EASTERN
INDIA
REGIONAL
COUNCIL

Dec 2017 Issue

My Dear Esteemed Colleagues,

Please accept warm greetings of the new year on behalf of the Eastern India Regional Council (EIRC) of ICSI! May this new year bring health, happiness, wisdom and prosperity to our fraternity and our loved ones.

I extend my heartfelt gratitude to all of you for having reposed faith in me and electing me Chairman for the year 2017. It is a mixed feeling to share my thoughts with you through this communique for the last time as Chairman of EIRC-ICSI.

During this one year, my council worked laterally to see that Substance prevailed over Form. While we did organize several programs in lavish hotels, at the same time we tried to rejuvenate the culture of Study Circles. While our prime focus was on finding employment opportunities for members, we also worked on training and capacity building of students and members, particularly young members.

We tried to drive our seminars and workshops from just being learning and networking opportunity to professional opportunity as well. It is in this direction that we organized programs with Chambers of Commerce (like Indian Chamber of Commerce, Merchant Chamber of Commerce, Confederation of Indian Industries and others) and other eminent bodies like (SEBI, NSE and BSE) so that our practicing fraternity gets in touch with non-CS fraternity also who may become their prospective clients. We also went to premier business school, IISWBM and University of Calcutta and promoted the brand ICSI. Wherever, we went, we did not leave any stone unturned to uphold the name of ICSI

Throughout the year, my council drove a mission called "Companies Act pe Charcha". The idea behind this was to have candid discussion and deliberation on all aspects of the Companies Act without restricting ourselves to any particular provision. This helped several members in getting their queries resolved from elite panelists and other co-delegates.

The 1st biggest event of the Region, viz, 13th Regional PCS Conference was organized in the month of August 2017 at a lavish resort called "Vedic Village". About 350 delegates attended this event which is a benchmark by itself. Although this was a PCS Conference but the significant involvement of Corporates was very encouraging. We were able to generate an unprecedented sponsorship of about Rs 8 (eight) lacs and added about Rs 2 (two) lacs to the corpus of our Institute. The presence of five out of seven Chapter Chairpersons of EIRC motivated my council and made this event truly "Regional".

The 2nd biggest event of the Region, viz, 28th Annual Regional Conference was organized in the month of December 2017 in the abode of Lord Jagannath at Puri with the proactive and untiring support of Bhubaneswar Chapter. About 250 delegates attended this event and again added about Rs 3 (three) lacs to the corpus of our Institute. This Residential Conference was not chargeable for AMS members of EIRC and delegates enjoyed not only the technical sessions but visit to Shri Jagannath Mandir, Puri sea beach and Konark Temple.

I am extremely delighted to inform that a new member has joined the EIRC family – **Siliguri Chapter**. This Chapter will commence its activities from 19th January 2018 and it will be led by its first Chairperson, CS Khushboo Goyal.

To cater to the needs of our members and students in the northern fringes of the city, my council approved formation of a new Study Circle called "**VIP & Jessore Road Study Circle**". This being the third study circle of EIRC in addition to the existing ones, viz, Madhya Kolkata and Tollygunje.

Our Institute on Pan India basis celebrates the month of "July" every year as "**Students Month**". I am extremely delighted to inform that our Eastern Region was adjudged as the best Region across India for its performance and contribution to Students Month.

Bhubaneswar Chapter remains a jewel in the crown of EIRC-ICSI. It has once again bagged the National Best Chapter Award and made all of us extremely proud.

During this year, our brand ICSI got very high recognition by presence of people of eminence who kindly graced the events of EIRC-ICSI; some of the notable names are: Shri Arjun Ram Meghwal, Hon'ble Member of Parliament and Union Minister; Justice SJ Mukhopadhyaya, Former Judge of Hon'ble Supreme Court and Chairperson of NCLAT; Justice GC Gupta, Former Chief Justice of Hon'ble Calcutta High Court and Chairman of West Bengal Human Rights Commission; Shri VP Singh, Madam Manorama Kumari and Shri KR Jinan, Hon'ble Judicial Members of NCLT Kolkata Bench; Dr. GC Dutt, Inspector General of Police – West Bengal; Shri Alok Samantrai, RD (East) MCA and Shri B Mohanty and Shri KG Joseph Jackson – RoC West Bengal.

I shall be indebted to both my Central Council colleagues, CS SK Agrawalla and CS Mamta Binani for their selfless and continuous support and guidance. Similarly, the support of my Regional Council Colleagues is commendable. Untiring and dedicated efforts of my EIRO colleagues provided strength to the Regional Council. Last but not the least, my heartfelt gratitude to all my fellow members for your support to me and for reposing faith in me.

I once again acknowledge the efforts put in by our Past Presidents, Past Chairmen and Council Colleagues in building this Institution of Excellence.

I shall step down from this august office of Chairman EIRC-ICSI this month but I will continue to work for the development to the Institute, Profession and Fraternity at large in whatever way I can and I look forward to your support, love and blessings at all times.

With warm regards

Your privileged colleague

THE ABCD OF ONE PERSON COMPANY (OPC)

Akinchan Buddhodev Sinha
Assistant Director
ICSI-HQ

Introduction

One Person Company is one of the noteworthy achievements of the Companies Act, 2013, introduced to encourage self-employment with a backbone of India's legal system. OPC requires one member (member refers to someone who subscribes to Memorandum/has their name in the Register of members/holds shares of the company with their name in the records of depository) and one nominee, who becomes the member of the company in case of death or any other incapacity of the original member. Section 2(62) defines OPC as a Company which has only one person as a member. The process of incorporating the OPC is almost similar to that of a private limited company with minor differences.

- a) OPC can be formed as a 'Private Limited Company'. Hence, minimum paid up capital will be INR 1, 00,000.
- b) It can have only one person as member.
- c) It is mandatory that Memorandum of Association of such a company prescribe the name of the person, who in the event of death or disability of the subscriber shall assume his position.
- d) The member of the OPC have the right to change the nominee at any time with due intimation to the Registrar.
- e) OPC can be formed as company limited by share capital or limited by guarantee or unlimited company.
- f) The words 'One Person Company' will have to be mentioned in brackets below the name of such company, wherever its name is printed, engraved or affixed.
- g) One person can form only upto one (1) OPCs.
- h) An OPC can be formed only by an Indian Resident and citizen.

Though the concept of an OPC is still very new in Indian entrepreneurship and thus very revolutionary, it will take time for such a new concept to be incorporated with complete efficiency, but as and when the time will pass, an OPC will have a sparkling future and it will be embraced as a most successful business concept. The reason behind it is the incorporation of same is less paper work, one person can form a company without any additional shareholder, and if the member is willing to add shareholders, all he needs to do is to modify the Memorandum of Association and file it before Roc. Small entrepreneurs will grow in Indian entrepreneurship, be it weaver, traders, artisans, small to mid level entrepreneurs, OPC is a bright future for them to grow and to get a recognition globally. Foreign Investors will be dealing with one member to establish a corporate relationship and not with a score of shareholders/directors where there are more chances for disparity in Ideas, concepts etc for a business to grow. Any foreign company who wishes to establish in India through an Investment, through a merger or through a Joint venture will have to just lock the deal with the member of an OPC, and the venture will be expected to start sooner with more effective results. In upcoming years the impact of an OPC will be remarkable and it is a promising future for Indian Entrepreneurship. Expectedly, there will be good Foreign Investments, Joint Ventures, and Mergers etc. An OPC is doing well in European Countries, In United States, Australia the same is resulting in strengthening the economy of the countries. In India when the expert committee of Dr. JJ Irani proposed the concept of an OPC, it was solely aimed for the structured organized business, with a different legal entity altogether and to organize the private sector of the entrepreneurship, which indeed is expected to be done, along with a significant growth in Indian Economy benefiting the country on the Global Level.

Conversion of OPC and Conversion into OPC

The provisions on conversion can be discussed under two heads. Firstly, OPC may be converted into other kinds of companies like private and public companies. Secondly, other kinds of companies may be converted into OPC. The OPC can be converted into other kinds of companies on voluntary or mandatory basis. The mandatory basis of converting OPC arises when certain specified conditions exists. They are highlighted as follows:

- i) The share capital of OPC exceeds rupees fifty lakhs; or
- ii) The average annual turnover of the relevant period exceeds rupees two crores. Relevant period means the period of immediately preceding three consecutive financial years.

OPC is required to convert itself into either private or public company within six months of such event on mandatory basis. Any officer or OPC contravening this provision can be punished with prescribed fine. OPC is allowed to convert on voluntary basis if a period of two years has elapsed from the date of its incorporation. There are no other restrictions on conversion of OPC on voluntary basis. Once OPC gets converted into private limited or public limited company it has to appoint the requisite number of directors (2 or 3 as the case may be) and raise its capital to minimum paid up capital as prescribed in private and public limited companies. The conversion of OPC has to fulfil all other requirements as prescribed by the Companies Act, 2013.

A private limited company other than section 8 companies can also be converted into OPC. The basic requirements which must be fulfilled for such conversion are:

- (i) A no objection certificate in writing must be obtained by the private limited company from its members and creditors;
- (ii) A special resolution must be passed in the general meeting after no objection certificate is obtained;
- (iii) The requisite documents must be filed with the registrar of companies to initiate the process of conversion.

The Companies Act, 2013 nowhere prohibits public limited company from conversion into OPC. However, some authors believe that a public limited company cannot be converted into OPC for obvious reasons. It may be noted that when any private or public limited company has to convert itself into OPC then its total capital should not exceed fifty lakhs and the average turnover during relevant period should not exceed two crores.

Growth of OPCs, and its Merits- The Indian Scenario

The concept of OPC has been espoused by Indian entrepreneurs. In FY 2016, approximately 4,000 one person companies were registered in India. The concept of one person companies (OPCs), introduced in the Companies Act, 2013, primarily benefits entrepreneurs and facilitates easier access to funding sources through an institutional establishment.

The following are the merits of OPCs:

- a) **Compliance:** The One person Company (OPC) incorporates into the meaning of "Private Limited Company" given under section 2(68) of the Companies Act, 2013. Subsequently, an OPC will be required to conform to procurements relevant to private limited companies. On the other hand, One Person Company has been given various exclusions and in this way have lesser compliance related burden.
- b) **Perpetual succession:** An One person Company being an incorporated entity will likewise have the component of perpetual succession and will make it simpler for entrepreneurs to raise capital for business. The OPC is an artificial entity from its proprietor. Creditors should therefore be warned that their claims against the business can't be squeezed against the proprietor.
- c) **Easy to procure finance:** Banking and financial institutions prefer to lend money to the company instead of proprietary firms. In a large portion of the circumstances, the entrepreneurs to convert their firm into a Private Limited company before authorizing funds. So it is ideal to register your start-up as an One Person company rather than proprietary firm.
- d) **Annual return filing:** One Person Company's yearly return is required to be signed by a director. The mandatory requirement of Company Secretary Signature is not applicable to OPC.
- e) **No requirement for Annual or Extra Ordinary General Meetings:** Just the resolution might be conveyed by the member from the organization and entered in the minutes book and signed and dated by the member and such date should be considered to be the date of meeting.
- f) **Board Meeting:** An One Person Company might lead at least one meeting of the Board of Directors in every 50% of a calendar year and the gap between the two meetings shall not be less than ninety days.

Way Forward

The concept of OPC is yet to take a lead. Though it is said that only one person is needed to form OPC, actually it requires two persons since there shall be a nominee at the time of incorporation and all the time to continue. The limitations such as foreign promoter participation, mandatory conversion to private limited company in OPC do not attract entrepreneurs. The taxation angle is to levy tax on the entire profits of the company as a company and not as an individual -- another dis-advantage at this point of time. The lenders normally do not leave the individual shareholder without seeking collateral security while extending credit facilities, and that turns out to be unlimited liability when the business runs into rough weather. The Act is undergoing changes and it is right time to consider and address the limitations so as to give a boost to the concept of OPC.
