Referencer on Board’s Report

INTRODUCTION

The Board of Directors of a company provides leadership, strategic guidance and objective judgment, and is also accountable to the stakeholders of the company and the statutory authorities. The Board must strive to maximize wealth while adhering to good corporate governance principles and practices. The efficacy of the Board of Directors is not determined simply by gauging whether it fulfils its legal requirements but, more importantly, by its philosophy and the manner in which it translates the understanding of its responsibilities for the benefit of the stakeholders of the company.

It is mandatory for the Board of Directors of every company to present financial statement to the shareholders along with its report, known as the “Board’s Report” at every annual general meeting. Apart from giving a complete review of the performance of the company for the year under report, material changes till the date of the report, the report highlights the significance of various national and international developments which can have an impact on the business and indicates the future strategy of the company. The Board’s Report, thus, is a comprehensive document circumscribing both financial and non-financial information, serving to inform the stakeholders about the performance and prospects of the company, relevant changes in management, capital structure, major policies, recommendations as to the distribution of profits, future programmes of expansion, modernization and diversification, capitalization of reserves, further issue of capital, etc.

The Board’s Report enables shareholders, lenders, bankers, government, prospective investors, all the stakeholders and the public to make an appraisal of the company’s performance and reflects the level of corporate governance in the company.
The matters to be included in the Board’s Report have been specified in Section 134 of the Companies Act, 2013 and Rule 8 of the Companies (Accounts) Rules, 2014. Apart from this, under Sections 67, 92, 129, 131, 135, 149, 160, 168, 177, 178, 188, 197, 204 of the Companies Act, 2013, relevant information has to be disclosed in the Board’s Report. The Board’s Report of companies whose shares are listed on a stock exchange must include additional information as specified in the Listing Agreement*. Further, the Reserve Bank of India Act, 1934, the Securities and Exchange Board of India Act, 1992 and the regulations, rules, directions, guidelines, circulars, etc. issued thereunder, Disclosure under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, necessitate certain additional disclosures to be made in the Board’s Report.

**SCOPE**

This Referencer inter alia identifies and annotates the preparation and presentation of the Board’s Report. It also prescribes certain practices which are desirable from the stand point of good corporate governance.

**DETAILED CONTENTS**

(j) the amounts, if any, which it proposes to carry to any reserves;

(k) the amount, if any, which it recommends should be paid by way of dividend;

(l) material changes and commitments, if any, affecting the financial position of the company which have occurred
between the end of the financial year of the company to which the financial statements relate and the date of the report;

Element-wise Detailed Analysis of the requirements under Section 134[3]:

(a) The extract of the annual return as provided under sub-section (3) of section 92;

An extract of the Annual Return for the financial year ended shall form part of Board’s Report, in case of every company

The Extract of such Annual Return shall be in Form MGT-9 (Appendix I).

(b) Number and dates of meetings of the Board and attendance of the directors;

Board Report should contain total number of Board Meeting held in respective financial year.

Para 9 of the Secretarial Standard-1 : Meetings of the Board of
Directors requires the annual report and annual return of a company to disclose the number and dates of meetings of the Board and Committees held during the financial year, indicating the number of meetings attended by each director.

**(c) Directors’ Responsibility Statement;**

Directors’ Responsibility Statement shall set out the following affirmations:

1. in the preparation of the annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures;

2. the directors had selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the company at the end of the financial year and of the profit and loss of the company for that period;

3. the directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;

4. the directors had prepared the annual accounts on a going concern basis; and

5. the directors, in the case of a listed company, had laid down internal financial controls to be followed by the company and that such internal financial controls are adequate and were operating effectively;

**NOTE:** In view of the very wide meaning ascribed to the expression *Internal Financial Controls* in the Explanation to Section 134[e], it would be necessary for a company to lay down policies and procedures for ensuring efficient and effective conduct of business, safeguarding of its assets and prevention & detection of frauds and errors. It would also be necessary to put in place essential and complete Accounting policies and systems for ensuring timely and reliable MIS. Adoption of Accounting Manual, Internal Control Manual focussing on the Finance function, Internal Audit Manual and having a proper Fraud Prevention Policy would go a long way in helping the
Board to make this assertion. It may be noted that Internal Financial Control is one of the elements in the overall Internal Control System and that adequacy of Internal Control System constitutes one of the reporting points of the Auditors under the Companies [Auditor’s Report] Order, 2015.

6. the directors had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

NOTE: In view of the wide coverage intended here, it is recommended that the Board considers Secretarial Audit as a potent mechanism for ensuring legal compliance and draws up the terms of reference of the audit accordingly.

(d) a statement on declaration given by independent directors under sub-section (6) of section 149;

Declaration that the Independent Director meets the criteria of independence laid down in sub-section (6) of section 149, which is to be given by him at the first meeting of the Board in which he participates as a director and thereafter at the first meeting of the Board in every financial year or whenever there is any change in the circumstances which may affect his status as an independent director. The Board’s Report should contain a statement to the effect that the independent directors have given such a declaration.

The Format of the declaration is given at Appendix II.

(e) Company’s policy on directors’ appointment and remuneration including criteria for determining qualifications, positive attributes, independence of a director and other matters provided under sub-section (3) of section 178;

The Board of directors of every listed company and the following classes of companies shall constitute Nomination and Remuneration Committee of the Board-

(i) all public companies with a paid up capital of ten crore rupees or more;

(ii) all public companies having turnover of one hundred crore rupees or more;

(iii) all public companies, having in aggregate, outstanding loans
or borrowings or debentures or deposits exceeding fifty crore rupees or more.

The Nomination and Remuneration Committee should consist of three or more non-executive directors out of which not less than one-half shall be independent directors:

Provided that the chairperson of the company (whether executive or non-executive) may be appointed as a member of the Nomination and Remuneration Committee but shall not chair such Committee.

The Nomination and Remuneration Committee is required to formulate the criteria for determining qualifications, positive attributes and independence of a director and recommendation of directors, Key Managerial Personnel and other employees. The Board’s Report needs to disclose such criteria and also the policy relating to the remuneration.

(f) explanations or comments by the Board on every qualification, reservation or adverse remark or disclaimer made—

1. by the auditor in his report; and
2. by the Secretarial Auditors in his secretarial audit report;

(g) particulars of loans, guarantees security and acquisition under section 186;

The particulars of loans given, guarantees provided, investments in securities and acquisition made during the year under review should be attached to the Board’s Report as per Section 134[3][g] of the Act. Since Section 134 does not lay down any format, it would be open to the company to adopt the form MBP-2 prescribed for recording inter-corporate loans & investments as per Rule 12 of the Companies [Meetings of Board and Its Powers] Rules, 2014 read with Section 186[9] of the Act. The Format is given at Appendix III.

(h) particulars of contracts or arrangements with related parties referred to in sub-section (1) of section 188 in the prescribed form;

The Report of the Board shall contain the particulars of contracts or arrangements with Related Parties referred to in Section 188
The main point here is that every transaction entered into under Section 188 of the Act shall be recorded in the Directors’ Report along with justifications.

(i) **the state of the company’s affairs;**

a. Information and data which are usually considered pertinent and necessary for the purpose of a proper appreciation of the state of affairs of a company include the following:

(i) Consolidated and standalone financial results, including dividend declared;

(ii) further issue of capital or debentures, if any;

(iii) change in status of the company, if any;

(iv) change in accounting year, if any;

(v) production and sales targets and achievement thereof;

(vi) major capital expenditure programmes;

(vii) business prospects including programmes of acquisition, mergers, expansion, modernization and diversification;

(viii) development, acquisition and assignment of Intellectual Property Rights (IPRs);

(ix) marketing policies;

(x) availability of raw materials, water and power supply; and

(xi) manpower training and executive development programmes.

b. The state of affairs of the company should relate to the period for which the financial statements have been prepared.

c. Relevant changes which have occurred, as compared to the position as stated in the previous year’s Board’s Report which have a material bearing on the performance of the company should be indicated in the Board’s Report.

d. The figures of the previous year relating to achievement of targets of production and sales should also be given in the
Board’s Report to facilitate comparison and the reasons for any substantial deviation therefrom should be explained in brief.

(j) the amounts, if any, which it proposes to carry to any reserves;

The term ‘Reserve’ has been defined as under by the Institute of Chartered Accountants of India (ICAI) in the glossary of terms used in financial statements:

“The portion of earnings, receipts or other surplus of an enterprise (whether capital or revenue) appropriated by the management for a general or specific purpose other than a provision for depreciation or diminution in the value of assets or for a known liability. A capital reserve is that reserve which is not available for distribution as dividend.

A revenue reserve is a reserve which is other than a capital reserve.”

A reserve may be a capital reserve or a revenue reserve, but there must be a clear indication to show whether it is of the one or the other kind. The fact that it constituted a mass of undistributed profits cannot automatically make it a reserve. [CIT v. Century Spinning and Manufacturing Company Ltd., (1953) 23 Com Cases 462: AIR 1953 SC 501]. Terminology or descriptions used by the Board in its report or in reference to entries are not conclusive of the matter. A provision for dividend does not amount to reserve even if so described. [Indian Tube Co. P. Ltd. v. IT (1992) Comp LJ 317 (SC)].

The Board’s Report should disclose the amount which has been transferred to reserves in the financial statements, for instance, general reserve, debenture redemption reserve, capital redemption reserve, etc.

If no amount is proposed to be transferred to reserves, a statement to that effect should be incorporated in the Board’s Report. It is pertinent to note that in terms of Companies Act, 2013, there is no requirement for mandatory transfer to general reserve.

If no amount is proposed to be transferred to reserves, a statement to that effect should be incorporated in the Board’s Report as a good practice.
(k) the amount, if any, which it recommends should be paid by way of dividend;

It is worth noting that Section 123 of the Act stipulates that a dividend can be declared only out of

— Profits of the company for the year; or

— Accumulated Profits for any previous financial year[s] after providing for Depreciation

3rd Proviso to Section 123(1): enjoins that no dividend shall be declared / paid by a company from its Reserves other than Free Reserves.

A company cannot declare any dividend if it has defaulted in compliance with the provisions relating to acceptance / repayment of deposits.

The Board’s Report shall disclose the amount per share and the percentage which the Board recommends to be paid as dividend. Articles of Association of companies — in line with Article 80 of Table F of Schedule I to the Act — typically stipulate that the company in general meeting may declare dividend, but no dividend shall exceed the amount recommended by the Board. In effect, the Shareholders can reduce the dividend recommended but cannot increase the same or declare any dividend if not recommended by the Board. Further, till the company in its general meeting accepts the recommendation and declares the dividend, it only remains a recommendation which may be withdrawn or modified by the Members. Clause 36[8] (g) of the Listing Agreement stipulates that any cancellation of a dividend, bonus or rights shall be notified forthwith to the stock exchange by a listed company.

However, no dividend should be recommended or declared subject to any condition such as the approval of financial institutions or banks or foreign collaborators or compliance with any contractual obligations. [Ministry of Company Affairs (then Department of Company Affairs) Circular No.2/98 dated 13.4.1998].

Apart from the information relating to recommendation of dividend, if any interim dividend has been paid during the year,
Referencer on Board’s Report

details of the amount per share and percentage of such interim dividend should also be disclosed in the Board’s Report.

The total amount to be utilized for payment of dividend should be disclosed, stating separately the total outgo on account of dividend and on account of dividend distribution tax thereon for the year under report, along with the corresponding figures of the previous year.

If no dividend has been recommended or declared during the year, a statement to that effect along with the reasons therefor should be incorporated in the Board’s Report as a good corporate practice.

(I) material changes and commitments, if any, affecting the financial position of the company which have occurred between the end of the financial year of the company to which the financial statements relate and the date of the report;

In terms of clause (I) of sub-section (3) of Section 134, material changes and commitments, if any, affecting the financial position of the company and occurring between the balance sheet date and the date of the report should be disclosed in the Board’s Report. The Directors’ Report should, therefore, contain material changes pertaining to post-financial statement events. In this context, materiality has to be carefully weighed.

The term ‘material’ includes items, the knowledge of which might influence the decisions of the users of the financial statements. [Accounting Standard-I (AS-1) “Disclosure of Accounting Policies” — issued by Accounting Standards Board, ICAI]. ICAI has not set any quantitative limit for judging materiality. However, Statement of Standard Auditing Practices-13 (SAP-13) ‘Audit Materiality’ explains the following broad principles:

— materiality should be considered at both the overall financial information level and in relation to individual account, balances and classes of transactions;

— materiality is also influenced by other considerations such as the legal and regulatory requirements, noncompliance with which may have significant bearing on the financial information; and

— materiality level may be different for different matters.
Events occurring after the financial statements date which do not affect the figures stated in the financial statements would not normally require disclosure in the financial statements but they may be of such significance that they may require a disclosure in the report of the approving authority to enable users of financial statements to make proper evaluations and decisions. [AS-4, Para 8.4]

In this connection, the Department of Company Affairs has issued the following clarification: Usually, an event occurring after the balance sheet date which affects materially the solvency of the undertaking of the company or is otherwise of great importance to the shareholders cannot be taken into account in drawing up the balance sheet or the profit and loss account. Professional bodies in some countries have recommended that such an event should be brought to the notice of the shareholders either in the Board’s Report or in the chairman’s statement accompanying the accounts.

Although the expression “material changes and commitments, if any, affecting the financial position of the company.............” occurring in clause (d) of Section 217(1) of Companies Act, 1956 (now clause (l) of Sub-section (3) of Section 134 of the Act) seems to be clear enough in itself, it may be stated, purely by way of illustration, that the expression would include events such as the following namely, the disposal of a substantial part of the undertaking, the profit or loss incurred whether of a capital or revenue nature, changes in the capital structure, alteration in the wage structure arising out of trade union negotiations, purchases, construction, sale or any catastrophe befalling the fixed assets, incurring or a reduction of long-term indebtedness, awards in litigation, entering into or cancellation of contracts and refunds of taxes or completion of assessments. [Ministry of Corporate Affairs (then Department of Company Affairs) Letter No.8/16(1)/61-PR dated 9.5.1961].

Accounting Standard-4 (AS-4)(Revised) dealing with contingencies and events occurring after the balance sheet date provides that events which occur between the balance sheet date and the date on which the financial statements are approved may indicate the need for adjustments to assets and liabilities as at the balance sheet date or may require disclosures. AS-4
further provides that adjustment to assets and liabilities are not appropriate for events which do not relate to conditions existing as at the balance sheet date. As has been mentioned earlier, such events would not normally require disclosure in the financial statements although they may be of such significance that they may require a disclosure in the report of the approving authority to enable users of financial statements to make proper evaluations and decisions.

Some examples of such post Balance Sheet events are:

(i) a substantial decline in the market value of investments between the balance sheet date and the date on which financial statements are approved;

(ii) a major fire in the factory after the close of the financial year but before the approval of financial statements by the Board of Directors;

(iii) a major business combination or disposal of a subsidiary after the close of the financial year;

(iv) compulsory acquisition of major assets by the Government after the close of the financial year but before the approval of the financial statements;

(v) approval of major restructuring after the close of the financial year but before the approval of the financial statements.

Events occurring after the balance sheet date may also indicate that the enterprise ceases to be a going concern. However, this needs to be covered in the Director’s Responsibility Statement as well.

In such a case it may be necessary to indicate in the Board’s Report whether it is appropriate to use the fundamental accounting assumption of going concern in the preparation of the financial statements.

When the effects of events occurring after the balance sheet date are disclosed in the Board’s Report to enable users of financial statements to make proper evaluations and decisions, an estimate of their financial impact should also be made in the Board’s Report. In other circumstances, a statement may be incorporated in the Board’s Report to the effect that evaluation
of such an estimate cannot be explicitly made. It is also desirable to mention the causes for such material changes and events in the report.

The Board’s Report should also include any material event or material change occurring during the period till Board’s approval of the Report in respect of any of the following:

(i) capital structure;
(ii) management control;
(iii) office of Key Managerial Personnels;
(iv) terms and conditions of loans;
(v) statement of fixed assets revalued during the year;
(vi) change in method of depreciation;
(vii) change in method of accounting;
(viii) method of valuation of stock-in-trade;
(ix) expiry of patents or licences held by the company;
(x) joint ventures and foreign collaborations;
(xi) principal business activities;
(xii) unusual income or loss;
(xiii) recovery of a book debt which was considered doubtful on the date of the balance sheet and a provision on that account was made or, conversely, the insolvency of a debtor considered good;
(xiv) execution or suspension or termination of major contracts before or after the date of the balance sheet and the interests, if any, of directors therein;
(xv) adjustment of share premium account;
(xvi) institution or settlement of important legal proceedings by or against the company; and
(xvii) Disclosure norms for Material Price-Sensitive Information under Listing norms:
According to Clause 36 of the Listing Agreement*, certain events which have a bearing on the performance/operations of the company as well as price sensitive, both at the time of occurrence of the event and even after cessation of the event, should be immediately intimated to the stock exchange where the shares of the company are listed in order to enable the shareholders and the public to appraise the position of the company. It is desirable that such events are also referred to in the Board’s Report. These material events include:

(i) Strikes, lockouts, closure of units/factory on account of power cuts, etc.;
(ii) Change in the general character or nature of business like selling or disposing of any unit or division of the company etc;
(iii) Disruption of operations due to natural calamity or act of God;
(iv) Commencement of commercial production/ Commercial operations;
(v) Developments with respect to pricing / realization arising out of change in the regulatory framework;
(vi) Litigation / dispute with a material impact;
(vii) Revision in ratings assigned by credit rating agencies;
(viii) Issue of any class of security;
(ix) Acquisition, merger, demerger, amalgamation, restructuring, scheme of arrangement, spin off or selling divisions of the company;
(x) Change in market lot of the company’s shares and sub-division of equity shares of the company;
(xi) Voluntary delisting of securities by the company from the stock exchange;
(xii) Any action which results in alteration in the terms regarding redemption/ cancellation/ retirement in whole or in part of any securities issued by the company;

* SEBI Board is now reported to have approved the new SEBI (Listing Obligations and Disclosure Requirements) Regulations which would replace the Listing Agreement soon. This Referencer would be updated as and when it is notified.
(xiii) Information regarding opening and closing status of ADR, GDR or any other class of securities issued abroad;

(xiv) Cancellation of dividend / rights / bonus, etc.;

(xv) Forfeiture of shares.

It is relevant to mention here that the Board of Directors will be able to exercise the best judgment to determine whether an event is material.

(m) the conservation of energy, technology absorption, foreign exchange earnings and outgo, in such manner as may be prescribed;

The Board’s Report should include a statement as per rule 8 of the Companies (Accounts) Rules, 2014 with respect to the following matters:

A. Conservation of energy

(i) the steps taken or impact on conservation of energy;

(ii) the steps taken by the company for utilising alternate sources of energy;

(3) A group directors’ report may, where appropriate, give greater emphasis to the matters that are significant to the undertakings included in the consolidation, taken as a whole.

(4) In the case of failure to comply with the requirement to prepare a directors’ report, an offence is committed by every person who—

(a) was a director of the company immediately before the end of the period for filing accounts and reports for the financial year in question, and

(3) “Relevant audit information” means information needed by the company’s auditor in connection with preparing his report.

(4) A director is regarded as having taken all the steps that he ought to have taken as a director in order to do the things mentioned in subsection (2)(b) if he has—

(b) taken such other steps (if any) for that purpose, as are required by his duty as a director of the company to exercise reasonable care, skill and diligence.

(5) Where a directors’ report containing the statement required by this section is approved but the statement is false, every director of the company who—

(a) knew that the statement was false, or was reckless as to whether it was false, and (b) failed to take reasonable steps to prevent the report from being approved, commits an offence.
