOs are involved in a single transaction of supply of goods or services or both through ECO platform and the Supplier-side ECO is himself the supplier of the said supply, who is liable for compliances under section 52 including collection of TCS?

Buyer – Buyer Side ECO – Supplier (also an ECO)

Clarification: In such a situation, TCS is to be collected by the Buyer-side ECO while making payment to the supplier for the particular supply being made through it. e.g. Buyer-side ECO collects payment from the buyer, deducts its fees and remits the balance to the supplier (who is itself an ECO as per the definition in Sec 2(45) of the CGST Act). In this scenario, the Buyer-side ECO will also be required to collect TCS, as applicable, pay the same to the Government in accordance with section 52 of CGST Act and also make other compliances under section 52 of CGST Act.

6. Tax to be paid on specified actionable claims at the time of receipt of payment for such supplies by the suppliers [Notification No. 50/2023 CT dated 29.09.2023]

Notification No. 66/2017 CT dated 15.11.2017 was earlier issued to exempt all registered persons from the requirement of payment of tax at the time of receipt of advances in case of supply of goods and provides for payment of tax in such cases at the time of supply as specified in section 12(2)(a).

With effect from 01.10.2023, said notification has been amended to exclude registered persons making supply of specified actionable claims from the said exemption, so that in case of specified actionable claims, the tax can be paid at the time of receipt of payment for such supplies by the suppliers.

7. Central Goods and Services Tax (Third Amendment) Rules, 2023 [Notification No. 51/2023 – Central Tax on September 29, 2023]

Central Board of Indirect Taxes and Customs (CBIC) have introduced the Central Goods and Services Tax (Third Amendment) Rules, 2023, through Notification No. 51/2023. These rules, made under the powers conferred by section 164 of the Central Goods and Services Tax Act, 2017 (CGST Act), bring notable changes to the existing tax framework.

Rule 8 Amendment: Rule 8 of the CGST Rules, 2017, is amended to specify that every person liable to be registered under section 25(1) or seeking registration under section 25(3), excluding certain categories such as non-resident taxable persons and those required to deduct or collect tax at source, must declare their Permanent Account Number (PAN) and State or Union Territory in FORM GST REG-01 before applying for registration. Input Service Distributors are required to make separate registration applications. Rule 14 Amendment:

Rule 14 is amended to include persons supplying online money gaming from outside India to a person in India within the scope of this rule. This implies that certain tax provisions are applicable to such supplies.

New Rules 31B and 31C: Rules 31B and 31C are introduced, specifying the valuation methods for online gaming and actionable claims in casinos, respectively. The rules detail the determination of the value of supplies in these sectors, including considerations like total amounts paid by players.

Rule 46 Amendment: Rule 46 is amended to specify that certain cases involving the supply of online money gaming require special considerations.

New Rule 64: Rule 64 outlines the form and manner of submission of returns by persons providing online information and database access or retrieval services and persons supplying online money gaming from outside India to a person in India.

Rule 87 Amendment: Rule 87 is amended to incorporate provisions related to persons supplying online money gaming from outside India to a person in India, aligning with section 14A of the CGST Act.

Changes in Form GST REG-10: Form GST REG-10 is revised to accommodate applications for

registration of persons supplying online money gaming from outside India to a person in India and for registration of persons supplying online information and database access or retrieval services from outside India to a non-taxable online recipient in India.
