India has an EV super app coming: Govt working on one-stop shop for all key info (August 02, 2022)

To accelerate adoption of electric vehicles and ease range anxiety of end users, the government is working on launching a master app to act as a one-stop shop that will provide information on location and availability of vehicle charging stations. State-run Convergence Energy Services Limited (CESL) is in the process of collating information from the private sector for the super app, which is scheduled to go live in the next 4-6 weeks. The app will detail availability, charger types and charging tariffs, allowing users to make and change reservations at nearby stations.
