Global Telecom Managed Services Market 2020-2025: Current and Projected Impact of COVID-19 on the Industry - Research and Markets.com

The Global Telecom Managed Services Market is expected to register a CAGR of 14.7% over the forecast period 2020 to 2025.

The Telecom sector is a significant market for the managed services, due to the high rate of various technological adoptions, increased frequency of confirmation of the BYOD policy (to make business operations much more comfortable and controllable), and increased need for high-end security due to the rapidly increasing data among the organizations. The telecom industry has observed extensive growth during the past few years.

❖ Securities Laws & Capital Market

• **Investor Grievances Redressal Mechanism – Handling of SCORES complaints by Stock Exchanges and Standard Operating Procedure for Non-Redressal of Grievances by Listed companies.**

(August 13, 2020) The procedure, *inter alia*, provides that the stock exchanges shall levy fines on listed companies in case of non-redressal of investor complaints. In case the listed entity fails to pay fine levied within the stipulated period, the stock exchanges shall intimate the depositories to freeze the entire shareholding of the promoters and promoter group. Lastly, Stock exchanges shall intimate SEBI through SCORES about all actions taken against the listed company for non-resolution of the complaints and non-payment of fines. This will come into force from September 1, 2020.

• The Securities and Exchange Board of India (SEBI) has rejected Multi Commodity Exchange (MCX) and National Commodity Derivative Exchange (NCDEX) demand for a cross margin facility on commodity indices. This facility allows traders to hedge their positions at the same margin while taking opposite positions on indices.

❖ Direct Tax

Faceless Assessment Scheme [Notification No. 60, 61 Dated August 13, 2020]

With an aim to eliminate the interface between the taxpayer and the income tax department, the Central Board of Direct Taxes vide notification no. 60/61 has notified the Faceless Assessment Scheme.. Under the system, the selection of a taxpayer is possible only through systems using analytics and AI. The system abolishes territorial jurisdiction. The detailed scheme and procedure are available at weblink:

❖ **Banking and Insurance**• **RBI revises norms for Core Investment Companies**

The Reserve Bank of India (RBI) announced stricter guidelines for core investment companies (CICs), mandating more disclosures, better risk management and a simpler group structure. These guidelines are based on recommendations of the Working Group to Review Regulatory and Supervisory Framework for Core Investment Companies. The group's report was released by RBI on November 6, 2019.

• **RBI payout no succour for Government Finances**

Finance Minister Nirmala Sitharaman can expect another payout from the Central Bank in coming weeks, but it's unlikely to plug a huge government revenue hole created by the pandemic. The Reserve Bank of India's board, led by Governor Shaktikanta Das, is meeting today,, since August typically is the month the central bank makes its annual transfer to the government. Therefore, expectations are running high that the RBI will disclose its dividend payout.

• **Credit cost to more than double for NBFCs, says Acuite Ratings**

Acuite Ratings and Research said that despite restructuring relief from Reserve Bank of India (RBI), credit costs are likely to more than double for most of non-banking players. In a discussion on non-banking financial companies (NBFCs) amid COVID-19, the rating firm said that profitability headwinds for shadow banks would remain high due to sharp decline in disbursements. RBI had earlier allowed lenders to restructure personal as well as corporate loans with strict barriers.

• **Usage of Debit, Credit Cards Surges: Transactions up 111% from April low**

After the crash in April due to the COVID-19 induced lockdown, value of transactions through credit and debit cards jumped 111 per cent in June to come closer to the pre-COVID levels in the month March, and cash withdrawals through ATMs rose by Rs. 1 lakh crore in two months. Indicating that consumer spending has picked up, transactions using debt and credit cards jumped to Rs. 1,05,266 crore in June as against Rs. 49,807 crore in April, latest data available with the RBI said. Card use fell from Rs. 1,15,877 crore in March as trade and business were hit in the wake of the lockdown across the country.

❖ **Valuations****Bankrupt Energy Companies' Valuations and Unsecured Recoveries Pressured**

According to a new Fitch Ratings report, the bondholders of defaulted energy company have suffered from pressured enterprise valuations and poor unsecured recoveries in a number of recent reorganizations. A senior director at Fitch said that "Many of these energy companies have been struggling since the prior oil market price trough. Distress stemming from persistent cash shortfalls and lack of market access was magnified by the historic coronavirus pandemic-related demand cuts for gasoline and aircraft fuel, and plummeting market prices. Others in the energy, power and coal sectors were unable to refinance or repay looming maturities or filed due to an event."
