Dear Professional Colleagues

Greetings from ICSI

With the passage of the Constitutional Amendment (122nd) Bill, 2014, the law on ‘Goods and Services Tax’, one of the biggest tax reform initiatives is now on the threshold of reality.

The GST regime will create a harmonized tax structure, re-defining Indian economy on the global front. The present structure of indirect taxes will make way for a broader tax base, eliminate the cascading effect of indirect taxes, improve compliance and ensure uniform prices for goods and services across the country.

It gives me immense pleasure to inform you that the Institute has launched a series of Master Classes on GST through webinars as per the following schedule, with a view to create more awareness about the proposed law on Goods and Services Tax.

**Schedule of Master Classes on Goods and Services Tax**
