Dear Friends,

I have pleasure in inviting you to the 'London Global Convention - 2017' on 'Corporate Governance & Sustainability', being organised by the Institute Of Directors, India, at Hotel Millennium, London Mayfair, on 25 to 27 October, 2017 in London. The theme of the Convention is **The Board: Emerging Issues of Corporate Governance and Sustainability Challenges**

The aim of the Convention is to provide a deeper understanding of the individual elements that combine to create an effective corporate governance framework, as well as to provide thought leadership, on a number of topical issues of Governance and Sustainability. It will also be an opportunity to network with global peers and professionals in these fields.

It will be attended by leaders, policy advisors, academicians, jurists, social thinkers, and professionals in business, finance, corporate governance, and sustainability, from across the world.

The famed 'Golden Peacock Awards' for 'Corporate Governance' and 'Sustainability' (both Global & National) will also be presented during the Convention. This year's Convention will conclude with a Global Business Meet, at House of Lords, on 27th October.

In today's non-linear economy, long term success is based more on innovation rather than optimization. The present engagement strategy is for business growth, increasing brand value, and reputation. Reenergized leadership is emerging as the critical determinant for corporate sustainability and the real differentiator for the success of an organization.

Ethical effective boardroom leadership and governance have become vital for sustainability of an organisation. The combination of visionary innovative leadership in an organisation is now the true competitive edge. Stakeholder engagement therefore needs to be an interactive and inclusive process.

I look forward to welcoming you, at the Convention in London.

(The Baroness Sandeep Verma)
