## CORPORATE RESTRUCTURING, INSOLVENCY LIQUIDATION & WINDING-UP

Before the enactment of the Insolvency and Bankruptcy Code, there was no single law in the country to deal with insolvency and bankruptcy. There were multiple overlapping laws and adjudicating forums dealing with financial failure and insolvency of companies and individuals in India. The framework for insolvency and bankruptcy was inadequate, ineffective and resulted in undue delays in resolution. The legal and institutional framework did not aid lenders in effective and timely recovery or restructuring of defaulted assets and causes undue strain on the Indian credit system.

The objective of the Insolvency and Bankruptcy Code is to consolidate and amend the laws relating to reorganization and insolvency resolution of corporate persons, partnership firms and individuals in a time bound manner. An effective legal framework for timely resolution of insolvency and bankruptcy will not only encourage entrepreneurship but will also improve Ease of Doing Business, and facilitate more investments leading to higher economic growth and development.

The Insolvency and Bankruptcy Code, 2016 consolidates the existing framework by creating a single law for insolvency and bankruptcy. The Code applies to companies, partnerships, limited liability partnerships, individuals and any other body which the central government may specify.

# LESSON WISE SUMMARY

## CORPORATE RESTRUCTURING, INSOLVENCY LIQUIDATION & WINDING-UP

### PART II: INSOLVENCY, LIQUIDATION & WINDING-UP (50 MARKS)

#### Lesson 14: Insolvency

The words “Insolvency” and “Bankruptcy” are generally used interchangeably in common parlance but there is a marked distinction between the two. Insolvency and bankruptcy are not synonymous. The term “insolvency” denotes the state of one whose assets are insufficient to pay his debts; or his general inability to pay his debts. The term “insolvency” is used in a restricted sense to express the inability of a party to pay his debts as they become due in the ordinary course of business. The word “bankruptcy” is the condition of insolvency. It is a legal status of a person or an entity who cannot repay debts to creditors. The bankruptcy process begins with filing of a petition in a court or before an appropriate authority designated for this purpose. The debtor’s assets are then evaluated and used to pay the creditors in accordance with law.

This study lesson has made an endeavour to focus on key aspects of insolvency, like, Pillars of IBC, 2016; Key Definitions and Concepts; Insolvency Initiation / Resolution; Regulatory framework governing Insolvency in various foreign countries etc.

#### Lesson 15: Petition for Corporate Insolvency Resolution Process

Part II of the Insolvency and Bankruptcy Code, 2016 deals with the insolvency resolution and liquidation for corporate persons. Part II of the Insolvency and Bankruptcy Code, 2016 lays down the following two independent stages:

- (i) Corporate Insolvency Resolution Process [Sections 4 and 6 to 32] and
- (ii) Liquidation [Sections 33 to 54 and Section 59]

Chapter II of Part II deals with corporate insolvency resolution process while Chapter III together with Chapter V of Part II governs the liquidation process for corporate persons.

In corporate insolvency resolution process, the financial creditors assess the viability of debtor’s business and the options for its revival and rehabilitation. If the corporate insolvency resolution process fails or the financial creditors decide that the business of the debtor cannot be carried on in a profitable manner and it should be wound up, the debtor’s business undergoes the liquidation process.

Since Corporate Insolvency Resolution Process holds paramount significance, this study lesson throws ample light on the following key areas- Persons who may Initiate Corporate Insolvency Resolution Process; Financial and Operational Creditor; Operational debt etc.

#### Lesson 16: Role, Functions and Duties of IP / IRP / RP

Insolvency professionals play a vital role in the insolvency and bankruptcy resolution process as envisaged under IBC. This entire insolvency and bankruptcy process is managed by a regulated and licensed professional namely the Insolvency Professional or an IP, appointed by the adjudicator. Insolvency professionals form a crucial pillar upon which rests the effective, timely functioning as well as credibility of the entire edifice of the insolvency and bankruptcy resolution process.

In view of the above, this study lesson has made an attempt to explore the critical facets, like, Definitions in the Insolvency and Bankruptcy Code, 2016; Enrolment and Registration of Insolvency Professionals; Functions and Obligations of Insolvency Professionals etc.

## **Lesson 17: Resolution Strategies**

Corporate Restructuring has gained substantial steam in past one or two decades in the world of business. Corporate Restructuring is an inorganic business strategy where one or more aspects of a business are redesigned to improve commercial efficiency, manage competition effectively, drive faster pace of growth, ensure effective utilization of resources, and fulfilment of stakeholders' expectations. It serves different purposes for different companies at different points of time and may take up various forms.

Restructuring typically occurs to address challenges or it can be driven by the necessity to make financial adjustments to its assets and liabilities. Mergers, amalgamations, acquisitions, compromises, arrangement or reconstruction are various forms of corporate restructuring exercises. The purpose of each of these restructuring exercises may be different but each of these exercises attempts to bring in more efficiency in the system.

Corporate Restructuring process in India is governed by the Companies Act, 2013, the Companies (Compromises, Arrangements and Amalgamations) Rules, 2016 and various other regulatory laws such as the Income Tax Act, 1961, the Competition Act, 2002, the Foreign Exchange Management Act, 1999, the Indian and State Stamp Acts and Insolvency and Bankruptcy Code, 2016. Chapter XV of the Companies Act, 2013 (comprising sections 230 to 240) regulates compromises, arrangement and amalgamations.

In light of the soaring significance of corporate restructuring process, this study lesson focuses on key topics like, Organisational Restructuring, Financial Restructuring, Debt restructuring, Formal Restructuring and Insolvency Proceedings etc.

## **Lesson 18: Convening and Conduct of Meetings of Committee of Creditors**

Section 21 and 24 of the Insolvency and Bankruptcy Code, 2016 make provisions relating to the committee of creditors. Section 21 deals with the constitution of committee of creditors while section 24 prescribes the modalities for the meeting of the committee of creditors.

Section 28 of the Code lists out certain actions that may be taken by the resolution professional only with the prior approval of the committee of creditors by a vote of 66 per cent of the voting shares.

The Insolvency and Bankruptcy Code (Second Amendment) Act, 2018 has added a new section 25A to provide for rights and duties of authorized representative of financial creditors.

Thus, in light of the soaring importance of the Committee of Creditors, this study lesson has laid emphasis on various elements of the Committee of Creditors; Exclusion of Related Party; Authorized Representative etc.

## **Lesson 19: Preparation and Approval of Resolution Plan**

With the onset of Insolvency and Bankruptcy Code, several new terminologies got coined, like, Resolution Plan, Resolution Applicant, Prospective Resolution Applicants etc. In light of this, it is imperative to delve deep into the concepts of Resolution Plan, Resolution Applicant etc. and various facets associated with them.

Since resolution holds a significant place in insolvency proceedings, in view of this, it is also equally essential to know about the persons who are ineligible to be Resolution Applicant.

This study lesson encompasses the vital components of the Insolvency and Bankruptcy Code (Amendment) Act, 2018, such as, an undischarged insolvent; wilful defaulter; related party etc.

## **Lesson 20: Individual/Firm Insolvency**

The Insolvency and Bankruptcy Code, 2016 outlines separate insolvency resolution processes for corporates and individuals/partnership firms. Chapter II of Part II of the Code deals with insolvency resolution process for corporates whereas Chapter III of Part III provides for insolvency resolution process for individuals and partnership firms.

The Insolvency and Bankruptcy Code, 2016 proposes two tribunals to adjudicate insolvency resolution cases. In the case of insolvency of companies and Limited Liability Partnerships (LLPs), the adjudicating authority is the National Company Law Tribunal (NCLT), while the cases involving individuals and partnership firms are handled by the Debts Recovery Tribunals (DRTs). Appeals from NCLT orders lie to the National Company Law Appellate Tribunal (NCLAT) and thereafter to the Supreme Court of India. For individuals and other persons, the adjudicating authority is the DRT. Appeals from DRT orders lie to the Debt Recovery Appellate Tribunal (DRAT) and thereafter to the Supreme Court.

In order to have an in-depth understanding on Individual / Firm Insolvency, this study lesson has laid emphasis on various essential aspects, like, Application by Debtor to Initiate Insolvency Resolution Process; Application by Creditor to Initiate Insolvency Resolution Process; Interim-moratorium etc.

## **Lesson 21: Fresh Start Process**

Fresh Start is a process of discharge of the qualifying debts of the debtor if the assets and income of a debtor are below a specified amount. Thus, debtors who have assets and income below specified level, and do not own their home, are eligible for a Fresh Start. Hence, only the debtor can file for a Fresh Start.

The fresh start process has been conceptualized for persons who owe relatively less amount of money and have little or no income or assets to repay their debts. The outcome of an application for fresh start is a discharge from the qualifying debts and the debtor shall not be required to pay the amount comprising of the qualifying debts for which a discharge order is made under section 92 of the Code.

In view of the above, this study lesson throws light on critical matters, like, Eligibility for Making an Application; Application for Fresh Start Order; Appointment of Resolution Professional; Admission or Rejection of Application by Adjudicating Authority etc.

## **Lesson 22: Debt Recovery & SARFAESI**

The banks and financial institutions (FIs) were facing numerous problems in recovery of defaulted loans on account of delays in disposal of recovery proceedings. The Government, therefore, enacted the Recovery of Debts and Bankruptcy Act, 1993 and SARFAESI Act in 2002 for the purpose of expeditious recovery of Non- Performing Assets (NPAs) of the banks and FIs.

In 2016, the Indian Parliament has passed the Enforcement of Security Interests and Recovery of Debt Laws and Miscellaneous Provisions (Amendment) Act, 2016 to improve the efficacy of Indian debt recovery laws. The amendment Act, 2016 introduces a number of changes to the Securitization and Reconstruction of Financial Assets and Enforcement of Security Interests Act, 2002 (SARFAESI Act) and the Recovery of Debts Due to Banks and Financial Institutions Act, 1993 (DRT Act).

## **Lesson 23: Cross Border Insolvency**

The organisation of insolvency proceedings with an international element is not an easy or straightforward matter. Solutions to the phenomenon of cross-border insolvency are reliant on a number of complex and interrelated questions to which the courts and legislatures in different jurisdictions have provided varying answers.

Cross-border insolvency regulates the treatment of financially distressed debtors where such debtors have assets or creditors in more than one country. Typically, cross border insolvency is more concerned with the insolvency of companies which operate in more than one country rather than the bankruptcy of individuals.

United Nations Commission on International Trade Law (UNCITRAL), with the general mandate to further the progressive harmonization and unification of the law of international trade, has developed a Model Law which is designed to assist States to equip their insolvency laws with a modern legal framework to more effectively address cross-border insolvency proceedings concerning debtors experiencing severe financial distress or insolvency.

## **Lesson 24: Liquidation on or after Failing of Resolution Plan**

Sections 33 to 54 in Chapter III of Part II of the Insolvency and Bankruptcy Code, 2016 lays down the law relating to liquidation process for corporate persons.

An attempt is first made to resolve the insolvency of corporate debtor through corporate insolvency resolution process laid down in Chapter II of Part II of the Code. The provisions relating to liquidation in Chapter III of Part II of the Code comes into effect if the attempts to resolve corporate insolvency under Chapter II of the Code fail.

A corporate debtor may witness liquidation under the following four scenarios:

1. Where the Adjudicating Authority does not receive a resolution plan
2. Where the Adjudicating Authority rejects the resolution plan
3. Where, at any time before confirmation of resolution plan, the committee of creditors resolve to liquidate corporate debtor
4. Where the corporate debtor violates the terms of the resolution plan

Likewise, various critical dimensions emerging out of the liquidation on or after failing of RP have been captured in this study lesson. For instance, Bar to filing of suits and legal proceedings; Appointment of Liquidator and Fee to be Paid; Powers of Liquidator to Access Information.

## **Lesson 25: Voluntary Liquidation**

Section 59 in Chapter V of Part II of the Insolvency and Bankruptcy Code, 2016 provides for the initiation of voluntary liquidation proceedings by a corporate debtor which has not defaulted on any debt due to any person.

It is important to note that one may initiate voluntary liquidation proceedings, i.e. a corporate person who intends to liquidate itself voluntarily and has not committed any default may initiate voluntary liquidation proceedings under the provisions of Chapter V of Part II of the Code.

In view of the above interesting fact, this study lesson made an endeavour to explore various important angles, like, Procedural requirements; Conditions for voluntary liquidation proceedings of corporate person registered as company; Requirement of notification etc.

## **Lesson 26: Winding-up by Tribunal under the Companies Act, 2013**

Winding-up of a company is a process of putting an end to the life of a company. It is a proceeding by means of which a company is dissolved and in the course of such dissolution its assets are collected, its debts are paid off out of the assets of the company or from contributions by its members, if necessary. If any surplus is left, it is distributed among the members in accordance with their rights.

Winding-up is the process by which management of a company's affairs is taken out of its directors' hands, its assets are realized by a liquidator and its debts are realized and liabilities are discharged out of proceeds of realization and any surplus of assets remaining is returned to its members or shareholders. At the end of the winding up the company will have no assets or liabilities and it will, therefore, be simply a formal step for it to be dissolved, that is, for its legal personality as a corporation to be brought to an end

## **Lesson 27: Pre-Packaged Insolvency Resolution Process**

It appears that 'pre-pack' has no statutory definition. It is probably because it has evolved over the time, differently in different jurisdictions and every jurisdiction has a unique variant(s) of pre-pack, which allows the stakeholders to modify it further to an extent to suit their needs. It has different nomenclature such as pre-packaged insolvency resolution, pre-arranged insolvency resolution and pre-plan sale in the USA, pre-pack sale in the UK, scheme of arrangement in Singapore, etc.

As nomenclature suggests, pre-pack is a restructuring plan which is agreed to by the debtor and its creditors prior to the insolvency filing, and then sanctioned by the court on an expedited basis. In the UK context, it generally refers to a pre-agreed business sale by an insolvency practitioner which does not require prior court and/or creditor sanction.

## INTRODUCTION

The word “bankruptcy” is widely believed to have originated from an Italian phrase “bancarotta” - “banca” means bench and “rotta” means broken. It is believed that the word “bankruptcy” originated from the trade that was carried out on Ponte Vecchio, a medieval segmental arch bridge over the Arno River, in Florence, Italy. In medieval Italy, if a banker, who conducted his market place transactions on a bench, was unable to meet business obligations and was in debt, his bench was broken in a symbolic show of failure and his inability to continue. This act of “bancarotta” or “breaking the bench” is believed to have evolved into the modern concept of bankruptcy. The role of the law, in a formal bankruptcy process, is to lay down rules of procedure into which the conflict is channeled, and results in a solution. A sound legal framework provides procedural certainty about the process of negotiation, in such a way as to reduce problems of common property and reduce information asymmetry for all economic participants.

The objective of the bankruptcy process is to create a platform for negotiation between creditors and external financiers which can create the possibility of such rearrangements.

Creditors put money into debt investments today in return for the promise of fixed future cash flows. But the returns expected on these investments are still uncertain because at the time of repayment, the seller (debtor) may make repayments as promised, or he may default and does not make the payment. When this happens, the debtor is considered insolvent. Other than cases of outright fraud, the debtor may be insolvent because of

- *Financial failure* - a persistent mismatch between payments by the enterprise and receivables into the enterprise, even though the business model is generating revenues, or
- *Business failure* - which is a breakdown in the business model of the enterprise, and it is unable to generate sufficient revenues to meet payments. Often, an enterprise may be a successful business model while still failing to repay its creditors.

A sound bankruptcy process is one that helps creditors and debtors realise and agree on whether the entity is facing financial failure and business failure. This is important to allow both parties to realise the maximum value of the business in the insolvency.

### Concept of Insolvency, Bankruptcy and Liquidation

The words “Insolvency” and “Bankruptcy” are generally used interchangeably in common parlance but there is a marked distinction between the two. Insolvency and bankruptcy are not synonymous.

The term “**insolvency**” notes the state of one whose assets are insufficient to pay his debts; or his general inability to pay his debts. The term “insolvency” is used in a restricted sense to express the inability of a party to pay his debts as they become due in the ordinary course of business.

The word “**bankruptcy**” is the condition of insolvency. It is a legal status of a person or an entity who cannot repay debts to creditors. The bankruptcy process begins with filing of a petition in a court or before an appropriate authority designated for this purpose. The debtor’s assets are then evaluated and used to pay the creditors in accordance with law.

Therefore, while insolvency is the inability of debtors to repay their debts, the bankruptcy, on the other hand, is a formal declaration of insolvency in accordance with law of the land. Insolvency describes a situation where the debtor is unable to meet his/her obligations and bankruptcy occurs when a court determines insolvency, and gives legal orders for it to be resolved. Thus insolvency is a state and bankruptcy is the conclusion. In case of insolvency, one cannot payoff the debts, whereas in the case of bankruptcy, a court order states as how an insolvent person or business has to pay off their debts-by way of selling their assets or erasing the debt that cannot be paid.

---

Section 79(4) of the Insolvency and Bankruptcy Code, 2016 defines the term “bankruptcy” as the state of being bankrupt.

According to Section 79(3) of the Code, “**bankrupt**” means

- a debtor who has been adjudged as **bankrupt** by a bankruptcy order under section 126;
  - each of the partners of a firm, where a bankruptcy order under section 126 has been made against a firm; or
  - any person adjudged as an undischarged insolvent.
-

The term insolvency is used for individuals as well as organisations/corporates. If insolvency is not resolved, it leads to **bankruptcy** in case of individuals and **liquidation** in case of corporates.

**Liquidation**, on the other hand, in its general sense, means closure or winding up of an corporation or an incorporated entity through legal process on account of its inability to meet its obligations or to pay its debts. In order to clear the indebtedness, the assets are sold at the most reasonable rates by a competent liquidator or appointed in this regard.

## INSOLVENCY FRAMEWORK IN UK, USA AND INDIA

### United Kingdom

In England, the Act of Parliament of 34 & 35 Henry VIII, c4 is regarded as the first legislation on the subject. Promulgated in 1542 under the reign of Henry VIII, it was a strict and creditor supportive legislation enacted mainly for the benefit of creditors. This Act of 1542, was in fact akin to a criminal statute directed against men who indulged in wasteful expenditures and then refused to pay off debts incurred during the course of extravagance. The 1542 Act looked upon the debtors as offenders. There was no provision for the discharge of debtors and even future earnings of the debtors were not exempt from execution for the debt.

The early bankruptcy laws of England were an instrument of debt-collection and aimed at seizing the debtor's assets against the strong protections to private property offered by the Common law, since medieval times.

In the beginning of the eighteenth century, these strict and creditor supportive medieval laws began to lose their punitive nature. That is why a few authors maintain that the first real bankruptcy laws in England were 4 Anne, c. 17 (1705), and 10 Anne, c. 15 (1711) as unlike earlier statutes which looked upon debtors as offenders, the highlighting feature of the Statutes of Anne was the discharge of the bankrupt who conformed to the provisions of the law. While the additional rights given to the bankrupt under the 1705 Act were significant yet the Act was passed for the sole benefit of the creditors. In contrast, the primary focus of modern insolvency laws is not elimination of insolvent entities but on their rehabilitation and continuation of their business.

### The Current Regulatory Framework in UK

The Insolvency Act, 1986 and the Insolvency Rules, 1986 regulate the insolvency framework in the United Kingdom. The Insolvency Act, 1986 was enacted on the recommendation of the Cork Review Committee Report on Insolvency Law and Practice (1982). Prior to the enactment of the Insolvency Act, 1986, the law relating to insolvency in the UK was fragmented and was contained in the Bankruptcy Act, 1914, the Deeds of Arrangement Act, 1914, the Companies Act, 1948 and parts of the County Courts Act, 1959. These Acts were supplemented by the principles of common law and equity.

### The Act of 1986 consolidated all

- enactments relating to company insolvency and winding up,
- enactments relating to the insolvency and bankruptcy of individuals, and
- all other enactments bearing on these two subject matters, including the functions and qualification of insolvency practitioners, the public administration of insolvency, the penalisation and redress of malpractice and wrong doing, and the avoidance of certain transactions at an undervalue.

The Insolvency Act, 1986 deals with the insolvency of individuals and companies and is divided into the following three groups.

- Group 1 deals with Company Insolvency;
- Group 2 deals with Insolvency of Individuals; and
- Group 3 deals with Miscellaneous Matters Bearing on both Company & Individual Insolvency.

The Insolvency Act, 1986 introduced the following three new procedures in order to explore the possibility of bringing a burdened company back to life as a viable entity. These measures in the UK Insolvency Act, 1986 represent an attempt to emulate the 'rescue culture', a characteristic of the corporate sector in the US.

1. *'Company Voluntary Arrangements' (CVAs)*- It provides away where a company in financial difficulty can come to a binding agreement with its creditors. It is are negotiation by a company of the payments due to all of its creditors, or other form of financial restructuring, and is subject to creditors meeting and approval of 75% of the creditors present and voting.
2. *'Administration'*- In this second option, an administrator is appointed by a court to suggest proposals to deal with the company's financial difficulties. This option offers companies a breathing space as the creditors are restrained from taking any action during this period. It is designed to hold a business together while plans are formed, either to put in place a financial restructuring plan to rescue the company, or to sell the business and assets, to produce better results for the creditors, than a liquidation.
3. *'Administrative Receivership'*- This third option permits the appointment of a receiver by certain creditors (normally the holders of a floating charge).

### United States of America

America being a colony of the United Kingdom, followed the English bankruptcy system and like the UK system, American bankruptcy laws involved imprisonment until debts were paid or creditors agreed for the release of the debtor. There was no uniform law in America as bankruptcy laws differed from State to State. Some of these American states became in famous as debtor's havens because of their unwillingness to enforce commercial obligations.

The lack of uniformity in bankruptcy and debt enforcement laws adversely affected business and commerce between the states. ArticleI, Section 8, Clause 4 of the United States Constitution as adopted in the year 1789, made provision for the grant to Congress the power to establish uniform bankruptcy law through out the United States.

The Congress enacted temporary bankruptcy statutes in 1800, 1841 and 1867 to deal with economic recessions. The Acts of 1800 and 1841 vested jurisdiction in the federal district courts. The district court judges were given the power to appoint commissioners or assignees to take charge of and liquidate a debtor's property. However, these laws were temporary measures and were repealed as soon as economic conditions stabilized.

There was not a permanent bankruptcy law in the United States of America until 1898, when the National Bankruptcy Act was enacted. This Act of 1898 was later amended in 1938 to provide for there habilitation of a debtor as an alternative to liquidation of assets. The National Bankruptcy Act, 1898 governed bankruptcy in the United States for 80 years until 1978, when after a thorough review of the then existing law and practice, the Bankruptcy Reform Act, 1978 was enacted.

The Bankruptcy Reform Act, 1978 superseded the National Bankruptcy Act, 1898 and established bankruptcy courts in each district and made provisions for the appointment of separate bankruptcy judges.

### The Current Regulatory Framework in USA

"Bankruptcy Code", a federal law, governs bankruptcy in the United States of America. It is a uniform federal law that governs all bankruptcy cases in America. The Bankruptcy Code was enacted in 1978 by § 101 of the Bankruptcy Reform Act, 1978 and is codified as title 11 of the United States Code. The procedural aspects of the bankruptcy process are governed by the Federal Rules of Bankruptcy Procedure (Bankruptcy Rules).

Six basic types of bankruptcy cases are provided for under the Bankruptcy Code.

**Chapter 7** titled "Liquidation". In Chapter 7 Bankruptcy, a court-appointed trustee or administrator takes possession of non-exempt assets, liquidates these assets and then uses the proceeds to pay creditors. He shall be accountable for all the property received and has the right to investigate the financial affairs of the debtor. He shall also file accounts of the administration of the estate with the United States Trustee and the Court.

**Chapter 9** titled "Adjustment of Debts of a Municipality". Chapter 9 Bankruptcy proceedings provides for reorganization which is available to municipalities. In Chapter 9 Bankruptcy proceedings a municipality (which includes cities, towns, villages, counties, taxing districts, municipal utilities, and school districts) get protection from creditors and a municipality can pay back debt through a confirmed payment plan.

**Chapter 11** titled "Reorganization". Unlike Chapter 7 where the business ceases operations and a trustee sells all of

its assets, under Chapter 11 the debtor remains in control of its business operations and repay creditors concurrently through a court-approved reorganization plan. Generally, it is a debtor in possession regime. Section 1106 of the Bankruptcy Code requires the trustee, where appointed, to file a plan “as soon as practicable” or, alternatively, to file a report explaining why a plan will not be filed or to recommend that the case be converted to another chapter or dismissed.

**Chapter 12** was added to the Bankruptcy Code in 1986. It allows a family farmer or fisherman to continue to operate the business while the plan is being carried out.

**Chapter 13** enables individuals with regular income to develop a plan to repay all or part of their debts.

**Chapter 15** was added to the Bankruptcy Code in 2005. It provides mechanism for dealing with insolvency cases involving debtors, claimants and other interested parties involving more than one country. Under Chapter 15 are presentative of a corporate bankruptcy proceeding outside the country can get access to the United States courts.

### Historical developments of Insolvency Laws in India

The law of Insolvency in India owes its origin to English law. India being a colony of the United Kingdom, followed the English insolvency system. In India, the earliest provisions relating to insolvency can be traced to sections 23 and 24 of the Government of India Act, 1800. These sections conferred insolvency jurisdiction on Supreme Court at Fort Williams (Calcutta), Madras and Recorder's Court at Bombay as the need for an insolvency law was first felt in Presidency Towns of Calcutta, Bombay and Madras where the British majorly carried on their trade. These Courts were empowered to make rules and grant relief to insolvent debtors.

Later insolvency courts were established in the Presidency-Towns when Statute 9 (Geo. IV c. 73) was passed in 1828. This Act of 1828 marks the beginning of special insolvency legislation in India. The insolvency court had a distinct existence although the court was presided over by a Judge of the Supreme Court. The Act of 1828 was originally intended to remain in force for a period of four years but subsequent legislation extended its duration up to 1848. The Provisions of the Indian Insolvency Act was passed in 1848 and remained in force until the enactment of the Presidency Towns Insolvency Act, 1909. Later Provincial Insolvency Act was passed in 1920.

The Presidency Towns Insolvency Act, 1909 and Provincial Insolvency Act, 1920 were two major enactments that dealt with personal insolvency but the two differ in respect of their territorial jurisdiction. While Presidency Towns Insolvency Act, 1909 applied in Presidency towns of Calcutta, Bombay and Madras, the Provincial Insolvency Act, 1920 applied to all provinces of India. These two Acts were applicable to individuals as well as partnership firms.

Insolvency law usually has a two-fold purpose-(i) to give relief to the debtor from the harassment of creditors whose claims he is unable to meet, and (ii) to provide a machinery by which creditors who are not secured in the payment of their debts are to be satisfied.

The Insolvency and Bankruptcy Code, 2016 has repealed both the Presidency Towns Insolvency Act, 1909 and the Provincial Insolvency Act, 1920.

Before the enactment of the Insolvency and Bankruptcy Code, 2016, the provisions relating to insolvency and bankruptcy were fragmented and there was no single law to deal with insolvency and bankruptcy in India. Before the enactment of the Insolvency and Bankruptcy Code, 2016 the following Acts dealt with insolvency and Bankruptcy in India:

- The Presidency Towns Insolvency Act, 1909
- Provincial Insolvency Act, 1920
- Indian Partnership Act, 1932
- The Companies Act, 1956
- The Sick Industrial Companies (Special Provisions) Act, 1985 (SICA)
- The Recovery of Debts due to Banks and Financial Institutions Act, 1993 (RDBFI Act)

- The Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (SARFAESI Act, 2002)
- The Companies Act, 2013.

Under the Constitution of India 'Bankruptcy & Insolvency' is provided in Entry 9 of List III (Concurrent List) in the Seventh Schedule to the Constitution. Hence both the Centre and State Governments are authorised to make laws on the subject.

### Government committees on bankruptcy reforms

Various committees were constituted from time to time by the Government to review the existing bankruptcy and insolvency laws in India. These committees analysed the laws and suggested reforms to bring the law in tune with ever evolving circumstances. Following is a snapshot of various committees constituted along with the outcome.

S.No.	Year	Committee/ Commission	Recommendations/Outcome
1	1964	Third Law Commission	Third Law Commission was established in 1961 under the Chairmanship of Justice J L Kapur. It submitted 26th Law Commission Report in 1964 proposing amendments to the Provincial Insolvency Act, 1920.
2	1981	Tiwari Committee	Following the recommendations of the Tiwari Committee, the Government of India enacted the Sick Industrial Companies (Special Provisions) Act, 1985, (SICA) in order to provide for timely detection of sickness in industrial companies and for expeditious determination of preventive and remedial measures.
3	1991	Narasimham Committee I	The government enacted Recovery of Debts Due to Banks and Financial Institutions (RDDBFI) Act, 1993.
4	1998	Narasimham Committee II	The committee's recommendations led to the enactment of the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act (SARFAESI), 2002.

6	2001	NL Mitra Committee	Proposed a comprehensive bankruptcy code.
7	2005	J J Irani Committee	The Committee proposed significant changes to make the restructuring and liquidation process speedier, efficient and effective and accordingly amendments were made to (RDDBFI) Act, 1993 and (SARFAESI), 2002.
8	2008	Raghuram Rajan Committee	Proposed improvements to credit infrastructure.

10	2014	Bankruptcy Law Reforms committee (BLRC)	Reviewed the existing bankruptcy and insolvency framework in the country and proposed the enactment of Insolvency and Bankruptcy Code as a uniform and comprehensive legislation on the subject.

## Need for a New Law

Before the enactment of the Insolvency and Bankruptcy Code, there was no single law in the country to deal with insolvency and bankruptcy. There were multiple overlapping laws and adjudicating forums dealing with financial failure and insolvency of companies and individuals in India. The framework for insolvency and bankruptcy was inadequate, ineffective and resulted in undue delays in resolution. The legal and institutional framework did not aid lenders in effective and timely recovery or restructuring of defaulted assets and causes undue strain on the Indian credit system.

Prior to the enactment of the Insolvency and Bankruptcy Code, the provisions relating to insolvency and bankruptcy for companies were made in the Sick Industrial Companies (Special Provisions) Act, 1985, the Recovery of Debt Due to Banks and Financial Institutions Act, 1993, the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 and the Companies Act, 2013. These statutes provided for creation of multiple fora such as Board of Industrial and Financial Reconstruction (BIFR), Debt Recovery Tribunal (DRT) and their respective Appellate Tribunals. Liquidation of companies was handled by the High Courts. Individual bankruptcy and insolvency was dealt with under the Presidency Towns Insolvency Act, 1909, and the Provincial Insolvency Act, 1920.

The liquidation of companies was handled under various laws and different authorities such as High Court, and Debt Recovery Tribunal had overlapping jurisdiction which was adversely affecting the debt recovery process.

As per World Bank data in 2015, insolvency resolution in India took 4.3 years on an average, which was way higher when compared to other countries such as United Kingdom (1 year) and United States of America (1.5 years). These delays were caused due to time taken to resolve cases in courts, and confusion due to a lack of clarity about the current bankruptcy framework.

The objective of the Insolvency and Bankruptcy Code is to consolidate and amend the laws relating to reorganization and insolvency resolution of corporate persons, partnership firms and individuals in a time bound manner. An effective legal framework for timely resolution of insolvency and bankruptcy will not only encourage entrepreneurship but will also improve Ease of Doing Business, and facilitate more investments leading to higher economic growth and development.

## The Insolvency and Bankruptcy Code, 2016 – Introduction

In India, the legal and institutional machinery for dealing with debt default has not been in line with global standards. The recovery action by creditors, either through the Contract Act or through special laws such as the Recovery of Debts Due to Banks and Financial Institutions Act, 1993 and the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002, has not had desired outcomes. Similarly, action through the Sick Industrial Companies (Special Provisions) Act, 1985 and the winding up provisions of the Companies Act, 1956 have neither been able to aid recovery for lenders nor aid restructuring of firms. Laws dealing with individual insolvency, the Presidential Towns Insolvency Act, 1909 and the Provincial Insolvency Act, 1920, are almost a century old. This has hampered the confidence of the lender. When lenders are unconfident, debt access for borrowers is diminished. This reflects in the state of the credit markets in India. Secured credit by banks is the largest component of the credit market in India. The corporate bond market is yet to develop.

The Insolvency and Bankruptcy Code Bill was drafted by a specially constituted “Bankruptcy Law Reforms Committee” (BLRC) under the Ministry of Finance. The Insolvency and Bankruptcy Code was introduced in the Lok Sabha on 21 December 2015 and was subsequently referred to a Joint Committee of Parliament. The Committee submitted its recommendations and the modified Code was passed by Lok Sabha on 5 May 2016. The Code was passed by Rajya Sabha on 11 May 2016 and it received the presidential assent on 28 May 2016.

The objective of the Code is to promote entrepreneurship, availability of credit, and balance the interests of all stakeholders by consolidating and amending the laws relating to reorganization and insolvency resolution of corporate persons, partnership firms and individuals in a time bound manner and for maximization of value of assets of such persons and matters connected therewith or incidental thereto.

The salient features of the law are as follows:

- i. Clear, coherent and speedy process for early identification of financial distress and resolution of companies and limited liability entities if the underlying business is found to be viable.
- ii. Two distinct processes for resolution of individuals, namely- “Fresh Start” and “Insolvency Resolution”.
- iii. Debt Recovery Tribunal and National Company Law Tribunal to act as Adjudicating Authority and deal with the cases related to insolvency, liquidation and bankruptcy process in respect of individuals and unlimited partnership firms and in respect of companies and limited liabilities entities respectively.
- iv. Establishment of an Insolvency and Bankruptcy Board of India to exercise regulatory oversight over insolvency professionals, insolvency professional agencies and information utilities.
- v. Insolvency professionals would handle the commercial aspects of insolvency resolution process. Insolvency professional agencies will develop professional standards, code of ethics and be first level regulator for insolvency professionals members leading to development of a competitive industry for such professionals.
- vi. Information utilities would collect, collate, authenticate and disseminate financial information to be used in insolvency, liquidation and bankruptcy proceedings.
- vii. Enabling provisions to deal with cross border insolvency.

The Insolvency and Bankruptcy Code, 2016 extends to the whole of India.

### Salient Features of the Insolvency and Bankruptcy Code, 2016

1. The Insolvency and bankruptcy Code, 2016 offers a uniform, comprehensive insolvency legislation covering all companies, partnerships and individuals. Financial service providers are not included in the ambit of the Insolvency and Bankruptcy Code, 2016.
2. To ensure a formal and time bound insolvency resolution process, the Code creates a new institutional framework consisting of the Insolvency and Bankruptcy Board of India (IBBI), Adjudicating Authorities (AAs), Insolvency Professionals (IPs), Insolvency Professional Agencies (IPAs) and Information Utilities (IUs).
3. The Code provides for Insolvency Professionals (IPs), a class of regulated but private professionals having minimum standards of professional and ethical conduct, to act as intermediary in the insolvency resolution process. Insolvency Professional Agencies are designated to regulate Insolvency Professionals. These agencies enrol Insolvency Professionals, provide pre-registration educational course to its enrolled members and enforce a code of conduct for their functioning. They also issue 'authorisation for assignment' to the IPs enrolled with them. Following are the designated Insolvency Professional Agencies (IPAs) established under the Code:
  - The Indian Institute of Insolvency Professionals of ICAI,
  - ICSI Institute of Insolvency Professionals, and
  - Insolvency Professional Agency of Institute of Cost Accountants of India.
4. The Insolvency Professionals control the assets of the debtor during the insolvency resolution process. The insolvency professional verifies the claims of the creditors, constitutes a committee of creditors, runs the

To regulate the working of Insolvency Professional Agencies (IPAs), the Insolvency and Bankruptcy Board of India (IBBI) has framed the following regulations in exercise of the powers conferred by the Insolvency and Bankruptcy Code, 2016:

- The Insolvency and Bankruptcy Board of India (Model Bye-Laws and Governing Board of Insolvency Professional Agencies) Regulations, 2016 and
- The Insolvency and Bankruptcy Board of India (Insolvency Professional Agencies) Regulations, 2016.

debtor's business as a going concern during the moratorium period and assists the creditors in finalising the revival plan. . He also ensures that the debtor is in compliance with all laws applicable to it during the revival process. In liquidation, the insolvency professional acts as a liquidator and bankruptcy trustee. The Insolvency and Bankruptcy Board of India has framed the IBBI (Insolvency Professional) Regulations, 2016 to regulate the working of Insolvency Professionals. These regulations are amended from time to time by the Insolvency and Bankruptcy Board of India.

5. While the Insolvency professionals assist in the insolvency resolution proceedings envisaged in the Code, the Information Utilities, on the other hand, collect, collate, authenticate and disseminate financial information. The purpose of such collection, collation, authentication and dissemination financial information of debtors in centralised electronic databases is to facilitate swift decision making in the resolution proceedings. The Insolvency and Bankruptcy Board of India has framed the IBBI (Information Utilities) Regulations, 2017. These regulations are amended from time to time by the Insolvency and Bankruptcy Board of India.
6. The Code provides for the constitution of a new insolvency regulator i.e., the Insolvency and Bankruptcy Board of India (IBBI). Its role includes overseeing the functioning of insolvency intermediaries i.e., insolvency professionals, insolvency professional agencies and information utilities as well as regulating the insolvency process. The members of the Board include representatives from the central government as well as the Reserve Bank of India. The Board is empowered to frame and implement regulations to regulate the profession as well as processes envisaged in the Code. The Bankruptcy Board of India has also been designated as the 'Authority' under the Companies (Registered Valuers and Valuation Rules), 2017 for regulation and development of the profession of valuers in the country.
7. The Code proposes two Tribunals to adjudicate insolvency resolution cases. In the case of insolvency of companies and Limited Liability Partnerships (LLPs), the Adjudication Authority is the National Company Law Tribunal (NCLT), while the cases involving individuals and partnership firms are handled by the Debts Recovery Tribunals (DRTs). The insolvency proceeding will be initiated by NCLT or DRT, as the case may be, after verification of the claims of the initiator. Appeals from NCLT orders lie to the National Company Law Appellate Tribunal (NCLAT) and thereafter to the Supreme Court of India. For individuals and other persons, the Adjudicating Authority is the DRT. Appeals from DRT orders lie to the Debt Recovery Appellate Tribunal (DRAT) and thereafter to the Supreme Court.
 

*To ensure that the insolvency resolution is commercially viable, the Code separates the commercial aspects from the judicial aspects and thus limits the role of adjudicating authorities to ensuring due process rather than adjudicating on the merits of the insolvency resolution.*
8. To initiate an insolvency process for corporate debtors, the default should be atleast INR 1, 00, 00,000. Central Government may, by notification, specify such minimum amount of default of higher value, which shall not be more than one crore rupees, for matters relating to the prepackaged insolvency resolution process of corporate debtors under Chapter III-A. Central government vide Notification S.O. 1543(E) dated 9th April 2021 specified ten lakh rupees as the minimum amount of default for the matters relating to the pre-packaged insolvency resolution process of corporate debtor under Chapter III-A of the Code.
9. In resolution process for corporate persons, the Code proposes two independent stages:
  - (i) Insolvency Resolution Process, during which the creditors assess the viability of debtor's business and the options for its rescue and revival.
  - (ii) Liquidation, in case the insolvency resolution process fails or financial creditors decide to wind up and distribute the assets of the debtor.
10. The Code envisages two distinct processes in case of Insolvency Resolution Process (IRP) for Individuals/ Unlimited Partnerships
  - (i) Automatic Fresh Start
  - (ii) Insolvency Resolution

11. The Code provides a Fresh Start Process for individuals under which they will be eligible for a debt waiver of up to INR 35,000. The individual will be eligible for the waiver subject to certain limits prescribed under the Code. Under the automatic fresh start process, eligible debtors can apply to the Debt Recovery Tribunal (DRT) for discharge from certain debts not exceeding a specified threshold, allowing them to start afresh.
12. A financial creditor (for a defaulted financial debt) or an operational creditor (for an unpaid operational debt) can initiate an Insolvency Resolution Process (IRP) against a corporate debtor. The defaulting corporate debtor, its shareholders or employees, may also initiate voluntary insolvency proceedings. The National Company Law Tribunal (NCLT) is the designated adjudicating authority in case of corporate debtors.

In case of individuals and unlimited partnerships, the insolvency resolution process consists of preparation of a repayment plan by the debtor. If approved by creditors, the DRT passes an order binding the debtor and creditors to the repayment plan. If the plan is rejected or fails, the debtor or creditors may apply for a bankruptcy order.

**Section 11 of the Code disentitles the following persons to make an application to initiate corporate insolvency resolution process:**

- (a) a corporate debtor undergoing a corporate insolvency resolution process; or
- (aa) a financial creditor or an operational creditor of a corporate debtor undergoing a pre-packaged insolvency resolution process; or
- (b) a corporate debtor having completed corporate insolvency resolution process twelve months preceding the date of making of the application; or
- (ba) a corporate debtor in respect of whom a resolution plan has been approved under Chapter III-A, twelve months preceding the date of making of the application; or
- (c) a corporate debtor or a financial creditor who has violated any of the terms of resolution plan which was approved twelve months before the date of making of an application under this Chapter; or
- (d) a corporate debtor in respect of whom a liquidation order has been made.

It may be noted that a corporate debtor falling under the above clauses can initiate corporate insolvency resolution process against another corporate debtor.

13. The Code provides for a time bound Insolvency Resolution Process for companies and individuals, which is required to be completed within 180 days (subject to a one-time extension by 90 days) and mandatorily be completed within 330 days from the insolvency commencement date. Corporate insolvency resolution process shall mandatorily be completed within a period of three hundred and thirty days from the insolvency commencement date, including any extension of the period of corporate insolvency resolution process and the time taken in legal proceedings in relation to such resolution process of the corporate debtor. If the resolution plan does not get finalised or is rejected by NCLT or DRT on technical grounds, then assets of the debtor are sold to repay his outstanding dues.
14. The Code makes significant changes in the priority of claims for distribution of liquidation proceeds. In case of liquidation, the assets will be distributed in the following order: (i) fees of insolvency professional and costs related to the resolution process, (ii) workmen's dues for the preceding 24 months and secured creditors, (iii) employee wages, (iv) unsecured creditors, (v) government dues and remaining secured creditors (any remaining debt if they enforce their collateral), (vi) any remaining debt, and (vii) shareholders.

Before the enactment of the Insolvency and Bankruptcy Code, the Government dues were immediately below the claims of secured creditors and workmen in order of priority. Now the Central and State Government's dues stand below the claims of secured creditors, workmen dues, employee dues and other unsecured financial creditors.

15. The Code provides for the creation of Insolvency and Bankruptcy Fund. Section 224 of the Code provides that the following amounts shall be credited to the fund
  - the grants made by the Central Government for the purposes of the Fund;

- the amount deposited by persons as contribution to the Fund;
- the amount received in the Fund from any other source; and
- the interest or other income received out of the investment made from the Fund.

Section 224(3) further provides that a person who has contributed any amount to the Fund may, in the event of proceedings initiated in respect of such person under the Code before an Adjudicating Authority, make an application to such Adjudicating Authority for withdrawal of funds not exceeding the amount contributed by it, for making payments to workmen, protecting the assets of such persons, meeting the incidental costs during the proceedings or such other purposes as may be prescribed.

16. The Code specifies stringent penalties for certain offences such as concealing property in case of corporate insolvency. The imprisonment in such cases may extend up to five years, or a fine of up to one crore rupees, or both.
17. In case of cross-border insolvency proceedings, the central government may enter into bilateral agreements and reciprocal arrangements with other countries to enforce provisions of the Code.

### **(B) Insolvency Professionals (IPs)**

The Code provides for Insolvency Professionals (IPs) to act as intermediary in the insolvency resolution process. Section 3(19) of the Code defines an “insolvency professional” as a person enrolled under section 206 with an insolvency professional agency as its member and registered with the Board as an insolvency professional under section 207.

An insolvency professional plays a very important role under the Code. He acts as an “interim resolution professional” and/or as a “resolution professional” in the corporate insolvency resolution process (specified in Part II of the Code which deals with corporate persons) as well as Part III of the Code (which deals with Insolvency Resolution and Bankruptcy for Individuals and Partnership Firms) for conducting the fresh start process or insolvency resolution process.

An insolvency professional also acts as a liquidator in accordance with the provisions of Part II as well as a “bankruptcy trustee” for the estate of the bankrupt under section 125 in Part III of the Code.

### **Enrolment and Registration of insolvency professionals**

Section 206 lays down that no person shall render his services as insolvency professional under this Code without being enrolled as a member of an insolvency professional agency and registered with the Board.

Section 3(20) of the Code defines “insolvency professional agency” as any person registered with the Board under section 201 as an insolvency professional agency.

Insolvency Professional Agencies are designated to regulate Insolvency Professionals. These agencies enrol Insolvency Professionals, provide pre-registration educational course to its enrolled members and enforce a code of conduct for their functioning. They also issue ‘authorisation for assignment’ to the IPs enrolled with them. In exercise of powers conferred by the Insolvency and Bankruptcy Code, 2016, the Insolvency and Bankruptcy Board of India (IBBI) has framed the following regulations to regulate the working of Insolvency Professional Agencies (IPAs):

- The Insolvency and Bankruptcy Board of India (Model Bye-Laws and Governing Board of Insolvency Professional Agencies) Regulations, 2016, and
- The Insolvency and Bankruptcy Board of India (Insolvency Professional Agencies) Regulations, 2016.

---

Following are the Insolvency Professional Agencies (IPAs) registered under the Code:

- The Indian Institute of Insolvency Professionals of ICAI,
  - ICSI Institute of Insolvency Professionals; and
  - Insolvency Professional Agency of Institute of Cost Accountants of India.
- 

Section 199 of the Code provides that save as otherwise provided in this Code, no person shall carry on its business as insolvency professional agencies under this Code and enrol insolvency professionals as its members except under and in accordance with a certificate of registration issued in this behalf by the Board.

- (g) publish information about its functions, list of its members, performance of its members and such other information as may be specified by regulations.

### **(D) Adjudicating Authority (AA)**

Section 5(1) of the Code provides that the “Adjudicating Authority” for insolvency resolution and liquidation for corporate persons means National Company Law Tribunal constituted under section 408 of the Companies Act,

2013. Section 60(5) of the Code further provides that notwithstanding anything to the contrary contained in any other law for the time being in force, the National Company Law Tribunal shall have jurisdiction to entertain or dispose of –

- (a) any application or proceeding by or against the corporate debtor or corporate person;
- (b) any claim made by or against the corporate debtor or corporate person, including claims by or against any of its subsidiaries situated in India; and
- (c) any question of priorities or any question of law or facts, arising out of or in relation to the insolvency resolution or liquidation proceedings of the corporate debtor or corporate person under this Code.

Section 63 of the Code excludes the jurisdiction of the civil courts. It provides that no civil court or authority shall have jurisdiction to entertain any suit or proceedings in respect of any matter on which National Company Law Tribunal (NCLT) or the National Company Law Appellate Tribunal (NCLAT) has jurisdiction under this Code.

Similarly, in case of individuals and partnership firms, section 79(1) of the Code provides that the “Adjudicating Authority” for insolvency resolution and bankruptcy for individuals and partnership firms is the Debt Recovery

Tribunal constituted under sub-section (1) of section 3 of the Recovery of Debts Due to Banks and Financial Institutions Act, 1993.

Section 179(1) of the Code provides that subject to the provisions of section 60, the Adjudicating Authority, in relation to insolvency matters of individuals and firms shall be the Debt Recovery Tribunal having territorial jurisdiction over the place where the individual debtor actually and voluntarily resides or carries on business or personally works for gain and can entertain an application under this Code regarding such person.

Section 179(2) of the Code further provides that the Debt Recovery Tribunal shall, have jurisdiction to entertain or dispose of –

- (a) any suit or proceeding by or against the individual debtor;
- (b) any claim made by or against the individual debtor;
- (c) any question of priorities or any other question whether of law or facts, arising out of or in relation to insolvency and bankruptcy of the individual debtor or firm under this Code.

Section 180 of the Code excludes the jurisdiction of civil courts. The section provides that no civil court or authority shall have jurisdiction to entertain any suit or proceedings in respect of any matter on which the Debt Recovery Tribunal or the Debt Recovery Appellate Tribunal has jurisdiction under this Code.

Thus, the Insolvency and Bankruptcy Code proposes two tribunals to adjudicate insolvency resolution cases. In the case of insolvency of companies and Limited Liability Partnerships (LLPs), the adjudication authority is the National Company Law Tribunal (NCLT), while the cases involving individuals and partnership firms are handled by the Debts Recovery Tribunals (DRTs).

Appeals from NCLT orders lie to the National Company Law Appellate Tribunal (NCLAT) and thereafter to the Supreme Court of India. For individuals and other persons, the adjudicating authority is the DRT. Appeals from DRT orders lie to the Debt Recovery Appellate Tribunal (DRAT) and thereafter to the Supreme Court.

### **(E) Information Utility (IU)**

Section 3(21) of the Code defines an “information utility” as a person who is registered with the Board as an information utility under section 210.

While the Insolvency professionals assist in the insolvency resolution proceedings envisaged in the Code, the Information Utility, on the other hand, collect, collate, authenticate and disseminate financial information. The purpose of such collection, collation, authentication and dissemination financial information of debtors is to

facilitation swift decision making in the resolution proceedings. The Insolvency and Bankruptcy Board of India oversees the functioning of such information utilities. ## MAJOR CASE STUDIES ON INSOLVENCY AND BANKRUPTCY CODE

- 1. The provisions of the IBC override anything contained in any other law in force or any instrument having effect by virtue of such law:** In the matter of *Innoventive Industries Ltd. v. ICICI Bank*, the Supreme Court for the first time explained the paradigm shift in law by virtue of the newly enacted Insolvency and Bankruptcy Code, 2016 which consolidates and amends all the laws relating to the insolvency and bankruptcy process in India.

### Facts of the case

ICICI Bank had taken Innoventive Industries Ltd. to NCLT for the recovery of its due as the company had defaulted on loan repayment. The NCLT had given a verdict in favour of the ICICI Bank, which Innoventive Industries challenged in the National Company Law Appellate Tribunal (NCLAT), where it received yet another setback. The company later filed an appeal in the Supreme Court seeking relief under the Maharashtra Relief Undertaking (Special Provisions) Act, 1958 (MRUA), which states that if a company is facing bankruptcy, protection needs to be provided for the employees.

### Judgement

The Supreme Court held that the Act is repugnant to the IBC. Under the MRUA, the State Government may take over the management of the undertaking and impose a moratorium in much the same manner as that contained in the IBC. By giving effect to the MRUA, the plan/scheme that may be adopted under the IBC will directly be hindered. There would be a direct clash between moratoriums under the two statutes. The non-obstante clause of the IBC will prevail over the non-obstante clause in the MRUA. On account of the non-obstante clause in the IBC, any right of the CD under any other law cannot come in the way of the IBC.

Further, In the case of *Pr. Commissioner of Income Tax Vs. Monnet Ispat And Energy Ltd.* [SLP No. 6483- 2018 & other petitions], the Supreme Court held that the IBC would override anything inconsistent contained in any other enactment, including the Income Tax Act, 1961.

- 2. Enactment of the IBC has marked a quantum change in corporate governance and the rule of law:** In the case of *Arun Kumar Jagatramka vs. Jindal Steel and Power Ltd* [CA 9664 of 2019] judgement dated March 15, 2021, the Supreme Court observed that enactment of the IBC has marked a quantum change in corporate governance and the rule of law. First and foremost, the IBC perceives good corporate governance, respect for and adherence to the rule of law as central to the resolution of corporate insolvencies. Second, the IBC perceives corporate insolvency not as an isolated problem faced by an individual business entities but places it in the context of a framework which is founded on public interest in facilitating economic growth by balancing diverse stakeholder interests. Third, the IBC attributes a primacy to the business decisions taken by creditors acting as a collective body, on the premise that the timely resolution of corporate insolvency is necessary to ensure the growth of credit markets and encourage investment. Fourth, in its diverse provisions, the IBC ensures that the interests of corporate enterprises are not conflated with the interests of their promoters; the economic value of corporate structures is broader in content than the partisan interests of their managements. These salutary objectives of the IBC can be achieved if the integrity of the resolution process is placed at the forefront. Primarily, the IBC is a legislation aimed at re-organization and resolution of insolvencies. Liquidation is a matter of last resort. These objectives can be achieved only through a purposive interpretation which requires courts, while infusing meaning and content to its provisions, to ensure that the problems which beset the earlier regime do not enter through the backdoor through disingenuous stratagems.
- 3. The primary focus of the IBC is to ensure the revival and continuation of the corporate debtor:** In the matter of *Gujarat Urja Vikas Nigam Limited Vs. Mr. Amit Gupta & Ors.* [Civil Appeal No. 9241 of 2019 Judgment dated 8th March, 2021], the Hon'ble Supreme Court of India observed that the primary focus of the IBC is to ensure the revival and continuation of the corporate debtor. The interests of the corporate debtor have been bifurcated and separated from the interests of persons in management. The timelines which are prescribed in the IBC are intended to ensure the resuscitation of the corporate debtor. The enactment of the IBC is in significant senses a break from the past. While interpreting the provisions of the IBC, care must be taken to ensure that the regime which Parliament found deficient and which was the basic reason for the enactment of

the new legislation is not brought in through the back door by a process of disingenuous legal interpretation. However, this is not to say that the interpretation given to the statutory provisions that existed prior to the enactment IBC is to be rejected in toto. The interpretation given to such statutory provisions that are textually similar to Section 60(5)(c) may be relevant, provided that such interpretation is in tandem with the objective of enacting the IBC, that is, inter alia, avoidance of multiplicity of fora and a timely resolution of the insolvency process.

4. **The foremost and primary objective of the IBC is the reorganization and insolvency resolution of the Corporate Debtor (CD) in a time bound manner:** Hon'ble Supreme Court of India in the matter of *Swiss Ribbons Pvt. Ltd. & Anr. Vs. Union of India & Ors.* [WP (Civil) Nos. 99, 100, 115, 459, 598, 775, 822, 849, and 1221 of 2018, SLP (Civil) No. 28623 of 2018 and WP (Civil) 37 of 2019] Judgement dated 25th January, 2019 observed that as is discernible, the Preamble gives an insight into what is sought to be achieved by the Code. The Code is first and foremost, a Code for reorganization and insolvency resolution of corporate debtors. Unless such reorganization is effected in a time-bound manner, the value of the assets of such persons will deplete. Therefore, maximization of value of the assets of such persons so that they are efficiently run as going concerns is another very important objective of the Code. This, in turn, will promote entrepreneurship as the persons in management of the corporate debtor are removed and replaced by entrepreneurs. When, therefore, a resolution plan takes off and the corporate debtor is brought back into the economic mainstream, it is able to repay its debts, which, in turn, enhances the viability of credit in the hands of banks and financial institutions. Above all, ultimately, the interests of all stakeholders are looked after as the corporate debtor itself becomes a beneficiary of the resolution scheme - workers are paid, the creditors in the long run will be repaid in full, and shareholders/investors are able to maximize their investment. Timely resolution of a corporate debtor who is in the red, by an effective legal framework, would go a long way to support the development of credit markets. Since more investment can be made with funds that have come back into the economy, business then eases up, which leads, overall, to higher economic growth and development of the Indian economy. What is interesting to note is that the Preamble does not, in any manner, refer to liquidation, which is only availed of as a last resort if there is either no resolution plan or the resolution plans submitted are not up to the mark. Even in liquidation, the liquidator can sell the business of the corporate debtor as a going concern. [See *ArcelorMittal (supra)* at paragraph 83, footnote 3].

## INTRODUCTION

The Corporate Insolvency Resolution Process (CIRP) is a process provided in the IBC for resolution of insolvency of a Corporate Debtor (CD). Except for voluntary liquidations (which only apply if there is no default in payment of any debt by the CD), direct liquidation of the CD is not possible under the IBC. The IBC regime provides that if a CD defaults on paying a debt, an application may be made to the jurisdictional AA by a creditor of the CD or by the CD itself to initiate a CIRP. Once a CIRP starts, every attempt is made to resolve and reorganize the CD.

Part II of the Insolvency and Bankruptcy Code, 2016 deals with the insolvency resolution and liquidation for corporate persons. Section 4 of the Insolvency and Bankruptcy Code, 2016 provides that Part II of the Code shall apply to matters relating to the insolvency and liquidation of corporate debtors where the minimum amount of the default is one crore rupees. The default amount has been increased from INR 1,00,000 to INR 1,00,00,000 vide MCA notification dated 24th March, 2020.

Part II of the Insolvency and Bankruptcy Code, 2016 lays down the following two independent stages:

- (i) Corporate Insolvency Resolution Process [Sections 6 to 32A]; and
- (ii) Liquidation [Sections 33 to 54], Pre-Packaged Insolvency Resolution Process [Section 54A to 54P] and Voluntary Liquidation [Section 59].

Chapter II of Part II deals with corporate insolvency resolution process while Chapter III together with Chapter V of Part II governs the liquidation process for corporate persons.

Part III-A Provides for pre-packaged Insolvency Resolution Process [Section 54A to 54P]

The expression “corporate insolvency resolution process” is not defined in the Insolvency and Bankruptcy Code, 2016. The Insolvency and Bankruptcy (Application to Adjudicating Authority) Rules, 2016 defines the expression “corporate insolvency resolution process”. According to Rule 3(1)(b), “corporate insolvency resolution process” means the insolvency resolution process for corporate persons under Chapter II of Part II of the Code.

In **corporate insolvency resolution process**, the financial creditors assess the viability of debtor’s business and the options for its revival and rehabilitation. If the corporate insolvency resolution process fails or the financial creditors decide that the business of the debtor cannot be carried on in a profitable manner and it should be wound up, the debtor’s business undergoes the liquidation process.

In the **liquidation process**, the assets of the debtor are realised and distributed by the liquidator in accordance with the provisions of the Insolvency and Bankruptcy Code, 2016.

Chapter II of Part II (together with Chapter VII of Part II which contains provisions relating to offences and penalties) specifically deals with corporate insolvency resolution process. The Insolvency and Bankruptcy Code, 2016 also contains a provision for Fast Track Corporate Insolvency Resolution Process in Chapter IV of Part II of the Code and is applicable to small corporates as defined in Section 55(2) of the Insolvency and Bankruptcy Code, 2016.

### Persons who may initiate Corporate Insolvency Resolution Process

Section 6 of the Insolvency and Bankruptcy Code, 2016 provides that where any corporate debtor commits a default, a financial creditor, an operational creditor or the corporate debtor itself may initiate corporate insolvency resolution process in respect of such corporate debtor in the manner as provided under Chapter II of Part II of the Code.

---

*It may be noted that the Central Government may, by notification, specify such minimum amount of default of higher value, which shall not be more than one crore rupees, for matters relating to the pre-packaged insolvency resolution process of corporate debtors under Chapter III-A.*

*Central Government vide Notification S.O. 1543(E) dated 9th April 2021 specified ten lakh rupees as the minimum amount of default for the matters relating to the pre-packaged insolvency resolution process of corporate debtor under Chapter III-A of the Code.*

---

The term “**default**” means non-payment of debt when whole or any part or instalment of the amount of debt has become due and payable and is not paid by the debtor or the corporate debtor, as the case may be [Section 3(12)]. According to section 3(8), a “corporate debtor” means a corporate person who owes a debt to any person.

Thus in case of a default, the following people are entitled to initiate a corporate insolvency resolution process:

- i) a financial creditor,
- ii) an operational creditor, or
- iii) the corporate debtor itself.

The Insolvency and Bankruptcy Code, 2016 also defines the expressions “financial creditor” and “operational creditor”. According to Section 5(7), a “financial creditor” means any person to whom a financial debt is owed and includes a person to whom such debt has been legally assigned or transferred to and according to section 5(20) an “operational creditor” means a person to whom an operational debt is owed and includes any person to whom such debt has been legally assigned or transferred.

Thus, a “**financial creditor**” means any person to whom a financial debt is owed and an “**operational creditor**” means a person to whom an operational debt is owed and both these expressions also include persons to whom such debts have been legally assigned or transferred.

The Insolvency and Bankruptcy Code, 2016 also defines the expressions “financial debt” and “operational debt” in sections 5(8) and 5(21) of the Code respectively.

According to section 5(8) of the Code, a “financial debt means a debt along with interest, if any, which is disbursed against the consideration for the time value of money. According to section 5(8), a financial debt includes –

- (a) money borrowed against the payment of interest;
- (b) any amount raised by acceptance under any acceptance credit facility or its dematerialised equivalent;
- (c) any amount raised pursuant to any note purchase facility or the issue of bonds, notes, debentures, loan stock or any similar instrument;
- (d) the amount of any liability in respect of any lease or hire purchase contract which is deemed as a finance or capital lease under the Indian Accounting Standards or such other accounting standards as may be prescribed;
- (e) receivables sold or discounted other than any receivables sold on non-recourse basis;
- (f) any amount raised under any other transaction, including any forward sale or purchase agreement, having the commercial effect of a borrowing;

#### *Explanation-*

Any amount raised from an allottee under a reale state project shall be deemed to be an amount having the commercial effect of a borrowing. Thus, an allottee under a reale state project (a buyer of an under-construction residential or commercial property) will now be considered as a financial creditor, as the amount raised from allottees for financing a real estate project has the commercial effect of a borrowing.

The Explanation further clarifies that the expressions, “allottee” and “realestate project” shall have the meanings respectively assigned to them in clauses (d) and (zn) of section 2 of the Real Estate (Regulation and Development) Act, 2016.

The Hon’ble Supreme Court of India has upheld the above stated legal *position in the matter of Pioneer Urban Land and Infrastructure Limited & Anr. v. Union of India & Ors. dated 09.08.2019.*

- (g) any derivative transaction entered into in connection with protection against or benefit from fluctuation in any rate or price and for calculating the value of any derivative transaction, only the market value of such transaction shall be taken into account;
- (h) any counter-indemnity obligation in respect of a guarantee, indemnity, bond, documentary letter of credit or any other instrument issued by a bank or financial institution;
- (i) the amount of any liability in respect of any of the guarantee or indemnity for any of the items referred to in sub-clause (a) to (h) of this clause.

The expression “**operational debt**” as defined in section 5(21) of the Code means a **claim** in respect of the provision of goods or services including employment or a **debt** in respect of the payment of dues arising under any law for the time being in force and payable to the Central Government, any State Government or any local authority.

The Insolvency and Bankruptcy Code, 2016 provides a simple test to initiate corporate insolvency resolution process. The Code adopts a default based test for initiating the corporate insolvency resolution process. A default based test for initiating the insolvency resolution process permits early intervention when the corporate debtor shows early signs of financial distress. Early recognition of financial distress is very important for timely resolution of insolvency.

Thus, where any corporate debtor commits a minimum default of one crore rupees as provided under section 4 of the Code, **a financial creditor, an operational creditor or the corporate debtor itself** may initiate corporate insolvency resolution process in the manner as provided under Chapter II of Part II of the Code.

The Insolvency and Bankruptcy Code, 2016 not only permits the corporate debtor itself to initiate the insolvency resolution process once it has defaulted on a debt but also the operational creditors to initiate the insolvency resolution process. These provisions bring the law in line with international practices, which permit unsecured creditors (including employees, suppliers etc. who fall under the definition of operational creditors) to file for the initiation of insolvency resolution proceedings.

### Initiation of Corporate Insolvency Resolution Process by Financial Creditor

Section 7 of the Insolvency and Bankruptcy Code, 2016 lays down the procedure for the initiation of the corporate insolvency resolution process by **a financial creditor or two or more financial creditors jointly**.

Section 7 of the Insolvency and Bankruptcy Code, 2016 reads as follows:

- (1) A financial creditor either by itself or jointly with other financial creditors, or any other person on behalf of the financial creditor, as may be notified by the Central Government] may file an application for initiating corporate insolvency resolution process against a corporate debtor before the Adjudicating Authority when a default has occurred.

Provided that for the financial creditors, referred to in clauses (a) and (b) of subsection (6A) of section 21, an application for initiation corporate insolvency resolution process against the corporate debtor shall be filed jointly by not less than one hundred of such creditors in the same class or not less than ten per cent. of the total number of such creditors in the same class, whichever is less:

Provided further that for financial creditors who are allottees under a real estate project, an application for initiating corporate insolvency resolution process against the corporate debtor shall be filed jointly by not less than one hundred of such allottees under the same real estate project or not less than ten per cent. of the total number of such allottees under the same real estate project, whichever is less:

Provided also that where an application for initiating the corporate insolvency resolution process against a corporate debtor has been filed by a financial creditor referred to in the first or second provisos and has not been admitted by the Adjudicating Authority before the commencement of the Insolvency and Bankruptcy Code (Amendment) Act, 2020, such application shall be modified to comply with the requirements of the first or second provisos as the case may be within thirty days of the commencement of the said Act, failing which the application shall be deemed to be withdrawn before its admission.

*Explanation.* - For the purposes of this sub-section, a default includes a default in respect of a financial debt owed not only to the applicant financial creditor but to any other financial creditor of the corporate debtor.

- (2) The financial creditor shall make an application under sub-section (1) in such form and manner and accompanied with such fee as may be prescribed.

- (3) The financial creditor shall, along with the application furnish -
- record of the default recorded with the information utility or such other record or evidence of default as may be specified;
  - the name of the resolution professional proposed to act as an interim resolution professional; and

- (4) The Adjudicating Authority shall, within fourteen days of the receipt of the application under sub-section (2), ascertain the existence of a default from the records of an information utility or on the basis of other evidence furnished by the financial creditor under sub-section (3)
- Provided that if the Adjudicating Authority has not ascertained the existence of default and passed an order under sub-section (5) within such time, it shall record its reasons in writing for the same.
- (5) Where the Adjudicating Authority is satisfied that -
- a default has occurred and the application under sub-section (2) is complete, and there is no disciplinary proceedings pending against the proposed resolution professional, it may, by order, admit such application; or
  - default has not occurred or the application under sub-section (2) is incomplete or any disciplinary proceeding is pending against the proposed resolution professional, it may, by order, reject such application:
- Provided that the Adjudicating Authority shall, before rejecting the application under clause (b) of sub-section (5), give a notice to the applicant to rectify the defect in his application within seven days of receipt of such notice from the Adjudicating Authority.
- (6) The corporate insolvency resolution process shall commence from the date of admission of the application under sub-section (5).
- (7) The Adjudicating Authority shall communicate-
- the order under clause (a) of sub-section (5) to the financial creditor and the corporate debtor;
  - the order under clause (b) of sub-section (5) to the financial creditor, within seven days of admission or rejection of such application, as the case may be.

The Financial Creditor shall file Form 1 with NCLT to initiate insolvency proceedings against the Corporate Debtor.

***Furnishing of information by the financial creditor.***– Section 7(3) of the Code mandates that the financial creditor shall, along with the application for initiating corporate insolvency resolution process, furnish **a proof of default and the name of a resolution professional** proposed to act as the interim resolution professional in respect of the corporate debtor.

The NCLT vide Order dated 12th May, 2020 stated that default record from Information Utility must be filed with all new petitions filed under Section 7 of the Code and no new petition shall be entertained without record of default.

The requirement to provide proof of default aims at ensuring that financial creditors do not file frivolous applications or applications which prematurely put the corporate debtor into insolvency resolution proceedings for extraneous considerations.

***Time frame for ascertaining the existence of default.***– After the filing of the application, the National Company Law Tribunal shall ascertain the existence of a default from the records of an information utility or on the basis of other evidence furnished by the financial creditor within **fourteen days** of the receipt of the application.

Supreme Court judgment: time period of 14 days is directory and not mandatory held in the matter of *Surendra Trading Company v. Juggilal Kamlapat Jute Mills Company Limited and Others*.

**Admission of application.**– If the National Company Law Tribunal is satisfied as to the existence of the default and has ensured that the application is complete and no disciplinary proceedings are pending against the proposed resolution professional, it shall admit the application [Section 7(5)]. The National Company Law Tribunal is not required to look into any other criteria for admission of the application.

**Rejection of application.**– If the National Company Law Tribunal finds that the default has not occurred or the application is incomplete or any disciplinary proceeding is pending against the proposed resolution professional, it may reject the application under section 7(5)(b). Before rejecting the application under section 7(5)(b), the National Company Law Tribunal shall give a notice to the applicant to rectify the defect in the application within seven days of receipt of such notice from the National Company Law Tribunal.

**Commencement of corporate insolvency resolution process.**– Sub-section (6) provides that the corporate insolvency resolution process shall commence from the date of admission of the application under sub-section (5) of section 7.

- (a) to the financial creditor and the corporate debtor where the application is accepted,
- (b) to the financial creditor where the application is rejected.

### Insolvency Resolution by Operational Creditor

Section 8 of the Insolvency and Bankruptcy Code, 2016 lays down the procedure for the initiation of the corporate insolvency resolution process by an operational creditor. The procedure for insolvency resolution by operational creditor laid down in section 8 differs from the procedure applicable to financial creditors under section 7 of the Code.

Section 8 of the Code reads as follows:

- “(1) An operational creditor may, on the occurrence of a default, deliver a demand notice of unpaid operational debtor copy of an invoice demanding payment of the amount involved in the default to the corporate debtor in such form and manner as may be prescribed.
- (2) The corporate debtor shall, within a period of ten days of the receipt of the demand notice or copy of the invoice mentioned in sub-section (1) bring to the notice of the operational creditor –
- (a) existence of a dispute, if any, or record of the pendency of the suit or arbitration proceedings filed before the receipt of such notice or invoice in relation to such dispute;
  - (b) the payment of unpaid operational debt–
    - (i) by sending an attested copy of the record of electronic transfer of the unpaid amount from the bank account of the corporate debtor; or
    - (ii) by sending an attested copy of record that the operational creditor has encashed a cheque issued by the corporate debtor.

The rationale for a different procedure in case of operational creditor is based on the premise that the operational debts (such as trade debts, salary or wage claims, government dues) generally tend to be of smaller amounts (in comparison to financial debts) or are recurring in nature. The possibility of disputed debts in relation to operational creditors is also higher in comparison to financial creditors such as banks and financial institutions.

**Explanation.**– For the purposes of this section, a “demand notice” means a notice served by an operational creditor to the corporate debtor demanding payment of the operational debt in respect of which the default has occurred.”

**Demand notice or copy of invoice demanding payment of the debt.**– Section 8 provides that in case of a default, the operational creditor has to deliver a demand notice or a copy of an invoice demanding payment of the debt in default to the corporate debtor. A “demand notice” means a notice served by an operational creditor to the corporate debtor demanding payment of the operational debt in respect of which the default has occurred. [Section 8(1)]

**Existence of dispute or payment of debt.**– The corporate debtor has a period of ten days from the receipt of the demand notice or invoice to inform the operational creditor of the existence of a dispute regarding the debt claim or of the payment of the debt by either sending

- (i) an attested copy of the record of electronic transfer of the unpaid amount from the bank account of the corporate debtor; or
- (ii) an attested copy of record that the operational creditor has encashed a cheque issued by the corporate debtor. [Section 8(2)]

The procedure established in section 8 of the Code ensures that operational creditors, whose debt claims are usually smaller, are not prematurely putting the corporate debtor into the insolvency resolution process or initiating the process for extraneous considerations. The procedure laid down in section 8 also facilitates informal negotiations between such creditors and the corporate debtor. Such negotiations may result in a restructuring of the debt outside the formal proceedings.

### Application for Initiation of Corporate Insolvency Resolution Process by Operational Creditor

Section 9 of the Code reads as follows:

- “(1) After the expiry of the period of ten days from the date of delivery of the notice or invoice demanding payment under sub-section (1) of section 8, if the operational creditor does not receive payment from the corporate debtor or notice of the dispute under subsection (2) of section 8, the operational creditor may file an application before the Adjudicating Authority for initiating a corporate insolvency resolution process.
- (2) The application under sub-section (1) shall be filed in such form and manner and accompanied with such fee as may be prescribed.
- (3) The operational creditor shall, along with the application furnish –
  - (a) a copy of the invoice demanding payment or demand notice delivered by the operational creditor to the corporate debtor;
  - (b) an affidavit to the effect that there is no notice given by the corporate debtor relating to a dispute of the unpaid operational debt;
  - (c) a copy of the certificate from the financial institutions maintaining accounts of the operational creditor confirming that there is no payment of an unpaid operational debt by the corporate debtor, if available;
  - (d) a copy of any record with information utility confirming that there is no payment of an unpaid operational debt by the corporate debtor, if available; and
  - (e) any other proof confirming that there is no payment of any unpaid operational debt by the corporate debtor or such other information, as may be prescribed.
- (4) An operational creditor initiating a corporate insolvency resolution process under this section, may propose a resolution professional to act as an interim resolution professional.
- (5) The Adjudicating Authority shall, within fourteen days of the receipt of the application under sub-section (2), by an order –
  - (i) admit the application and communicate such decision to the operational creditor and the corporate debtor if, –
    - (a) the application made under sub-section (2) is complete;
    - (b) there is no payment of the unpaid operational debt;
    - (c) the invoice or notice for payment to the corporate debtor has been delivered by the operational creditor;
    - (d) no notice of dispute has been received by the operational creditor or there is no record of dispute in the information utility; and

- (e) there is no disciplinary proceeding pending against any resolution professional proposed under sub-section (4), if any.
- (ii) reject the application and communicate such decision to the operational creditor and the corporate debtor, if –
  - (a) the application made under sub-section (2) is incomplete;
  - (b) there has been payment of the unpaid operational debt;
  - (c) the creditor has not delivered the invoice or notice for payment to the corporate debtor;
  - (d) notice of dispute has been received by the operational creditor or there is a record of dispute in the information utility; or
  - (e) any disciplinary proceeding is pending against any proposed resolution professional:

Provided that Adjudicating Authority, shall before rejecting an application under sub-clause (a) of clause (ii) give a notice to the applicant to rectify the defect in his application within seven days of the date of receipt of such notice from the Adjudicating Authority.

- (6) The corporate insolvency resolution process shall commence from the date of admission of the application under sub-section (5) of this section.”

**Application by operational creditor before NCLT.**– Section 9(1) of the Code provides that if the operational creditor does not receive either the payment of the debt or a notice of existence of dispute in relation to the debt claim from the corporate debtor within a period of ten days from the date of receipt of the invoice or demand notice under section 8, he can file an application with the National Company Law Tribunal for initiating the insolvency resolution process in accordance with section 9 of the Code.

The Operational Creditor shall file Form 5 with NCLT to initiate insolvency proceedings against the Corporate Debtor.

**Furnishing of information by operational creditor.**– Section 9(3) of the Code lays down that such application by the operational creditor shall be accompanied with:

- (a) a copy of the invoice demanding payment or demand notice delivered by the operational creditor to the corporate debtor;
- (b) an affidavit to the effect that there is no notice given by the corporate debtor relating to a dispute of the unpaid operational debt;
- (c) a copy of the certificate from the financial institutions maintaining accounts of the operational creditor confirming that there is no payment of an unpaid operational debt by the corporate debtor, if available;
- (d) a copy of any record with information utility confirming that there is no payment of an unpaid operational debt by the corporate debtor, if available; and
- (e) any other proof confirming that there is no payment of any unpaid operational debt by the corporate debtor or such other information, as may be prescribed.

**Admission of application.**– The National Company Law Tribunal shall admit the application and communicate such decision to the operational creditor and the corporate debtor within fourteen days of the receipt of such application if the following conditions are fulfilled.

- (a) the application made under sub-section (2) is complete,
- (b) there is no payment of the unpaid operational debt,
- (c) the invoice or notice for payment to the corporate debtor has been delivered by the operational creditor,
- (d) notice of dispute has not been received by the operational creditor or there is no record of dispute in the information utility, and
- (e) there is no disciplinary proceeding pending against the proposed resolution professional. [Section 9(5) (i)]

**Rejection of Application.**– The National Company Law Tribunal shall reject the application and communicate such decision to the operational creditor and the corporate debtor within fourteen days of the receipt of such application if:

- (a) the application is incomplete,
- (b) there has been payment of the unpaid operational debt,
- (c) the creditor has not delivered the invoice or notice for payment to the corporate debtor,
- (d) notice of dispute has been received by the operational creditor or there is a record of dispute in the information utility, or
- (e) any disciplinary proceeding is pending against any proposed resolution professional. [Section 9(5)(ii)]

The National Company Law Tribunal shall before rejecting an application under sub-clause (a) of clause (ii) (i.e., where the application is incomplete) give a notice to the applicant to rectify the defect in his application within **seven days of the date of receipt of such notice** from the National Company Law Tribunal.

**Commencement of corporate insolvency resolution process.**– The corporate insolvency resolution process shall commence from the date of admission of the application under sub-section (5) of section 9. [Section 9(6)]

### Initiation of corporate insolvency resolution process by corporate applicant

Section 10 of the Insolvency and Bankruptcy Code, 2016 provides for the initiation of corporate insolvency resolution process by the corporate debtor itself. Section 10 reads as follows:

- (1) Where a corporate debtor has committed a default, a corporate applicant thereof may file an application for initiating corporate insolvency resolution process with the Adjudicating Authority.
- (2) The application under sub-section (1) shall be filed in such form, containing such particulars and in such manner and accompanied with such fee as may be prescribed.
- (3) The corporate applicant shall, along with the application, furnish–
  - (a) the information relating to its books of account and such other documents for such period as may be specified;
  - (b) the information relating to the resolution professional proposed to be appointed as an interim resolution professional; and
  - (c) the special resolution passed by shareholders of the corporate debtor or the resolution passed by at least three-fourth of the total number of partners of the corporate debtor, as the case may be, approving filing of the application.
- (4) The Adjudicating Authority shall, within a period of fourteen days of the receipt of the application, by an order–
  - (a) admit the application, if it is complete and no disciplinary proceeding is pending against the proposed resolution professional; or
  - (b) reject the application, if it is incomplete or any disciplinary proceeding is pending against the proposed resolution professional;

Provided that Adjudicating Authority shall, before rejecting an application, give a notice to the applicant to rectify the defects in his application within seven days from the date of receipt of such notice from the Adjudicating Authority.

- (5) The corporate insolvency resolution process shall commence from the date of admission of the application under sub-section (4) of this section.

**Corporate applicant.**– Section 10(1) of the Code uses the expression “corporate applicant” and not a “corporate debtor”. According to section 5(5) of the Code, a “corporate applicant” means –

- (a) corporate debtor; or
- (b) a member or partner of the corporate debtor who is authorised to make an application for the corporate insolvency resolution process under the constitutional document of the corporate debtor; or

- (c) an individual who is in charge of managing the operations and resources of the corporate debtor; or
- (d) a person who has the control, and supervision over the financial affairs of the corporate debtor.

**Default by corporate debtor.**– In case of a default by corporate debtor, a corporate applicant thereof may file an application for initiating corporate insolvency resolution process with the Adjudicating Authority. The authorisation of a corporate applicant to file the application for initiating corporate insolvency resolution process is based on the premise that since they are the people likely to have the best information about the financial affairs of the corporate debtor and permitting such applicants to initiate the corporate insolvency resolution process would ensure timely intervention that is crucial for any corporate insolvency resolution process to succeed.

The corporate applicant can only initiate the corporate insolvency resolution process upon the occurrence of a default and not on mere likelihood of inability to pay debts. Therefore, a corporate applicant cannot trigger the corporate insolvency resolution process prematurely to abuse the provisions of the Code. Further, as the Code envisages the displacement of the management of the corporate debtor during the insolvency resolution process (which can also be permanent, depending on the outcome of the resolution process), corporate applicants would be deterred from initiating the insolvency resolution process for extraneous considerations.

The corporate applicant shall file Form 6 with NCLT to initiate insolvency proceedings.

**Furnishing of information by corporate applicant.**– Under section 10(3) of the Code, the corporate applicant is required to furnish, along with such application, (a) the information relating to its books of account, (b) the information relating to the resolution proposed to be appointed as an interim resolution professional, (c) the special resolution passed by shareholders of the corporate debtor or the resolution passed by at least three-fourth of the total number of partners of the corporate debtor, as the case may be, approving filing of the application.

**Admission or rejection of application.**– The NCLT shall thereafter admit the application within fourteen days from the date of receipt of the application if it is complete and no disciplinary proceeding is pending against the proposed resolution professional. The NCLT shall reject the application, if it is incomplete or any disciplinary proceeding is pending against the proposed resolution professional. The NCLT shall, before rejecting an application give a notice to the applicant to rectify the defects in the application within seven days from the date of receipt of such notice from the NCLT. [Section 10(4)]

**Commencement of corporate insolvency resolution process.**– The corporate insolvency resolution process shall commence from the date of admission of the application under sub-section (4) of section 10.

The Central Government has made the **Insolvency and Bankruptcy (Application to Adjudicating Authority) Rules, 2016** in exercise of the powers conferred by clauses (c), (d), (e) and (f) of sub-section (1) of section 239 read with sections 7, 8, 9 and 10 of the Insolvency and Bankruptcy Code, 2016.

The Insolvency and Bankruptcy (Application to Adjudicating Authority) Rules, 2016 apply to matters relating to the corporate insolvency resolution process and has come into force with effect from 1st day of December, 2016.

The Central Government has made the Insolvency and Bankruptcy (Application to Adjudicating Authority) Rules, 2016 in exercise of the powers conferred by clauses (c), (d), (e) and (f) of sub-section (1) of section 239 read with sections 7, 8, 9 and 10 of the Insolvency and Bankruptcy Code, 2016.

The Insolvency and Bankruptcy (Application to Adjudicating Authority) Rules, 2016 apply to matters relating to the corporate insolvency resolution process and has come into force with effect from 1st day of December, 2016.

### Suspension of Initiation of corporate insolvency resolution process

Section 10A was inserted vide the Insolvency and Bankruptcy Code (Amendment) Ordinance, 2020 which came into effect from 05th June, 2020 in light of COVID-19 pandemic that has impacted business, financial markets and economy all over the world, including India, and created uncertainty and stress for business for reasons beyond their control. Section 10A reads as follows:

“Notwithstanding anything contained in sections 7, 9 and 10, no application for initiation of corporate insolvency resolution process of a corporate debtor shall be filed, for any default arising on or after 25th March, 2020 for a period of six months or such further period, not exceeding one year from such date, as may be notified in this behalf:

Provided that no application shall ever be filed for initiation of corporate insolvency resolution process of a corporate debtor for the said default occurring during the said period.

Explanation. - For the removal of doubts, it is hereby clarified that the provisions of this section shall not apply to any default committed under the said sections before 25th March, 2020.”

The aforesaid section covers the default of a corporate debtor which arises after the 25th March 2020 emerging due to the impact of COVID 19 and shall remain suspended for six months or upto a period of one year. However, the defaults prior to this date are enforceable under the Code.

The section also states that “no application shall ever be filed for initiation of corporate insolvency resolution process of a corporate debtor for the said default occurring during the said period” which means that no financial creditor, operational creditor or corporate applicant can file an insolvency application for the defaults occurring between 25th March, 2020 and the next six months or one year.

This was a necessary measure considering the national lockdown in force since 25th March, 2020 to combat COVID-19 and also the difficulty in finding adequate number of resolution applicants to rescue the corporate person who may default in discharge of their debt obligation.

In the case of *Ramesh Kymal Vs. M/s Siemens Gamesa Renewable Power Pvt Ltd judgement dated February 9, 2021* Hon'ble Supreme Court observed that Section 10A does not contain any requirement that the Adjudicating Authority must launch into an enquiry into whether, and if so to what extent, the financial health of the corporate debtor was affected by the onset of the Covid-19 pandemic. Parliament has stepped in legislatively because of the wide spread distress caused by an unheralded public health crisis. It was cognizant of the fact that resolution applicants may not come forth to take up the process of the resolution of insolvencies (this as we have seen was referred to in the recitals to the Ordinance), which would lead to instances of the corporate debtors going under liquidation and no longer remaining a going concern. This would go against the very object of the IBC, as has been noted by a two-Judge bench of this Court in its judgment in *Swiss Ribbons (P) Ltd. v. Union of India (2019) 4 SCC 17* Speaking through Justice Rohinton F Nariman, the Court held as follows: “27. As is discernible, the Preamble gives an insight into what is sought to be achieved by the Code. The Code is first and foremost, a Code for reorganisation and insolvency resolution of corporate debtors. Unless such reorganisation is effected in a time-bound manner, the value of the assets of such persons will deplete. Therefore, maximisation of value of the assets of such persons so that they are efficiently run as going concerns is another very important objective of the Code. This, in turn, will promote entrepreneurship as the persons in management of the corporate debtor are removed and replaced by entrepreneurs. When, therefore, a resolution plan takes off and the corporate debtor is brought back into the economic mainstream, it is able to repay its debts, which, in turn, enhances the viability of credit in the hands of banks and financial institutions. Above all, ultimately, the interests of all stakeholders are looked after as the corporate debtor itself becomes a beneficiary of the resolution scheme-workers are paid, the creditors in the long run will be repaid in full, and shareholders/investors are able to maximise their investment. Timely resolution of a corporate debtor who is in the red, by an effective legal framework, would go a long way to support the development of credit markets. Since more investment can be made with funds that have come back into the economy, business then eases up, which leads, overall, to higher economic growth and development of the Indian economy. What is interesting to note is that the Preamble does not, in any manner, refer to liquidation, which is only availed of as a last resort if there is either no resolution plan or the resolution plans submitted are not up to the mark. Even in liquidation, the liquidator can sell the business of the corporate debtor as a going concern. (See *ArcelorMittal [ArcelorMittal (India) (P) Ltd. v. Satish Kumar Gupta, (2019) 2 SCC 1] at para 83, fn 3*.” Hence, the embargo contained in Section 10A must receive a purposive construction which will advance the object which was sought to be achieved by enacting the provision. We are therefore unable to accept the contention of the appellant.

### Persons not entitled to Make Application

Section 11 of the Code lists out the persons who are not eligible to make an application to initiate the corporate insolvency resolution process. The following persons shall not be entitled to make an application to initiate corporate insolvency resolution process under this Chapter II of Part II, namely: -

- (a) a corporate debtor undergoing a corporate insolvency resolution process or a pre-packaged insolvency resolution process; or
- (aa) a financial creditor or an operational creditor of a corporate debtor undergoing a pre-packaged insolvency resolution process; or
- (b) a corporate debtor having completed corporate insolvency resolution process twelve months preceding the date of making of the application; or
- (ba) a corporate debtor in respect of whom a resolution plan has been approved under Chapter III-A, twelve months preceding the date of making of the application; or
- (c) a corporate debtor or a financial creditor who has violated any of the terms of resolution plan which was approved twelve months before the date of making of an application under this Chapter; or
- (d) a corporate debtor in respect of whom a liquidation order has been made.

*Explanation [I].* - For the purposes of this section, a corporate debtor includes a corporate applicant in respect of such corporate debtor.

*Explanation II.* - For the purposes of this section, it is hereby clarified that nothing in this section shall prevent a corporate debtor referred to in clauses (a) to (d) from initiating corporate insolvency resolution process against another corporate debtor.

### Disposal of applications under section 54C and under section 7 or section 9 or section 10

According to Section 11A of the Code:

- (1) Where an application filed under section 54C is pending, the Adjudicating Authority shall pass an order to admit or reject such application, before considering any application filed under section 7 or section 9 or section 10 during the pendency of such application under section 54C, in respect of the same corporate debtor.
- (2) Where an application under section 54C is filed within fourteen days of filing of any application under section 7 or section 9 or section 10, which is pending, in respect of the same corporate debtor, then, notwithstanding anything contained in sections 7, 9 and 10, the Adjudicating Authority shall first dispose of the application under section 54C.
- (3) Where an application under section 54C is filed after fourteen days of the filing of any application under section 7 or section 9 or section 10, in respect of the same corporate debtor, the Adjudicating Authority shall first dispose of the application under sections 7, 9 or 10.
- (4) The provisions of this section shall not apply where an application under section 7 or section 9 or section 10 is filed and pending as on the date of the commencement of the Insolvency and Bankruptcy Code (Amendment) Ordinance, 2021.

### Time-limit for Completion of Insolvency Resolution Process

Section 12 of the Code which prescribes a time limit for completion of insolvency resolution process reads as follows:

- “(1) Subject to sub-section (2), the corporate insolvency resolution process shall be completed within a period of one hundred and eighty days from the date of admission of the application to initiate such process.
- (2) The resolution professional shall file an application to the Adjudicating Authority to extend the period of the corporate insolvency resolution process beyond one hundred and eighty days, if instructed to do so by a resolution passed at a meeting of the committee of creditors by a vote of sixty-six per cent. of the voting shares.

- (3) On receipt of an application under sub-section (2), if the Adjudicating Authority is satisfied that the subject matter of the case is such that corporate insolvency resolution process cannot be completed within one hundred and eighty days, it may by order extend the duration of such process beyond one hundred and eighty days by such further period as it thinks fit, but not exceeding ninety days:

Provided that any extension of the period of corporate insolvency resolution process under this section shall not be granted more than once.”

Provided further that the corporate insolvency resolution process shall mandatorily be completed within a period of three hundred and thirty days from the insolvency commencement date, including any extension of the period of corporate insolvency resolution process granted under this section and the time taken in legal proceedings in relation to such resolution process of the corporate debtor.

Provided also that where the insolvency resolution process of a corporate debtor is pending and has not been completed within the period referred to in the second proviso, such resolution process shall be completed within a period of ninety days from the date of commencement of the Insolvency and Bankruptcy Code (Amendment) Act, 2019.

**Time limit for completion of resolution process.**– Section 12(1) lays down that subject to sub-section (2), the corporate insolvency resolution process shall be completed within a period of **one hundred and eighty days** from the date of admission of the application to initiate such process.

**Extension of time.**– Section 12(2) provides that the resolution professional shall file an application with the NCLT to extend the period of the corporate insolvency resolution process beyond one hundred and eighty days, if he is instructed to do so by a resolution passed at a meeting of the committee of creditors by a vote of **sixty six per cent** of the voting shares.

On receipt of application, if the NCLT is satisfied that the subject matter of the case is such that corporate insolvency resolution process cannot be completed within **one hundred and eighty days**, it may by order extend the duration of such process beyond one hundred and eighty days by such further period as it thinks fit, but such period cannot exceed **ninety days**. [Section 12(3)]

Thus, section 12 prescribe a time limit of 180 days, extendable by a further 90 days, for the completion of corporate insolvency resolution process. The application for the extension can only be made by the resolution professional and has to be supported by a resolution passed at a meeting of the committee of creditors by a majority of 66 per cent of the **voting shares**. Any such extension of the period of corporate insolvency resolution process under section 12 shall not be granted more than once.

**“Voting share”** means the share of the voting rights of a single financial creditor in the committee of creditors which is based on the proportion of the financial debt owed to such financial creditor in relation to the financial debt owed by the corporate debtor. [Section 5(28)]

The well-defined time limit is aimed at ensuring that commercially unviable corporate debtors are not kept in the resolution process for long periods and are liquidated basis the decision of the financial creditors at the earliest opportunity. The time limit would not only reduce the cost to creditors and other stakeholders (including employees and workmen) of a long-drawn out procedure but also avoid any depletion in value of the corporate debtor’s business/returns to creditors and other stakeholders. This would also enable promoters of failed businesses to exit the ventures swiftly.

### Withdrawal of Application Admitted under Section 7, 9 or 10

Section 12A provides that the Adjudicating Authority may allow the withdrawal of application admitted under section 7 or section 9 or section 10, on an application made by the applicant with the approval of ninety per cent voting share of the committee of creditors, in such manner as may be specified.

Before admission of the application, however, the Adjudicating Authority may permit withdrawal of the application on the request of the applicant under Rule 8 of the Insolvency and Bankruptcy (Application to Adjudicating Authority) Rules, 2016. Form FA given under Regulation 30A of the IBBI (Insolvency Resolution Process for Corporate Persons) Regulations, 2016 is required to be filed for withdrawal of the CIRP.

## MAJOR CASE STUDIES

### 1. **Section 14 Limitation Act Applies To Application under Section 7 IBC & Court/Tribunal Can Condone Delay under Section 5 Limitation Act Even In the Absence of A Formal Application.**

#### **Fact of the Case:**

In this case, the National Company Law Appellate Tribunal rejected the contention raised by Corporate Debtor that since the account of the Corporate Debtor had been declared NPA on 31st March, 2013 and since the application under Section 7 of IBC had been filed on 27th August, 2018, after almost five years and five months from the date of accrual of the cause of action, the application filed by financial creditor is barred by limitation. The NCLAT held that, the applicant, the financial creditor, had bona fide, within the period of limitation, initiated proceedings against the Corporate Debtor under the SARFAESI Act and was thus entitled to exclusion of time under Section 14(2) of the Limitation Act. The NCLAT, after exclusion of the period of about three years and six months till the date of the interim order of the High Court, during which the Financial Creditor had been proceeding under SARFAESI Act, found that the application of the Financial Creditor, under Section 7 of IBC, was within limitation.

#### **Judgement**

In this case Hon'ble Supreme Court observed that in our considered view, keeping in mind the scope and ambit of proceedings under the IBC before the NCLT/NCLAT, the expression 'Court' in Section 14(2) would be deemed to be any forum for a civil proceeding including any Tribunal or any forum under the SARFAESI Act.

In any case, Section 5 and Section 14 of the Limitation Act are not mutually exclusive. Even in a case where Section 14 does not strictly apply, the principles of Section 14 can be invoked to grant relief to an applicant under Section 5 of the Limitation Act by purposively construing 'sufficient cause'. It is well settled that omission to refer to the correct section of a statute does not vitiate an order. At the cost of repetition it is reiterated that delay can be condoned irrespective of whether there is any formal application, if there are sufficient materials on record disclosing sufficient cause for the delay.

### 2. **RERA and the IBC must be held to co-exist:** Hon'ble Supreme Court of India in the matter of *Pioneer Urban Land and Infrastructure Limited and Anr. Vs. Union of India & Ors. WP (C) No. 43/2019 and other petitions, Judgement dated 9th August, 2019* observed that the fact that RERA is in addition to and not in derogation of the provisions of any other law for the time being in force, also makes it clear that the remedies under RERA to allottees were intended to be additional and not exclusive remedies.

It is clear, therefore, that even by a process of harmonious construction, RERA and the Code must be held to co-exist, and, in the event of a clash, RERA must give way to the Code. RERA, therefore, cannot be held to be a special statute which, in the case of a conflict, would override the general statute, viz. the Code.

### 3. **Date of the Initiation of the CIRP & Insolvency Commencement Date:** *Ramesh Kymal Vs. M/s Siemens Gamesa Renewable Power Pvt Ltd judgement dated February 9, 2021* Hon'ble Supreme Court observed that the date of the initiation of the CIRP is the date on which a financial creditor, operational creditor or corporate applicant makes an application to the adjudicating authority for initiating the process. On the other hand, the insolvency commencement date is the date of the admission of the application. This distinction is also evident from the provisions of sub-section (6) of Section 7, sub-section (6) of Section 9 and sub-section (5) of Section 10. Section 7 deals with the initiation of the CIRP by a financial creditor; Section 8 provides for the insolvency resolution by an operational creditor; Section 9 provides for the application for initiation of the CIRP by an operational creditor; and Section 10 provides for the initiation of the CIRP by a corporate applicant.

4. **First proviso to section 7 of the Code:** Hon'ble Supreme Court of India in the matter of *Manish Kumar Vs. Union of India and Another* [WP(C) No. 26 of 2020 with 40 other writ petitions] Judgment dated 19th January, 2021 observed that the legislative understanding is clear that such creditors bearing the hallmark of large numbers, they need to be treated differently. If not, it would spell chaos and the objects of the Code would not be fulfilled. Insisting on a threshold for these categories of creditors would lead to the halt to indiscriminate litigation which would result in an uncontrollable docket explosion as far as the authorities. The debtor who is apparently stressed is relieved of the last straw on the camel's back, as it were, by halting individual creditors whose views are not shared even by a reasonable number of its peers rushing in with applications.

The legislative policy reflects an attempt at shielding the CD from what it considers would be either for frivolous or avoidable applications. The amendment is likely to ensure that the filing of an application is preceded by a consensus at least by a minuscule percentage of similarly placed creditors that the time has come for undertaking a legal odyssey which is beset with perils for the applicants themselves apart from others.

As regards the percentage of applicants contemplated under the proviso, it cannot be dubbed as an arbitrary or capricious figure. The legislature is not wanting in similar requirements under other laws. The object of speed in deciding CIRP proceedings would also be achieved by applying the threshold to debenture holders and security holders.

The Code and object of the Code and the unique features which set apart the creditors involved in this case from the generality of the creditors, the challenge being to an economic measure and the consequential latitude that is owed to the legislature renders the Principle of Absurdity wholly inapposite.

**Third proviso to section 7 of the Code:** Hon'ble Supreme Court of India in the matter of *Manish Kumar Vs. Union of India and Another* [WP(C) No. 26 of 2020 with 40 other writ petitions] Judgment dated 19th January, 2021 observed that the third proviso is a one-time affair. It is intended that the threshold requirement would apply to all those applications, which were filed prior to 28th December, 2019, but not admitted. When an application is filed under the unamended provisions of section 7, it transforms into a vested right. The vested right is to proceed with the action till its logical and legal conclusion.

Should a new law shorten the existing period of limitation, it would not operate in regard to the right of action which is vested. Legislature is clothed with competence to make retrospective laws. It is open to the legislature, while making retrospective law, to take away vested rights. If a vested right can be taken away by a retrospective law, there can be no reason why the legislature cannot modify the vested rights.

The imposition of a threshold requirement being a mandatory and irreducible minimum constitutes an intrusion into the substantive right of action vested in an individual creditor.

Imposing the threshold requirement under the 3rd proviso is not a mere matter of procedure. It impairs vested rights.

Prescribing a time limit of 30 days to modify the pending applications to comply with the threshold requirement, cannot be, per se, described as arbitrary, as otherwise, it would be an endless and uncertain procedure. The applications would remain part of the docket and become a Damocles Sword overhanging the CD and the other stakeholders with deleterious consequences.

5. **Whether the timeline is mandatory?:** Hon'ble Supreme Court of India in the matter of *Arcelor Mittal India Private Limited Vs. Satish Kumar Gupta and Ors. arising from Corporate Insolvency Resolution Process (CIRP) of Essar Steel India Limited* (Civil Appeal Nos. 9402 - 9405 of 2018) Judgement dated 4th October, 2018 observed that Section 33 provides that if no resolution plan is received before the end of the period or the resolution plan is rejected, the corporate debtor is required to be liquidated. Therefore, the period under section 12 is mandatory. In fact, even the literal language of Section 12(1) makes it clear that the provision must read as being mandatory. The expression "shall be completed" is used. Further, sub-section (3) makes it clear that the duration of 180 days may be extended further "but not exceeding 90 days", making it clear that a maximum of 270 days is laid down statutorily. Also, the proviso to Section 12 makes it clear that the extension "shall not be granted more than once".

6. **Maximum period of 330 days:** Hon'ble Supreme Court of India in the matter of *Manish Kumar Vs. Union of India and Another [WP(C) No. 26 of 2020 with 40 other writ petitions]* Judgment dated 19th January, 2021 observed that Section 12 contemplates, in short, a maximum period of 330 days from the date of the insolvency commencement date, which we have already explained. Though, the word 'mandatorily' has been struck down by this Court in the decision in *Committee of Creditors of Essar Steel India Limited (supra)*, this Court has only balanced the interest of all concerned, by permitting an enlargement of the time, only in those cases, where the delay occurs not on account of the fault of the players concerned and it is based on the principle *actus curiae neminem gravabit*, which means that the act of Court shall prejudice no man. This Court has not undermined the timeline fixed by the Legislature and, in fact, it has underlined the importance of conforming to the time limit. Speed, indeed, continues to be of the essence of the Code.

## INTRODUCTION

An Insolvency Professional (IP) plays a very important role under the Insolvency and Bankruptcy Code, 2016. He is a significant actor in the corporate insolvency resolution process. He acts as an “Interim Resolution Professional (IRP)” and “Resolution professional (RP)” in the corporate insolvency resolution process (specified in Part II of the Code which deals with corporate persons) as well as a “resolution professional” under Part III of the Code (which deals with Insolvency Resolution and Bankruptcy for Individuals and Partnership Firms) for conducting the fresh start process or insolvency resolution process. As an interim resolution professional, he performs various functions such as the collection of claims, the collection of information about the corporate debtor, the constitution of the committee of creditors and the interim management of the company’s affairs and monitoring of the company’s assets till a resolution professional is appointed.

An insolvency professional also acts as a liquidator in accordance with the provisions of Part II as well as a “bankruptcy trustee” for the estate of the bankrupt under section 125 in Part III of the Code.

In the corporate insolvency resolution process, the insolvency professional runs the debtor’s business during the moratorium period, verifies the claims of the creditors and constitutes a creditors committee and helps the committee of creditors in arriving at a consensus for the revival and rehabilitation of the corporate debtor’s business. In liquidation, the insolvency professional acts as a liquidator and a bankruptcy trustee. ‘Insolvency professionals’ is a class of professionals having minimum standards of professional and ethical conduct and are regulated by “Insolvency Professional Agencies”.

---

***The Resolution Professional (RP) holds a central position in conducting the CIRP and his role is vital to the efficient operation of the resolution process. The RP acts as a bridge between the debtor and the creditor and plays a significant role in aligning the interests of the CD with those of the creditors. The RP is appointed as an officer of the AA to conduct the resolution process and is vested with various statutory duties and powers.***

According to Section 13(2), the public announcement referred to in Section 13(1)(b) shall be made immediately after the appointment of the interim resolution professional. The explanation to Regulation 6(1) of Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Corporate Persons) Regulations, 2016 prescribes that immediately means three days from the date of his appointment.

Insolvency and Bankruptcy Board of India has made the **Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Corporate Persons) Regulations, 2016** to regulate the insolvency resolution process for corporate persons. These regulations are amended from time to time by the Insolvency and Bankruptcy Board of India.

## Moratorium

Section 14 describes the effect of the moratorium declared under section 13 of the Code. Section 14 reads as follows:

- (1) Subject to provisions of sub-sections (2) and (3), on the insolvency commencement date, the Adjudicating Authority shall by order declare moratorium for prohibiting all of the following, namely:
  - (a) the institution of suits or continuation of pending suits or proceedings against the corporate debtor including execution of any judgement, decree or order in any court of law, tribunal, arbitration panel or other authority;
  - (b) transferring, encumbering, alienating or disposing of by the corporate debtor any of its assets or any legal right or beneficial interest therein;
  - (c) any action to foreclose, recover or enforce any security interest created by the corporate debtor in respect of its property including any action under the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (54 of 2002);
  - (d) the recovery of any property by an owner or lessor where such property is occupied by or in the possession of the corporate debtor.

*Explanation.*– For the purposes of this sub-section, it is hereby clarified that notwithstanding anything contained in any other law for the time being in force, a licence, permit, registration, quota, concession, clearance or a similar grant or right given by the Central Government, State Government, local authority, sectoral regulator or any other authority constituted under any other law for the time being in force, shall not be suspended or terminated on the grounds of insolvency, subject to the condition that there is no default in payment of current dues arising for the use or continuation of the license or a similar grant or right during moratorium period.

- (2) The supply of essential goods or services to the corporate debtor as may be specified shall not be terminated or suspended or interrupted during moratorium period.
- (2A) Where the interim resolution professional or resolution professional, as the case may be, considers the supply of goods or services critical to protect and preserve the value of the corporate debtor and manage the operations of such corporate debtor as a going concern, then the supply of such goods or services shall not be

terminated, suspended or interrupted during the period of moratorium, except where such corporate debtor has not paid dues arising from such supply during the moratorium period or in such circumstances as may be specified.

- (3) The provisions of sub-section (1) shall not apply to –
- (a) such transaction, agreements or other arrangements as may be notified by the Central Government in consultation with any financial sector regulator or any other authority;
  - (b) a surety in a contract of guarantee to a corporate debtor.
- (4) The order of moratorium shall have effect from the date of such order till the completion of the corporate insolvency resolution process:

Provided that where at any time during the corporate insolvency resolution process period, if the Adjudicating Authority approves the resolution plan under sub-section (1) of section 31 or passes an order for liquidation of corporate debtor under section 33, the moratorium shall cease to have effect from the date of such approval or liquidation order, as the case may be.

**Prohibition of certain acts.**– On the insolvency commencement date, the NCLT shall by order declare moratorium for prohibiting all of the following acts:

- (a) the **institution of suits or continuation of pending suits or proceedings** against the corporate debtor including execution of any judgement, decree or order in any court of law, tribunal, arbitration panel or other authority,
- (b) **transferring, encumbering, alienating or disposing of by the corporate debtor any of its assets or any legal right or beneficial interest** therein,
- (c) any **action to foreclose, recover or enforce any security interest** created by the corporate debtor in respect of its property including any action under the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002,
- (d) the **recovery of any property by an owner or lessor** where such property is occupied by or in the possession of the corporate debtor. [Section 14(1)]

The explanation inserted vide The Insolvency and Bankruptcy Code (Amendment) Ordinance, 2019 ensures that the corporate debtor retains its going concern status by protecting the corporate debtor from suspension and/or termination of its licenses/ permits/ concession owing to initiation on insolvency proceedings. However, the corporate debtor should not make any defaults in payment for the use or continuation of such licenses/ permits/ concession.

“Insolvency commencement date” means the date of admission of an application for initiating corporate insolvency resolution process by the Adjudicating Authority under sections 7, 9 or section 10, as the case may be. [Section 5(12)]

**Supply of essential goods or services.**– The supply of essential goods or services to the corporate debtor as may be specified shall not be terminated or suspended or interrupted during the moratorium period. [Section 14(2)]

Access to certain goods and services during the insolvency resolution process may be important for ensuring orderly completion of the proceedings. However, the costs for such goods or services will have to be paid in priority to other costs as part of a resolution plan or during distribution of assets, in case the corporate debtor goes into liquidation.

Section 14(2A) inserted vide The Insolvency and Bankruptcy Code (Amendment) Ordinance, 2019 provides that the supply of goods and services, which as per the RP’s discretion are essential to keep the corporate debtor a going concern and to protect and preserve the value of the corporate debtor, shall not be terminated/ suspended/ interrupted due to the commencement of insolvency process. However, there should not be any delay in payment for such supplies.

**Exclusion of certain acts.**– The provisions of section 14(1) shall not apply to –

- (a) such transactions, agreements or other arrangement as may be notified by the Central Government in consultation with any financial Regulator or any other authority,
- (b) a surety in a contract of guarantee to a corporate debtor. [Section 14(3)]

The Central Government has been given the power to notify transactions (in consultation with the appropriate financial sector regulators or other authorities), which will be exempted from the moratorium in the interest of smooth functioning of the financial markets.

**Effect of order of moratorium.**– The order of moratorium shall have effect from the date of such order till the completion of the corporate insolvency resolution process. Provided that where at any time during the corporate insolvency resolution process period, if the NCLT approves the resolution plan under section 31(1) or passes an order for liquidation of corporate debtor under section 33, the moratorium shall cease to have effect from the date of such approval or liquidation order, as the case may be. [Section 14(4)]

Thus, the moratorium will continue to be in effect till the completion of the corporate insolvency resolution process or the approval of a resolution plan by the adjudicating authority or passing of the order by the Adjudicating Authority for liquidation of the corporate debtor, whichever is earlier.

**Declaration of moratorium serves the following purposes:**

- Ensures that multiple proceedings are not taking place simultaneously and thus avoids the possibility of potentially conflicting outcomes of related proceedings.
- Keeps the corporate debtor's assets together during the insolvency resolution process and facilitates orderly completion of the process.
- Ensures that the company may continue as a going concern while the creditors assess the options for resolution of default.
- Prohibition on disposal of the corporate debtor's assets ensure that the corporate debtor/management does not transfer its assets, thereby stripping the corporate debtor of value during the corporate insolvency resolution process.

### Public Announcement of Corporate Insolvency Resolution Process

The Board shall recommend the name of a resolution professional who meets the criteria stipulated in Clause 16(3) within **ten days** from the receipt of the reference. [Section 16(4)]

Section 17(1) of the Code provides that from the date of appointment of the Interim Resolution Professional,

- (a) the management of the affairs of the corporate debtor shall vest in the interim resolution professional,
- (b) the powers of the board of directors or the partners of the corporate debtor, as the case may be, shall stand suspended and be exercised by the interim resolution professional,
- (c) the officers and managers of the corporate debtor shall report to the interim resolution professional and provide access to such documents and records of the corporate debtor as may be required by the interim resolution professional,
- (d) the financial institutions maintaining accounts of the corporate debtor shall act on the instructions of the interim resolution professional in relation to such accounts and furnish all information relating to the corporate debtor available with them to the interim resolution professional.

In the case of *M/s. Subasri Realty Private Limited v. Mr. N. Subramanian & Anr*, the NCLAT directed that after the appointment of the RP and declaration of moratorium, the Board of Directors stands suspended, but that does not amount to a suspension of Managing Director, or any of the directors or officers or employees of the Corporate Debtor ('CD'). To ensure that the CD remains a going concern, all the directors/employees are required to function and to assist the RP who manages the affairs of the CD during the moratorium. If one or other officer or employee had the power to sign a cheque on behalf of the CD prior to the order of moratorium, such power does not stand suspended on suspension of Board of Directors nor can it be taken away by the RP. If the person empowered to sign cheque refuses to function on the direction of the RP or misuse the power, it is always open to the RP to take away such power, after issuing notice to the person concerned.

Section 17(2) of the Code further provides that the interim resolution professional vested with the management of the corporate debtor, shall

- (a) act and execute in the name and on behalf of the corporate debtor all deeds, receipts, and other documents, if any,
- (b) take such actions, in the manner and subject to such restrictions, as may be specified by the Board,
- (c) have the authority to access the electronic records of corporate debtor from information utility having financial information of the corporate debtor,
- (d) have the authority to access the books of accounts, records and other relevant documents of corporate debtor available with government authorities, statutory auditors, accountants and such other persons as may be specified, and
- (e) be responsible for complying with the requirements under any law for the time being in force on behalf of the corporate debtor.

Thus, section 17 lists out the various powers that an interim resolution professional shall have, including the power to do all acts and execute documents in the name of the corporate debtor as these powers are important for effective discharge of his responsibilities.

The Insolvency and Bankruptcy Code (Second Amendment) Act, 2018 has added clause (e) in sub-section 2 of section 17 to provide that the interim resolution professional shall be responsible for complying with the statutory requirements under applicable laws while managing the affairs of the corporate debtor.

Section 17 has been inserted keeping in mind the experience of a debtor-in-possession regime under **the Sick Industrial Companies (Special Provisions) Act, 1985**. Various committee reports which had analysed the provisions of the Sick Industrial Companies (Special Provisions) Act, 1985 had highlighted the debtor-in- possession regime as one of its fatal flaws. A debtor-in-possession regime which allows the existing management to remain in possession during the resolution process gives incentives to the management to propose and implement risky rescue measures, as the costs of failure (leading to liquidation) would largely be borne by creditors.

**The Sick Industrial Companies (Special Provisions) Act, 1985** now stands **repealed** (with effect from **1st December 2016**) as the Sick Industrial Companies (Special Provisions) Repeal Act, 2003 has been notified by the Government.

### Personnel to Extend Co-operation to Interim Resolution Professional

Section 19 imposes an obligation on the personnel, promoters and any other person associated with the management of the corporate debtor to extend all assistance and cooperation required by the Interim Resolution Professional in the management of the affairs of the corporate debtor. Where the personnel of the corporate debtor, promoter or any other person required to co-operate with the interim resolution professional do not extend cooperation or assistance to the interim resolution professional, the interim resolution professional may apply to the adjudicating

authority for an order. The adjudicating authority may, by order, direct the person to comply with the instructions of the interim resolution professional or to provide information to the interim resolution professional.

**“Personnel”** includes the directors, managers, key managerial personnel, designated partners and employees, if any, of the corporate debtor. [Section 5(23)]

**Personnel, promoters or any other person associated with the management** – The personnel of the corporate debtor, its promoters or any other person associated with the management of the corporate debtor shall extend all assistance and cooperation to the interim resolution professional as may be required by him in managing the affairs of the corporate debtor. [Section 19(1)]

**Application to Adjudicating Authority for necessary directions** – Where any personnel of the corporate debtor, its promoter or any other person required to assist or cooperate with the interim resolution professional does not assist or cooperate, the interim resolution professional may make an application to the Adjudicating Authority for necessary directions. [Section 19(2)]

**Order by Adjudicating Authority** – The Adjudicating Authority, on receiving an application under sub-section (2), shall by an order, direct such personnel or other person to comply with the instructions of the resolution professional and to cooperate with him in collection of information and management of the corporate debtor. [Section 19(3)]

### Management of Operations of Corporate Debtor as Going Concern

Section 20 of the Code lays down that the Interim Resolution Professional has to manage the operations of the corporate debtor as a going concern to enable him to protect and preserve the value of the property of the corporate debtor. Section 20 of the Code reads as follows:

- (1) The interim resolution professional shall make every endeavour to protect and preserve the value of the property of the corporate debtor and manage the operations of the corporate debtor as a going concern.
- (2) For the purposes of sub-section (1), the interim resolution professional shall have the authority-
  - (a) to appoint accountants, legal or other professionals as may be necessary;
  - (b) to enter into contracts on behalf of the corporate debtor or to amend or modify the contracts or transactions which were entered into before the commencement of corporate insolvency resolution process;
  - (c) to raise interim finance provided that no security interest shall be created over any encumbered property of the corporate debtor without the prior consent of the creditors whose debt is secured over such encumbered property:  
 Provided that no prior consent of the creditor shall be required where the value of such property is not less than the amount equivalent to twice the amount of the debt.
  - (d) to issue instructions to personnel of the corporate debtor as may be necessary for keeping the corporate debtor as a going concern; and
  - (e) to take all such actions as are necessary to keep the corporate debtor as a going concern.”

**Manage operations of corporate debtor as a going concern** – The interim resolution professional shall make every endeavour to protect and preserve the value of the property of the corporate debtor and manage the operations of the corporate debtor as a going concern. [Section 20(1)]

**Authority of Interim Resolution Professional** – In order to protect and preserve the value of the property of the corporate debtor and manage the operations of the corporate debtor as a going concern, the Interim Resolution Professional shall have the following authority:

- (a) to appoint accountants, legal or other professionals,
- (b) to enter into contracts on behalf of the corporate debtor or to amend or modify the contracts or transactions which were entered into before the commencement of corporate insolvency resolution process,

- (c) to raise **interim finance** provided that no security interest shall be created over any encumbered property of the corporate debtor without the prior consent of the creditors whose debt is secured over such encumbered property,
- (d) to issue instructions to personnel of the corporate debtor as may be necessary for keeping the corporate debtor as a going concern, and
- (e) to take all such actions as are necessary to keep the corporate debtor as a going concern. [Section 20(1)]

**Interim Finance** – The Interim Resolution Professional has the power to raise interim finance as well as to enter into, amend or modify contracts on behalf of the corporate debtor. Clause (c) of sub-section (2) to section 20 provides that the Interim Resolution Professional shall have the authority to raise interim finance provided that no security interest shall be created over any encumbered property of the corporate debtor without the prior consent of the creditors whose debt is secured over such encumbered property. Thus, any interim finance raised by providing security of an encumbered property of the corporate debtor will require prior permission of the concerned creditor.

The proviso appended to clause (c) of sub-section (2) to section 20 clarifies that no prior consent of the creditor shall be required where the value of such property is not less than the amount equivalent to twice the amount of the debt.

- **“Interim finance”** means any financial debt raised by the resolution professional during the insolvency resolution process period and such other debt as may be notified [Section 5(15)] [The term “and such other debt as may be notified” was included vide the The Insolvency and Bankruptcy Code (Amendment) Ordinance, 2019 which had widened the term of interim finance by including other debts within its ambit]
- Amount of any interim finance and the costs incurred in raising such finance is included in the **“insolvency resolution process costs”** [Section 5(13)]
- In case the corporate debtor goes into liquidation, the insolvency resolution process costs which includes interim finance and the costs incurred in raising such finance are paid from the sale of the liquidation assets in **priority** during the distribution of assets [Section 53]

Section 20 of the Code makes provision for raising interim finance while managing the operations of the corporate debtor as a going concern. A company which enters the insolvency resolution proceedings finds it extremely difficult to obtain credit, as lenders are often hesitant to lend to a troubled debtor. In order to address this issue, such interim finance is treated as a part of the insolvency resolution costs and is repaid in priority to other debt as part of resolution plan. Such priority also applies in distribution of assets in case the corporate debtor goes into liquidation.

### Appointment of Resolution Professional

One of the main functions of the committee of creditors (constituted by the Interim Resolution Professional under section 21 of the Code) is the appointment of the Resolution Professional.

**Appointment of Interim Resolution Professional** – Section 22 provides that at the first meeting of the committee of creditors which is held within seven days of its constitution, the committee of creditors by a majority vote of not less than sixty-six per cent of the voting share of the financial creditors, may either resolve to appoint the interim resolution professional as a resolution professional or to replace the interim resolution professional by another resolution professional. [Section 22(1) and Section 22(2)]

**Communication of decision** – According to clause (a) of sub-section 3 of section 22, where the committee of creditors resolves to continue the interim resolution professional as resolution professional, it shall communicate its decision to the interim resolution professional, the corporate debtor and the Adjudicating Authority. The appointment of interim resolution professional as resolution professional will be subject to a written consent from the interim resolution professional in the specified form.

**Application before Adjudicating Authority** – In case, if the committee of creditors resolves to replace the interim resolution professional, it shall file an application before the Adjudicating Authority for the appointment of the proposed resolution professional along with a written consent from the proposed resolution professional in the specified form. [Section 22(3)(b)]

**Confirmation by Insolvency and Bankruptcy Board** – The Adjudicating Authority shall forward the name of the resolution professional proposed under clause (b) of sub-section (3) to the Board for its confirmation and shall make such appointment after confirmation by the Board. [Section 22(4)]

If the Board does not confirm the name of the proposed resolution professional within ten days of the receipt of the name of the proposed resolution professional, the Adjudicating Authority shall, by order, direct the interim resolution professional to continue to function as the resolution professional until such time as the Board confirms the appointment of the proposed resolution professional. [Section 22(5)]

**The Insolvency and Bankruptcy Code (Second Amendment) Act, 2018** amended section 22 of the Code to provide for reduced voting threshold of sixty-six percent in place of seventy-five percent for obtaining the approval of the committee of creditors for appointment of resolution professional. The Second Amendment Act of 2018 has also amended sub-section (3) so as to require a written consent from the interim resolution professional in specified form before his appointment.

### Eligibility for Resolution Professional

Regulation 3 of the Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Corporate Persons) Regulations, 2016 lays down the following eligibility criteria for a resolution professional:

- (3) A resolution professional, who is a director or a partner of an insolvency professional entity, shall not continue as a resolution professional in a corporate insolvency resolution process if the insolvency professional entity or any other partner or director of such insolvency professional entity represents any of the other stakeholders in the same corporate insolvency resolution process.

### Resolution Professional to Conduct Corporate Insolvency Resolution Process

Section 23 provides that the resolution professional shall be responsible for carrying out the entire corporate insolvency resolution process and managing the operations of the corporate debtor during such process. For this purpose, the resolution professional shall exercise powers and perform duties as are vested or conferred on the interim resolution professional under Chapter II of Part II of the Code.

Section 23 also provides that where the resolution professional is appointed, under sub-section (4) of section 22, by the adjudicating authority upon confirmation by the Board, the interim resolution professional shall provide all the information, documents and records pertaining to the corporate debtor in his possession and knowledge to the resolution professional.

Section 23 of the Code reads as follows:

- (1) Subject to section 27, the resolution professional shall conduct the entire corporate insolvency resolution process and manage the operations of the corporate debtor during the corporate insolvency resolution process period:

- (2) The resolution professional shall exercise powers and perform duties as are vested or conferred on the interim resolution professional under this Chapter.
- (3) In case of any appointment of a resolution professional under sub-sections (4) of section 22, the interim resolution professional shall provide all the information, documents and records pertaining to the corporate debtor in his possession and knowledge to the resolution professional.

***Managing the affairs of the Corporate Debt or during the period between conclusion of CIRP and implementation of the successful resolution plan/ commencement of liquidation shall be the responsibility of the RP.***

***In the matter of Asset Reconstruction Company (India) Pvt. Ltd. Vs. Shivam Water Treatment Pvt. Ltd., order dated January 16, 2019, the AA held that an RP is acting as an officer of the court and any hindrance in the working of the CIRP will amount to contempt of court. Further, in its order dated February 18, 2019, in the same matter, the AA once again clarified that the RP is discharging his/her duties as court officer and any non-compliance with the court officer's directives will be deemed as contempt of court. An IP is the driving force and the nerve center in the insolvency proceeding of a CD.***

### **Duties of Resolution Professional**

Section 25 sets out the duty of resolution professional to preserve and protect the assets of the corporate debtor, including the continued business operations of the corporate debtor and lays down the functions he may perform for the same. [Section 25(1)]

Section 25(2) provides that in order to preserve and protect the assets of the corporate debtor, including the continued business operations of the corporate debtor, the resolution professional shall undertake the following actions:

- (a) take immediate custody and control of all the assets of the corporate debtor, including the business records of the corporate debtor,

***Hon'ble Supreme Court of India in the matter of Arcelor Mittal India Private Limited Vs. Satish Kumar Gupta and Ors. arising from Corporate Insolvency Resolution Process (CIRP) of Essar Steel India Limited (Civil Appeal Nos. 9402 - 9405 of 2018) Judgment dated 4th October, 2018 observed that the importance of the Resolution Professional is to ensure that a resolution plan is complete in all respects, and to conduct a due diligence in order to report to the Committee of Creditors whether or not it is in order. Even though it is not necessary for the Resolution Professional to give reasons while submitting a resolution plan to the Committee of Creditors, it would be in the fitness of things if he appends the due diligence report carried out by him with respect to each of the resolution plans under consideration, and to state briefly as to why it does or does not conform to the law.***

### Replacement of Resolution Professional by Committee of Creditors

Section 27 provides that a resolution professional may be replaced at any time during the corporate insolvency resolution process by the committee of creditors by a sixty-six percent majority of voting shares.

Section 27 of the Code reads as follows:

- (1) Where, at any time during the corporate insolvency resolution process, the committee or creditors is of the opinion that a resolution professional appointed under section 22 is required to be replaced, it may replace him with another resolution professional in the manner provided under this section.
- (2) The committee of creditors may, at a meeting, by a vote of **sixty-six per cent of voting shares**, resolve to replace the resolution professional appointed under section 22 with another resolution professional, subject to a written consent from the proposed resolution professional in the specified form.
- (3) The committee of creditors shall forward the name of the insolvency professional proposed by them to the Adjudicating Authority.
- (4) The Adjudicating Authority shall forward the name of the proposed resolution professional to the Board for its confirmation and a resolution professional shall be appointed in the same manner as laid down in section 16.
- (5) Where any disciplinary proceedings are pending against the proposed resolution professional under sub-section (3), the resolution professional appointed under section 22 shall continue till the appointment of another resolution professional under this section.”

*The power under section 27 assumes significance particularly in a corporate insolvency resolution process initiated by a corporate debtor where the corporate debtor has appointed a resolution professional of its choice. The committee of creditors has the right to replace such resolution professional if they suspect collusion between the resolution professional and corporate debtor/management.*

### Preparation of Information Memorandum

Section 29 read with Regulation 36 of the Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Corporate Persons) Regulations, 2016 lays down the preparation of an information memorandum as one of the main functions of the resolution professional. An information memorandum is envisaged to be prepared in order for the resolution applicants (market participants) to provide solutions for resolving the insolvency of the corporate debtor.

Section 29(1) provides that the resolution professional shall prepare an information memorandum in such form and manner containing such relevant information as may be specified by the Board for formulating a resolution plan.

Section 29(2) further provides that the resolution professional shall provide to the resolution applicant access to all relevant information in physical and electronic form, provided such resolution applicant undertakes:

- (a) to comply with provisions of law for the time being in force relating to confidentiality and insider trading,
- (b) to protect any intellectual property of the corporate debtor it may have access to, and
- (c) not to share relevant information with third parties unless clauses (a) and (b) of this sub-section are complied with.

The Explanation appended to Section 29 clarifies that for the purposes of this section, “**relevant information**” means the information required by the resolution applicant to make the resolution plan for the corporate debtor, which shall include the financial position of the corporate debtor, all information related to disputes by or against the corporate debtor and any other matter pertaining to the corporate debtor as may be specified.

“Resolution applicant” means a person, who individually or jointly with any other person, submits a resolution plan to the resolution professional pursuant to the invitation made under clause (h) of sub-section (2) of section 25 [Section 5(25)]

Regulation 36 of the Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Corporate Persons) Regulations, 2016 states the following:

- (1) Subject to sub-regulation (4), the resolution professional shall submit the information memorandum in electronic form to each member of the committee within two weeks of his appointment, but not later than fifty fourth day from the insolvency commencement date, whichever is earlier.
- (2) The information memorandum shall contain the following details of the corporate debtor-

- (a) assets and liabilities with such description, as on the insolvency commencement date, as are generally necessary for ascertaining their values;

*Explanation:* ‘Description’ includes the details such as date of acquisition, cost of acquisition, remaining useful life, identification number, depreciation charged, book value, and any other relevant details.

- (b) the latest annual financial statements;
- (c) audited financial statements of the corporate debtor for the last two financial years and provisional financial statements for the current financial year made up to a date not earlier than fourteen days from the date of the application;
- (d) a list of creditors containing the names of creditors, the amounts claimed by them, the amount of their claims admitted and the security interest, if any, in respect of such claims;
- (e) particulars of a debt due from or to the corporate debtor with respect to related parties;
- (f) details of guarantees that have been given in relation to the debts of the corporate debtor by other persons, specifying which of the guarantors is a related party;
- (g) the names and addresses of the members or partners holding at least one per cent stake in the corporate debtor along with the size of stake;
- (h) details of all material litigation and an ongoing investigation or proceeding initiated by Government and statutory authorities;
- (i) the number of workers and employees and liabilities of the corporate debtor towards them;
- (j) [omitted by Notification No. IBBI/2017-18/GN/REG022, dated 31st December, 2017 (w.e.f. 31-12- 2017). Prior to its omission, it stood as “(j) the liquidation value;”]

- (k) [omitted by Notification No. IBBI/2017-18/ GN/ REG022, dated 31st December, 2017 (w.e.f. 31-12-2017). Prior to its omission, it stood as, “[k] the liquidation value due to operational creditors;”]
  - (l) other information, which the resolution professional deems relevant to the committee.
- (3) A member of the committee may request the resolution professional for further information of the nature described in this Regulation and the resolution professional shall provide such information to all members within reasonable time if such information has a bearing on the resolution plan.
- (4) The resolution professional shall share the information memorandum after receiving an undertaking from a member of the committee to the effect that such member or resolution applicant shall maintain confidentiality of the information and shall not use such information to cause an undue gain or undue loss to itself or any other person and comply with the requirements under sub-section (2) of section 29.

Section 233 of the IBC states that no suit, prosecution, or other legal proceeding may be brought against an IP or liquidator for anything done or intended to be done in good faith and according to the IBC's rules and regulations. The IP is thus accorded statutory protection for his/her actions.

### Mistakes committed by insolvency professionals in conduct of corporate insolvency resolution process

Insolvency and Bankruptcy Board of India vide its Facilitation letter on Mistake Committed by IPs dated 13th November, 2020 stated that the Central Government has been steering deep economic reforms to make India a great place to do business. It swiftly established a modern insolvency regime to revive companies in stress and thereby promote competition and innovation at marketplace, and enhance entrepreneurship and credit availability in the economy.

The Insolvency and Bankruptcy Code, 2016 (Code) provides a market process, popularly known as called corporate insolvency resolution process (CIRP), for time bound revival of viable corporate debtors (CD) and closure of unviable ones. An insolvency professional (IP) is a key driver of CIRP - he acts as interim resolution professional (IRP) in the initial days of CIRP and then as resolution professional (RP) till its completion. He runs the operations of the CD as going concern and assists the stakeholders to find out the best resolution plan, while protecting and preserving the value of assets of the CD and ensuring compliance with all the applicable laws to the business of the CD and the CIRP. The law facilitates and empowers the IP to discharge his responsibilities effectively.

The IBBI and Insolvency Professional Agencies (IPAs) have come across some mistakes being committed by some of the IPs in conduct of CIRPs. These mistakes are costs to the CD and the economy, and often amount to contravention of provisions of the law. Most of these are probably unintentional and can be avoided with a little more care and diligence. This communication lists out a few such mistakes with a hope that these will not be committed by any IP, pre-empting the IBBI/IPA to initiate any disciplinary action.

- (a) **Assignment without having Authorisation:** Regulation 7A of the IBBI (Insolvency Professionals) Regulations, 2016 (IP Regulations) requires that an IP shall not accept or undertake any assignment, including CIRP, unless he holds an authorisation for assignment (AFA) on the date of such acceptance or commencement of such assignment, as the case may be. The bye-laws of the IPAs provide that, if the AFA is not issued, renewed or rejected by the IPA within 15 days of the date of receipt of application, the authorisation shall be deemed to have been issued or renewed, as the case may be, by the IPA. The IBBI has made available an IT facility for the IPs to apply for the issuance or renewal of AFA and the IPAs to issue or renew AFAs, as the case may be, in a time bound manner. There are, however, instances where an IP undertook CIRP without having an AFA and in some cases, without even applying for an AFA, in contravention of the provisions of law.
- (b) **Fee payable to IP:** The Code of Conduct for IPs under the IP Regulations require that an IP must provide services for remuneration which is charged in a transparent manner, and is a reasonable reflection of the work necessarily and properly undertaken. Regulation 33 of the IBBI (Insolvency Resolution Process for Corporate Persons) Regulations, 2016 (CIRP Regulations) requires that the applicant shall fix the expenses to be incurred

on or by the IRP. Regulation 34 requires that the committee of creditors (CoC) shall fix the expenses to be incurred on or by the RP. Regulation 39D requires the CoC to fix the fee payable to the liquidator, in the event the CD proceeds for liquidation. It is, however, observed that in a few cases, the fee payable to an IP was not fixed beforehand and the IP drew a fee on his own without approval of such fee from the competent authority, in contravention of the provisions of law.

- (c) **Application for cooperation:** A CIRP requires cooperation of the CD, and its promoters, suspended directors, and management. However, co-operation may not be forthcoming in all cases. Section 19 of the Code, therefore, enables the IRP/RP to file an application to the Adjudicating Authority (AA) in case of non-co-operation for direction to such persons to comply with the instructions of the IRP/RP and to co-operate with him. Since time is the essence of a CIRP, the IRP /RP must act with promptitude and file the application, wherever required, without any procrastination. There are instances where the IRP / RP failed to file such applications or filed it so late that it lost its purpose and effectiveness. Any delay in filing applications despite continuing non-cooperation may reflect undue influence of promoters on the IP, and endanger the life of the CD.
- (d) **Public announcement:** Section 15 of the Code read with regulation 6 of the CIRP Regulations requires the IRP to make a public announcement of commencement of CIRP within three days of his appointment. Such announcement is required to be made in one English and one regional language paper with wide circulation at the location of the registered office and principal office of the CD. This enables the creditors to submit claims to the IRP and consideration of such claims by the authorised stakeholders while resolving stress of the CD. There are instances where the IRP did not make public announcement promptly on his appointment, or made it later, or made it in one newspaper, or made it in one English newspaper having circulation at the location of the CD. This not only puts the CIRP at risk, but also deprives the stakeholders of their legitimate rights.
- (e) **Updating of list of claims:** Section 25(2)(e) read with regulation 13 of the CIRP Regulations mandates that the IRP/RP shall verify every claim as per time line and maintain a list of creditors containing their names along with the amount claimed by them, the amount of their claims admitted and the security interest, if any, in respect of such claims, update the list and display it on the website, if any, of the CD. There are instances where some IRPs/RPs did not display the list of creditors on the web site of the CD and in some cases, did not update it. This increases queries and complaints about the status of claims, impacts transparency and compromises interests of stakeholders.
- (f) **Authority of CoC:** The Code read with Regulations has specified responsibilities of an IP and of the CoC in a CIRP. These require decisions on several matters by the CoC with the required majority of voting share. No creditor, whether secured or unsecured, irrespective of its voting power or share, or no pool of creditors such as Joint Lenders' Forum is a substitute of the CoC. It has been observed in a few cases that an IP took directions of a creditor having significant voting power or a pool of creditors. This compromises the independence of IP and amounts to contravention of the provisions of the Code.
- (g) **Appointment of professionals:** It is the duty of the RP to preserve and protect the assets of the CD, including continuing its business operations. Section 25(2) of the Code empowers an RP to appoint accountants, legal or other professionals for this purpose. Clause 23B of the Code of Conduct under the IP Regulations prohibits an IP from engaging or appointing any of his relatives or related parties for or in connection with any work relating to any of his assignment. An IP is, therefore, required to satisfy himself that there is a need for services of a professional; such services are not available within the CD; the person is qualified to render professional service; the professional to be appointed is suitable for the purpose; the professional is not a relative or related party of the IP; the fee to be paid to the professional is reasonable; etc. He needs to apply his mind to these and other related aspects while appointing a professional. He must not appoint any person who is not a professional, or who is his relative or a related party, or who is choice of a stakeholder. He must not appoint a professional to provide services to a stakeholder, or a professional because a stakeholder wants that professional to be appointed. There are instances where the RP appointed a professional who is the choice of a stakeholder or a person who is not a professional for professional services. This compromises the independence of the IP as well as that of the professionals and imposes avoidable cost on the CD and other stakeholders.

- (h) **Appointment of registered valuers:** Regulation 27 of the CIRP Regulations envisages estimation of fair value and liquidation value of the assets of the CD. These values serve as reference for evaluation of choices, including liquidation, and selection of the choice that decides the fate of the CD, and consequently of the stakeholders. A wrong valuation may liquidate an otherwise viable CD, which may be disastrous for an economy. Given the importance of valuation in CIRP, the CIRP Regulations require that fair value and liquidation value of the CD shall be determined by two registered valuers (RVs) and it is the duty of the RP to appoint RVs only. There are, however, a few instances where the RP appointed persons other than RVs for conduct of valuations and in some cases, appointed only one RV instead of two. This indicates lack of due diligence and sincerity of the IP and probably demonstrates mala fide intent in some cases to get a valuation done to subserve certain interests. This potentially risks the life of the CD and adversely affects the interests of stakeholders, and drives out qualified and regulated valuation professionals out of practice.
- (i) **Payment for professional services:** An IP and every other professional he appoints are independent professionals. They need to be paid reasonable fee commensurate to their services and such fee must be agreed before the appointment. The IP or professional concerned must raise bills / invoices in his name towards such fee, and such fee must be credited to his bank account. Any payment of fee for the services of an IP or any other professional appointed by the IP to any person other than the IP or such other professional, as the case may be, does not form part of the insolvency resolution process cost (IRPC). There are, however, a few instances where fee was paid to a person other than the IP or the professional concerned. This impacts transparency and cleanliness of the process while diluting professional accountability.
- (j) **Disclosure of fee and relationship:** The CIRP Regulations require the IRP / RP to make relationship and cost disclosures in the manner required by IBBI. It is the duty of an IP to disclose the fee payable to him as well as the fee payable to professionals engaged by him while performing the duties as an IP. It is also his duty to disclose the relationship he has with the professionals engaged by him. This ensures transparency and enables the stakeholders to take informed decisions. Failure to disclose these details creates a suspicion in the mind of stakeholders about impartiality and objectivity of the IP and possibly, conflict of interests, he may have.
- (k) **Fee for authorised representatives:** Regulation 16A of the CIRP Regulations entitles an authorised representative (AR) of creditors in a class to receive the specified amount of fee for every meeting of the CoC attended by him. It is, however, observed that ARs in a few CIRPs were paid an amount different from what is permissible under the Regulations. It is also observed that an AR engaged others, whether professionals or not, and such other persons attended the meetings of the CoC with the AR. Engagement of other persons by an AR, payment for services of such other persons, attendance of such persons in the meetings of the CoC, and payment of a different amount than permissible under the Regulations to an AR are in contravention of the law by the IRP/RP as well as of the AR.
- (l) **Representation in judicial proceedings:** Section 25(2)(b) of the Code mandates RP to represent and act on behalf of the CD with third parties, and exercise rights for the benefit of the CD in judicial, quasi-judicial or arbitration proceedings. There are instances where the IP failed to represent the CD in judicial proceedings. Failure to do so compromises the duties of the RP to preserve and protect the interests of the CD, in addition to compromising the objective of value maximisation of the Code.
- (m) **Related party transactions:** Section 28 of the Code requires the RP to take prior approval of the CoC before undertaking any related party transactions during the CIRP. Any such transaction without approval of the CoC is void. There are instances where the IP failed to take approval of the CoC before undertaking such transactions. This puts the transaction at risk and compromises the objective of value maximisation through CIRP and may reflect the intention of the RP to give undue advantage to a related party.
- (n) **Payment to creditors during CIRP:** The Code requires every creditor to submit claims as on insolvency commencement date (ICD) to the IRP. Section 14 of the Code prohibits settlement of any such claim during CIRP and requires the resolution plan to deal with them together in the manner decided by the CoC subject to section 30(2) of the Code. Section 53 of the Code provides a waterfall for distribution of liquidation proceeds if the CIRP yields liquidation. Therefore, the IRP / RP cannot clear the dues of any creditor during the CIRP, as this

amounts to giving preferential treatment to one creditor over others and thereby alters the priority mandated under the Code. He cannot also allow any creditor, who is having custody of funds of the CD, to appropriate it towards its own dues. There are instances where the RP allowed payment of dues outstanding as on the ICD to some creditors during CIRP. This not only impacts the interests of remaining creditors but also may be seen as compromising independence and integrity of the IP.

- (o) **Avoidance transactions:** The Code read with the CIRP Regulations casts a duty on the RP to file applications in respect of avoidance transactions (preferential, undervalued, extortionate and fraudulent transactions) for appropriate directions with a view to claw back the value lost in these transactions. He is required to form an opinion on such transactions within 75 days of the ICD and to file applications to the AA within 135 days of the ICD. There are instances where the RP failed to independently apply mind to such transactions and file applications in respect of them. In a few cases, he allowed himself to be directed by the CoC or stakeholders. This may reflect serious dereliction of duty and breach of trust in addition to depriving the stakeholders of their legitimate dues.
- (p) **Supply of information:** The success of CIRP largely hinges on availability of information to relevant stakeholders, particularly the CoC and the resolution applicants (RAs). Section 29 of the Code casts a duty on the RP to provide access to all relevant information to prospective RAs in physical and electronic form. Regulation 36 of the CIRP Regulations requires the RP to provide information memorandum in electronic form to each member of the CoC. However, in few instances, it has been observed that RPs did not provide the relevant information to prospective RAs and members of the CoC. This compromises the possibility of revival of the CD in contravention to the provisions of the Code.
- (q) **Confidentiality undertaking:** The Code requires the RP to provide access to all relevant information of CD to the RA subject to the RA undertaking to comply with the confidentiality requirements. The CIRP Regulations require the RP to obtain an undertaking of confidentiality from every prospective RA and every member of the CoC before sharing the information memorandum. These also require the RP to obtain an undertaking of confidentiality from every member of the CoC before sharing with them the report of the RVs containing details of fair and liquidation value of the CD. There are instances where the RP shared the documents with the members of the CoC and/or prospective RAs without obtaining the required undertaking. This exposes the CD to risks such as insider trading or weakens its competitive position in the market. This may reflect intention of the IP to provide privileged access to some persons at the cost of others and compromise value maximisation.
- (r) **Disclosure of information:** The Code read with Regulations requires disclosure of certain information such as commencement of CIRP and details list of creditors in public domain. These envisage supply of certain information like information memorandum, evaluation matrix, agenda of the meetings of the CoC, etc. to entitled persons, often after taking a confidentiality undertaking. The details of valuation are required to be disclosed to every member of the CoC in electronic form, on receiving a confidentiality undertaking. Thus, information and documents need to be disclosed or supplied to entitled persons, in the specified manner, at the specified time, after meeting the specified requirements. It has been observed that in a few cases, certain information meant for entitled stakeholders were disclosed in public domain, or certain information meant for public were not disclosed in public domain, or certain information were disclosed before or after the time specified in the law.
- (s) **Window for views:** Regulation 16A (9) of the CIRP Regulations mandates that an AR shall circulate the agenda to creditors in a class, and may seek their preliminary views on any item in the agenda to enable him to effectively participate in the meeting of the CoC. The creditors have a time window of at least 12 hours to submit their preliminary views, and the said window must open at least 24 hours after the AR has sought preliminary views. Further, regulation 25(6) of the CIRP Regulations requires the AR to circulate the minutes of the meeting to creditors in a class and announce the voting window at least 24 hours before the window opens for voting instructions and keep the voting window open for at least 12 hours. It is observed that such timelines were not adhered to in a few cases and voting window remained open for a period shorter than that is provided in the Regulations or for unusually long periods. This may create suspicion about the intention of the IP and may deprive a creditor of its right to vote.

- (t) **Circulation of minutes:** The CoC is the authority to decide various matters in a CIRP, including approval or rejection of a resolution plan. It takes decisions through its meetings and its decisions are reflected in the minutes of its meetings. The CIRP Regulations, therefore, require the RP to circulate the minutes of the meetings by electronic means to members of CoC and ARs, if any, within 48 hours of the conclusion of the meeting. There are instances where the IRP/RP failed to record and circulate minutes promptly or did it late. This may reflect poorly on the competence and integrity of the IP and cause delay in critical decisions.
- (u) **Inclusion of costs in IRPC:** Section 5(13) of the Code read with regulation 31 of the CIRP Regulations specifies what is included in IRPC. It includes only those costs which are necessary for a CIRP. The law does not allow inclusion of any other cost in IRPC. A member of CoC may incur costs to travel to attend the meetings of the CoC; the CoC may incur costs to obtain a legal advice or in engaging a professional; the CD may have incurred a cost before ICD; the RP may pay a penalty for non-compliance with any law during CIRP; etc. There are instances where such costs were included in the IRPC. This may reflect undue influence of beneficiaries on the IP, in addition to causing diminution of value of the CD.
- (v) **Compliance with applicable laws:** Section 17(2)(e) of the Code mandates the IRP/RP to comply with the requirements under any law for the time being in force on behalf of the CD. Any non-compliance has a cost to the CD and its stakeholders and attracts penal consequences. For example, a listed company has several continuing obligations under the securities laws. Failure to discharge these obligations compromises the interests of investors in securities. This amounts to contravention not only of securities laws, but also of the provisions of the Code. The IRP/RP is responsible for the non-compliance of the provisions of the applicable laws if it is on account of his conduct. There are, however, instances where an IRP/RP failed to comply with requirements of various laws. This reflects lack of competence and professionalism of the IP, compromises the interests of stakeholders, and burdens the CD with the liabilities for failure of the IP to make compliances.
- (w) **Timeline:** The Code read with Regulations specifies timeline for each task in a CIRP, as well as overall timeline. It is the duty of the IRP/RP to ensure that every task in the CIRP is completed in time unless directed otherwise by a competent authority. There are instances where the IP failed to adhere to specified timelines. This endangers the life of the CD, compromises the interests of stakeholders, and frustrates the objectives of the Code.
- (x) **Compliance with orders:** The AA issues directions from time to time to facilitate smooth conduct of CIRP, generally based on applications by the parties. The proceedings before the AA are judicial proceedings and its directions are orders of the Court. Any non-compliance with any of their orders may amount to contempt of court. There are a few instances where the RP failed to comply with directions of the AA. Such disregard of the order of the AA may jeopardise the CIRP, impact the interests of stakeholders and drain scarce judicial resources.
- (y) **Maintenance of records:** Regulation 39A of the CIRP Regulations requires an IRP/RP to preserve a physical as well as an electronic copy of the records relating to CIRP of the CD. Further, regulation 7(2)(g) of the IP Regulations requires an IP to maintain records of all assignments undertaken by him under the Code for at least three years from the completion of such assignment. It has been observed that in a few cases an IP failed to produce complete records in respect of CIRPs conducted by him. This suggests the possibility of failure to comply with the relevant provisions of law as well as lack of transparency.
- (z) **Co-operation with the Inspecting Authority:** The Code enables the IBBI and the IPA to monitor conduct and performance of the IPs. Inspection is a typical means of monitoring. The IBBI appoints an Inspecting Authority (IA) to conduct an inspection of an IP. It is the duty of the IP to give all assistance to the IA, produce all records in his custody or control, and furnish all statements and information which the IA may require. There are instances where an IP failed to cooperate with the IA, did not produce documents and records promptly and prolonged inspection on some excuse or the other. This may be construed as a hindrance to the functioning of the IBBI or the IPA, as the case may be, and compromise of interests of stakeholders.

## MAJOR CASE STUDIES ON RP & IRP

### 1. Lawyer can issue Demand Notice on behalf of Operational Creditor

In the matter of *Macquarie Bank Limited v. Shilpi Cable Technologies Ltd.*, the Supreme Court settled the legal proposition under the Insolvency and Bankruptcy Code, 2016 to hold that:

- (i) Section 9(3)(c) of the Code is directory and not mandatory in nature
- (ii) Demand notice under the Code can be issued by the Lawyer on behalf of the operational creditor

The two issues that were raised in this case pertained to Insolvency and Bankruptcy Code, 2016. Firstly, whether, in relation to an operational debt, the provision contained in Section 9(3)(c) of the Code is mandatory and secondly, whether a demand notice of an unpaid operational debt can be issued by a lawyer on behalf of the operational creditor.

With reference to the aforesaid issues, two-Judge Bench of the Supreme Court made the following observations:

- (i) Under section 9(3)(c) of the Code a copy of the certificate from the financial institution maintaining accounts of the operational creditor confirming that there is no payment of an unpaid operational debt by the corporate debtor is certainly not a condition precedent to triggering the insolvency process under the Code. The expression “confirming” makes it clear that this is only a piece of evidence, albeit a very important piece of evidence, which only “confirms” that there is no payment of an unpaid operational debt. Therefore, section 9(3)(c) of the Code would have to be construed as being directory in nature.
- (ii) Supreme Court observed that Section 8 of the Code speaks of an operational creditor delivering a demand notice and if the legislature wished to restrict such demand notice being sent by the operational creditor himself, the expression used would perhaps have been “issued” and not “delivered”. Delivery, therefore, would postulate that such notice could be made by an authorized agent.

### 2. Flat buyers can initiate insolvency proceedings against builders under the Code

In the matter of *Nikhil Mehta & Sons (HUF) & Ors. v. AMR Infrastructures Ltd.*, the NCLAT has ruled that a purchaser of real estate, under an ‘assured-return’ plan, would be considered as a ‘Financial Creditor’ for the purposes of Code and is, therefore, entitled to initiate corporate insolvency process against the builder, in case of non-payment of such ‘Assured/Committed return’ and non-delivery of unit. NCLAT further went on to rule that the ‘debt’ in this case was disbursed against the consideration for the ‘time value of money’ which is the primary ingredient that is required to be satisfied in order for an arrangement to qualify as ‘Financial Debt’ and for the lender to qualify as a ‘Financial Creditor’, under the scheme of Code.

The Insolvency and Bankruptcy Code (Second Amendment) Act of 2018 has however, added an Explanation to sub-clause (f) of Section 5(8) of IBC clarifying that for the purposes of sub-clause (f), any amount raised from an allottee under a real estate project shall be deemed to be an amount having the commercial effect of a borrowing. In the matter of *Pioneer Urban Land and infrastructure Ltd. & Ans vs. UOI*, Hon’ble Supreme Court has held that amounts raised from allottees under a real estate project would be subsumed withing Section 5(8)(f) even without adverting to the Explanation introduced by the Amendment Act. As such, all the allottees under real estate projects, whether under assured return plan or not, shall fall under the definition of “Financial Creditor”.

### 3. Time-limit for completion of insolvency resolution process

The Supreme Court, in the matter of *Arcelormittal India Pvt. Ltd. v. Satish Kumar Gupta & Ors.* while interpreting Section 29A(c) of the Insolvency and Bankruptcy Code, 2016, has observed the stage of ineligibility attaches when the resolution plan is submitted by a resolution applicant and not at any anterior stage. The bench further held that the time limit for completion of the insolvency resolution process as laid down under Section 12 of the Code is mandatory and it cannot be extended beyond 270 days.

### 4. Role of Resolution Professional: Hon’ble Supreme Court of India in the matter of *Arcelor Mittal India Private Limited Vs. Satish Kumar Gupta and Ors. arising from Corporate Insolvency Resolution Process (CIRP) of Essar Steel India Limited (Civil Appeal Nos. 9402 - 9405 of 2018)* Judgement dated 4th October, 2018 observed that it must not

be forgotten that a Resolution Professional is only to “examine” and “confirm” that each resolution plan conforms to what is provided by Section 30(2). Under Section 25(2)(i), the Resolution Professional shall undertake to present all resolution plans at the meetings of the Committee of Creditors. This is followed by Section 30(3), which states that the Resolution Professional shall present to the Committee of Creditors, for its approval, such resolution plans which confirm the conditions referred to in sub-section (2). This provision has to be read in conjunction with Section 25(2)(i), and with the second proviso to Section 30(4), which provides that where a resolution applicant is found to be ineligible under Section 29A(c), the resolution applicant shall be allowed by the Committee of Creditors such period, not exceeding 30 days, to make payment of overdue amounts in accordance with the proviso to Section 29A(c). A conspectus of all these provisions would show that the Resolution Professional is required to examine that the resolution plan submitted by various applicants is complete in all respects, before submitting it to the Committee of Creditors. The Resolution Professional is not required to take any decision, but merely to ensure that the resolution plans submitted are complete in all respects before they are placed before the Committee of Creditors, who may or may not approve it. The fact that the Resolution Professional is also to confirm that a resolution plan does not contravene any of the provisions of law for the time-being in force, including Section 29A of the Code, only means that his prima facie opinion is to be given to the Committee of Creditors that a law has or has not been contravened. Section 30(2)(e) does not empower the Resolution Professional to “decide” whether the resolution plan does or does not contravene the provisions of law.

## INTRODUCTION

Part II of the Insolvency and Bankruptcy Code, 2016 deals with the insolvency resolution and liquidation for corporate persons. Section 4 of the Insolvency and Bankruptcy Code, 2016 provides that Part II of the Code shall apply to matters relating to the insolvency and liquidation of corporate debtors where the minimum amount of the default is **one crore rupees**.

Part II of the Insolvency and Bankruptcy Code, 2016 lays down the following two independent stages:

- (i) Corporate Insolvency Resolution Process [Sections 4 and 6 to 32] and
- (ii) Liquidation [Sections 33 to 54] and Voluntary Liquidation [Section 59]

Chapter II of Part II deals with corporate insolvency resolution process while Chapter III together with Chapter V of Part II governs the liquidation process for corporate persons.

The legislative framework in India for insolvency and bankruptcy proceedings provides for a wide range of resolution measures, viz. re-organisation by way of a merger or amalgamation, acquisition of control and change of management, demerger, slump sale and reconstruction or financial, capital and business/ operational restructuring and as such a resolution strategy may consist of one or more of such measures and/or any measure other than the said measures. Failure to reach an understanding/ resolution with the creditors under the Code could lead to liquidation of the corporate debtor.

The procedure for restructuring encompasses schemes of mergers, amalgamations, demergers, transfer/ sale of assets, restructuring of capital by way of cancellation/ delisting or any other modification in share capital, and restructuring of debts by ways of satisfaction or modification of security charge/ interest as suggested in Regulation 37 of the Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Corporate

Persons) Regulations, 2016 (CIRP Regulations) by way of which the liabilities of the distressed companies can be restructured and the state of insolvency can be resolved. In the event of initiation of a Corporate Insolvency Resolution Process against the Corporate Debtor under IBC 2016, the Resolution Professional shall invite resolution plans from the prospective resolution applicants, subject to the compliance of the conditions as laid down under Section 30(2) of the IBC, 2016 read with Regulation 38 of the CIRP regulations.

Issuance of securities of corporate debtor in exchange for claims/ interests (of the creditors) can be used as a tool for restructuring in the resolution plans which has also been duly recognized/provided for in restructurings suggested under Regulation 37 of the CIRP regulations that may be submitted by the resolution applicants to the Resolution Professional for onward consent of the Committee of Creditors and thereafter the approval of the adjudicating authority. The same is done to bring the debt to a sustainable level either by waiver of excess debt or conversion into equity, or a combination of both.

Apart from the above, the Asset Reconstruction Companies (ARCs) set-up under the provisions of SARFAESI Act, 2002 may also acquire the debts of the corporate debtor from the lending banks/ Financial Institutions (FIs) and subsequently restructure the same in post discussions and arrangement with the corporate debtor. The provisions of SARFAESI Act, 2002 also empower the lenders/ARCs to effect a change in management as a restructuring mechanism which can be achieved by applying to become resolution applicant or partnering with resolution applicant.

Nonetheless, a resolution applicant shall opt for corporate restructuring in the CD (which might be mix of different methods of operational and financial restructuring) to revive it and improve its further financial performance. The Code has not specifically defined measures of restructuring for the resolution however the resolution applicant may introduce the required measures as per the situation of the corporate debtor.

## CORPORATE RESTRUCTURING

Corporate restructuring is an inorganic business strategy where one or more aspects of a business are redesigned to improve commercial efficiency, manage competition effectively, drive faster pace of growth, ensure effective utilization of resources, and fulfillment of stakeholders' expectations. It serves different purposes for different companies at different points of time and may take up various forms.

Restructuring typically occurs to address challenges or it can be driven by the necessity to make financial adjustments to its assets and liabilities. Mergers, amalgamations, demergers, or reconstruction of capital structure are various forms of corporate restructuring exercises. The purpose of each of these restructuring exercises may be different but each of these exercises attempts to bring in more efficiency in the system so that the distress can be addressed.

The Insolvency and Bankruptcy Board of India ('IBBI') has made the IBBI (Insolvency Resolution Process for Corporate Persons) Regulations, 2016 to regulate the insolvency resolution Process for Corporate Persons. Corporate restructuring process in India under Insolvency and Bankruptcy Code, 2016 may be governed by the provisions of the Regulation 37 of CIRP regulations; however, the Code is silent on the measures of the resolution and restructuring of the corporate debtor. **Regulation 37**, as substituted *vide* Notification No. IBBI/2017-18/GN/REG024, dated 6th February, 2018 (w.e.f. 06 February 2018), provides that:

*A resolution plan shall provide for the measures, as may be necessary, for insolvency resolution of the corporate debtor for maximization of value of its assets including but not limited to the following:*

(a)	transfer of all or part of the assets of the corporate debtor to one or more persons;
(b)	sale of all or part of the assets whether subject to any security interest or not;
(ba)	restructuring of the corporate debtor, by way of merger, amalgamation and demerger;
(c)	the substantial acquisition of shares of the corporate debtor, or the merger or consolidation of the corporate debtor with one or more persons
(ca)	cancellation or delisting of any shares of the corporate debtor, if applicable;
(d)	satisfaction or modification of any security interest
(e)	curing or waiving of any breach of the terms of any debt due from the corporate debtor;
(f)	reduction in the amount payable to the creditors;
(g)	extension of a maturity date or a change in interest rate or other terms of a debt due from the corporate debtor
(h)	amendment of the constitutional documents of the corporate debtor;
(i)	issuance of securities of the corporate debtor, for cash, property, securities, or in exchange for claims or interests, or other appropriate purpose;
(j)	change in portfolio of goods or services produced or rendered by the corporate debtor;
(k)	change in technology used by the corporate debtor; and
(l)	obtaining necessary approvals from the Central and State Governments and other authorities."

The suggested measure provided in clause (ca) has been inserted by Notification No. IBBI/2018-19/GN/REG031, dated 03rd July, 2018 (w.e.f. 04.07.2018) and clause (ba) has been inserted by Notification No. IBBI/2019-20/GN/REG052, dated 27th November, 2019 (w.e.f. 28.11.2019). These insertions clearly provide that the resolution applicant can opt for necessary restructuring strategy to alter and reconstruct the corporate structure of the corporate debtor to improve the efficiency and resolve the insolvency.

Corporate restructuring may be broadly categorized as follows:

External restructuring

Internal restructuring

These categories are briefly explained below.

### 1. External restructuring

It consist of merger and amalgamation of one company with another or demerger of one or more undertakings of a company into another company, acquisition of controlling stake in a company through purchase of majority stake in it, conversion of debt into equity, etc. The same are briefly explained hereunder.

#### (i) Restructuring through mergers, amalgamation and demerger

A company is merged, amalgamated or demerged to achieve improvement in efficiency in operational and financial performance of the company. In the insolvency proceedings of a corporate debtor, the

resolution plan may provide for merger, forward or reverse of the corporate debtor with the resolution applicant (company) or any of its group companies to maximize the utilization of the assets of the corporate debtor. Similarly, the resolution applicant may provide to demerge one or more units of the corporate debtor to gain operational and financial efficiency.

In case of mergers/amalgamations or demergers, the consideration is in the form of equity shares in the merged/transferee entity, which are issued to the shareholders of the merging/transferor company based on the share exchange ratio determined on the basis of valuation of equity shares of each company. The funds available in the transferee company or its cash flow for the period after the merger/amalgamation or demerger is used for meeting capital expenditure and working capital requirements of the entity which has merged or transferred and for resolving the debt of the said entity. In addition, the entity, which has merged, gets the benefit of resources of the transferee company including its brands, goodwill, managerial inputs, technology, funds, expert manpower, etc. and the same helps it to improve its profitability. The restructuring through mergers /amalgamation and demerger may, in addition, require financial and operational restructuring, in order to make an effective resolution of the insolvency of the transferor entity.

**(ii) Restructuring through acquisition of controlling stake/ purchase of shares**

The resolution applicant may, through a resolution plan, acquire the controlling stake in the corporate debtor by either reducing or cancelling its existing paid up share capital and recapitalizing it by infusing further equity capital. alternatively the resolution applicant may acquire the existing equity share capital of the company partly or fully by making payment of some nominal consideration to the shareholders of the Corporate debtor and for meeting the requirement of funds of the Corporate debtor, the resolution applicant may infuse the funds partly in equity or partly in the form of debt or fully in the form of debt only. The management of the corporate debtor including its board is also changed by the resolution applicant by appointing his nominee directors on the board and by appointing other key managerial personnel.

The same kind of restructuring was used in acquisition of Bhushan Steel limited (after acquisition by Tata Group, it is named as Tata Steel BSL Limited, ("TBSL") by resolution applicant Bamnival Steel Limited (subsidiary of Tata Steel limited). Pursuant to the Resolution Plan, Bamnival Steel Limited subscribed to 72.65% of the equity share capital of TBSL for an aggregate amount of Rs.158.89 crore and provided additional funds aggregating to Rs.35,073.69 crore to TBSL by way of debt/convertible debt, which were utilized to repay the dues of the Corporate debtor.

**(iii) Restructuring through conversion of debt for issuance of securities**

It can be understood that the insolvency of a corporate debtor is mainly due to default in its debt, whether financial debt or operational debt, where it could not fulfill its repayment obligation. The Resolution applicant on the basis of the assessment of the corporate debtor, may propose the conversion of debt of the corporate debtor into securities of the Corporate debtor issued in favor of the creditors, thereby, changing the nature and terms of the debt. The said securities may be in the form of equity share, preference share or debentures /bonds. As a result of the said restructuring, the existing debt of the Corporate debtor is reduced to a sustainable level by conversion of the same into equity and by waiving substantial part of the unsustainable debt.

## **2. Internal restructuring**

These two restructurings can be used simultaneously as required to resolve the insolvency of a corporate debtor. Following explanation can derive the need of the two restructurings in the resolution of the corporate debtor:

In the insolvency proceedings, the restructuring of corporate debtor is achieved through approval of the Resolution Plan by the adjudicating authority subsequent to the approval by its Committee of the Creditors. The resolution plan should opt for restructuring required for the corporate debtor depending upon various factors of the corporate debtor such as nature and size of business, industry, market size and situation, the financial creditors, internal policies, business relationship with the vendors and customers, applicable laws, etc. A resolution applicant is required to analyse all these factors and prepare/ formulate the resolution plan containing the appropriate restructuring strategies to take over the corporate debtor and to resolve its insolvency. As mentioned in earlier sections, the Regulation 37 of CIRP Regulations briefly lays down the

external as well as internal restructuring strategies that may be opted by the resolution applicants. The internal restructuring includes operational and financial restructuring. These are discussed in detail as follows:

(i) **Operational restructuring**

Operational Restructuring involves improving the operational efficiency of the corporate debtor so as to increase its business receipts and profitability. It may consist of creation of new departments to serve growing markets or downsizing or eliminating departments to conserve overheads. A company may undertake restructuring to focus on a particular market segment leveraging its core competencies or may undertake restructuring to make the organization lean and efficient. This type of restructuring affects employees and involves layoffs or collaboration with third parties to upgrade skills and technical know-how.

In the corporate insolvency resolution Process of the corporate debtor, the resolution applicant is advised to present their strategy backed by a business plan where the Operational restructuring to be introduced by it (resolution applicant) to resolve the insolvency state of the corporate debtor. Regulation 37 also suggests different methods of the Operational restructuring to bring out the efficiency of the Corporate debtor. Operational restructuring in the corporate debtor undergoing corporate insolvency resolution process may be made through change in portfolio of goods or services produced or rendered by it, change in technology used by it or introducing any other changes in the operational structure as may be required.

Additionally, the Regulation 38 of CIRP regulations also advocates a detailed business plan where Regulation 38(3), which was amended, by Notification No. IBBI/2018-19/GN/REG031, dated 03rd July, 2018 (w.e.f. 04-07-2018) provides for the following:

*“A resolution plan shall demonstrate that –*

- a) it addresses the cause of default;
- b) it is feasible and viable;
- c) it has provisions for its effective implementation;
- d) it has provisions for approvals required and the timeline for the same; and
- e) the resolution applicant has the capability to implement the resolution plan”.

It clarifies that the Resolution Plan in itself should be complete in every aspect by detailing Corporate restructuring including operational restructuring as required, to resolve the insolvency of the corporate debtor. It is, thus, an essential element of the resolution Plan to provide for the future way forward for the working of the corporate debtor.

(ii) **Financial restructuring**

Financial restructuring is the process of reorganizing the financial structure, which primarily comprises of equity capital and debt capital. There may be several reasons (financial and non-financial) that trigger the need for financial restructuring. Financial restructuring is undertaken either because of compulsion (to recover from financial distress) or as part of company's financial strategy to achieve better financial performance.

Financial restructuring is done for various business reasons such as to overcome poor financial performance, to gain market share, or to seize emerging market opportunities. Financial restructuring undertaken to recover from financial distress involves negotiations with various stakeholders such as banks, financial institutions, creditors in order to reduce liabilities.

Corporate financial restructuring involves a considerable change in the company's financial structure and is undertaken for various business reasons such as:

- To overcome poor financial performance by reduction of debt and interest cost
- To address external competition
- To regain market share
- To seize emerging market opportunities
- Risk reduction
- Development of core competencies

The two components of financial restructuring are:

- Equity Restructuring (alteration or reduction or conversion of capital, buy-back).
- Debt Restructuring (restructuring of the debt being secured long-term borrowing, long-term unsecured borrowings, short term borrowing)

## DEBT RESTRUCTURING

Debt restructuring is the process of reorganizing the whole debt capital of the company in negotiation with bankers, creditors, vendors to the terms to favor in improving the financial performance of the company. Debt capital of the company includes secured long term borrowing, unsecured long- term borrowing, and short term borrowings. Debt restructuring involves a reduction of debt and an extension of payment term or change in terms and conditions. Debt restructuring is more commonly used as a financial tool than compared to equity restructuring.

The resolution plan provides for restructuring of debt of the corporate debtor by different ways which include payment of their dues. These are briefly detailed as follows:

Restructuring includes alteration of

- (a) repayment period,
- (b) repayable amount,
- (c) the amount of installments,
- (d) rate of interest; rollover of credit facilities, sanction of additional credit facility, enhancement of existing credit limits, compromise settlements etc.

- (a) Modification in payment period, where the resolution applicant may propose for partial upfront/ immediate payment of the claims of the financial creditors and balance in a period that is acceptable to them. Presently, the financial creditors depending upon the situation of the corporate debtor may agree for such restructuring however, it is desirable by Financial Creditors to get most of the payment upfront as their dues had not been paid/ honored by the corporate debtor for long which led to the initiation of the CIRP.
- (b) Conversion of the debt in some other instrument where the resolution applicant proposes to convert the debt or part of debt in equity or some other instruments such as redeemable debentures/ preference shares or optional convertible debentures/ preference shares etc. this restructuring may provide the corporate debtor with a feasible and viable manner to honor its obligations and it may provide the financial creditors with a safer and faster way to get the payment of their dues. In case of insolvent companies, however, the lenders may not be interested in converting the entire amount of their debt into equity and that they insist for the payment of the settlement amount over a very short period of time say from three months to one year and in addition to the said payment, they may agree for accepting some percentage of restructured equity share capital of the Corporate debtor, so that in case the Corporate Debtor revives and starts making profits, they may offload their equity and compensate them for the loss /sacrifice they have made while settling with the Corporate Debtor.
- (c) Waiver of part of the principal, interest or other charges where the resolution applicant proposes for waiver for outstanding principal, interest and other charges, which in his opinion is not sustainable. the resolution applicant proposes to pay the agreed settlement amount after waivers as above said over a short period of time and in addition accept some percentage of the restructured equity capital of the Corporate debtor.
- (d) Modification in security of the secured financial creditors of the corporate debtor can also be used to restructure the debt to resolve its insolvency. The securities may be offered to be disposed off / released to discharge the entire or part of the claims of the financial creditors. The resolution applicant may bring in another financial partner/ investor for infusion of funds whiles the some or the total securities held by the Financial Creditors may be released in the favor of the new investor.
- (e) Modification in credit limits may also be introduced through resolution plan where the fund based and non-fund based credit facilities are restructured and the credit limits are modified based on the actual requirement of the corporate debtor post resolution. Continuation of the credit limits, however, depends upon the creditworthiness of the resolution applicant.
- (f) Restructuring of secured long-term borrowings – it is undertaken for reducing the cost of capital, improving liquidity and increasing the cash flow and is effected by making the modifications, conversion etc. as stated above.

- (g) Restructuring of unsecured long-term borrowing – it depends on the type of borrowing which can be in form of public deposits, private loans (unsecured), unsecured bonds or debentures. Here also, objective is to reduce the interest cost, synchronization of the cash inflow and outflow by changing existing dues and /or the repayment period etc. The said restructuring also involves modification conversion etc. as stated above.
- (h) Restructuring of short-term borrowings – these borrowings are restructured by converting some part of them as long term, reducing interest rate and /or existing dues and also by renegotiating the existing terms.

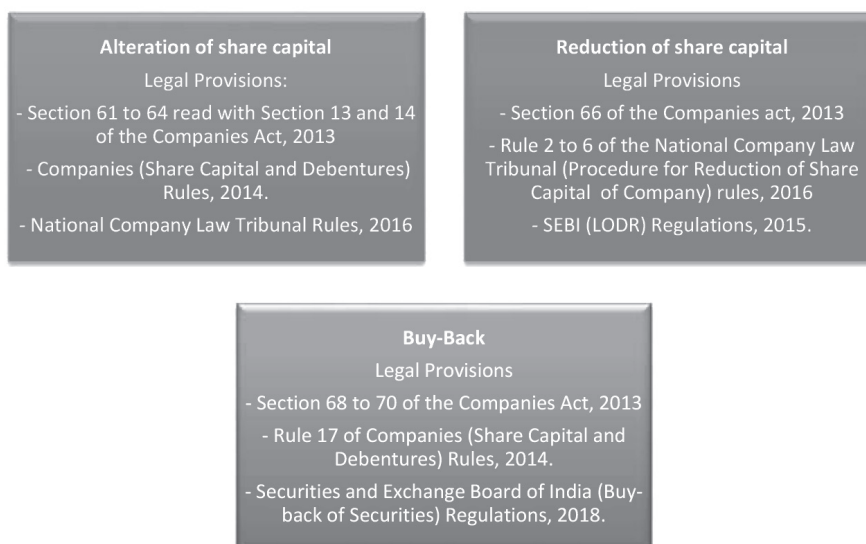

Until recently, there had been several debt restructuring mechanisms such as framework for revitalizing distressed assets, Corporate debt restructuring Scheme (CDR), the Joint lenders' Forum (JLF), Flexible Structuring of existing long term Project loans, Strategic debt restructuring Scheme (SDR), Change in Ownership outside SDR, and Scheme for Sustainable Structuring of Stressed assets (S4A). These schemes, based on various circulars and guidelines issued by the Reserve Bank of India (RBI), were used as a tool for restructuring the debt of a Corporate Debtor.

In order to harmonise and simplify the framework for the resolution of stressed assets, the Reserve Bank of India (RBI), vide a circular dated 07.06.2019 has withdrawn these schemes. The Joint Lenders' Forum (JLF), an institutional mechanism for resolution of stressed accounts, also stands discontinued. Therefore, before initiating insolvency proceedings against the corporate debtor, the banks/ financial institutions are required to recourse the formal restructuring as per the guidelines issued in the circular by RBI on 07.06.2019. The framework as provided by the RBI through circular issued on 07.06.2019; provides the procedure for debt restructuring of the company to resolve the distress situation.

## EQUITY RESTRUCTURING

Equity restructuring involves reorganization of equity capital. Under the provisions of the Code, the equity restructuring can be brought out by various ways, which is generally part of the greater corporate restructuring process, operational or financial or both. The same includes the following:

- Alteration of share capital
- Reduction of share capital
- Buy-back of shares

The strategies mentioned above for restructuring can be used jointly or independently depending upon the operational and financial assessment by the resolution applicant and negotiation with the CoC. The restructuring strategies of mergers/ amalgamations/ demergers, etc. are mostly used for the purposes of corporate restructuring and have rarely been employed as a tool for debt restructuring. It may also be noted that the schemes of mergers, amalgamations and demergers may be approved by CoC and thereafter by adjudicating authority (NCLT).

### ACQUISITION UNDER THE CODE: EXEMPTION FROM SEBI TAKEOVER CODE

- The provision is envisaged to boost acquisitions of such companies.
- The acquisition of Bhushan Steel Ltd. by Tata Steel Ltd., acquisition of Electrosteel Steels Ltd. by Vedanta resources ltd., acquisition of Monnet Ispat & energy ltd. by JSW Steel ltd. under IBC were exempted from the open offer requirements.
- The acquirers of distressed companies are not under the obligation to make an open offer. The relaxation is granted with an intention to ease the additional burden on the acquirer from infusing an additional capital pursuant to acquiring the stake in the company. Moreover, in majority of the distressed companies under CIRP or where CIRP process is over, the dues of even the secured creditors have not been paid in full and as a result the liquidation value in respect of equity shareholders is Nil.

### CASE LAW - ACQUISITION OF BHUSHAN STEEL LTD BY TATA STEEL LTD UPHOLD BY HON'BLE NCLAT

The acquisition of Bhushan Steel Ltd (BSL) for Rs. 35,200 crore by Bamnival Steel Ltd (BNL), a subsidiary of Tata Steel Ltd. in May 2018, has been the first major case of acquisition of a major stressed asset under the Insolvency and Bankruptcy Code. BNL completed the acquisition of controlling stake of 72.65 per cent in BSL in accordance with the approved resolution plan under the Corporate insolvency resolution Process (CIRP) of the IBC. Tata Steel has paid Rs.35,200 crore in cash to acquire Bhushan Steel. It would pay another Rs.1,200 crore over next 12 months to operational creditors.

The promoters of BSL approached the National Company Law Appellate Tribunal (NCLAT) over issue of ineligibility of Tata Steel to acquire BSL. L&T, an operational creditor also approached the Hon'ble NCLAT over issue of unfair distribution of settlement amount for its claim under the provisions of IBC, 2016.

NCLAT upheld the acquisition of Bhushan Steel, rejecting allegations of its ineligibility by the promoters of the company. The NCLAT also rejected the claims of L&T, an operational creditor of Bhushan Steel Ltd, opposing Tata Steel's resolution plan seeking a higher priority in debt settlement.

The NCLAT said that Tata Steel UK, a foreign subsidiary of Tata Steel, which was fined by an English Court in February 2018 under UK act, had a provision of 'imprisonment for a term not exceeding twelve months, or a fine, or both'. While, the provision in section 29A(d) of the Code, which deals with eligibility, stipulates "has been convicted for any offence punishable with imprisonment for two years or more", cannot be equated with Section 33(1)(a) of the U.K Act, said NCLAT. Section 29A of the IBC mandates that a person convicted for any offence punishable with imprisonment for two years or more is ineligible for submitting a resolution plan.

Over the claims of L&T, which had supplied goods and machineries over Rs.900 crore, NCLAT said that Tata Steel's resolution plan was fair towards operational creditors of Bhushan Steel which has a total demand of Rs.1,422 crore. The NCLAT observed that the company has allotted Rs.1,200 crore for them and L&T plea for a higher priority could not be accepted.

Moreover, it also declined the plea of the promoters family, contending Tata Steel's Resolution Plan' was illegal as it purports to transfer shares' of the 'preference shareholders' of Bhushan Steel without their consent for a fixed consideration of Rs.100 as against Rs.2,269 crore.

### RESOLUTION MEASURES UNDER THE INSOLVENCY AND BANKRUPTCY CODE, 2016

As stated earlier, the Insolvency and Bankruptcy Code, 2016 read with regulation 37 of CIRP regulations provides for various measures to resolve the insolvency of the Corporate debtor. These measures are detailed as follows:

- ***Transfer of all or part of the assets of the corporate debtor to one or more persons:***

The resolution applicant may acquire part of the assets and may opt to transfer some assets to one or more persons in order to fetch a better value towards the resolution of the Corporate debtor. The consideration towards the said assets is utilized to repay the dues of Corporate debtor to its creditors.

- ***Sale of all or part of the assets whether subject to any security interest or not:***

The resolution applicant, as its resolution strategy, may provide for sale of the assets of the Corporate Debtor in full or in part whether subject to any security interest or not. For example, if the Corporate Debtor holds assets which may be subject to the security interest and which may bring benefit to the Corporate Debtor on their sale (through sale of all or part of assets), the resolution applicant may provide for sale of such assets and provide for

settlement of debt of the Corporate Debtor or infusion for improvement of operations of the Corporate Debtor or for activity of any other similar nature through the funds as realized from sale of such assets.

- ***Restructuring of the corporate debtor, by way of merger, amalgamation and demerger***

As discussed earlier, the Resolution Plan may also provide for merger/amalgamation/demerger or combination of such arrangements in order to resolve the Corporate Debtor, as best suited to it.

- ***The substantial acquisition of shares of the corporate debtor, or the merger or consolidation of the corporate debtor with one or more persons***

The resolution applicant may provide for the substantial acquisition of the shares of the Corporate Debtor or the merger or consolidation with one or more persons as may be beneficial to the Corporate debtor to fetch the maximized value of its assets and resolve the state of insolvency. The prohibition set out under the proviso to Regulation 3(2) of the takeover regulations, which restricts an acquirer from acquiring shares or voting rights in a target company, resulting in aggregate shareholding of the acquirer, along with persons acting in concert, exceeding the maximum permissible non-public shareholding of 75%, will not be applicable to an acquirer acquiring shares pursuant to a resolution plan approved under Section 31 of the Code.

The following sub-regulation (2A) was added to regulation 10 of Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 vide Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) (Second Amendment) Regulations, 2020 on 22nd June, 2020 which states the following:

*“(2A) any acquisition of shares or voting rights or control of the target company by way of preferential issue in compliance with regulation 164a of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 shall be exempt from the obligation to make an open offer under sub-regulation (1) of regulation 3 and regulation 4.”*

- ***Cancellation or delisting of any shares of the corporate debtor, if applicable***

Equity restructuring by cancellation or reduction or delisting of shares of the Corporate debtor may be quite useful in resolution of the Corporate debtor as the same may save the RA from time consuming transfer procedures and other problems. Moreover, the delisting procedure under the SEBI (delisting of equity Shares) regulations 2009 will no longer apply to any delisting of equity shares pursuant to a resolution plan approved under Section 31 of the Code, if the resolution plan satisfies the following conditions:

- the plan sets out a specific delisting procedure; or

- the plan provides an exit option to existing public shareholders at a price specified in the plan which shall not be less than the liquidation value determined under regulation 35 of the Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Corporate Persons) Regulations, 2016, and;

- further, if the promoters are provided with the opportunity of exiting under the plan at a price, then the delisting should be at a price not less than the price at which the promoters are provided exit.

- ***Satisfaction or modification of any security interest***

The resolution applicant may also satisfy or modify any of the security interest(s) as held by the Financial Creditor(s) as part of the debt restructuring.

- ***Curing or waiving of any breach of the terms of any debt due from the corporate debtor:***

The Corporate Debtor may suffer from breach(es) of terms of the debt owed by it to the creditors which may play a vital role in the process of its acquisition by the resolution applicant. Thus, the resolution applicant in order to acquire

the Corporate Debtor free from past breaches, non-compliances which may create problems in the future, as per its due diligence, may provide for cure of such breach(es) or may provide for waiver of such breach(es).

- ***Reduction in the amount payable to the creditors***

The resolution applicant as part of the debt restructuring may provide for settlement of the debt of the creditors at a price lower than their dues/ claims since the payment of the entire dues/claims of the creditors may not be feasible and viable for the resolution applicant in order to acquire the Corporate Debtor and resolve its insolvency.

- ***Extension of a maturity date or a change in interest rate or other terms of a debt due from the corporate debtor***

The debt restructuring, as designed/ formulated by the resolution applicant for the Corporate Debtor (as a part of the Resolution Plan), may provide for the extension of maturity date or change in the interest rate or other terms of the debt due from the Corporate Debtor.

- ***Amendment of the constitutional documents of the corporate debtor***

Resolution applicant, as part of the corporate restructuring may require the amendments in terms of the constitutional documents of the Corporate debtor, Memorandum of Association and Articles of the Association which inter-alia other things, define the powers and duties of the members and Board of directors of the Company. The amendments of the constitutional documents of the Corporate debtor can aid the resolution applicant in process of acquisition of the Corporate debtor and implementation of the Resolution Plan effectively.

- ***Issuance of securities of the corporate debtor, for cash, property, securities, or in exchange for claims or interests, or other appropriate purpose***

The Resolution Plan by the resolution applicant may provide for the issuance of the securities including shares or debentures of the Corporate debtor in lieu of cash, property, securities or in exchange for the claims/ interests or other appropriate purpose. the resolution applicant may provide for issuance of securities of the Corporate debtor to itself for the funds it might bring in, for the property it might bring in and may provide for issuance of the securities to creditors in conversion of their debt/ claims in full or in part as consideration to them or for any other appropriate purpose as may be beneficial or helpful in resolution of the Corporate debtor.

- ***Change in portfolio of goods or services produced or rendered by the corporate debtor***

For operational/ organizational restructuring, the resolution applicant may provide for change in portfolio of goods or services produced or rendered by the Corporate debtor which may or may not be part of its current portfolio.

- ***Change in technology used by the corporate debtor***

The resolution applicant, may provide for the change in technology or process used by the Corporate debtor for the resolution of insolvency of the Corporate debtor as there may be case that the Corporate Debtor may be suffering from obsolete technologies or process.

- ***Obtaining necessary approvals from the Central and State Governments and other authorities***

The resolution applicant, if required, would provide for obtaining the necessary approvals (on basis of current processes/ goods/ services of the Corporate debtor or on the basis of the future operational processes/ goods/services of the Corporate debtor as required under the resolution Plan) from the Central and State Government and other authorities.

## **ACQUISITION OF CORPORATE DEBTOR UNDER LIQUIDATION THROUGH SALE OF ASSETS AS A GOING CONCERN**

### **Regulation 32A of IBBI (Liquidation Process) Regulations, 2016**

Regulation 32A states as follows:

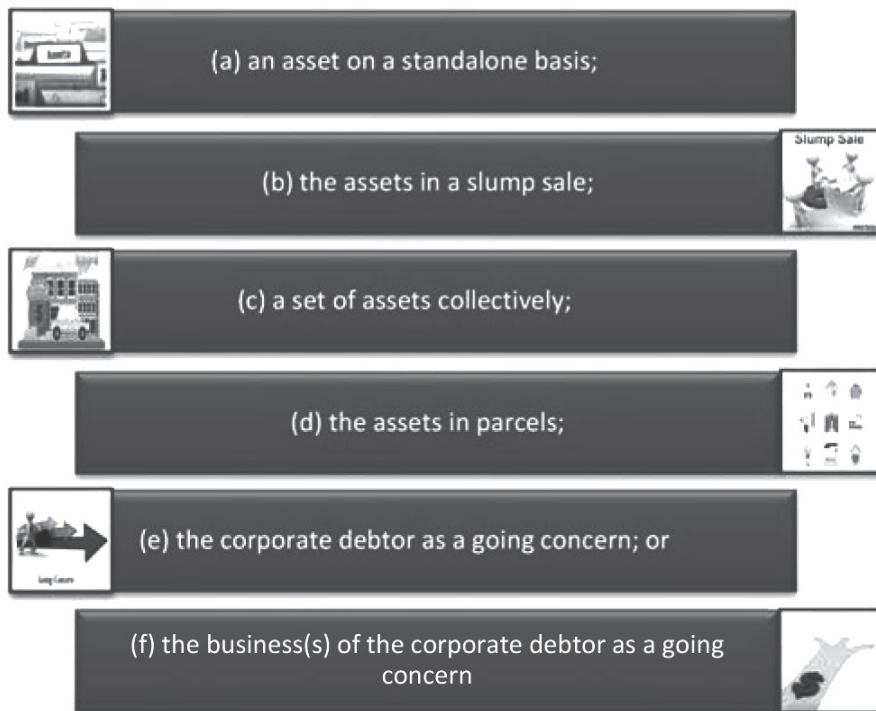

1. Where the committee of creditors has recommended sale under clause (e) or (f) of regulation 32 or where the liquidator is of the opinion that sale under clause (e) or (f) of regulation 32 shall maximise the value of the corporate debtor, he shall endeavour to first sell under the said clauses.

2. For the purpose of sale under sub-regulation (1), the group of assets and liabilities of the corporate debtor, as identified by the committee of creditors under sub-regulation (2) of regulation 39C of the Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Corporate Persons) Regulations, 2016 shall be sold as a going concern.
3. Where the committee of creditors has not identified the assets and liabilities under sub-regulation (2) of Regulation 39C of the Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Corporate Persons) Regulations, 2016, the liquidator shall identify and group the assets and liabilities to be sold as a going concern, in consultation with the consultation committee.
4. If the liquidator is unable to sell the corporate debtor or its business under clause (e) or (f) of regulation 32 within ninety days from the liquidation commencement date, he shall proceed to sell the assets of the corporate debtor under clauses (a) to (d) of regulation 32.

Chapter VI (comprising regulations 32 to 40) of the IBBI (Liquidation Process) Regulations, 2016 makes the following provisions for the realization of assets. The IBBI had inserted Regulation 32A in the IBBI (Liquidation Process) Regulations, 2016 to provide for methods for sale of assets as a going concern as a resolution measure for the CD.

Regulation 32 of liquidation regulations provides as below: The liquidator may sell:

Provided that where an asset is subject to security interest, it shall not be sold under any of the clauses (a) to (f) unless the security interest therein has been relinquished to the liquidation estate.

## CASE LAWS

### Case 1

In the matter of *Y. Shivram Prasad & Ors. v. S. Dhanapal & Ors.*, the NCLAT passed the impugned order of liquidation as Committee of Creditors did not find any resolution plan viable and feasible. The promoters submitted that they should have been given an opportunity to settle the dues. While rejecting the said submission, the NCLAT clarified that settlement can be made only at three stages, i.e., before admission, before constitution of CoC and in terms of section 12A of the Code and such stages were over in this instant matter. It, however, observed that during the liquidation process, it is necessary to take steps for revival and continuance of the Corporate debtor by protecting it from its management and from a death by liquidation.

Wherein this appellate tribunal having noticed the decision of the Hon'ble Supreme Court in "*Swiss Ribbon Pvt. Ltd. & Anr. v. Union of India & Ors. (Supra)*" and "*Meghal Homes Pvt. Ltd.*" observed and referring to the matter of "*Swiss Ribbon Pvt. Ltd. & Anr. v. Union of India & Ors. (Supra)*" where Hon'ble Supreme Court observed that "*What is interesting to note is that the Preamble does not, in any manner, refer to liquidation, which is only availed of as a last resort if there is either no resolution plan or the resolution plans submitted are not up to the mark. Even in liquidation, the liquidator can sell the business of the corporate debtor as a going concern*" and NCLAT in its matter further held that "*in view of the provision of Section 230 and the decision of the Hon'ble Supreme Court in 'Meghal Homes Pvt. Ltd.' and 'Swiss Ribbons Pvt. Ltd.', we direct the 'liquidator' to proceed in accordance with law. He will verify claims of all the creditors; take into custody and control of all the assets, property, effects and actionable claims of the 'corporate debtor', carry on the business of the 'corporate debtor' for its beneficial liquidation, etc. as prescribed under Section 35 of the Code. If the members or the 'Corporate debtor' or the 'creditors' or a class of creditors like 'Financial Creditor' or 'Operational Creditor' approach the company through the liquidator for compromise or arrangement by making proposal of payment to all the creditor(s), the liquidator on behalf of the company will move an application under Section 230 of the Companies act, 2013 before the adjudicating authority i.e. National Company Law Tribunal, Chennai Bench, in terms of the observations as made in above. On failure, as observed above, steps should be taken for outright sale of the 'Corporate debtor' so as to enable the employees to continue*".

## Case 2

In the matter of *Edelweiss Asset Reconstruction Company Ltd. v. Bharati Defence and Infrastructure Ltd.*, the Resolution Professional (RP) filed an application seeking approval of the resolution plan submitted by an resolution applicant, who is a Financial Creditor with 82.7% voting share in the CoC. The plan provided that the resolution applicant will sell the Corporate debtor in two years. NCLT, Mumbai Bench noted that the plan does not give due consideration to the interest of all stakeholders, seeks several exemptions, and contains a lot of uncertainties and speculations. It provides for generation of income from ongoing operations and no upfront money is brought in by the resolution applicant. The NCLT Bench also noted that the resolution applicant has proposed to hold majority equity in the Corporate debtor, run its operations, enhance its value and over a period endeavour to find a suitable investor/buyer for the same.

Relying on the judgment in the matter of *Binani Industries Limited*, the NCLT Bench observed: "*.....resolution plan is for insolvency resolution of the Corporate Debtor as a going concern and not for the addition of value and intended to sale the corporate debtor*". It observed that resolution applicant is essentially extending the CIRP period to find an investor, which is not the intention of the legislature. It further observed: "*if the ultimate object in the resolution plan is to sell the company, then it can be achieved by sale as a going concern during the liquidation process*". Accordingly, it rejected the resolution plan and ordered for liquidation.

## LESSON ROUND UP

- Corporate restructuring may be broadly categorized as external restructuring and internal restructuring. External restructuring consists of mergers, amalgamation, acquisition of controlling stake, conversion of debt into equity and internal restructuring consists of operational and financial restructuring.
- The two components of financial restructuring are debt restructuring (restructuring of the secured long-term borrowing, long-term unsecured borrowings, short-term borrowing) and equity restructuring (alteration or reduction of capital, buy-back).
- Debt restructuring is the process of reorganizing the whole debt capital of the company in negotiation with bankers, creditors, vendors. Debt restructuring involves a reduction of debt and an extension of payment terms or change in terms and conditions.
- Regulation 37 of the IBBI (Insolvency Resolution Process for Corporate Persons) Regulations, 2016 provides that a resolution plan shall provide for the measures, as may be necessary, for insolvency resolution of the corporate debtor for maximization of value of its assets.
- Equity restructuring involves reorganization of equity capital, which includes alteration of share capital, reduction of share capital and buy-back of shares.

## COMMITTEE OF CREDITORS

### Meaning

Committee of Creditors is a committee typically consisting of the financial creditors of the Corporate Debtor. It is the supreme decision-making body in a Corporate Insolvency Resolution Process (CIRP). Decisions regarding the administration of the corporate debtor are taken at the meetings of the Committee, based on a requisite vote of the members. It is responsible for giving approval to the IRP/ RP to carry out actions that might affect the CIRP.

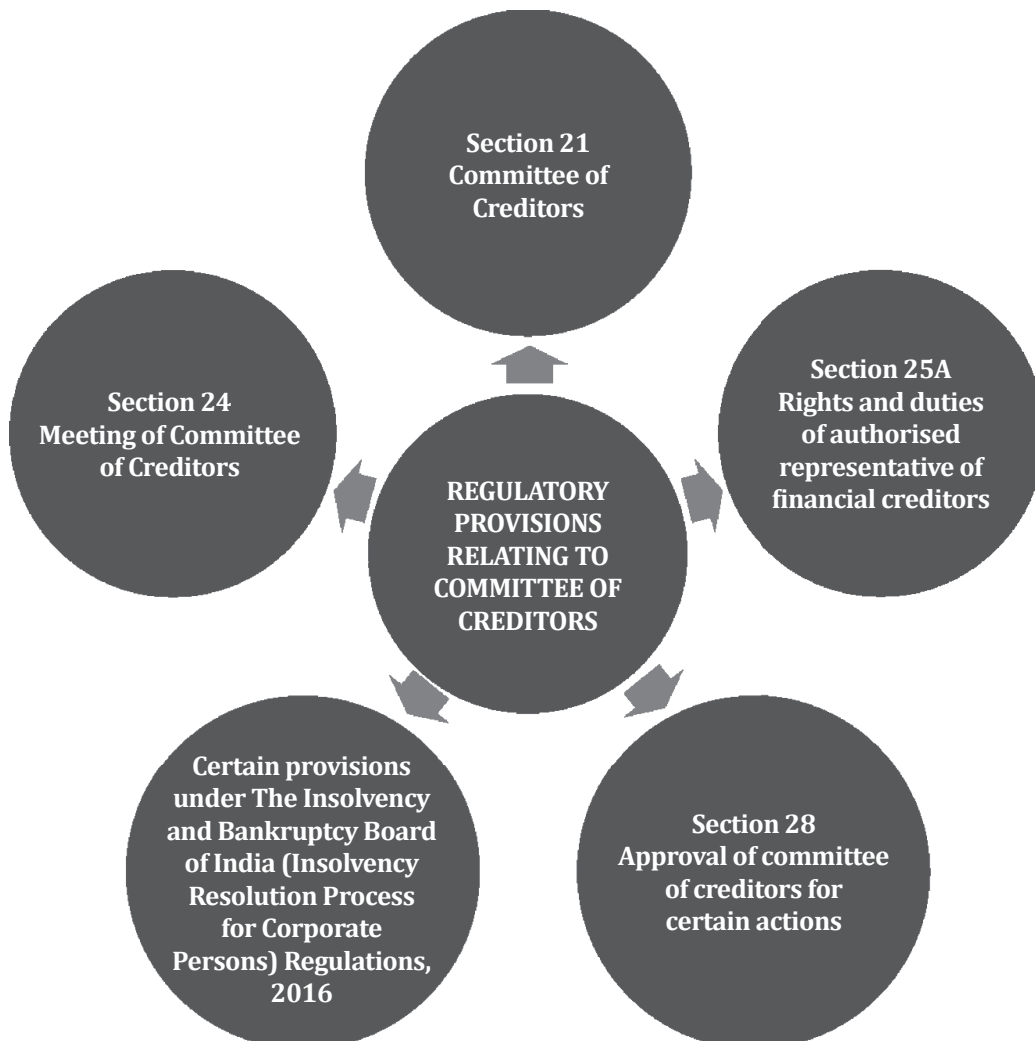

### Regulatory provisions

Section 21 and 24 of the Insolvency and Bankruptcy Code, 2016 has provisions relating to the committee of creditors. Section 21 deals with the constitution of committee of creditors while section 24 prescribes the modalities for the meeting of the committee of creditors.

Section 28 of the Code lists out certain actions that may be taken by the resolution professional only with the prior approval of the committee of creditors by a vote of 66 percent of the voting shares.

The Insolvency and Bankruptcy Code (Second Amendment) Act, 2018 has added a new section 25A to provide for rights and duties of authorised representative of financial creditors.

The Insolvency and Bankruptcy Board of India has made **the Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Corporate Persons) Regulations, 2016** in exercise of the powers conferred under sections 5, 7, 9, 14, 15, 17, 18, 21, 24, 25, 29, 30, 196 and 208 read with section 240 of the Insolvency and Bankruptcy Code, 2016. - (1) The interim resolution professional shall after collation of all claims received against the corporated debtor and determination of the financial position of the corporate debtor, constitute a committee of creditors.
- (2) The committee of creditors shall comprise all financial creditors of the corporate debtor:
- Provided that a financial creditor or the authorised representative of the financial creditor referred to in sub-section (6) or sub-section (6A) or sub-section (5) of section 24, if it is a related party of the corporate debtor, shall not have any right of representation, participation or voting in a meeting of the committee of creditors:
- Provided further that the first proviso shall not apply to a financial creditor, regulated by a financial sector regulator, if it is a related party of the corporate debtor solely on account of conversion or substitution of debt into equity shares or instruments convertible into equity shares, or completion of such transactions as may be prescribed, prior to the insolvency commencement date.
- (3) Subject to sub-sections (6) and (6A), where the corporate debtor owes financial debts to two or more financial creditors as part of a consortium or agreement, each such financial creditor shall be part of the committee of creditors and their voting share shall be determined on the basis of the financial debts owed to them.
- (4) Where any person is a financial creditor as well as an operational creditor,
- (a) such person shall be a financial creditor to the extent of the financial debt owed by the corporate debtor, and shall be included in the committee of creditors, with voting share proportionate to the extent of financial debts owed to such creditor;
  - (b) such person shall be considered to be an operational creditor to the extent of the operational debt owed by the corporate debtor to such creditor.
- (5) Where an operational creditor has assigned or legally transferred any operational debt to a financial creditor, the assignee or transferee shall be considered as an operational creditor to the extent of such assignment or legal transfer.

#### **Can home buyers be considered as financial creditors?**

*The Supreme Court in the case of Pioneer Urban Land & Infrastructure Ltd. & Anr. vs. Union of India & Ors. upheld the constitutional validity of the introduction of home buyers as "financial creditors" to the IBC, made by the Insolvency and Bankruptcy Code (Second Amendment) Act, 2018, enabling home buyers to trigger IBC against the real estate developer.*

---

According to section 5(24), a “**related party**”, in relation to a corporate debtor, means-

- (a) a director or partner of the corporate debtor or a relative of a director or partner of the corporate debtor;
- (b) a key managerial personnel of the corporate debtor or a relative of a key managerial personnel of the corporate debtor;
- (c) a limited liability partnership or a partnership firm in which a director, partner, or manager of the corporate debtor or his relative is a partner;
- (d) a private company in which a director, partner or manager of the corporate debtor is a director and holds alongwith his relatives, more than two per cent. of its share capital;
- (e) a public company in which a director, partner or manager of the corporate debtor is a director and holds alongwith relatives, more than two per cent of its paid-up share capital;
- (f) anybody corporate whose board of directors, managing director or manager, in the ordinary course of business, acts on the advice, directions or instructions of a director, partner or manager of the corporate debtor;
- (g) any limited liability partnership or a partnership firm whose partners or employees in the ordinary course of business, acts on the advice, directions or instructions of a director, partner or manager of the corporate debtor;
- (h) any person on whose advice, directions or instructions, a director, partner or manager of the corporate debtor is accustomed to act;
- (i) a body corporate which is a holding, subsidiary or an associate company of the corporate debtor, or a subsidiary of a holding company to which the corporate debtor is a subsidiary;
- (j) any person who controls more than twenty per cent. of voting rights in the corporate debtor on account of ownership or a voting agreement;
- (k) any person in whom the corporate debtor controls more than twenty per cent. of voting rights on account of ownership or a voting agreement;

  - (ii) having more than two directors in common between the corporate debtor and such person; or
  - (iii) interchange of managerial personnel between the corporate debtor and such person; or
  - (iv) provision of essential technical information to, or from, the corporate debtor.

In the matter of *‘Phoenix Arc Private Limited Vs. Spade Financial Services Limited & Ors.’*, the Supreme Court elucidates the two way relationship in related parties that *“The definition describes a commutative relationship, meaning that X can be a related party of Y, if either X is related to Y, or Y is related to X. The definition of ‘related party’ under the IBC is significantly broad. The intention of the legislature in adopting such a broad definition was to capture all kinds of inter-relationships between the financial creditor and the corporate debtor.”*

The Insolvency and Bankruptcy Code (Second Amendment) Act, 2018 also added second proviso to section 21(2) which clarified that the first proviso shall not apply to a financial creditor, regulated by a financial sector regulator, if it is a related party of the corporate debtor solely on account of conversion or substitution of debt into **equity shares** or instruments convertible into equity shares, or completion of such transactions as may be prescribed, **prior to the insolvency commencement date**. The Insolvency and Bankruptcy Code (Amendment) Ordinance, 2019 added the words “or completion of such transactions as may be prescribed” in the said Section, thus, widening the condition in which a financial creditor would not be considered to be a related party.

According to section 3(18) of the Code, a “**financial sector regulator**” means an authority or body constituted under any law for the time being in force to regulate services or transactions of financial sector and includes the Reserve Bank of India, the Securities and Exchange Board of India, the Insurance Regulatory and Development Authority of India, the Pension Fund Regulatory Authority and such other regulatory authorities as may be notified by the Central Government.

The committee of creditors is composed of financial creditors of the corporate debtor as the financial creditors have the capability to assess the commercial viability of the corporate debtor and are willing to modify the terms of the debt contracts in negotiations between the creditors and the corporate debtor.

Operational creditors, on the other hand, are not equipped to decide on matters relating to commercial viability of the corporate debtor, nor are they generally willing to take the risk of restructuring their debts in order to ensure the management of operations of corporate debtor a going concern.

Hon'ble Supreme Court has in the matter of *Swiss Ribbon Pvt. Ltd. & Anr. Vs. Union of India & Ors.* (date of judgment 25.01.2019) held that the classification under IBC between financial creditors and operational creditors is based on an intelligible criteria and is neither discriminatory nor arbitrary nor violative of Article 14 of Constitution of India;

**Whether the relatedness of the related party could merely have existed in the past or whether they must continue in *praesenti* i.e. at the present time?**

The Supreme Court in the matter of *'Phoenix Arc Private Limited Vs. Spade Financial Services Limited & Ors.'* clarified that while the default rule under the first proviso to Section 21(2) is that only those financial creditors that are related parties in *praesenti* would be debarred from the Committee, those related party financial creditors that cease to be related parties in order to circumvent the exclusion under the first proviso to Section 21(2), should also be considered as being covered by the exclusion thereunder. Thus, relatedness of related parties at the present time would be considered for exclusion from the Committee, in addition, any parties that were related in the past and cease to be related parties at present in order to become a member of the Committee must also be considered for exclusion from the Committee.

**Where a person is both financial as well as operational creditor-** Section 21(4) provides that where any person is a financial creditor as well as an operational creditor, then such person shall be considered a financial creditor to the extent of the financial debt owed by the corporate debtor. Such person shall be included in the committee of creditors and shall have a **voting share** proportionate to the extent of financial debts owed to such creditor.

Thus, financial creditors who are also operational creditors are given representation on the committee of creditors only to the extent of their financial debts.

Clause (b) of sub-section (4) of section 21 clarifies that such person shall be considered to be an operational creditor to the extent of the operational debt owed by the corporate debtor to such creditor.

According to section 5(28), “**voting share**” means the share of the voting rights of a single financial creditor in the committee of creditors which is based on the proportion of the financial debt owed to such financial creditor in relation to the financial debt owed by the corporate debtor.

**Assignment or legal transfer of operational debt-**Section 21(5) further provides that where an operational creditor has assigned or legally transferred any operational debt to a financial creditor, the assignee or transferee shall be considered as an operational creditor to the extent of such assignment or legal transfer.

**Financial debts to two or more financial creditors as part of consortium or agreement-** Section 21(3) provides that subject to sub-sections (6) and (6A), where the corporate debtor owes financial debts to two

or more financial creditors as part of a consortium or agreement, each such financial creditor shall be part of the committee of creditors and their voting share shall be determined on the basis of the financial debts owed to them.

<b>A single trustee or agent to act for all financial creditors – Section 21(6) of the Code provides that where the terms of the financial debt extended as part of a consortium arrangement or syndicated facility provide for a single trustee or agent to act for all financial creditors, each financial creditor may</b>	(a) authorise the trustee or agent to act on his behalf in the committee of creditors to the extent of his voting share;
	(b) represent himself in the committee of creditors to the extent of his voting share;

## APPROVAL OF RESOLUTION PLAN BY THE COMMITTEE

The Code has provided the Committee with exclusive access to negotiations and also the final hand in dealing with business decisions. Thereby, the Committee of Creditors is also endowed with the mammoth responsibility of evaluating resolution plans and thereafter voting and approving the best resolution plan.

Regulation 39 of the Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Corporate Persons) Regulations, 2016 lays down the provisions of the approval of the resolution plan by the committee.

### Commercial wisdom of the Committee

The Hon'ble Supreme Court of India in the matter of '*Committee of Creditors of Essar Steel India Limited vs. Satish Kumar Gupta & ors.*', while upholding the constitutional validity of the Code, *inter alia*, important ruling with regard to the role of the Committee of Creditors in the CIR process. It had emphasized the primacy of the commercial wisdom of the committee of Creditors in the resolution process as to whether to rehabilitate the corporate debtor or not by accepting a particular resolution plan. It also states that prior to approving the resolution plan, the Committee is required to assess the "feasibility and viability" of the resolution plan, which takes into account "all the aspects of the resolution plan, including the manner of distribution of funds among various class of creditors." In this regard, the Committee is free to negotiate with the resolution applicant by suggesting modifications in the commercial proposal on a case to case basis.

### **Does NCLAT have a right in law to interfere with the decision of the Committee of Creditors of accepting the resolution plan?**

In the case of '*Kalparaj Dharamshi and another vs Kotak Investment Advisors Ltd and another*', the Apex Court observed that the evaluation of proposals to keep the entity as a going concern, including decisions about the sale of business or units, restructuring of debt, etc., are required to be taken by the Committee of the Financial Creditors. The Apex Court further observed that it has been provided, that the choice of the solution to keep the entity as a going concern will be voted upon by the Committee and there are no constraints on the proposals that the resolution professional can present to the Committee. It was held that **the NCLT or the NCLAT cannot interfere with the commercial wisdom of the Committee of Creditors, except within the limited scope under Sections 30 and 31 of the Code.** It was further held that the commercial wisdom of the Committee has been given paramount status without any judicial intervention for ensuring completion of the stated processes within the timelines prescribed by the Code. The Court further held that there is an intrinsic assumption that financial creditors are fully informed about the viability of the corporate debtor and feasibility of the proposed resolution plan. They act on the basis of thorough examination of the proposed resolution plan and assessment made by their team of experts. It was further held that the opinion expressed by the Committee after due deliberations in the meetings through voting, as per voting shares, is a collective business decision.

In another notable judgment, the Supreme Court in the matter of *K. Sashidhar vs. Indian Overseas Bank* curtailed the jurisdiction of the NCLT by observing that the NCLT has no jurisdiction and authority to analyse or evaluate the commercial decision of the Committee of Creditors and to enquire into the justness of the rejection of the resolution plan by the dissenting financial creditors. This judgement apart from emphasizing on commercial wisdom of CoC under the Code, can also be foreseen to cut down on needless litigation and the resultant delays.

## MEANING OF RESOLUTION PLAN AND RESOLUTION APPLICANT

### Overview

The Insolvency and Bankruptcy Code, 2016 (Code) aims at resolving the woes of insolvent companies through the corporate insolvency resolution process (CIRP), wherein the assets or business of the corporate debtor are transferred as a going concern to the most eligible party approved by the Committee of Creditors. Such an eligible party is willing to take up the management of the Corporate Debtor as well as to service its debts. The parties that are willing to take over the corporate debtor are called resolution applicants and they participate in the CIRP by submitting a document called a resolution plan. It is a comprehensive document which covers, *inter alia*, overview of the eligible party, how does the party plan to take over the corporate debtor, debt repayment schedule etc. The resolution plans are first analysed by the resolution professional to ensure that they meet the conditions prescribed under the Code, pursuant to which, they are placed before the committee of creditors for their discussion, evaluation and approval. The resolution plan, so approved by the committee and scoring the highest points, is then filed by the resolution professional with the Adjudicating Authority.

### Resolution Plan:

According to section 5(26), a '**resolution plan**' means a plan proposed by resolution applicant for insolvency resolution of the corporate debtor as a going concern in accordance with Part II".

Explanation.-For removal of doubts, it is clarified that a resolution plan may include provisions for the restructuring of the corporate debtor, including by way of merger, amalgamation and demerger.

### Resolution Applicant:

#### **Ineligibility during the resolution process and liquidation**

(as laid down in the matter of ‘*Arun Kumar Jagatramka. Vs. Jindal Steel and Power Ltd. & Anr*’)

- ❖ The birth of section 29A is an event attributable to the experience which was gained from the actual working of the provisions of the statute since it was published in the Gazette of India on 28 May 2016.
- ❖ Section 29A has been construed to be a crucial link in ensuring that the objects of the IBC are not defeated by allowing “ineligible persons”, including but not confined to those in the management who have run the company aground, to return in the new avatar of resolution applicants.
- ❖ The values which animate Section 29A continue to provide sustenance to the rationale underlying the exclusion of the same category of persons from the process of liquidation involving the sale of assets, by virtue of the provisions of section 35(1)(f).
- ❖ The purpose of the ineligibility under Section 29A is to achieve a sustainable revival and to ensure that a person who is the cause of the problem either by a design or a default cannot be a part of the process of solution.

It may be noted that pursuant to Section 240A(1) of the Code, notwithstanding anything to the contrary contained in this Code, the provisions of clauses (c) and (h) of section 29A shall not apply to the resolution applicant in respect of corporate insolvency resolution process or pre-packaged insolvency resolution process of any micro, small and medium enterprises.

The Section also bars any action being taken against the property of the corporate debtor pursuant to an offence committed prior to the CIRP, subject to the condition that the property is covered under the resolution plan approved by the AA or sale under liquidation and the resolution plan should have resulted in change in management/control of the corporate debtor such that debarred persons are not in management/control of the corporate debtor post resolution. However, the immunity is not provided for the property of any other person, other than the corporate debtor. The Section further provides that notwithstanding the immunity given in sub-sections (1) & (2), the corporate debtor or any person who may be required to extend assistance/co-operation to any authority investigating an offence committed prior to the commencement of CIRP, has been mandated to assist and co-operate accordingly.

### SPECIAL PROVISION RELATING TO TIME-LINE

Regulation 40C of the Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Corporate Persons) Regulations, 2016 was inserted vide the Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Corporate Persons) (Third Amendment) Regulations, 2020 dated 20th April, 2020 which came into force from 29th March, 2020. The said Regulation came in light of the COVID-19 situation persisting in the country. It reads as follows:

*“Notwithstanding the time-lines contained in these regulations, but subject to the provisions in the Code, the period of lockdown imposed by the Central Government in the wake of Covid-19 outbreak shall not be counted for the purposes of the time-line for any activity that could not be completed due to such lockdown, in relation to a corporate insolvency resolution process.”*

It must be noted that the model timelines for corporate insolvency resolution process is laid down in Regulation 40A.

## CASE LAWS

### 1. Principles for a Resolution Plan

The National Company Law Appellate Tribunal (NCLAT), in the matter of Binani Industries Limited v. Bank of Baroda & Anr. while approving the revised resolution plan submitted by Ultratech Cement Limited in the insolvency resolution process initiated against the corporate debtor-Binani Cement Limited, laid down certain principles that a resolution plan should comply with. These include, inter alia that:

- (a) Functionally, the resolution plan shall resolve insolvency, maximise the value of assets of the corporate debtor, and promote entrepreneurship, availability of credit, and balance the interests of all the stakeholders. The resolution plan is not a sale, or auction, or recovery or liquidation but a resolution of the Corporate Debtor as a going concern.
- (b) A resolution process under IBC is not an auction. Feasibility and viability of a ‘Resolution Plan’ are not amenable to bidding or auction. It requires application of mind by the ‘Financial Creditors’ who understand the business well.
- (c) A resolution process under IBC is not recovery. Recovery is an individual effort by a creditor to recover its dues through a process that has debtor and creditor on opposite sides. The ‘I&B Code’ prohibits and discourages recovery.

#### FACTS

- ❖ On an average, 45 percent of the claims through resolutions plans under the Corporate Insolvency Resolution Process (CIRP), takes on average 300 days and entails a cost on average of 0.5 per cent.
- ❖ This is significantly better as compared to the previous regime which yielded a recovery of 25 per cent for creditors through a process which took about five years and entailed a cost of 9 per cent.
- ❖ In addition to rescuing viable firms, which is the sole objective of IBC; resolution plans under IBC have yielded 200 per cent of liquidation value for creditors.

- (d) A resolution process is not a liquidation. The IBC does not allow liquidation of a Corporate Debtor directly and permits liquidation only on failure of the resolution process.
- (e) The IBC aims to balance the interests of all stakeholders and does not maximise value for financial creditors. Therefore, the dues of operational creditors must get at least similar treatment as compared to the due of financial creditors.
- (f) Any resolution plan if shown to be discriminatory against one or other financial creditor or the operational creditor, can be held to be against the provisions of IBC.

The Supreme Court, dismissed an appeal against the NCLAT order. The NCLAT order is significant since it clarifies the underlying principles that a resolution plan should comply with.

## 2. Former directors of Corporate Debtor are entitled to receive Resolution Plan

In the matter of *Vijay Kumar Jain v. Standard Chartered Bank and others*, an appeal was filed with Supreme Court against orders rejecting the prayer of an erstwhile director for getting copy of the resolution plans from the RP. Both the NCLT and NCLAT ruled that appellant had no right to receive the resolution plans.

The Resolution Professional (RP) has contended that only the members of CoC are entitled to have resolution plans, as per Section 30(3) IBC read with Regulation 39(2) CIRP Regulations. Relying on the Notes on Clauses to Section 24 of the Code, they argued that the members of suspended Board of Directors are permitted to participate in CoC meetings only for the purpose of giving information regarding the financial status of the debtor.

The Supreme Court expressly rejected the argument based on Notes on Clauses to Section 24 of the Code and noted that every participant is entitled to a notice of every meeting of the committee of creditors. Such notice of meeting must contain an agenda of the meeting, together with the copies of all documents relevant for matters to be discussed and the issues to be voted upon at the meeting vide Regulation 21(3)(iii). Court said the expression “documents” is a wide expression which would certainly include resolution plans.

The judgment also clarified that the RP can take an undertaking from the erstwhile director to maintain confidentiality of the information.

### Exemptions under other laws

- SEBI has exempted acquisitions under resolution plans from making public offers under the Takeover Code.
- RBI has allowed external commercial borrowing for resolution applicants to repay domestic term loans.
- Competition Commission of India has devised a special route for expeditious approvals for combination envisaged under resolution plans.
- Income-tax department has allowed setting-off the aggregate amount of the unabsorbed depreciation and loss brought forward against book profits arising from a resolution plan.

## INTRODUCTION

The Insolvency and Bankruptcy Code, 2016 (the Code) aims to consolidate and amend laws relating to reorganisation and insolvency resolution of corporate persons, partnership firms and individuals in India. The provisions of the Code aim to maximize the value of assets of such persons in order to promote entrepreneurship in the country and also increase the availability of credit in the economy and balance interest of all stakeholders.

Sections 94 to 120 in Chapter III of Part III of the Insolvency and Bankruptcy Code, 2016 deal with insolvency resolution process for individuals and Partnership Firms.

The Adjudicating Authority for dealing with insolvency and bankruptcy of individual and partnership firms is Debt Recovery Tribunal and Appellate Authority for the same is Debt Recovery Appellate Tribunal. However, where a corporate insolvency resolution process or liquidation proceeding of corporate debtor is pending before National Company Law Tribunal, an application relating to the insolvency resolution or liquidation or bankruptcy of a personal guarantor of such corporate debtor shall be filed before such National Company Law Tribunal.

### Application by debtor to initiate Insolvency Resolution Process

Section 94 of the Code provides that the debtor who commits a default may apply to the adjudicating authority for initiating the insolvency resolution process by submitting an application with such fee and in such form as may be prescribed, either personally or through a Resolution Professional. Where the debtor is a partner of a firm, such debtor shall not apply to the Adjudicating Authority for initiating the insolvency resolution process in respect of the firm unless all or a majority of the partners of the firm file the application jointly.

Application for initiating the insolvency resolution process shall be submitted only in respect of debts which are not excluded debts.

Section 95 of the Code provides that a creditor may apply to the Adjudicating Authority for initiating the insolvency resolution process by submitting an application with such fee and in such form as may be prescribed, either **by himself or jointly with other creditors or through a Resolution Professional**. A creditor may apply under this

Section in relation to any partnership debt owed to him for initiating an insolvency resolution process against **any one or more partners of the firm or the firm.**

Where an application has been made against one partner in a firm, any other application against another partner in the same firm shall be presented in or transferred to the Adjudicating Authority in which the first mentioned application is pending for adjudication and such Adjudicating Authority may give such directions for consolidating the proceedings under the applications as it thinks just.

**An application under Section 95 shall be accompanied with such details and documents as may be specified by the Board relating to:**

(a) the debts owed by the debtor to the creditor or creditors submitting the application for insolvency resolution process as on the date of application;	(b) the failure by the debtor to pay the debt within a period of fourteen days of the service of the notice of demand; and	(c) relevant evidence of such default or non-repayment of debt.
---	--	---

The creditor shall also provide a copy of the application made under this Section to the debtor.

### INTERIM MORATORIUM

During the interim-moratorium period any pending legal action or proceeding in respect of any debt shall be deemed to have been stayed and the creditors of the debtor shall not initiate any legal action or proceedings in respect of any debt.

Where the application for initiating the insolvency resolution process has been made in relation to a firm, the interim moratorium shall operate against all the partners of the firm as on the date of the application. The provisions of this Section shall not apply to such transactions as may be notified by the Central Government in consultation with any financial sector regulator.

### APPOINTMENT OF RESOLUTION PROFESSIONAL

Section 97 of the Code provides that if an application under Section 94 or 95 is filed through a Resolution Professional, the Adjudicating Authority shall direct the Insolvency and Bankruptcy Board of India within seven days of the date of the application to confirm that there are no disciplinary proceedings pending against the resolution Professional. The Insolvency and Bankruptcy Board of India shall within seven days from the date of receipt of directions from Adjudicating Authority; communicate to the Adjudicating Authority in writing either **confirming the appointment of the Resolution Professional or rejecting the appointment of the Resolution Professional and nominating another Resolution Professional for the insolvency resolution process.**

Where an application for initiating the insolvency resolution process under Section 94 or 95 of the Code, is filed by the debtor or the creditor himself (as the case may be) and not through the Resolution Professional, the Adjudicating Authority shall direct the Insolvency and Bankruptcy Board of India within seven days of the filing of such application, to nominate a Resolution Professional for the insolvency resolution process.

## RECENT DEVELOPMENTS

Part III of the Code which applies to matters relating to fresh start, insolvency and bankruptcy of individuals and partnership firms envisages insolvency resolution of three categories of individuals, namely, personal guarantors to corporate debtors (CDs), partnership firms and proprietorship firms, and other individuals. Each category is unique and needs a separate dispensation for resolution of its insolvency. An appropriate phasing and sequencing of implementation of individual insolvency is essential, in sync with the legislative intention.

In the first phase, the provisions of the Code dealing with insolvency and bankruptcy of personal guarantors to corporates have been implemented. This is to complement the corporate insolvency regime and put personal guarantors and corporate guarantors on a level playing field. The provisions of the Code dealing with insolvency of partnership and proprietorship firms may be implemented in the second phase. In the third phase, the provisions of the Code dealing with insolvency of other individuals may be implemented.

## INTRODUCTION

The Insolvency and Bankruptcy Code, 2016 ("Code") is a consolidated statute which deals with insolvency and bankruptcy of corporate, limited liability partnerships (LLPs), individuals and partnership firms. The Code is a one shot solution which provides for dealing with insolvency or bankruptcy of various organizational structures under one roof.

This Lesson enables readers to comprehend the provisions specified under the Code for initiating fresh start process by a debtor subject to fulfillment of certain criteria. Since the provisions of fresh start process have not been notified under the Code therefore no statutory regulations providing the form and manner for initiating fresh start process have been introduced yet by the Insolvency and Bankruptcy Board of India ("Board").

The fresh start process is enshrined under Chapter II of Part III of the Code. The fresh start process is an opportunity to a debtor who is unable to pay his debts to clear off his debts in a time-bound manner on fulfilling the prescribed conditions for the fresh start of his qualifying debts.

The intent of fresh start process is to provide debtors with comparatively small debts, a chance to discharge off their debts and restart afresh without any liability. The fresh start process is an alternative to the insolvency and bankruptcy processes. To prevent and curb the abuse of this debtor centric process, the Code has aligned certain restrictions on the applicability and validity of fresh start process.

## WHO CAN MAKE AN APPLICATION FOR FRESH START PROCESS?

Section 80 of the Insolvency and Bankruptcy Code, 2016 provides that a debtor who is unable to pay his debt and fulfils the below mentioned conditions shall be entitled to make an application for a fresh start process for discharge of his qualifying debt.

- The outcome of an application for fresh start is a discharge from the qualifying debts and the debtor shall not be required to pay the amount comprising of the qualifying debts for which a discharge order is made under section 92 of the Code.
- Thus excluded debts, secured debts and debts incurred three months prior to the date of the application for fresh start process are outside the purview of fresh start process. Section 80 lays down the eligibility criteria for making an application for a fresh start process.
- Section 81 provides for the imposition of an interim moratorium. The moratorium provisions shall have effect from the date of filing of such application up to the date on which such application is admitted or rejected by the adjudicating authority.
- Section 82 of the Code provides for the appointment of Resolution Professional. An application for fresh start may be made by the debtor either personally or through a Resolution Professional.

- Section 85 provides that an order admitting an application for fresh start has the effect of a fresh moratorium from the date of such admission for a period of one hundred and eighty days, or up to the date on which the order admitting such application is revoked under section 91, as the case may be. On the passing of such order, irrespective of the acceptance or rejection of the application, the interim moratorium under section 81 comes to an end.
- Section 86 gives the creditors a right to object to the inclusion of their debt as a qualifying debt for discharge or object to any material inconsistency in the details of such debt, by filing an application to the Resolution Professional.
- Section 87 lists out the grounds on which an aggrieved creditor or debtor may make an application to the adjudicating authority challenging the action of the resolution professional taken under Section 86. - Section 91 sets out the grounds on which the resolution professional may submit an application to the adjudicating authority seeking revocation of its order made under section 84. The object of section 91 is to provide for rescinding the fresh start process where due to any change in the financial circumstances of the debtor, the debtor becomes ineligible for a fresh start process or the debtor acts in violation of certain provisions of the Code.
- Section 92 provides for the passing of a discharge order by the adjudicating authority at the end of the moratorium period for discharge of the debtor from the qualifying debts.

## INTRODUCTION

In the traditional lending process, a bank makes a loan, maintaining it as an asset on its balance sheet, collecting principal and interest, and monitoring whether there is any deterioration in borrower's creditworthiness.

This requires a bank to hold assets till repayment of loan. The funds of the bank are blocked in these loans and to meet its growing fund requirements, a bank has to raise additional funds from the market. Securitisation is a way of unlocking these blocked funds.

The process leads to the creation of financial instruments that represent ownership interest in, or are secured by a segregated income producing asset or pool of assets. The pool of assets collateralises securities. These assets are generally secured by personal or real property (e.g. automobiles, real estate, or equipment loans), but in some cases are unsecured (e.g. credit card debt, consumer loans).

*One of the most prominent developments in international finance in recent decades and the one that is likely to assume even greater importance in future is securitisation. Securitisation is the process of pooling and repackaging of homogenous illiquid financial assets into marketable securities that can be sold to investors. Basically Securitisation is a method of raising funds by way of selling receivables for money.*

## How Securitisation gained importance?

When a borrower, who is under a liability to pay to secured creditor, makes any default in repayment of secured debt or any instalment thereof, the account of borrower is classified as non-performing asset (NPA). NPAs constitute a real economic cost to the nation because they reflect the application of scarce capital and credit funds to unproductive uses. The money locked up in NPAs are not available for productive use and to the extent that banks seek to make provisions for NPAs or write them off, it is a charge on their profits. High level of NPAs impact adversely on the financial strength of banks who in the present era of globalization, are required to conform to stringent International Standards.

The public at large is also adversely affected because bank's main source of funds are deposits placed by public. Continued growth in NPA portfolio threatens the repayment capacity of the banks and erode the confidence reposed by them in the banks.

Prior to the enactment of SARFAESI, the banks had to take recourse to the long legal route against the defaulting borrowers beginning from filing of claims in the courts. A lot of time was usually spent in getting decrees and execution thereof before the banks could make some recoveries. In the meantime the promoters could seek the protection of BIFR and could also dilute the securities available to banks. The Debt Recovery Tribunals (DRTs) set up by the Government also did not prove to be of much help as these get gradually overburdened by the huge volume of cases referred to them. All along, the banks were feeling greatly handicapped in the absence of any powers for seizure of assets charged to them.

All these issues gave the passage for evolution of the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (SARFAESI Act). This Act is a unique piece of legislation which has far reaching consequences and has overriding power over the other legislations and it shall go in addition to and not in derogation of certain legislations.

The Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 was enacted with a view to regulate securitisation and reconstruction of financial assets and enforcement of security interest and for matters connected therewith or incidental thereto. The Act enables the banks and financial institutions to realise long-term assets, manage problems of liquidity, asset liability mismatch and improve recovery by exercising powers to take possession of securities, sell them and reduce non-performing assets by adopting measures for recovery or reconstruction. The said Act further provides for setting up of asset reconstruction companies which are empowered to take possession of secured assets of the borrower including the right to transfer by way of lease, assignment or sale and realise the secured assets and take over the management of the business of the borrower.

With increasing levels of non-performing or stressed assets in the Indian financial services sector, reforming the debt recovery and bankruptcy framework has been a key focus area for the Indian government. The Enforcement of Security Interest and Recovery of Debts Laws and Miscellaneous Provisions (Amendment) Bill, 2016 was introduced in Lok Sabha on May 11, 2016. It sought to amend four laws: (i) Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (SARFAESI), (ii) Recovery of Debts due to Banks and Financial Institutions Act, 1993 (RDDBFI), (iii) Indian Stamp Act, 1899 and (iv) Depositories Act, 1996.

Following the enactment of the Insolvency and Bankruptcy Code, 2016 (Bankruptcy Code), the Indian parliament has passed the Enforcement of Security Interests and Recovery of Debt Laws and Miscellaneous Provisions (Amendment) Act, 2016 to improve the efficiency of Indian debt recovery laws. The amendment act introduces a number of changes to the Securitization and Reconstruction of Financial Assets and Enforcement of Security Interests Act, 2002 (SARFAESI Act) and the Recovery of Debts Due to Banks and Financial Institutions Act, 1993 (DRT Act). These changes have come into effect as per the government notification in the Official Gazette.

### STATEMENT OF OBJECTS AND REASONS OF SARFAESI ACT

It is necessary at the outset, to reiterate the statement of objects and reasons for the SARFAESI Act, which reads as under:

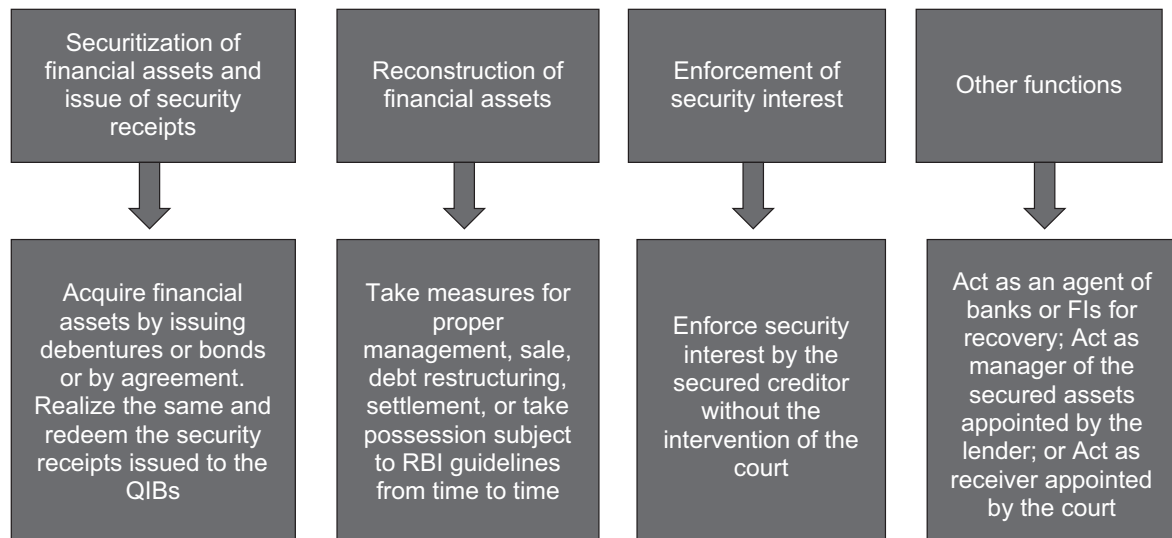

The financial sector has been one of the key drivers in India's effort to achieve success in rapidly developing its economy. While the banking industry in India is progressively complying with the international prudential norms and accounting practices, there are certain areas in which the banking and financial sector do not have a level playing field as compared to other participants in the financial markets in the world. There is no legal provision for facilitating securitisation of financial assets of banks and financial institutions. Further, unlike international banks, the banks and financial institutions in India do not have power to take possession of securities and sell them. Our existing legal framework relating to commercial transactions has not kept pace with the changing commercial practices and financial sector reforms. This has resulted in slow pace of recovery of defaulting loans and mounting levels of non-performing assets of banks and financial institutions. Narasimham Committee I and II and Andhyarujina Committee constituted by the Central Government for the purpose of examining banking sector reforms have considered the need for changes in the legal system in respect of these areas. These Committees, inter alia, have suggested enactment of a new legislation for securitisation and empowering banks and financial institutions to take possession of the securities and sell them without the intervention of the court.

The main purpose of the SARFAESI Act is to enable and empower the secured creditors to take possession of their securities and to deal with them without the intervention of the court and also alternatively to authorise any securitisation or reconstruction company to acquire financial assets of any bank or financial institution.

The Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Ordinance, 2002 was promulgated on the 21st June, 2002 to regulate securitisation and reconstruction of financial assets and enforcement of security interest and for matters connected therewith or incidental thereto. The provisions of the Ordinance enabled banks and financial institutions to manage problems of liquidity, asset liability mismatches and improvement in recovery by exercising powers to take possession of securities, sell them and reduce non-performing assets by adopting measures for recovery or reconstruction.

The SARFAESI Act, 2002 has empowered the Banks and Financial Institutions with vast power to enforce the securities charged to them. The Banks can now issue notices to the defaulters to pay up the dues and if they fail to do so within 60 days of the date of the notice, the banks can take over the possession of assets like factory, land and building, plant and machinery etc. charged to them including the right to transfer by way of lease, assignment or sale and realize the secured assets. In case the borrower refuses peaceful handing over of the secured assets, the bank can also file an application before the District Magistrate or Chief Metropolitan Magistrate for taking possession of assets. The Banks can also take over the management of business of the borrower. The bank in addition can appoint any person to manage the secured assets the possession of which has been taken over by the bank. Banks can package and sell loans via "Securitisation" and the same can be traded in the market like bonds and shares.

### Apex Court Upheld Constitutional Validity of the SARFAESI Act

The SARFAESI Act, 2002 was challenged in various courts on grounds that it was loaded heavily in favour of lenders, giving little chance to the borrowers to explain their views once recovery process is initiated under the legislation. Leading the charge against the said Act was Mardia Chemicals in its plea against notice served by ICICI Bank. The Government had, however, argued that the legislation would bring about a financial discipline and reduce the burden of Non-Performing Assets (NPAs) of banks and institutions.

In *Mardia Chemicals Ltd. v. UOI* [2004] 59 CLA 380 (SC), it was urged by the petitioner that:

- (i) there was no occasion to enact such a draconian legislation to find a short-cut to realise non- performing assets ('NPAs') without their ascertainment when there already existed the Recovery of Debts Due to Banks and Financial Institutions Act, 1993 ('Recovery of Debt Act') for doing so;
- (ii) no provision had been made to take into account lenders liability;
- (iii) that the mechanism for recovery under Section 13 does not provide for an adjudicatory forum of inter se disputes between lender and borrower; and
- (iv) that the appeal provisions were illusory because the appeal would be maintainable after possession of the property or management of the property was taken over or the property sold and the appeal is not entertainable unless 75 per cent of the amount claimed is deposited with the Debts Recovery Tribunal ('DRT').

The Hon'ble Supreme Court held that though some of the provisions of the Act 2002 were a bit harsh for some of the borrowers but on those grounds the impugned provisions of the Act cannot be said to unconstitutional in the view of the fact that the objective of the Act is to achieve speedier recovery of the dues declared as NPAs and better availability of capital liquidity and resources to help in growth of economy of the country and welfare of the people in general which would sub-serve the public interest.

The Supreme Court observed that the Act provides for a forum and remedies to the borrower to ventilate his grievances against the bank or financial institution, inter alia, with respect to the amount of the demand of the secured debt. After the notice is sent, the borrower may explain the reasons why the measures may or may not be taken under Sub-section (4) of Section 13. The creditor must apply its mind to the objections raised in reply to such notice. There must be meaningful consideration by the Court of the objections raised rather than to ritually reject them and to proceed to take drastic measures under Sub-section (4) of Section 13. The court held that such a procedure/mechanism was conducive to the principles of fairness and that such a procedure was also important from the point of view of the economy of the country and would serve the purpose in the growth of a healthy economy. It would serve as guidance to secured debtors in general in conducting their affairs.

The court opined that the fairness doctrine, cannot be stretched too far, such communication is only for the purposes of the secured debtors knowledge and cannot give an occasion to the secured debtor to resort to any proceeding, which are not permissible under the provisions of the Act. Thus, a secured debtor is not allowed to challenge the reasons communicated or challenge the action likely to be taken by the secured creditor at that point of time unless his right to approach the DRT as provided under section 17 matures on any measure having been taken under Sub-section (4) of Section 13.

Moreover, another safeguard is also available to a secured borrower within the framework of the Act i.e. to approach the DRT under Section 17 though such a right accrues only after measures are taken under Sub-section (1) of Section 13.

---

The Hon'ble Supreme Court, however, found that the requirement of deposit of 75 per cent of the amount claimed before entertaining an appeal (petition) under Section 17 is an oppressive, onerous and arbitrary condition and against all the canons of reasonableness. It held this provision to be invalid and ordered that it was liable to be struck down. The amount of deposit for making an appeal has since been reduced to 5% of the amount claimed, to keep it reasonable and also to check the genuineness of the Appellant.

## Definitions

The Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 came into effect on the 21st day of June, 2002.

Section 2 of the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (SARFAESI Act) defines various terms used in the Act.

In 2013, the government amended the Act to include co-operative banks formally under the definition of banks eligible to use it. However, petitions were filed questioning the authority of the notification and the power of Parliament to amend the SARFAESI Act.

The Supreme Court vide order dated 05th May, 2020 in the matter of 'Pandurang Ganpati Chaugule vs Vishwasrao Patil Murgud Sahakari Bank Limited' held that co-operative are banks under the State legislation and multi-State co-operative banks are 'banks' under section 2(1)(c) of SARFESI Act, 2002. The order also stated that it is permissible for the Parliament to enact the law to provide recovery procedures for bank dues that have been done by providing speedy recovery of secured interest without intervention of the court/tribunal.

This move helps the co-operative banks to avoid inordinate delays in the recovery of their bad loans due to the involvement of civil courts and co-operative tribunals. The Indian banking system has 1,544 urban co-operative banks (UCBs) and 96,248 rural co-operative banks, with substantial deposits from retail investors. Considering their size, for the smooth functioning of these co-operative banks, speedy recovery of defaulting loans is critical.

## DEBT RECOVERY

### Need and Object

Recovery of Debts [Due to Banks and Financial Institutions, Insolvency and Bankruptcy of Individuals and Partnership Firms]<sup>1</sup> Act, 1993 was passed by the Parliament of India, with a view to provide for the establishment of Tribunals for expeditious adjudication and recovery of debts due to banks and financial institutions, [insolvency resolution and bankruptcy of individuals and partnership firms]<sup>2</sup> and for matters connected therewith or incidental thereto. It extends to the whole of India except the State of Jammu and Kashmir. It shall be deemed to have come into force on the 24th day of June, 1993.

Sub-section 1(4) provides that [Save as otherwise provided, the provisions of this Code]<sup>3</sup> shall not apply where the amount of debt due to any bank or financial institution or to a consortium of banks or financial institutions is less than twenty lakh rupees as specified by the Central Government may, by notification on Sept 6, 2018.

The Act provides a procedure that is distinct from the existing Code of Civil Procedure in order to ensure a speedy adjudication. The Act also provides for the setting up of a separate set of tribunals to hear such matters and these tribunals are termed as Debt Recovery Tribunals (DRTs).

With a view to help financial institutions recover their bad debts quickly and efficiently, the Government of India has constituted thirty nine Debt Recovery Tribunals and five Debt Recovery Appellate Tribunals all over the country.

Each Debts Recovery Tribunal is presided over by a Presiding Officer. The Presiding Officer is generally a Judge of the rank of District and Sessions Judge. A Presiding Officer of a Debts Recovery Tribunal is assisted by a number of officers of other ranks, but none of them need necessarily have a judicial background. Therefore, the Presiding Officer of a Debt Recovery Tribunal is the sole judicial authority to hear and pass any judicial order.

Each Debts Recovery Tribunal has two Recovery Officers. The work amongst the Recovery Officers is allocated by the Presiding Officer. Though a Recovery Officer need not be a judicial Officer, but the orders passed by a Recovery Officer are judicial in nature, and are appealable before the Presiding Officer of the Tribunal.

The Debts Recovery Tribunals are fully empowered to pass comprehensive orders like Civil Courts. The Tribunals can hear cross suits, counter claims and allow set offs. However, they cannot hear claims of damages or deficiency of services or breach of contract or criminal negligence on the part of the lenders.

The Debts Recovery Tribunals can appoint Receivers, Commissioners, pass ex-parte orders, ad-interim orders, interim orders apart from powers to review its own decision and hear appeals against orders passed by the Recovery Officers of the Tribunals.

The recording of evidence by Debts Recovery Tribunals is somewhat unique. All evidences are taken by way of an affidavit. Cross examination is allowed only on request by the defense, and that too if the Tribunal feels that such a cross examination is in the interest of justice. Frivolous cross examination may be denied. There are a number of other unique features in the proceedings before the Debts Recovery Tribunals all aimed at expediting the proceedings.

2. If any amount is due from any person to the defendant, the Recovery Officer may require such person to deduct from the said amount, the amount of debt due from the defendant under this Act and such person shall comply with any such requisition and shall pay the sum so deducted to the credit of the Recovery Officer :

Provided that nothing in this sub-section shall apply to any part of the amount exempt from attachment in execution of a decree of a civil court under section 60 of the Code of Civil Procedure, 1908.

3. (i) The Recovery Officer may, at any time or from time to time, by notice in writing, require any person from whom money is due or may become due to the defendant or to any person who holds or may subsequently hold money for or on account of the defendant, to pay to the Recovery Officer either forthwith upon the money becoming due or being held or within the time specified in the notice (not being before the money becomes due or is held) so much of the money as is sufficient to pay the amount of debt due from the defendant or the whole of the money when it is equal to or less than that amount.
- ii) A notice under this sub-section may be issued to any person who holds or may subsequently hold any money for or on account of the defendant jointly with any other person and for the purposes of

this sub-section, the shares of the joint holders in such amount shall be presumed, until the contrary is proved, to be equal.

- iii) A copy of the notice shall be forwarded to the defendant at his last address known to the Recovery Officer and in the case of a joint account to all the joint holders at their last addresses known to the Recovery Officer.
  - iv) Save as otherwise provided in this sub-section, every person to whom a notice is issued under this sub-section shall be bound to comply with such notice, and, in particular, where any such notice is issued to a post office, bank, financial institution, or an insurer, it shall not be necessary for any pass book, deposit receipt, policy or any other document to be produced for the purpose of any entry, endorsement or the like to be made before the payment is made notwithstanding any rule, practice or requirement to the contrary.
  - v) Any claim respecting any property in relation to which a notice under this sub-section has been issued arising after the date of the notice shall be void as against any demand contained in the notice.
  - vi) Where a person to whom a notice under this sub-section is sent objects to it by a statement on oath that the sum demanded or the part thereof is not due to the defendant or that he does not hold any money for or on account of the defendant, then, nothing contained in this sub-section shall be deemed to require such person to pay any such sum or part thereof, as the case may be, but if it is discovered that such statement was false in any material particular, such person shall be personally liable to the Recovery Officer to the extent of his own liability to the defendant on the date of the notice, or to the extent of the defendant's liability for any sum due under this Act, whichever is less.
  - vii) The Recovery Officer may, at any time or from time to time amend or revoke any notice under this sub-section or extend the time for making any payment in pursuance of such notice.
  - viii) The Recovery Officer shall grant a receipt for any amount paid in compliance with a notice issued under this sub-section, and the person so paying shall be fully discharged from his liability to the defendant to the extent of the amount so paid.
  - ix) Any person discharging any liability to the defendant after the receipt of a notice under this sub-section shall be personally liable to the Recovery Officer to the extent of his own liability to the defendant so discharged or to the extent of the defendant's liability for any debt due under this Act, whichever is less.
  - x) If the person to whom a notice under this sub-section is sent fails to make payment in pursuance thereof to the Recovery Officer, he shall be deemed to be a defendant in default in respect of the amount specified in the notice and further proceedings may be taken against him for the realisation of the amount as if it were a debt due from him, in the manner provided in sections 25, 26 and 27 and the notice shall have the same effect as an attachment of a debt by the Recovery Officer in exercise of his powers under section 25.
4. The Recovery Officer may apply to the court in whose custody there is money belonging to the defendant for payment to him of the entire amount of such money, or if it is more than the amount of debt due, an amount sufficient to discharge the amount of debt so due.
  - 4A. The Recovery Officer may, by order, at any stage of the execution of the certificate of recovery, require any person, and in case of a company, any of its officers against whom or which the certificate of recovery is issued, to declare on affidavit the particulars of his or its assets.
  5. The Recovery Officer may recover any amount of debt due from the defendant by distraint and sale of his movable property in the manner laid down in the Third Schedule to the Income-tax Act, 1961.

#### **Deposit of amount of Debt due for filing appeal against Orders of the Recovery Officer**

Section 30A states that where an appeal is preferred against any order of the Recovery Officer, under section 30, by any person from whom the amount of debt is due to a bank or financial institution or consortium of banks or financial institutions, such appeal shall not be entertained by the Tribunal unless such person has deposited with the Tribunal fifty per cent of the amount of debt due as determined by the Tribunal.

## APPLICATION OF CERTAIN PROVISIONS OF INCOME-TAX ACT

Section 29 of the Act provides that the provisions of the Second and Third Schedules to the Income-tax Act, 1961 and the Income-tax (Certificate Proceedings) Rules, 1962, as in force from time to time shall, as far as possible, apply with necessary modified as if the said provisions and the rules referred to the amount of debt due under this Act instead of to the Income-tax. Provided that any reference under the said provisions and the rules to the “assessee” shall be construed as a reference to the defendant under the Act.

Furthermore, Section 30, after amendment by the Amendment Act, 2000, gives a right to any person aggrieved by an order of the Recovery Officer, to prefer an appeal to the Tribunal within thirty days from the date on which a copy of the order is issued to such person. Thus now an appellate forum has been provided against any orders of the Recovery Officer which may not be in accordance with the law. There is, therefore, sufficient safeguard which has been provided in the event of the Recovery Officer acting in an arbitrary or an unreasonable manner.

## TRANSFER OF PENDING CASES (SECTION 31)

1. Every suit or other proceeding pending before any court immediately before the date of establishment of a Tribunal under this Act, being a suit or proceeding the cause of action whereon it is based is such that it would have been, if it had arisen after such establishment, within the jurisdiction of such Tribunal, shall stand transferred on that date to such Tribunal :

Provided that nothing in this sub-section shall apply to any appeal pending as aforesaid before any court:

Provided further that any recovery proceedings in relation to the recovery of debts due to any multi- State co-operative bank pending before the date of commencement of the Enforcement of Security Interest and Recovery of Debts Laws (Amendment) Act, 2012 under the Multi-State Co-operative Societies Act, 2002, shall be continued and nothing contained in this section shall apply to such proceedings.

2. Where any suit or other proceeding stands transferred from any court to a Tribunal under sub- section (1), –
  - (a) the court shall, as soon as may be after such transfer, forward the records of such suit or other proceeding to the Tribunal; and
  - (b) the Tribunal may, on receipt of such records, proceed to deal with such suit or other proceeding, so far as may be, in the same manner as in the case of an application made under section 19 from the stage which was reached before such transfer or from any earlier stage as the Tribunal may deem fit.

### Appeal against the Order of Recovery Officer

Any person aggrieved by an order of the Recovery Officer made under this Act may, within thirty days from the date on which a copy of the order is issued to him, prefer an appeal to the Tribunal. On receipt of an appeal, the Tribunal may, after giving an opportunity to the appellant to be heard, and after making such inquiry as it deems fit, confirm, modify or set aside the order made by the Recovery Officer in exercise of his powers under Sections 25 to 28 (both inclusive).

## POWER OF TRIBUNAL TO ISSUE CERTIFICATE OF RECOVERY IN CASE OF DECREE OR ORDER

Section 31A specify the power of Tribunal to issue certificate of recovery in case of decree or order. It states that :

1. Where a decree or order was passed by any court before the commencement of the Recovery of Debts Due to Banks and Financial Institutions (Amendment) Act, 2000 and has not yet been executed, then, the decree-holder may apply to the Tribunal to pass an order for recovery of the amount.
2. On receipt of an application under sub-section (1), the Tribunal may issue a certificate for recovery to a Recovery Officer.
3. On receipt of a certificate under sub-section (2), the Recovery Officer shall proceed to recover the amount as if it was a certificate in respect of a debt recoverable under this Act.

## PRIORITY TO SECURED CREDITORS

Section 31B provides that notwithstanding anything contained in any other law for the time being in force, the rights of secured creditors to realise secured debts due and payable to them by sale of assets over which security interest is created, shall have priority and shall be paid in priority over all other debts and Government dues including revenues, taxes, cesses and rates due to the Central Government, State Government or local authority.

*Explanation* – For the purposes of this section, it is hereby clarified that on or after the commencement of the Insolvency and Bankruptcy Code, 2016 (31 of 2016), in cases where insolvency or bankruptcy proceedings are pending in respect of secured assets of the borrower, priority to secured creditors in payment of debt shall be subject to the provisions of that Code.

### Act to have Over-Riding Effect

Section 34 provides that save as provided under subsection (2), the provisions of this Act shall have effect notwithstanding anything inconsistent herewith contained in any other law for the time being in force or in any instrument having effect by virtue of any law other than this Act.

Sub-section (2) states that the provisions of this Act or the rules made there-under shall be in addition to, and not in derogation of, the Industrial Finance Corporation Act, 1948, the State Financial Corporations Act, 1951, the Unit Trust of India Act, 1963, the Industrial Reconstruction Bank of India Act, 1984, the Sick Industrial Companies (Special Provisions) Act, 1985 and the Small Industries Development Bank of India Act, 1989.

### Will Insolvency and Bankruptcy Code, 2016 prevails over SARFAESI Act, 2002?

In the case of *Canara Bank v. Sri Chandramoulisvar Spg. Mills (P) Ltd.*, the NCLAT while referring to Supreme Court's verdict in *Innoventive* case has ruled that when two proceedings are initiated, one under the Insolvency and Bankruptcy Code, 2016 (the Code) and the other under the SARFAESI Act, 2002, then the proceeding under the Code shall prevail.

The appeal in the case was preferred by the Financial Creditor i.e. Canara Bank against the NCLT's (National Company law Tribunal) order, whereby the application preferred by Operational Creditor under Section 9 of the Insolvency and Bankruptcy Code, 2016 (application for initiation of corporate insolvency resolution process by operational creditor) against the Corporate Debtor i.e. M/s. Sri Chandra Moulisvar Spinning Mills Private Limited was admitted by the Tribunal. The Appellant's main grievance in the case was that he had already initiated proceedings under the SARFAESI Act, 2002 for recovery against the Corporate Debtor.

The NCLAT in view of the issue involved in the case, made reference to Supreme Court's verdict in the case of *Innoventive Industries Ltd. v. ICICI Bank*, whereby the Apex Court was of the view that if the application under Section 9 is complete and there is no 'existence of dispute' and there is a 'debt' and 'default' then the Adjudicating Authority is bound to admit the application.

Thus, NCLAT upheld NCLT's decision and also noted that such action cannot continue as the Code will prevail over SARFAESI Act, 2002.

## LESSON ROUND UP

- Securitisation is the process of pooling and repackaging of homogenous illiquid financial assets into marketable securities that can be sold to investors.
- The Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 is enacted with a view to regulate securitisation and reconstruction of financial assets and enforcement of security interest and for matters connected therewith or incidental thereto.

- The SARFAESI Act, 2002 has empowered the Banks and Financial Institutions with vast power to enforce the securities charged to them. The Banks can now issue notices to the defaulters to pay up the dues and if they fail to do so within 60 days of the date of the notice, the banks can take over the possession of assets like factory, land and building, plant and machinery etc.
- 'Asset Reconstruction Company' means a company registered with Reserve Bank under section 3 of SARFAESI Act for the purposes of carrying on the business of asset reconstruction or securitisation, or both. Section 3 of SARFAESI Act deals with the Registration of Asset Reconstruction Companies.
- Any security interest created in favour of any secured creditor may be enforced, without the intervention of the Court or Tribunal, by such creditor in accordance with the provisions of this Act.
- Any borrower or any other person aggrieved by the action of the secured creditors can file an appeal to the concerned Debt Recovery Tribunal (DRT).
- Any person aggrieved by the order of DRT, may prefer an appeal to the Appellate Tribunal within thirty days from the date of receipt of the order of Debt Recovery Tribunal.
- Section 31 of the Act contains provisions relating to non-applicability of the Act in certain cases. Section 34 provides that no civil court shall have jurisdiction to entertain any suit or proceeding in respect of any matter which a Debts Recovery Tribunal or the Appellate Tribunal is empowered by or under this Act.
- Any person who contravenes the provisions of this Act or of any rules made thereunder shall be punishable with imprisonment for a term which may extend to one year, or with fine, or with both.
- Limitation Act, 1963 is applicable to the claims made under this Act. Section 35 provides that the provisions of this Act shall have effect, notwithstanding anything inconsistent therewith contained in any other law for the time being in force or any instrument having effect by virtue of any such law.
- In exercise of the powers conferred by section 38 read with section 13 of the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002, the Central Government notified Security Interest (Enforcement) Rules, 2002.
- Rule 8(6) of the Rules of 2002 provides the necessary safeguard if the action is taken in arbitrary and unreasonable manner and if the valuation of the property is not properly fixed. The whole object of Rule 8 (6) of the Rules of 2002 appears to be that the borrower gets clear thirty days' notice before the sale takes place. During this period, the borrower can raise objections and can also point out before the appropriate forum as regards the correct and true valuation of the property.
- Recovery of Debts and Bankruptcy Act, 1993 is an Act to provide for the establishment of Tribunals for expeditious adjudication and recovery of debts due to banks and financial institutions and for matters connected therewith or incidental thereto.
- The Act was passed to provide for the speedy adjudication of matters relating to recovery of debts due to banks and financial institutions.
- The Recovery of Debts and Bankruptcy Act, 1993 is a comprehensive Code dealing with all the facets pertaining to adjudication, appeal and realization of the dues payable to the banks and financial institutions.
- Section 19 of the Act deals with the procedure for making application to the Tribunal.
- Section 20 of the Act deals with provisions for an appeal to an Appellate Tribunal having jurisdiction in the matter.
- The Tribunal and the Appellate Tribunal have the same powers as are vested in a Civil Court under the Code of Civil Procedure, 1908.
- The Recovery Officer may proceed to recover the amount of debt by any of the specified modes under Section 25 of the Act.
- Any person who is aggrieved by an order of Recovery Officer may prefer an appeal to the Tribunal. The Debts Recovery Tribunal has the powers under the Act to make an enquiry as it deems fit and confirm, modify or set aside the order made by the Recovery Officer.

- The auction, sale and challenge are completely codified under the Act, regard being had to the special nature of the legislation.
- The provisions of the Limitation Act, 1963, shall, as far as may be, apply to an application made to a Tribunal.
- Section 34 provides that save as provided under subsection (2), the provisions of this Act shall have effect notwithstanding anything inconsistent herewith contained in any other law for the time being in force or in any instrument having effect by virtue of any law other than this Act.

## INTRODUCTION

Cross-border insolvency (sometimes called international insolvency) regulates the treatment of financially distressed debtors where such debtors have assets or creditors in more than one country. In recent times, the number of cross-border insolvency cases has increased significantly. The increasing frequency of cross-border insolvencies reflects the continuing expansion of global trade and investment. However, national insolvency laws are often ill-equipped to deal with cases of a cross-border nature and they have by and large not kept pace with the trend. Fraud by insolvent debtors, in particular by concealing assets or transferring them to foreign jurisdictions, is another increasing problem, in terms of both its frequency and its magnitude.

There is also a lack of communication and coordination among courts and administrators from concerned jurisdictions. These deficiencies frequently results in inadequate and inharmonious legal approaches, which hamper the rescue of financially troubled businesses. Such inadequate and uncoordinated legal approaches, unconducive to

Solutions to the phenomenon of cross-border insolvency are reliant on a number of complex and interrelated questions to which the courts and legislatures in different jurisdictions have provided varying answers.

a fair and efficient administration of cross-border insolvencies, impede the protection of the assets of the insolvent debtor and affect the maximization of the value of those assets. Such approaches are not only unpredictable and time-consuming in their application, but also lack transparency and the necessary tools to address the issues. All these factors adversely affect the value of the assets of financially troubled businesses and hamper their rescue. Moreover, the absence of predictability in the cross-border insolvency processes impedes capital flow and is a disincentive to cross-border investment.

Cross-border insolvency problems are not limited to the failure of major international businesses. A domestic business may have foreign branches or subsidiaries, or a foreign business may have domestic branches or subsidiaries. Property located in a foreign country may provide security for a debt so that domestic assets can be used to pay unsecured creditors. Foreign creditors may have valid claims in domestic bankruptcy cases,

and domestic creditors may have valid claims in foreign bankruptcy cases. Any one of these situations raises a transnational insolvency problem.

## CURRENT CROSS BORDER INSOLVENCY SCENARIO

Insolvency laws aim to assist both the debtor and the creditor in the management and disposition of the debtor's assets. Recently insolvency petitions against numerous companies are being admitted. A few of these companies also have assets in other jurisdictions, and one of the crucial questions that arise is the treatment of such assets. This is the sphere of cross-border insolvency laws.

The Insolvency Law Committee constituted by the Ministry of Corporate Affairs submitted its first Report in March 2018 which recommended amendments to the Insolvency and Bankruptcy Code, 2016 based on the experience gained from implementation of the Code. With respect to cross-border insolvency, the Committee noted that the existing provisions in the Code (sections 234 and 235) do not provide a comprehensive framework for cross-border insolvency matters. The Committee decided to attempt to provide a comprehensive framework for this purpose based on the UNCITRAL Model Law on Cross-Border Insolvency, 1997 which could be made a part of the Code by inserting a separate part for this purpose.

Further, the Standing Committee on Finance (2020-2021) in its Thirty- Second Report on "Implementation of Insolvency & Bankruptcy Code-Pitfalls and Solutions" noted that the Insolvency Law Committee on cross border Insolvency (2018) had suggested the Incorporation of UNCITRAL Model Law on cross Border Insolvency into the Insolvency and Bankruptcy Code. The Committee also noted that an expert Committee on Cross-Border Insolvency Rule/Regulations Committee (CBIRC) had been constituted for recommending rules and regulations for smooth implementation of proposed cross border insolvency provisions, which are under consideration. Once the recommendations are adopted, the committee hope that the cross-border insolvency framework would go a long way in ensuring coordination and communication between jurisdictions to successfully address the resolution of cross

In a situation where an insolvency petition is admitted against a company and the committee of creditors (CoC) fails to arrive at a resolution plan, the company is ordered to be liquidated under the Insolvency and Bankruptcy Code, 2016. In this situation, the regime governing the disposition of the foreign assets of a company is inadequate, and there is an urgent need for a framework on cross-border insolvency.

border insolvency cases. The committee, therefore, recommended that the adoption of the provision of the cross-border Insolvency Framework should be expedited.

Globally, cross-border insolvency laws are based on one country providing assistance to the other in taking control of the assets and eventual disposition of such assets of the debtor company. Such aims are achieved by the mutual recognition of each country's insolvency regime. For example, the UK recognizes the insolvency provisions of certain Commonwealth jurisdictions and courts in the UK are bound to assist courts in such Commonwealth jurisdictions. India is not one of the jurisdictions that qualify for the benefit under this route. The European Union has one of the most effective cross-border regimes where, under Insolvency Regulations, the country where proceedings are initiated against the debtor and the Centre of Main interest is located in such country, the laws of that

country automatically take priority and have the same effect in all other member states and govern all issues except those specifically excluded.

Some countries have adopted the UN Commission on International Trade Law (UNCITRAL) Model law on cross-border insolvency, adopted in 1997.

The model law is designed to provide a harmonized approach to the treatment of cross-border insolvency proceedings, facilitate cooperation between the courts and office holders involved in the insolvency in diff jurisdictions, and provide for the mutual recognition of judgements and direct access of foreign representatives to the courts of the enacting state. India has not adopted the model law.

As regards cross-border insolvency laws in India, under the Companies Act, 1956, a court could order the winding-up of an unregistered company, which included a foreign company. However, if an Indian company with assets abroad was sought to be wound up, there was no specific statutory process for the proceedings. It was based on the mutual recognition of foreign decrees as in the Code of Civil Procedure, 1908, in India. Foreign creditors could also independently proceed against the assets of the company located in the foreign jurisdiction. In the absence of such recognition, it is difficult for a liquidator to gather information on the assets and enforce the disposition of foreign assets in a liquidation.

This problem was recognized by the Justice Eradi Committee in 2000 which called for the urgent adoption of the UNCITRAL Model Law, in whole or in part, for India to have an effective cross-border insolvency regime. Thereafter, the N.I. Mitra committee report set out in detail the then prevailing cross-border insolvency regime and once again reiterated the recommendation for the adoption of the UNCITRAL Model law. The Banking Law Reforms Committee (BLRC) report, on the basis of which the Insolvency and Bankruptcy Code, 2016 is formulated, decided to take-up question of cross-border insolvency in the next stage of deliberations.

In its current form, the Code contains only two provisions that may possibly enable and assist the liquidator with respect to a company having assets in a foreign jurisdiction. Section 234 of the Code allows the union government to enter into reciprocal agreements with other countries to enforce the provisions of the Code. Section 235 envisages a 'letter of request' by the liquidator for action on the assets of the company situated in another country. However, there must exist a reciprocal arrangement with such country. It is important to appreciate that the Code does not envisage the adoption of the UNCITRAL Model law or any cross-border insolvency regime.

The Insolvency Law Committee Report (ILC) on cross-border insolvency, observed that Sections 234 and 235 of the Code did not provide a comprehensive framework on cross-border insolvency matters and stated that it has attempted to formulate a framework based on the UNCITRAL Model Law. If the code is to be effective in the management and disposition of foreign assets of debtor companies, it is the need of the hour that India put in place a framework for cross-border insolvency. Till such time, liquidation of foreign assets will be a long-drawn process.

## KEY OBJECTIVES OF EFFECTIVE AND EFFICIENT INSOLVENCY LAW

Although approaches in different countries may vary but there is a broad agreement that an effective and efficient insolvency regime should aim to achieve the following key objectives in a balanced manner:

- 
1. Maximization of value of assets
  2. ensuring equitable treatment of similarly situated creditors
  3. Provision for timely, efficient and impartial resolution of insolvency
  4. Preservation of the insolvency estate to allow equitable distribution to creditors
  5. Ensuring a transparent and predictable insolvency law that contains incentives for gathering and dispensing information
  6. Recognition of existing creditor rights and establishment of clear rules for ranking of priority claims
  7. Establishment of a framework for cross-border insolvency

## The United Nations Commission on International Trade (UNCITRAL)

The United Nations Commission on International Trade Law (UNCITRAL) is a subsidiary body of the General assembly. The United Nations Commission on International Trade Law (UNCITRAL) was established by the General assembly in 1966 [resolution 2205 (XXi) of 17 December 1966].

The Commission carries out its work at annual sessions, which are held in alternate years at united Nations Headquarters in New York and at the Vienna international Centre at Vienna.

The united Nations Commission on international trade law prepares international legislative texts for use by States in modernizing commercial law and non-legislative texts for use by commercial parties in negotiating transactions.

### *Examples of Legislative texts:*

- UNCITRAL Model Law on International Commercial Arbitration
- UNCITRAL Model Law on Cross Border Insolvency
- UNCITRAL Model Law on Procurement of Goods, Construction and Services
- UNCITRAL Model Law on International Credit Transfers
- UNCITRAL Model Law on Electronic Commerce

### *Examples of Non-legislative texts:*

- UNCITRAL Arbitration Rules
- UNCITRAL Conciliation Rules
- UNCITRAL Notes on Organizing Arbitral Proceedings
- UNCITRAL Legal Guide on International Countertrade Transactions

## UNCITRAL LEGISLATIVE GUIDE ON INSOLVENCY LAWS

The Legislative Guide on insolvency law was prepared by the United Nations Commission on International Trade Law (UNCITRAL). the project arose from a proposal made to the Commission in 1999 that UNCITRAL should undertake further work on insolvency law, specifically corporate insolvency, to foster and encourage the adoption of effective national corporate insolvency regimes.

An exploratory meeting to consider the feasibility of such a project was held in December 1999. On the basis of the recommendation of that meeting, the Commission gave Working Group V (insolvency law) a mandate to prepare a comprehensive statement of key objectives and core features for a strong insolvency, debtor- creditor regime, including out-of-court restructuring, and a legislative guide containing flexible approaches to the implementation of such objectives and features, including a discussion of the alternative approaches possible and the perceived benefits and detriments of such approaches.

### Organization and Scope of the Legislative Guide

The legislative Guide on insolvency law is intended to be used as a reference by national authorities and legislative bodies when preparing new laws and regulations or reviewing the adequacy of existing laws and regulations.

The Guide discusses issues central to the design of an effective and efficient insolvency law, which, despite numerous differences in policy and legislative treatment, are recognized in many legal systems.

The legislative Guide also discusses the increasing use and importance of other tools for addressing insolvency, specifically restructuring negotiations entered into voluntarily between a debtor and its key creditors, which are not regulated by the insolvency law.

The first draft of the legislative guide on insolvency law was considered by Working Group V in July 2001 and work developed through seven one-week sessions, the final meeting taking place in late March 2004. In addition to representatives of the 36 member States of the Commission, representatives of many other States and a number of international organizations, both intergovernmental and non-governmental, participated actively in the preparatory work. The work was also undertaken in close collaboration with Working Group VI (Security interests), to ensure coordination of the treatment of security interests in insolvency with the legislative guide on secured transactions being developed by UNCITRAL.

The final negotiations on the draft legislative guide on insolvency law were held during the thirty-seventh session of UNCITRAL in New York from 14 to 21 June 2004 and the text was adopted by consensus on 25 June 2004. Subsequently, the General assembly adopted resolution 59/40 of 2 December 2004 in which it expressed its appreciation to UNCITRAL for completing and adopting the Legislative Guide.

### Purpose

The purpose of the Legislative Guide on Insolvency Law is to assist the establishment of an efficient and effective legal framework to address the financial difficulties of debtors. The Legislative Guide provides a comprehensive statement of the key objectives and principles that should be reflected in a State's insolvency laws. It is intended to inform and assist insolvency law reform around the world, providing a reference tool for national authorities and legislative bodies when preparing new laws and regulations or reviewing the adequacy of existing laws and regulations. The advice provided aims at achieving a balance between the need to address a debtor's financial difficulties as quickly and efficiently as possible; the interests of the various parties directly concerned with that financial difficulties, principally creditors and other stakeholders in the debtor's business; and public policy concerns, such as employment and taxation. The Legislative Guide assists the reader to evaluate the different approaches and solutions available and to choose the one most suitable to the local context.

### Relevance to international trade

It is increasingly recognized that strong and effective insolvency regimes are important for all States as a means of preventing or limiting financial crises and facilitating rapid and orderly workouts from excessive indebtedness. Such regimes can facilitate the orderly reallocation of economic resources from businesses that are not viable to more efficient and profitable activities; provide incentives that not only encourage entrepreneurs to undertake investment, but also encourage managers of failing businesses to take early steps to address that failure and preserve employment; reduce the costs of business; and increase the availability of credit. Comparative analysis of the effectiveness of insolvency systems has become both common and essential for lending purposes, affecting States at all levels of economic development.

Much of the legislation relating to corporations and particularly to their treatment in insolvency deals with the single corporate entity, notwithstanding that the business of corporations is increasingly being conducted, both nationally and internationally, through enterprise groups - groups of corporations, sometimes very large, that are interconnected by various forms of ownership and control. These groups, found extensively in both emerging and developed markets, are a common vehicle for conducting international trade and finance. When some or all

of the constituent parts of such groups become insolvent, there are currently very few domestic law regimes and no international or regional legal regimes that can effectively coordinate the conduct of the resulting insolvency proceedings, often involving multiple jurisdictions.

### Key provisions

The legislative guide is divided into four parts. They are as follows:

**Part one** discusses the key objectives of an insolvency law, structural issues such as the relationship between insolvency law and other law, the types of mechanisms available for resolving a debtor's financial difficulties and the institutional framework required to support an effective insolvency regime.

**Part two** deals with core features of an effective insolvency law, following as closely as possible the various stages of an insolvency proceeding from their commencement to discharge of the debtor and closure of the proceedings. Key elements are identified as including: standardized commencement criteria; a stay to protect the assets of the insolvency estate that includes actions by secured creditors; post-commencement finance; participation of creditors; provision for expedited reorganization proceedings; simplified requirements for submission and verification of claims; conversion of reorganization to liquidation when reorganization fails; and clear rules for discharge of the debtor and closure of insolvency proceedings.

**Part three** addresses the treatment of enterprise groups in insolvency, both nationally and internationally. While many of the issues addressed in parts one and two are equally applicable to enterprise groups, there are that only apply in the enterprise group context. Part three thus builds upon and supplements parts one and two. at the domestic level, the commentary and recommendations of part three cover various mechanisms that can be used to streamline insolvency proceedings involving two or more members of the same enterprise group. These include: procedural coordination of multiple proceedings concerning different debtors; issues concerning post-commencement and post-application finance in a group context; avoidance provisions; substantive consolidation of insolvency proceedings affecting two or more group members; appointment of a single or the same insolvency representative to all group members subject to insolvency; and coordinated reorganization plans. in terms of the international treatment of groups, part three focuses on cooperation and coordination, extending provisions based upon the Model law on Cross-Border insolvency to the group context and, as appropriate, considering the applicability to the international context of the mechanisms proposed to address enterprise group insolvencies in the national context.

**Part four** focuses on the obligations that might be imposed upon those responsible for making decisions with respect to the management of an enterprise when that enterprise faces imminent insolvency or insolvency becomes unavoidable. The aim of imposing such obligations, which are enforceable once insolvency proceedings commence, is to protect the legitimate interests of creditors and other stakeholders and to provide incentives for timely action to minimize the effects of financial distress experienced by the enterprise.

### UNCITRAL Legislative Guide on Insolvency Law vis-a-vis UNCITRAL Model Law on Cross- Border Insolvency

A model law generally is used differently than a legislative guide. Specifically, a model law is a legislative text recommended to States for enactment as part of national law, with or without modification. As such, model laws generally propose a comprehensive set of legislative solutions to address a particular topic and the language employed supports direct incorporation of the provisions of the model law into a national law.

The focus of a legislative guide, on the other hand, is upon providing guidance to legislators and other users and for that reason guides generally include a substantial commentary discussing and analysing relevant issues. It is not intended that the recommendations of a legislative guide be enacted as part of national law as such. rather, they outline the core issues that it would be desirable to address in that law, with some recommendations providing specific guidance on how certain legislative provisions might be drafted.

## UNCITRAL MODEL LAW ON CROSS BORDER INSOLVENCY

The UNCITRAL Model law on Cross-Border insolvency, adopted in 1997, is designed to assist States to equip their insolvency laws with a modern, harmonized and fair framework to address more effectively instances of cross-border insolvency. Those instances include cases where the insolvent debtor has assets in more than one State or where some of the creditors of the debtor are not from the State where the insolvency proceeding is taking place.

The Model law is designed to assist States to equip their insolvency laws with a modern legal framework to more effectively address cross-border insolvency proceedings concerning debtors experiencing severe financial distress or insolvency. It focuses on authorizing and encouraging cooperation and coordination between jurisdictions, rather than attempting the unification of substantive insolvency law, and respects the differences among national procedural laws. For the purposes of the Model Law, a cross-border insolvency is one where the insolvent debtor has assets in more than one State or where some of the creditors of the debtor are not from the State where the insolvency proceeding is taking place.

### Relevance to international trade

Although the number of cross-border insolvency cases has increased significantly since the 1990s, the adoption of national or international legal regimes equipped to address the issues raised by those cases has not kept pace. The lack of such regimes has often resulted in inadequate and uncoordinated approaches to cross-border insolvency that are not only unpredictable and time-consuming in their application, but lack both transparency and the tools necessary to address the disparities and, in some cases, conflicts that may occur between national laws and insolvency regimes. These factors have impeded the protection of the value of the assets of financially troubled businesses and hampered their rescue.

**The UNCITRAL Model law has been adopted in as many as 44 countries and, therefore, forms part of international best practices in dealing with cross border insolvency issues. The model law deals with four major principles of cross-border insolvency, namely:**

(a) direct access to foreign insolvency professionals and foreign creditors to participate in or commence domestic insolvency proceedings against a defaulting debtor;	(b) recognition of foreign proceedings & provision of remedies;	(c) cooperation between domestic and foreign courts & domestic and foreign insolvency practitioners; and	(d) coordination between two or more concurrent insolvency proceedings in different countries. The main proceeding is determined by the concept of centre of main interest (COMI).

### Key provisions

The Model Law focuses on four elements identified as key to the conduct of cross-border insolvency cases: access, recognition, relief (assistance) and cooperation.

#### (a) Access

These provisions give representatives of foreign insolvency proceedings and creditors a right of access to the courts of an enacting State to seek assistance and authorize representatives of local proceedings being conducted in the enacting State to seek assistance elsewhere.

#### (b) Recognition

One of the key objectives of the Model Law is to establish simplified procedures for recognition of qualifying foreign proceedings in order to avoid time-consuming legalization or other processes that often apply and to

provide certainty with respect to the decision to recognize. These core provisions accord recognition to orders issued by foreign courts commencing qualifying foreign proceedings and appointing the foreign representative of those proceedings. Provided it satisfies specified requirements, a qualifying foreign proceeding should be recognized as either a main proceeding, taking place where the debtor had its centre of main interests at the date of commencement of the foreign proceeding or a non-main proceeding, taking place where the debtor has an establishment. Recognition of foreign proceedings under the Model Law has several effects - principal amongst them is the relief accorded to assist the foreign proceeding.

### (c) Relief

A basic principle of the Model law is that the relief considered necessary for the orderly and fair conduct of cross-border insolvencies should be available to assist foreign proceedings. By specifying the relief that is available, the Model law neither imports the consequences of foreign law into the insolvency system of the enacting State nor applies to the foreign proceedings the relief that would be available under the law of the enacting State. Key elements of the relief available include interim relief at the discretion of the court between the making of an application for recognition and the decision on that application, an automatic stay upon recognition of main proceedings and relief at the discretion of the court for both main and non-main proceedings following recognition.

### (d) Cooperation and coordination

These provisions address cooperation among the courts of States where the debtor's assets are located and coordination of concurrent proceedings concerning that debtor. The Model law expressly empowers courts to cooperate in the areas governed by the Model law and to communicate directly with foreign counterparts. Cooperation between courts and foreign representatives and between representatives, both foreign and local, is also authorized. The provisions addressing coordination of concurrent proceedings aim to foster decisions that would best achieve the objectives of both proceedings, whether local and foreign proceedings or multiple foreign proceedings.

## PURPOSE OF MODEL LAW

The Preamble to UNCITRAL Model law on Cross-Border insolvency provides that:

The purpose of this Law is to provide effective mechanisms for dealing with cases of cross-border insolvency so as to promote the objectives of:

(a) Cooperation between the courts and other competent authorities of this State and foreign States involved in cases of cross-border insolvency;;

(b) Greater legal certainty for trade and investment

(c) Fair and efficient administration of cross-border insolvencies that protects the interests of all creditors and other interested persons, including the debtor;

(d) Protection and maximization of the value of the debtor's assets; and

(e) Facilitation of the rescue of financially troubled businesses, thereby protecting investment and preserving employment.

## SCOPE OF APPLICATION

UNCITRAL Model law on Cross-Border insolvency applies where:

(a) assistance is sought in this State by a foreign court or a foreign representative in connection with a foreign proceeding; or

- (b) assistance is sought in a foreign State in connection with a proceeding under identify laws of the enacting State relating to insolvency; or
- (c) foreign proceeding and a proceeding under identify laws of the enacting State relating to insolvency in respect of the same debtor are taking place concurrently; or
- (d) Creditors or other interested persons in a foreign State have an interest in requesting the commencement of, or participating in, a proceeding under identify laws of the enacting State relating to insolvency.

UNCITRAL Model law on Cross-Border insolvency does not apply to a proceeding concerning [designate any types of entities, such as banks or insurance companies, that are subject to a special insolvency regime in this State and that this State wishes to exclude from this law]. [Article 1]

### Principle of supremacy of international obligations

Article 3 provides that to the extent the Model Law conflicts with an obligation of the State enacting the Model law arising out of any treaty or other form of agreement to which it is a party with one or more other States, the requirements of the treaty or agreement prevail.

### Interpretation

In the interpretation of Model law, regard is to be had to its international origin and to the need to promote uniformity in its application and the observance of good faith. [Article 8]

#### Competent court or authority

The functions under the Model law relating to recognition of foreign proceedings and cooperation with foreign courts shall be performed by the court, courts, authority or authorities as specified in the Model Law who are competent to perform those functions in the enacting State. [article 4]

## GENERAL PROVISIONS

### Scope of Application (Article 1)

*The model Law applies where:*

It further says that the Model law does not apply to a proceeding concerning any types of entities, such as banks or insurance companies, that are subject to a special insolvency regime in a State and that State wishes to exclude from the law (the type of entity to be excluded may be designated).

Banks or insurance companies are mentioned as examples of entities that the enacting State might decide to exclude from the scope of the Model law. the reason for the exclusion would be that the insolvency of such entities gives rise to the particular need to protect vital interests of a large number of individuals, or that the insolvency of those entities usually requires particularly prompt and circumspect action (for instance to avoid massive withdrawals of deposits). For those reasons, the insolvency of such types of entities is in many States administered under a special regulatory regime. the enacting State might decide to exclude the insolvency of entities other than banks and insurance companies.

### Types of Foreign Proceedings Covered

To fall within the scope of the Model law, a foreign insolvency proceeding needs to possess certain attributes. these include the basis in insolvency-related law of the originating State; involvement of creditors collectively; control or supervision of the assets and affairs of the debtor by a court or another official body; and reorganization or liquidation of the debtor as the purpose of the proceeding. Within those parameters, a variety of collective proceedings would be eligible for recognition, be they compulsory or voluntary, corporate or individual, winding- up or reorganization. it also includes those proceedings in which the debtor retains some measure of control over its assets, albeit under court

#### **Principle of supremacy of international obligations (Article 3)**

Article 3 provides that to the extent the Model Law conflicts with an obligation of the State enacting the Model law arising out of any treaty or other form of agreement to which it is a party with one or more other States, the requirements of the treaty or agreement prevail.

supervision (e.g. suspension of payments, “debtor in possession”). An inclusive approach is also used as regards the possible types of debtors covered by the Model law.

### Competent court or authority (Article 4)

The functions under the Model law relating to recognition of foreign proceedings and cooperation with foreign courts shall be performed by the court, courts, authority or authorities as specified in the Model Law who are competent to perform those functions in the enacting State.

## ACCESS OF FOREIGN REPRESENTATIVES AND CREDITORS TO COURTS IN STATE ENACTING MODEL LAW

### Right of Direct Access (Article 9)

A foreign representative is entitled to apply directly to a court in the State enacting law. Article 9 is limited to expressing the principle of direct access by the foreign representative to courts of the enacting State, thus freeing the representative from having to meet formal requirements such as licences or consular action.

### Application by a Foreign Representative to Commence a Proceeding (Article 11)

According to Article 11, a foreign representative is entitled to apply to commence a proceeding under the laws of the enacting State relating to insolvency, if the conditions for commencing such proceeding otherwise met.

A foreign representative has this right without prior recognition of the foreign proceeding because the commencement of an insolvency proceeding might be crucial in cases of urgent need for preserving the assets of the debtor.

The Model law avoids the need to rely on cumbersome and time-consuming letters rogatory or other forms of diplomatic or consular communications that might otherwise have to be used. This facilitates a coordinated, cooperative approach to cross-border insolvency and makes fast action possible.

In addition to establishing the principle of direct court access for the foreign representative, the Model law:

(a) Establishes simplified proof requirements for seeking recognition and relief for foreign proceedings, which avoid time-consuming “legalization” requirements involving notarial or consular procedures (Article 15);

(b) Provides that the foreign representative has procedural standing for commencing an insolvency proceeding in the enacting State (under the conditions applicable in the enacting State) and that the foreign representative may participate in an insolvency proceeding in the enacting State (Articles 11 and 12);

(c) Confirms, subject to other requirements of the enacting State, access of foreign creditors to the courts of the enacting State for the purpose of commencing in the enacting State an insolvency proceeding or participating in such a proceeding (Article 13);

(d) Gives the foreign representative the right to intervene in proceedings concerning individual actions in the enacting State affecting the debtor or its assets (Article 24);

(e) Provides that the mere fact of a petition for recognition in the enacting State does not mean that the courts in that State have jurisdiction over all the assets and affairs of the debtor (Article 10).

Upon recognition of a foreign proceeding, the foreign representative is entitled to participate in a proceeding regarding the debtor under the laws of the enacting State relating to insolvency (Article 12).

Article 12 is limited to giving the foreign representative procedural standing (or “procedural legitimation”) to make petitions, requests or submissions concerning issues such as protection, realization or distribution of assets of the debtor or cooperation with the foreign proceeding and does not vest the foreign representative with any specific powers or rights.

### Protection of creditors and other interested persons

Foreign creditors have the same rights regarding the commencement of and participation in a proceeding under the laws of the enacting State relating to insolvency as creditors in the State.

The Model law contains following provisions to protect the interests of the creditors (in particular local creditors), the debtor and other affected persons:

In addition to those specific provisions, the Model Law in a general way provides that the court may refuse to take an action governed by the Model law if the action would be manifestly contrary to the public policy of the enacting State (Article 6).

### Notification to Foreign Creditors of a Proceeding (Article 14)

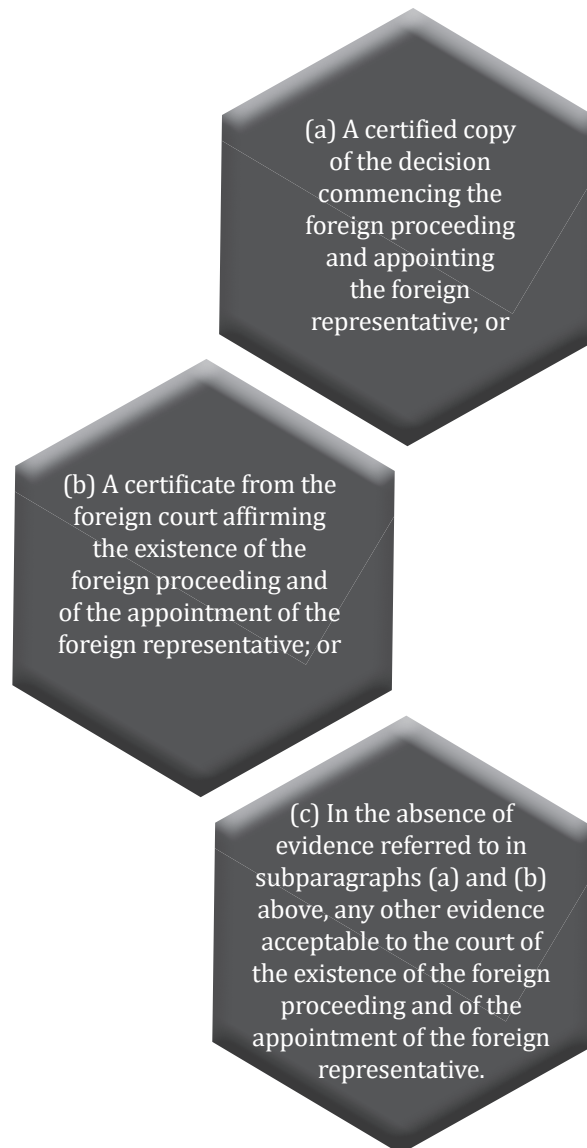

Article 14 of the Model law provides that whenever under laws of the enacting State relating to insolvency, a notification is to be given to creditors, such notification shall also be given to the known creditors that do not have addresses in the State. The court may order that appropriate steps be taken with a view to notifying any creditor whose address is not yet known. The main purpose of notifying foreign creditors is to inform them of the commencement of the insolvency proceeding and of the time-limit to file their claims.

Such notification shall be made to the foreign creditors individually, unless the court considers that, under the circumstances, some other form of notification would be more appropriate. No letters rogatory or other, similar formality is required. When a notification of commencement of a proceeding is to be given to foreign creditors, the notification shall:

- (a) Indicate a reasonable time period for filing claims and specify the place for their filing;
- (b) Indicate whether secured creditors need to file their secured claims; and
- (c) Contain any other information required to be included in such a notification to creditors pursuant to the law of this State and the orders of the court.

**RECOGNITION OF A FOREIGN PROCEEDING AND RELIEF****Application for Recognition of a Foreign Proceeding (Article 15)**

Article 15 defines the core procedural requirements for an application by a foreign representative for recognition. In incorporating the provision into national law, it is desirable not to encumber the process with additional requirements beyond these requirements. A foreign representative may apply to the court for recognition of the foreign proceeding in which the foreign representative has been appointed. An application for recognition shall be accompanied by:

An application for recognition shall also be accompanied by a statement identifying all foreign proceedings in respect of the debtor that are known to the foreign representative. The court may require a translation of documents supplied in support of the application for recognition into an official language of State.

The Model law presumes that documents submitted in support of the application for recognition need not be authenticated in any special way, in particular by legalization. According to Article 16, the court is entitled to presume that those documents are authentic whether or not they have been legalized. “legalization” is a term often used for the formality by which a diplomatic or consular agent of the State in which the document is to be produced certifies the authenticity of the signature, the capacity in which the person signing the document has acted and, where appropriate, the identity of the seal or stamp on the document.

In respect of the provision relaxing any requirement of legalization, the question may arise whether that is in conflict with the international obligations of the enacting State. Several States are parties to bilateral or multilateral treaties on mutual recognition and legalization of documents. According to Article 3 of the Model Law, if there is still a conflict between the Model Law and a treaty, the treaty will prevail. In order not to prevent recognition because of non-compliance with a mere technicality, the law allows evidence other than that specified; that provision, however, does not compromise the court's power to insist on the presentation of evidence acceptable to it.

It further requires that an application for recognition must be accompanied by a statement identifying all foreign proceedings in respect of the debtor that are known to the foreign representative. That information is needed by the court not so much for the decision on recognition itself but for any decision granting relief in favour of the foreign proceeding. In order to tailor such relief appropriately and make sure that the relief is consistent with any other insolvency proceeding concerning the same debtor, the court needs to be aware of all foreign proceedings concerning the debtor that may be under way in third States.

### Decision to Recognize a Foreign Proceeding (Article 17)

Subject to Article 6, a foreign proceeding shall be recognized if:

- (a) The foreign proceeding is a proceeding within the meaning as defined under Article 2;
- (b) The foreign representative applying for recognition is a person or body within the meaning as defined under Article 2;
- (c) the application meets the requirements of Article 15; and
- (d) the application has been submitted to the court referred to in Article 4.

The foreign proceeding shall be recognized as a foreign main proceeding if it is taking place in the State where the debtor has the centre of its main interests; or as a foreign non-main proceeding if the debtor has an establishment within the meaning of subparagraph (f) of Article 2 in the foreign State.

The purpose of Article 17 is to indicate that, if recognition is not contrary to the public policy of the enacting State and if the application meets the above said requirements, recognition will be granted as a matter of course. a decision to recognize a foreign proceeding would normally be subject to review or rescission, as any other court decision.

### Subsequent Information (Article 18)

The foreign representative shall inform the court immediately, if from the time of filing the application for recognition of the foreign proceeding, there is:

- (a) any substantial change in the status of the recognized foreign proceeding or the status of the foreign representative's appointment; and
- (b) any other foreign proceeding regarding the same debtor that becomes known to the foreign representative.

It is possible that, after the application for recognition or after recognition, changes may occur in the foreign proceeding that would have affected the decision on recognition or the relief granted on the basis of recognition.

For example, the foreign proceeding may be terminated or transformed from a liquidation proceeding into a reorganization proceeding, or the terms of the appointment of the foreign representative may be modified or the

appointment itself terminated. The technical modifications in the status of the proceedings or the terms of the appointment are frequent, but that only some of those modifications are such that they would affect the decision granting relief or the decision recognizing the proceeding; therefore, the provision only calls for information of “substantial” changes.

### Relief That may be Granted upon Application for Recognition of a Foreign Proceeding (Article 19)

According to Article 19, from the time of filing an application for recognition until the application is decided upon, the court may, at the request of the foreign representative, where relief is urgently needed to protect the assets of the debtor or the interests of the creditors, grant relief of a provisional nature, including:

(a) Staying execution against the debtor’s assets;

(b) entrusting the administration or realization of all or part of the debtor’s assets located in a State to the foreign representative or another person designated by the court, in order to protect and preserve the value of assets that, by their nature or because of other circumstances, are perishable, susceptible to devaluation or otherwise in jeopardy; and

(c) any relief mentioned in Article 21.

Relief available under Article 19 is provisional in the sense that, the relief terminates when the application for recognition is decided upon; however, the court is given the opportunity to extend the measure, as provided in Article 21. The court may refuse to grant relief under this Article if such relief would interfere with the administration of a foreign main proceeding.

### Effects of Recognition of a Foreign main Proceeding (Article 20)

Once foreign proceeding is recognized which is a foreign main proceeding, the following are the effects:

(a) Commencement or continuation of individual actions or individual proceedings concerning the debtor’s assets, rights, obligations or liabilities is stayed;

(b) execution against the debtor’s assets is stayed; and

(c) the right to transfer, encumber or otherwise dispose of any assets of the debtor is suspended.

The effects provided by Article 20 are not discretionary in nature. These flow automatically from recognition of the foreign main proceeding. The automatic effects under Article 21 apply only to main proceedings.

### Relief that may be Granted upon Recognition of a Foreign Proceeding (Article 21)

Upon recognition of a foreign proceeding, whether main or non-main, where it is necessary to protect the assets of the debtor or the interests of the creditors, the court may, at the request of the foreign representative, grant any appropriate relief, including:

Upon recognition of a foreign proceeding, whether main or non-main, the court may, at the request of the foreign representative, entrust the distribution of all or part of the debtor's assets located in the State enacting the Model law to the foreign representative or another person designated by the court, provided that the court is satisfied that the interests of creditors are adequately protected.

In granting relief under this article to a representative of a foreign non-main proceeding, the court must be satisfied that the relief relates to assets that, under the law of the enacting State, should be administered in the foreign non-main proceeding or concerns information required in that proceeding.

#### **Protection of creditors and other interested persons (Article 22)**

The court may under Article 22, at the request of the foreign representative or a person affected by relief granted, or at its own motion, modify or terminate such relief. In granting or denying relief under article 19 or 21, or in modifying or terminating relief, the court must be satisfied that the interests of the creditors and other interested persons, including the debtor, are adequately protected.

The idea underlying article 22 is that there should be a balance between relief that may be granted to the foreign representative and the interests of the persons that may be affected by such relief.

### Actions to Avoid acts Detrimental to Creditors (Article 23)

Under many national laws both individual creditors and insolvency administrators have a right to bring actions to avoid or otherwise render ineffective acts detrimental to creditors. Such a right, insofar as it pertains to individual creditors, is often not governed by insolvency law but by general provisions of law (such as the civil code); the right is not necessarily tied to the existence of an insolvency proceeding against the debtor so that the action may be instituted prior to the commencement of such a proceeding. The person having such a right is typically only an affected creditor and not another person such as the insolvency administrator. Furthermore, the conditions for these individual-creditor actions are different from the conditions applicable to similar actions that might be initiated by an insolvency administrator.

The procedural standing conferred by Article 23 extends only to actions that are available to the local insolvency administrator in the context of an insolvency proceeding, and the article does not equate the foreign representative with individual creditors who may have similar rights under a different set of conditions. Such actions of individual creditors fall outside the scope of Article 23.

The Model law expressly provides that a foreign representative has “standing” to initiate actions to avoid or otherwise render ineffective legal acts detrimental to creditors. The provision is drafted narrowly in that it does not create any substantive right regarding such actions and also does not provide any solution involving conflict of laws. The effect of the provision is that a foreign representative is not prevented from initiating such actions by the sole fact that the foreign representative is not the insolvency administrator appointed in the enacting State.

### Cooperation with Foreign Courts and Foreign Representatives

Chapter IV (Articles 25-27), on cross-border cooperation, is a core element of the Model law. Its objective is to enable courts and insolvency administrators from two or more countries to be efficient and achieve optimal results. Cooperation as described in the chapter is often the only realistic way, for example, to prevent dissipation of assets, to maximize the value of assets.

Articles 25 and 26 not only authorize cross-border cooperation, they also mandate it by providing that the court and the insolvency administrator “shall cooperate to the maximum extent possible”. The articles are designed to overcome the widespread problem of national laws lacking rules providing a legal basis for cooperation by local courts with foreign courts in dealing with cross-border insolvencies.

Enactment of such a legal basis would be particularly helpful in legal systems in which the discretion given to judges to operate outside areas of express statutory authorization is limited. However, even in jurisdictions in which there is a tradition of wider judicial latitude, enactment of a legislative framework for cooperation has proved to be useful. To the extent that cross-border judicial cooperation in the enacting State is based on the principle of comity among nations, the enactment of Articles 25-27 offers an opportunity for making that principle more concrete and adaptable to the particular circumstances of cross-border insolvencies.

The articles in chapter IV leave certain decisions, in particular when and how to cooperate, to the courts and, subject to the supervision of the courts, to the insolvency administrators. For a court to cooperate with a foreign court or a foreign representative regarding a foreign proceeding, the Model law does not require a previous formal decision to recognize that foreign proceeding.

#### Intervention by a foreign representative in proceedings (Article 24)

Upon recognition of a foreign proceeding, the foreign representative may, provided the requirements of the law of the State are met, intervene in any proceedings in which the debtor is a party. The purpose of Article 24 is to avoid the denial of standing to the foreign representative to intervene in proceedings merely because the procedural legislation may not have contemplated the foreign representative among those having such standing. The article applies to foreign representatives of both main and non-main proceedings.

#### Cooperation and direct communication between courts or foreign representatives (Article 25)

The court is entitled to communicate directly with, or to request information or assistance directly from, foreign courts or foreign representatives. The ability of courts, with appropriate involvement of the parties, to communicate “directly” and to request information and assistance “directly” from foreign courts or foreign representatives is intended to avoid the use of time-consuming procedures traditionally in use, such as letters rogatory.

#### Cooperation and direct communication between a person or body administering a reorganization or liquidation under the law of the enacting state and foreign courts or foreign representatives (Article 26)

Article 26 on international cooperation between persons who are appointed to administer assets of insolvent debtors reflects the important role that such persons can play in devising and implementing cooperative arrangements, within the parameters of their authority. The provision makes it clear that an insolvency administrator acts under the overall supervision of the competent court. The Model law does not modify the rules already existing in the insolvency law of the enacting State on the supervisory functions of the court over the activities of the insolvency administrator.

According to Article 27, Cooperation may be implemented by any appropriate means, including:

- 
- (a) appointment of a person or body to act at the direction of the court;
  - (b) Communication of information by any means considered appropriate by the court;
  - (c) Coordination of the administration and supervision of the debtor's assets and affairs;
  - (d) approval or implementation by courts of agreements concerning the coordination of proceedings;
  - (e) Coordination of concurrent proceedings regarding the same debtor;
  - (f) the enacting State may wish to list additional forms or examples of cooperation.

## Concurrent Proceedings

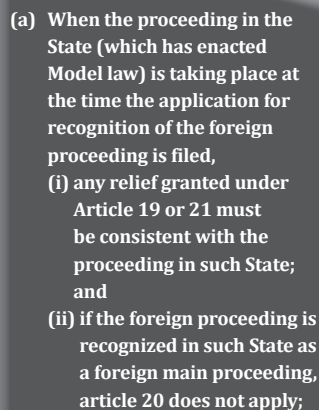

### Commencement of a Proceeding after Recognition of a Foreign main Proceeding (Article 28)

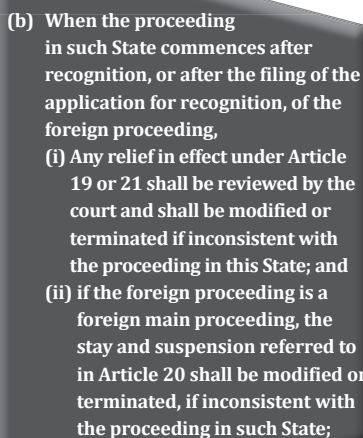

After recognition of a foreign main proceeding, a proceeding under the laws of the enacting State relating to insolvency may be commenced only if the debtor has assets in the State enacting the Model Law. The effects of that proceeding shall be restricted to the assets of the debtor that are located in such State and to the extent necessary to implement cooperation and coordination under Articles 25, 26 and 27 to other assets of the debtor that, under the law of such State, should be administered in that proceeding.

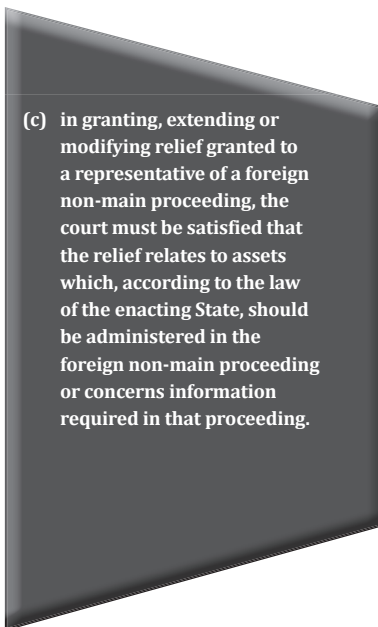

Article 28, in conjunction with Article 29, provides that recognition of a foreign main proceeding will not prevent the commencement of a local insolvency proceeding concerning the same debtor as long as the debtor has assets in the State.

### Coordination of a Proceeding (Article 29)

Article 29 gives guidance to the court that deals with cases where the debtor is subject to a foreign proceeding and a local proceeding at the same time. Where a foreign proceeding and a proceeding under the laws of the enacting State relating to insolvency are taking place concurrently regarding the same debtor, the court shall seek cooperation and coordination under Articles 25, 26 and 27, and the following shall apply:

- 
- (a) When the proceeding in the State (which has enacted Model law) is taking place at the time the application for recognition of the foreign proceeding is filed,
    - (i) any relief granted under Article 19 or 21 must be consistent with the proceeding in such State; and
    - (ii) if the foreign proceeding is recognized in such State as a foreign main proceeding, article 20 does not apply;

- 
- (b) When the proceeding in such State commences after recognition, or after the filing of the application for recognition, of the foreign proceeding,
    - (i) Any relief in effect under Article 19 or 21 shall be reviewed by the court and shall be modified or terminated if inconsistent with the proceeding in this State; and
    - (ii) if the foreign proceeding is a foreign main proceeding, the stay and suspension referred to in Article 20 shall be modified or terminated, if inconsistent with the proceeding in such State;

- 
- (c) in granting, extending or modifying relief granted to a representative of a foreign non-main proceeding, the court must be satisfied that the relief relates to assets which, according to the law of the enacting State, should be administered in the foreign non-main proceeding or concerns information required in that proceeding.

The salient principle embodied in Article 29 is that the commencement of a local proceeding does not prevent or terminate the recognition of a foreign proceeding. This principle is essential for achieving the objectives of the Model law in that it allows the court in the enacting State in all circumstances to provide relief in favour of the foreign proceeding.

### Coordination of more than one Foreign Proceeding (Article 30)

Article 30 deals with cases where the debtor is subject to insolvency proceedings in more than one foreign State and foreign representatives of more than one foreign proceeding seek recognition or relief in the enacting State. The provision applies whether or not an insolvency proceeding is pending in the enacting State. If, in addition to two or more foreign proceedings, there is a proceeding in the enacting State, the court will have to act pursuant to both Article 29 and Article 30.

In respect of more than one foreign proceeding regarding the same debtor, the court shall seek cooperation and coordination under Articles 25, 26 and 27, and the following shall apply:

- (a) any relief granted under Article 19 or 21 to a representative of a foreign non-main proceeding after recognition of a foreign main proceeding must be consistent with the foreign main proceeding;
- (b) if a foreign main proceeding is recognized after recognition, or after the filing of an application for recognition, of a foreign non-main proceeding, any relief in effect under Article 19 or 21 shall be reviewed by the court and shall be modified or terminated if inconsistent with the foreign main proceeding; and
- (c) if, after recognition of a foreign non-main proceeding, another foreign non-main proceeding is recognized, the court shall grant, modify or terminate relief for the purpose of facilitating coordination of the proceedings.

The objective of Article 30 is similar to that of Article 29 in that the key issue in the case of concurrent proceedings is to promote cooperation, coordination and consistency of relief granted to different proceedings. Such consistency will be achieved by appropriate tailoring of relief to be granted or by modifying or terminating relief already granted. Unlike Article 29, which, as a matter of principle, gives primacy to the local proceeding, Article 30 gives preference to the foreign main proceeding, if there is one.

### Rule of Payment in Concurrent Proceedings (Article 32)

Without prejudice to secured claims or rights in rem, a creditor who has received part payment in respect of its claim in a proceeding, pursuant to a law relating to insolvency, in a foreign State, may not receive a payment for the same claim in a proceeding under the laws of the enacting State relating to insolvency regarding the same debtor, so long as the payment to the other creditors of the same class is proportionately less than the payment the creditor has already received.

The rule set forth in Article 32, also referred to as the hotchpotch rule, is a useful safeguard in a legal regime for coordination and cooperation in the administration of cross-border insolvency proceedings. It is intended to avoid situations in which a creditor might obtain more favourable treatment than the other creditors of the same class by obtaining payment of the same claim in insolvency proceedings in different jurisdictions.

## WORLD BANK PRINCIPLES — EFFECTIVE INSOLVENCY AND CREDITOR RIGHTS SYSTEMS

The World Bank Principles were originally developed in 2001 in response to a request from the international community in the wake of the financial crises in emerging markets in the late 90s. At the time, there were no internationally recognized benchmarks or standards to evaluate the effectiveness of domestic creditor rights and insolvency systems. The World Bank's initiative began in 1999, with the constitution of an ad hoc committee of

partner organizations, and with the assistance of leading international experts who participated in the World Bank's Task Force and Working Groups. The Principles were vetted in a series of five regional conferences, involving officials and experts from some 75 countries, and drafts were placed on the World Bank's website for public comment. The Bank's Board of directors approved the Principles in 2001 for use in connection with the joint IMF-World Bank program to develop Reports on the Observance of Standards and Codes (ROSC), subject to reviewing the experience and updating the Principles as needed.

From 2001 to 2004, the Principles were used to assess country systems under the ROSC and Financial Sector Assessment Program (FSAP) in some 24 countries in all regions of the world. Assessments using the Principles have been instrumental to the Bank's developmental and operational work, and in providing assistance to member countries. This has yielded a wealth of experience and enabled the Bank to test the sufficiency of the Principles as a benchmark in a wide range of diverse country systems. In taking stock of that experience, the Bank has consulted a wide range of interested parties at the national and international level, including civil society, business and financial sectors, investors, professional groups, and others.

In 2003, the World Bank convened the Global Forum on Insolvency Risk Management (FIRM) to discuss the experience and lessons from the application of the Principles in the assessment program. The forum consisted of over 200 experts from 31 countries to discuss the lessons from the principles and to discuss further refinements with them. During 2003 and 2004, the Bank also convened three working group sessions of the Global Judges Forum, involving judges from approximately 70 countries, who have assisted the Bank in its review of the institutional framework principles and in developing more detailed recommendations for strengthening court practices for commercial enforcement and insolvency proceedings. Other regional fora have also provided a means for sharing experience and obtaining feedback in areas of the Principles, including the Forum on Asian insolvency reform (Fair) from 2002-2004 (organized by OECD and co-sponsored with the Bank and the Asian Development Bank), and Forum on insolvency in Latin America (Fila) in 2004 organised by the Bank.

In the area of the insolvency law framework and creditor rights systems, staffs of the Bank maintained participation in the UNCITRAL working groups on insolvency law and security interests and liaised with UNCITRAL staff and experts to ensure consistency between the Bank's Principles and the UNCITRAL Legislative Guide on Insolvency Law. The Bank has also benefited from an ongoing collaboration with the International Association of Insolvency Regulators (IAIR) to survey regulatory practices of IAIR member countries and develop recommendations for strengthening regulatory capacity and frameworks for insolvency systems. A similar collaboration with INSOL International has provided feedback and input in the area of directors' and officers' liability and informal workout systems.

Based on the experience gained from the use of the Principles, and following extensive consultations, the Principles have been thoroughly reviewed and updated. The revised Principles have benefited from wide consultation and, more importantly, from the practical experience of using them in the context of the Bank's assessment and operational work.

The World Bank Principles have been designed as a broad-spectrum assessment tool to assist countries in their efforts to evaluate and improve core aspects of their commercial law systems that are fundamental to a sound investment climate, and to promote commerce and economic growth. Efficient, reliable and transparent creditor rights and insolvency systems are of key importance for reallocation of productive resources in the corporate sector, for investor confidence and forward looking corporate restructuring. These systems also play a pivotal role in times of crisis to enable a country and stakeholders to promptly respond to and resolve matters of corporate financial distress on systemic scales.

The Principles emphasize contextual, integrated solutions and the policy choices involved in developing those solutions. The Principles highlight the relationship between the cost and flow of credit (including secured credit) and the laws and institutions that recognize and enforce credit agreements (Part A). The Principles also outline key features and policy choices relating to the legal framework for risk management and informal corporate workout systems (Part B), formal commercial insolvency law frameworks (Part C) and the implementation of these systems through sound institutional and regulatory frameworks (Part D).

The principles have broader application beyond corporate insolvency regimes and creditor rights. the Principles are designed to be flexible in their application, and do not offer detailed prescriptions for national systems. The Principles embrace practices that have been widely recognized and accepted as good practices internationally. as legal systems and business and commerce are evolutionary in nature, so too are the Principles, and it is anticipated that these will continue to be reviewed going forward to take account of significant changes and developments.

## THE WORLD BANK PRINCIPLES – A SUMMARY

A brief summary of the key elements of the World Bank Principles for effective insolvency and creditor rights systems is given below:

### 1. Credit Environment

**Compatible credit and enforcement systems :** A regularized system of credit should be supported by mechanisms that provide efficient, transparent and reliable methods for recovering debt, including seizure and sale of immovable and movable assets and sale or collection of intangible assets, such as debt owed to the debtor by third parties. An efficient system for enforcing debt claims is crucial to a functioning credit system, especially for unsecured credit. A creditor's ability to take possession of a debtor's property and to sell it to satisfy the debt is the simplest, most effective means of ensuring prompt payment. It is far more effective than the threat of an insolvency proceeding, which often requires a level of proof and a prospect of procedural delay that in all but extreme cases make it not credible to debtors as leverage for payment.

**Collateral systems :** One of the pillars of a modern credit economy is the ability to own and freely transfer ownership interests in property, and to grant a security interest to credit providers with respect to such interests and rights as a means of gaining access to credit at more affordable prices. Secured transactions play an enormously important role in a well-functioning market economy. Laws on secured credit mitigate lenders' risks of default and thereby increase the flow of capital and facilitate low cost financing. Discrepancies and uncertainties in the legal framework governing security interests are the main reasons for high costs and unavailability of credit, especially in developing countries.

The legal framework for secured lending addresses the fundamental features and elements for the creation, recognition and enforcement of security interests in all types of assets, movable and immovable, tangible and intangible, including inventories, receivables, proceeds and future property, and on a global basis, including both possessory and non-possessory interests. The law should encompass any or all of a debtor's obligations to a creditor, present or future and between all types of persons. In addition, it should provide for effective notice and registration rules to be adapted to all types of property, and clear rules of priority on competing claims or interests in the same assets. For security rights and notice to third parties to be effective, they must be capable of being publicized at reasonable costs and easily accessible to stakeholders. A reliable, affordable, public registry system is therefore essential to promote optimal conditions for asset based lending. Where several registries exist, the registration system should be integrated to the maximum extent possible so that all notices recorded under the secured transactions legislation can be easily retrieved.

**Enforcement systems:** A modern, credit-based economy requires predictable, transparent and affordable enforcement of both unsecured and secured credit claims by efficient mechanisms outside of insolvency, as well as a sound insolvency system. These systems must be designed to work in harmony. Commerce is a system of commercial relationships predicated on express or implied contractual agreements between an enterprise and a wide range of creditors and constituencies. Although commercial transactions have become increasingly complex as more sophisticated techniques are developed for pricing and managing risks, the basic rights governing these relationships and the procedures for enforcing these rights have not changed much. These rights enable parties to rely on contractual agreements, fostering confidence that fuels investment, lending and commerce. Conversely, uncertainty about the enforceability of contractual rights increases the cost of credit to compensate for the increased risk of non-performance or, in severe cases, leads to credit tightening.

**Credit information systems:** A modern credit-based economy requires access to complete, accurate and reliable information concerning borrowers' payment histories. This process should take place in a legal environment that provides the framework for the creation and operation of effective credit information systems. Permissible uses of information from credit information systems should be clearly circumscribed, especially regarding information about individuals. Legal controls on the type of information collected and distributed by credit information systems may often be used to advance public policies, including anti-discrimination laws.

Privacy concerns should be addressed through notice of the existence of such systems, notice of when any information from such systems is used to make adverse decisions, and access by data subjects to stored credit information with the ability to dispute and have corrected inaccurate or incomplete information. An effective enforcement and supervision mechanism should be in place that provides efficient, inexpensive, transparent and predictable methods for resolving disputes concerning the operation of credit information systems along with proportionate sanctions which encourage compliance but that are not so stringent as to discourage operations of such systems.

**Informal corporate workouts :** Corporate workouts should be supported by an environment that encourages participants to restore an enterprise to financial viability. Informal workouts are negotiated in the “shadow of the law.” accordingly, the enabling environment must include clear laws and procedures that require disclosure of or access to timely and accurate financial information on the distressed enterprise; encourage lending to, investment in or recapitalization of viable distressed enterprises; support a broad range of restructuring activities, such as debt write-offs, reschedulings, restructurings and debt-equity conversions; and provide favourable or neutral tax treatment for restructurings. A country’s financial sector should promote an informal out-of-court process for dealing with cases of corporate financial difficulty in which banks and other financial institutions have a significant exposure— especially in markets where enterprise insolvency is systemic.

## 2. Insolvency Law Systems

**Commercial insolvency:** Though approaches vary, effective insolvency systems have a number of aims and objectives. Systems should aspire to:

(i) integrate with a country’s broader legal and commercial systems;

(ii) maximize the value of a firm’s assets and recoveries by creditors;

(iii) provide for both efficient liquidation of nonviable businesses and those where liquidation is likely to produce a greater return to creditors and reorganization of viable businesses;

(iv) strike a careful balance between liquidation and reorganization, allowing for easy conversion of proceedings from one proceeding to another;

(v) provide for equitable treatment of similarly situated creditors, including similarly situated foreign and domestic creditors;

(vi) provide for timely, efficient and impartial resolution of insolvencies;

(vii) prevent the improper use of the insolvency system;

(viii) prevent the premature dismemberment of a debtor’s assets by individual creditors seeking quick judgments;

(ix) provide a transparent procedure that contains, and consistently applies, clear risk allocation rules and incentives for gathering and dispensing information;

(x) recognize existing creditor rights and respect the priority of claims with a predictable and established process; and

(xi) establish a framework for cross-border insolvencies, with recognition of foreign proceedings.

Where an enterprise is not viable, the main thrust of the law should be swift and efficient liquidation to maximize recoveries for the benefit of creditors. Liquidations can include the preservation and sale of the business, as distinct from the legal entity. On the other hand, where an enterprise is viable, meaning it can be rehabilitated, its assets are often more valuable if retained in a rehabilitated business than if sold in a liquidation. The rescue of a business preserves jobs, provides creditors with a greater return based on higher going concern values of the enterprise, potentially produces a return for owners and obtains for the country the fruits of the rehabilitated enterprise.

*The rescue of a business should be promoted through formal and informal procedures. rehabilitation should permit quick and easy access to the process, protect all those involved, permit the negotiation of a commercial plan, enable a majority of creditors in favor of a plan or other course of action to bind all other creditors (subject to appropriate protections) and provide for supervision to ensure that the process is not subject to abuse.*

### 3. Implementation: Institutional and Regulatory Frameworks

Strong institutions and regulations are crucial to an effective insolvency system. The institutional framework has three main elements: the institutions responsible for insolvency proceedings, the operational system through which cases and decisions are processed and the requirements needed to preserve the integrity of those institutions—recognizing that the integrity of the insolvency system is the linchpin for its success.

### 4. Overarching Considerations of sound Investment Climates

Transparency, accountability and corporate governance: Minimum standards of transparency and corporate governance should be established to foster communication and cooperation. Disclosure of basic information – including financial statements, operating statistics and detailed cash flows – is recommended for sound risk assessment. Accounting and auditing standards should be compatible with international best practices so that creditors can assess credit risk and monitor a debtor's financial viability. A predictable, reliable legal framework and judicial process are needed to implement reforms, ensure fair treatment of all parties and deter unacceptable practices.

Corporate law and regulation should guide the conduct of the borrower's shareholders. a corporation's board of directors should be responsible, accountable and independent of management, subject to best practices on corporate governance. The law should be imposed impartially and consistently. Creditor rights and insolvency systems interact with and are affected by these additional systems, and are most effective when good practices are adopted in other relevant parts of the legal system, especially the commercial law.

Transparency increases confidence in decision making and so encourages the use of out of court restructuring options. Such options are preferable because they often provide higher returns to lenders than straight liquidation through the legal process—and because they avoid the costs, complexities and uncertainties of the legal process.

**Transparency and Corporate Governance:** Transparency and good corporate governance are the cornerstones of a strong lending system and corporate sector. Transparency exists when information is assembled and made readily available to other parties and, when combined with the good behavior of “corporate citizens,” creates an informed and communicative environment conducive to greater cooperation among all parties. Transparency and corporate governance are especially important in emerging markets, which are more sensitive to volatility from external factors. Without transparency, there is a greater likelihood that loan pricing will not reflect underlying risks, leading to higher interest rates and other charges. transparency and strong corporate governance are needed in both domestic and cross-border transactions and at all phases of investment—at the inception when making a loan, when managing exposure while the loan is outstanding, and especially once a borrower's financial difficulties become apparent and the lender is seeking to exit the loan.

**Predictability:** Investment in emerging markets is discouraged by the lack of well-defined and predictable risk allocation rules and by the inconsistent application of written laws. Moreover, during systemic crises investors often demand uncertainty risk premiums too onerous to permit markets to clear. Some investors may avoid emerging markets entirely despite expected returns that far outweigh known risks. Rational lenders will demand risk premiums to compensate for systemic uncertainty in making, managing and collecting investments in emerging markets. The likelihood that creditors will have to rely on risk allocation rules increases as fundamental factors supporting investment deteriorate. That is because risk allocation rules set minimum standards that have considerable application in limiting downside uncertainty, but that usually do not enhance returns in non- distressed markets. During actual or perceived systemic crises, lenders tend to concentrate on reducing risk, and risk premiums soar. At these times the inability to predict downside risk can cripple markets. The effect can impinge on other risks in the country, causing lender reluctance even towards untroubled borrowers.

### United States Bankruptcy Code

In the United States of America, all bankruptcy cases are handled in federal courts under rules outlined in the “Bankruptcy Code”, a federal law. it is a uniform federal law that governs all bankruptcy cases in America. The Bankruptcy Code was enacted in 1978 by § 101 of the Bankruptcy Reform Act, 1978 and is codified as title 11 of the United States Code. The procedural aspects of the bankruptcy process are governed by the Federal rules of Bankruptcy Procedure (Bankruptcy rules).

Six basic types of bankruptcy cases are provided for under the US Bankruptcy Code.

Chapter 7 titled “liquidation” in Chapter 7 Bankruptcy, a court-appointed trustee or administrator takes possession of non-exempt assets, liquidates these assets and then uses the proceeds to pay creditors.

Chapter 9 titled “adjustment of debts of a Municipality”. Chapter 9 Bankruptcy proceedings provides for reorganization which is available to municipalities. In Chapter 9 Bankruptcy proceedings a municipality (which includes cities, towns, villages, counties, taxing districts, municipal utilities, and school districts) get protection from creditors and a municipality can pay back debt through a confirmed payment plan.

Chapter 11 titled “reorganization”. Unlike Chapter 7 where the business ceases operations and a trustee sells all of its assets, under Chapter 11 the debtor remains in control of its business operations and repay creditors concurrently through a court-approved reorganization plan.

Chapter 12 was added to the Bankruptcy Code in 1986. It allows a family farmer or fisherman to continue to operate the business while the plan is being carried out.

Chapter 13 enables individuals with regular income to develop a plan to repay all or part of their debts.

Chapter 15 was added to the Bankruptcy Code in 2005. It provides mechanism for dealing with insolvency cases involving debtors, claimants and other interested parties involving more than one country. Under Chapter 15 a representative of a corporate bankruptcy proceeding outside the country can get access to the united States courts.

## Chapter 11 Reorganization

American bankruptcy procedures enable sick Companies to restructure its debt obligations even while remaining operational. In this context, one must recognise that in the US the well-known Chapter 11 bankruptcy proceedings are considered as re-organization/ resurrection process for corporates.

Many companies are known to have revived under Chapter 11. Further, Chapter 11 ensures the emergence of companies with sustainable debt levels and profitable working. Chapter 11 bankruptcy proceedings are available to every business, whether organized as a corporation, partnership or sole proprietorship, and to individuals, although it is most prominently used by corporate entities.

One of the most remarkable events in recent business history has been the decision of General Motors Corporation USA to file bankruptcy proceedings — a decision forced on the company after it lost market share in the ongoing recession. Its assets were significantly lower than its liabilities. It has emerged from 40 days bankruptcy protection after creating a “new GM” made up of the best assets with fewer brand, fewer employees, etc. For that matter, Chapter 11 could even recover WorldCom which emerged from bankruptcy as MCI during 2004.

Section 363 under Chapter 11 of US Bankruptcy law is an established procedure which enables companies to sell assets free of debts and

Chapter 11 consists of sections 1101 to 1174 and is divided into following four sub-chapters:

- Sub-chapter I – Officer and administration (Sections 1101 to 1116)
- Sub-chapter II – The plan (Sections 1121 to 1129)
- Sub-chapter III – Post confirmation matters (Sections 1141 to 1146)
- Sub-chapter IV – Railroad reorganization (Sections 1161 to 1174)

encumbrances to preserve the value of the enterprise. A company under Chapter 11 can choose to sell off particular assets. A bankrupt company, the “debtor,” might use this Code to “reorganize” its business and become profitable again. The key to a successful Chapter 11 case is the continued operation of the debtor’s business. In addition to running the business, the debtor or the trustee must fulfill additional duties required by the Bankruptcy Code and work with creditors, the court, and other parties to obtain financing for ongoing business operations.

### Salient Features of Chapter 11

- Chapter 11 is not a declaration of insolvency
- Companies don’t file under Chapter 11 to liquidate; they do so in order to continue operating and to take the necessary steps to emerge as a financially stronger business, reorganizing their operations or balance sheet or in some cases by selling substantially all its assets.
- Management remains in control of the business during the chapter 11 rehabilitative process. Trustees, administrators and monitors typically are not appointed.
- Chapter 11 normally does not cause interruption to business operations.
- The company is given breathing room during the process - an “automatic stay” generally prevents parties from taking legal action against the company or taking the company’s assets.
- Most publicly-held companies prefer to file under Chapter 11 rather than Chapter 7 because they can still run their business and control the bankruptcy process. Chapter 11 provides a process for rehabilitating the business of the company.

Sometimes the company successfully works out a plan to return to profitability; sometimes, in the end, it liquidates. Under Chapter 11 reorganization, a company usually keeps doing business and its stock and bonds may continue to trade in securities markets.

The U.S. trustee, the bankruptcy arm of the department of Justice, appoints one or more committees to represent the interests of creditors and stockholders in working with the company to develop a plan of reorganization to enable it to get out of debt. The plan must be accepted by the creditors, bondholders, and stockholders, and confirmed by the court. However, even if creditors or stockholders vote against the plan, the court can disregard the vote and still confirm the plan if it finds that the plan treats creditors and stockholders fairly.

Committees of creditors and stockholders negotiate a plan with the company to relieve the company from repaying part of its debt so that the company is able to get back to its normal condition.

After the committees work with the company to develop a plan, the bankruptcy court must find that it legally complies with the Bankruptcy Code before the plan can be implemented.

Thus, Chapter 11 bankruptcy involves a reorganization plan that accommodates debt reorganization through a payment plan and the major advantage is that the debtors generally remain in possession of their property and operate their business under the supervision of Court. Chapter 11 debtors also often keep a substantial portion of their assets. The provisions of Chapter 11 allow the debtor, relief from pending obligations and the opportunity to reorganize its business and restructure debts while continuing to operate the business. Under this chapter a company can choose to sell off particular assets. Accordingly, subsidiaries outside US need not be included in the Chapter 11 filings.

There is therefore no change in the legal status of its subsidiaries that are kept out of Chapter 11 filings. Further, debtors audit, debtors counselling, Mandatory debtor education, etc. are provided under US Bankruptcy laws which help in minimizing the fraudulent bankruptcies. In the light of the above, a need is felt to have similar legal framework in India which allows continuity of business during bankruptcy proceedings, control over the management of company filing bankruptcy application, keeping subsidiaries / certain assets outside the purview of bankruptcy application, etc. in line with Chapter 11 of US Bankruptcy Code.

### **Enabling provisions for cross border transactions under insolvency and bankruptcy code, 2016**

Sections 234 and 235 of the insolvency and Bankruptcy Code, 2016 make provisions to deal with cases involving cross border insolvency.

**Agreements with foreign countries** – Section 234 empower the central government to enter into an agreement with other countries to resolve situations pertaining to cross border insolvency. Section 234 of the Code provides that:

- The Central Government may enter into an agreement with the Government of any country outside India for enforcing the provisions of this Code. [Section 234(1)]
- The Central Government may, by notification in the Official Gazette, direct that the application of provisions of this Code in relation to assets or property of corporate debtor or debtor, including a personal guarantor of a corporate debtor, as the case may be, situated at any place in a country outside India with which reciprocal arrangements have been made, shall be subject to such conditions as may be specified. [Section 234(2)]

**Letter of request to a country outside India in certain cases** – Section 235 of the Code lays down that notwithstanding anything contained in this Code or any law for the time being in force if, in the course of insolvency resolution process, or liquidation or bankruptcy proceedings, as the case may be, under this Code, the resolution professional, liquidator or bankruptcy trustee, as the case may be, is of the opinion that assets of the corporate debtor or debtor, including a personal guarantor of a corporate debtor, are situated in a country outside India with which reciprocal arrangements have been made under section 234, he may make an application to the adjudicating authority that evidence or action relating to such assets is required in connection with such process or proceeding. [Section 235(1)]

The Adjudicating Authority on receipt of an application under sub-section (1) and, on being satisfied that evidence or action relating to assets under sub-section (1) is required in connection with insolvency resolution process or liquidation or bankruptcy proceeding, may issue a letter of request to a court or an authority of such country competent to deal with such request. [Section 235(2)]

The current cross border insolvency framework in India is dependent on India entering bilateral agreements with other countries. Finalisation of bilateral agreements is a long drawn process as it involves long term negotiations and thus takes a lot of time. Moreover, every trade is distinct and thus it would be difficult for the adjudicating authorities to enforce the agreements/treaties entered into with other countries.

### **INSOLVENCY LAW COMMITTEE (ILC) ON CROSS BORDER INSOLVENCY**

The Ministry of Corporate Affairs has constituted the Insolvency Law Committee (ILC) to recommend amendments to the Insolvency and Bankruptcy Code of India, 2016. The Committee has submitted its 2nd report to the Government on 16 October 2018 recommending amendments in the insolvency and Bankruptcy Code, 2016 with respect to cross-border insolvency.

The necessity of having Cross Border insolvency Framework under the insolvency and Bankruptcy Code arises from the fact that many Indian companies have a global presence and many foreign companies have presence in India. Inclusion of comprehensive legal framework dealing with cross border insolvency will be a major step forward and will bring Indian insolvency law on a par with that of matured jurisdictions.

the ILC has recommended the adoption of the UNCITRAL Model law of Cross Border insolvency, 1997, as it provides for a comprehensive framework to deal with cross-border insolvency issues. The Committee proposed a draft 'Part Z' in the insolvency and Bankruptcy Code, 2016, based on an analysis of the UNCITRAL Model law. The Committee has also recommended a few carve outs to ensure that there is no inconsistency between the domestic insolvency framework and the proposed Cross Border insolvency Framework.

The Model law deals with four major principles of cross-border insolvency, namely direct access to foreign insolvency professionals and foreign creditors to participate in or commence domestic insolvency proceedings against a defaulting debtor; recognition of foreign proceedings & provision of remedies; cooperation between domestic and foreign courts & domestic and foreign insolvency practitioners; and coordination between two or more concurrent insolvency proceedings in different countries. The main proceeding is determined by the Concept of Centre of Main Interest (COMI).

The UNCITRAL Model law has been adopted in as many as 44 countries and, therefore, forms part of international best practices in dealing with cross border insolvency issues. The advantages of the Model law are the precedence given to domestic proceedings and protection of public interest. The other advantages include greater confidence generation among foreign investors, adequate flexibility for seamless integration with the domestic insolvency law and a robust mechanism for international cooperation.

The necessity of having Cross Border insolvency Framework under the insolvency and Bankruptcy Code arises from the fact that many Indian companies have a global footprint and many foreign companies have presence in multiple countries including India. although the proposed Framework for Cross Border insolvency will enable us to deal with Indian companies having foreign assets and vice versa, it still does not provide for a framework for dealing with enterprise groups, which is still work in progress with UNCITRAL and other international bodies. The inclusion of the Cross Border insolvency Chapter in the Insolvency and Bankruptcy Code of India, 2016, will be a major step forward and will bring Indian insolvency law at par with that of matured jurisdictions.

### Key recommendations of the committee

**Applicability:** the Committee recommended that at present, draft Part Z should be extended to corporate debtors only.

**Duplicity of regimes:** the Committee noted that currently the Companies act, 2013 contains provisions to deal with insolvency of foreign companies. It observed that once Part Z is enacted, it will result in a dual regime to handle insolvency of foreign companies. It recommended that the Ministry of Corporate Affairs undertake a study of such provisions in the Companies act, 2013 to assess whether to retain them.

**Reciprocity:** the Committee recommended that the Model law may be adopted initially on a reciprocity basis. This may be diluted subsequently upon re-examination. Reciprocity indicates that a domestic court will recognise and enforce a foreign court's judgment only if the foreign country has adopted similar legislation to the domestic country.

**Access to Foreign representatives:** the Model law allows foreign insolvency professionals and foreign creditors access to domestic courts to seek remedies directly. Direct access with regards to foreign creditors is envisaged under the Code even presently. With respect to access by foreign insolvency professionals to Indian courts, the Committee recommended that the Central Government be empowered to devise a mechanism that is practicable in the current Indian legal framework.

**Centre of Main interests (COMI):** the Model law allows recognition of foreign proceedings and provides relief based on this recognition. Relief may be provided if the foreign proceeding is a main proceeding or non-main proceeding. If the domestic courts determine that the debtor has its COMI in a foreign country, such foreign proceedings will be recognised as the main proceedings. This recognition will result in certain automatic relief, such as allowing foreign representatives greater powers in handling the debtor's estate.

For non-main proceedings, such relief is at the discretion of the domestic court. the Committee recommended that a list of indicative factors comprising COMI may be inserted through rule-making powers. Such factors may include location of the debtor's books and records, and location of financing.

**Cooperation:** the Model law lays down the basic framework for cooperation between domestic and foreign courts, and domestic and foreign insolvency professionals. Given that the infrastructure of adjudicating authorities under the Code is still evolving, the cooperation between adjudicating authorities and foreign courts is proposed to be subject to guidelines to be notified by the Central Government.

**Concurrent Proceedings:** the Model law provides a framework for commencement of domestic insolvency proceedings, when a foreign insolvency proceeding has already commenced or vice versa. It also provides for coordination of two or more concurrent insolvency proceedings in diff countries by encouraging cooperation between courts. The Committee recommended adopting provisions in relation to these in draft Part Z.

**Public policy considerations:** Part Z provides that the adjudicating authority may refuse to take action under the Code if it is contrary to public policy. The Committee recommended that in proceedings where the authority is of the opinion that a violation of public policy may be involved, a notice must be issued to the Central Government. If the authority does not issue notice, the Central Government may be empowered to apply to it directly.

### Recent developments

The ILC examined the suggestions/representations from public & stakeholders, deliberated on the provisions among its members and accordingly submitted its report on cross border insolvency. The Committee has also recommended a few carve outs to ensure that there is no inconsistency between the domestic insolvency framework and the proposed cross border insolvency framework. For smooth implementation of the cross border insolvency provisions under the Code, it was decided to refer the matter to a Committee to suggest its recommendations on rules & regulatory framework for smooth implementation of proposed cross border insolvency provisions in the Code to this ministry on certain terms of reference. The Committee shall submit its recommendations within three months from its first meeting.

## CASE LAW

### Jet Airways (India) Ltd. v. State Bank of India & Anr. Company Appeal (AT) (Insolvency) No. 707 of 2019

This is the first case touching the realm of cross border insolvency in India. In the instant case Jet Airways (India) limited, ('Company') was subjected to parallel insolvency proceedings in India as well as in the Netherlands. In India, the Company has been admitted into a corporate insolvency resolution process under the insolvency and Bankruptcy Code, 2016 (the "Indian Proceedings"). Pursuant to the order of the NCLT and resolutions duly passed at the meeting of the committee of creditors of the Company ("CoC") dated 16 July 2019, the Resolution Professional (RP) had been appointed, resulting in the powers of the board of directors of the Company being vested with the RP.

In the Netherlands, the Company has been declared bankrupt and the Dutch trustee had been appointed to manage the estate of the Company (the "Dutch Proceedings").

On an application made by the Dutch trustee, appealing the 20 June 2019 order of the NCLT before the Hon'ble National Company Law Appellate Tribunal, New Delhi ("NCLAT"), the NCLAT, by its orders dated 12 July 2019 and 21 August 2019 ("NCLAT Order"), inter alia, directed the RP, in consultation with the CoC, to consider the prospect of cooperating with the Dutch trustee so as to have joint "corporate insolvency resolution process of the Company" and further vide its order dated 04 September 2019 directed the RP under the Indian proceedings to reach an arrangement/agreement with the Dutch trustee to extend such cooperation to each other, further allowing the CoC to guide the RP to enable him to prepare an agreement in reaching the terms of arrangement of cooperation with the Dutch trustee in the best interest of the Company and all its stakeholders ("Proposed Cooperation").

the NCLAT set aside the order dated 20th June, 2019 passed by the National Company law tribunal, Mumbai Bench in so far it related to the observations that the 'Dutch Court' has no jurisdiction in the matter of 'corporate insolvency resolution process' of 'Jet Airways (India) Limited, (Offshore Regional Hub) and the consequential directions as given to the 'Resolution Professional' in respect of 'Offshore proceedings'. However, NCLAT did not interfere with the order of admission of application under Section 7 of the Code filed by the 'State Bank of India' against 'Jet Airways (India) limited', therefore, joint 'Corporate Insolvency Resolution Process' will continue in accordance with Insolvency and Bankruptcy Code, 2016.

The Parties facilitated the Proposed Cooperation with formulation of a 'Cross Border insolvency Protocol'. The key agreements under the said Protocol was as follows:

- (i) this Protocol represents a statement of intentions and guidelines designed to minimize the costs and maximize value of assets/recoveries for all creditors of the Proceedings, by promoting the sharing of relevant information among the Parties and the international coordination of related activities in the Proceedings, while respecting the separate interests of creditors and other interested parties to the Proceeding, and the independence, sovereignty, and authority of the NCLT/NCLAT and Dutch Bankruptcy Court.

- (ii) in recognition of the substantive differences among the Proceedings in both jurisdictions, this Protocol shall not impose on the RP or the Dutch trustee any duties or obligations (i) that may be inconsistent with or that may conflict with the duties or obligations to which the Parties are subject under applicable law, or (ii) that are not in the interests of the Company's estate represented by the Parties and/or its creditors. Furthermore, nothing in this Protocol should be interpreted in any way so as to interfere with
  - (i) the proper discharge of any duty, obligation or function of the Parties, or
  - (ii) the exercise of statutory or other powers otherwise available to a Party under applicable law.
- (iii) the Parties should coordinate with each other and cooperate in all aspects of the Proceedings in terms of this Protocol. In doing so, the Parties acknowledge and agree that the Parties shall deal in good faith with each other in the interests of maximizing value of assets/recovery for all of the Company's creditors.

The Parties recognised that the Company being an Indian company with its centre of main interest in India, the Indian Proceedings are the main insolvency proceedings and the Dutch Proceedings are the non-main insolvency proceedings:

- (a) Coordination – to promote international cooperation and the coordination of activities in the Proceedings; and to provide for the orderly, effective, efficient, and timely administration of the Proceedings in order to reduce their cost and maximize recovery for creditors.
  - (b) Communication – to promote communication among the Parties and the CoC; and to provide, wherever possible, for direct communication among NCLT, NCLAT and Dutch Bankruptcy Court.
  - (c) Information and data sharing – to provide for the sharing of relevant information and data among the Parties in order to promote effective, efficient, and fair proceedings, and to avoid duplication of effort and activities by the parties.
  - (d) Preservation – to identify, preserve, and maximize the value of the Company's worldwide assets for the collective benefit of all creditors and other interested parties.
  - (e) Claims Reconciliation – To coordinate an efficient and transparent claims process.
  - (f) Maximize value of assets/recoveries – to cooperate in marshalling the assets of the Company in order to maximize value of assets/recovery for all of the Company's creditors.
  - (g) Comity – to maintain the independent jurisdiction, sovereignty, and authority of NCLT, NCLAT and Dutch Bankruptcy Court.
- (iv) the Dutch trustee in the Indian Proceedings:

(a) in the spirit of cooperation, the Dutch trustee aims to not take any decision under the Dutch Proceedings that would adversely impact the interests of the Company or the creditors. In the event it becomes necessary for the Dutch trustee in compliance of the Dutch Bankruptcy Court or any other court, or under any applicable law, to take any decision that might adversely impact the interests of the Company or the creditors, the Dutch trustee shall give advance intimation of such decision to the RP.

(b) in the event a resolution plan for the Company is submitted to the NCLT, the Dutch trustee shall facilitate the submission (by the Company) of a consistent reorganization plan in the Dutch Proceedings ("schuldeisersakkoord") in order to implement the resolution plan in the Dutch jurisdiction incorporating the payout mechanism that is included in such resolution plan so submitted to the NCLT for distribution of various amounts to various stakeholders including the creditors of the Company, in accordance with applicable Dutch laws.

- (v) the Dutch trustee shall seek inputs, notify the RP and consult the RP, and will be mindful of the Indian Proceedings prior to any material decision being taken in the Dutch Proceedings, which may, *inter alia*, include:

(a) matters relating to any proposal or approval of a plan of reorganization or a resolution plan or plan of compromise or any other similar arrangement in the Dutch Proceedings

(b) matters relating to assuming, ratifying, rejecting, repudiating, modifying or assigning executory contracts having a material impact on the assets, operations, obligations, rights, property or business of the Company; and

(c) matters which are otherwise prohibited under Section 14 of the Insolvency and Bankruptcy Code, 2016.

- (vi) The 'Committee of Creditors' have no role to play as the agreement reached between the 'Dutch administrator' and the 'Resolution Professional' of India is on the basis of the direction of this appellate tribunal. In spite of the same, unfortunately the 'Committee of Creditors' interfered with the matter and put its view to the 'Resolution Professional' resulting into difference of the suggestions.
- (vii) The NCLAT clarified that the 'Dutch Trustee (Administrator)' will work in co-operation with the 'Resolution Professional of India' and, if any, suggestion is required to be given, he may give it to the 'Resolution Professional'. The draft of 'Cross Border Insolvency Protocol' clause is made final and should be treated as a direction of this appellate tribunal and it would be mandatory to comply with the order of this appellate tribunal subject to the other procedures which are to be followed in terms of the 'Insolvency and Bankruptcy Code, 2016'.

### LESSON ROUND UP

- Globally, cross-border insolvency laws are based on one country providing assistance to the other in taking control of the assets and eventual disposition of such assets of the debtor company.
- Cross-border insolvency regulates the treatment of financially distressed debtors where such debtors have assets or creditors in more than one country.
- A company is said to be insolvent when its liabilities exceed its assets which results in its inability to pay off the debts. Cross border insolvency issues arise when a non-resident is either a debtor or contributory or creditor.
- Since national insolvency laws have by and large not kept pace with the trend, they are often ill equipped to deal with cases of cross border nature. It hampers the rescue of financially troubled business.
- The United Nations Commission on International Trade Law (UNCITRAL) prepares international legislative texts for use by States in modernizing commercial law and non-legislative texts for use by commercial parties in negotiating transactions.
- The Legislative Guide on Insolvency Law was prepared by UNCITRAL on insolvency law, specifically corporate insolvency, to foster and encourage the adoption of effective national corporate insolvency regimes in 2004.
- The legislative Guide on insolvency law is intended to be used as a reference by national authorities and legislative bodies when preparing new laws and regulations or reviewing the adequacy of existing laws and regulations.
- The UNCITRAL Model law on Cross-Border insolvency, adopted in 1997, is designed to assist States to equip their insolvency laws with a modern, harmonized and fair framework to address more effectively instances of cross-border insolvency.
- The Model Law focuses on four elements identified as key to the conduct of cross-border insolvency cases, i.e., access, recognition, relief (assistance) and cooperation.
- In the United States of America, all bankruptcy cases are handled in federal courts under rules outlined in the Bankruptcy Code, a federal law. The Bankruptcy Code was enacted in 1978 and is codified as title 11 of the United States Code.
- Sections 234 and 235 of the Insolvency and Bankruptcy Code, 2016 make provisions to deal with cases involving cross border insolvency.
- Section 234 of the Code empowers the central government to enter into an agreement with other countries to resolve situations pertaining to cross border insolvency.
- The Insolvency Law Committee (ILC) on cross border insolvency set-up by Government for a robust cross-border insolvency law in India has submitted its recommendations.
- The ILC has recommended the adoption of the UNCITRAL Model law of Cross Border Insolvency, 1997, as it provides for a comprehensive framework to deal with cross-border insolvency issues.
- The Committee has proposed a draft 'Part Z' in the Insolvency and Bankruptcy Code, 2016 relating to cross-border insolvency.

## INTRODUCTION

Sections 33 to 54 in Chapter III of Part II of the Insolvency and Bankruptcy Code, 2016 lay down the law relating to liquidation process for corporate persons.

An attempt is first made to resolve the insolvency of corporate debtor through corporate insolvency resolution process laid down in Chapter II of Part II of the Code. The provisions relating to liquidation in Chapter III of Part II of the Code come into effect only if the attempt to resolve corporate insolvency under Chapter II of the Code fails.

It can thus be seen that the primary focus of the legislation is to ensure revival and continuation of the corporate debtor by protecting the corporate debtor from its own management and from a corporate death by liquidation.”

**The Hon’ble Supreme Court in the matter of ‘Swiss Ribbons Pvt. Ltd. & Anr. Vs. Union of India & Ors.’ observed:**

“What is interesting to note is that the Preamble does not, in any manner, refer to liquidation, which is only availed of as a last resort if there is either no resolution plan or the resolution plans submitted are not up to the mark. Even in liquidation, the liquidator can sell the business of the corporate debtor as a going concern....”

The Insolvency and Bankruptcy Board of India has made **the Insolvency and Bankruptcy Board of India (Liquidation Process) Regulations, 2016** to regulate the liquidation process under Chapter III of Part II of the Insolvency and Bankruptcy Code, 2016. These regulations are amended from time to time by the Insolvency and Bankruptcy Board of India.

## INITIATION OF LIQUIDATION

Section 33 of the Code lists out the triggers for initiating the liquidation process for corporate persons. Section 33 of the Code reads as follows:

“(1) Where the Adjudicating Authority,

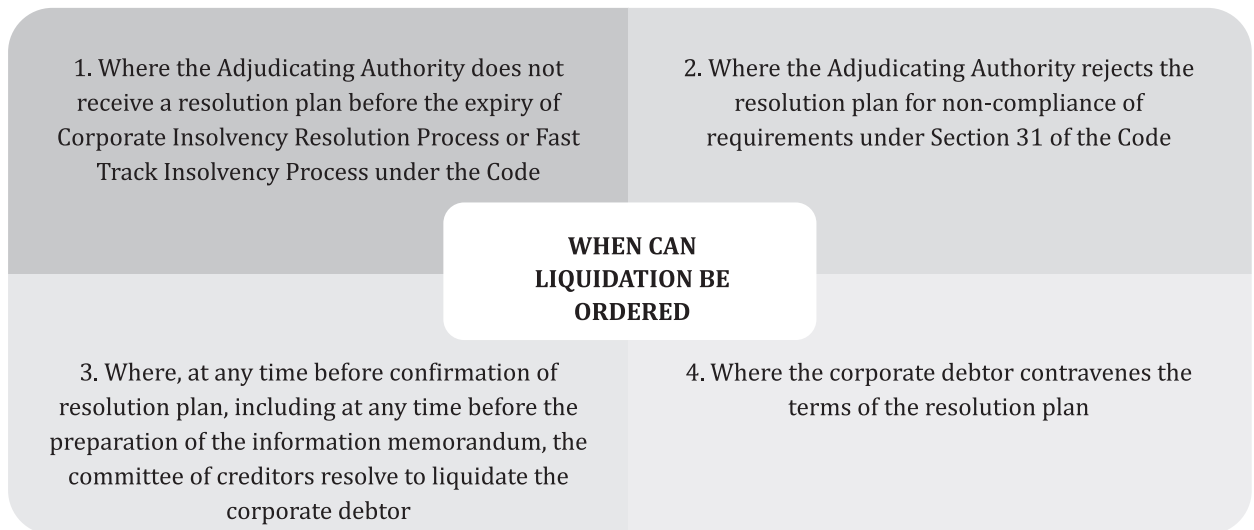

- (a) before the expiry of the insolvency resolution process period or the maximum period permitted for completion of the corporate insolvency resolution process under section 12 or the fast track corporate insolvency resolution process under section 56, as the case may be, does not receive a resolution plan under sub-section (6) of section 30; or
- (b) rejects the resolution plan under section 31 for the non-compliance of the requirements specified therein, it shall-
  - (i) pass an order requiring the corporate debtor to be liquidated in the manner as laid down in this Chapter;
  - (ii) issue a public announcement stating that the corporate debtor is in liquidation; and
  - (iii) require such order to be sent to the authority with which the corporate debtor is registered.
- (2) Where the resolution professional, at any time during the corporate insolvency resolution process but before confirmation of resolution plan, intimates the Adjudicating Authority of the decision of the committee of creditors approved by not less than sixty-six percent of the voting share to liquidate the corporate debtor, the Adjudicating Authority shall pass a liquidation order as referred to in sub-clauses (i), (ii) and (iii) of clause (b) of sub-section (1).

*Explanation.*—For the purpose of this sub-section, it is hereby declared that the committee of creditors may take the decision to liquidate the corporate debtor, any time after its constitution under sub-section (1) of section 21 and before the confirmation of the resolution plan, including at any time before the preparation of the information memorandum.

- (3) Where the resolution plan approved by the Adjudicating Authority under Section 31 or under sub-section (1) of Section 54L is contravened by the concerned corporate debtor, any person other than the corporate debtor, whose interests are prejudicially affected by such contravention, may make an application to the Adjudicating Authority for a liquidation order as referred to in sub-clauses (i), (ii), (iii) of clause (b) sub-section (1).

- (4) On receipt of an application under sub-section (3), if the Adjudicating Authority determines that the corporate debtor has contravened the provisions of the resolution plan, it shall pass a liquidation order as referred to in sub-clauses (i), (ii) and (iii) of clause (b) of sub-section(1).
- (5) Subject to section 52, when a liquidation order has been passed, no suit or other legal proceeding shall be instituted by or against the corporate debtor:
- Provided that a suit or other legal proceeding may be instituted by the liquidator, on behalf of the corporate debtor, with the prior approval of the Adjudicating Authority.
- (6) the provisions of sub-section (5) shall not apply to legal proceedings in relation to such transactions as may be notified by the Central Government in consultation with any financial sector regulator.
- (7) The order for liquidation under this section shall be deemed to be a notice of discharge to the officers, employees and workmen of the corporate debtor, except when the business of the corporate debtor is continued during the liquidation process by the liquidator.”

In the matter of *Vedikat Nut Crafts Pvt. Ltd.*, after perusing records, the Adjudicating Authority could not see any reason for not inviting resolution plan despite the fact that even a period of one month as balance period of 180 days was still available. NCLT observed that there was no reason for the Committee of Creditors to jump to the conclusion of seeking liquidation of the company without seeking extension of time of 90 days, without inviting expression of interest by the prospective resolution plan applicant as it falls foul of legal provisions and fair play. It presents a tell tale story of the irregularity committed by the Committee of Creditors. To say the least such a decision is arbitrary and should not be sustained.

### 1. **Where the Adjudicating Authority does not receive are solution plan**

If the Adjudicating Authority, before the expiry of the insolvency resolution process period or the maximum period permitted for completion of the corporate insolvency resolution process under section 12 or the fast track corporate insolvency resolution process under section 56, as the case may be, does not receive are solution plan under sub-section (6) of section 30, it shall pass an order requiring the corporate debtor to be liquidated in the manner as laid down in Chapter III of Part II of the Code. [Section 33(1)]

### 2. **Where the Adjudicating Authority rejects the resolution plan**

If the Adjudicating Authority rejects there solution plan under section 31 for the non-compliance of the requirements specified therein, it shall pass an order requiring the corporate debtor to be liquidated in the manner as laid down in Chapter III of Part II of the Code.

In both the scenarios above i.e., where the Adjudicating Authority does not receive a resolution plan or where the Adjudicating Authority rejects the resolution plan, it shall:

- pass an order requiring the corporate debtor to be liquidated in the manner as laid down in this Chapter;
  - issue a public announcement stating that the corporate debtor is in liquidation; and
  - require such order to be sent to the authority with which the corporate debtor is registered.
- [Section 33 (1)]

**3. *Where, at any time before confirmation of resolution plan, the committee of creditors resolve to liquidate corporate debtor***

Where the resolution professional, at any time during the corporate insolvency resolution process but before confirmation of resolution plan, intimates the Adjudicating Authority of the decision of the committee of creditors approved by not less than sixty-six percent of the voting share to liquidate the corporate debtor, the Adjudicating Authority shall pass a liquidation order as referred to in sub-clauses (i), (ii) and (iii) of clause (b) of sub-section (1). [Section 33 (2)]

It may be noted that the committee of creditors may take the decision to liquidate the corporate debtor, any time after its constitution under sub-section (1) of section 21 and before the confirmation of the resolution plan, including at any time before the preparation of the information memorandum. [Explanation to Section 33(1)]

**4. *Where the corporate debtor violates the terms of the resolution plan***

Where the resolution plan approved by the Adjudicating Authority under section 31 (Corporate Insolvency Resolution Process) or under sub-section (1) of section 54L (Pre-packaged Insolvency Resolution Process), is contravened by the concerned corporate debtor, any person other than the corporate debtor, whose interests are prejudicially affected by such contravention, may make an application to the Adjudicating Authority for a liquidation order as referred to in sub-clauses (i), (ii), (iii) of clause (b) sub-section (1). [Section 33(3)]

On receipt of an application under sub-section (3), if the Adjudicating Authority determines that the corporate debtor has contravened the provisions of the resolution plan, it shall pass a liquidation order as referred to in sub-clauses (i), (ii) and (iii) of clause (b) of sub-section (1). [Section 33(4)]

***Bar to filing of suits and legal proceedings*** - Section 33 (5) provides that subject to section 52, when a liquidation order has been passed, no suit or other legal proceeding shall be instituted by or against the corporate debtor:

Provided that a suit or other legal proceeding may be instituted by the liquidator, on behalf of the corporate debtor, with the prior approval of the Adjudicating Authority.

**The Insolvency and Bankruptcy Code (Second Amendment) Act, 2018** has amended sub-section (2) of section 33 to provide for a reduced threshold from seventy-five percent to **sixty-six percent** of voting share for obtaining the approval of the committee of creditors for making an application to the Adjudicating Authority to pass a liquidation order.

In the matter of *Small Industries Development Bank of India v. Tirupati Jute Industries Limited* [CP (IB) 508/KB/18 and connected matters], the Adjudicating Authority noted that the resolution plan, which has been submitted for its approval, was subject to extinguishment of all claims (except criminal proceedings) against the Corporate Debtor, exemption of all taxes/dues by the Government/local authorities, and closure of all proceedings pending against the Corporate Debtor relating to such dues. The Adjudicating Authority rejected the plan and ordered for liquidation. It observed that such a plan should not have been approved by the CoC, as it was not consistent with the provisions of section 30(2)(e) of the Code. It also observed that the Resolution Professional did not give correct advice when he submitted the plan for approval of CoC and therefore, it would not be proper to appoint him as the Liquidator.

Section 33 (6) further provides that the provisions of sub-section (5) shall not apply to legal proceedings in relation to such transactions as may be notified by the Central Government in consultation with any financial sector regulator.

**“Financial Sector Regulator”** means an authority or body constituted under any law for the time being in force to regulate services or transactions of financial sector and includes the Reserve Bank of India, the Securities and Exchange Board of India, the Insurance Regulatory and Development Authority of India, the Pension Fund Regulatory Authority and such other regulatory authorities as may be notified by the Central Government. [Section 3(18)]

***Liquidation order to be deemed to be a notice of discharge-*** The order for liquidation under section 33 shall be deemed to be a notice of discharge to the officers, employees and work men of the corporate debtor, except when the business of the corporate debtor is continued during the liquidation process by the liquidator. [Section 33(7)]

### APPOINTMENT OF LIQUIDATOR AND FEE TO BE PAID

Section 34 of the Code provides for the appointment of liquidator and the fees to be paid to him.

According to Section 5 (18) of the Code, a **“liquidator”** means an insolvency professional appointed as a liquidator in accordance with the provisions of Chapter III or Chapter V of this Part, as the case may be.

***Resolution Professional to act as liquidator-*** Section 34 (1) provides that where the Adjudicating Authority passes an order for liquidation of the corporate debtor under section 33, the resolution professional appointed for the corporate insolvency resolution process under Chapter II or for the pre-packaged insolvency resolution process under Chapter III-A shall, subject to submission of a written consent by the resolution professional to the Adjudicatory Authority in specified form, shall act as the liquidator for the purposes of liquidation unless replaced by the Adjudicating Authority under sub-section(4).

**The Insolvency and Bankruptcy Code (Second Amendment) Act, 2018** has amended section 34 so as to require a written consent of resolution professional in specified form for appointment as a liquidator.

**Powers to vest in liquidator-**Section 34 (2) further provides that on the appointment of a liquidator under section 34, all powers of the board of directors, key managerial personnel and the partners of the corporate debtor, as the case may be, shall cease to have effect and shall be vested in the liquidator.

**Personnel of corporate debtor to extend all assistance and cooperation to the liquidator-**Section 34 (3) mandates that the personnel of the corporate debtor shall extend all assistance and cooperation to the liquidator as may be required by him in managing the affairs of the corporate debtor and provisions of section 19 shall apply in relation to voluntary liquidation process as they apply in relation to liquidation process with the substitution of references to the liquidator for references to the interim resolution professional.

**Replacement of resolution professional-** Sub-section (4) of section 34 makes provision for the replacement of resolution professional. According to sub-section (4), the Adjudicating Authority shall by order replace the resolution professional, if:

a) the resolution plan submitted by the resolution professional under section 30 was rejected for failure to meet the requirements mentioned in sub-section (2) of section 30; or

(b) the Board recommends the replacement of a resolution professional to the Adjudicating Authority for reasons to be recorded in writing; or

(c) the resolution professional fails to submit written consent under sub-section (1).

For the purposes of clause (a) and clause (c) of sub-section (4), the Adjudicating Authority may direct the Board to propose the name of another insolvency professional to be appointed as a liquidator. [Section 34 (5)]

#### Taking charge as liquidator

In the case of '*S. Muthuraju Vs. Commissioner of Police and Another*', a group / mob of unknown persons hurled threats with weapons and did not allow the liquidator to enter the premise of the corporate debtor (CD) and carry out his functions. The Hon'ble NCLT directed the Superintendent of Police to give adequate police protection to the liquidator to enable him to perform his duties.

#### Can CoC challenge the appointment of liquidator after the liquidation order is passed by the Adjudicating Authority?

In the case of '*Punjab National Bank Vs. Mr. Kiran Shah, Liquidator of ORG Informatics Ltd.*', NCLAT held that after the liquidation order, the CoC has no role to play and that they are simply claimants, whose matters are to be determined by the liquidator and hence cannot move an application for his removal.

The Board shall propose the name of another insolvency professional along with written consent from the insolvency professional in the specified form within ten days of the direction issued by the Adjudicating Authority under sub-section (5). [Section 34(6)]

The Adjudicating Authority shall, on receipt of the proposal of the Board for the appointment of an insolvency professional as liquidator, by an order appoint such insolvency professional as the liquidator. [Section 34 (7)]

The matter of replacing the Resolution Professional (RP) was considered by the National Company Law Appellate Tribunal (NCLAT) in the matter of '*Devendra Padamchand Jain v. State Bank of India*'. This case dealt with an appeal by the then RP of VNR Infrastructures, against the order of the National Company Law Tribunal (NCLT), Hyderabad bench, removing him and appointing another liquidator.

The NCLAT held that apart from the committee of creditors, the NCLT is also empowered to remove the RP, but it should be for the reasons and in the manner provided under the relevant section. In this case, RP had failed to properly examine the resolution plan and had not stated that the plan he submitted met all the requirements of section 30(2) of the Code. The NCLAT held that the NCLT has jurisdiction to remove the RP if it is not satisfied with its functioning, which amounts to non-compliance with section 30(2) of the Code.

Fee for the conduct of liquidation proceedings-Section 34(8) provides that an insolvency professional proposed to be appointed as a liquidator shall charge such fee for the conduct of the liquidation proceedings and in such proportion to the value of the liquidation estate assets, as may be specified by the Board.

The fees for the conduct of the liquidation proceedings under sub-section (8) shall be paid to the liquidator from the proceeds of the liquidation estate under section 53. [Section 34(9)]

## POWERS AND DUTIES OF LIQUIDATOR

Section 35 provides an on-exhaustive list of powers and duties of the liquidator to ensure orderly completion of the liquidation proceedings.

Section 35(1) provides that subject to the directions of the Adjudicating Authority, the liquidator shall have the following powers and duties:

(a) to verify claims of all the creditors;	(b) to take into his custody or control all the assets, property, effects and actionable claims of the corporate debtor;	(c) to evaluate the assets and property of the corporate debtor in the manner as may be specified by the Board and prepare a report;	(d) to take such measures to protect and preserve the assets and properties of the corporate debtor as he considers necessary;
(e) to carry on the business of the corporate debtor for its beneficial liquidation as he considers necessary;	(f) subject to section 52, to sell the immovable and movable property and actionable claims of the corporate debtor in liquidation by public auction or private contract, with power to transfer such property to any person or body corporate, or to sell the same in parcels in such manner as may be specified: Provided that the liquidator shall not sell the immovable and movable property or actionable claims of the corporate debtor in liquidation to any person who is not eligible to be a resolution applicant.	(g) subject to section 52, to sell the immovable and movable property and actionable claims of the corporate debtor in liquidation by public auction or private contract, with power to transfer such property to any person or body corporate, or to sell the same in parcels in such manner as may be specified:	(h) to take out, in his official name, letter of administration to any deceased contributory and to do in his official name any other act necessary for obtaining payment of any money due and payable from a contributory or his estate which cannot be ordinarily done in the name of the corporate debtor; and in all such cases, the money due and payable shall, for the purpose of enabling the liquidator to take out the letter of administration or recover the money, be deemed to be due to the liquidator himself;
(i) to obtain any professional assistance from any person or appoint any professional, in discharge of his duties, obligations and responsibilities;	(j) to invite and settle claims of creditors and claimants and distribute proceeds in accordance with the provisions of this Code;	(k) to institute or defend any suit, prosecution or other legal proceedings, civil or criminal, in the name of or on behalf of the corporate debtor;	(l) to investigate the financial affairs of the corporate debtor to determine undervalued or preferential transactions;
(m) to take all such actions, steps, or to sign, execute and verify any paper, deed, receipt document, application, petition, affidavit, bond or instrument and for such purpose to use the common seal, if any, as may be necessary for liquidation, distribution of assets and in discharge of his duties and obligations and functions as liquidator;		(n) to apply to the Adjudicating Authority for such orders or directions as may be necessary for the liquidation of the corporate debtor and to report the progress of the liquidation process in a manner as may be specified by the Board; and	(o) to perform such other functions as may be specified by the Board.

Section 35(2) further provides that the liquidator shall have the power to consult any of the stakeholders entitled to a distribution of proceeds under section 53.

First proviso to section 35(2) provides that any such consultation shall not be binding on the liquidator. The second provision further provides that the records of any such consultation shall be made available to all other stakeholders not so consulted, in a manner specified by the Board.

## LIQUIDATION ESTATE

Section 36 provides for the creation of a liquidation estate comprising the assets of the corporate debtor as set out in section 36(3). Section 36 also lists out the assets which are to be excluded from the liquidation estate. The Central Government has been given the power to notify assets, in consultation with the appropriate financial sector regulators, which will be excluded from the estate in the interest of efficient functioning of the financial markets.

Section 36(1) provides that for the purposes of liquidation, the liquidator shall form an estate of the assets mentioned in sub-section(3), which will be called the liquidation estate in relation to the corporate debtor.

Section 36(2) further provides that the liquidator shall hold the liquidation estate as a fiduciary for the benefit of all the creditors.

Liquidation estate shall comprise all liquidation estate assets-Section 36(3) provides the assets that comprise the liquidation estate while Section 36(4) provides the list of assets that must be excluded from the liquidation estate.

***Assets to be included in the liquidation estate:***

- (a) any assets over which the corporate debtor has ownership rights, including all rights and interests therein as evidenced in the balance sheet of the corporate debtor or an information utility or records in the registry or any depository recording securities of the corporate debtor or by any other means as may be specified by the Board, including shares held in any subsidiary of the corporate debtor;

- (g) any asset of the corporate debtor in respect of which a secured creditor has relinquished security interest;
- (h) any other property belonging to or vested in the corporate debtor at the insolvency commencement date; and
- (i) all proceeds of liquidation as and when they are realised.

  - (i) assets held in trust for any third party;

- (b) assets in security collateral held by financial services providers and are subject to netting and set-off in multi-lateral trading or clearing transactions;

- (d) assets of any Indian or foreign subsidiary of the corporate debtor; or

**Are the dues in respect to Provident Fund/Pension Fund/Gratuity Fund part of the liquidation estate?**

In the case of *'Precision Fasteners Ltd. vs. Employees Provident Fund Organisation'*, the liquidators ought a declaration regarding attachment of movable and immovable properties of the CD (under liquidation) under Employees' Provident Funds and Miscellaneous Provisions Act, 1952 as null and void to enable him to dispose of these properties along side other assets of the CD. The AA noted that in terms of the Code, the dues in respect to Provident Fund/Pension Fund/Gratuity Fund are not part of the liquidation estate. The AA vacated the attachment with a direction to the liquidator to sell the assets and pay off the provident fund dues in priority to all claims payable by the CD in liquidation.

## POWERS OF LIQUIDATOR TO ACCESS INFORMATION

Section 37 provides that the liquidator shall have the power to access any information systems for the purpose of admission and proof of claims and identification of assets to be held in the liquidation estate. This power to access information ensures easier verification of claims and identification of assets and liabilities of the corporate debtor.

**Power to access any information systems-** Section 37(1) provides that notwithstanding any thing contained in any other law for the time being in force, the liquidator shall have the power to access any information systems for the purpose of admission and proof of claims and identification of the liquidation estate assets relating to the corporate debtor from the following sources:

**Financial information required by creditors-** The creditors may require the liquidator to provide the many financial information relating to the corporate debtor in such manner as may be specified. [Section 37(2)]

The liquidator shall provide information referred to in sub-section (2) to such creditors who have requested for such information within a period of seven days from the date of such request or provide reasons for not providing such information. [Section 37(3)]

## CONSOLIDATION OF CLAIMS

Section 38 prescribes a time period for the collection of claims by the liquidator. It also specifies the methods by which different categories of creditors can submit and prove their claims.

**Receipt or collection of claims-** Section 38(1) provides that the liquidator shall receive or collect the claims of creditors within a period of thirty days from the date of the commencement of the liquidation process.

**Submission of claim by financial creditor-** According to section 38(2), a financial creditor may submit a claim to the liquidator by providing a record of such claim with an information utility.

## VOLUNTARY LIQUIDATION OF CORPORATE PERSONS

Section 59 in Chapter V of Part II of the Insolvency and Bankruptcy Code, 2016 ('Code') provides for the initiation of voluntary liquidation proceedings by a corporate debtor which has not defaulted on any debt due to any person.

**Procedural requirements-** Sub-section (2) of section 59 provides that the voluntary liquidation of a corporate person under sub-section (1) shall meet such conditions and procedural requirements as may be specified by the Insolvency and Bankruptcy Board of India.

**Conditions for voluntary liquidation proceedings of corporate person registered as company-** Section 59(3) of the Code lays down that without prejudice to sub-section (2), voluntary liquidation proceedings of a corporate person registered as a company shall meet the following conditions:

- (a) a declaration from majority of the directors of the company verified by an affidavit stating that –
  - (i) they have made a full inquiry into the affairs of the company and they have formed an opinion that either the company has no debt or that it will be able to pay its debts in full from the proceeds of assets to be sold in the voluntary liquidation; and
  - (ii) the company is not being liquidated to defraud any person;
- (b) the declaration under sub-clause (a) shall be accompanied with the following documents:
  - (i) audited financial statements and record of business operations of the company for the previous two years or for the period since its incorporation, whichever is later;
  - (ii) a report of the valuation of the assets of the company, if any prepared by a registered valuer;
- (c) within four weeks of a declaration under sub-clause (a), there shall be –
  - (i) a special resolution of the members of the company in a general meeting requiring the company to be liquidated voluntarily and appointing an insolvency professional to act as the liquidator; or
  - (ii) a resolution of the members of the company in a general meeting requiring the company to be liquidated voluntarily as a result of expiry of the period of its duration, if any, fixed by its articles or on the occurrence of any event in respect of which the articles provide that the company shall be dissolved, as the case may be and appointing an insolvency professional to act as the liquidator.

The proviso appended to sub-section (3) of section 59 lays down that if the company owes any debt to any person, creditors representing two thirds in value of the debt of the company shall approve the resolution passed under sub-clause (c) within seven days of such resolution.

Though the procedure to be followed for voluntary liquidation proceedings under Chapter III is largely similar to the procedure to be followed for insolvent liquidation under Chapter III of the Code yet there are marked differences:

1. To initiate voluntary liquidation proceedings, where the corporate debtor is a company, the directors have to provide a **declaration of solvency** and a declaration that the company is not being liquidated to **defraud** any person.
2. The declarations have to be accompanied by (a) the audited financial statements of the company and (b) a record of its business operations for the previous two years or the periods since its incorporation, whichever is later.
3. Further, a report of the valuation of the assets of the company prepared by a registered valuer has to be provided.

The Insolvency and Bankruptcy Board of India has made **the Insolvency and Bankruptcy Board of India (Voluntary Liquidation Process) Regulations, 2017** to regulate the voluntary liquidation of corporate persons under Chapter V of Part II of the Insolvency and Bankruptcy Code, 2016.

### Who may initiate voluntary liquidation proceedings?

As per Section 59(1) of the Code, a corporate person who intends to liquidate itself voluntarily and has not committed any default may initiate voluntary liquidation proceedings under the provisions of Chapter V of Part II of the Code.

4. A resolution in favour of the voluntary winding up of the company and appointment of an insolvency professional as the liquidator has to be passed within four weeks of the declaration under clause (a) of sub-section (3) of section 59.
5. Where the company owes any debt to any person, creditors representing two-thirds in value of the debt of the company shall approve the resolution passed under sub-clause (c) within seven days of such resolution.

**Requirement of notification-** Sub-section (4) lays down that the company shall notify the Registrar of Companies and the Board about the resolution under sub-section (3) to liquidate the company within seven days of such resolution or the subsequent approval by the creditors, as the case may be.

**Date of Commencement of voluntary liquidation proceedings-** According to sub-section (5), subject to approval of the creditors under sub-section (3), the voluntary liquidation proceedings in respect of a company shall be deemed to have commenced from the date of passing of the resolution under sub-clause (c) of sub-section (3).

**Provisions to apply-** The provisions of sections 35 to 53 of Chapter III and Chapter VII shall apply to voluntary liquidation proceedings for corporate persons with such modifications as may be necessary. [Section 59(6)]

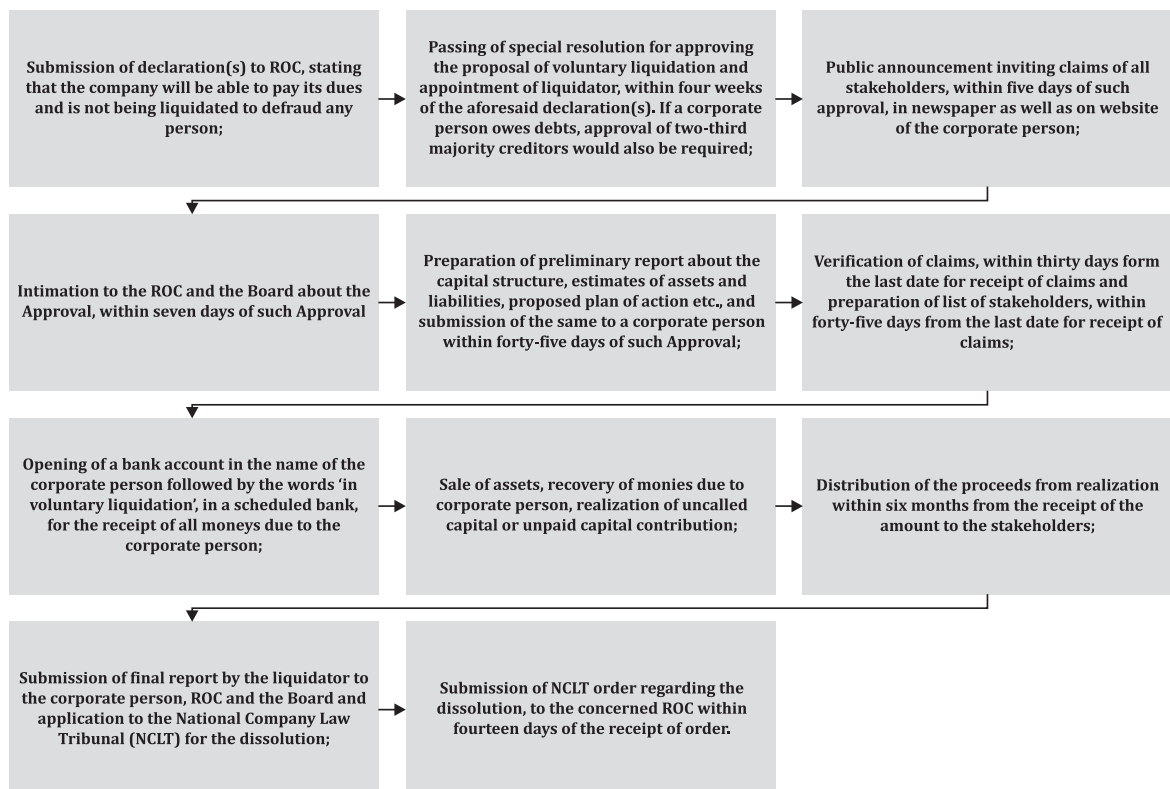

**Application to Adjudicating Authority-** As per sub-section (7) of section 59, where the affairs of the corporate person have been completely woundup, and its assets completely liquidated, the liquidator shall make an application to the Adjudicating Authority for the dissolution of such corporate person.

**Order by Adjudicating Authority-** The Adjudicating Authority shall on an application filed by the liquidator under sub-section (7), pass an order that the corporate debtor shall be dissolved from the date of that order and the corporate debtor shall be dissolved accordingly. [Section 59(8)]

Thus, once the affairs of the corporate debtor have been wound up and its assets completely liquidated, the liquidator shall make an application to the adjudicating authority for the dissolution of the corporate debtor and the corporate debtor shall be dissolved by the order of the adjudicating authority.

**Copy of Order-** A copy of an order under sub-section (8) shall within fourteen days from the date of such order, be forwarded to the authority with which the corporate person is registered. [Section 59(9)]

## INTRODUCTION

Winding up is a means by which the dissolution of a company is brought about. The main purpose of winding up of a company is to realize the assets and pay the company's debts expeditiously and fairly in accordance with the law. If any surplus is left, it is distributed among the members in accordance with their rights.

The terms "Winding up" and "dissolution" are sometimes erroneously used to mean the same thing. But, the legal implications of these two terms are quite different and there are fundamental differences between them as regards the legal procedure involved.

It may be noted that on winding up, the company does not cease to exist as such, except when it is dissolved. Even after the commencement of winding-up, the property and assets of the company belong to the company until the dissolution takes place. On dissolution, the company ceases to exist as a separate entity and becomes incapable of keeping property, suing or being sued. Thus, in between the winding up and dissolution, the legal status of the company continues and it can be sued in the court of law.

The entire procedure for bringing about a lawful end to the life of a company is divided into two stages i.e., 'winding up' and 'dissolution'. Winding up is the first stage in the process whereby assets are realised, liabilities are paid off and the surplus, if any, distributed among its members. Dissolution is the final stage whereby the existence of the company is withdrawn by the law. Dissolution brings about an end to the legal entity of the company.

## IMPORTANT CHANGES BROUGHT ABOUT BY THE INSOLVENCY AND BANKRUPTCY CODE, 2016

The Insolvency and Bankruptcy Code, 2016 ('Code') was passed with the objective of consolidating and amending the laws relating to reorganisation and insolvency resolution in a time bound manner for maximization of value of assets of such persons, to promote entrepreneurship, availability of credit and balance the interests of all the stakeholders including alteration in the order of priority of payment of Government dues and to establish an Insolvency and Bankruptcy Board of India, and for other matters connected.

The Insolvency and Bankruptcy Code, 2016 has made significant amendments to provisions relating to winding up in the Companies Act, 2013. The important ones are discussed below:

**"Winding up"** – The expression "winding up" was not defined in the Companies Act, 2013 or in the erstwhile Companies Act of 1956. The eleventh Schedule has added sub-section (94a) to section 2 of the Companies Act, 1956. The definition of "winding up" reads as follows:

"Winding up" means winding up under the Companies Act, 2013 or liquidation under the insolvency and Bankruptcy Code, 2016, as applicable" [Section 2(94a)]

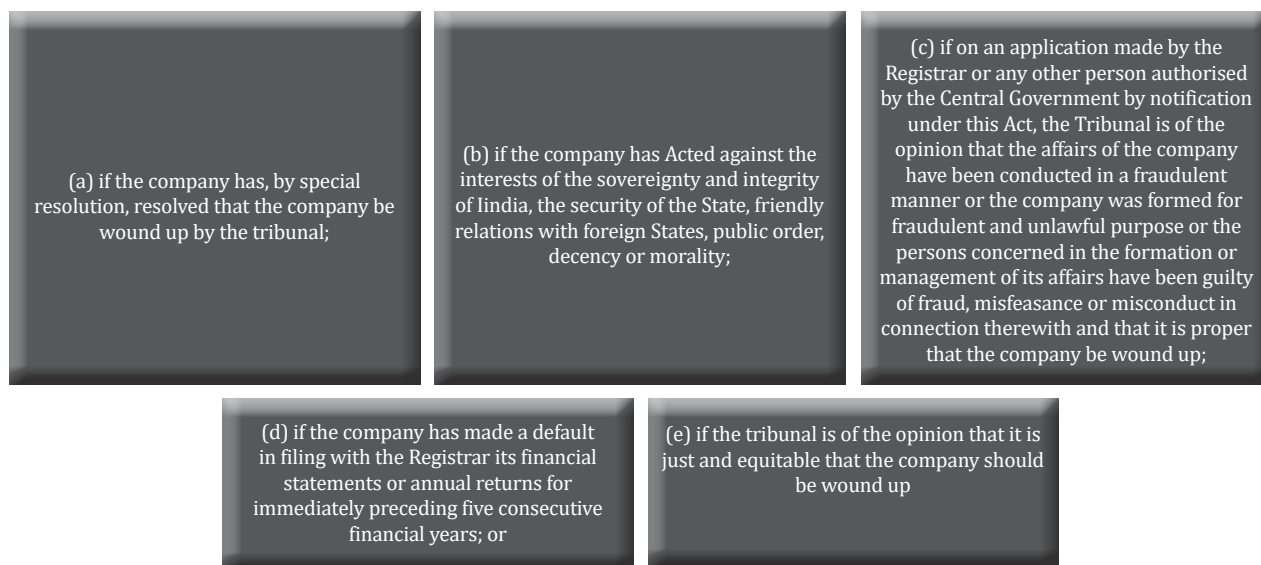

The Ministry of Corporate Affairs has notified section 255 of the Insolvency and Bankruptcy Code, 2016. Section 255 of the Insolvency and Bankruptcy Code, 2016 amends the Companies Act, 2013, in accordance with the eleventh Schedule of the Insolvency and Bankruptcy Code, 2016.

The Central Government had appointed 15th November, 2016 as the date on which the provisions of section 255 of the Insolvency and Bankruptcy Code, 2016 shall come into force

**Voluntary winding up** – Provisions relating to voluntary winding up in the Companies Act, 2013 i.e., sections 304 to 323 have been omitted by the insolvency and Bankruptcy Code, 2016. Voluntary liquidation is now dealt with under section 59 of the insolvency and Bankruptcy Code, 2016 read with IIBLI (Voluntary liquidation Process) regulations, 2017.

**Inability to pay debts** – The Insolvency and Bankruptcy Code, 2016 has substituted section 271 of the Companies Act, 2013.

Now after its substitution, section 271 provides the following five grounds where a company may be wound up by a tribunal:

The following two grounds have been deleted from section 271:

- (a) if the company is unable to pay its debts;
- (d) if the tribunal has ordered the winding up of the company under Chapter XIX.

Thus, if a company is unable to pay its debts, creditors cannot file petition in tribunal in for winding up of the Company. However, the Companies Act, 2013 shall continue to govern winding up of companies on various other grounds excluding inability to pay debts.

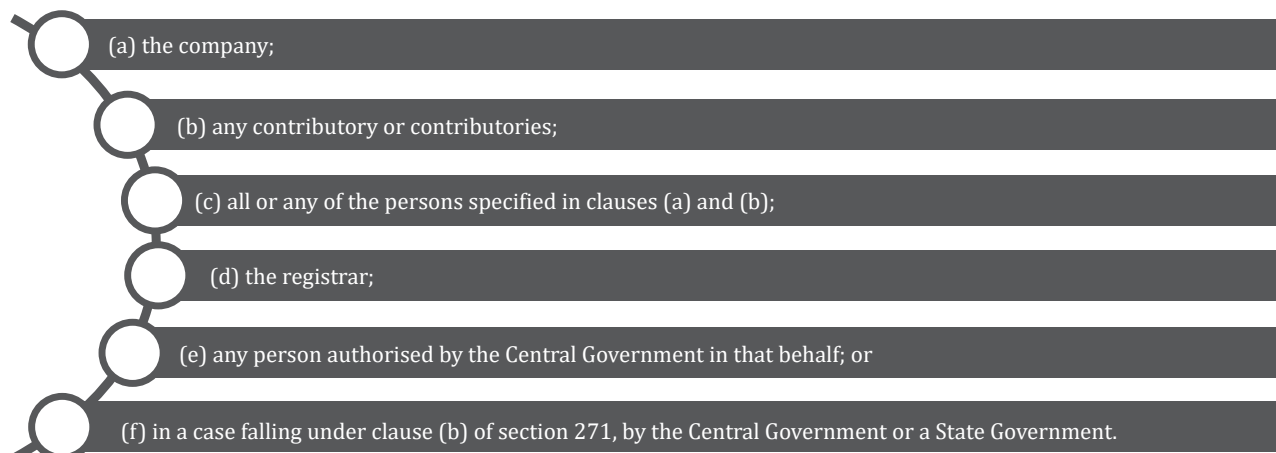

### WINDING UP BY TRIBUNAL UNDER THE COMPANIES ACT, 2013

The Companies Act, 2013 continues to govern winding up of companies on various other grounds excluding inability to pay debts. Sections 270 to 288, Sections 290 to 303, Section 324 and Sections 326 to 365 of Chapter XX of the Companies Act, 2013 contain the provisions relating to winding up of a company.

The Ministry of Corporate Affairs has notified these sections on 7th December, 2016 and these sections have come into force with effect from 15th December 2016.

[Section 273(2)]

## FILING STATEMENT OF AFFAIRS OF THE COMPANY

In case, where the Company fails to file the statement of affairs, the tribunal shall forfeit the right of the company to oppose the petition and right of such directors and officers of the company as found responsible for such non-compliance.

(3) When the court is of the opinion that liquidators cannot proceed with the winding-up for any other reason.

## FRAUDULENT PREFERENCE

Section 328 of the Companies Act, 2013 deals with fraudulent preference. Sub-section (1) of section 328 provides that where a company has given preference to a person who is one of the creditors of the company or a surety or guarantor for any of the debts or other liabilities of the company, and the company does anything or suffers anything done which has the effect of putting that person into a position which, in the event of the company going into liquidation, will be better than the position he would have been in if that thing had not been done prior to six months of making winding up application, the Tribunal, if satisfied that, such transAction is a fraudulent preference may order as it may think fit for restoring the position to what it would have been if the company had not given that preference.

According to sub-section (2), if the Tribunal is satisfied that there is a preference transfer of property, movable or immovable, or any delivery of goods, payment, execution made, taken or done by or against a company within six months before making winding up application, the Tribunal may order as it may think fit and may declare such transAction invalid and restore the position.

## Liabilities and Rights of Certain Persons Fraudulently Preferred

Where a company is being wound up and anything made, taken or done after the commencement of this Act is invalid under section 328 as a fraudulent preference of a person interested in property mortgaged or charged to secure the company's debt, then, without prejudice to any rights or liabilities arising, apart from this provision, the person preferred shall be subject to the same liabilities, and shall have the same rights, as if he had undertaken to be personally liable as a surety for the debt, to the extent of the mortgage or charge on the property or the value of his interest, whichever is less. [Section 331(1)]

The value of the interest of the person preferred under sub-section (1) shall be determined as at the date of the transAction constituting the fraudulent preference, as if the interest were free of all encumbrances other than those to which the mortgage or charge for the debt of the company was then subject. [Section 331(2)]

On an application made to the tribunal with respect to any payment on the ground that the payment was a fraudulent preference of a surety or guarantor, the tribunal shall have jurisdiction to determine any questions with respect to the payment arising between the person to whom the payment was made and the surety or guarantor and to grant relief in respect thereof, notwithstanding that it is not necessary so to do for the purposes of the winding up, and for that purpose, may give leave to bring in the surety or guarantor as a third party as in the case of a suit for the recovery of the sum paid. [Section 331(3)]

The provisions of sub-section (3) shall apply *mutatis mutandis* in relation to transActions other than payment of money. [Section 331(4)]

## COMPANIES (WINDING-UP) RULES, 2020

Ministry of Corporate Affairs notified Companies (Winding-Up) Rules, 2020 through Notification No. G.S.R. 46(e) on 24th January, 2020. These rules shall apply to winding-up under the Companies Act 2013. These rules came into force from 1st April, 2020.

The rules are applicable to companies going into winding-up for the circumstances mentioned under section 271 as well as summary procedure for liquidation under section 361 of the Companies Act, 2013. The summary procedure entails appointment of an official liquidator by the Central Government, followed by the official liquidator immediately thereafter taking into his custody all the assets, effects and Actionable claims to which the company is or appears to be entitled, who will then submit a report to the Central Government within 30 days of his appointment. The rules have been divided into 6 parts comprising of 191 rules and 95 forms.

'Winding-up Rules' among other things provide for summary procedure for winding-up of companies having specified thresholds. The winding-up of companies falling within the specified thresholds will henceforth require the approval of the Central Government instead of the National Company Law Tribunal (NCLT).

An important feature of these Rules is the summary procedure for liquidation introduced through Part V. An important factor for such summary winding-up is that the Central Government will provide required approvals to such companies for the normal winding-up process which is otherwise undertaken through the NCLT, thereby reducing the burden on NCLT and greatly shortening the overall winding-up timelines.

Notification of these rules is expected to reduce the burden at the level of NCLT as summary procedure for liquidation can now be filed with the Central Government.

Currently, the proceedings pertaining to voluntary winding up and winding up on the grounds of inability to pay debts are governed by the insolvency and Bankruptcy Code 2016, which provides for time-bound speedy dissolution of a company.

However, winding-up proceedings on the ground other than inability to pay debts continues to be governed by the Companies (Court) Rules, 1959 which were notified nearly 60 years ago by the Supreme Court and required suitable amendments in view of the notification of the Companies Act, 2013 and the Insolvency and Bankruptcy Code, 2016

### Summary Procedure for liquidation

These rules allow following classes of companies to close their business by making a winding-up application to Central Government without going to NCLT.

Companies accepting deposit and having total outstanding deposits	upto Rs.25 lacs*
Companies having total outstanding loan including secured loan	upto Rs.50 lacs*
Companies having total turnover	upto Rs.50 Crores*
Companies with paid-up capital	upto Rs.1 Crore*

*\*based on latest audited balance sheet.*

- In addition, companies having book value of assets upto Rs.1 Crore (currently specified under section 361(1) (i)) of the Companies Act, 2013, can also approach Central Government for liquidation.
- The provisions of the Rules related to filing and audit of the Company Liquidator's accounts and its procedure (rule 91 to 99 of the rules) and disposing of assets (rule 165 to 167 of the rules) shall be applicable to above class of companies with modification that the word 'Tribunal' shall be considered as 'Central Government'.

Other procedural aspects are as under:

- The rules lay down the process for meeting of creditors and contributories of the company, and specify the scenarios in which creditors can vote.
- The rules make it necessary for all the money lying in the bank account of Company liquidator which is not immediately required for the purposes of winding up, to be invested in government securities or in interest bearing deposits in any scheduled bank.
- The rules lay down the procedure for maintenance of registers and books of accounts by the Company liquidator.
- The rules also outline the procedure for creditors to prove their debts and claims against the company and if the proof of such debt gets rejected by the Company liquidator, there is also a provision and process for creditor to make an appeal to tribunal.

## CASE LAWS

### Case-1

In the matter of '*Indiabulls Housing Finance Ltd. v. Shree Ram Urban Infrastructure Ltd.*', the Indiabulls Housing Finance Ltd. (appellant) had initiated Corporate insolvency resolution Process against Shree Ram Urban Infrastructure Ltd. (Corporate debtor) under Section 7 of the Insolvency and Bankruptcy Code, 2016.

The National Company law tribunal, Mumbai Bench by impugned order dated 18th May, 2018 dismissed the application as not maintainable in view of the fact that the winding-up proceeding against the Corporate Debtor had already been initiated by the High Court of Bombay.

Thus, the issue that fell for consideration before the National Company Law Appellate Tribunal was whether an application under Section 7 of the Code is maintainable when winding-up proceeding against the Corporate debtor has already been initiated?

**Case-2**

In the matter of '*Amar Remedies Limited*', the applicant filed an application before NCLT, Mumbai Bench under section 110 of the Insolvency and Bankruptcy Code, 2016 suppressing the material facts that liquidation order had been passed in a winding-up petition against the corporate debtor.

The NCLAT It Mumbai Bench observed: "...the corporate applicant suppressed this material fact, knowing it to be material, and filed the petition under section 10 and in contravention of Rule 10 of Insolvency and Bankruptcy (Application to Adjudicating Authority) Rules, 2016. The alleged Act of the corporate applicant is punishable under section 77(a) of the Insolvency and Bankruptcy Code 2016.

Accordingly, it directed the Registrar of Companies to lodge prosecution against the applicant under section 77(a) of the Code. It rejected application with costs of Rs.10 lakh, which shall be paid by the applicant in the account of the Prime Minister's National Relief Fund.

**NCLAT decision**

In the said appeal the NCLAT examined judgments governing the issue to hold that the High Court of Bombay has already ordered for winding-up of Corporate debtor, which is the second stage of the proceeding, thus question of initiation of 'Corporate Insolvency Resolution Process' which is the first stage of resolution process against the same Corporate debtor does not arise.

While arriving at its judgment, the NCLAT relied on the case of *Forech India Pvt. Ltd. Vs. Eedelweiss assets reconstruction Company Ltd. & Anr.*, wherein the NCLAT observed that if a Corporate insolvency resolution has started or on failure, if liquidation proceeding has been initiated against the Corporate debtor, the question of entertaining another application under Section 7 or Section 9 against the same very Corporate debtor does not arise, as it is open to the 'Financial Creditor' and the 'Operational Creditor' to make claim before the Insolvency Resolution Professional/Official Liquidator.

The NCLAT further opined that once second stage i.e. liquidation (winding-up) proceedings has already been initiated, the question of reverting back to the first stage of Corporate Insolvency Resolution Process or preparation of Resolution Plan does not arise.

In view of the facts of the present case, the NCLAT concluded that as the High Court of Bombay had already ordered winding-up of Corporate debtor and the same has been initiated, therefore, initiation of Corporate Insolvency Resolution Process against the Corporate debtor did not arise.

## INTRODUCTION

It appears that 'pre-pack' has no statutory definition. It is probably because it has evolved over the time, differently in different jurisdictions and every jurisdiction has a unique variant(s) of pre-pack, which allows the stakeholders to modify it further to an extent to suit their needs. It has different nomenclature such as pre-packaged insolvency resolution, pre-arranged insolvency resolution and pre-plan sale in the USA, pre-pack sale in the UK, scheme of arrangement in Singapore, etc. As nomenclature suggests, pre-pack is a restructuring plan which is agreed to by the debtor and its creditors prior to the insolvency filing, and then sanctioned by the court on an expedited basis. In the UK context, it generally refers to a pre-agreed business sale by an insolvency practitioner which does not require prior court and/or creditor sanction.

With the background of the formal process in India being afflicted with high costs, pre-pack allows for a cost-effective and speedy resolution process. Pre-pack also identifies and alienates the role of the Insolvency/Resolution professional as an expert in the process.

### Benefits of pre-pack insolvency resolution process

- ❖ It consolidates the benefit of both formal and informal proceedings of resolution, thus broadening the options for stakeholders
- ❖ It enables faster resolution as the corporate debtor can prepare a settlement plan or resolution plan with the creditors before going to NCLT
- ❖ Reduced burden on NCLT due to out of court settlements
- ❖ With the suspension of CIRP until March 2021, pre-pack has come as a relief to promoters and corporate debtors
- ❖ It allows the corporate debtor retain control till a settlement is reached with the creditors

## PRE-PACKAGED INSOLVENCY RESOLUTION PROCESS

- (2) Without prejudice to sub-section (1), an application for initiating pre-packaged insolvency resolution process may be made in respect of a corporate debtor, who commits a default referred to in section 4, subject to the following conditions, that--
