ICS Celebrates Corporate Governance Week
August 8-12, 2011

The Institute of Company Secretaries of India (ICSI) is one of the first professional bodies in India to initiate discussion on “Corporate Governance” in the light of Cadbury Committee Report in the year 1997. The Institute has taken several initiatives on corporate governance including ICSI National Award for Excellence in Corporate Governance, ICSI Life Time Achievement Award for Translating Excellence in Corporate Governance into Reality; Issuance of Secretarial Standards to harmonise diverse Corporate Secretarial Practices; Post Membership Qualification (PMQ) Course in Corporate Governance; Directors Development Programmes; International Conferences on Corporate Governance; Investor Education and Awareness Programmes; as well as Joint Programmes with OECD, GCGF (IFC – Washington), INSOL International, Cass Business School (London), ICSA Singapore, ICMA Malaysia, CISL CMDA (Maldives), etc. for furthering the cause of corporate governance.

CORPORATE GOVERNANCE WEEK

Furthering the cause of good governance amongst corporate India, the Institute has decided to observe “ICSI Corporate Governance Week”, as an Annual Event.

This year the week will be celebrated from August 8-12, 2011. It is proposed to organise programmes corporate governance, sustainability, ethics and integrity, risk management, Non-Financial Disclosures, Carbon Foot Prints, and Good Corporate Citizenship as well as furthering “Go Green” initiatives throughout the length and breadth of the country.

CORPORATE GOVERNANCE CONCLAVE

The celebrations of the Corporate Governance Week shall culminate into Corporate Governance Conclave. Besides building awareness, the Conclave would provide insights into the various facets of the corporate governance which have assumed significance in the changing business landscape and need the attention from governance professionals, industry leaders, academia, students and others.

FREQUENTLY ASKED QUESTIONS ON ICSI-USE MOU

1. **What is United Stock Exchange of India?**

United Stock Exchange of India Limited (USE) is India’s newest stock exchange and has been promoted by 21 Indian public sector banks, private banks and corporate houses. USE is the trading platform for Currency Futures now.

2. **Who can trade on currency futures?**

Any Resident Indian or Company can become a member of USE and trade in the currency futures market. At present, Non Resident Indians (NRIs) and Foreign Institutional Investors (FIIs) are not permitted to trade in the futures market in India.

3. **Why has ICSI partnered with USE?**

ICSI-USE understand and realize the high growth potential of the Indian financial markets and has agreed to collaborate in variety of educative initiatives such as:

1. Holding and organizing seminars on financial markets and corporate governance to empower the users.
2. Creating infrastructure of knowledge based technical studies on financial markets.
3. Creating awareness about the complex financial instruments and using derivatives for effective hedging keeping accounting standards in perspective.
4. Conduct various kinds of certification programmes and literature on financial markets and corporate governance.
5. Hosting events such as simulation exercises (mock trading on exchanges), seminars, and training in financial markets to empower ICSI members and general investing public in rightfully analyzing the financial markets.
6. Conducting research and other related activities in financial markets and impact of corporate laws and Secretarial standards on financial markets.
7. Imparting and conducting special training and education programmes in financial markets.
8. Organizing short term courses on various asset classes, currency, interest rates, commodity, debt, mutual funds, and derivatives.
9. Organizing panel discussions, webcasting and presentation of experts on various aspects of financial markets and using electronic media for imparting knowledge.
10. Collaborating for joint certification of ICSI professionals on topics of professional interest.

4. **What is the distinctive benefit offered by USE to ICSI Members?**
Membership of United Stock Exchange of India is available free of cost to all ICSI Members for the first three months from the signing of this MOU. The MOU was signed on March 07, 2011 at New Delhi.

5. What are the different types of membership available?

There are 2 types of memberships available with USE:

TRADING MEMBERSHIP: Trading Members have the privilege of trading on one’s own account as well as on the accounts of their clients but do not have the facility to clear and settle debts.

CLEARING MEMBERSHIP: Clearing Members are entitled to clear and settle trades for all trading members through the clearing corporation of USE – ICCL (a wholly owned subsidiary of Bombay Stock exchange with fully automated post trade services).

6. Who can take membership of the exchange?

Any Proprietor, Partnership or Corporate Firm fulfilling the eligibility requirements laid down by SEBI can take membership of the exchange. Following are the requirements as per SEBI guidelines.

- For Trading Membership, the member should possess a liquid net worth of 1 Crore Rupees, while for a Clearing Membership the member requires liquid net worth of 5 Crore Rupees.
- The Designated Directors should have an experience of minimum 2 years in the capital market.
- Minimum 2 NISM (series – 1) certificates

7. How can I attain NISM Certification?

There is NISM online exam for the currency segment. The member can login and register online on the website of Bombay Stock Exchange and take a slot as per his/her convenience. The link for the same is http://www.bseindia.com/training/nismregistration.asp

8. How do ICSI members register themselves as trading members of USE? (Procedural Requirements)

The procedure for becoming a Trading Member with the exchange basically involves 2 steps i.e. filling the Application form and the Commencement of Business (COB) Form.

As a first step the applicant would be required to fill in and submit the Application Forms to the Exchange. These forms can be downloaded from USE website, the link for which is http://www.useindia.com/downloads.php.

These forms would be submitted to SEBI, who would scrutinise the forms and then issue its SEBI Certificate. After this the applicant would be required to submit the Commencement of Business Forms (COB) available on USE website.

Upon Completion of this formality the applicant becomes a full fledged member.
9. **What activities can I undertake on the platform?**
The member can use this platform for meeting his need for all three functions i.e. for hedging, speculating and arbitraging. Spread contracts are also available on the USE platform.

10. **Would I have to undertake any hidden costs?**
At the time of inception to trade, Trading member is required to pay a security deposit of 1 Lakh Rupees to the exchange which is fully refundable upon surrender of the membership.

Similarly a Clearing member would have to pay security deposit of 50 Lakh Rupees which constitutes of 25 Lakhs as cash and other 25 Lakhs as non cash component. This is a non interest bearing deposit. The software and connectivity would be provided by the exchange free of cost. Members having BSE connectivity would also be able to use it for USE software for free. As of now, there are no transaction charges on the exchange.

NAME AVAILABILITY GUIDELINES, 2011

General Circular No. 45/2011

No 17/90/2011- CL V
Government of India
Ministry of Corporate Affairs

5th floor, ‘A’ Wing, Shastri Bhawan,
Dr. Rajendra Prasad Road, New Delhi
Dated the 8th July, 2011

All the Regional Directors,
All the Registrar of Companies

Subject: NAME AVAILABILITY GUIDELINES, 2011

Sir,

In supercession of all the previous circulars and instructions issued by Ministry of Corporate Affairs from time to time regarding name availability, the applicants and Registrar of Companies are advised to adhere following guidelines while applying or approving a name:

1. As per provisions contained in Section 20 of the Companies Act, 1956, no company is to be registered with undesirable name. A proposed name is considered to be undesirable if it is identical with or too nearly resembling with:

   (i) Name of a company in existence and names already approved by the Registrar of Companies;

   (ii) Name of a LLP in existence or names already approved by Registrar of LLP;

   (iii) A registered trade-mark or a trade mark which is subject of an application for registration, of any other person under the Trade Marks Act, 1999.

2. While applying for a name in the prescribed e-form-1A, using Digital Signature Certificate (DSC), the applicant shall be required to furnish a declaration to the effect that:

   (i) he has used the search facilities available on the portal of the Ministry of Corporate Affairs (MCA) i.e., www.mca.gov.in/MCA21 for checking the resemblance of the proposed name(s) with the companies and Limited Liability Partnerships (LLPs) respectively already registered or the names already approved.

   (ii) the proposed name(s) is/are not infringing the registered trademarks or a trademark which is subject of an application for registration, of any other person under the Trade Marks Act, 1999;
(iii) the proposed name(s) is/are not in violation of the provisions of Emblems and Names (Prevention of Improper Use) Act, 1950 as amended from time to time;

(iv) the proposed name(s) is not such that its use by the company will constitute an offence under any law for the time being in force.

(v) the proposed name is not offensive to any section of people, e.g., proposed name does not contain profanity or words or phrases that are generally considered a slur against an ethnic group, religion, gender or heredity;

(vi) he has gone through all the prescribed guidelines, understood the meaning thereof and the proposed name(s) is/are in conformity thereof;

(vii) he undertakes to be fully responsible for the consequences, in case the name is subsequently found to be in contravention of the prescribed guidelines.

3. There is an option in the e-form 1A for certification by the practicing Chartered Accountants, Company Secretaries and Cost Accountants, who will certify that he has used the search facilities available on the portal of the Ministry of Corporate Affairs (MCA) i.e., www.mca.gov.in/MCA21 for checking the resemblance of the proposed name(s) with the companies and Limited Liability Partnerships (LLPs) respectively already registered or the names already approved and the search report is attached with the application form. The professional will also certify that the proposed name is not an undesirable name under the provisions of section 20 of the Companies Act, 1956 and also is in conformity with Name Availability Guidelines, 2011.

4(i) Where e-form 1A has been certified by the professional in the manner stated at ‘3’ above, the name will be made available by the system online to the applicant without backend processing by the Registrar of Companies (ROC). This facility is not available for applications for change of name of existing companies.

(ii) Where a name has been made available online on the basis of certification of practicing professional in the manner stated above, if it is found later on that the name ought not to have been allowed under provisions of section 20 of the Companies Act read with these Guidelines, the professional shall also be liable for penal action under provisions of the Companies Act, 1956 in addition to the penal action under Regulations of respective professional Institutes.

(iii) Where e-form 1A has not been certified by the professional, the proposed name will be processed at the back end office of ROC and availability or non-availability of name will be communicated to the applicant.

5. The name, if made available, is liable to be withdrawn anytime before registration of the company, if it is found later on that the name ought not to have been allowed. However, ROC will pass a specific order giving reasons for withdrawal of name, with an opportunity to the applicant of being heard, before withdrawal of such name.

6. The name, if made available to the applicant, shall be reserved for sixty days from the date of approval. If, the proposed company has not been incorporated within such period, the name shall be lapsed and will be available for other applicants.

7. Even after incorporation of the company, the Central Government has the power to direct the company to change the name under section 22 of the
Walk, ride a bike, or use public transportation whenever possible.

Keep vehicles well maintained. Under-inflated tires and dirty air-intake filters can significantly reduce gas mileage.

Companies Act, 1956, if it comes to his notice or is brought to his notice through an application that the name too nearly resembles that of another existing company or a registered trademark.

8. In determining whether a proposed name is identical with another, the following shall be disregarded:

(i) The words Private, Pvt, Pvt., (P), Limited, Ltd., LLP, Limited Liability Partnership;

(ii) The words appearing at the end of the names – company, and company, co., co, corporation, corp, corpn, corp.;

(iii) The plural version of any of the words appearing in the name;

(iv) The type and case of letters, spacing between letters and punctuation marks;

(v) Joining words together or separating the words, as this does not make a name distinguishable from a name that uses the similar, separated or joined words. Such as Ram Nath Enterprises Pvt. Ltd. will be considered as similar to Ramnath Enterprises Pvt. Ltd.;

(vi) The use of a different tense or number of the same word, as this does not distinguish one name from another. Such as, Excellent Industries will be similar to Excellence Industries and similarly Teen Murti Exports Pvt. Ltd. will be to Three Murti Exports Pvt. Ltd.;

(vii) Using different phonetic spellings or spelling variations, as this does not distinguish one name from another. For example, J.K. Industries limited is existing then J and K Industries or Jay Kay Industries or J n K Industries or J & K Industries will not be allowed. Similarly if a name contains numeric character like 3, resemblance shall be checked with 'Three' also;

(viii) The addition of an internet related designation, such as .COM, .NET, .EDU, .GOV, .ORG, .IN, as this does not make a name distinguishable from another, even where (.) is written as 'dot';

(ix) The addition of words like New, Modern, Nav, Shri, Sri, Shree, Sree, Om, Jai, Sai, The, etc., as this does not make a name distinguishable from an existing name such as New Bata Shoe Company, Nav Bharat Electronic etc. Similarly, if it is different from the name of the existing company only to the extent of adding the name of the place, the same shall not be allowed. For example, ‘Unique Marbles Delhi Limited’ can not be allowed if ‘Unique Marbles Limited’ is already existing; Such names may be allowed only if no objection from the existing company by way of Board resolution is produced/ submitted;

(x) Different combination of the same words, as this does not make a name distinguishable from an existing name, e.g., if there is a company in existence by the name of “Builders and Contractors Limited”, the name “Contractors and Builders Limited” should not be allowed;

(xi) Exact Hindi translation of the name of an existing company in English especially an existing company with a reputation. For example, Hindustan Steel Industries Ltd. will not be allowed if there exists a company with name ‘Hindustan Ispat Udyog Limited’;

9. In addition to above, the user shall also adhere to following guidelines: --
Walk, ride a bike, or use public transportation whenever possible.

Keep vehicles well maintained. Under-inflated tires and dirty air-intake filters can significantly reduce gas mileage.

(i) It is not necessary that the proposed name should be indicative of the main object;

(ii) If the Company’s main business is finance, housing finance, chit fund, leasing, investments, securities or combination thereof, such name shall not be allowed unless the name is indicative of such related financial activities, viz., Chit Fund/ Investment/ Loan, etc.;

(iii) If it includes the words indicative of a separate type of business constitution or legal person or any connotation thereof, the same shall not be allowed. For eg: cooperative, sehkari, trust, LLP, partnership, society, proprietor, HUF, firm, Inc., PLC, GmbH, SA, PTE, Sdn, AG etc.;

(iv) Abbreviated name such as ‘BERD limited’ or ‘23K limited’ cannot be given to a new company. However the companies well known in their respective field by abbreviated names are allowed to change their names to abbreviation of their existing name (for Delhi Cloth Mills limited to DCM Limited, Hindustan Machine Tools limited to HMT limited) after following the requirement of Section 21 of the Companies Act, 1956. Further, if the name is only a general one like Cotton Textile Mills Ltd., or Silk Manufacturing Ltd., and not specific like Calcutta Cotton Textiles Mills Limited or Lakshmi Silk Manufacturing Company Limited, the same shall not be allowed;

(v) If the proposed name is identical to the name of a company dissolved as a result of liquidation proceeding should not be allowed for a period of 2 years from the date of such dissolution since the dissolution of the company could be declared void within the period aforesaid by an order of the Court under section 559 of the Act. Moreover, if the proposed name is identical with the name of a company which is struck off in pursuance of action under section 560 of the Act, then the same shall not be allowed before the expiry of 20 years from the publication in the Official Gazette being so struck off since the company can be restored anytime within such period by the competent authority;

(vi) If the proposed names include words such as ‘Insurance’, ‘Bank’, ‘Stock Exchange’, ‘Venture Capital’, ‘Asset Management’, ‘Nidhi’, ‘Mutual fund’ etc., the name may be allowed with a declaration by the applicant that the requirements mandated by the respective Act/ regulator, such as IRDA, RBI, SEBI, MCA etc. have been complied with by the applicant;

(vii) If the proposed name includes the word “State”, the same shall be allowed only in case the company is a government company. Also, if the proposed name is containing only the name of a continent, country, state, city such as Asia limited, Germany Limited, Haryana Limited, Mysore Limited, the same shall not be allowed;

(viii) If the proposed name contains any word or expression which is likely to give the impression that the company is in any way connected with, or having the patronage of, the Central Government, any State Government, or any local authority, corporation or body constituted by the Central or any State Government under any law for the time in force, unless the previous approval of Central Government has been obtained for the use of any such word or expression;

(ix) If a foreign company is incorporating its subsidiary company, then the original name of the holding company as it is may be allowed with the addition of word India or name of any Indian state or city, if otherwise available;

INTEGRATION OF DIRECTOR’S IDENTIFICATION NUMBER (DIN) ISSUED UNDER COMPANIES ACT, 1956 WITH DESIGNATED PARTNERSHIP IDENTIFICATION NUMBER (DPIN) ISSUED UNDER LIMITED LIABILITY PARTNERSHIP (LLP) ACT, 2008

General Circular No. 44/2011

No 2/1/2011-CL.V
Government of India
Ministry of Corporate Affairs

5th floor, ‘A’ Wing, Shastri Bhawan, Dr. Rajendra Prasad Road, New Delhi
Dated: 08.07.2011

To
All Regional Directors
All Registrar of Companies.
Registrar of Limited Liability Partnership

Sub: Integration of Director’s Identification Number (DIN) issued under Companies Act, 1956 with Designated Partnership Identification Number (DPIN) issued under Limited Liability Partnership (LLP) Act, 2008

Sir,

The Ministry of Corporate Affairs has been issuing two separate identification numbers as DIN to an individual for becoming a director of a company under Companies Act, 1956 and DPIN for a designated partner in a Limited Liability Partnership under Limited Liability Partnership (LLP) Act, 2008.

2. To avoid this duplicity and to give ease to the stakeholders, the Ministry has decided to issue only one identification number to an individual for both the purpose.

3. Therefore, the Ministry, vide notification dated 5th July, 2011, has integrated the Director’s Identification Number (DIN) issued under Companies Act, 1956 with Designated Partnership Identification Number (DPIN) issued under Limited Liability Partnership (LLP) Act, 2008 with effect from 9.7.2011.

4. Pursuant to this notification:-

(a) With effect from 9.7.2011, no fresh DPIN will be issued. Any person, who desires to become a designated partner in a Limited Liability Partnership, has to obtain DIN by filing e-form DIN-1.
Walk, ride a bike, or use public transportation whenever possible.

Keep vehicles well maintained. Under-inflated tires and dirty air-intake filters can significantly reduce gas mileage.

(b) If a person has been allotted DIN, the said DIN shall also be used as DPIN for all purposes under Limited Liability Partnership Act, 2008.

(c) If a person has been allotted DPIN, the said DPIN will also be used as DIN for all the purposes under Companies Act, 1956.

(d) If a person has been allotted both DIN and DPIN, his DPIN will stand cancelled and his DIN will be used as DIN as well as DPIN for all purposes under Limited Liability Partnership Act, 2008 and Companies Act, 1956.

5. As per Circular no. 32/2011 dated 31.05.2011, the Ministry has made Income Tax Permanent Account Number (PAN) mandatory for obtaining DIN for Indian nationals. Further, all existing DIN holders, who have not furnished their PAN at the time of obtaining DIN, are required to furnish their PAN to the Ministry by filing e-form DIN-4 by 30th September, 2011.

6. Similarly, all DPIN holders, who had not furnished their PAN at the time of obtaining DPIN, are required to furnish their PAN to the Ministry by filing eform DIN-4 by 30th September, 2011, failing which their DPIN/DIN will be disabled and they will also be liable for heavy penalty.

Yours faithfully,

E-FILING OF INCOME TAX RETURN IN RESPECT OF COMPANIES UNDER LIQUIDATION

GENERAL CIRCULAR NO. 41/2011

F. No. 51/19/2011/Insolvency
Government of India
Ministry of Corporate Affairs

5th Floor, A Wing, Shastri Bhavan,
Dr. R.P. Road, New Delhi-110001
Dated 6th July 2011

To
All Regional Directors
All ROCs
All Official Liquidators

Subject: E-filing of Income Tax return in respect of companies under liquidation.

The Official Liquidators have reported that they are facing problems in e-filing of Income Tax Returns in compliance as they are required to mention PAN No. of the person who files the return, representing the company in liquidation. In the Regional Directors Conference held on 16-6-2011 also, the Official Liquidators brought to the notice of the Ministry that they are not able to file Income Tax Returns since the verification part of the report require them to mention their personal PAN Card No. even when they file the Return as a representative assessee of the company (in liquidation). It was suggested that a PAN Card should be issued in the name of the office i.e. OL........ This PAN No. should be quoted in respect of all returns filed by him as OL. In this regard, Section 139A read with Form ITR-6 (Rule 12) of the Income Tax Act, 1961 were examined. According to Section 139A of Income Tax Act, 1961, PAN is a must for all assesses for his own income or other income exceeding Rs.5 lakhs. Companies are also required to obtain PAN as well as TAN. Since this IT provision is applicable from 1995 onwards, hence, all companies which have come into liquidation from 1995 onwards are expected to have the PAN No. After the winding up order is passed by High Court, while obtaining Statement of Affairs from the Directors and taking possession of company’s rights such as Telephone, Electricity connection, Franking machines, Bank account. Official Liquidator should also take possession of PAN/TAN Numbers and Cards. In case the management fails to handover PAN/TAN Numbers and Cards, Official Liquidator should invoke Rule 130 of Companies (Court Rule) 1959 and obtain the PAN details from Ex-Directors/Officials. Alternatively, wherever no PAN is available, Official Liquidator should apply for PAN Card after his appointment, company-wise. Single PAN in the capacity of Official Liquidator may not be workable. Hence, Official Liquidator should obtain PAN Card for all the companies in liquidation with the approval of Company Judge and meet the expenses in obtaining the PAN Cards from respective company’s accounts. However, most of the Official Liquidators have not filed the Income Tax Return because Income Tax Department insist for personal PAN details in the ITR Form.
2. The matter was discussed with CBDT. It was explained from the CBDT side that IT Returns have been developed to enable all assessees to file the return and the Official Liquidators may quote PAN of the company as well as his personal PAN which is insisted for the purpose of identification of the person who has signed the Return. In order to avoid correspondence/notice issued to individual members, Official Liquidators should give their Office address in Part A-General Information against “address of the representative” column in all correspondence which reach his office. In the circumstances, Official Liquidators are advised to take the following action to avoid receipt of notices and correspondence from the IT Department at his personal address, instead of official address.

3. Thus, the following steps are proposed to be taken by Official Liquidators:-

1) To check whether the company which has come in liquidation has a PAN and takes possession along with other records.
2) If PAN is not available in the records, the PAN No. of the company shall be obtained from concerned ITO.
3) There are cases where no certificate of Registration and/or Article of Association/ Memorandum of Association are available. For this following action be taken:
   (a) If the company has no assets, it must be got liquidated and there is no need to apply for PAN.
   (b) If the company has assets, the concerned ROC be requested to send documents about the company for applying to concerned ITO for obtaining PAN.
4) In the verification column of the ITR, OL will mention his personal PAN as this is only for the purpose of Verification Number obtained in official designation.
5) As Representative Assessee, (OL) official address should be given in Part A-General Information under column No.(b).i.e. address of Official Liquidator’s office would be mentioned as the address of the company under Liquidation.
6) Since this is a regular activity, following actions be taken:
   (a) Staff be trained to prepare and file application for PAN with outsourced agencies of CBDT namely NSDL and UTI;
   (b) All IT Returns filing is now on-line. Hence staff be trained to do the same. No CA firms/consultants be employed for above tasks.

FAQS ON FAST TRACK EXIT (FTE) MODE

What is Fast Track Exit (FTE) Mode?

Ministry has issued Guidelines for "Fast Track Exit (FTE) Mode" to give opportunity to the defunct companies to get their names struck off from the register under Section 560 of the Companies Act, 1956 in time bound manner.

What is the date of implementation of these Guidelines?

The Guidelines will be implemented with effect from 3rd July, 2011.

What are the main criteria for making an application under FTE?

There are two main criteria:-

• The company applying under FTE should not have any asset and liability.
• The company should not have commenced any business activity or operation since incorporation or at least one year must has been passed since last business activity or operation.

Can a dormant company apply under FTE?

Yes, any company, which has been identified as dormant by the Ministry of Corporate Affairs, can apply under FTE. Such companies need not to file Form 61 for normalizing.

Can a company identified as defaulting company apply under FTE?

Any company, which has not filed its statutory documents i.e. Balance Sheet and Annual Return for any of the financial year 2006-07, 2007-08, 2008-09 and 2009-10, has been identified as defaulting company. Directors of such companies are debarred from filing any document till they make the default good. Such defaulting companies can apply under FTE.

Which are the companies to whom FTE is not applicable?

The guidelines does not inter-alia cover the listed companies, companies that have been de-listed due to non-compliance of listing agreement or any other statutory Laws, section 25 companies, vanishing companies, companies under inspection/investigation, companies against which prosecution for a non-compoundable offence is pending in court, companies having outstanding public deposits or secured loan or dues towards banks and financial institutions or any other Government Departments etc. or having management dispute or company in respect of which filing of documents have been stayed by court or CLB or Central Government or any other competent authority.

For details, kindly refer general circular number 36/2011 dated 7.6.2011 available on MCA portal www.mca.gov.in
Walk, ride a bike, or use public transportation whenever possible. Keep vehicles well maintained. Under-inflated tires and dirty air-intake filters can significantly reduce gas mileage.

The Company desirous to get its name struck off from the Register shall file an application in the prescribed Form FTE online with the Registrar. The form shall be accompanied with an affidavit, an indemnity bond, statement of account duly certified by a Chartered Accountant in practice or auditor of the company and copy of board resolution showing authorization for filing the form.

Is there any fee for filing Form FTE?

Yes, applicant is required to file an application in the prescribed Form FTE along with prescribed fee of Rs. 5,000/-

Who can sign Form FTE? Whether digital signature of authorised signatory of the company is a mandatory requirement for filing the Form FTE?

- In case there are active signatories of the company existing in the MCA21 system, then the Form shall have to be mandatorily digitally signed by the authorised signatory of the company.
- In case no active signatories are existing in the MCA 21 system, then a physical copy of the Form duly filled in, shall have to be signed manually by a director authorised by the Board of Directors of the company and shall be attached with the Form. Such form will be uploaded by the practicing professional (i.e. CA/CS/CWA), who has certified the form.

In such case, the application shall be accompanied by certificate from a CA/CS/CWA in whole time practice alongwith their membership number, certifying that the applicants are present directors of the company. In such cases, the applicants shall not be asked to file Form 32 and Form DIN.

In all cases, certification by a practicing professional (i.e. CA/CS/CWA) is mandatory.

What will happen, if there is pending prosecution against the company and its directors?

If the pending prosecutions are only for non-filing of Annual Returns under section 159 and Balance Sheet under section 220 of the Act, such application may be accepted provided the applicants have already filed the compounding application. However, steps for final strike of the name of the company will be taken only after disposal of compounding application by the competent authority.

How the foreign nationals will get their Indemnity Bond and Affidavit notarized?

Foreign nationals and NRIs may get their Indemnity Bond and Affidavit notarized as per their respective country’s law.
Walk, ride a bike, or use public transportation whenever possible.

Keep vehicles well maintained. Under-inflated tires and dirty air-intake filters can significantly reduce gas mileage.

In case any stakeholder has any objections to the Striking off the name of any company from the Register, what shall be done in such case?

List of applications filed under FTE will be available on the portal. In case any stakeholder has any objections to the Striking off the name of any company, he/she may raise such objection by email/letter with the concerned ROC Office within 30 days from the date of filing Form FTE by the company.
PROPOSED GUIDELINES FOR CONVERSION OF SECTION 25 COMPANY (NON PROFIT COMPANY) TO AN ORDINARY COMPANY UNDER COMPANIES ACT, 1956.

Sub: Proposed guidelines for conversion of section 25 company (non-profit company) to an ordinary company under Companies Act, 1956.

Sir,

The Ministry has been receiving representation from various stakeholders to develop a procedure under Companies Act, 1956 for conversion of section 25 company (non-profit company) to an ordinary company because there are a number of section 25 companies which have not done any activity after obtaining license under section 25 or have stopped such activities, and now want to convert themselves as an ordinary company.

2. At present there is no specific provision under Companies Act, 1956, where a company can apply for conversion of a section 25 company (non-profit company) to an ordinary company. The Central Government is however empowered under section 25(7) of the Companies Act, 1956 to revoke the license granted under section 25(1) or 25(3) of the Companies Act, 1956. This may tantamount as conversion of section 25 (non-profit) company to an ordinary company subject to certain conditions.

3. Section 25 companies, being a non profit organization/company normally receive contribution from all sections of the society in the form of donations, contributions, etc for the furtherance of the charitable, philanthropic activities or for such other useful objects. Such non profit companies sometime also enjoy special status and benefit from various authorities such as Income Tax, Commissioner of Charity, any organization of Central Government or State Government, Municipal Body or any other recognized authority.

4. The Companies Regulation, 1956 also provides for distribution of assets of such companies on winding up as under: --

"If upon a winding up or dissolution of the company, there remains, after the satisfaction of all the debts and liabilities, any property whatsoever, the same
shall not be distributed amongst the members of the company but shall be
given or transferred to such other company having objects similar to the
objects of this company, to be determined by the members of the company at
or before the time of dissolution or in default thereof, by the High Court of
Judicature that has or may acquire jurisdiction in the matter.”

5. In the background of above provisions, the Ministry of Corporate Affairs is
considering to prescribe following guidelines for conversion of a section 25
company to an ordinary company: --

I. A section 25 Company may apply to Registrar of Company in e-form 61 for
its revocation of license under section 25 (7) of the Act. Such section 25
Company should satisfy following conditions: --

(a) The company should have passed a resolution in general meeting to convert
itself into a non section 25 company which should have been approved by all
members/shareholders of the company by adopting revised Memorandum and
Articles of Association.

(b) The company has not commenced any activity or operation since its
incorporation.

(c) The company has not received any donation, grants or contribution etc.,
other than from its members.

(d) Where the company has obtained any special status from any authority
such as Income Tax, Commissioner of Charity or any organization or
Department of Central Government, State Government, Municipal Body or any
recognized authority then a “No Objection Certificate” has to be obtained from
the concerned authority.

(e) The existing assets, if any has to be transferred to a similar object company
before converting it into a non-section 25 company.

(f) The company should have filed its all up-to-date Balance Sheets and Annual
Returns.

(g) The Directors have to file an affidavit confirming above compliances/ status.

(h) A certificate from practicing Chartered Accountants/ Company Secretary/
Cost Accountant certifying the above status / compliances by the company.

II. On receipt of above documents and being satisfied, the Registrar of
Companies can considered to revoke license in exercise of his power under
section 25(7) of the Act on merits.

6. You are requested to examine the proposed guidelines and furnish your
comments/recommendations to the Ministry by 15th July, 2011 by e-mail on
following e-mail addresses.

CARVES OUT PROVIDED IN IND AS

The Ind As have been prepared by NACAS and with its recommendation submitted to MCA. NACAS adopted due consultative proposed of hosting the draft Ind As insisting/suggestions and therefore after deliberated with industries representative in NACAS. The finally recommended Ind AS have the following carve outs. These carve outs have been made to fill up the gap/differences in application of Accounting Principles Practices and economic conditions prevailing in India.

1. Ind AS 21-The Effects of Changes in Foreign Exchange Rates

It requires recognition of exchange differences arising on translation of monetary items from foreign currency to functional currency directly in profit or loss.

Carve out

Ind AS 21 permits an option to recognise exchange differences arising on translation of certain long-term monetary items from foreign currency to functional currency directly in equity. In this situation, Ind AS 21 requires the accumulated exchange differences to be amortised to profit or loss in an appropriate manner.

2. Ind AS 28- Investment in Associates

1. Paragraph 25 require that difference between the reporting period of an associate and that of the investor should not be more than three months, in any case.

Carve out

The phrase ‘unless it is impracticable’ has been added in the relevant requirement i.e., paragraph 25 of Ind AS 28.

2. IAS 28 requires that for the purpose of applying equity method of accounting in the preparation of investor’s financial statements, uniform accounting policies should be used. In other words, if the associate’s accounting policies are different from those of the investor, the investor should change the financial statements of the associate by using same accounting policies.

Carve out

The phrase, ‘unless impracticable to do so’ has been added in the relevant requirements i.e., paragraph 26 of Ind AS 28.

3. Ind AS 32- Financial Instruments in Presentation Part,

A Carve out is an exception has been included to the definition of ‘financial liability’ in paragraph 11 (b) (ii), Ind AS 32 to consider the equity conversion option embedded in a convertible bond denominated in foreign currency to acquire a fixed number of entity’s own equity instruments as an equity instrument if the exercise price is fixed in any currency. This exception is not provided in IAS 32.

IAS 39 requires all changes in fair values in case of financial liabilities designated at fair value through Profit and Loss at initial recognition shall be recognised in profit or loss. IFRS 9 which will replace IAS 39 requires these to be recognised in ‘other comprehensive income’

Carve out
A proviso has been added to paragraph 48 of Ind AS 39 that in determining the fair value of the financial liabilities which upon initial recognition are designated at fair value through profit or loss, any change in fair value consequent to changes in the entity’s own credit risk shall be ignored.

5. Ind AS 103, Business Combinations

IFRS 3 requires bargain purchase gain arising on business combination to be recognised in profit or loss.

Carve out
Ind AS 103 requires the same to be recognised in other comprehensive income and accumulated in equity as capital reserve, unless there is no clear evidence for the underlying reason for classification of the business combination as a bargain purchase, in which case, it shall be recognised directly in equity as capital reserve.

6. Ind AS 101, First-time Adoption of Indian Accounting Standards (i)
Presentation of comparatives in the First-time Adoption of Indian Accounting Standards (Ind AS) 101 (corresponding to IFRS 1)

IFRS 1 defines transitional date as beginning of the earliest period for which an entity presents full comparative information under IFRS. It is this date which is the starting point for IFRS and it is on this date the cumulative impact of transition is recorded based on assessment of conditions at that date by applying the standards retrospectively except to the extent specifically provided in this standard as optional exemptions and mandatory exceptions. Accordingly, the comparatives, i.e., the previous year figures are also presented in the first financial statements prepared under IFRS on the basis of IFRS.

Carve out
Ind AS 101, requires an entity to provide comparatives as per the existing notified Accounting Standards. It is provided that, in addition to aforesaid comparatives, an entity may also provide comparatives as per Ind AS on a memorandum basis.

(ii) Presentation of reconciliation

IFRS 1 requires reconciliations for opening equity, total comprehensive income, cash flow statement and closing equity for the comparative period to explain the transition to IFRS from previous GAAP.

Carve out
Ind AS 101 provides an option to provide a comparative period financial statements on memorandum basis. Where the entities do not exercise this option and, therefore, do not provide comparatives, they need not provide reconciliation for total comprehensive income, cash flow statement and closing equity in the first year of transition but are expected to disclose significant differences pertaining to total comprehensive income. Entities that provide comparatives would have to provide reconciliations which are similar to IFRS.

(iii) Cost of Non-current Assets Held for Sale and Discontinued Operations on the date of transition on First-time Adoption of Indian Accounting Standards (Ind AS)

Carve out
Ind AS 101 provides transitional relief that while applying Ind AS 105 - Non-current Assets Held for Sale and Discontinued Operations, an entity may use the transitional date circumstances to measure such assets or operations at the lower of carrying value and fair value less cost to sell.

**Carve out**

Ind AS 101 provides that on the date of transition, if there are long-term monetary assets or long-term monetary liabilities mentioned in paragraph 29A of Ind AS 21, an entity may exercise the option mentioned in that paragraph regarding spreading over the unrealised Gains/Losses over the life of Assets/Liabilities either retrospectively or prospectively. If this option is exercised prospectively, the accumulated exchange differences in respect of those items are deemed to be zero on the date of transition.

**Foreign currency gains/losses on translation of long term monetary items.**

**Carve out**

Ind AS 101 provides that the financial instruments carried at amortised cost should be measured in accordance with Ind AS 39 from the date of recognition of financial instruments unless it is impracticable (as defined in Ind AS 8) for an entity to apply retrospectively the effective interest method or the impairment requirements of Ind AS 39. If it is impracticable to do so then the fair value of the financial asset at the date of transition to Ind-ASs shall be the new amortised cost of that financial asset at the date of transition to Ind AS. Ind AS 101 provides another exemption that financial instruments measured at fair value shall be measured at fair value as on the date of transition to Ind AS.

**Financial instruments existing on transition date**

**Carve out**

Ind AS 101 defines previous GAAP as the basis of accounting that a first-time adopter used immediately before adopting IFRS. IFRS 1 defines previous GAAP as the basis of accounting that a first-time adopter used immediately before adopting Ind ASs for its reporting requirements in India. For instance, for companies preparing their financial statements in accordance with the existing Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 shall consider those financial statements as previous GAAP financial statements.

**Definition of previous GAAP under Ind AS 101 Firsttime Adoption of Indian Accounting Standards**

Ind AS 101 defines previous GAAP as the basis of accounting that a first-time adopter used immediately before adopting Ind ASs for its reporting requirements in India. For instance, for companies preparing their financial statements in accordance with the existing Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 shall consider those financial statements as previous GAAP financial statements.

**Cost of Property, Plant and Equipment (PPE), Intangible Assets, Investment Property, on the date of transition of First-time Adoption of Indian Accounting Standards.**

Ind AS 101 provides an entity an option to use carrying values of all assets as on the date of transition in accordance with previous GAAP as an acceptable starting point under Ind AS.

**Carve-outs for specific industries**

7. **Ind AS 18-Revenue**
On the basis of principles of the IAS 18, IFRIC 15 on Agreement for Construction of Real Estate, prescribes that construction of real estate should be treated as sale of goods and revenue should be recognised when the entity has transferred significant risks and rewards of ownership and has retained neither continuing managerial involvement nor effective control.

**Carve out**
IFRIC 15 has not been included in Ind AS 18, Revenue. Such agreements have been scoped out from Ind AS 18 and have been included in Ind AS 11, Construction Contracts.

**8. Ind AS 18- Revenue**

**Carve out**
A footnote has been added in paragraph 1 to Ind AS 18, Revenue, that for rate regulated entities, this standard shall stand modified, where and to the extent the recognition and measurement of revenue of such entities is affected by recognition and measurement of regulatory assets/liabilities as per the Guidance Note on the subject being issued by the Institute of Chartered Accountants of India.

**9. Indian Accounting Standard on Agriculture (Corresponding to IAS 41)**

IAS 41, Agriculture, requires measurement of biological assets, viz, living animals and plants at fair value and recognizing gains and losses arising on such measurement in profit or loss, unless ascertainment of fair value is unreliable.

**Carve out**
It has been decided to revise the Standard and not to issue the standard as it is.

**10. Ind As -19 Employee Benefits vis-à-vis IFRSs/IASs restricting options.**

According to Ind AS 19 the rate to be used to discount post-employment benefit obligation shall be determined by reference to the market yields on government bonds, whereas under IAS 19, the government bonds can be used only where there is no deep market of high quality corporate bonds. To illustrate treatment of gratuity subject to ceiling under Indian Gratuity Rules, an example has been added in Ind AS 19. IAS 19 permits various options for treatment of actuarial gains and losses for post employment defined benefit plans whereas Ind AS 19 requires recognition of the same in other comprehensive income, both for post-employment defined benefit plans and other long-term employment benefit plans. The actuarial gains recognised in other comprehensive income should be recognised immediately in retained earnings and should not be reclassified to profit or loss in a subsequent period.
Walk, ride a bike, or use public transportation whenever possible.

Keep vehicles well maintained. Under-inflated tires and dirty air-intake filters can significantly reduce gas mileage.

USER GUIDE ON PAYING MCA21 FEES VIA NEFT MODE

User Guide on Paying MCA21 Fees Via NEFT

Introduction:
Currently MCA21 payments are allowed via Credit Card, Internet Banking & Physical Challan. The Ministry has authorized 5 banks (Indian Bank, HDFC, ICICI, PNB and SBI) for collection of MCA21 fees, which means that only the account holders of these banks can avail Internet banking facility. Further, payment via challan can only be made in the authorized branches of these above five banks. Though this was a major improvement compared to the earlier manual system, it caused delays in incorporation of companies and processing of other eForms.

In order to eliminate inconveniences caused due to payment processing delays, Ministry is introducing payment of MCA fees via NEFT (National Electronic Fund Transfer) mode, in addition to already exiting payment methods.

Process flow of payment of MCA21 fees using NEFT:

1. **MCA21**
   - Upload eForm
   - Select NEFT as payment option
   - Generate SRN
   - Generate NEFT Challan

2. **Bank Portal**
   - Login to bank portal
   - Using internet banking, transfer funds to one of MCA account
   - Obtain Unique Transaction (Txn) Id

   *after 4-5 working hours*

3. **Banks**
   - Inform MCA21 of successful payment
   - If payment confirmation reached MCA21
   - If payment confirmation didn’t reach MCA21

4. **MCA21**
   - Link Unique Txn Id, SRN, Payee A/C, Payee bank IFSC
   - Wait for payment confirmation to reach MCA21 or approach bank branch

   *On successful linking*
1. User uploads eForm, selects 'NEFT' as payment option, generates a SRN and an eChallan which contains the procedure for conducting the NEFT transfer;
2. User transfer funds to one of the MCA21 account, via internet banking facility offered by their bank in which they hold an account. User may quote SRN in the remark column;
3. User's bank provides a unique transaction number (UTN) for the NEFT transfer;
4. Banks will inform MCA21 system in four to five working hours about the payment along with the UTN;
5. User logs in to MCA21 and link UTN and SRN. Additionally, for verification purpose, user will have to provide date of payment, IFSC code and account number from which the transfer was carried out and the amount. If the payment has been notified to MCA21 system and the details are matching, then the linking will be successful and MCA21 will create work item for further processing.
6. If details of payment for the SRN is still not received from banks, an information message is displayed to user to link SRN & UTN at a later time; If details doesn’t match an error message is shown to the user.

What is NEFT?
NEFT is a nation-wide system that facilitates electronic transfer of funds from any bank branch to account holder of any other bank branch. The list of NEFT-enabled branches is available in the RBI website.

Presently, NEFT operates in hourly batches – there are eleven settlements from 9 am to 7 pm on weekdays and five settlements from 9 am to 1 pm on Saturdays.

NEFT transaction charges are available in the RBI website and are in addition to MCA21 filing fee.

Further details on NEFT can be found in the RBI website (http://www.rbi.org.in/scripts/FAQView.aspx?Id=6o)

Notes for Information:
1) SRN will expire if payment doesn’t reach MCA21 on time. Hence users should transfer funds well in advance taking into consideration of bank holidays and the settlement window mentioned as earlier.
2) Full amount has to be transferred in single transaction for a particular SRN. Amount can’t be divided into multiple payments.

Frequently Asked Questions

1. What is XBRL?

XBRL is a language for the electronic communication of business and financial data which is revolutionizing business reporting around the world. It provides major benefits in the preparation, analysis and communication of business information. It offers cost savings, greater efficiency and improved accuracy and reliability to all those involved in supplying or using financial data. XBRL stands for eXtensible Business Reporting Language. It is already being put to practical use in a number of countries and implementations of XBRL are growing rapidly around the world.

2. Who developed XBRL?

XBRL is an open, royalty-free software specification developed through a process of collaboration between accountants and technologists from all over the world. Together, they formed XBRL International which is now made up of over 650 members, which includes global companies, accounting, technology, government and financial services bodies. XBRL is and will remain an open specification based on XML that is being incorporated into many accounting and analytical software tools and applications.

3. What are the advantages of XBRL?

XBRL offers major benefits at all stages of business reporting and analysis. The benefits are seen in automation, cost saving, faster, more reliable and more accurate handling of data, improved analysis and in better quality of information and decision making. XBRL enables producers and consumers of financial data to switch resources away from costly manual processes, typically involving time-consuming comparison, assembly and re-entry of data. They are able to concentrate effort on analysis, aided by software which can validate and process XBRL information. XBRL is a flexible language, which is intended to support all current aspects of reporting in different countries and industries. Its extensible nature means that it can be adjusted to meet particular business requirements, even at the individual organization level.

4. Who can benefit from using XBRL?

All types of organizations can use XBRL to save costs and improve efficiency in handling business and financial information. Because XBRL is extensible and flexible, it can be adapted to a wide variety of different requirements. All participants in the financial information supply chain can benefit, whether they are preparers, transmitters or users of business data.

5. What is the future of XBRL?

XBRL is set to become the standard way of recording, storing and transmitting business financial information. It is capable of use throughout the world, whatever the language of the country concerned, for a wide variety of business purposes. It will deliver major cost savings and gains in efficiency, improving processes in companies, governments and other organisations.

6. Does XBRL benefit the comparability of financial statements?
XBRL benefits comparability by helping to identify data which is genuinely alike and distinguishing information which is not comparable. Computers can process this information and populate both pre defined and customised reports.

7. Does XBRL cause a change in accounting standards?
No. XBRL is simply a language for information. It must accurately reflect data reported under different standards – it does not change them.

8. What are the benefits to a company from putting its financial statements into XBRL?
XBRL increases the usability of financial statement information. The need to re-key financial data for analytical and other purposes can be eliminated. By presenting its statements in XBRL, a company can benefit investors and other stakeholders and enhance its profile. It will also meet the requirements of regulators, lenders and others consumers of financial information, who are increasingly demanding reporting in XBRL. This will improve business relations and lead to a range of benefits.

With full adoption of XBRL, companies can automate data collection. For example, data from different company divisions with different accounting systems can be assembled quickly, cheaply and efficiently. Once data is gathered in XBRL, different types of reports using varying subsets of the data can be produced with minimum effort. A company finance division, for example, could quickly and reliably generate internal management reports, financial statements for publication, tax and other regulatory filings, as well as credit reports for lenders. Not only can data handling be automated, removing time-consuming, error-prone processes, but the data can be checked by software for accuracy.

9. How does XBRL work?
XBRL makes the data readable, with the help of two documents – Taxonomy and instance document. Taxonomy defines the elements and their relationships based on the regulatory requirements. Using the taxonomy prescribed by the regulators, companies need to map their reports, and generate a valid XBRL instance document. The process of mapping means matching the concepts as reported by the company to the corresponding element in the taxonomy. In addition to assigning XBRL tag from taxonomy, information like unit of measurement, period of data, scale of reporting etc., needs to be included in the instance document.

10. How do companies create statements in XBRL?
There are a number of ways to create financial statements in XBRL:

   XBRL-aware accounting software products are becoming available which will support the export of data in XBRL form. These tools allow users to map charts of accounts and other structures to XBRL tags.

   Statements can be mapped into XBRL using XBRL software tools designed for this purpose.

   Data from accounting databases can be extracted in XBRL format. It is not strictly necessary for an accounting software vendor to use XBRL; third party products can achieve the transformation of the data to XBRL.
Applications can transform data in particular formats into XBRL. The route which an individual company may take will depend on its requirements and the accounting software and systems it currently uses, among other factors.

11. Is India a member of XBRL International?

India is now an established jurisdiction of XBRL International. A separate company, under section 25 has been created, to manage the operations of XBRL India. The main objectives of XBRL India are

To create awareness about XBRL in India

To develop and maintain Indian Taxonomies

To help companies, adopt and implement XBRL.

For more information, visit www.xbrl.org/in

12. Which taxonomies developed for Indian reporting requirements? Where can I find the taxonomies?

Taxonomies for Indian companies are developed based on the requirements of

- Schedule VI of Companies Act,
- Accounting Standards, issued by ICAI
- SEBI Listing requirements.

Taxonomies for Manufacturing and service sector (referred as Commercial and Industrial, or C&I) and Banking sector, is acknowledged by XBRL International. These taxonomies are available at http://www.xbrl.org/in/

13. Where can I find more information about XBRL?

Please visit www.xbrl.org. Also Ministry of Corporate Affairs would be shortly developing its webpage on XBRL with list of contact persons for training purposes.

14. What are XBRL Documents?

An XBRL document comprises the taxonomy and the instance document. Taxonomy contains description and classification of business & financial terms, while the instance document is made up of the actual facts and figures. Taxonomy and Instance document together make up the XBRL documents.

15. What is Taxonomy?

Taxonomy can be referred as an electronic dictionary of the reporting concepts. Taxonomy consists of all the data definitions, the basic XBRL properties and the interrelationships amongst the concepts. It includes terms such as net income, EPS, cash, etc. Each term has specific attributes that help define it, including label and definition and potentially references. Taxonomies may represent hundreds or even thousands of individual business reporting concepts, mathematical and definitional relationships among them, along with text labels in multiple languages, references to authoritative literature, and information about how to display each concept to a user.
16. What is meant by extending taxonomy?

Taxonomy is extended to accommodate items/relationship specific to the owner of the information. Taxonomy extension therefore can be

a) Modification in the existing relationships

b) Addition of new elements in the taxonomy

c) Combination both a & b

17. Are Taxonomies based on any standards?

Yes, taxonomies are based on the regulatory requirements and standards which are to be followed by the companies. Accordingly, depending on the requirements of every country, there can be country-specific taxonomies.

18. What is an Instance document?

An XBRL instance document is a business report in an electronic format created according to the rules of XBRL. It contains facts that are defined by the elements in the taxonomy it refers to, together with their values and an explanation of the context in which they are placed. XBRL Instances contain the reported data with their values and “contexts”. Instance document must be linked to at least one taxonomy, which defines the contexts, labels or references.

Thus, in order to concluded the usage and explain the XBRL technology which leads to more information exchanges that can be effectively automated by use. This one standard approach leads to the best interest of the company or more so for the international business interests globally that warrant the accuracy of all the financial data for the end users and early collaborative decisions by the companies or those whose interest is involved for acquisition/ rights etc.
