Announces

Conference on

Ethics and Corporate Governance

Background	<p>Corporate Governance assumes much significance in today's corporate world as we see collapse of institutions, systems and procedures due to poor governance. Voluminous work has been done in the area of corporate governance through studies, debates and conferences. The need for such exercises is felt more in the modern world.</p> <p>Corporate governance and ethical practices play a dominant role in a company's overall growth and success. A well governed company has strong, transparent policies in both areas – accountability and rigorous Board oversight – and operates in the best interest of its Shareholders, Employees, Customers, Community and Environment.</p> <p>ICSI-CCGRT and NISM are organising this conference in this context.</p>
