LESSON 5

FOREIGN DIRECT INVESTMENTS – REGULATIONS & FDI POLICY

CONSOLIDATED FDI POLICY CIRCULAR OF 2020

INTENT AND OBJECTIVE

Foreign Direct Investment (FDI) is considered as a major source of non-debt financial resource for the economic development. FDI flows into India have grown consistently since liberalization and are an important component of foreign capital since FDI infuses long term sustainable capital in the economy and contributes towards technology transfer, development of strategic sectors, greater innovation, and competition and employment creation amongst other benefits. Therefore, it is the intent and objective of the Government of India to attract and promote FDI in order to supplement domestic capital, technology and skills for accelerated economic growth and development. FDI, as distinguished from Foreign Portfolio Investment, has the connotation of establishing a 'lasting interest' in an enterprise that is resident in an economy other than that of the investor.

The Government has put in place a policy framework on FDI, which is transparent, predictable and easily comprehensible. This framework is embodied in the Circular on Consolidated FDI Policy, which may be updated on an annual basis, to capture and keep pace with the regulatory changes, effected in the interregnum. The Department for Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce & Industry, Government of India makes policy pronouncements on FDI through Consolidated FDI Policy Circular/Press Notes/Press Releases which are notified by the Department of Economic Affairs (DEA), Ministry of Finance, Government of India as amendments to the Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 under the Foreign Exchange Management Act, 1999 (42 of 1999) (FEMA). These notifications take effect from the date of issue of Press Notes/ Press Releases, unless specified otherwise therein. In case of any conflict, the relevant Notification under Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 will prevail. The

payment of inward remittance and reporting requirements are stipulated under the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019 issued by the Reserve Bank of India (RBI). The regulatory framework, over a period of time, thus, consists of FEMA and Rules/Regulations thereunder, Consolidated FDI Policy Circular, Press Notes, Press Releases, Clarifications, etc.

The present consolidation subsumes and supersedes all Press Notes/Press Releases/Clarifications/Circulars issued by the DPIIT, which were in force as on October 15, 2020 and reflects the FDI Policy as on October 15, 2020. This Circular accordingly will take effect from October 15, 2020 and will remain in force until superseded in totality or in part thereof. Reference to any statute or legislation made in this Circular shall include modifications, amendments or re-enactments thereof.

Notwithstanding the rescission of earlier Press Notes/Press Releases/Clarifications/Circulars, anything done or any action taken or purported to have been done or taken under the rescinded Press Notes/Press Releases/Clarifications/Circulars prior to October 15, 2020, shall, in so far as it is not inconsistent with those Press Notes/Press Releases/Clarifications/Circulars, and applicable provisions under the FEMA and Rules/Regulations thereunder, be deemed to have been done or taken under the corresponding provisions of this circular and shall be valid and effective.

FOREIGN INVESTMENT INTO/DOWNSTREAM INVESTMENT BY ELIGIBLE INDIAN ENTITIES

The Guidelines for calculation of total foreign investment, both direct and indirect in an Indian company/LLP, at every stage of investment, including downstream investment, are as under:

Total Foreign Investment i.e. Direct and Indirect Foreign Investment in eligible Indian entities

Investment in an eligible Indian entity can be made both by non-resident as well as resident Indian entities. Any non-resident investment in an Indian company is direct foreign investment. Investment by resident Indian entities could again comprise of both resident and non-resident investment. Thus, such an Indian company would have indirect foreign investment if the Indian investing company has foreign investment in it. The indirect investment can also be a cascading investment i.e. through multi-layered structure.

For the purpose of computation of indirect foreign investment in an Indian company, foreign investment in an Indian company shall include all types of foreign investments i.e. FDI; investment by , FPIs (holding as on March 31); NRIs; ADRs; GDRs; Foreign Currency Convertible Debentures (FCCBs); Investment Vehicles fully, compulsorily and mandatorily convertible preference shares and fully, compulsorily and mandatorily convertible Debentures or units of an Investment Vehicle, regardless of whether the said investments have been made under Schedule I, II, , III, VI, IX and X of Foreign Exchange Management (Non-Debt Instruments) Rules, 2019.

Guidelines for calculation of total foreign investment i.e. direct and indirect foreign investment

(i) Counting of direct foreign investment

All investment directly by a non-resident entity into the Indian company/ LLP would be counted towards foreign investment.

(ii) Counting of indirect foreign investment

(a) The foreign investment through the investing Indian company/LLP would not be considered for calculation of the indirect foreign investment in case of Indian companies/LLPs which are 'owned **and** controlled' by resident Indian citizens and/or Indian Companies/LLPs which are owned and controlled by resident Indian citizens.

(aa) Indian 'owned and controlled' as defined in Regulation 14 of the principal Regulations as defined in RBI Notification No.362/2015-RB dated February 15, 2016.

Provided that for sponsors or managers or investment managers organized in a form other than companies or LLPs, SEBI shall determine whether the sponsor or manager or investment manager is foreign owned and controlled.

(b) For cases where condition (a) above is not satisfied or if the investing company is owned **or** controlled by 'non-resident entities', the entire investment by the investing company/LLP into the subject Indian Company would be considered as indirect foreign investment, provided that, as an exception, the indirect foreign investment in only the 100% owned subsidiaries of operating-cum-investing/investing companies, will be limited to the foreign investment in the operating-cum-investing/ investing company. This exception is made since the downstream investment of a 100% owned subsidiary of the holding company is akin to investment made by the holding company and the downstream investment should be a mirror image of the holding company. This exception, however, is strictly for those cases where the entire capital of the downstream subsidiary is owned by the holding company.

Illustration

To illustrate, if the indirect foreign investment is being calculated for Company X which has investment through an investing Company Y having foreign investment, the following would be the method of calculation:

(A) Where Company Y has foreign investment less than 50%- Company X would not be taken as having any indirect foreign investment through Company Y.

(B) Where Company Y has foreign investment of say 75% and:

(i) invests 26% in Company X, the entire 26% investment by Company Y would be treated as indirect foreign investment in Company X;

(ii) invests 80% in Company X, the indirect foreign investment in Company X would be taken as 80%;

(iii) Where Company X is a wholly owned subsidiary of Company Y (i.e. Company Y owns 100% shares of Company X), then only 75% would be treated as indirect foreign equity and the balance 25% would be treated as resident held equity. The indirect foreign equity in Company X would be computed in the ratio of 75:25 in the total investment of Company Y in Company X.

(iv) The total foreign investment would be the sum total of direct and indirect foreign investment.

The above methodology of calculation would apply at every stage of investment in Indian companies and thus to each and every Indian company.

(v) Additional conditions

(a) The full details about the foreign investment including ownership details etc. in Indian company(s) and information about the control of the company(s) would be furnished by the Company(s) to the Government of India at the time of seeking approval.

(b) In any sector/activity, where Government approval is required for foreign investment and in cases where there are any *inter-se* agreements between/amongst shareholders which have an effect on the appointment of the Board of Directors or on the exercise of voting rights or of creating voting rights disproportionate to shareholding or any incidental matter thereof, such agreements will have to be informed to the approving authority. The approving authority will consider such *inter-se* agreements for determining ownership and control when considering the case for approval of foreign investment.

(c) In all sectors attracting sectoral caps, the balance equity i.e. beyond the sectoral foreign investment cap, would specifically be beneficially owned by/held with/in the hands of resident Indian citizens and Indian companies, owned and controlled by resident Indian citizens.

(d) In the I& B sector where the sectoral cap is up to 49%, the company would need to be 'owned **and** controlled' by resident Indian citizens and Indian companies, which are owned and controlled by resident Indian citizens.

(A) For this purpose, the equity held by the largest Indian shareholder would have to be at least 51% of the total equity, excluding the equity held by Public Sector Banks and Public Financial Institutions, as defined in Section 4A of the Companies Act, 1956 or Section 2 (72) of the Companies Act, 2013, as the case may be. The term 'largest Indian shareholder', used in this clause, will include any or a combination of the following:

(I) In the case of an individual shareholder,

(a) The individual shareholder,

(b) A relative of the shareholder within the meaning of Section 2 (77) of Companies Act, 2013.

(c) A company/group of companies in which the individual shareholder/HUF to which he belongs has management and controlling interest.

(II) In the case of an Indian Company,

(aa) The Indian Company

(bb) A group of Indian companies under the same management and ownership control.

(B) For the purpose of this Clause, “Indian company” shall be a company which must have a resident Indian or a relative as defined under Section 2 (77) of Companies Act, 2013/ HUF, either singly or in combination holding at least 51% of the shares.

(C) Provided that, in case of a combination of all or any of the above, each of the parties shall have entered into a legally binding agreement to act as a single unit in managing the matters of the applicant company.

(e) If a declaration is made by persons as per section 187C of the Companies Act, 1956 or section 89 of the Companies Act, 2013, as the case may be about a beneficial interest being held by a non-resident entity, then even though the investment may be made by a resident Indian citizen, the same shall be counted as foreign investment.

The above mentioned policy and methodology would be applicable for determining the total foreign investment in all sectors, except in sectors where it is specified in a statute or rule there under. The above methodology of determining direct and indirect foreign investment therefore does not apply to the Insurance Sector which will continue to be governed by the relevant Regulation. Similarly, above methodology will also not apply to downstream investments by an Investment Vehicle. Relevant conditions of downstream investment by Investment Vehicles are as under:

(i) Downstream investment by an Investment Vehicle shall be regarded as foreign investment if either the Sponsor or the Manager or the Investment Manager is not Indian ‘owned and controlled’ as defined in Regulation 14 of the principal Regulations as defined in RBI Notification No. 362/2015-RB dated February 15, 2016. Provided that for sponsors or managers or investment managers organized in a form other than companies or LLPs, SEBI shall determine whether the sponsor or manager or investment manager is foreign owned and controlled.

Explanation 1: Ownership and control is clearly determined as per the extant FDI policy. AIF is a pooled investment vehicle. ‘Control’ of the AIF should be in the hands of ‘sponsors’ and ‘mangers/investment managers’, with the general exclusion of others. In case the ‘sponsors’ and ‘managers/investment managers’ of the AIF are individuals, for the treatment of downstream investment by such AIF as domestic, ‘sponsors’ and ‘managers/investment managers’ should be resident Indian citizens.

Explanation 2: The extent of foreign investment in the corpus of the Investment Vehicle will not be a factor to determine as to whether downstream investment of the Investment Vehicle concerned is foreign investment or not.

(ii) Downstream investment by an Investment Vehicle that is reckoned as foreign investment shall have to conform to the sectoral caps and conditions / restrictions, if any, as applicable to the company in which the downstream investment is made as per the FDI Policy.

(iii) Downstream investment in an LLP by an Investment Vehicle that is reckoned as foreign investment has to conform to the provisions of Schedule VIII of the Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 as well as the extant FDI policy for foreign investment in LLPs.

(iv) An Alternative Investment Fund Category III with foreign investment shall make portfolio investment in only those securities or instruments in which a Registered Foreign Portfolio Investor is allowed to invest under the principal Regulations.

(v) The Investment Vehicle receiving foreign investment shall be required to make such report and in such format to Reserve Bank of India or to SEBI as may be prescribed by them from time to time.

Any foreign investment already made in accordance with the guidelines in existence prior to February 13, 2009 (date of issue of Press Note 2 of 2009) would not require any modification to conform to these guidelines. All other investments, past and future, would come under the ambit of these new guidelines.

Foreign investment into an Indian company engaged only in the activity of investing in the capital of other Indian company (ies) (regardless of its ownership or control):

1. Foreign Investment in Investing Companies registered as Non-Banking Financial Companies (NBFC) with the RBI, being overall regulated, would be under 100% automatic route.

2. Foreign Investment in Core Investment Companies (CICs) and other investing companies, engaged in the activity of investing in the capital of other Indian company(ies)/LLPs, is permitted under Government approval route. CICs will have to additionally follow RBI's regulatory framework for CICs.

3. For undertaking activities which are under automatic route and without foreign investment linked performance conditions, Indian company which does not have any operations and also does not have any downstream investments, will be permitted to have infusion of foreign investment under automatic route. However, approval of the Government will be required for such companies for infusion of foreign investment for undertaking activities which are under Government route, regardless of the amount or extent of foreign investment. Further, as and when such a company commences business(s) or makes downstream investment, it will have to comply with the relevant sectoral conditions on entry route, conditionalities and caps.

Note: Foreign investment into other Indian companies/LLPs would be in accordance/compliance with the relevant sectoral conditions on entry route, conditionalities and caps.

Downstream investment by an eligible Indian entity which is not owned and/or controlled by resident entity(ies)

1. Downstream investment by an eligible Indian entity, which is not owned and/or controlled by resident entity(ies), into another Indian company, would be in accordance/compliance with the relevant sectoral conditions on entry route, conditionalities and caps, with regard to the sectors in which the latter Indian company is operating.

Note: Downstream investment/s made by a banking company, as defined in clause(c) of Section 5 of the Banking Regulation Act, 1949, incorporated in India, which is owned and/or controlled by non-residents/a non-resident entity/non-resident entities, under Corporate Debt Restructuring (CDR), or other loan restructuring mechanism, or in trading books, or for acquisition of shares due to defaults in loans, shall not count towards indirect foreign investment. However, their 'strategic downstream investment' shall count towards indirect foreign investment. For this purpose, 'strategic downstream investments' would mean investment by these banking companies in their subsidiaries, joint ventures and associates.

2. Downstream investments by eligible Indian entities/LLPs will be subject to the following conditions:

- (i) Such an entity is required to notify its downstream investment to RBI in Form DI as well as on Foreign Investment Facilitation Portal in the form available at www.fifp.gov.in within 30 days of such investment, even if capital instruments have not been allotted along with the modality of investment in new/existing ventures (with/without expansion programme);
- (ii) Downstream investment by way of induction of foreign investment in an existing Indian Company to be duly supported by a resolution of the Board of Directors as also a share-holders agreement, if any;
- (iii) Issue/transfer/pricing/valuation of capital shall be in accordance with applicable FEMA/SEBI guidelines;
- (iv) For the purpose of downstream investment, the eligible Indian entities making the downstream investments would have to bring in requisite funds from abroad and not leverage funds from the domestic market. This would, however, not preclude downstream companies/LLPs, with operations, from raising debt in the domestic market. Downstream investments through internal accruals are permissible, subject to the applicable provisions. For the purposes of foreign investment policy, internal accruals will mean as profits transferred to reserve account after payment of taxes.

TRADING

Sector/Activities	% of Equity/FDI	Entry Route
Cash & Carry Wholesale Trading/Wholesale Trading (including sourcing from MSEs)	100%	Automatic

Cash & Carry Wholesale trading/Wholesale trading, would mean sale of goods/merchandise to retailers, industrial, commercial, institutional or other professional business users or to other wholesalers and related subordinated service providers. Wholesale trading would, accordingly, imply sales for the purpose of trade, business and profession, as opposed to sales for the purpose of personal consumption. The yardstick to determine whether the sale is wholesale or not would be the type of customers to whom the sale is made and not the size and volume of sales. Wholesale trading would include resale, processing and thereafter sale, bulk imports with export/ex-bonded warehouse business sales and B2B e-Commerce.

Guidelines for cash & carry wholesale trading/wholesale trading (wt):

(a) For undertaking WT, requisite licenses/registration/ permits, as specified under the relevant Acts/Regulations/Rules/Orders of the State Government/Government Body/Government Authority/Local Self-Government Body under that State Government should be obtained.

(I) Entities holding applicable tax registration; or

(II) Entities holding trade licenses i.e. a license/registration certificate/membership certificate/registration under Shops and Establishment Act, issued by a Government Authority/Government Body/Local Self-Government Authority, reflecting that the entity/person holding the license/ registration certificate/ membership certificate, as the case may be, is itself/ himself/herself engaged in a business involving commercial activity; or

(III) Entities holding permits/license etc. for undertaking retail trade (like tehbazari and similar license for hawkers) from Government Authorities/Local Self Government Bodies; or

(IV) Institutions having certificate of incorporation or registration as a society or registration as public trust for their self-consumption.

Note: An entity, to whom WT is made, may fulfill any one of the 4 conditions at (I) to (IV) above.

(c) Full records indicating all the details of such sales like name of entity, kind of entity, registration/license/permit etc. number, amount of sale etc. should be maintained on a day to day basis.

(d) WT of goods would be permitted among companies of the same group. However, such WT to group companies taken together should not exceed 25% of the total turnover of the wholesale venture.

(e) WT can be undertaken as per normal business practice, including extending credit facilities subject to applicable regulations.

(f) A wholesale/cash & carry trader can undertake retail trading, subject to the conditions as applicable. An entity undertaking wholesale/cash and carry as well as retail business will be mandated to maintain separate books of accounts for these two arms of the business and duly audited by the statutory auditors. Conditions of the FDI policy for wholesale/cash and carry business and for retail business have to be separately complied with by the respective business arms.
