

# APPROACH TO PROJECT FINANCE AND UNDERSTANDING FINANCIAL STATEMENTS

Finance is life blood of every business organization. Adequate sources and effective deployment of finance will ensure the survival and development of any business organization. Therefore, to make the understanding simplified, the book is divided into two parts. In the **first part** of this publication, various important aspects for preparing project reports have been discussed. In the **second part**, various components of financial statements and tools to interpret the same have been covered.
