About the Institute

The Institute of Company Secretaries of India (ICSI) is a statutory Body set up under an Act of Parliament i.e. Company Secretaries Act, 1980. ICSI functions under the jurisdiction of Ministry of Corporate Affairs, Government of India. ICSI has its headquarters at New Delhi, four regional offices at New Delhi, Chennai, Kolkata and Mumbai and chapters across India.

Introduction

Corporate Social Responsibility (CSR) is a concept whereby organizations serve the interests of society by taking responsibility for the impact of their activities on customers, employees, shareholders, communities and the environment in all aspects of their operations. Corporate social responsibility is not about just giving randomly but about bringing benefits to all the stakeholders, including customers, employees and community at large. The theme of corporate social action assumes pivotal significance in the world-wide debate on sustainable development. Modern corporations exert considerable influence on the economy, polity and society of a nation. In the present day scenario, there has been a shift from philanthropy to CSR.

With the introduction of Companies Act, 2013, there is a statutory obligation for the corporates to take initiatives towards Social, Environmental and Economic Responsibilities. The initiatives taken have to be reported to the company and other stakeholders appropriately.
