### **Companies (Amendment) Ordinance, 2019**

Giving effect to the recommendations placed in the Report of the Committee to review Offences under the Companies Act, 2013, the Companies (Amendment) Ordinance, 2019 provides much needed relief to the corporates and professionals alike by decriminalising a host of offences. Considering re-categorisation of certain 'acts' punishable as compoundable offences to 'acts' carrying civil liabilities, the Ordinance further promotes the Indian Government's intent to promote ease of doing business.

The main reforms undertaken through the Ordinance include the following:

- Re-categorising of offences which are in the category of compoundable offences to an in-house adjudication framework. However, no change has been made in respect of any of the non-compoundable offences.
- Strengthen the in house mechanism for making good the default at the time of levying penalty, to sub-serve the ultimate aim of achieving better compliance.
- De-clogging the NCLT by:
  - enlarging the jurisdiction of Regional Director ("RD") by enhancing the pecuniary limits up to which they can compound offences under section 441 of the Act.
  - vesting in the Central Government the power to approve the alteration in the financial year of a company under section 2(41); and
  - vesting the Central Government the power to approve cases of conversion of public companies into private companies.

**Companies (Amendment) Act, 2017 and the Companies (Amendment) Ordinance, 2019 are applicable for the examination to be held in December, 2019.**

Indian companies are permitted to merge with foreign companies incorporated in certain jurisdictions specified in the Rules. Generally, these include jurisdictions: (i) whose securities regulator is a member of the International Organization of Securities Commission's Multilateral Memorandum of Understanding (or a signatory to bilateral Memorandum of Understanding with Securities Exchange of India); or (ii) whose central bank is a member of the Bank for International Settlements (BIS); and (iii) identified in the public statement of the Financial Action Task Force as regards certain specified matters.

Sections 230 to 232 of the Act sets out the procedural requirements which need to be complied with by the merged entity before a scheme of merger is sanctioned by the National Company Law Tribunal such as the manner of calling a meeting of the creditors, members or debenture holders of the merged entity to obtain their vote to the adoption of the scheme of merger, the details of the information needed to be made available to creditors, members and debenture holders of the merged entity and various governmental authorities such as the RBI, the Securities Exchange Board of India, the Competition Commission of India and such other regulators that may be applicable for making an informed decision in relation to the proposed scheme of merger.

#### 2. CCI (Procedure in regard to the transaction of business relating to combinations) Amendment Regulations, 2018

The Competition Commission of India (CCI) notified the Competition Commission of India (Procedure in regard to the transaction of business relating to combinations) Amendment Regulations, 2018 on 9 October 2018 (Amendment Regulations).

Following are the key highlights from the Amendment Regulations:

##### Mechanism for computation of 210-day period

Under the Competition Act, 2002 (Competition Act), a notified transaction cannot be completed until the CCI gives its approval or until the expiry of 210 calendar days from the date of notification, whichever is earlier. Prior to this amendment, there was ambiguity in the manner of computation of the 210-day period, particularly whether the clock-stops during the review process are required to be excluded while counting the period of 210 days, given that there is no categorical mention of such exclusion in the Competition Act and/or the Combination Regulations. The Amendment Regulations now clarify that the period of 210 days is extendable based on the number of times a request for information is issued by the CCI. This means a longer waiting period for a "deemed approval" and could result in significant uncertainty in approval timelines.

- **Withdrawal and refiling of notice (Regulation 16A)**

Previously, in cases where changes made to a notice (post filing) were likely to substantially affect the factors for determining appreciable adverse effect on competition, the CCI had the liberty to invalidate the notice. Now, in case a proposed transaction undergoes a significant change, the parties can withdraw the previous notice, and refile a fresh notice. The introduction of this provision provides flexibility to the parties to decide whether to "withdraw and refile" or to simply notify the CCI of any change to the notice. However, the final decision on whether to allow the refiling vests with the CCI.

While an invalidation of the notice by the CCI does not carry any penal consequences, it is an outcome most parties wish to avoid. The CCI has been following this practice of allowing the parties to "withdraw and refile" and the Amendment Regulations seek to formalize the same.

- **Introduction of provision for Phase I voluntary modifications [Regulation 19(2)]**

Previously, Regulation 19(2) of the Combination Regulations provided that if the CCI considers it necessary, it may ask for additional information and accept voluntary modifications, if made by the parties. However, after the substitution of Regulation 19(2) by the Amendment Regulations, the CCI may accept voluntary modifications, even when it does not deem such modifications to be necessary. Further, the previous Regulation 19(2) only provided that the CCI may accept modifications if offered by the parties but did not provide for the approval of the combination based on such modifications. However, in practice, the CCI approved the transaction after the parties proposed a modification. The substitution, therefore, is a welcome step as it has embodied the decisional practice of the CCI.

- **Introduction of provision for voluntary modifications before Phase II review [Regulation 25]**

The introduction of the new provision allows the parties to offer modifications (prior to a formal Phase II process) immediately after the CCI has formed its *prima facie* opinion under Section 29(1) of the Competition Act, in response to the show-cause notice issued by the CCI just before initiating a Phase II investigation.

Now, the parties will not have to wait for the CCI to order modification after a long-drawn Phase II review process. As such, this would result in speedier resolution of the CCI's concerns and consequently will also result in quicker approvals. This insertion is a win-win situation for both the parties and the CCI and is consistent with the approach taken by other leading international merger authorities.

### **3. THE COMPETITION COMMISSION OF INDIA (LESSER PENALTY) AMENDMENT REGULATIONS, 2009 dated 08<sup>th</sup> August, 2017.**

Section 46 of the Indian Competition Act, 2002 (**Act**) and the Lesser Penalty Regulations give the Competition Commission of India (**CCI**) power to impose lesser penalties on an entity that:

- (a) makes a '*vital disclosure*' by submitting evidence of a cartel; or,
- (b) in the case of subsequent leniency applicants, provides '*significant added value*' to the evidence already in possession of the CCI.

Further, the leniency regime previously recognised the provision of 'markers' to only three leniency applicants, in order of priority. The first leniency applicant could receive up to 100% immunity from penalty, the second leniency applicant up to 50% reduction in penalty and the third leniency applicant up to 30% reduction in penalty.

The CCI, in *Re: Cartelization in respect of tenders floated by Indian Railways for supply of Brushless DC Fans (Suo Moto Case No. 03 of 2013)*, published its first leniency decision granting a 75% reduction in penalty to a leniency applicant who came forward after the CCI commenced investigation of the anti-competitive conduct.

With the Amended Lesser Penalty Regulation, now the CCI would recognize markers beyond the first three markers, i.e., now more than three applicants can apply for leniency. Such subsequent applicants (after the third applicant), will also be eligible for reduction in penalties of up to 30% now, provided they assist in giving 'significant added value' to the evidence already in the possession of the CCI.

The Amended Lesser Penalty Regulations bring clarity to the existing leniency regime in India and provide incentives for companies and individuals to pro-actively assist in cartel enforcement.

The CCI has also amended provision relating to Access to File, Confidentiality, Definitions of 'Applicant' and 'Party', Role of Individuals, Application for 100% lesser penalty to be considered even if already granted to another applicant, and also for the Timelines for marking of priority status by applicant.

#### **3. Clarification regarding approval of resolution plans under section 30 and 31 of Insolvency and Bankruptcy Code, 2016**

Clarification has been sought by stakeholders as to whether approval of shareholders/members of the corporate debtor/company is required for a resolution plan at any stage during the process for its consideration and approval as laid down under sections 30 and 31 of the Insolvency and Bankruptcy Code, 2016 (the Code) and after approval during its implementation, for any actions contained in the resolution plan which would normally require specific approval of shareholders/members under provisions of Companies Act, 2013 or any other law.

The clarification is sought in view of the requirement under section 30(2)(e) of the Code for the resolution professional to confirm that each resolution plan received by him does not contravene any of the provisions of the law for the time being in force.

The matter has been examined in the Ministry in the light of provisions of sections 30 and 31 of the Code which provide a detailed procedure from the time of receipt of resolution plan by the resolution professional to its approval by the Adjudicating Authority and there is no requirement for obtaining approval of shareholders/members of the corporate debtor during this process.

It is understood that the requirement of section 30(2)(e) of the Code is to ensure that the resolution plan(s) considered and approved by the Committee of Creditors and the Adjudicating Authority is compliant with the provisions of the applicable laws and therefore is legally implementable. For example, a resolution plan must not contemplate 100% foreign investment in a corporate debtor if the FDI policy/relevant foreign exchange laws permit foreign investment only up to 75% in the relevant sector of the industry; it should be compliant with requirements such as restrictions on an Indian entity to issue securities to a person resident outside India under Foreign Exchange Management Act, 1999, etc. The purpose is to prevent approval of resolution plans, which are not legally implementable.

Section 31(1) of the Code further provides that a resolution plan approved by the Adjudicating Authority shall be binding on the corporate debtor and its employees, members, creditors, guarantors and other stakeholders involved in the resolution plan. The notes to clauses appended to the Insolvency and Bankruptcy Code, 2015 (Bill) in respect of such clause explains: "Therefore, if a plan requires stakeholders to do or not do certain actions for the successful implementation of a plan, it shall be binding on all the affected parties who shall be bound to undertake the actions set out in the plan".

In view of above, it is also clarified that the approval of shareholders/members of the corporate debtor/company for a particular action required in the resolution plan for its implementation, which would have been required under the Companies Act, 2013 or any other law if the resolution plan of the company was not being considered under the Code, is deemed to have been given on its approval by the Adjudicating Authority.

## **12. Circular - Insolvency professional not to outsource his responsibilities.**

The Insolvency and Bankruptcy Code, 2016 (Code) read with regulations made thereunder cast specific duties and responsibilities on an insolvency professional. An insolvency professional is required to perform certain tasks under the Code while acting as an Interim Resolution Professional, a Resolution Professional, a Liquidator or a Bankruptcy Trustee for various processes. For example, an insolvency professional is required to manage the operations of the corporate debtor as a going concern. He is also required to invite resolution plans, examine them and present to the committee of creditors for its approval such resolution plans which comply with the provisions of the Code. To assist him in carrying out his responsibilities, the Code read with regulations allow an insolvency professional to appoint accountants, legal or other professionals, as may be necessary.

2. It has been observed that a few insolvency professionals are advising the prospective resolution applicants to submit a certificate from another person to the effect that they are eligible to be resolution applicants. This requirement amounts to outsourcing responsibilities of an insolvency professional to another person. Further, this adds to cost of the resolution applicant and delays submission of resolution plans. The Code read with regulations do not envisage such a certification from a third person.

3. It is hereby directed that an insolvency resolution professional shall not outsource any of his duties and responsibilities under the Code. He shall not require any certificate from another person certifying eligibility of a resolution applicant.
