Capacity Building Series on Labour Laws & related Compliances (Webinar Mode)

For ICSI Members

Capacity Building Series is a new initiative of the Institute for knowledge updation and skill enhancement of the members on contemporary topics.

The series is aimed at equipping members with the theoretical and practical insights to take up the professional opportunities in areas which are less explored.

Labour laws are a comprehensive framework governing the relationship between employers and workers. They cover various aspects like working conditions, wages, social security, and industrial relations. These laws are a mix of Central and State-level enactments, with recent consolidations through four Labour Codes. The labour law compliances are not just restricted to filing returns but complying with other conditions specified in the labour laws. This series will guide members about the concepts and legal provisions, compliances, opportunities for Company Secretaries and skill-set required to handle assignments under the emerging Labour Laws scenario.

Series Commencing On:

December 26, 2025

Online Session Day & Time:

**Every Friday 3:00 PM to 5:00 PM
