

Appeal to contribute to Kerala Chief Minister's Distress Relief Fund

Dear Brethren

As you are all well aware that the state of Kerala is reeling under the worst floods in the century which has been declared as a severe calamity by the Central Government. The floods have caused widespread devastation and casualties. Many people have lost their lives and numerous ones have become homeless, rendered displaced or left stranded. At this critical time, we need to stand beside the distressed people of Kerala and join to support the reconstructive efforts and initiatives being organized all over the country to help, in different modest ways we could, our distraught flood-ravaged countrymen.

This is call and need of the hour and ICSI cannot remain behind. On its own, the ICSI has already donated Rs. 10 lakh to the Chief Minister's Distress Relief Fund (CMDRF) in its humble endeavour to support the people of Kerala. The employees of ICSI have been very magnanimous to join in this noble effort by voluntarily donating their one day's salary.

ICSI appeals to all its Members and Students to donate towards this charitable cause for relief and rehabilitation of people of Kerala. **Accordingly, if you so wish, may contribute directly to the Chief Minister's Distress Relief Fund (CMDRF) at the link:**
