CERTIFIED BANKING COMPLIANCE PROFESSIONAL

Mastering Compliance Skills
Background:

The course on compliance in banks has been planned based on the suggestions made by the Governing Council members of IIBF. The Institute had pursued the suggestion by organizing workshops in collaboration with International Compliance Association (ICA), London. As compliance function primarily deals with local laws and regulations, the Institute decided to develop the course internally and seek collaboration for offering a certification course.

The Institute of Company Secretaries of India (ICSI), New Delhi has come forward recently for offering a joint certification with IIBF to their members as also the CAIIB holders to make available well qualified candidates to work in the compliance department in banks.

Objectives:

The course primarily seeks to cover the following viz. importance of compliance function in banks, compliance and organizational benefit, structure and issues in compliance function, various aspects/coverage of compliance in banks, role and functions of compliance.

Scope:

The certificate course seeks to enable the company secretaries:

- To perform the dual role of Company Secretary (Risk Manager) as well as that of the Compliance officer/Chief Compliance officer
- To ensure observance of applicable statutory provisions contained in various legislations such as Banking Regulation Act, Reserve Bank of India Act, Foreign Exchange Management Act, Prevention of Money Laundering Act etc. and also other
regulatory guidelines issued from time to time; standards and codes prescribed by BCSBI, IBA, FEDAI, FIMMDA etc. and bank's internal policies and fair practices code

- To acquaint them with the tools of managing risks
- To understand compliance function with special reference to areas of risks
- To be conversant about the procedures of compliance functions in a bank so that they are able to set priorities for the management of the compliance risks in the bank to suit its requirements
- To identify the level of compliance risk in each business line, products and processes and formulate proposals for managing such risks

Coverage:
The course broadly covers:

- Risk Management in banking and financial institutions covering inter-alia Credit Risk Management, Operations Risk Management, Market Risk and organization of risk functions in Banks
- Legal and Regulatory aspects of Risk, Governance and Compliance
- Compliance function - Roles and Responsibilities

Target group:
