#### Step 1: Download

Click to download the Safe Exam browser file (SEBLite.exe) onto your Computer from the above form or from the link provided to you in your email and SMS.

- During download, the anti-virus in your system may prompt you to re-confirm download, as it is an exe file. Do NOT worry, it is very safe to download and the run the exe file.
- This exe file is needed only for the exam and not for anything else.
- On completion of the exam, you may go the Control Panel and uninstall the same.

## **Step 2: Installation**

Double click on "SEBLite" to start the installation.

- You will get the following pop-up window that will say "Windows protected your PC" Click on "**More Info**" to know more about
- Click on "Run Anyway" to initiate the installation process.

## Click on "Next >" to continue

## Click on "Close" to complete the Setup
