MODERATION POLICY FOR CS EXAMINATION RESULTS

The CS examination results are declared after due deliberations and approval at the meeting of the Examination Committee. While considering the results, the Examination Committee generally reviews and takes into account result details of each subject/module of examination with reference to the following-

1. Current examination's subject-wise marks awarded statistics and pass percentage position vis-à-vis similar statistics of the immediate previous 3-4 sessions of examinations.
2. Difficulties, if any, experienced by candidates in solving any question/s due to seeming ambiguity in language or mis-interpretation of question/s, printing error/s, possibility of alternative answers, or such like matters, which could have caused time constraints to candidates in attempting remaining questions.
3. Comparative disparity in marking standard of any examiner/s vis-à-vis valuation standard of all other examiners in the same subject of examination.
4. To bring about acceptable parity on account of element of subjectivity involved in the evaluation standard, to compensate for the difficulties experienced by candidates, to bring uniformity in the evaluation process and to maintain uniform acceptable standard of parity in marking and pass percentage of the candidates vis-à-vis the immediate preceding examinations, the examination committee fixes suitable mark(s) as general moderation or special moderation, as the case be.
5. The moderation policy and criterion, as decided by the examination committee, is thus applied uniformly across the board in finalization and declaration of examination results.
