Dear Professional Colleagues,

ICSI is delighted to receive the response of the members on the ICSI initiative ‘Quest Assist- ICSI’. ‘Quest Assist- ICSI’ is a platform to address the queries and difficulties of members pertaining to the Companies Act, 2013 and Rules and Notifications thereunder and issues related to E-filing.

The queries are received and addressed over the phone on the issues faced by the members of the Institute in day to day working while implementing the Companies Act, 2013. The queries may vary from difficulties under e-filing of e-forms to the difficulties relating to implementation, interpretation and gaps in the provisions of Companies Act, 2013.

The help line would be open for two hours, twice a week and the queries would be addressed by subject experts.

“Quest Assist- ICSI” would initially focus on the queries relating to the Companies Act, 2013 and rules made thereunder and subsequently it would be extended to other laws like Securities laws, Insolvency and Bankruptcy and GST.

The third such call-in session is scheduled from 3:00 pm to 5:00 pm on Wednesday, 1st March, 2017. For this session, the queries may relate to ‘Issue and Allotment of Share Capital by Private Company and Unlisted Public Company ’.

Members may raise the queries at the following numbers:

For e-forms related queries: 011-45341095
For interpretation and implementation difficulties: 011-45341098

I invite all the members to avail this unique opportunity and give us the feedback on the same.

The views expressed will be academic in nature and the opinion of the expert addressing the queries and would not in any way represent the views of the ICSI.

CS (Dr.) Shyam Agrawal
President
ICSI
