The Institute of Company Secretaries of India (ICSI) is pleased to announce a short-term Crash Course on Artificial Intelligence & IT Tools.

The pace of business has accelerated exponentially over the past two decades, and over the same period, scrutiny of corporate governance and board performance has risen to unprecedented levels. It now requires Company Secretaries to work faster and more efficiently, doing more in less time and often with fewer financial and human resources. The ICSI with a view to equip its members with understanding of intricacies of Artificial Intelligence and vital IT Tools that add up to the value of services offered by Company Secretaries, launches the online Crash Course on Artificial Intelligence & IT Tools.

COURSE DELIVERY : The course will be in online mode. The Institute's online platform i.e. LMS (Learning Management System) will facilitate the course. All sessions will be conducted in online live webinar mode wherein participants will be able to interact. Separate link will be sent to attend the live session on the day of session. The sessions will be recorded and made available on LMS platform for one year. PPTs and other material, if any, used by the faculty during the live session will also be available on LMS.

COURSE DURATION : 5 sessions of online training will be provided and each session will be of 2 Hours approx.

ELIGIBILITY:

- Member of ICSI
