## Message from the President

शुभं करोति कल्याणं आरोग्यं धनसंपदा ।  
शत्रुबुद्धि-विनाशाय दीपज्योती नमोऽस्तुते ॥

**Dear Students,**

With this shloka, I extend my heartfelt wishes to all of you for the upcoming festival of lights. May Lord Ganesha bless all of you with bountiful knowledge and Maa Lakshmi accord wealth and prosperity to you and your loved ones.

The beauty of our festivals lies in the fact that not only they come with hidden messages and deeper meanings of life and living, but they also come as a welcome reprieve and retreat from our daily routines. The stress is relieved and the zeal of celebration continues to warm our hearts for the days to follow.

Since the auspicious festivals of Vijaydashmi and Diwali are metaphors for good winning over evil, for professionals as well as those in making, it is a reminder for each one of us to embrace knowledge over ignorance so as to perform exceedingly well in our areas of action.

While this may be entirely philosophical, but in true sense, Knowledge is a wonderful gift to mankind, for it appreciates not only by further addition but with sharing as well. A knowledgeable person is like a lighthouse in the ocean helping others to navigate through the ocean of wisdom and assisting them to reach their desired destinations. And as we grow and move forward, the same intent guides us in our professional endeavours.

Amongst others, a greater reminder from our festivals is that, over and above right knowledge – what differentiates the good from evil and right from wrong is the thought, action and intent. One may be able to undertake extensive study of all pertinent concepts, laws and regulations and they will surely be assisting in developing robust knowledge and enhancing professional opportunities too; but to build goodwill and credibility, the actions must be guided by integrity and taken with great diligence. The same thought was resonated by professionals across the nation as we together celebrated the 54<sup>th</sup> Foundation Day of the Institute on 4<sup>th</sup> October, 2022.

Extending my heartfelt congratulations of the 54<sup>th</sup> Foundation Day of ICSI to all the future Governance Professionals, I would urge all of you to strive to become ‘knowledge powerhouse’ so as to play a pivotal role in the economic development of the nation. Put all your efforts to gain knowledge for as Elin Nordegren says and I quote:

***“Education is one thing no one can take away from you.”***

*Happy reading ! Happy learning !*

Warm regards,

**(CS Devendra V. Deshpande)**

### An Overview of Manufacturing Sector of India\*

#### Introduction

A globally competitive manufacturing sector is India's greatest potential to drive economic growth and job creation this decade. Due to factors like power growth, long-term employment prospects, and skill routes for millions of people, India has a significant potential to engage in international markets. Several factors contribute to their potential. First off, these value chains are well positioned to benefit from India's advantages in terms of raw materials, industrial expertise, and entrepreneurship. Second, they can take advantage of four market opportunities: expanding exports, localising imports, internal demand, and contract manufacturing.

With digital transformation being a crucial component in achieving an advantage in this fiercely competitive industry, technology has today sparked creativity. Manufacturing sector in India is gradually shifting to a more automated and process driven manufacturing which is expected to increase the efficiency and boost production of the manufacturing industry. India is gradually progressing on the road to Industry 4.0 through the Government of India's initiatives like the National Manufacturing Policy which aims to increase the share of manufacturing in GDP to 25 percent by 2025 and the PLI scheme for manufacturing which was launched in 2022 to develop the core manufacturing sector at par with global manufacturing standards.

Manufacturing has emerged as one of the high growth sectors in India. Prime Minister of India, Mr Narendra Modi, launched the 'Make in India' program to place India on the world map as a manufacturing hub and give global recognition to the Indian economy. Government aims to create 100 million new jobs in the sector by 2022.

#### Government Initiatives

The Government of India has taken several initiatives to promote a healthy environment for the growth of manufacturing sector in the country. Some of the notable initiatives and developments are:

- In the Union Budget 2022-23:
  - Ministry of Defence has been allocated Rs. 525,166 crore (US\$ 67.66 billion)
  - The government allocated Rs. 2,403 crore (US\$ 315 million) for Promotion of Electronics and IT Hardware Manufacturing.
- The PLI for semiconductor manufacturing is set at Rs. 760 billion (US\$ 9.71 billion), with the goal of making India one of the world's major producers of this crucial component.

\* Dr. Akinchan Buddhodev Sinha, Deputy Director, The ICSI.

Views expressed in the Article are the sole expression of the Author and may not express the views of the Institute.

- The government approved a PLI scheme for 16 plants for key starting materials (KSMs)/drug intermediates and active pharmaceutical ingredients (APIs). The establishment of these 16 plants would result in a total investment of Rs. 348.70 crore (US\$ 47.01 million) and generation of ~3,042 jobs. The commercial development of these plants is expected to begin by April 2023.
- In November 2021, the Experts' Advisory Committee (EAC) of the Department for Promotion of Industry and Internal Trade approved Rs. 3 crore (US\$ 403,293.54) for the Atal Incubation Centre (AIC), Pondicherry Engineering College Foundation (PECF), under the Start-up India Seed Fund scheme.
- In September 2021, Prime Minister Mr. Narendra Modi approved the production-linked incentive (PLI) scheme in the textiles sector—for man-made fibre (MMF) apparel, MMF fabrics and 10 segments/products of technical textiles—at an estimated outlay of Rs. 10,683 crore (US\$ 1.45 billion).
- India outlines a plan in August 2021 to reach its goal of US\$ 1 trillion in manufactured goods exports.
- In July 2021, the government launched six technology innovation platforms to develop technologies and thereby, boost the manufacturing sector in India to compete globally.
- To propagate Make in India, in July 2021, the Defence Ministry issued a tender of Rs. 50,000 crore (US\$ 6.7 billion) for building six conventional submarines under Project-75 India.
- In May 2021, the government approved a PLI scheme worth Rs. 18,000 crore (US\$ 2.47 billion) for production of advanced chemical cell (ACC) batteries; this is expected to attract investments worth Rs. 45,000 crore (US\$ 6.18 billion) in the country, and further boost capacity in core component technology and make India a clean energy global hub.
- In India, the market for grain-oriented electrical steel sheet manufacturing is witnessing high demand from power transformer producers, due to the rising demand for electric power and increasing adoption of renewable energy in the country.
- The Mega Investment Textiles Parks (MITRA) scheme to build world-class infrastructure will enable global industry champions to be created, benefiting from economies of scale and agglomeration. Seven Textile Parks will be established over three years.
- The government proposed to make significant investments in the construction of modern fishing harbours and fish landing centres, covering five major fishing harbours in Kochi, Chennai, Visakhapatnam, Paradip, and Petuaghat, along with a multipurpose Seaweed Park in Tamil Nadu. These initiatives are expected to improve exports from the textiles and marine sectors.
- The 'Operation Green' scheme of the Ministry of the Food Processing Industry, which was limited to onions, potatoes and tomatoes, has been expanded to 22 perishable products to encourage exports from the agricultural sector. This will facilitate infrastructure projects for horticulture products.

### **Exports from Manufacturing Sector**

According to the government, boosting exports from India has been one of its top priorities. The nation witnessed a record export at \$418 billion in FY22. A recent report by Bain and Company titled, 'The Trillion Dollar Manufacturing Exports Opportunity for India', highlights six export megatrends that have the capacity to propel India's manufacturing exports to \$1 trillion by FY28.

As per the above mentioned report, supply chain diversification, sectoral advantages, government initiatives, capex led growth, mergers and acquisitions, and PE and VC-led investments are six main megatrends that will drive India's manufacturing exports growth to \$1 trillion by 2027-2028.

Throwing light on the sectoral advantages in India, the report added that India has inherent strength in some sectors like chemicals, pharmaceuticals, automotive, electrical and electronics, industrial machinery, and textiles. According to the report, these sectors have shown tremendous growth over the past few years.

The report estimated the electrical and electronics sector to grow at a CAGR of 35-40 per cent to \$120-145 billion by FY28. According to the report, India offers an advantage of strong manufacturing technology and R&D capabilities in the semiconductor industry, focused on chip design and end-to-end supply chain improvement.

The sharp growth will be driven by a strong push from government schemes like PLIs, the Merchandise Exports India Scheme, and the Scheme for Promotion of Manufacturing of Electronic Components and Semiconductors, which are likely to increase export growth by 35-40 per cent YOY," the report mentioned. Similarly, the chemical sector is estimated to grow at CAGR of 19-23 per cent to \$110-130 billion by FY28. In addition to electronics, the report highlights the outstanding export potential of the pharmaceuticals industry as well. "India's drugs and pharmaceutical exports are expected to grow at a CAGR of 16-18 per cent (\$45-50 billion) by FY28.

### Way Forward

India's manufacturing industry enjoyed a strong start to fiscal year 2022/23, posting marked and accelerated expansions in new orders and production. International sales grew solidly, following a contraction in March. Inflationary pressures meanwhile intensified, owing to rising commodity prices, the Russia-Ukraine war and greater transportation costs. Input prices increased at the fastest pace in five months, while output charge inflation hit a 12-month high.

Rising from 54.0 in March to 54.7 in April, the seasonally adjusted S&P Global India Manufacturing Purchasing Managers' Index (PMI) highlighted a solid and faster improvement in operating conditions across the sector. Growth gathered momentum in the intermediate and capital goods segments, but there was a slowdown at consumer goods makers.

## “शहीद की बेटी” (Martyr's Daughter)

Dear Students,

It is indeed an honour to be a part of an Institute which has attained institutional excellence and is a torch bearer for the cause of Good Corporate Governance.

As part of social responsibility and in alignment towards the initiatives of Government of India the scheme “Shaheed Ki Beti” was launched during the Golden Jubilee ceremony and the Institute got the privilege to confer the first certificate under this scheme to the Prime Minister of India, Sh. Narendra Modi on 4<sup>th</sup> October 2017.

Under ‘Shaheed Ki Beti’ scheme, the Institute is providing financial support to the girl child of martyrs for her higher education.

A separate fund has been created and the amount accumulated under the Fund “Shaheed ki Beti” is donated to the concerned wing of Ministry of Defence. Institute has already donated Rs. 15 lac under the scheme in the recent past.

**The Institute acknowledges the contribution of the stakeholders who are generously donating towards the “Shaheed Ki Beti” initiative of the Institute on their Birthdays or otherwise.**

Shaheed Ki Beti scheme has given us an opportunity to support our courageous martyred soldiers and their bereaved families. Through this unique scheme, Institute will definitely bring a radical change in the life of families of the valiant martyrs who have laid their lives while upholding the sovereignty and integrity of the country.

**We request all other members and students of ICSI to come forward and contribute for this noble initiative.**

**The amount can be transferred online as per details given below.**
